EDITORIAL

WE are all inventors sailing out on a voyage of discovery, guided by a private chart of which there is no duplicate, said Emerson. Here in the sheltered waters of school we must prepare our boat and devise our chart, remembering that once afloat there is no chance to do anything other than to trim our sails.

As we look out from our haven we can see many dangers which will beset our voyage. There are many such dangers, such as shoals and reefs, which only those already on the voyage can see. The advice which those afloat send back to us we must incorporate in our charts or else we will suffer those hazards which they are trying to help us to avoid.

Although we have to construct a private chart, let us avoid the thought that to compile it is our only care. There are others less fortunate than ourselves, and it is our duty to see that their chances are not impaired by our disregard for their welfare. The selfish appropriation of a greater amount of wood than we need will sink our boat just as easily as the lack of it will sink those who must go without.

There are many cruises along the shores of the bay which can provide us with experience. In our school we have many such opportunities for gaining experience, and unless we grasp them while we can, we will be just as sorry as the captain who lost his ship because he did not learn when to shorten sail. So if we mean to make a successful passage, and even if basking in the pleasant sunshine of self-indulgence is pleasing now, far greater will that pleasure be if, having forgone it now, we make a harbour on the farther shore where we will be rewarded by the knowledge of a job well done.

So with the world today, with its increasing problems and difficulties, where Britain and her Dominions have twice in this last half century failed to keep the peace by force of arms, where each successive war increases the toll of human misery, must we do something about it. If we want to avoid being the third generation of cannon-fodder we must set about by fostering the ideas of world security as against national prosperity. The soldier, armed with his rifle, has failed; so now is the time for the people of each nation to work together for their own salvation.

You can help. You, by considering the welfare of others as much as your own, you can add something, however small, to a tide of goodwill amongst men which could make the world a place safe for all, whether weak or strong.

SCHOOL NOTES

SECOND TERM, 1949

THE term began on Tuesday, 24th May, and we welcome Mrs. De Rouffignac to the staff to take the place of Mrs. Blyth in the Junior School.

During this first half of the term we had weekly visits from members of the Rotary Club, who spoke to the sixth form concerning their occupations. We would like to thank them for their most interesting talks, especially as they came during school hours.

July 9th to the 11th was a welcome relief—the long weekend.

The Senior School presented "The Ghost Train," which ran for a limited season from 21st to 22nd July, but was played to capacity houses.

It was unfortunate that owing to industrial troubles the inter-school debates set down for this term had to be postponed, especially since we had a very sound team after this term's debating at school.

The term ended on Thursday, 18th August.

Not so, however, with the school exams, which began on July 29th regardless of blackouts.

July 10th saw the school pugilists "letting off steam" and providing us with a fine night's entertainment.

The Junior School carried on the good work begun by the seniors by presenting a fine two-nights' show on 12th and 13th August.

August 17th saw the initiation of the eighth and last prefect of the year, I. Cruickshank. Mr. Loton officiated, Mr. Burges, an Old Boy, also being present.

THIRD TERM, 1949

SCHOOL reopened on 6th September.

As a result of Mr. P. D. Langley's departure, Mr. J. B. Newbery returned to the School, having consented to take the examination forms for their final term's work in Physics and Chemistry.

The following day the athletic team made the acquaintance of their new coach, Mr. Frank Bird, an Old Boy of the School and a former Interschool Champion. Mr. Bird's knowledge of athletics is wide and he covered the recent Olympic Games for several newspapers.

On the 9th September we learnt that our Honorary Chaplain, the Reverend R. W. Hamilton, had been made a Canon. The Headmaster expressed the School's congratulations on this honour.

Mr. Arthur Morris, of cricketing fame, visited the School on September 16th and answered a number of questions at the completion of his address to the assembled boys.

The School Sports were held under very difficult conditions, which prevented good times. This was extremely bad luck for a number of athletes.

J. F. Cruickshank was appointed Captain of Athletics.

On Saturday, October 22nd, the Interschool Athletic Competition was held in perfect weather. The School extends its congratulations to Guildford on their win.

A number of records were broken. From Hale, both G. H. Christian and H. S. Radden finished inside record time in the under sixteen 220 yards.

Although the team did not do as well as might be expected, it was no fault of their coaches and the team personally thanked Mr. F. Bird, Mr. W. R. Corr, Mr. Geoff. Hammond, Mr. Keith Allen, and Mr. Grigg for their advice and help.

The School was deeply grieved to hear of the death of Mrs. Lodge, mother of the captain of the First XI. Mrs. Lodge was a staunch supporter of the School and we extend our sympathy to all members of the family.

As a result of the tie in the cricket competition, it was necessary to arrange a play-off between the School and Scotch College. Scotch had a decisive win due in particular to the fine effort of their captain, Vincent, who scored a century.

SCHOOL STAFF, 1950

Standing : Messrs. W. G. S. Johns; L. A. A. Lutz; W. R. Corr; V. A. Fisher; K. L. F. Edwards; W. F. Longley; E. B. Adams;
L. E. McCarrey; T. D. Hoar; C. H. Hamilton; T. F. Clarke.

Seated : Miss D. Green; Messrs. G. N. Altorfer; A. C. Marshall; The Head Master; Messrs. J. Drake; M. W. Mill; Mrs.
U. De Rouffignac.

