EDITORIAL

A little over one hundred years ago the Communist manifesto was launched in Europe beginning with the words "A spectre is haunting Europe."

But yet, does not it aptly apply to the present conditions of troubled Europe? One hundred years have passed, yet the ghost is not yet laid.

Since the last edition of our magazine the influence of Communism has been gradually spreading the ideas of Karl Marx and they are once again asserting themselves and may endanger our peace.

Do we in Australia realise this state of affairs or are we just going to rush on before we look where we are going?

We are living in an age when the world can be saved from greater disaster only if men turn towards God for "All things were made by Him."

Our motto is "Duty"—We are not a Church School in the true sense of that word but we do start the day with morning prayers. Our first Duty is towards God,

"The fountain-light of all our day,
The master-light of all our seeing."

At School we can carry out that "Duty" by adhering to all that is right, pure and honest, and rejecting all that deviates from the plain road of "Duty." This is the implication of our motto.

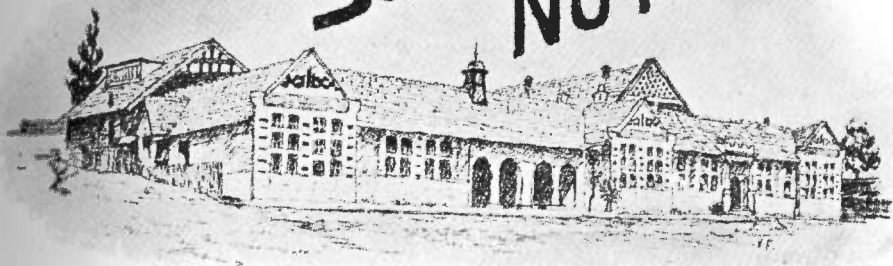

We are proud to think that our School is in its ninetieth year, as we pause to survey with joy and admiration what has already been achieved. Proud? Yes, if each one of us tries in his own small way to live up to that motto and resolves in the words of the Prefects' oath to do his best

"to promote the well-being of all in this School and to uphold its traditions and honour."

If we all go out from this School determined to do that, to throw our little bit of leaven into the lump of Australian life, "The spectre that haunts Europe" will be banished by the one thing that spectres fear—Truth. And our duty is only the carrying out of truth as we see it in the light of the Christian ethic.

SCHOOL NOTES

SECOND TERM, 1947

The School re-opened for second term on May 27th.

On the afternoon of 24th June the senior and middle school put text books aside and went to Hoyts "Plaza" to see Sir Laurence Olivier's inspiring film, "King Henry V." This was a novelty that was enjoyed by all who went.

The Prefects were inducted by Mr. Thorley Loton, the Chairman of the Board of Governors, on July 2nd. Mr. J. W. Morrison, an old boy and member of the Board, was also present at the ceremony.

The long week-end was on July 12th, 13th and 14th.

During assembly on July 25th Mr. Murphy drew attention to the fact that it was the 90th anniversary of the day Bishop Hale was consecrated Bishop of Perth. The late Matthew Blagden Hale founded Hale School—then High School—in 1858 and consecrated St. Mary's Church, Middle Swan, where our Honorary Chaplain, the Reverend R. W. Hamilton, is now serving as Rector.

This year the School Boxing was held on July 26th. Basil Forrester and David Norman contested the main bout of the evening. Before a large crowd of spectators, Forrester won the fight on points. Next day in assembly Mr. Murphy remarked on the keenness of the bouts and said it was one of the best exhibitions of school-boy boxing he had ever witnessed.

August 13th was a victorious day for the 1st XVIII. In defeating Guildford they won the Alcock Cup for 1947. Guildford were dubious enough of the result to have the cup in readiness for the presentation after the match.

The annual Prefects' dance was held on the 15th of August. It was as usual a great success and the school tenders its appreciation

to the mothers who so ably organised the supper arrangements. Congratulations must go to all those boys who helped to decorate the hall.

Next day, August 16th, Cadets went into camp at Swanbourne, some still trying to recover from the night before.

The Headmaster rounded off the term on Wednesday, 20th of August, by saying what a satisfactory term it had been both in the classrooms and on the playing fields.

THIRD TERM, 1947

Third term commenced on Tuesday, September 9th.

This year the Dramatic Society decided to play "Tons of Money." The play was held on September 25th and 26th. It was an excellent performance and everyone who saw it had a most enjoyable time. The outstanding actor was Peter Jago, who played the leading male role.

On October 15th the School held its Athletic Sports. The champion athlete was David Norman and the runner-up, John Anderson.

Ten days later, on October 25th, the Interschool Athletic Sports were held. The School entered a fairly strong team but was not quite good enough to win and had to be content with second place.

The last cricket match of the season was played at Subiaco against Aquinas on November 19th. Play did not commence until 2 o'clock owing to wet weather. The School won the match and the Darlot Cup when the Aquinas team were dismissed on the 6th ball of the last over of the day. The 1st XI are to be congratulated on their fine season.

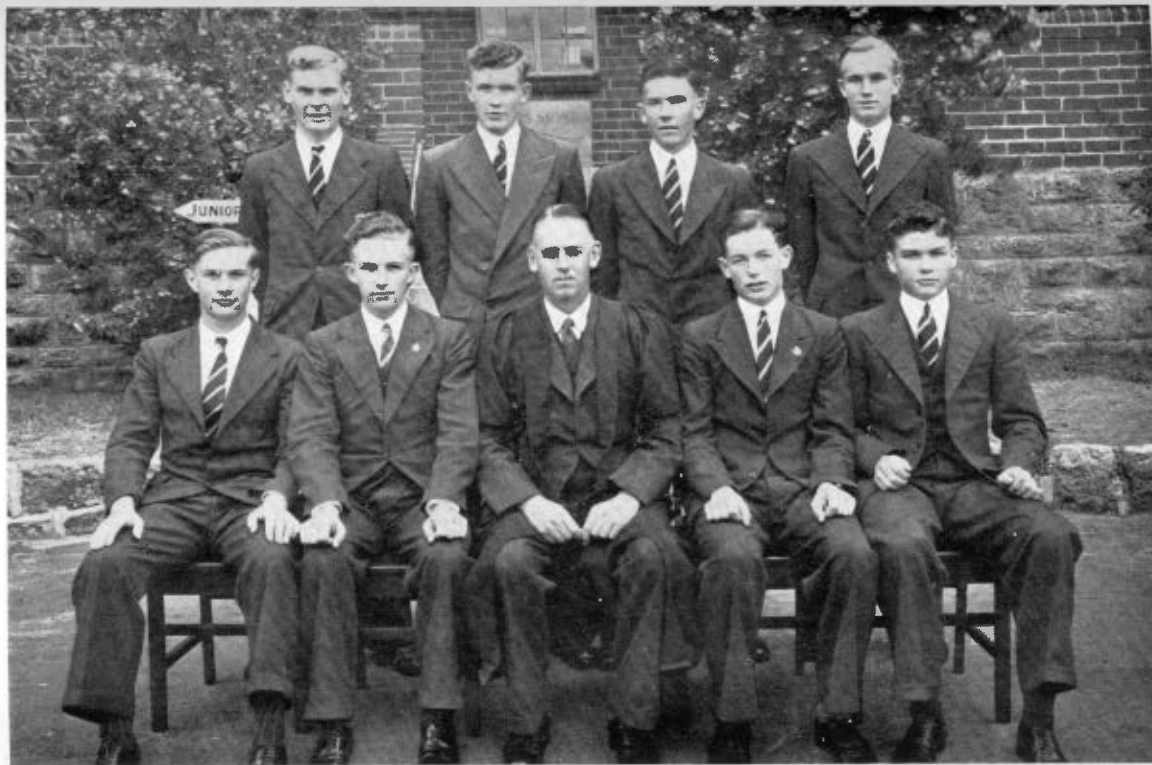

On December 6th the Interschool shooting competition was held. The School was unsuccessful, the Cup going to Aquinas.

Speech night was held on Monday, December 8th. The Dux of the School this year was Peter Hurst. Our congratulations go to all the prize winners and to those who were successful in the Public Examinations. The School wishes to thank the Premier, Mr. Ross McLarty, for presenting the prizes. During the evening Mr. Murphy drew attention to a carved chair given to the School by Mr. C. E. Kennedy-Smith in memory of his sons (Athol Charles Kennedy-Smith and Desmond Noel Kennedy-Smith) who were killed in action during the War, 1939-45.

FIRST TERM, 1948

School for 1948 commenced on Tuesday, 10th February.

Mr. Murphy welcomed to the School two new masters, Mr. T. F. Clarke, an old boy of the School, and Mr. J. Beesley. Mr. Murphy also welcomed all new pupils.

PREFECTS, 1948.

Back Row : J. B. Truscott, R. Reid, J. A. G. Brand, P. F. P. Anderson.
Front Row : B. G. Radden, B. H. Dymock (Capt. of School), V. S. Murphy, Esq., J. C. Clapin, H. T. Loton.

On Wednesday, 11th February, the Headmaster announced in assembly the appointment of three new prefects—J. B. Truscott, B. G. Radden and H. T. Loton. In conjunction with this the appointment of B. H. Dymock as Captain of the School was announced. The whole School extends its heartiest congratulations to these boys.

A half holiday was given to the School on Friday, 20th, on account of the heat wave. To the great disappointment of the rowers they were not excused from rowing practice.

The School swimming sports were held on Wednesday, 25th February. The number of entries in the senior divisions was disappointing. John Love is congratulated by the School on being champion swimmer.

J. A. G. Brand was appointed Captain of Swimming.

Old Boys' day was held this year on Monday, 1st March. A large number of Old Boys attended morning assembly. Many were present also at the cricket match between Old and Present Boys. A half holiday was granted by Mr. Murphy.

The Interschool swimming sports took place on 6th March. Although Hale's performance was disappointing, some good swimming was seen amongst the junior members of the team. This looks promising for future years. Our congratulations go to Scotch College who well deserved their victory.

On Tuesday, 9th March, the 1st XI visited Herne Hill and played Mr. Loton's Team. The School Team was victorious.

On Thursday, 11th March, B. H. Dymock was presented with a cricket bat by Mr. Jackson, the President of the Old Haleians Association. This bat was presented to Dymock for making 77 not out at W.A.C.A. against the Old Boys.

On 19th March Messrs. Ray Lindwall and Keith Miller, two members of the Australian Test Team, accompanied by Mr. Keith Carmody, the captain of the West Australian Eleven, visited the School. All three gave short talks on cricket and invited the School to ask questions.

The Life-Saving competition was held on 20th March. Hale, which was second, was narrowly defeated by Wesley.

Towards the end of March the Lieutenant-Governor presented to Robin Hart the Royal Humane Society Certificate of Merit for the rescue from drowning of a small girl at Point Peron last year.

The Boat Race was held on Saturday, 17th April. The School could only manage fourth position. Guildford, who won the race in a very convincing fashion, are to be congratulated on their win.

That night the rowers held a dance in the W.A.R. Clubhouse. Further details will be found in Rowing Notes.

On Wednesday, 21st April, Bishop Riley, who is an Old Boy, and Mr. Thorley Loton attended morning assembly. Bishop Riley gave us a short talk on the School and what it should mean to us.

Anzac Day was commemorated this year at School assembly on the morning of 23rd of April. Mr. H. D. Moseley, an Old Halcian and ex-soldier of the first World War, addressed the boys.

On 23rd April, at the invitation of the Adelaide Steamship Co., twenty-four boys of the senior School visited Fremantle, and were shown over the m.v. "Manunda." This vessel, after long service as a hospital ship, had been reconditioned and was making her first post-war passenger trip. Under the guidance of the ship's officers we were conducted over the entire vessel and our tour finished in the dining saloon, where afternoon tea was served. Our sincere thanks are due to the Adelaide Steamship Company and to the officers of the "Manunda" for a most interesting and enjoyable afternoon.

The annual Confirmation Service was held at St. Mary's on Monday, 26th April, at which His Grace the Archbishop of Perth confirmed the following candidates:—

C. R. Bartley, P. V. Blackman, G. R. Carr, T. Catling, R. L. St. L. Chase, F. R. Clapin, G. A. Cruickshank, J. R. W. Darge, G. J. Godsmen, T. C. Guy, J. H. Howe, M. J. Lee Steere, J. A. Le Plastrier, A. O. Lodge, J. Monteath, I. M. Parks, T. H. Reynolds, B. C. Robins, M. V. Shallcross, R. B. C. Wood.

Congratulations are extended to Robert Reid whose appointment as a prefect was announced on Thursday, 29th April.

An interest in photography is being revived throughout the School by Mr. Ottaway of Kodaks, who visits the School each week to talk to all those interested in photography.

The School Cadet Corps went into camp on Saturday, 1st May, for a week.

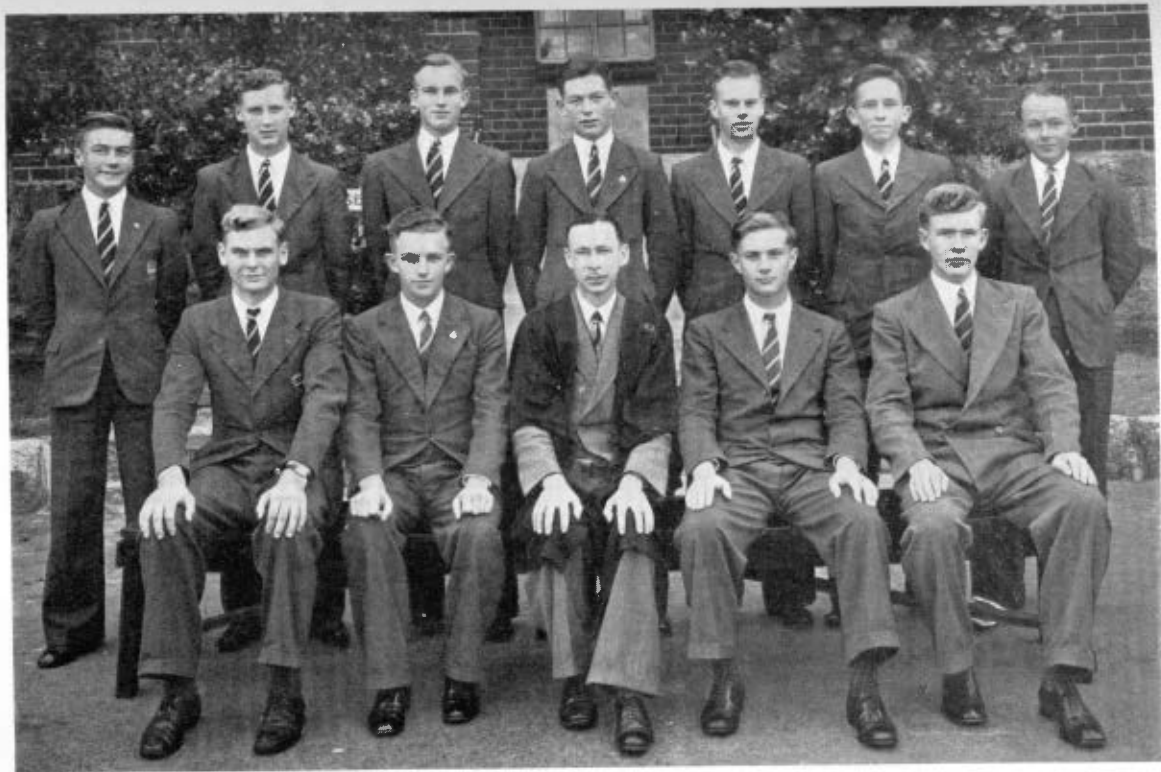

Speech Night

Speech night was held, as usual, on the lawn between the Junior School and the boarding house.

After the National Anthem the Rev. R. W. Hamilton said the opening prayer. The captain of the School, David Broadhurst, read his report on the School year, following which Mr. Crosby Morrison presented a carved chair to Mr. Murphy to commemorate Athol Charles Kennedy-Smith and Desmond Noel Kennedy-Smith who gave their lives in the war of 1939-45. After formally receiving the chair on behalf of the School, Mr. Murphy gave his report on the year 1947.

The Junior Choir, conducted by Mrs. Nottage, and supported by the School orchestra sang "Sailing," "Big Steamers" and "My Country" and were greeted with enthusiastic applause.

The Headmaster then introduced to the parents and boys of the School the Honourable the Premier Mr. D. R. McLarty, M.M., M.L.A., an old Halcian, who gave a speech telling us how pleased

he was to be back at the old School. He then distributed the sports trophies and school prizes. The Chairman of the Board of Governors, Mr. E. Thorley Loton, then moved a vote of thanks to the speaker.

CAPTAIN OF SCHOOL'S REPORT

Mr. McLarty, Governors of the School, Mr. Murphy, Members of the Staff, Ladies and Gentlemen,

I would like, on behalf of the School, to extend to Mr. McLarty, the Premier of this State, a most warm welcome. Mr. McLarty is a very enthusiastic Old Boy, and is here tonight to distribute the prizes. We all realise, Sir, how pressing are your public duties and take great pride in your presence here tonight.

Everyone was deeply grieved when the death of one of our former Headmasters, Mr. Matthew Wilson, was announced. This fine man was the driving force behind this School in the 1920's, and his death is felt as a personal loss by all who were associated with him.

To the list of Rhodes Scholars has been added yet another name of a Hale School boy. We all congratulate John Clarke on his achievement and wish him every possible success in the future.