The School received a visit from Mr. Adrian Quist, Davis Cup tennis star, who addressed the School for some time and then answered questions.

The Hobbies Exhibition, held late in the term, was noticeably larger than last year's and of a much higher standard.

The Prefects' Dance was a great success and its organisers are to be congratulated.

Speech Night was held on Thursday, the 8th December. Colin Simpson was Dux of the School. Mr. T. Loton proposed the vote of thanks to Sir James Mitchell, who presented the prizes.

FIRST TERM, 1950

THE holidays finished on the 14th February, and the Headmaster welcomed new masters and boys to their first Assembly. The new members of the staff to take the places of Mr. P. D. Langley, Mr. T. Tomlinson and Mr. G. F. Wakeford were Mr. L. E. McCarrey, Dr. H. R. Trenaman and Mr. W. F. Longley.

The form lists were read and the School resumed work.

On the following day, the 15th, Mr. E. T. Loton addressed the School at Assembly and he also welcomed everyone.

Later in the week the School was pleased to hear of the appointment of K. W. Gibbs and R. S. Wilson as School Prefects, and J. F. Cruickshank as Captain of the School.

Early in the term the Rev. Coledrake spoke to us on his mission work in Japan. It was a very interesting talk and gave us a much clearer idea of conditions there.

Old Boys' Day—the 8th March—brought quite a large muster for Assembly, and two teams were able to play against the School in the Annual Cricket Match. Our 1st XI won comfortably, although our other team was defeated.

The School Swimming Sports, held at Crawley Baths, gave R. S. Wilson the School Championship for the second year in succession.

The Interschool Swimming Team, under the captaincy of Wilson, was not successful and the competition resulted in a win for Scotch College.

Hale won the Law Shield Life-saving Competition with their Senior Team. Congratulations are due to Wilson and his team.

The School team had the better part of the match against Mr. Loton's XI at Herne Hill. This match is an annual fixture for the 1st XI.

On March 15th the School was pleased to welcome three Old Boys to Assembly. They were Mr. Burges, Mr. E. T. Loton, and Rev. L. W. Riley.

The Rev. F. E. Eccleston has been giving Divinity lessons to the Senior School this term, and the School offers him a very warm welcome.

The cricket season was moderately successful. Hale, sharing second place with Scotch College, is within striking distance of the Cup in Third Term.

Members of the Sub-Leaving Form had a welcome break from School when they accepted an invitation to visit Houghton (C. W. Ferguson's) Vineyards. The boys had a very interesting time, the highlight of the visit being afternoon tea. We offer our thanks to the management for the invitation and to Mr. Mann for showing us round so instructively.

The Tennis Team, under the captaincy of D. W. Watts, won the Unofficial Interschool Tennis Competition again, after defeating Scotch College in the final on the 19th April.

The Annual Head of the River Race, held on Saturday, April 22nd, was rowed under excellent conditions. The School started well when it won the Fours Race, and came second in the Second Eights. In the main race the crew failed to gain a place. Congratulations, Aquinas, on your record-breaking row! Congratulations also, Hale Four. On the evening of the race many of the senior boys had a very enjoyable time as guests of the rowers at their dance in the rowing sheds.

The end of term exams commenced on Monday, 24th April.

On the 25th April an Anzac Service was held at the School, and Mr. R. Ainslie, an Old Boy of the School and a lieutenant-colonel during the war, addressed us. We were then given permission to attend the Esplanade service, returning to School in the afternoon.

At the end of term the Senior School was divided into Houses in much the same way as the Junior School.

The School Cadet Corps went into camp at Karrakatta on Saturday, May 6th, for one week, and the A.T.C. spent a week in camp at Pearce.

PREFECTS, 1950.

Standing : T. Catling; B. W. Roe; K. W. Gibbs; R. S. Wilson.

Seated : I. St. B. Cruickshank; J. F. Cruickshank (Captain of School); V. S. Murphy, Esq.; H. S. Radden; T. C. M. Senior.

SECOND TERM, 1950

School reopened on Tuesday, 30th May, for the second term's work.

On Wednesday, 31st, the 1st XVIII won comfortably against a combined Old Boys' team.

The following day in Assembly the Headmaster presented Junior Certificates to the successful candidates from the School.

The School learned with pleasure of the success of one of its Old Boys, Ken Tregonning, who won the Lord Gowrie Scholarship.

Early in June a move was made to open the season's Dramatic Society's activities; however, through lack of a suitable play, the project had to be abandoned. Arrangements for the Junior School plays went ahead as usual.

The election of the Debating Society committee took place on Thursday, 8th June.

The Bishop of the Riverina, the Rt. Rev. C. H. M. Murray, addressed the senior boys of the School on Tuesday, 13th June. He was introduced by the Rev. Eccleston and welcomed by the Headmaster. He gave a very interesting talk on the Church's confidence in man.

Two new prefects were appointed on the 14th. They were T. Catling and B. Roe, both members of the Boarding House.

The first of the Senior Interhouse Debates was held on Tuesday, 27th June, in the Boarders' Common Room. These debates were a weekly feature of the term.

On Wednesday, 28th June, the Headmaster on behalf of the School expressed its sympathy to Mr. Morrison, Shirley and Jock on the tragic death of Mrs. Morrison.