This year, I am happy to say, we have shown marked improvement in our sporting activities, having been successful in the Head of the River Race, the Darlot Cup, and the Alcock Cup.

For the first time a tennis competition between the four Public Schools was played, the ultimate winner being Aquinas with Hale in second position. In the swimming and life-saving we again had to be content with a third place; every effort should be made in the future to revive interest in these sports. The Athletic Team put up a solid performance in the "Inters," finishing second after being well behind earlier in the day.

Throughout the year a series of Junior House matches has been conducted. It is to these boys we look for future material, and Mr. Mill is to be congratulated on the enthusiasm he has aroused amongst the youngsters.

Besides the sporting activities many other events have taken place; the Boxing Tournament in second term was the scene of many keenly fought bouts.

The Debating Society was not as active as in the past, but the introduction of a number of discussion evenings added much interest. The annual Hobbies Exhibition was held in the latter part of this term. This exhibition is a chance for all boys to show their capabilities and everyone should try to make use of it.

A play, "Tons of Money," was produced in the School Hall by the Dramatic Society. Everyone who witnessed this play will agree with me when I say it was a splendid performance.

After much anxious waiting the "Cygnet" was published late in June and was received with great excitement.

At the kind invitation of the A.S.C.M., the Headmaster, Masters and Prefects attended the impressive Church Service for University Students at St. George's Cathedral.

The Cadet Corps was much below strength, but in spite of this, an extensive course was completed due to the combination of home training and the Swanbourne Cadet Camp. The last formal parade was in the form of a guard ceremony held in competition with other school detachments.

The customary practice of monthly collections for the Blind Institution and other worthy causes was again adhered to; as a result a substantial total has been forwarded.

The Prefects' dance was held in the School Hall at the end of second term, and once again was the scene of great revelry. This success would not have been possible without the magnificent supper prepared by Mrs. Murphy and a number of mothers of sixth form boys; our appreciation of the efforts of these kind and capable ladies cannot be too strongly expressed.

In conclusion, I would like to express my feelings on this closing year. Although it has been successful and has been enjoyable in many respects, there has been a failure to appreciate little matters, often apparently unimportant. We have not acquired a spirit of co-operation, we have lost that genuine sincerity. These are necessities for the creation of a healthy atmosphere, an atmosphere in which we can work with a clear mind.

Every boy must become possessed with a love for his School and a desire to uphold its fine name; he must learn the meaning of the word "Duty" and in referring to this, I take this opportunity to express my thanks to my fellow Prefects for their assistance during the year.

HEADMASTER'S REPORT

Nineteen hundred and forty-seven has been a good year from many points of view. The number on the roll was higher than it has ever been, and averaged well over 360 for the whole year. While a good many boys left during the year, their places were taken immediately by new boys, with the result that even during the last term we had 364 boys at the School. In every section but one, classes were at full strength, perhaps a little over the numbers we would normally like to have. Enrolments for next year indicate that numbers will be possibly a little greater. Most sections of the School are already full. I should like to say at the outset that I will certainly continue the School's policy of keeping our classes of workable size. It is fair neither to masters nor to pupils, as I have remarked before, to have over-large classes. Early enrolment for future years is essential. Old Boys of the School especially should note this. They, I know, are keen to have their sons at their old School, but it is not reasonable to expect to find places at short notice when other applicants have had their names down for long periods.

The position in the Boarding House is even more serious. This School was designed to house between 60 and 70 boarders. So that country boys can be accommodated, even I am a "day boy," and the Headmaster's quarters are now the Junior House. In addition, fifteen boys and a master are accommodated at "Avondale" opposite the School. This has been a boon indeed. I think the arrangement has been an excellent one. Mrs. Evers has certainly looked after our boys well, and I know there will be keen competition for places at "Avondale" next year. The Board of Governors has tried to secure similar quarters for more boys but been unsuccessful. This means that our numbers will be restricted to 105 boarders again next year. Many county parents have been disappointed, although we have made room for a few more by having boys who could live at home and be day-boys, go out of the House. Even so, there are cases where boys whose homes are in the metropolitan area must remain as boarders, e.g., those who have no mother, or those who have no father and whose mother is in business.

The main School House has been a happy place. We have been singularly free from illness. There has not been any form of epidemic this year. I wish to express my sincere appreciation of the work done by Matron Cairnes, Sister Shenton and Mrs. Gordon, the last named having charge of the Junior boys.

I trust she has enjoyed her first year with us; I know the youngsters under her certainly have. The smooth, efficient running of the House has been due in no small measure to Mr. Altorfer and the other Resident Masters.

In the School itself there has been, on the whole, a good standard of work in all grades. In a School you get inevitably boys of varying ability; you get fluctuations of standard year by year. You have a strong Leaving form or a good set of Junior candidates one year; in the next you may find an even lot of boys, without the really gifted toppers; another year you will find a few outstanding boys in a certain form and a big tail-end of rather weak boys. It is the same in all School activities—indeed in all human activities. Last year we had an even lot of Leaving candidates of whom fourteen were successful; in the Junior we secured 31 passes and a good number of near misses. J. Ednie-Brown was awarded a Naval Scholarship at the end of last year. If I were to predict this year's results—a dangerous thing to try!—I would say we have half a dozen candidates better than last year's best but a longer tail-end, in both Leaving and Junior forms. The Teaching Staff has given of its best; indeed, men have not stinted themselves to help the boys under them; they have given freely of their spare time to take extra classes after school or on Saturdays—a service often not appreciated, I fear, by those for whom it is given. The young are often curiously perverse in matters like this. Parents should co-operate to the fullest extent. I do not mean that parents should do their boys' homework—heaven forbid! But they should take an interest in the home exercises. They should see that they are well done and well prepared.

The Teaching Staff has been at full strength. Mr. Lutz and Mr. Hamilton again offered their services as part-time teachers; Mr. Lutz in that very important Middle School section in mathematics; he also took the German classes throughout; while Mr. Hamilton has devoted himself to the art classes, where his sympathetic and skilful tuition has been invaluable. I am pleased to say that both Mr. Lutz and Mr. Hamilton will be with us as part-time masters again next year. Mr. Webb is returning to Melbourne to resume his University work. Mr. Webb did not spare himself in helping along the weaker mathematics set, and I appreciate his help this year. In his place we will have an Old Boy with a fine record—Mr. T. F. Clarke. I do not think that at present there will be any further changes in the Staff, though I hope to secure an additional Master.

The whole Staff, from Mr. Marshall to Miss Green—you know them well now—have done a fine job throughout the year, not only in the School but outside.

While for a good deal of teaching only simple equipment of the ordinary kind is needed, in many cases, e.g., in the sciences, good equipment of special kinds is necessary, while in others the teacher's work is much more effective if it has "teaching aids" of one sort or another. The School for long has made use of visual aids to supplement the work of the teacher or the illustrated text book. Mr. Drake's work in this connection is well known. Hitherto he has used "still" pictures or slides. Now, he and other members of the Staff can supplement their teaching where necessary by sound films or silent films, for the Board of Governors early in the year purchased a Victor 16 m.m. projector with sound attachment. By arrangement with the Education Department, the School will, for an annual fee, have the use of films in the State Film Library. The Shell Company and the R.A.A.F. Education Office have provided films free, and the School is grateful for this service. I have no doubt that films will be used more extensively as film libraries are built up—but I am in agreement with Mr. Drake that these teaching aids should be used sparingly—indeed should only be used when absolutely necessary. The use of the film in unskilled hands can be very dangerous. The poor teacher may think he can escape active teaching by the frequent use of the film. He cannot. The film—movie or still—must be preceded and followed up by teaching. The older and simpler forms of visual aids—pictures and diagrams on wall or board are still very important. All our Junior School class-rooms have been fitted with pin boards, where pictures of educational interest may be fixed or where maps and art work of the pupils themselves may be displayed. The Science Department is being kept well up to date—though here, I confess, we need much more laboratory space—a separate physics lab. and soon I hope, a general science or biology lab.

The Junior Workshop has been equipped with several fine benches, some the work of the boys themselves. There are lathes and various other mechanical devices driven by electric power, and a potter's wheel has been made.

Arts and handicrafts have for long been a normal part of our Junior School curriculum. A great variety of handwork has been done in the Junior School, from carpentry and wood-turning, to basketware and pottery. Examples of the boys' painting and drawings, of their models, you saw in the class-rooms and the Hall and the Workshop on Saturday at the Hobbies Exhibition. This exhibition, an annual feature now for a number of years, gives your boys the chance to show to parents and other boys, what they can do not only in class, but also in their leisure time at school or at home. My great regret is that, through lack of accommodation, handwork of some sort cannot be carried on right through the School. It is true that some of our boys keep up their art work as far as the Junior Forms. A limited number of others do carpentry, too, up to that standard, but they do it in special classes outside the School. I do not think that every boy should do art or music or manual work all through his school course. I do feel, however, that in a school such as ours, those who have a taste for those things should have the opportunity to continue with them, and the facilities to practise them. There seems little doubt, that whether we like it or not, all will soon have a good deal more leisure. And it is essential that we have developed in us such tastes as will enable us to use that leisure to the best advantage. That is one of the big problems for educational planners. There are so many claims made for the inclusion of this art or that handcraft that I sometimes wonder how all can be fitted in. I certainly do not think that all should be fitted in for all boys through their whole school course. I think it as stupid to force all boys to learn the piano or to do painting all through their course as it is to make all do mathematics to the highest standard. And yet, to the gifted mathematician, there can be no more absorbing way of spending his leisure time than in mathematical pursuits. It should be our aim to let the young taste, as it were, as great a variety of these things as we can, and to guide them to follow further any worthwhile course for which they are inclined, whether it be music or art or handcraft or good literature. And above all, we must develop in them a proper appreciation and tolerance of the other man's job, the other man's hobbies, the other man's likes and dislikes. Too often do we find the ultra musical adopting a patronising air towards the less gifted; too often we find the robust athlete sneering at the aesthetically minded.

In music Rev. R. W. Hamilton has continued his mid-day talks and recitals on Fridays. I am sure many who have had no early training in music are developing an appreciation of it now. There is a greater interest in music in the School. Many more boys are learning the piano under Mrs. Nottage. Singing is now a regular part of the Junior School course. Mr. Wakeford and Mrs. Nottage have developed the Junior Choir. Many of you heard the Juniors' tuneful songs at the Junior Play night; you will hear them again in a few minutes. The School orchestra has been re-formed. It is small as yet but keen. I know there are many more musicians in the School. I trust their parents will encourage them to help our—their—orchestra.

Dramatic Art has come into its own again. In the second term the Junior School plays were produced before large and appreciative audiences. The Senior School Dramatic Society, under the direction of Mr. Altorfer, was acclaimed for its performance of that enjoyable comedy, "Tons of Money." Both these were staged in the School Hall. This necessitated the erection of stage and proscenium, and construction and painting of scenery. The former was carried out by Mr. Drake and the boys assisted; the latter was done by Mr. Altorfer and Mr. C. Hamilton and his son.

The Debating Society, besides debates of the usual form, had evenings of impromptu speeches for both Senior and Junior members. An interesting and valuable innovation this year was the series of addresses given by men prominent in business and industry. These were given by members of the Rotary Club to boys in the lower Sixth Form. The talks did much to broaden our boys' knowledge of their own State and they got an insight into the workings of big manufacturing plants and commercial concerns. Boys of the Junior School paid visits to factories and other places of interest. After a recess of a number of years the Photographic Club has begun to function again. The dark room has been improved, and Kodak's Ltd. have arranged fortnightly lectures on various aspects of photography. We thank Mr. Ottoway for his interesting and informative talks. Mrs. Raphael has endowed a prize in memory of her late son Geoffrey. The first winner is D. G. Barrett.

The School Magazine, under the expert guidance of Mr. Marshall, maintains its traditional high standard, although I found the original contributions rather too few in numbers. Parents might well help to foster any literary ability their sons may have by suggesting topics for the original columns. Boys have often the will to write but not the starting point for their ideas to develop.

On the more robust side of the School's activities, there has been great enthusiasm. In games, as the Captain of the School has pointed out, we have had pleasing success in interschool events, winning no fewer than three of the major contests, after keen struggles, in which the issue was often in doubt. We were a close second in the Athletics, but had to be content with third place in swimming, as in life-saving. In the unofficial tennis competitions we were runners-up. The Board of Governors is doing all it can to make the King's Park ground a first-class playing area. The new changing room erected at a cost of £600 has been a great boon. The watering system has been extended at the ground, and we should have better conditions next year. The ground question is a very serious one, and I look forward to the day when we will be independent of hired grounds. We were greatly affected this year by lack of grounds; indeed our football prospects were gravely jeopardised. We are indebted to the Guild of Undergraduates for the use of the University Oval for athletic training. Far too many boys have missed cricket and football practices. I would far rather see all boys in the School playing healthy, manly games well, than win all the major competitions with a handful of "star" players.

Despite their handicaps, our Junior teams have done very well indeed. In the Junior School we arrange that every boy takes part in games, including swimming, for which special visits to the Crawley Baths were made in the first term. The Junior House competitions have been keenly contested. Congratulations to Wilson House on winning the football; Le Couteur House, the cricket; Faulkner House, the athletics, swimming, and the tennis Lodge Cup, inaugurated this year. And to Faulkner House on coming out Cock House. The Junior School also had its own interschool meetings in swimming and athletics. Incidentally, our boys won both these; the swimming from Christ Church and the athletics at Christ Church, from Guildford Grammar School Prep., Christ Church and St. Louis. There is much promising material among our Juniors. I trust that we will be able to level part of our grounds here to make hard tennis courts. The Boxing Class, under Mr. D. Ryan, has been large and enthusiastic. The Annual Boxing contests provided thrilling bouts all through. B. Forrester won the School Championship from H. D. Norman. We express our thanks and appreciation to Mr. George Thompson for refereeing the bouts, and for his gift of books to the Library. Mr. Gorringer has done a fine job with his physical training squads. The standard this year shows a marked improvement. The Ferguson Memorial Prize is awarded to R. R. Williams. Mr. Gorringer has also conducted classes in jiu-jitsu, wrestling and fencing.

You see then what a wide range of activities is open to your boys. There is something for every taste and for every degree of ability. Any normal youngster should find a niche he can fill. What does surprise me is that youngsters should ever want to avoid taking part. Parents should encourage their boys to participate. We will do our best to provide good supervision and coaching, and, I hope, adequate grounds in the near future.

There is a still wider school activity for boys in the Senior School—the Cadet Detachment. There are many very keen cadets and officers and the Detachment, under the Command of Captain Drake, has reached a fair degree of efficiency. Our boys ranked high in the Schools for N.C.O.s and Officers in May, and the whole Detachment had a very good camp in August, when there was another N.C.O.s' and Officers' School. The numbers in the Detachment have fallen off since the war, and I urge parents to have their boys members of the Detachment once they have turned 14. If the Cadets do not appeal, there is the Air Training Corps. We began this at the beginning of the third term. We have 24 keen young Air Cadets, under F/O. Adams, who has been one of the officers in the movement since his discharge from the R.A.A.F. The course is amazingly comprehensive and varied. We are definitely limiting the numbers, and we do not want any clash between Cadet Corps and Air Training Corps.

When a boy reaches 14, he may volunteer for either. With the choice now available there should be no excuse for a boy not taking part in these major School activities—the biggest teams in the School. The Tobruk Trophy has been awarded to Cpl. C. Broad, and the

Platoon Competition won by No. 4 Platoon, under Lt. R. D. F. Lloyd and Sgt. P. F. Anderson.

I have outlined the wide range of activities in School and out. These provide for the boys' mental, manual, and physical development. More important still is their spiritual development. The School is deeply indebted to Rev. R. W. Hamilton for continuing as Honorary Chaplain. I am happy, indeed, to have the boys given such a wide, interesting course of instruction as he gives them. That there is a live interest in spiritual matters is evident from the attendances at the Crusader Union Meetings, conducted by Mr. F. H. Bates. Canon Jones again prepared boys for confirmation. Twenty-four were confirmed by the Archbishop at the beginning of this term.

There has, I believe, been a very good spirit on the whole in the School. Most boys have been keen to take part in School activities; for the most part they have been keen to watch their representatives in interschool games, and in most classes, the majority have taken a healthy interest in their school work. In public places, I think, behaviour has been good, but there are always a few who do not maintain a high standard. School dress is one of the big contributing factors to esprit-de-corps—as an attractive uniform is in the fighting forces. I appeal to all parents to make every effort to have their boys conform to the School rules regarding dress, both formal and for games. School ties will not be available for some time, but until they are available, the neckwear will be a plain light blue tie to match the light blue of the cap. Grey shirts should be worn to School; and, of course, official headgear, either caps or topees.

I pass now to a brief review of the activities of former members of the School. The full results of a school's influence on its boys are not seen in the games successes of their last year, nor even in the examination results of that year, but years afterwards. First, however, I should like to pay a tribute to one whose name will live long in the memory of old Haleians. I refer to the late Matthew Wilson. Though not an old boy of this School, I had the honour of knowing Mr. Wilson well through contacts on the playing fields and elsewhere. I can only say that he was esteemed as highly by boys of other Schools, as by his own boys. I can not do better than quote the tribute paid to his memory by one who served with him for a great many years. "In March of this year there passed beyond the ken of man, one whose memory will linger affectionately in the minds of all who knew him. As one who worked with him for many years and knew him intimately, the writer is able to speak with some knowledge of the work done by Matthew Wilson as Headmaster of Hale School. To his influence on the lives of boys, many Old Haleians will pay willing and sincere tribute, and there must be none who does not feel that his passing has left the world—I was about to say "poorer," but prefer the word "richer"—for his wealth of advice poured generously from a mind full of affection and kindly feeling for all young people. A complete and thorough knowledge of the world and human nature, combined with a strong sense of humour,

was the key to his success in training boys. He was, above all, a just man, with fine ideals which he instilled into the minds of the young, and many a boy left School with the simple but invaluable advice to pursue the straight path and to put aside any doubtful deviation from such a course.

"The work of such men lives after them, and there can be no greater tribute to his work than five minutes' conversation with any Old Boy who was fortunate enough to be at School under his regime." Mr. Newbery expresses the thoughts of all Old Haleians.

Once again the Rhodes Scholarship has come our way. John Clarke, who had a distinguished School and University career, was selected as Rhodes Scholar for 1947. He is now in residence at Oxford where he has caught up with his namesake, C. C. Clarke, Rhodes Scholar for 1940. There is a great number of Old Boys at the Universities. Their names you will find recorded in your programme. Bruce Green has added to his many triumphs. He was awarded a Senior Studentship by the Council for Scientific and Industrial Research. R. W. Pickering was awarded a Maud Gladden Travelling Fellowship. P. Jeffery has been appointed to an Assistant Lectureship in Queensland. E. B. Arney has succeeded Mr. Schroeder as Magistrate of the Children's Court. R. Proctor was awarded the M.B.E. in March of this year; and there are doubtless many other distinctions that I, as a comparative newcomer, have not noted.

The Old Haleians' Association, of which C. Veryard is President, and T. Eyres, Hon. Secretary, has taken a keen interest in the School. Early in the year it presented a new Honour Board for Dux of the School. The Committee is eager to help the School in any way it can.

I again urge boys leaving School—and those who have left for some time—to join the Association. It will keep them in touch with boys of their own, and of other generations, and with the School itself. I think all boys who have been through schools such as this will agree that they get far more from the School than their fees pay for. No school can provide all that it would like out of fees alone, unless these are so great that they would debar many worthy boys from attending. Few schools in Australia are richly endowed. Already other schools in Australia have opened subscription lists for Memorial Halls, or buildings or grounds, to commemorate the Old Boys who gave their lives in the war. Our Old Boys and the Board of Governors are planning now for some worthy memorial here.

Already we have had a number of generous memorial gifts. Several I mentioned last year. The Kennedy-Smith Memorial Chair you have seen dedicated this evening. I have referred to the gift of Mrs. Raphael, who endowed a prize for the Photographic Club, in which her son was a keen and active member. Mr. and Mrs. O. L. Vetter have given the School £200 to endow a memorial to their son John who lost his life at the hands of the Japanese. The Vetter Memorial will provide annually a number of books for the School Library, as well as a special prize. The gift to the Library I like

very much, for by it all boys will benefit, and the name of the memorial is continually before us.

I should here, too, like to thank all those good friends of the School who have given books to the Library and donations to the Sports Prize Fund. These I have acknowledged personally by letter. It was extremely gratifying to have a generous gift from a very recent Old Boy towards a Film Library.

I wish to express my thanks, and the thanks of the whole School, to all those who have helped to make the year such a good one, especially in sporting activities. In swimming, Mr. Altorfer and Mr. Percy Oliver; in rowing, Mr. George Rogers and Mr. "Gra" Rosser, Col. H. B. Norman, Mr. Stephens and Mr. Johns. (Incidentally, I may mention that the School, through the generosity of Mrs. G. L. Craig, acquired the latest type of racing eight, from the New South Wales crew. This will be officially named early in the new year); in cricket and football, Mr. Rowlands; in athletics, Mr. Langley, Mr. Corr, Col. Norman and Dr. C. Green; in tennis, Mr. Mill, who also had charge of all Junior School games. In addition to those who had charge of first teams, we should remember those masters who have had charge of Junior teams. It is on their work and through their interest that the foundation of future success is laid. These men gave ungrudgingly of their time to help your boys. Those who have helped in other activities I have mentioned earlier in this report. And I wish to express my thanks to those who have helped me personally. The Board of Governors who have given me every assistance and encouragement; the School Secretary, Miss Twine, whose help and advice have been invaluable. (Miss Lilley, her capable assistant, is leaving us. We shall find it hard to replace her, but wish her every happiness in her new life.) And finally, I wish to thank all members of the Teaching Staff for their loyal support and co-operation, and the Captain of the School, David Broadhurst, and his fellow prefects for their help throughout the year.

HOBBIES EXHIBITION

The Hobbies Exhibition consisted mostly of work done by Junior boys. The exhibits of these boys were of good quality and showed that they had their leisure time filled well. Two of the Junior school-rooms were filled with drawings and considerable space was taken up by stamp and coin collections. Well made model aeroplanes were exhibited showing the work done by boys whose hobby interests are more on the manual side. Exhibits such as wicker baskets and lamp stands were made in which use had been made of the facilities provided by the School workshop which was open for inspection during the exhibition with boys showing the operation of the various machines it contains. The potter's wheel constructed by Mr. Drake was not in working order but in future hobbies exhibitions we hope to see examples of work done on this piece of apparatus.

Exhibits by Senior boys were lacking in numbers and we hope that the Senior boys will endeavour to raise the standard of the exhibition in the future. Ken Cuming exhibited a small portable radio which he constructed himself and had a two-stroke motor running providing power for a small lighting set. He also set up, as he has for several years now, an amplifying system through the School, over which records were played.

The whole exhibition was below the standard that has been set in past years but we look to the future for improvement in this field of School activities.

SCIENCE NOTES

In the first term of 1948 Mr. Langley's attention has more than once been drawn to the practical work done by boys in VIB because of the vile odours arising from these efforts. The boys concerned were berated for their laxity in methods of producing poisonous gases and were duly repentant upon realising the danger to life and lung they were causing to their fellow workers. Various moneys have been paid for the renewal of misused (with bad result) apparatus but we have a horrible suspicion that this goes to line the pockets of the lab. cadets who smile with ghoulisn glee whenever some poor wretch parts with the greater part of his weekly supply of pence.

Mr. Langley wishes to draw the attention of old boys of the School to the fact that physical apparatus is extremely expensive nowadays and makes an appeal to them for any apparatus that they have no further use for. Some examples of apparatus needed are a spark coil, an amplifier or an old radio which could be converted into one, any good lenses, a gramophone and crystal pickup for sound experiments, a telescope (one was lost during the war), a good modern microscope, a small centrifuge, binoculars and anything else that old boys consider would be of use in the science laboratory. The Disposals Commission has already proved to be a good source of second

hand apparatus. Any apparatus given as a result of this appeal will be gratefully received by both masters and boys.

The more we receive the less we have to make.

Library Notes

Those who remained from last year's committee controlled the library for the first half of first term. They were R. Coates (Head Librarian), B. Truscott (Staff Librarian), K. Guhl and M. Roberts.

Later in the term a completely new committee took office for 1948. This team, which has the library running very smoothly, is comprised of E. Doncaster (Head Librarian), J. Cruickshank, L. Durston, J. Geary, C. Grove, B. Kakulas, G. McCausland, M. Monteath and R. Wilson.

A great interest in the library has been maintained this year. This is mainly due to the inclusion of a large number of magazines from colleges all over Australia which are received in exchange for the Cygnet. As soon as the School receives these magazines they are placed on the library shelves for the boys to read.

The National Geographic Magazines and the London Times's Histories of the War still prove very interesting to the younger boys during the lunch hour. These books, due to their continual use, are not in the best condition and it is requested of those who read these books that great care be taken and that they be returned to the library shelves when finished.

Despite a few losses of books through carelessness, the library is continually increasing in volume and we wish to thank all those who, since the last publication of the Cygnet, have contributed books to the library. We again remind boys who are leaving School that donations of books would be very greatly appreciated by those who remain.

Music Notes

As usual there is a large number of boys taking music. It is encouraging to see that many parents realize the benefit of an appreciation and understanding of music generally, even if it is not taken as a profession.

We would like to take this opportunity sincerely to thank Reverend Hamilton for voluntarily giving up his time, and providing his own records, to give music recitals at School every Friday at lunch time. Those who attend these sessions greatly appreciate them and benefit from them, and it is to be hoped that many more will come in future. At the same time all Mrs. Nottage's music pupils thank her for her understanding and thorough teaching during the year.

Boys have been encouraged to attend concerts and musical films, and this year a party from School is going to attend the series of celebrity concerts to be held at the Capitol Theatre, and those under the auspices of the Adult Education Board.

During second term last year, the School orchestra was started by Mrs. Nottage with Mr. Marshall's help. It played at the Junior School Plays, the Senior Play and Speech Night.

Two Junior School choirs, organized by Mrs. Nottage, contributed groups of songs at the Junior School Plays and Speech Night. Thanks are due to Mr. Wakeford and Tony Anderson for their willing co-operation in accompanying these songs on the piano, and to Ken Cuming, for his handling of the amplification at the Junior School Plays. Last year Tony Anderson sat for the Grade V theory examination in May and gained Honours, getting 98 per cent. In September he did the Grade IV practical examination, gaining a Credit with 78 per cent.

At the beginning of the year the School bought a Ronisch upright grand piano which has greatly simplified the arranging of practices.

Dramatic Society Notes

1947

At a meeting held in second term a farce, "Tons of Money," by Will Evans and Valentine, was decided on as a suitable play. At a later meeting all those interested were given a chance to read parts and a cast was selected. After a long period of preparation under the guidance of Mr. Altorfer the dress rehearsal was held on Tuesday, September 23rd. The public performances on Thursday and Friday, 25th and 26th, were highly successful. All were held in the School Hall in which was erected an excellent temporary stage for the occasion.

The characters in "Tons of Money" were:—

Aubrey Henry Maitland Allington	...	Peter Jago
Louise Allington (his wife)	...	Ian Cruickshank
James Chesterman (a solicitor)	...	John Flower
Sprules (a butler)	...	Rodney Williams
Simpson (a parlourmaid)	...	Michael McCall
Miss Benita Mullett (aunt to Louise)	...	Geoffrey Fisher
Jean Everard	...	Sydney Deykin
Henery (brother to Sprules)	...	Brian Turrell
George Maitland	...	Russell Lloyd

The stage manager was J. H. Skipper, the property managers were J. C. Clapin and H. T. Loton and the play was produced by

G. N. Altorfer, Esq.

During the evening the School orchestra played the following selections:—

Nocturnette	Brian Hope
Waltz, "In Double Harness"	Adam Carse
Minuet from Symphony No. 3	Schubert

The orchestra, which was under the direction of Mrs. H. L. Nottage, consisted of:—L. E. Chrystal, 1st violin; J. S. Geary, C. R. Bartley, 2nd violins; F. W. King, 'cello; Mr. A. C. Marshall, flute; C. O. Simpson, A. C. N. Anderson, pianoforte. We wish to thank the following for their help in making the play possible:—Mr. Drake, who designed and constructed the proscenium and gave valuable assistance with other technical details; 6B boys, chiefly Forrester, Cooke and Loton, who assisted him; Mrs. Murphy, Mrs. C. W. Cruickshank and Mr. C. G. Hamilton, who did the make-up; Mr. Wakeford, who attended to the booking; Mr. Flower, who gave the timber for the scenery; those, too numerous to mention, who lent furnishings and stage properties; Mr. Hamilton, who with the assistance of several boys, designed the garden scene; K. Cuming, for assistance with the electrical fittings. To these and any others who may have been overlooked, we extend our sincere thanks for their aid.

Boxing Notes

The annual Boxing competition was held in the School Hall on the evening of Saturday, 26th July. A large gathering of parents and friends witnessed a full programme of bouts. In all bouts the boxing, although not always scientific, was enthusiastic.

The main bout of the evening, that for the title of School Champion, was fought between B. B. Forrester and H. D. Norman. In what proved to be a thrilling match the former gained a well-earned points decision. We take this opportunity to congratulate him on his fine effort. Once again Mr. G. Thompson kindly consented to act as referee, his valuable assistance being greatly appreciated.

We must not, however, forget Mr. D. Ryan. It is largely due to his efforts during the year that the annual competition is such a success.

DARLOT CUP CRICKET

SECOND ROUND — THIRD TERM, 1947

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL, WEDNESDAY, 5th NOVEMBER, 1947

The second round of the Darlot Cup series commenced on Wednesday, 5th November, when the School team played Scotch College. Scotch's captain, Charlton, won the toss and sent Hale in to bat on a rather uncertain pitch. The first wicket fell at 10, after a lengthy defensive first wicket partnership. The wickets of the next five batsmen fell very cheaply, and until Heathcote went in to bat the side was in a very desperate position. With the last batsman, Jago, Heathcote saved the side with a last wicket stand of 50, bringing the School's score to 96. A. Fraser and R. Evans were Scotch's successful bowlers, each taking five wickets.

Scotch then replied with a total of 57 runs, Charlton being the only double-figure scorer. By accurate bowling, supported by keen and well-placed fielding, the School was able to secure wickets and at the same time keep the runs down to a minimum. Scotch's last two batsmen were run out by excellent returns to the wicket by Jago and Dymock.

Again in the second innings, Hale's wickets generally fell cheaply. Broadhurst 18, Mussared 21, and Lodge with a very sure display of batting for 37 not out, were the chief contributors to Hale's second innings score of 118.

By winning this match by 39 runs on the first innings, the School was three points ahead of Scotch and Guildford, and in an advantageous position for the Darlot Cup.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT SUBIACO OVAL, WEDNESDAY, 12th NOVEMBER, 1947

Hale's captain, Dymock, won the toss and sent Guildford in to bat, hoping that the shocking pitch would improve with play. Good bowling, Broadhurst and Cottrell being most successful, supported by keen fielding, kept the Guildford batsmen from scoring freely. By compiling a total of 105, a good score on such a pitch, due mainly to Barr 23 and Padbury 21, Guildford appeared to have the upper hand.

The pitch was rolled before Hale opened and for the first two overs it seemed that Hale was to be rewarded for the captain's decision to field, as the balls were coming through evenly. However, during

the rest of the innings deliveries from Guildford's fast, hostile attack, Padbury and Hogue, came through irregularly, several times hitting the opening batsman, O'Connor. Our batsmen commenced patiently and carefully, always being on the defensive against Padbury. O'Connor 26 and Mussared 23 put on a magnificent fourth wicket partnership of 41 runs, but in spite of this splendid fight back by these two and the following batsmen, the team failed by 3 runs to reach Guildford's total. Credit is due to Padbury, who secured five of our wickets, all being clean bowled.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT SUBIACO OVAL, WEDNESDAY, 19th NOVEMBER, 1947

Before the concluding match, the competition was at a very interesting stage. Hale led by one point from both of the other opposing teams, Guildford and Scotch, and consequently it was essential that the School won or a play-off would have resulted, unless the other match was drawn. As the weather was showery and until later on in the morning showed no signs of improving, it seemed

unlikely that the match would be completed and likely that it might have to be abandoned. By a quarter to two in the afternoon, however, the weather had improved and the pitch dried out sufficiently for play to commence.

Dymock won the toss and decided to bat on a very soft pitch, thinking it would deteriorate with use. The first over proved disastrous for the School, the high-rising deliveries from B. Moore resulting in the fall of three of our wickets without our scoring. Radden's invaluable 10 held the side together and later Broadhurst 15, Heathcote 15 not out and a sound innings for 30 not out by McCausland brought Hale's score to 8 for 84 at afternoon tea. B. Moore bowled extremely well, finishing with the excellent figures of 11 overs, 6 maidens, 6 wickets for 11 runs.

Acting on the advice of Mr. Rowlands, Dymock declared. This decision, upon which so much depended, and which was regarded by some as unwise at the time, was that of an ex-cricketer of very much experience and much credit is due to Mr. Rowlands for its success.

After tea Aquinas opened their innings, having 85 runs to make to win in about 105 minutes. Aquinas commenced successfully and appeared to have quite a chance, when the score was 2 for 40, in spite of the limited time, but soon after wickets fell in quick succession and when the sixth wicket fell Aquinas had added only one more run. At the commencement of the last over of the afternoon Aquinas's score was 9 for 68, and on the second ball of the over Broadhurst bowled the last batsman, thus winning the match and the Darlot Cup for 1947.

The dismissal of the Aquinas team was brought about chiefly by Broadhurst, who by using the pitch to advantage took 6 wickets for 25 runs and by Cottrell, who bowled with good control and took 2 wickets for 15 runs. The fielding, too, was keen. Radden and Halliday fielded splendidly in slips and wicket-keeper Lodge must be commended for a really great catch.

DARLOT CUP CRICKET

FIRST ROUND — FIRST TERM, 1948

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT FREMANTLE OVAL, WEDNESDAY, 17th MARCH, 1948.

Having won the toss, Dymock decided to send Scotch in to bat on a pitch which was slightly soft as a result of a few points of rain during the previous night. Occasionally during Scotch's innings balls rose higher than usual but generally the pitch was slow.

Our bowlers met with success immediately and Cottrell secured Kyle's very valuable wicket for 2 runs. The field was placed in an attacking position, and by accurate bowling by Dymock and Cottrell Scotch were dismissed for 35 runs, which were made in 140 minutes. Webb took a very difficult catch at short fine leg and a very fine return to the bowler by Drysdale resulted in a run out.