The first round of the Interschool Football Competition ended on Wednesday, 5th July, when Aquinas College defeated the School. The 1st XVIII had only one win—against Guildford.

The Annual School Boxing competition was held on Thursday, 6th, and a very long programme was closed by an exhibition bout between T. Catling, unchallenged School Champion, and J. Doust. Mr. B. Jeffries refereed very ably throughout the evening.

Mr. Marshall returned to School on the following Monday after an illness and we trust he is again in good health.

During the term Dr. Trenaman was forced to resign through ill-health. The School was sorry to lose him. Mr. Adams, who had been absent from School since the beginning of term, also returned. We hope he is also in the best of health again.

On Wednesday, July 12th, the School won the Annual Old Boys' Football Match comfortably.

The following day the School Cadet Corps was inspected by Colonel Barrett, who later addressed the assembled Cadets on "The Army as a Career."

Tuesday, 25th July, saw the first Interschool Debate, against St. Hilda's School. The debate was held at St. Hilda's, and our teams were defeated. The Senior team in particular lost by a very small margin. The teams were, however, recompensed by a very enjoyable supper held afterwards. We would like to thank St. Hilda's for such a pleasant evening's entertainment.

In Assembly on Friday, 28th, members of the School Life-saving Teams were presented with the medals and certificates which they had won in the past season. R. S. Wilson received the Medal of Merit. Congratulations, Ron!

Both First and Second XVIII's were defeated by Aquinas on Wednesday, August 2nd. For the First XVIII the season was not over successful, but the "Seconds" came second in their competition.

On Thursday, August 3rd, an Interschool Debate was held in the School Hall against Scotch College. The School won the Senior Debate only.

On Monday, August 7th, examinations in the Senior School commenced.

The four new prefects for the year were inducted on Wednesday, 9th, by Mr. Thorley Loton, Chairman of the Board of Governors. They were T. Catling, K. W. Gibbs, B. Roe, and R. S. Wilson.

The School was notified that its holidays had been extended and that they would commence seven days earlier, with the idea of preventing the prevailing mumps and measles sweeping through the House.

The First XVIII spent a very pleasant day at New Norcia, when they played the local College's team on Saturday, 12th August.

On Monday, August 14th, the first Senior Interhouse Football Competition was held, School House easily winning against Buntine House. All the Interhouse football matches were completed in the last week of School, and Wilson House won the competition. The standard of play in all matches was very high.

Term ended on Thursday, August 17th.

SPEECH NIGHT

Once again Speech Night was held on the lawn between the Boarding House and Junior School. Canon R. W. Hamilton said the opening prayer after the National Anthem, following which the Captain of the School, Robert Reid, gave his report on the year's activities.

After this, the Headmaster gave his report on the School year, and then His Excellency the Governor, Sir James Mitchell, G.C.M.G., presented the sports trophies and school prizes.

The Chairman of the Board of Governors, Mr. E. Thorley Loton, then ended the evening with a vote of thanks to His Excellency.

CAPTAIN OF SCHOOL'S REPORT

YOUR EXCELLENCY, Governors of the School, Mr. Murphy, Members of the Staff, Ladies and Gentlemen:

It gives me great pleasure to take this opportunity of welcoming His Excellency the Governor, who is to present the prizes this evening. To you, Sir, we extend a hearty welcome, and on behalf of the School I wish to offer our sympathy on the passing of Lady Mitchell, who was well known to us all for her great work and kindly interest in this State.

This year we have not been successful in the majority of the sporting activities. The School, however, were premiers in the Inter-school Tennis played in the first term.

To Scotch College we extend our congratulations on winning the swimming. Our team finished in fourth place. Until boys realize that Hale cannot improve its standard of swimming unless individual training is started in the middle of third term, we shall not fare any better.

The rowing eights and four trained very conscientiously this season, though the School gained only a third in the Head of the River, and only fourth in the Second Eights and the Third Fours. The School congratulates Aquinas, who rowed the great race in a most convincing style.

During the Football Cup matches there was lacking the team co-operation essential to the game. Boys will have to train hard next year and keep the essentials of football more closely in mind. The Aquinas team is to be particularly congratulated, as it was undefeated throughout the season. Hale finished equal third with Guildford.

In athletics, good spirit and co-operation made it possible to field a well-trained team; although we occupied fourth place, the team fought back throughout the day. Guildford deserved their great win for their steady performances and fine team spirit.

The cricket team, which was very young and inexperienced at the beginning of the year, developed into a fine all-round combination. It ended the full round of Darlot Cup matches sharing first place with Scotch.

You have just heard the results of the Shooting and the Cricket play-off.

The exhibits displayed in yesterday's Hobbies Exhibition were greatly appreciated. The Senior School must realize that this exhibition cannot be a success unless it receives more support.

The customary Junior House competitions were played again this year. There was a Junior Swimming Carnival with Christ Church, resulting in a win for Hale. We, too, were successful in the Junior School Athletic Competition. It is from the Junior School that we obtain well-trained young players for our Senior team in the future.

At the kind invitation of the A.S.C.M., the Headmaster, Masters and Prefects attended the most impressive church service for University students at St. George's Cathedral.