After lunch the roller was used and the pitch, having dried out, was in nearly perfect condition. Radden and Clapin opened confidently and forcefully, but with the score at 20, Radden lofted a drive to cover point. Cottrell and Lodge were dismissed cheaply and our score of 116 was due mainly to Anderson 28, Dymock 25, Clapin 13 and Drysdale 12.

The grass on the oval was very long and so the scoring on both sides would probably have been doubled on a fast ground.

Aquinas defeated Guildford by 164 runs to 43, the points after the first match being Aquinas and Hale 4 each and Scotch and Guildford still to score.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT W.A.C.A., WEDNESDAY, 24th MARCH, 1948.

Dymock won the toss and decided to bat on a batsman's pitch. Our openers, Radden and Clapin, were uncertain for a start and with the score at 7 Radden was beaten by an inswinger from Drabble, being out, leg before wicket. Clapin gave several chances before scoring but then, with Lodge, proceeded to add 165 for the first wicket partnership, probably a record performance. With 172 runs on the board, Clapin was out leg before wicket to Patroni for 69 and then with Dymock, Lodge added 71 for the second wicket partnership. Lodge reached his century, a chanceless exhibition of batting, before lunch. When 39 Dymock was bowled by Ivankovich and Anderson joined Lodge. At about 2.10 p.m. Dymock declared the innings closed at 3 for 250, Lodge being 129 not out and Anderson 3 not out.

Aquinas started their innings disastrously, Ivankovich being clean bowled by Dymock's first ball. Wickets fell quickly and only the Aquinas captain, Sindel, with a patiently made 33, held the side together. Walker 21, Morris 14 and Drabble 10 were the other chief contributors to their score of 107.

The fielding in most cases was good, although several catches were dropped. Returns to the wicket from Heathcote, Anderson and McQueen were the feature of the fielding. The successful bowlers of the afternoon were Dymock, who secured 5 wickets for 43 runs, bowling outswingers, off and leg breaks and cleverly using change of pace, and leg break bowler Summers, who finished with 4 for 36.

It was a very sporting gesture on the part of Aquinas to have refrained from appealing against the light, as they well knew that even fifteen minutes before we dismissed them an appeal against the light would have been upheld.

Scotch 237 drew with Guildford 9 for 197 and so the points after the second match were Hale 8, Aquinas 4 and Guildford and Scotch 2 each.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD, FRIDAY, 2nd APRIL, 1948.

There was a strong cold south-easterly wind blowing in the morning and the pitch played slowly, being slightly soft. Penn, captain of Guildford, won the toss and decided to field.

Radden and Clapin opened and scored freely from the beginning, the two opening overs costing 14 runs. Radden was out for 7 and Clapin was shaping very well when he was run out by an excellent return from Tunbridge for 17. Lodge and Dymock were the only batsmen to settle down and both were batting extremely well when they were dismissed. After lunch our batsmen, endeavouring to reach 200 as quickly as possible before declaring, forgot their defence while forcing the pace. Anderson and Heathcote were not safe, although they scored quickly. Many runs were lost by bad calling and running between wickets and the scoring rate in the last half hour of our innings was so slow that Dymock had to declare at 189.

After rolling it, Guildford had an ideal pitch on which to bat. They commenced their innings at about a quarter to three, having 190 runs to make to win in 180 minutes. Johnson was caught off the first ball he faced from McQueen, but Penn, after giving a difficult chance to Dymock off his own bowling, batted very stubbornly for 18. First wicket batsman Wahlsten, concentrated only on keeping his wicket, but in nearly three hours managed to gather together 47 runs. Penn's dismissal was followed by Tunbridge's arrival and departure from the crease, after which Chester joined Wahlsten and these two figured in a third wicket partnership of 56

runs, made in about twice as many minutes. Although Cottrell secured Chester's and Eccleston's wickets, the result of the match was inevitably a draw, the score at stumps being 122 for 5 wickets.

Although the necessary runs were well within their ability, it was obvious that Guildford were playing for a draw from the commencement of their innings. Of our eight bowlers tried, Cottrell and Summers bore the brunt of the attack, each bowling 15 overs and finishing with the figures of 3 for 43 and 1 for 32, respectively.

In the other match Scotch narrowly defeated Aquinas, 89 runs to 88. The points at the end of the first round were Hale 10, Scotch 6, Aquinas 4 and Guildford 4.

FIRST ELEVEN v. THE OLD BOYS'

On 1st March, Old Boys' Day, the annual match, Old Boys v. First Eleven, was played at the W.A.C.A. The School batted first and, after a discouraging opening, managed to compile 166 runs, due mainly to the fine form of Dymock, who scored 77 not out.

The Old Boys went for the runs from the beginning and after about two hours when the game was concluded, they had passed our

score by 12 runs and still had 4 wickets in hand. Although the Old Boys won comfortably, the match was enjoyed by all and was a severe test for our Eleven, whose fielding was by no means first rate. Cottrell bowled very well for the School and was unfortunate not to have had more success.

The School Team wish to thank the Old Boys for a most enjoyable day and for the lunch.

Results:—

School, 166 (Dymock 77 not out, Anderson 23, Webb 21, Farmer 3 for 19, Smith 2 for 12, Walker 2 for 46, T. Clarke 2 for 14); Old Boys, 6 for 178 (Evans 58, Walker 48, T. Clarke 26 not out, Dymock 1 for 16, Radden 2 for 10, Cottrell 2 for 61).

FIRST ELEVEN v. Mr. LOTON'S ELEVEN

On Tuesday, 9th March, the popular annual match, the First Eleven v. Mr. Loton's Eleven, was held at Herne Hill. The School opened and after an opening partnership of 53 proceeded to reach the score of 212 for the loss of six wickets. Anderson, Heathcote, Clapin, Dymock and Radden all made respectable scores.

None of Mr. Loton's Eleven settled down and all batsmen played defensively against our attack. The opposing team could only manage to score 77 runs, their wickets being well distributed amongst our bowlers.

We must thank Mr. Loton and his team for the grapes, water-melons, lunch and transport and in all a most enjoyable day's cricket.

Results:—

1st Eleven, 6 for 212 (Anderson 50 retired, Heathcote 39 not out, Clapin 34, Dymock 26, Radden 23); Mr. Loton's Eleven, 77 (Summers 3 for 14, Dymock 2 for 9, Cottrell 2 for 14, Radden 1 for 23, Webb 1 for 4).

CRITIQUE

B. DYMOCK (Captain)—From the experience gained as leader of last year's successful team, his captaincy has developed; field placing is tight and bowling well handled; his batting is sounder and more free; has gained good control of the off-spinner and has used change of pace with effect; fielding, very good.

B. RADDEN (Vice-Captain)—Batting is based on sound principles but more power needed in his drives to pierce the field; has a good body action and should become a hostile bowler; a reliable slip field.

P. ANDERSON—The most improved batsman of the team, his leg hitting being clean and powerful; should persevere with his off-spinners; a safe catch and an accurate throw.

J. CLAPIN—A sound opener, his forward play has improved and he has shown glimpses of strong driving ability; a sure slip field.

J. COOKE—A left-arm bowler with a natural turn from the leg—if he can obtain better control his opportunity will come in the third term; lacks defence but has some strong attacking strokes; a safe field.

A. COTTRELL—A steady and talented bowler, he will be missed in the second round; his batting slumped this season—he appeared to lose confidence; a sure field.

J. DRYSDALE—Has shaped well in his first season; has a fluent batting style and promise as a slow bowler; an excellent field.

C. HEATHCOTE—A free and attractive batsman on fast wickets with the off-drive his best stroke; he is at his best when attacking the bowling; fielding, good.

A. LODGE—He has fulfilled his early batting promise and his century against Aquinas and innings against Guildford on a tricky wicket were fine performances; again kept wickets capably.

C. McQUEEN—A very promising medium pace bowler, controls his out-swing well and is developing an off-break which will be valuable when the shine is off the ball; batting, rather stiff, he should give more play to his wrists; fielding, good.

R. SUMMERS—A good slow bowler in the making; he has practised assiduously and gained control of length and flight, though at present he lacks pace off the pitch; batting has a sound defence, but needs more power in his forward shots—should thrust his left foot well forward to the pitch of the ball, transferring his weight from the back to the front foot.

B. WEBB—Has a strong defence but must make greater use of his strong driving ability and long reach—in matches, he has played back too much; running between wickets is uncertain; an accurate medium pace bowler; safe, but slow in the field.

SCHOOL SPORTS, 1948

On Wednesday, 25th February, 1948, the School Swimming Sports were held at Crawley Baths. The times were slow because of the lack of outstanding swimmers.

The School Champion was J. M. Love (10 points), whilst R. S. Wilson (8 points) was runner-up.

Under 16 Champion was J. A. G. Brand (12 points), whilst runner-up was K. Gibbs (4 points).

Mr. Altorfer and his committee are thanked for their excellent organising and handicapping.

THE INTERSCHOOL SPORTS

The Annual Interschool Swimming Sports were held at Crawley Baths on 6th March. It was a clear sunny day with a slight easterly breeze and the water inside the baths was very calm. Both Scotch and Aquinas had very strong teams, and we congratulate Scotch on their well-deserved win.

The final points were:—

Scotch College	158 points
Aquinas College	141 points
Guildford Grammar School ..	90 points
Hale School	51 points

We congratulate L. Chrystal and G. Rosser, who came first and second in the Under 13 Freestyle.

J. A. G. Brand swam well to gain second place in the Open Breast-stroke, which was swum in record time.

Our sincere thanks are offered to Mr. Altorfer and Mr. Oliver for their untiring efforts in coaching and organizing the team; and to Mr. Wilson for his keen interest in the boys.

The final results were:—

- Open 100 metres freestyle—I. Hodgkinson (SC), 1; P. Walsh (AC), 2; J. Walsh (AC), 3; R. Provis (GGS), 4; J. Skinner (SC), 5; P. Ferrier (GGS), 6; J. Love (HS), 7; time 67.9 secs.

LIFE-SAVING, 1948

The Law Society Life-Saving Shield Competition was held on Saturday, 20th March, at the Claremont Baths.

The conditions were excellent for swimming, and the Hale School teams swam very well. The "A" Team was beaten by Wesley College only by the small margin of four seconds in over five hundred. Modern School filled third place, and Hale "B" Team were fourth.

The uniformity of the members of the two teams gave the coach, Mr. G. N. Altorfer, a great task in selecting the "A" Team. We congratulate J. A. G. Brand on his appointment as Captain of Life-Saving.

The "A" Team, consisting of R. E. Coates, J. A. G. Brand (Captain), R. S. Wilson and J. H. Maitland, recorded a total of 518 seconds. J. A. G. Brand gained the fastest time for the School with 124.2 seconds.

The "B" Team, which recorded 537 seconds, consisted of R. C. Birley, R. C. Cooke, V. W. Bamford and R. W. Buttenshaw; R. C. Cooke gaining fastest time.

We take this opportunity of thanking Mr. G. N. Altorfer and Mr. Percy Oliver for their unselfish efforts in preparing the teams for the Law Society Shield Competition.

Tennis

1948

The unofficial Interschool Tennis Competition was again held at the Royal King's Park Tennis Courts. Owing to bad weather, the first round of this competition had to be postponed for a week. The first match was played on Wednesday, 14th April, when Hale played Guildford and Aquinas met Scotch.

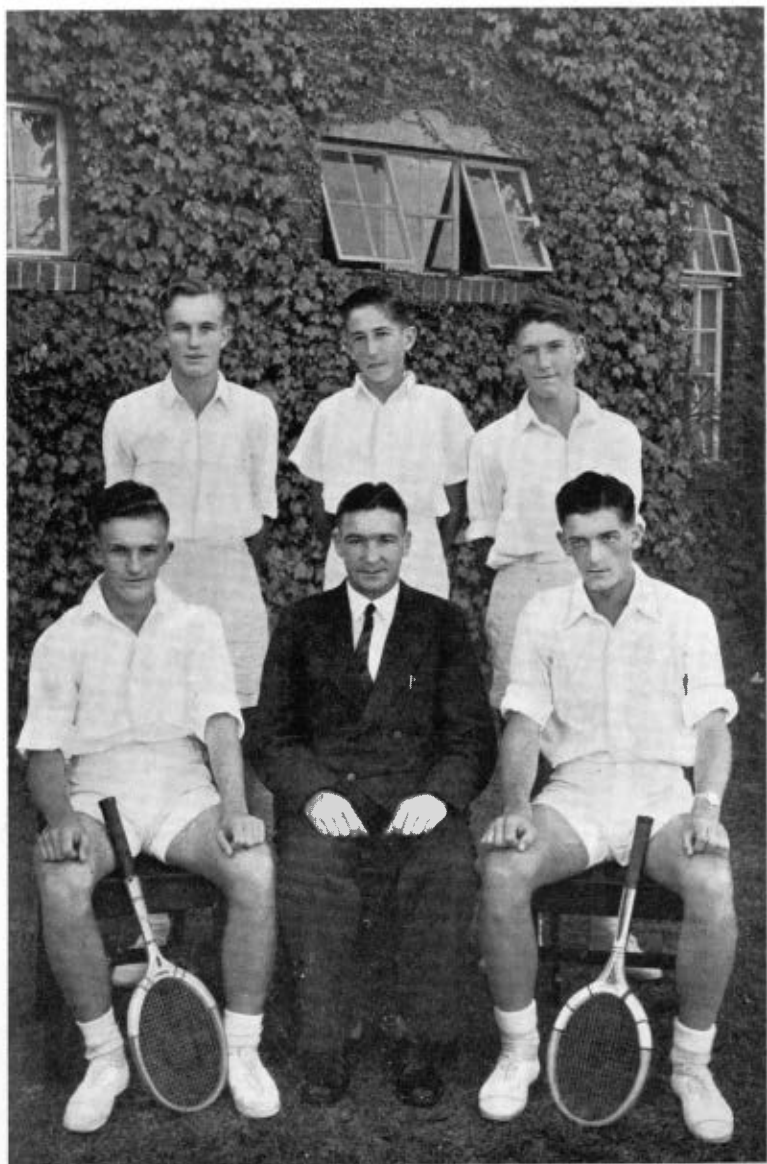

The School team was as follows:—B. H. Dymock (Captain), C. R. Heathcote, P. F. Anderson, R. D. Turner, D. W. Watts. Unfortunately, last year's Captain and Interschool Champion, B. H. Dymock, was unable to play throughout owing to an ankle injury. B. H. Dymock was again unanimously elected Captain of the team.

In the first round the School team showed good form, decisively beating Guildford 6 rubbers, 12 sets, 85 games, to 0 rubbers, 2 sets, 42 games. P. F. Anderson and D. W. Watts were probably the best players on the day for the School, and combined well in the doubles to defeat their opponents, 6-0, 6-3. C. R. Heathcote and R. D. Turner, after surviving six match points, went on to win, the third set going to 9-7.

WINNERS TENNIS, 1948.

Standing : P. F. P. Anderson, D. W. Watts, R. D. Turner.
Sitting : B. H. Dymock (Capt.) M. W. Mill, Esq., C. R. Heathcote.

The detailed scores were:—

Hale, 6 rubbers, 12 sets, 85 games, defeated Guildford, 0 rubbers, 2 sets, 42 games.

Heathcote defeated Johnston, 6-1, 4-6, 7-5; Anderson defeated Tunbridge, 6-1, 6-1; Turner defeated Everett, 6-1, 6-3; Watts defeated Wahlsten, 6-4, 6-0; Heathcote and Turner defeated Tunbridge and Wahlsten, 5-6, 6-4, 9-7; Anderson and Watts defeated Johnston and Gladstone, 6-0, 6-3.

Aquinas defeated Scotch by 8 sets to 5, and thereby qualified to play Hale in the finals.

The final round was played on the following Wednesday, and resulted in a clear-cut victory for Hale. The standard of tennis was quite high but not up to that of the first round. Hale won three of the singles matches and one of the doubles, thus making the day a victorious one. Guildford defeated Scotch by a narrow margin and came third in the competition.

The results were:—

Hale, 4 rubbers, 10 sets, 85 games, defeated Aquinas, 2 rubbers, 6 sets, 74 games.

Heathcote defeated Sindel, 6-3, 6-4; Anderson defeated Drabble, 6-1, 6-5; Turner defeated Morris, 3-6, 6-3, 6-1; Watts lost to Moore, 4-6, 6-4, 5-7; Heathcote and Turner defeated Sindel and Drabble, 1-6, 6-4, 9-7; Anderson and Watts lost to Moore and Patroni, 5-6, 6-5, 4-6.

To Mr. Mill we extend our thanks and congratulations for his untiring and keen interest in the team.

Owing to the alteration in the tennis programme, it is necessary to include the 1947 and 1948 Tennis Teams in this edition.

Football

ALCOCK CUP

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SUBIACO

On 25th June the first round of the 1947 Alcock Cup series commenced when the School played Scotch College. The match resulted in an easy win for Hale. Good football was practically impossible as an exceptionally strong wind was blowing down the ground and players found it difficult to cope with the gusty conditions. Neither team scored against the wind and play throughout the game was confined to the eastern end of the ground.

Scotch had first use of the wind but failed to take full advantage of it, and many points resulted from congested forward play. Fine defence by our backs, especially Snowball and Broadhurst, kept the ball in the defensive pocket on the members' grandstand side. The Scotch forwards could not break through our strong backline and it was only a few minutes before the bell that they scored their only goal for the quarter.