"The Cygnet" was produced in the second term, its contents being up to the standard of previous years, but boys must support their section of the magazine, the Original Column, by each one trying to write at least one contribution.

The School Cadet Detachment and Air Training Corps completed a successful year's training. The Cadets had their last parades in the form of a bivouac held at Swanbourne Camp.

Unfortunately, Interschool Debating fixtures with St. Hilda's and Scotch College were cancelled because of the power restrictions. However, there was an active season's debating in the School during the second term.

The School Boxing Tournament was held in the Hall on the last Tuesday of second term. This year the Championship Weight Divisions were reinstituted with the result that the competition and the standard of the bouts greatly increased. We appreciate Mr. Ryan's holding of extra classes to train a number of the boys.

The Dramatic Society, under Mr. Wakeford's careful supervision, produced "The Ghost Train." All who attended, I am sure, were very impressed by the performance. The Junior School, too, presented a most enjoyable selection of short plays later in the term.

After much persuasion by form captains, the Blind Collections increased this term to reach quite a creditable sum.

Still vivid in our minds is the memory of the Prefects' Dance held last Monday evening. I take this opportunity of thanking Mrs. Murphy and the mothers of Sixth-formers, who prepared a most delightful supper. Without that untiring band of helpers the dance would not have been a success.

To the Prefects, I express my appreciation of the support that they have given during their period of office. Four of the team will be returning next year. These Prefects, I am sure, will continue "to support the well-being of all in this School and to uphold its traditions and honour." However, it is futile for the conscientious one to work for the School if the mass of boys does not recover the spirit of co-operation. There is a dangerous percentage of this School who show no ambition, who resent the everyday discipline, and who will not grasp opportunities for development of character.

And in a school where the far greater proportion consists of day boys, we look to parents, the elders, to urge their sons to get as much as they can out of every aspect of school life.

It should be each boy's "duty" to support the traditions and honour of Hale School and to have the ambition to enter his sphere of life as a gentleman and as a responsible citizen.

HEADMASTER'S REPORT

TONIGHT marks the end of another school year, a year in which we have had our share of disappointments, but we have also had our moments of satisfaction. In games, as the Captain of the School has pointed out, we have had to be content with very modest places in many of the interschool competitions. Yet even in a decisive defeat a school may well be proud if, against superior odds, its boys have shown courage and tenacity, and if less gifted boys have risen superior to themselves in the struggle. In the class rooms a master reaps his reward not so much from the success of a natural genius, but from the bare pass of a lad he has helped to triumph over a late start or a faulty early grounding in his academic work. His disappointments are with those who, possessing some natural ability, do not use it to the best advantage.

Once again numbers have remained at a high level, though this year we have had a very small upper sixth form, through greater numbers of sub-leaving boys going out to employment last year. The Boarding House accommodation has been fully taxed. Thanks to the renewal of the agreement with Mrs. Evers at "Avondale," we have been able to house additional boys once more. The demand for places still continues and the Board of Governors is exploring ways and means of extending accommodation for classes and for other purposes. Possibly our difficulties are no worse than those of other schools in this State.

In a year in which there were widespread outbreaks of influenza and measles, the health of the School has been very good. For only a short period at the end of second term was the number of absentees slightly above the normal, and those who had to spend some time in the Infirmary made very rapid recovery, thanks to the kindly ministrations of Sister Shenton. During the middle of the year, Mrs. Cairnes, acting on medical advice, relinquished her position as Matron. She had managed the affairs of the School's household for several of the most trying years. We wish her health and happiness in her retirement. Miss F. M. Warren, her successor, has shown herself capable and vigorous in the management of the house. She overcame initial domestic problems and of late has had a staff of more permanent nature through the engagement of a number of "New Australians." Junior boarders have been under the care of Miss Billinge. She has given sterling service and we shall miss her when she returns to Victoria.

The general supervision of the boarders has again been the responsibility of Mr. Altorfer. I consider the School most fortunate in having such a Housemaster. Situated as I am with our own home at a good distance from the School, I can rest easy knowing that the House is in such good hands. Country parents owe much to Mr. Altorfer for the care and supervision he exercises over their boys.

He, I know, would give much of the credit to the resident House Masters, too, and to the House Prefects, who have done a thoroughly good job. It is not easy to satisfy all parents. It is not good that too much "leave" be given to boys, and I would ask parents to accept the general rules of leave for their boys. The week-ends on which boys may obtain leave are known at the beginning of each term, and these week-ends should be strictly adhered to. Concessions to some boys only make for discontent among others.

Class room accommodation, too, is no nearer a solution, and I must ask parents of those boys who have to put up with makeshift quarters to be patient. There are very few crowded forms, the only exception of note being the Third Remove, where, because of large enrolments in the classes below and the entry of boarders particularly at the 6th standard, the numbers have been over the 40 mark. Even so, that is a moderate number compared with some of the primary classes in other schools. In all other cases we have been able to keep the classes nearer our ideal number of thirty.

I appreciate the co-operation of the teaching staff in their difficulties—especially those who take some of the smaller alternative sets, which have to find a home in various odd nooks and corners. Several plans have been drawn up for extending the present number of rooms. While we hope to build in the not too distant future at Floreat Park, it is clear that for some years yet we will have to remain on the present site and, while we do, we must arrange for extended accommodation both for class teaching and for handicrafts of various kinds.