Favoured by the wind in the second quarter Hale immediately went into attack. More accurate in attack than Scotch, we soon had several goals on the board. Gaining plenty of drive from the centreline and with the forwards combining well, Coates and Cottrell added further majors to the score. The spelling rucks and rovers in the forward area were instrumental in sending the ball goalward but the moves only resulted in a string of points, till Brown and Flower goaled. At half-time Hale held a five-goal advantage.

When the third quarter began, Scotch at once took command. With the wind still near gale force, they drove downfield, only to find the forwards failing to score. The third term was much the same as the first till Scotch struck a purple patch and added two goals. Our backs, however, defended strongly and prevented any further score. When this quarter concluded Hale still held a substantial lead and as we were to have the wind behind us in the final term, it was just a matter of how much our team would win by.

The last quarter commenced at a rather leisurely pace. Across the centre Dymock and Guhl constantly sent Hale into attack and with the forward line working smoothly, several more goals were scored. Brown provided plenty of drive from the ruck and despite the strong defence by Scotch, Mussared broke through for another goal. The match ended in a tame fashion and when the final bell rang, Hale were ahead by forty-nine points.

The final scores were:—

Hale School 11.12 (78 points)

Scotch College 3.11 (29 points)

Goal Kickers—Coates 2, Cottrell 2, Brown 2, Flower 2, Mussared Halliday, Forrester.

Best Players—Guhl, Dymock, Brown, Broadhurst, Snowball, Mussared, Forrester.

After a hard game the 2nd XVIII ran out winners by eight points in their match against Scotch, the scores being Hale School 5.7 (37), Scotch College 3.11 (29).

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT SUBIACO ON 2nd JUNE

The second Cup match resulted in another win for the School when we this time defeated Aquinas College. The game was played under ideal conditions with only a slight breeze blowing towards the eastern end of the ground. Although our marking was much better than that of Aquinas, our ground play was only mediocre.

Attacking straight from the bell, Hale had a goal within a minute of the bounce when Mussared scored from a long kick. From then on the ball was almost continually in our forward line but poor shooting for goal saw a string of points registered. However, when Aquinas moved forward they secured two quick goals. The ball was

transferred into our scoring zone and Cottrell marked well and kicked two badly needed goals. At the first change Hale led 4.10 to 2.2.

The second quarter was evenly played with first one team and then the other in command. During this term Aquinas' play improved considerably and by half time the leeway had been reduced to fifteen points. Leslie and Snowball were working hard in defence and it was mainly due to them that we were ahead by the time the second quarter ended. Half-time scores were Hale 6.13, Aquinas 5.4.

Aquinas were playing better than ever after half-time and although we were favoured by a rather freshening wind we could only score one goal. Playing good football, Aquinas kept the ball in its scoring area but for a time many scoring opportunities were goaled to give Hale a lead of a few points at the last change.

The last quarter began at a fast pace. Both teams were attacking vigorously but strong play by the backs of both sides prevented any score. For a time play swung between the two half-back lines with neither team being able to gain the necessary advantage. Brown and Norman held up numerous attacks with sure, high marking and with the centreline playing cleverly Hale drove forward to score the vital goal. Aquinas, however, were attacking again when the bell rang. At the conclusion of play the scores were:—

Hale School 8.13 (61 points)

Aquinas College 6.11 (47 points)

Goal Kickers—Cottrell 3, Mussared 2, Dymock, Halliday, Anderson, J.

Best Players—Brown, Dymock, Norman, Guhl, Snowball, Leslie, Mussared.

In the 2nd XVIII match, Aquinas were much too strong for Hale, the scores being Aquinas 8.9 (57) d. Hale 1.2 (8).

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT BASSENDEAN ON 9th JUNE

After a poor first half Hale fought back strongly to win the third Cup match. Guildford in the first half showed more pace than our team who, in comparison, seemed out of touch. It was not until the final few minutes that Hale gained the lead but from then on we were continually in attack. Only the strong play of the hard-pressed Guildford defenders kept us from winning by a greater margin than ten points.

Guildford, with the wind in their favour, attacked from the outset and scored two quick goals. Faster to the ball and showing more vigour, Guildford goaled again. The Hale defence was unable to stem the Guildford attacks but a period of inaccuracy on the part of the opposing forwards kept their score down. When we tried to go into attack the Guildford backs defended strongly, and our team could not record any score. Broadhurst was playing strongly at centre

half back but in spite of his efforts Guildford secured two more goals. Quarter-time scores were Guildford 4.7, Hale nil.

Hale went quickly into attack in the second term. Our team was now playing with more cohesion than before but the determined backmen of the Guildford side prevented us from scoring for a time. With Cottrell active in a forward pocket the leeway was gradually reduced to a few points. Guildford swept down the field to goal once more and so left their half-time margin at eleven points. Scores were G.G.S. 5.7, H.S. 4.2.

Hale showed some of their best football in the third quarter when against the wind we scored 1.4 as against Guildford's 4 points. Displaying our first real form for the match, Hale surprised by attacking early in the term. Guildford, realising that their lead was now very small, attacked with renewed vigour but Snowball in goals turned them back time and time again. The Guildford forwards were outplayed by our strong backline and could manage only a few singles even though favoured by the wind. A five-point lead was held by Guildford at the conclusion of the third quarter.

The last quarter opened at a fast pace and in two quick thrusts Guildford kicked valuable goals against the breeze. With a deficit of seventeen points to make up we attacked with great vim and were rewarded with a goal from O'Connor, and then Flower scored with a left-foot snap. Brilliant play by Snowball once more kept Guildford out and when play was transferred to the other end Brown goaled to give us the lead for the first time in the match. With only a few minutes to go Cottrell put the issue beyond doubt by kicking the ninth goal. The scores at the end of play were:—

Hale School 9.9 (63 points)

Guildford G. S. 7.11 (53 points)

Goal Kickers—Cottrell 3, Flower 2, Brown, Halliday, O'Connor, Senior.

Best Players—Halliday, Snowball, Norman, Flower, Guhl, Broadhurst.

Our 2nd XVIII had a convincing win over the Guildford 2nd team. Scores were Hale 4.8 (32), Guildford 2.5 (17).

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL ON 30th JULY

Hale met with their first defeat in the Cup round when we played Scotch in the return game. On the day Scotch College was the better team and fully deserved its win. However, considering the ideal conditions for football, the standard of play was poor.

Scotch began well and were in attack almost continuously for the first ten minutes. Good play by them amid-field kept the ball in the scoring area but their forwards were off the target. Snowball and Leslie in our defence area fought strongly in an attempt to hold

Scotch, and with the other backs giving stout support, they kept scoring down to a minimum. The ball hardly passed our half-forward line in this quarter and when it did, Scotch's second line of defence outwitted the Hale forwards. The only goal for Scotch was scored a few minutes before quarter-time. The scores at the change-over were Scotch 1.8, Hale 0.1.

The second quarter was played much more evenly than the first. Our play had improved a good deal but the Hale forwards could not score goals and from the easiest of chances only points resulted. At this stage Hale had most of the play but through poor backing up in the forward area the opposing backmen were allowed to clear the ball constantly. A long string of points finished when Jago kicked a goal. By half-time Scotch's lead had been reduced very slightly.

After the interval Scotch, playing better football, forged ahead. Taking the ball straight down the field, they peppered the goals but were again hampered by inaccuracy. However, Scotch managed to score two goals when their men marked right in front. We took a hand in the play when by forceful tactics we took the ball to the other end of the field and several more points were scored before Senior goaled. Halliday and Brown were fighting tenaciously in the ruck duels where they were ably supported by Norman and Clapin.

Throughout the last quarter Scotch attacked continuously. Dymock was playing well at centre but sound defence work on the part of Scotch prevented the ball from reaching the full forward line. When only five minutes remained Mussared goaled, but further attacks were repulsed, and Scotch ran out winners by 18 points. Concluding scores were:—

Scotch College 5.20 (50 points)

Hale School 3.14 (32 points)

Goal Kickers—Jago, Senior, Mussared.

Best Players—Halliday, Brown, Dymock, Clapin, Norman.

The 2nd XVIII match resulted in a win for Scotch. The scores were Scotch 5.12 (42), Hale 4.4 (28).

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT W.A.C.A. GROUND ON 6th AUGUST

Hale, playing some of its best football for the year, scored a convincing win over Aquinas. The match produced fast, systematic play by both teams. There was rather a strong breeze blowing down the ground from the Perth end and there were only three goals kicked against the wind, they all being scored by Hale in the first quarter. The day was fine, but due to recent rain the three cricket pitches were exceptionally muddy, and the ball soon became very slippery to handle.

Play opened at a fast pace with Aquinas attacking from the start. Our backs broke up the first drive but Aquinas came again and scored

two points. This was followed by a goal but the determined defence led by Broadhurst turned any further attacks. Then with the centre and forward lines combining well the ball was taken to the other end where Cottrell snapped two quick majors. These were followed by another goal from Mussared. Then Aquinas took the initiative but good play by our backs prevented any goals. Quarter-time scores were Hale 3.1, Aquinas 1.4.

Intent on building up a commanding lead, Hale drove the ball into our forward line and goals came from Hurst, Mussared and Cottrell. Aquinas' forwards hardly saw the ball in this quarter and with our forwards fanning out and thus keeping the play open, scoring was made easy. At this stage our boys were handling the greasy ball remarkably well and after a few points were scored Dymock ran through from the centre position to goal for Hale. Hale led 7.8 to 1.6 at half time.

In the third quarter Aquinas fought back strongly from a bad position to be within a goal of us at the final change. Our defence, where Snowball and Broadhurst were shining, were fighting hard but Aquinas, now combining better, broke through to score several goals. We could do no better than to score a single point in this third term, but were in a handy position as the wind, favouring us in the last quarter, was now quite strong.

Gaining plenty of drive from the ruck where they were dominating the play and with Mussared roving well, Brown and Halliday each scored a goal. Hurst followed shortly afterwards with another. When Aquinas attacked the Hale defence was steady and as the final bell rang we were once again breaking through Aquinas' backline. The final scores were:—

Hale School 11.11 (77points)

Aquinas College 6.10 (46 points)

Goal Kickers—Mussared 3, Cottrell 3, Hurst 2, Halliday, Brown, Dymock.

Best Players—Broadhurst, Jago, Brown, Halliday, Dymock, Snowball, Mussared.

Showing good improvement the Hale 2nd XVIII staged a great battle with Aquinas although the latter won by 2.4. Aquinas 7.8 (50), Hale 5.4 (34).

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT SUBIACO OVAL ON 13th AUGUST

After a hard fight Hale scored a convincing win in the final match of the season. This game against Guildford was one in which the backs of each side dominated the play and consequently low scores resulted. Although without our centre-half-back, Broadhurst, the defence was always strong and won the game for us in the last quarter when it kept Guildford, who were favoured by the wind, down to 1.3.

WINNERS ALCOCK CUP, 1947.

Back Row : J. C. Clapin, W. I. Leslie, H. D. B. Norman, C. W. Thomson, B. B. Forrester, A. E. Cottrell.
 Centre : P. E. Hurst, P. F. P. Anderson, T. C. M. Senior, R. E. Coates, J. N. Anderson, C. M. Y. O'Connor, K. Snowball,
 P. Jago, K. M. Guhl.
 Front Row : B. G. Radden, R. G. Mussared, B. H. Dymock, D. W. Broadhurst (Capt.), W. T. Rowlands, Esq., C. J. L. Brown,
 W. G. Halliday, J. S. Flower, J. M. Love.

Hale attacked strongly from the bounce but good work by the Guildford backline stopped us from scoring. However, many scoring opportunities were lost by our side and it was not until ten minutes had elapsed that Cottrell kicked a badly needed goal. We were favoured by a strong wind blowing straight down the ground towards the Subiaco end, but our side could not score the necessary goals. Guildford fought back strongly and by forceful methods they took the ball to the other end of the ground and kicked a goal and then a point. Our backs halted any further drives and strong work by our rucks, Brown and Halliday, saw Cottrell mark and kick our second goal. Scores at quarter-time were Hale 2.2, Guildford 1.1.

Within several minutes of the second quarter Guildford broke through our defence to kick a goal. Our backs defended stubbornly but Guildford, now at their top, kept attacking strongly. The Hale defence received a brief spell when the ball was taken to our forward line and after Guildford had cleared, Mussared marked once more, and this time scored a goal. Stung by this reverse, Guildford combined well but kicked only two points. However, these were quickly followed by a goal to make the scores even at the long adjournment. Hale 3.3, Guildford 3.3.

From the beginning of the third quarter it could be seen that our play had improved considerably. Our forward line was now working smoothly for the first time in the match and good play by Dymock and Jago across the centre saw Halliday snap a goal. Shortly afterwards Brown followed with another from a long way out. When Guildford tried to attack our solid half-back line was in the way and repulsed any drives. About a minute before the bell Cottrell marked, and from a difficult angle scored a goal. Scores at the last change-over were Hale 6.6, Guildford 3.3.

The last quarter opened at a terrific pace with Guildford, favoured now by a strong easterly wind, attacking from the outset. Our whole defence played well and for a time Guildford were held out. They finally scored a point to be followed smartly by a goal when our backs were caught out of position. Sound defence by Snowball and Radden especially prevented any further score for a time till Guildford kicked another single. With very little time left to play a Guildford forward marked the ball about thirty-five yards out but his shot hit the post. No further score resulted and the score was left at:—

Hale School 6.6 (42 points)

Guildford G. S. 4.6 (30 points)

Goal Kickers—Cottrell 3, Brown, Mussared, Halliday.

Best Players—Brown, Halliday, Snowball, Mussared, Dymock, Jago, Radden.

Hale scored a convincing win over Guildford 2nds in the 2nd XVIII game. Final scores were Hale 5.7 (37), G.G.S. 1.2 (8).

Hale, by winning five out of their six games, carried off the 1947 Alcock Cup. Our team retained their form very well throughout the year and won the competition with two matches to spare from Scotch and Aquinas, who each had three victories.

FIRST XVIII COACH

Mr. Rowlands is relinquishing the position of Coach of the 1st XVIII after a number of years of very successful results in order to assume an over-all control of football coaching. His place will be taken by Mr. Mill, another ex-footballer of considerable experience and attainment and we look forward to his producing first-class teams this year and in the years to come.

THE HEAD OF THE RIVER CREW

This year we were fortunate in again having Mr. A. "Gra" Rosser as our coach. Mr. Rosser coached the crew last year in the last period of training, when Mr. Rogers had to devote all his time to the State crew. With the race two weeks earlier this year, no time could be wasted in training. All went smoothly for the first few weeks, but then trouble arose. The condition of the boats became very critical and for a while the crews were without an eight to train in. Swan River Rowing Club came to our rescue and lent us a boat, for which we were very thankful. For a few weeks the crews went rowing before breakfast to help make up lost ground. 'Flu then took its toll and the selection of the crew had to be postponed for a while. Pearse, in 6 seat, had an accident and his place was taken by Reid.

Thursday, 11th March, saw the crew in their new racing eight which was donated by Mrs. Gladys Craig, of Carnarvon. Mrs. Craig officially handed over the boat on Saturday, 13th March, christening it the "Gladys Craig." The crew on that occasion, comprising B. Truscott, I. Durstan, R. Reid, S. Parker, J. S. Smith, L. Murphy, H. Loton and J. Love, gave an exhibition row before Mrs. Craig, Mrs. Murphy and Mrs. Rosser, who went out in a speed boat which had been kindly loaned to Mr. Rosser for training purposes by another well-known Old Boy, Mr. M. Michelides.

The stroke seat was not yet finalised and J. S. Smith and B. Truscott were the two under consideration. Each did a fair share in the stroking of the boat. Pearse returned to 6 seat but only until Easter when he got the 'flu. Anderson left the stroke seat of the second eight and moved into the crew. Smith moved from 4 to stroke seat, Truscott occupied 6 and Anderson 4 seats respectively. Much valuable work was done over Easter and the crew began to show some real form.

When Pearse was able to row again he was placed in the second eight where he occupied 6 seat. This crew and the four were not definitely chosen until a few weeks before the race. However, their coach, Col. H. B. Norman, chose his eight and Mr. "Stan" Stephens took his four. It was found that we lacked reserves should anything happen to members of these crews. Four cricketers, to whom we were very grateful, offered their services and trained in another practice boat. The first four's racing boat, Cygnet II, was not available until the day of the race as it was being prepared. This crew went

for a practice row in their boat just before the race and, being able to handle it, they used it in the race. The second eight's boat, "Cygnet," was in bad condition, many ribs being broken. It was, however, repaired and was ready for the race.

The eight had some training rows against the State eight and on the eve of their departure we raced them over a mile. Training concluded with many fast work-outs over the mile course. The times for these rows were very good and Mr. Rosser expected the crew to do very well.

It was very encouraging to receive visits at the shed from interested supporters, amongst whom were:—Mr. Thorley Loton, Chairman of the Board of Governors—he was our regular Monday afternoon inspiration. His boy rowed No. 2; The Hon. Hubert Parker, M.L.C., whose son occupied No. 5 seat—Mr. Parker is tempted to forsake "The House" for a speed boat; Mr. Durstan, ex-president of the Old Boys' Association, with his boy in No. 7; Dr. Love, whose son rowed bow; Mr. J. Irvine, father of the stroke of last year's winning crew; and Mr. Draper, now a Magistrate at Kalgoorlie; Dr. J. Irvine; Mr. Reid; and Mr. Jim Sharples. Dr. Barker and Dr. Love gave our boys a thorough overhaul with the stethoscope during training and we are very grateful to them.