The teaching staff has a good blend of age and experience with youth. At the beginning of the year Mr. Hoar became a full-time master on the staff and he has shown himself a most efficient teacher. Mr. Tomlinson has been the second English master. He is to continue with advanced study in England next year. We wish him well. Mr. Edwards succeeded Mr. Rowlands as Master in charge of Cricket. How well he has done his job will be realized by those who saw how raw and inexperienced our team was at the beginning of the year. He is a very sound teacher of Mathematics, too.

At the end of second term, Mr. P. D. Langley, who had been on the staff for nearly twenty years, accepted an appointment as a Lecturer at Melbourne University. He rendered great service to the School, not only in the class room, but out. Though we regret his going, we wish him well in his new work. We were fortunate indeed in having Mr. J. B. Newbery close at hand. He willingly came back, forsaking rod and line for chalk and test-tube, to help us out for this term with the two examination forms in Physics and Chemistry. The boys have benefited greatly from his wide experience and kindly wisdom, and the School is grateful to him.

There will be further changes next year. To take over the Physics and Chemistry we have secured the services of Mr. E.

McCarrey, B.Sc., a graduate in Science of this University, who has been on the staff of the Mildura Branch Melbourne University. Though he is young, Mr. McCarrey's experience there should be of immense value to us here. Mr. Wakeford, who has been in charge of 2nd Remove, is returning to Victoria. His place will be taken by Mr. W. F. Longley, who has had nearly twenty years' experience of Preparatory School teaching in England, where, for a time, he had his own prep. school. Mr. Longley is keenly interested in games, too, and should render Mr. Mill invaluable assistance with his junior boys. I hope to make an appointment in the near future of a master to take over Mr. Tomlinson's work in the Senior School.

Last year the Leaving and Junior results were well up to standard, though once again the Leaving results with 14 certificates and 8 distinctions were characterised by solidity rather than brilliance. The Junior results, judging by the marks obtained by our candidates, were among the best we have had, while the number of certificates, 35, is much higher than last year. These boys form the present 6B or Sub-Leaving and should make a good 6A form in 1950. The present Leaving form is a very small one, but it is topped by a boy who has had a brilliant School career. Colin Simpson has been Dux of every class since he has been at school, and I confidently look forward to a distinguished academic career for him at the University. In the present Junior forms there are many able boys, too, and we should see a continuation of very good results.

It is inevitable, as I pointed out last year, that in a school like this, which takes boys of all abilities without a sifting, qualifying examination, we should have a wide range of ability in scholarship. That is one of our problems—to cater for the able as well as the mediocre and the backward. It is not that the last mentioned are all poorly equipped mentally, it is often that they are lazy or easily distracted. At the end of last term a questionnaire was sent to parents of day boys asking among other things about homework. Most of the replies indicated that boys, so their parents judged, had adequate homework. Now this homework is a vexed question even among educationists. Many of the more liberal moderns would dispense with it. My experience confirms me in my belief in homework. If you are going to do well in any pursuit, whether it be mental or manual, you must have plenty of practice. Can you imagine a top-ranking tennis player or golfer or cricketer not practising assiduously? Admittedly, there are a few gifted individuals who have a ready knack and who can do things easily without laborious practice, but such are few and far between. So in scholarship, the keen boy works willingly to master his difficulties. You will often find that the boy who falls behind does not work as hard as he should. In the questionnaire the invariable answer of parents of boys who were at the top of their classes was that the boys had ample homework. In the case of those parents who said that their boys had too little homework, we found that the

boys occupied very low positions. These boys were evidently hoodwinking both parents and masters: parents by declaring they had little or no homework; masters, by getting their homework from neighbours or doing just enough to keep out of trouble. Of course, there were a few answers which asserted that boys had too much homework, though these were usually qualified by saying that some nights the boys had too much homework or too much of certain subjects. I appreciate the fuller remarks made by some parents who gave constructive suggestions, e.g., that much set homework did not allow the boy to spend more time on his weaker subjects—or another, that only one subject should be done on one night. If one could be sure that each boy would use his evenings to advantage, one could dispense with the same set homework for all boys in a class of 30; but one cannot. It is better, then, to set an average homework. The sensible boy will spend a little extra time on his weaker subjects.

I fear that, unless definite homework is set, other distractions, e.g., the wireless, will prevent the ordinary boy from working at his lessons, consolidating what he has learnt or preparing for new work. I recently saw the exhibition of television. I came away wondering what will happen in the average home if such sets become common. At present it is perhaps possible to write and read while the radio is on—though it may offer occasional distraction. I do not see how anybody will be able to do either if the eyes as well as the ears are assailed by television programmes.

Which brings me to another observation. It is freely admitted among teachers of English, not only in this State but in others, that there is a definite falling-off in written English, in fluency and in spelling. What are the causes? Boys in general do not read as much nowadays. The modern boy's reading is chiefly comic strips; and at home he spends most of his time listening to the radio and not reading. He finds reading of text books or long novels irksome. Indeed, the modern boy wants notes on this and that, just as the majority of adults prefer to do their reading secondhand, as it were, through the innumerable digests that now flood the market. For heaven's sake, don't let us lose our independence altogether. Let us get back the habit of reading, of sifting out the essentials for ourselves—rather than have others do our thinking for us.

While we should not let the radio and cinema be our masters, we can make them, used sensibly, good servants. We have continued the use of visual aids, cinematograph with sound, film strips and slides on those subjects, especially geography, where such aids are most effective. The Victor Projector has also been used for the entertainment of boarders at week-ends, by the showing of films from M.G.M. The rowing and athletic squads have made use of the film in training.

In interschool competitions the School has met with most success in tennis and cricket. In the unofficial tennis competition the School

was again successful. Plans have been prepared for the making of tennis courts at the corner of this ground facing Parliament House. I hope that a start can be made at an early date. These courts will relieve the pressure on our limited playing space and will improve the appearance of the School frontage. Mr. Mill has been untiring in his efforts on behalf of the tennis team and he has instituted Junior School tennis matches. It may be possible to arrange special tennis classes under the direction of Mr. Max. Bonner, the well-known tennis player, now a coach in Perth. If these can be arranged parents will be informed by circular next year.

The cricket season has been one of ups and downs, with the weather playing a major part in the second half of the Darlot Cup competition. Early in the year our team, a very young one under the captaincy of Arthur Lodge, probably one of the youngest cricket teams the School has had, seemed too raw and inexperienced to be a premier side. However, the careful coaching of Mr. Edwards and the boys' own keenness developed them into a team which finished equal with Scotch. The play-off takes place as these notes go to the press.

The Captain of the School has dealt with the whole range of games in his report. To those supporters of the School, Old Boys and parents, who lay great stock by the winning of competitions, the general results seem disappointing, but I can assure them that our boys were well prepared and trained. If you lack the gifted individuals in sports like swimming and athletics, your task of building a winning team is a formidable one. I want to express my thanks here to those who coached the various teams: Mr. Altorfer and Mr. Oliver the swimming, Mr. Mill the football, Mr. Johns and Mr. Gra. Rosser the rowing, Mr. Corr and Mr. Frank Bird the athletics.

I am not the only Headmaster who is concerned over the demands made on boys' time for sport. I sometimes wonder if we are not in danger of losing our enjoyment of games when we train and train, practise and practise, day in and day out, week-ends as well as school days. And you are more likely to spend most time in a year in which a school is athletically weak. I am the last to suggest that a boy should enter a strenuous physical contest ill-prepared: that might do him serious harm; but it may be worse to enslave him seven days a week, and week after week, to use all his time in training so that he doesn't have time to sit and think. Worse still, the greatest demands are made on boys when they are ending their school careers, when they are preparing themselves for public examinations which will qualify them for the University or for the more responsible positions in business or commerce. Competitions provide some incentive for your boys, and I am not against competitions as such, but please do not let us be competition mad. I venture to say that in cricket and football youngsters play just as hard in, and possibly get more enjoyment out of, their cricket and football matches as the firsts do. In athletics and swimming some sort of a point system is needed or the

meetings with other schools would be only individual tests. I have had some enthusiastic parents wanting the institution of, say, an under 14 football competition!

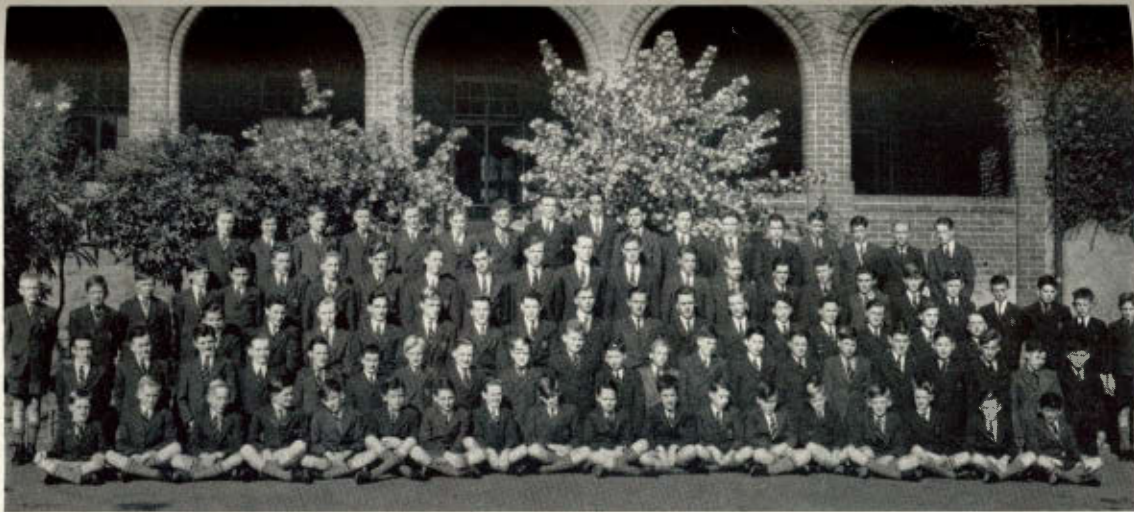

And what do the majority of parents feel on the matter of games? Most parents seem content with the amount of sport their boys have. A few think that their boys have too much sport, that they get home too tired to do any homework. Quite a number of others said their boys did not get enough. An analysis of these answers showed that there were two classes, one, where the boy himself "cut" games practices; the other, where the parent felt that the actual time assigned by the School was not enough. I admit that there are a few sections where we cannot, through lack of grounds, give as much practice as we would like. I hope to have further improvements effected at our grounds during the next year. We may solve the problem of providing more practices for youngsters who are at present not getting enough games, but I can see no easy solution for removing the burden on the overtaxed senior boys while success in interschool sports is held so high and while our boys are ambitious to be in as many school sports as possible. Perhaps, if our numbers were greater, say 600 or 800 boys, it would solve itself: few boys would be in more than one or two first teams.