The crews for this year were as follows:—

First VIII: J. Staniforth-Smith (stroke), I. A. S. Durston (7), J. B. Truscott (6), S. H. Parker (5), A. C. N. Anderson (4), V. L. C. Murphy (3), H. T. Loton (2), J. M. Love (bow) and J. A. N. Olden (cox). A. G. Rosser, Esq., coach.

Second VIII: J. Frith (stroke), R. Reid (7), R. Pearse (6), I. Packham (5), L. Durstan (4), M. Broad (3), I. Brandenburg (2), W. Hartley (bow) and D. Chappell (cox). Col. H. B. Norman, coach.

First IV: R. J. Anketell (stroke), P. Roberts (3), J. Illingworth (2), W. Robinson (bow) and M. Watson (cox). S. Stephens, Esq., coach.

The Old Boys of the School also raced in an eight. It comprised:—B. Chappell (stroke), D. Norman (7), P. Forbes (6), K. Jackson (5), W. Irvine (4), D. Devenish (3), P. Lowe (2), W. Gardiner (bow) and K. Arney (cox).

Telegrams wishing the crew success in their race were received from Jack Skipper and Russell Lloyd, Don Forrest, Dick Mussared, Frank Slee, Rob. Breeden, Mr. Slee, Don Keane, Dick Sinclair, B. Forrester, Mr. Newbery, Ted and Bill McLarty, Colin Garstone and the Old Haleians' Association. These we gratefully acknowledge.

BOAT RACE DAY

In the second eights' race Scotch College, a very powerful combination, took an early lead from Aquinas. Hale and Guildford soon dropped back. However, the Aquinas crew made an attack on the leaders at the finish but they could not quite make it. Guildford and Hale had a keen tussle for third position, the former proving too strong for our own crew.

The same positions were held by the schools in the fours race, the first on the programme. Our crew who had not been training together for as long as the others, performed very creditably and their coach, Mr. Stephens, was quite pleased with their effort.

The Old Boys' race proved to be very close. Here again Scotch College proved too strong for the other crews. Guildford just beat us into second place and Aquinas were a close fourth.

Congratulations, Scotch College, on your excellent effort in the minor events!

THE HEAD OF THE RIVER

Early in the morning it appeared that the weather would mar the racing but the sun soon came out and all events were rowed under ideal conditions. The calm water suited Guildford, and their crew soon took the lead. Scotch and Hale also got good starts but Aquinas were left standing. At the quarter-mile post Guildford had a little on Scotch. Hale sprinted and drew level with Scotch who were a length behind Guildford. Approaching the half-mile post Hale were swinging along nicely when No. 3's seat came off. This lost us a great deal of way and Aquinas drew up on this crew. Guildford had the lead at the Brewery and they managed to keep Scotch well behind them until they reached the post. Approaching the finishing line Hale had half a length on Aquinas but their broken seat proved too great a handicap and Aquinas crossed the line just ahead of them. The winning margins were: Guildford, two lengths to Scotch, a length to Aquinas, who were half a length ahead of Hale. The time was 5 minutes 20 seconds.

The whole School, especially the crew, wish to congratulate Guildford most heartily on their well-deserved win. Their win was a great tribute to their coach, former King's Cup stroke, Don Frazer.

To Mr. Rosser, the crews extend their deepest gratitude for his untiring coaching of the boys. He has given up a great deal of time to coaching the crews and to repairing the boats. We also wish to thank Col. H. B. Norman and Mr. "Stan" Stephens for their coaching of the second eight and the first four respectively. Together they produced three crews which, although not as good as those from the other schools, did their best on the day.

To Mr. Johns, the most untiring worker associated with the crews, the boys wish to pay a sincere tribute. We would like to thank the W.A. Rowing Club for their co-operation throughout the

J. Staniforth-Smith (Str.), I. A. S. Durston (7), J. B. Truscott (6), S. H. Parker (5), A. C. N. Anderson (4), V. L. C. Murphy (3), H. T. Loton (2), J. M. Love (Bow), J. A. N. Olden (Cox).

ROWERS' DANCE

On the night after the race the crews held a dance in the W.A.R.C. ballroom. The rowers invited many of the senior boys of the School to attend as well as some of the masters and coaches. The crews, who had more or less been on a diet, were once again able to indulge in cakes, pastries and ginger beer. Two kegs of the latter were kindly donated by Mr. Jacoby. A very enjoyable evening resulted and we wish to thank Mrs. Murphy and Mrs. R. H. Reid for acting as hostesses for us.

ROWERS' DINNER

Mr. Loton invited the first eight, Mr. Johns and Mr. Rosser to a dinner at the Adelphi on Wednesday, 28th April. His elder son, Brian, who stroked the 1946 crew, was also present as was Mrs. Loton. The younger son, "Pinkie," rowed in 2 seat this year. At the conclusion of dinner we all went to the Plaza Theatre.

To Mr. Loton we extend our gratitude for such an enjoyable conclusion to this year's rowing season.

Debating Society.

1947-48

During April a meeting was held to elect the office-bearers for the season 1947-48. As a result of the elections the following became office-bearers:—Mr. V. S. Murphy, President; Messrs. C. G. Hamilton, W. G. S. Johns, A. C. Marshall, G. N. Altorfer, W. R. Corr, P. D. Langley, W. T. Rowlands, Vice-Presidents; B. H. Dymock, Secretary; P. F. Anderson, D. W. Broadhurst, J. C. Clapin, C. M. Y. O'Connor, J. H. Skipper.

A programme was drawn up for the season consisting of Impromptu Speeches, Panel Talks, Discussions and Debates.

An "Impromptu Speech" evening was held on Tuesday, 3rd June, in the Boarders' Common Room, when twenty-eight speakers from Senior School spoke on various unprepared subjects. The evening was most successful, and at the conclusion Mr. C. G. Hamilton gave some very helpful criticism. The best speakers were B. Radden, R. Pearse, M. Dale, A. Day, R. Ives, F. Kiela, J. Wilson, R. Williams and P. Jago.

On Tuesday, 10th June, a second "Impromptu Speech" evening was held which consisted of twenty-seven Middle School speakers. This evening also proved very successful, and Mr. Murphy gave hints and criticisms on the way the boys had spoken.

The first Debate was held on Tuesday, 17th June, which resulted in a win for the "negative" side by $29\frac{1}{2}$ to 28 points. The subject of the debate was "Should the leaving age be raised to eighteen years?" Mr. C. G. Hamilton acted as the adjudicator. The sides were:—

Negative: R. Ives (Capt.), R. Williams, P. Jago.

Affirmative: M. Dale (Capt.), P. Hurst, J. Wilson.

On Monday, 23rd June, a "Discussion" was held. There were speakers from 5th Form and 4th Form. The 5th Form speakers were R. Reid, R. Mussared and C. Simpson, who discussed the subject

"Should churches be abolished?" J. Cruickshank, H. Radden and R. Lowe spoke for the 4th Form on "The advantages and disadvantages of the movies." The standard of the speeches was remarkably high and the evening was one of the most successful up to date. office-bearers for the next season. Mr. V. S. Murphy was to keep

A meeting was held on Thursday, 29th April, 1948, to elect the office of President, and the Vice-Presidents from the previous year were re-elected with the addition of Mr. G. W. Wakeford. The committee of eight consists of P. F. Anderson, R. Anketell, B. H. Dymock, J. C. Clapin, W. H. Hartley, F. A. Moseley, B. G. Radden, R. Reid (Secretary).

SECOND TERM, 1947

On our arrival back at School on Tuesday, 27th May, we learnt that Brian Burns, Vernon Williams, Bill Lacy and Richard Lough had left the House, Richard to become a day boy, and that Leith Murphy, Ian Hislop, Basil Twine, Andrew Johnson, and Ransley Garland had become boarders.

We were sorry to find that Mrs. O'Neil had left, but welcome to the House her successor, Mrs. Gordon, and hope that her stay will be a happy one.

On our return John Clapin was transferred from "Avondale" to the House, and Harold Loton was made a House prefect to take his place. We congratulate him on his appointment.

Although less rain fell this year than last year, it succeeded in making several of the week-ends this term unpleasant.

Football started almost immediately, and all teams had a good representation of boarders in them. In the 1st XVIII, which won five of the six interschool matches and the Alcock Cup, were the following boarders: John Clapin, John and Peter Anderson, Charles O'Connor, Basil Forrester and Dick Mussared.

As a result of the N.C.O.'s week-end held early in the term, the following boarders received promotion:—

Cadets Loton, H. T., Love and Mussared to Lance Corporals.

Cadets Wilson, J. and Broad, C. to Corporals.

Lance-Corporal Anderson, J. to Corporal.

Cadets Clapin, J. and Anderson, P. to Sergeants.

The annual event, the Boarders' Dance, was held on Friday, 11th July, and was thoroughly enjoyed by everyone present.

During the term, Mr. Richardson paid several visits to the House. He is now in charge of a holiday camp at Mooliabeenie, where several boys are going to spend their holidays.

Towards the end of the term William White left the day boys to become a boarder.

THIRD TERM, 1947

There were no new members of the House on our return to School on 9th September, but Ian Hislop had left to become a day boy again.

The House was very well represented in the Athletics, the following boarders being in the team: John and Peter Anderson, Basil Forrester, Peter Layman, Ken Gibbs, Neil Williamson, David Anderson, Brian Wood and Bob Slee.

After the Inters. the second round of cricket began and the School won two of the three matches and the Darlot Cup.

The House's representatives in the team were John Clapin, Charles O'Connor, Dick Mussared and Peter Anderson.

Again the House was well represented in the interschool Shooting, held on 6th December. The boarders in the team were Jack Skipper, the captain, John Anderson and Peter Anderson (reserve).

The very popular annual Boarders' Feast took place a week before the end of term, and everyone made short work of the large quantities of food and cool drinks. Among those leaving the School, whom we toasted, was Mr. Webb, who is returning to Tasmania.

We take this opportunity sincerely to thank Sister, Matron and Mrs. Gordon for making this evening possible, and we would like to thank them for their unselfish services to us throughout the year.

FIRST TERM, 1948

Immediately after we returned to School on 10th February, three new School prefects were announced, one of them a boarder. We congratulate Harold Loton on his appointment. At the same time we congratulate Peter Anderson, Robert Reid and Tony Brand on being made House prefects, the last two mentioned being in charge at "Avondale" under Mr. Wakeford.

John Clapin is Captain of the House.

We welcome to the House a new resident master, Mr. Beesley, and hope that he will have a long and pleasant stay.

This year the number of new boys was fairly small by comparison with last year's, which, of course, was due to the new House being opened.

We welcome to the House Bob Cooke, Bruce Webb, Tim Catling, Keith Smith, John Darge, Ben Robins, Locke Burges, David Roberts, Graham Godsmann, Charles Bartley, Richard and John Fisher, John and Robert Hyde, Anthony Male, James Carmichael, Barr James, Bruce Jacobs, David Nathan, Barry Randell, Geoffrey Yeo, David Fitzgibbon and Michael Lee Steere.

The New Boys' Boxing, held early in the term, provided great amusement for all present, including contestants, and was capably handled by John Clapin and Harold Loton, who refereed the bouts.

Swimming occupied the first few weeks of term and at the Inters. Tony and Peter Brand, Robert Reid and Ken Gibbs represented the House in the School team. Congratulations, Tony, on being captain of the team.

The only boarder in the "A" Life-Saving Team was Tony Brand, the captain.

One Saturday night Mr. Altorfer showed several films in the Boarders' Common Room. Nearly all the House were present, and all thoroughly enjoyed the show.

No sooner was the swimming over than cricket began. Our representatives in the first XI, which ended ahead of the other schools in the first round of the interschool cricket, were John Clapin, Peter Anderson, Jimmy Drysdale, Bruce Webb and Benny Woods.

But apart from the 1st XI, all the other teams had a good representation of boarders in them.

Just before Easter, another House prefect was announced. We congratulate John Cooke on his appointment. Two more boarders were made School prefects after Easter. Congratulations to Peter Anderson and Tony Brand, who received these positions.

At the same time Bob Buttenshaw left the day boys to join the House.

During the term an epidemic of 'flu laid almost half the House low in successive outbreaks. However, it was kept well under control by the untiring efforts of Sister and Matron, and the worst of it was over by Easter.

This year over half of the rowing crews were boarders. Although the only boarders in the 1st VIII were James Staniforth-Smith, the stroke, Harold Loton and Tony Anderson, there were six in the 2nd VIII including the stroke, Jim Frith.

Peter Anderson was our only representative in the tennis team which won the unofficial interschool competition.

The N.C.O.s' week-end was held during the last week-end of term before Cadet Camp. The majority of the vacant positions were filled by boarders, the following of whom received promotion:—

Cadets Slee, J., Williamson, Gibbs, K., Cooke, R. and Frith to Lance-Corporals.

Cadet Brand, A. to Corporal.

Cadets Cooke, J. and Reid, R. to Sergeants.

In the last week of term another boarder was made a School prefect. We congratulate Robert Reid on his appointment.

Under Peter Anderson's efficient handling the Pound collected 38/5 which went to the Wireless Fund.

Athletic Notes

This year Subiaco Oval was not available for our athletic training but the University Oval was procured for the School's use, for which we are very grateful.

Mr. Langley once more took charge of training and it is to him that the team would like to extend its thanks for his conducting of practices and for the hard work he put into the training of the boys. He received great co-operation from the able and willing workers in Dr. Green and Messrs. Altorfer, Corr, Murphy, Norman and Allen.

David Norman is to be congratulated on his appointment as Captain of Athletics for 1947.

SCHOOL SPORTS, 1947

Quite a large crowd of parents and friends attended the annual School Athletic Meeting held at Subiaco Oval on Friday, 10th October.

The day was fine and warm with very little wind in the morning. However, in the afternoon the wind freshened and due to the strong headwinds encountered, very few fast times were recorded.

D. Norman was School Champion Athlete with 13 points, while J. Anderson and B. Forrester came next with 11 points each.

Champion Athlete under 16 was R. Cassidy, who had 10 points but was closely pressed by M. Monteath with 9 points. J. Cruickshank and H. Radden were under 15 and under 14 champions respectively. J. Bedford-Brown was the only boy to establish a new record at the sports. He set new figures when he leapt 4 feet 9 inches in the under 14 high jump.

INTER-SCHOOL SPORTS, 1947

The 43rd Annual Interschool Athletic Meeting was held on Saturday, 25th October, at the W.A.C.A. ground. Heavy rain on Friday night made the ground heavy and the start of the meeting was delayed for an hour. The sky was overcast all day with a cross-wind springing up in the afternoon. Fast times for events were out of the question and no record was broken.

Congratulations must go to Guildford for a meritorious win. They carried off the Alcock Shield for the third year in succession, their win being due to the fine all-round strength of the team. Hale, not recognized as having as well balanced a team as usual, surprised by running a fairly close second.

D. Norman was Hale's most prominent athlete as he gained three seconds, a third and a fourth. J. Anderson won the open hurdles and gained a second and a fifth in the 100 yards and 220 yards.

JUNIOR SCHOOL NOTES FIRST TERM, 1948

At the commencement of term the following boys were appointed House Captains:—J. F. O'Meehan (Faulkner), D. P. Reid (Le Couteur), F. O. House (Buntine), and B. L. Evans (Wilson).

Members of the Junior School once again attended swimming lessons at Crawley Baths on Monday and Friday mornings, of the earlier weeks in first term.

On 15th March the Junior School Swimming Sports were held at the baths. Le Couteur emerged victorious after a very keen morning's sport, the final points being:—Le Couteur 74, Wilson 43, Faulkner 37, and Buntine 33.

Later in the term a triangular contest was held between Hale, Christ Church, and Guildford Grammar.

Hale emerged as the winners after a particularly good morning of swimming. The final scores were:—Hale 135½ points, Christchurch 122½ points, and Guildford Grammar 77 points.

Cricket matches were commenced later in the term and some very keen and interesting matches resulted. At present Buntine appears to have the strongest team in the competition.

JUNIOR SCHOOL FOOTBALL. 1947

First Round—

Wilson 1.1 d. Le Couteur 0.1

Buntine 2.8 d. Faulkner nil

Wilson 2.1 d. Buntine 1.1

Le Couteur 3.4 d. Faulkner 1.4

Buntine 3.11 d. Le Couteur 2.3

Wilson 6.7 d. Faulkner 0.1

At the end of the First Round of the Junior House Competition Wilson led with 9 points followed by Buntine with 6, Le Couteur with 3, and Faulkner had yet to win a match.

Second Round—

Buntine 1.2 d. Faulkner nil
 Wilson 3.5 d. Le Couteur nil
 Le Couteur 9.9 d. Faulkner nil
 Wilson 2.1 d. Buntine 0.2
 Buntine 4.0 d. Le Couteur 1.3
 Faulkner 2.1 d. Wilson 0.5

In the last match of the season, Faulkner, who had previously not won a match, surprised by defeating the previously unbeaten Wilson House. This defeat, however, did not deprive Wilson of its winning position. The final points were:—Wilson 15, Buntine 12, Le Couteur 6, Faulkner 3.

JUNIOR SCHOOL DRAMATIC SOCIETY

On 8th August, the Junior School held a dramatic meeting in the School Hall. The younger boys of the School presented three plays on this occasion. They had been made possible by the tireless services of Mrs. Blyth and Mr. Wakeford, by whom the young dramatists were coached.

Those who took part in the plays were:—

I. Baron	K. S. Hill	J. Norman
N. S. Bickford	R. Holland	J. O'Meehan
J. Blake	C. Hudson	I. M. Parkes
J. Bridge	A. Hughes	E. J. Powell

R. G. Hales	P. R. Mitchell	B. G. Twine
J. Harris	N. A. Morlet	M. Wainwright
E. S. Hart	G. C. Nathan	C. F. Williams

From these were chosen N. S. Bickford, J. Garland, E. S. Hart, K. S. Hill, A. Hutchinson, L. Kellam, A. Lodge, P. R. Mitchell, N. A. Morlet, J. Norman, E. J. Powell and T. Reynolds as having been the best performers.

Interspersed throughout the evening were songs by singing groups from second and third removes, preparatory and first remove, and Mrs. Britten. Items were also provided by the School orchestra.

The Juniors are also greatly indebted to Mr. Mill (stage and business manager); Mrs. Nottage, for her training of the vocal groups; Mr. Drake for his work on the stage; K. Cuming for the lights and electrical work; the prefects who acted as ushers; to those who provided property, and to everyone who was present to help make the evening such a success.

JUNIOR SCHOOL SWIMMING SPORTS

The Junior School Sports were again held at Crawley Baths this year. It was a very successful morning's sport, with many of the Juniors showing promise for future years.

After a keen tussle the final scores were:—Le Couteur 74 points, Wilson 43 points, Faulkner 37 points and Buntine 33 points.

Results:—

JUNIOR HOUSE CRICKET

FIRST TERM, 1948

The first round of matches was played at the School grounds on 23rd March. The results of the matches were:—

Buntine House 55, defeated Le Couteur House 24. Best players for Buntine were:—Lewis, F. O. House, Yeo; for Le Couteur, Thompson and Reid.

Faulkner 5 for 67, defeated Wilson 8 for 36. Best players for Faulkner were:—J. O'Meehan, T. O'Meehan, Wright and Sketchley. For Wilson:—Johnston, M., Evans, B., Cope and Murray.

The next round was played on 6th April. Buntine 7 for 66, drew with Faulkner 66. Best players for Buntine were:—F. O. House, G. Randell, Lewis; for Faulkner were: J. O'Meehan, T. O'Meehan, Sketchley.

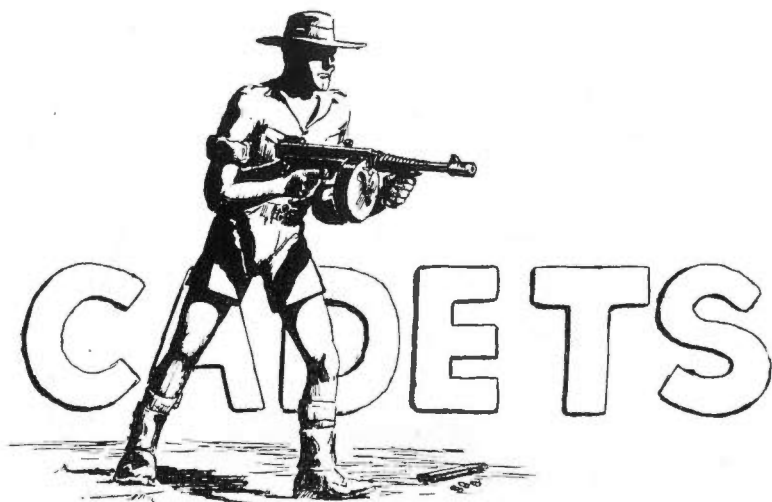

Le Couteur 3 for 74, defeated Wilson 51. Best players for Le Couteur were:—Thompson, O'Connor, Reid, Draper; for Wilson: Johnson, A., Olive and Evans, B.

The following week again two matches were played. Buntine and Faulkner played their match again, whilst the other two Houses played a scratch match.

The results of the day's matches were:—

Buntine 3 for 101, defeated Faulkner 13. Best players for Buntine were:—Lewis, House, G. Randell; for Faulkner were: J. O'Meehan, T. O'Meehan, Powell, Giambazi.

In the scratch match Le Couteur 31, defeated Wilson 30. Best players for Le Couteur were:—O'Connor, Reid, Thomson; for Wilson: Olive, Cope, Murray. These last matches marked the end of the cricket for the first term. The competition will be concluded during the third term.

CADET CAMP, 1947

Once again the annual Cadet Camp was held at Swanbourne Military Camp. This year, much to the joy of certain cadets, camp was held during the last week of term, from the 16th to 23rd of August.

Army vehicles transported the Corps from School to Camp on the morning of Saturday, 16th. That afternoon the Corps watched an interesting weapon demonstration featuring Austens, Brens, Vickers, Mortars, and Grenades.

Throughout the camp a varied and interesting syllabus was adhered to. Featured in the syllabus were night exercises, army films, range practices, tactical exercises, map reading and many other phases of Army training. One of the most interesting days was that which was spent on the range with the Bren and the Austen Guns.

On Tuesday evening we were addressed by G.O.C. Western Command, Major-General Whitelaw, who spoke chiefly on the opportunities offering at Duntroon and also showed us some interesting slides showing various aspects of the training at the College.

On Friday, 22nd, a 6KY concert was held in one of the huts. This concert, part of which was broadcast, proved most enjoyable to all those present.

It had been decided before camp that an Inter-Corps Guard Competition would be held. During camp quite a good Guard was formed by members of our Corps. Unfortunately, however, at the last minute it was found that no suitable time could be found for judging to take place.

On Friday, 22nd, three members of the Corps, L/Cpl. H. T. Loton, L/Cpl. W. H. McCausland, and Cdt. J. M. Love were trans-

ferred to the Rifle Range Camp to take part in a Potential Officers and Senior N.C.O.s' Course of a fortnight's duration. In the course of 31, Cdt. Love gained second place, while L/Cpls. Loton and McCausland tied for eighth position.

On Saturday, 23rd, the Corps was transported back to School in time for lunch, this bringing to a close a most enjoyable week.

SHOOTING

The shooting team was a little below standard in 1947. We entered in only one inter-cadet shoot in which we finished third.

The Inter-Detachment Cadet Shoot was held in August, but owing to numerous difficulties, Hale was unable to compete. The shoot was won by Christchurch Grammar School with Aquinas College second.

In December the Associated Public Schools Shoot (for the Defence Cup) was won by Aquinas College. The respective totals of the four schools were:—Aquinas College 428 points, Scotch College 415 points, Hale School 390 points, Guildford Grammar School 387 points. Our team consisted of Skipper, J. H. (Capt.); Halliday, W. G.; Turrell, B. C.; Flower, J. S.; Anderson, J. N.; Ives, R. D.; Day, A. O.; Norman, H. D.; Reserve, Anderson, P. F.

We would like to thank Mr. Drake for the interest and encouragement he gave to the shooting team throughout the year.

AIR TRAINING CORPS NOTES

1947-48

During the second term 1947 it was decided to form an Air Training Corps in the School. F/O. Adams, of the School Staff, who had five years' experience with town and country flights of A.T.C., was posted C.O. of 10 Flight, Hale School.

The inaugural parade was held on 24th September, 1947, with a parade strength of twenty-six Cadets. Present at the parade were W/Com. Rankine Wilson, C.O. W.A. Squadron A.T.C., S/Ldr. J. Wilkins, D.C.M., C.O. Public Schools' Flights, F/Lt. T. Rutter, R.A.A.F. Staff Officer Administration.

The Cadets were addressed by F/Lt. T. G. Cahir, of R.A.A.F. Headquarters, who was representing W/Com. Campbell, Director of A.T.C.

The first year's syllabus consists of drill, service knowledge, armament, airmanship, air recognition, navigation and signals. To cover this syllabus weekly parades are held each consisting of one period of drill and two lectures.

F/O. Adams received his due reward for the great interest taken in the Corps when he was promoted to the rank of Flight Lieutenant.

By March, 1948, the strength of the unit had reached thirty-six. Twenty of those attended an enjoyable Easter weekend camp at Rottneest Island.

The first term's work was terminated by a parade and review of the 48th Squadron by the Lieutenant-Governor, Sir James Mitchell, on Monday, 24th May, at Pearce Aerodrome.

A BUZZ FROM 6B HIVE (Summer Time)

Hearken unto the 6B class
Likened 'em unto the wandering Jews.
Wandering over the face of the earth,
Over the face in ones and twos.

Wander, wander little ones
How I wonder how you learn
Midst a run of * * puns
Knowledge gained is knowledge earned

Maths may come and maths may go
But my way they come never
Periods come and periods go
Methinks I'll stay forever.

Maybe some day a schoolroom built
Will be for 6B only,
A perfect piece of modern skill
A room so nice and homely.

By one who suffers dully (or dully—ED.).

CATTLE CAMP

The cattle in the wilga shade lie all at rest to dream
 Of luscious knee-deep river flats, beside a northern stream,
 Of cattle camps in mulga shade, and star-lit feed in trips;
 Before they learned from cattle-men the lesson of the whips.

And we all saddle-weary lie a-dozing round our fires
 Till some night-wand'ring kangaroo makes music in the wires;
 Then every beast is on his feet, and half are circling round,
 And you can hear the swift hoofs ring like thunder, on the ground.

M.E., 3R.

A MODERN HIAWATHA

Sighing deeply, sighing sadly,
 For the masters we are leaving,
 For the common room's bright portal,
 For the prep. room's cheery warmth,
 Gathering baggage, labelling luggage,
 Raising dust and scattering paper
 With the yardman's stout assistance
 Off we go towards the station.

No more Latin nor Math'matics
 Hauls us drowsy from our couches
 Showers fresh to wallow under
 Showers fresh but, Oh! what rapture
 When on issuing from the blankets
 One may meet their old embraces;
 No more bell to call us downstairs
 Entering prep. with hair unruffled.

What reward, what compensation
 Can we find in haunts bucolic,
 After schooltime's treasured moments
 After feverish search for knowledge,
 Hours when every precious minute
 Goes, alas! with fleeting footsteps,
 And the bell that ends the lesson
 Like a knell assails the eardrum?

Gone too soon those happy feelings,
 Which not seldom would possess us,
 When we interviewed our master,
 When he asked us to bend over
 (Haply to pick up some paper
 Or, perchance to tie our laces).

Gone the smile, with which we left him,
More in sorrow than in anger.

Home brings only restful slumber,
Only smiles await the laggard,
Quiet there the breakfast table.
Quiet there our little brother;
There we'll sigh and loaf in boredom
Longing for the coming schooldays
When we'll rush with eager faces,
Panting hearts and hurry breathless
Back to swot our dusty Latin.

TRY AND STOP ME !

(With apologies to Bennet Cerf.)

I have just decided to become a cynic.

This decision will probably raise plenty of opposition. You are probably shocked and dismayed and will try to dissuade me. You are probably wondering why such a healthy young mind should become warped by that unnameable quality. And you are probably wondering how the idea entered my mind.

I admit—nay, I openly state—that it originated in the movies the other night when I saw a picture starring one Oscar Levant. This actor changed the whole of my views on life overnight. (Here you older people will give a knowing look and say, "Aha! He is in the 'undecided' stage; he is easily influenced; he wants to be something one night and something else the next—therefore this is merely a passing stage." . . . And you sit back in your armchairs with a smug, self-satisfied look and try to forget that you, too, once went through that stage.)

And now you will say: he does not know what cynicism is; he probably mixes it up with sarcasm. But I have an answer to that, for I know perfectly well the difference between them. Sarcasm is the devil, and cynicism is between it and the deep blue sea.

Seeing that that attack failed, you now try another line. You will say: he is only looking at one side of cynicism. He wants to be a cynic just because he saw a certain actor mouthing forth repartee, bon mots, etc., with a glib tongue and a poker face. He would like to be able to say, "I do not like cold showers: they stimulate me. And then I would have to do something;" forgetting that those words were put into the actor's mouth, and that only a person with genius could utter them in everyday life. He does not realise that the great majority of persons who try to become cynics fail, and that only a genius can lift cynicism to the highest plane of life . . .

I am not sure that I altogether like your comments. In fact, I'm darned certain that I don't. I protest! How dare you criticise me! Leave me alone, will you?

I want to be a cynic.

APPRECIATION

He takes the boats to pieces,
And labels all the parts,
Crinkle finishing surfaces,
'Spite many cursing hearts.
The sawdust rains down thickly,
The crinkling still goes on,
The seconds rush up quickly,
But find all hope is gone.

Come new oars to the boatshed,
—Yes, painted must they be,
The Firsts aghast they saw them,
And laid them doon to dee.
The horrifying vision,
That brings them to their knees,
He smilingly reduces,
And tells them all to ease.

We couldn't do without him,
For boys to work aren't prone,
He gets us to the starting line,
Which we'd never do alone.
Should this verse appear relevant,
To a member of the staff,
It's not entirely accidental,
But he'll take it with a laugh.

BLACK MONDAY

It was Monday, Labour Day. The little man hurried on to the tram, but seeing no seat vacant, wedged himself into a corner of the motorman's platform.

He was an ordinary-looking man, in his late forties, thin and wiry, with that air of "shabby gentility" so often referred to by contemporary novelists, but so seldom found nowadays. His clothes were rather the worse for wear. His suit had been several sizes too large for him, but the tendency towards bagginess under the arms

and around the waist had been remedied with ample padding. The neck-tie he wore was dark red, partially hiding from view a shirt rather past its prime. A binocular-case hung from his shoulder, and in his hand he held a daily paper, which he was marking with a pencil.

The tram stopped at Forrest Place, and the little man, having paid his fare, got out and walked quickly towards the railway station.

"Rum little chap, that," said the conductor to no one in particular. "He's so damn inconspicuous that he stands out."

The "rum little chap," oblivious to the conductor's opinion of his appearance, reached the railway station.

.....

Mr. Luckman looked at his watch. The time was 12 o'clock. He didn't have to hurry. Almost two hours yet. He pressed the button by the door, and a maid appeared, and began to clear his lunch things away.

"Sol" Luckman was fond of his food, and he looked it. His fat, round face, watery-blue, button-like eyes, snub nose, and small, mean mouth gave one the impression of an over-ripe plum stuck with four or five hat-pins.

He was a short man and very fat. But his clothes fitted him perfectly. The navy blue, pin-striped suit, the brightly coloured tie, and the pink carnation in his button-hole gave him a well-fed, prosperous look. Having set his hat at the correct angle, and straightened his starched white collar, he gathered up a pile of silver coins and several packages of bank notes, lying carelessly on the sideboard, and bundled them all together into a leather bag.

This done, he walked out the back door of his apartment to the garage. Soon afterwards, a car crunched down the gravel drive, and turned out into the road. "Sol" was on his way to work.

.....

In the sports' section of the Tuesday morning paper there were headlines:

"Black Day For Punters—Bookmaker's Triumph!"

Somehow I connected "Sol" Luckman and that "rum little chap" with this news. I thought of the little chap's suit becoming more and more tattered, and "Sol's" corporation becoming more and more pronounced.

The thought was not a pleasant one.

FLYING

Flying on the ground,
 Flying o'er the sea,
 Flying through the air,
 The aeroplane, the aeroplane,
 Faster did it go.

Faster still and faster ever
Till we soared above the clouds
The earth was like a tennis ball
So small, so small,
Distant earth did seem.

Coming down, coming down,
Rushing madly to the ground,
On the runway with a bump,
Landing, landing,
Till it stops and we do, too.

ESSAYS

There are two types of essay. The first is the lengthy discourse on a subject by one familiar with it; the other, the essay set in class, or as a punishment by some harassed teacher.

The first type is undertaken only by masters of the English language, to express their opinions. They can be divided into many groups, the humorous, the humourless, the scientific recital, or the serious type with a twist of humour at the end. These are only some, no doubt inspired by some pleasing object or some new discovery. It is, however, the schoolboys' essay which is my theme.

These are regarded as weekly horrors set by a heartless form master on some subject far beyond our feeble brains. Of these essays there are two main types, the hopeless and the hopeful. The writer of the former, poor, unfortunate being, on the return of his essay finds a cruel and biting comment written on the bottom, followed by that dreadful epitaph, "Rewrite," scrawled in the master's untidy hand.

Each Wednesday afternoon, no matter how bright the sun, as each boy wends his way homeward, black thoughts fill his mind. Who invented essays? Whoever it was, he's a menace. Why did he remember to give us an essay? I've had essays!

On reaching his home the poor unfortunate settles down to rack his weary brain for a topic, or else frantically to scribble ideas on his scrap of paper. At the end of an hour of patient work his effort is finished and with a thankful sigh he takes it to his long-suffering parent to have it signed.

Poor boy, for all his work, when his essay returns some caustic remark is again found scribbled beneath his weary effort, and a fresh essay is set.

Thus does the cycle go week after week throughout the school year, until the holidays bring a welcome change.

MR. DRAKE'S BELL

(A piece of free verse—the only thing we get free at School.)

The bell that calls us unendingly,
The bell that brings us unceasingly,
From our game of cricket;
For the morning assembly.

The bell that rings everlastingly,
The bell that tells us cheerfully,
The period has ended;
The end of a period of Latin.

The bell that tells us quickly,
The bell that finishes our day,
The bell for hometime is ringing
The end of another day.