While on the more robust side of school life, I may mention the School boxing. This year we had an excellent tournament and very fine boxing was seen in the finals of all grades. Two special prizes have been awarded for boxing, for the most improved Senior and the most improved Junior. There was, unfortunately, no contender for the School Championship other than Robert Reid, who showed good form in an exhibition bout with Jeffries, the local middleweight amateur champion. Mr. Ryan has again had charge of the boxing class. We thank Mr. George Thompson for again refereeing the bouts. In P.T. the standard in the Junior School is high and two prizes go to C. J. Lippiatt and R. W. Mitchell. There is no award of the Ferguson Memorial Prize this year.

The strength of the Cadet Unit, Capt. Drake, O.C., increased from 106 in 1948 to 123 this year. Its establishment allows for five officers, of whom four are Cadet Lieutenants. All four Cadet officers did a very good job this year and Lieutenant Reid, as second in command, took command of the Unit on all training parades. His work in that appointment was outstanding.

The standard of training was satisfactorily high, and this Unit worked to its own syllabus of training both on home parades and in camp. At the end of October a week-end bivouac was held at Swanbourne and a very interesting syllabus carried out.

During the year, seven boys qualified for commissions and stood well near the top of the list of candidates. Four of these boys will receive commissions in 1950. One Cadet topped his class in the Potential Officers' course held in August.

Lieutenant Reid attended an Intelligence School in Victoria during January and obtained a very good pass.

It is the policy of this Unit to give as much responsibility to Cadets, N.C.O.s and Officers as possible, and, to this end, the O.C. withdraws as far as he is able from active command of training parades, so that the valuable experience in handling fairly large bodies of cadets may be gained by the boys themselves.

The Tobruk Trophy was awarded to N. Williamson, while the Platoon Cup was won by No. 2 Platoon, under Lt. R. Reid, Sgt. T. C. M. Senior.

The Air Training Corps, No. 10 Flight, under the command of Flt.-Lt. Adams, had a very successful year and has built up a very high reputation for keenness and efficiency among the West Australian Flights. The highlight of the year was the N.C.O.s' school at Pearce in August when No. 10 Flight Cadets carried off the honours, Sgt. House gaining first place in Senior N.C.O.s' course and L.A.C. Howe gaining first place in the Junior Course.

No. 10 Flight also had the distinction of having the largest attendance of potential N.C.O.s at the course. Sgt. House, A. K., has since been promoted to Flight-Sgt., Cpl. Hunt, J. A., to Sgt., and L.A.C. Reitze to Corporal.

At an inter-flight shoot on 17th July, No. 10 Flight gained the aggregate and maintained first position for the whole of the competition, extending over several week-ends.

Flt.-Sgt. House also represented A.T.C. in the Inter-unit Rifle Shoot at Swanbourne on November 13th. The Corps' grateful thanks are due to Capt. Drake for placing the School's miniature rifle range at the disposal of A.T.C. for practice, also for supplying rifles, ammunition and targets.

All the members of No. 1 Flight have either gained the Stage 1 Proficiency Certificate or need one more subject to complete it.

We had a visit from Flt.-Sgt. Carr, Staff Officer (Training) from A.T.C. H.Q., Melbourne. He inspected the Flight and complimented the members on their bearing and efficiency.

The success of the 1949 programme was due in no small measure to the keenness and enthusiasm of the N.C.O.s, Flt.-Sgt. House, Sgt. Hunt, and Cpl. Morrison, especially the first named, who has given unstintingly of his time and efforts to enhance the reputation of No. 10 Flight A.T.C.

On the other side of School life there has been commendable keenness and a high standard shown in the debating. "The Cygnet," the School magazine, under the guidance of Mr. Marshall, has more than maintained its high reputation for quality, though the number

of original contributions is still, in my opinion, too small for a school like this. Perhaps that is allied with the matter of reading, which I discussed earlier.

The Dramatic Society presented "The Ghost Train" at the end of the second term, and made a very good show of it. The Photographic Club has functioned spasmodically. We wish to thank Mr. Evans of Kodaks for his most interesting and instructive lunch-hour talks on various aspects of photography. For boys in the Sub-Leaving form there were a number of talks given by members of the Perth Rotary Club on business, trade and commerce. We wish to thank very much those Rotarians who gave such interesting and instructive talks.