—N.C.

SHOOTING BOOTS

Although they're old and finished we've stuck it out together,
They may be worn and dirty, but they've seen scales, fur and feather.
They've gone through southern timber, where the axe's ringing sound
Re-echoes and reverberates a thousand times around,
They've tramped the rock-hard Goldfields where they've chased the
fleeing roo.

They've seen tight spots where emu meat was all that we could do,
Seen in the east through dust the wheat, and heard the tractors roar,
And me (without a passing thought) through heat and cool they bore.

They've chafed with hard steel stirrups, and they've clinked with
shining spurs,
They've followed in amongst the sheep, they've heard the dark bats'
whirrs,

In coastal caves death-still and cool, where sand sifts, shifts and slides.
They've tramped around the crystal pool where never horsemen rides,
They've squelched the oozing northern mud on silent slimy banks
Of billabongs where wild duck rise and fly in broken ranks,
And silver sheets leap from their heels as, with the wind grown shorter,
They land with quacks and other teals to cleave the mud-brown water.

They've climbed sharp crags and mountains where the wild goats jump
and leap

From ledge to ledge above sheer drops that look so deep and steep
That the silver babbling ribbon way awinding far below
Is just a strip of shining light, an echo soft and low.

And far from here in brown grass bobbing grey rabbits they have seen.
They've seen the wedgetail eagle soar and glide in currents keen,
They've felt the smooth, cold snake scales slide across them in the
gloom,

They've seen the storm, heat, damp and lightning, heard the thunder's
boom.

They've been good boots to me through all—I hate to see them go.
Although the new ones, clean and trim, put up a better show,
And though I hate to do it for they seem old friends to me,
The time has come when such old friends for ever cease to be.

THE ROUND-UP

The ranges were ringing all day and all night
The stockmen were riding as fast as they might.
For the squatter who lived on the station "Big Bell"
Had ordered a round-up while all was still well.
For the drought was now gripping, it was something like Hell
As the drought settled parching down on the "Big Bell"
And the cattle were dying by hundred and hundred,

The men were all thinking it o'er in their head.
Some said they'd sign off and the squatter got worried,
And the others they'd go if the job got too hurried.
But one said "I'll stick by you," his name was Old Jack,
"I'll stick right beside you, just me and me hack."
So off from the homestead the pair of them cantered,
And back in the saddle both firmly were planted,
The men saw them go and in shame joined the horsemen,
And the cattle were brought in right there and right then.

PRESIDENT'S REPORT

Presented to the Annual General Meeting of the
Old Haleians' Association
on Tuesday, 10th February, 1948.

Gentlemen,

In presenting the Annual Report of your Association for the year 1947 I trust that the efforts of your committee in keeping the Association active and of benefit to its members will meet with your entire approval.

Regular monthly meetings have been held throughout the year in the Headmaster's Study and keen interest and enthusiasm has been shown by most members and steady progress has been made in an effort to increase the numerical strength of the Association. Membership records have been checked and brought up to date and names of Old Boys more than two years in arrears have been deleted. The Secretary, however, will be glad to hear from all Old Boys who desire to renew their membership, as during 1948 it is hoped to build up our strength to 1,000 members and this should be easily accomplished, considering the number of boys who have passed through the School. To those who are not members I would say that the Association is the only link they have with the Old School which gave them their

chance in life, and the Association assists the School in many ways. Old Boys by joining up not only derive much personal pleasure but can be happy in the knowledge that they are helping the Old School.

At present the membership is 488, an increase of 70 from last year.

Financial

Although the Treasurer's report shows an excess of revenue over expenditure amounting to £35/19/6, this surplus is £225 13/- less than the surplus of £261/12/6 last year, caused mainly by the falling off in Life Membership Fees. There is now an amount of £710 invested in Commonwealth Bonds representing life members' subscriptions. An amount of £50 was paid towards the cost of publishing the "Cygnet" for which your Association received some 500 copies which were distributed to members.

Social and Sporting

The School assembly and cricket day was held in February and was voted a great day by all who attended. The Annual Ball held at the Embassy was an unqualified success socially, but financially a loss was shown. However, those who attended were not disappointed. On Inter's night a very successful dinner was held at the Club Cabarita where a very enjoyable evening was spent by about ninety Old Boys together with Members of the Board of Governors and the Headmaster, Mr. V. S. Murphy, who gave an inspiring address on the obligations which devolve on Old Boys as bulwarks of their Old School.

The Old Boys' Hockey Club

The Old Boys' Hockey Club, whilst not winning the competition, acquitted themselves creditably and it is to be hoped that more boys will take a keen interest in this field of sport on leaving school.

Members of the Amateur Athletic Club also achieved some outstanding successes during the season. Old Boys congratulate the School on winning the "Head of the River" the "Alcock Cup" and also the "Darlot Cup," whilst the athletic team did well to finish second to Guildford—a splendid achievement for the year. Congratulations are also offered to the School in having secured sixteen "Leaving" and twenty-three "Junior" Certificate passes.

On the 4th inst. representatives of your Association, together with Mr. Murphy, met a committee from the Board of Governors to discuss the building of a Memorial Hall to commemorate those Old Boys who gave their lives in World War II. It was suggested that the Memorial should comprise a School Community centre to be erected at some future date in conjunction with a new school on the Board's own land at Wembley. It was recommended that Old Boys should support such a scheme and a special appeal be launched forthwith. A sum of £10,000 will be needed and it is hoped that every Old Boy will solidly support this project, especially as such donations are an allowable deduction from income for taxation purposes.

Mr. Murphy also suggested calling a meeting at the School of parents of present boys and old boys and also Old Boys themselves so that all interested in the future welfare of the School would have an opportunity of making themselves fully acquainted with the Board's plans.

Old Boys' day for 1948 will be held on Monday, 1st March, and will commence with a "Fall In" at the School at 8.50 a.m. The cricket matches will commence at the W.A.C.A. Grounds at 10.30 and it is hoped that many Old Boys will avail themselves of the opportunity of lunching together at one p.m. Those intending to be present are asked to advise the Secretary as soon as possible.

In conclusion I would like to express my grateful thanks to all members of the Committee for their co-operation during the year; and on behalf of the Committee and myself I wish to thank Mr. T. E. Eyres and Mr. M. Becher for the efficient manner in which they carried out the duties of Secretary and Treasurer, respectively. It is regretted, however, that Mr. Becher does not wish to nominate for a further term, so it will be necessary for this meeting to elect a successor.

Your Committee also desired to express thanks to the Headmaster for the use of his study for our meetings. His attendance at, and his keen interest in, these meetings has also been greatly appreciated by all.

C. J. B. VERYARD, President.

TREASURER'S REPORT

For the year ending 31st December, 1947

Mr. President and Gentlemen,

In submitting the Balance Sheet of the Association as at 31st December, 1947, and the Accounts for the year ended on that date I have pleasure in reporting that the year's operations resulted in an excess of revenue over expenditure amounting to £35/19/6. Whilst this is £225/13/6 less than the surplus of £261/12/6 for 1946 the difference is largely accounted for by the expected falling off in Life Membership Fees following the completion of demobilisation and the increase of the fee to £10/10/-.

An unsatisfactory feature is the loss of £28/12/7 on the Annual Ball compared with the profit of £44/7/11 made on the function in the proceeds of ticket sales which were £208 in 1946 but only £82 1946. The lack of support given to the Ball is clearly shown by in 1947.

Expenditure for the year was £196/15/8, roughly £20 less than in 1946. Principal differences are that postages, telegrams, etc., were £9 less, cost of circular £5 less and donations £18 less. Loss on functions increased from £46/14/10 to £53/6/8, a difference of £7/11/10.

On the income side we received £235/5/8 which is £244/10/5 less than in 1946. The main differences are that Life Membership subs decreased by £189 and there were no profits on the Ball. Receipts of current subscriptions increased by £22.

As regards Life Membership funds we had an uninvested balance of £77/15/- at 31st December, 1946, and received a further £78/15/- during 1947. £100 was invested, leaving an uninvested balance of £56/10/-.

In conclusion I wish to suggest two matters for consideration by the incoming Committee.

The first is the launching of a scheme in conjunction with the Board of Governors, to raise funds for the erection of a suitable

memorial to our dead of World War II. This should be started soon or it may be found that potential donors have given their money to other memorials.

The second matter is the question of some substantial assistance to the School, which is very badly in need of grounds. The Headmaster has suggested the construction of tennis courts at the School. This I believe would cost some £700 which is not a large sum to be raised from those who have passed through the School. Many of them are not members of the Association but that is no bar to their making a small donation. If we could collect only 10/6 per head from 50 per cent of those who have left the School and are still in W.A. the total would be a very useful sum.

(Signed) M. BECHER, A.I.C.A., Hon. Treasurer.

CIRCULAR NEWS LETTERS

Owing to the welcome these letters receive from many Old Boys, especially those living away from town, it is the intention of the Committee to continue this link in the Association. The Secretary would appreciate more news from Old Boys to include in these letters, thus making items of greater interest.

BOARD OF GOVERNORS

The vacancy created by the retirement of Mr. J. F. McMillan from our Board of Governors, as the Association's Representative, was filled by Mr. A. H. Christian.

The Association appreciates and thanks Mr. McMillan for his work and past assistance and feels confident in Mr. Christian's ability as a worthy successor.

Social Events Since Last Issue

ANNUAL DINNER

This function was held on the evening of Inter-School Sports Night at the Cabarita in Hay Street, and was attended by about 90 Old Boys.

OLD BOYS' DAY

This year, owing to various factors, our annual day was held somewhat later, but fortunately we were blessed with perfect weather.

The day commenced with School Assembly, attended by the following Old Boys who "Fell In" with the School and attended Prayers and Roll Call in the School Hall.

Through the courtesy of Mr. Cyril Cornish a bat was presented for the best individual effort of the School team. This coveted trophy was won by B. H. Dymock.

Luncheon was a happy interlude, the guest of honour being the Premier, Mr. Ross McLarty.

The cost this year was reluctantly increased owing to all-round increases in expenses but the Committee had no option in the matter—as a matter of fact your Association showed several pounds loss on the day.

OLD HALEIANS' HOCKEY CLUB

This season promises to be the first of many good years and under the able captaincy of Barney Hancock and keen secretaryship of Giff Lewis the club is well on the way to becoming one of the most solid in the Association.

Four teams have been entered this season, namely: A1; Reserve; B2 and a Junior team under the experienced guidance of Dr. Lindsay Gray.

The Club would welcome any Old Boys desirous of playing, and enquiries may be made of Barney Hancock, c/o. South British Insurance Co., B 6151; Giff Lewis, of 2 St. George's Terrace, or Bill Armstrong, Orient Building, B 5940.

Practice is held on Monday and Wednesday evenings, and we have the use of the West Australian Rowing Club for changing, showers, etc.

The new outfit is the smartest in the Association and social gatherings have been organised, the first being a trip to Harvey on the 29th and 30th May.

If you are interested, call and see any of the above and join a good crowd of Old Boys.

BOAT RACE

An Old Boys' crew was entered in the Old Boys' Race and did remarkably well. This closely contested race resulted in hardly a length separating the four crews.

Our crew, organised by Keith Jackson, was as follows:—

Position.	Name.	At School.
Stroke—	Bruce Chappell	1945
7—	David Norman	1947
6—	Peter Forbes	1939
5—	Keith Jackson	1939
4—	Bill Irvine	1947
3—	Don Devenish	1947
2—	Peter Lowe	1945
Bow—	Bill Gardner	1945
Cox—	Earl Arney	1914, 15, 16

OLD HALEIANS' AMATEUR ATHLETIC CLUB

We are very pleased to see that one of our Old Boys in Dr. Charles Green has been selected to represent Australia in the Olympic Team for 1948. "Mitzi," as we all know him, has worked very hard to gain selection and we offer him our very best wishes for his forthcoming trip to England.

Another of our Members who distinguished himself in the past season was Don. Keane, who was selected for the Australian Championships held in Melbourne last January. Don. has shown outstanding ability as a walker, already holding the State mile record. We will watch his progress with much interest.

During the 1947 long distance season we were runners up, and the Club won the B Grade Fremantle to Perth relay.

Prospective members are asked to communicate with the Club Captain, H. Tonkin, 30 East Parade, Norwood, or with the Secretary, R. Chipper, 16 Regent Street, Mt. Lawley.

SOCIAL EVENTS

COCKTAIL PARTY ON BOAT RACE NIGHT

Your president issued instruction at very short notice to hold a Cocktail Party. All those present know what a success it was, and the Committee are of the opinion that this should be a regular function. However, we were a little disappointed that so many members replied after the required date. In future we will have to be more stringent and insist that we know well before hand who are coming.

The assistance of our old friend Gra Rosser was enlisted and he then opened the portals of Tintern Lodge—Thanks, Gra.

A very large number of Old Boys and their friends accepted the hospitality of the committee and we are looking forward to seeing them again on 19th August at the Y.A.L. Hall where we are holding our Annual Ball.

All enjoyed Cyril Peet's moving pictures of the previous boat race and Old Boys' Days, which were screened outside.

Unfortunately, we cannot give a description of the frocks worn, as we did not have a reporter of our own to make notes. To break down what seems to be a well-established rule that only the women folk get a mention as to their attire, we record the light and dark blue bow tie worn by our President.

Kindred Associations

To our Kindred Associations we express our thanks for, and appreciation of, the invitations received to their social gatherings. Similar invitations are issued by us to the other Old Boys' Associations.

Headmaster and Staff

To the Headmaster and Staff we extend our appreciation of their help and willing co-operation in all matters of the functioning of the Association. By virtue of the fact that they are Honorary Members of this Association they are invited to, and welcome to attend, all our functions.

General Notes

A most interesting letter has been received from one of our oldest Old Boys, Mr. E. A. Letch, of "Juadine," Mokine, who attended Bishop Hale's School for the last 12 months of its existence.

The letter reads:—

1st March, 1948.

Fraternal and Dear Sir,

Thank you for your letter and contents which I appreciate as one of the Old Boys of Bishop Hale College for the last 12 months of its existence as such, and as one of its last pupils under the late esteemed master, Major (or as we called him, "Paddy") Haynes, under whom I was transferred to the newly formed Government High School almost opposite the old College site and grounds. I am afraid, however, that my present Methuselah age of 83 blots out any interesting items of that 12 months' period.

I am still proud of the fact that in 1881 and 2 I gained the Head prize each year awarded by the Governors of the High School under the title of "Best All-Round Boy," and I left School with those and other prize laurels. The next year the Governors made it a Bursary for three years' attendance at a London University, the first year being won by the late Dr. Saw, and which I probably missed.

Our first Headmaster under the new School was Mr. Davies from England, assisted by Mr. Haynes as second master, but after several years Mr. Davies married the Anglican Dean's daughter and returned to the Old Country, being succeeded by Mr. Beuttler, also from England, assisted by Mr. Haynes as second and Mr. Stables as third. The School having increased considerably in numbers, we moved up to the Barracks, building new dormitories at the old Military buildings opposite, and having our Sports Ground on the vacant blocks facing Milligan Street, the ends being St. George's Terrace and Hay Street.

There being no other secondary school our only opponents were the gentlemen of the Weld Club, whom we usually thrashed. Our annual sports meetings held on the Milligan Street block were very popular with Perth people.

Due to your carrying me back to my pleasant school days, this is rather a breezy schoolboy letter, and as perhaps you might like to know a little of my life since those days, please accept these last concluding items from the writer for what they are worth.

Leaving School, I joined the Public Service as a telegraphist in the G.P.O., Perth, where I remained for 20 years, and being musical, during this period I became organist of St. George's Cathedral in the old Church, officiating at the last service in the old building, and the first service in the new (present) Cathedral, including the Consecration Service, Sept., 1888.

Retiring from the Public Service in 1904, I went on to the land in the Northam district, interesting myself in my spare time in local governing work. I became a member of Northam Road Board, and remained so for 24 years, the latter 16 years as Chairman, carrying with it a J.P.-ship for the Northam, York and Toodyay districts.

Now, until we meet, I think you have had enough from my pen, but even at this late date let me know the membership fee and forward literature as a Member of the Old Boys' Association.

With a wish for bumper success attending today's function and with kind regards.

Another interesting letter from J. C. Tozer (of a later generation) reads:—

COPY OF LETTER

From Mr. J. C. Tozer, 7th March, 1948:

Dear Secretary,

In the mail this week your Circular Letter No. 11 arrived, and although it is three months old, it was none the less acceptable. Indeed, being away from school associations (there are no other Old Haleians on the Island, only one other Western Australian) makes one all the more avid for news of old connections, and it was good to read of the School and its doings, and the brief mention of many names of Old Boys that I know. I am looking forward to further "C.L.'s" and in particular do I anticipate with pleasure the arrival of the "Cygnet" later in the year.

Best of good fortune to you and all Old Haleians and to Perth generally. I should be down on leave for the Annual Dinner of 1949.

ROLL OF HONOUR

In response to the request for further names of Old Boys who gave their lives in the last war, we acknowledge the following information from Mrs. Guy Mitchell and T. A. Fawcett, the latter himself a member of Air Crew, R.A.A.F.:

FORREST LEE STEERE, who died a prisoner of war on the Siam Railway, October, 1943.

HARRY BROOMHALL, who was killed in an air crash in the Middle East.

"With faith in their hearts and hope on their lips, they passed beyond the mists that blind us here. Their yesterday makes possible our tomorrow."