The Junior School has had a good year again. The House Competitions have created great interest, though they were dominated by two houses. The "Cock House Cup" was in doubt until the tennis was played. The Junior School plays and singing were well up to standard. The range of handcrafts has been extended by the introduction of Pottery. Some boys have shown a good deal of skill in manipulating the clay and have made some attractive and artistic articles. We hope to be able to increase the room for handwork in the near future. Early in the year we were sorry to lose Mrs. Blyth. Quiet and effective in all her work, she was well liked by all her boys. Mrs. De Rouffignac, who succeeded Mrs. Blyth, has many of her characteristics and if her first year's work with us is any indication, we have indeed been fortunate in having her on the staff. Miss Green continues to do excellent work with the boys in the Preparatory Form. Mr. Wakeford, who has had charge of the 2nd Remove, again made a valuable contribution to the school life in music and dramatics. Mr. Mill as usual has been indefatigable in his organisation of Junior School work, games and general activities. We wish to pay also a tribute to Mrs. Nottage for the excellent training she gave the Junior School choirs. We were sorry she was unable to conduct them for their singing on the Junior School play nights. Mrs. Nottage's music pupils have all made very fine progress.

Canon R. W. Hamilton—we congratulate him most heartily on the honour the Church has conferred on him—had, for health reasons, to give up some of his classes early in the year, and this term was forced to relinquish them altogether. We are indeed sorry to lose him as our Chaplain. Few men have his tact and sympathy in dealing with boys of all ages in the very difficult matter of religious instruction. Rev. F. E. Elliot relieved Canon Hamilton of some of his classes. We appreciate very much the help he has given us. In the first term twenty-nine boys were confirmed by His Grace the Archbishop. Canon Jones, who prepared them, has left St. Mary's to return to Wales as Dean of Brecon. We wish him and Mrs. Jones bon voyage and all happiness in their new life.

The Old Haleians' Association, of which Mr. C. Peet is president and Mr. C. J. B. Veryard is hon. secretary, has continued to show the keenest interest in the welfare of the School. Their main objective this year was the provision of full equipment for the rowing club, and their appeal to Old Boys for donations met with a ready response in the first term. Materials for boats are still short, but when the position eases we should be very well equipped. Old Boys continue to distinguish themselves in the professions, in the business world, and at the universities. It is easier (though by no means very easy!) to keep a check on the university careers of Old Boys, so it is customary to outline recent academic successes, though it must not be forgotten that in other walks of life men are often winning honours or obtaining outstanding business appointments or perhaps, more important than all, making a success of their property in the country. A list of those at the universities is at the end of your programme. Among the more notable successes are the D.Phil. degrees acquired by Lex Blakey and R. Traill-Nash, and first class honours in mathematics by R. D. Munro and S. B. Rosier. Rosier now has the unusual distinction of a double first class here. He was president of the Guild of Undergraduates and also a lecturer at the University. Ross McWhae, who went Home last year with a Hackett Studentship, was made Deputy-Leader of the Cambridge University Geological Expedition to Spitzbergen. C. C. Clarke, who secured first class honours at Oxford last year, has been made a lecturer in English at Durham University, where A. D. Farmer is now nearing the end of his medical course.

In Law, H. S. Lodge, J. E. B. Ollquist and Ian Stephenson completed the requirements for the LL.B. degree. Ian Stephenson secured first class honours and was awarded the Keall Prize. Other final results are not to hand.

In addition to those who have been mentioned earlier in this report, I wish to express my thanks to all who have directly or indirectly helped the School during the year; to Old Boys and parents for their support and encouragement and—yes!—for their friendly criticisms; to the Board of Governors who not only are directing the present affairs of the School, but are planning for its future development; to all those who have contributed to prize funds for sports and for scholarship; to all the members of the teaching staff who not only give of their best in the class rooms, but willingly sacrifice their own leisure time to help with boys' activities; to Miss Twine, the School Secretary, and Mrs. Layton, who not only manage most efficiently the great amount of office work, but help in a multitude of general ways; and finally, to the boys of the School, and especially the Prefects, under the leadership of Robert Reid, for their support and co-operation. To Reid I would like to pay special tribute. As Captain of the School he has been an inspiration to his Prefects, and he has done more than most captains to build up a fine school spirit.

Mr. P. D. LANGLEY, B.A., B.Ed.

Mr. Langley joined the staff of Hale School in 1929 as an Assistant House Master and Junior Master. When he left us at the end of 2nd Term, 1949, he had been House Master and Senior Science Master for a number of years. In both these responsible positions Mr. Langley acquitted himself very well indeed and had gained the respect of both boys and staff. His interest, however, came more and more to lie in the sphere of educational psychology. During the war he became the officer in charge of the R.A.A.F. Psychology section of Southern Area and rose to the rank of Squadron-Leader. He left Hale School to join the staff of the Psychology Department of the University of Melbourne.

During his early years at the School he organised a series of Easter Camps which he conducted each year from 1930-1936. At the same time he was the inspiration of many annual Hobbies Exhibitions.

In sport, he coached the 2nd Football Team, organised the School Swimming and Athletic Sports, and for many years was the coach for the Inter-School Athletic Teams.

Amongst many other activities for the well-being of the boys of the School were the reorganisations of the Science and School Libraries.

It was with deep regret that we said good-bye to Mr. Langley, but we wish him the success he so richly deserves in the new sphere of educational activity which he has chosen.

Two Distinguished Scholars

In 1940 the staff were unable to differentiate between F. A. Blakey and R. W. Traill-Nash in deciding on the Dux of the School. Their wisdom in choosing them as equal duces is justified by both boys' later careers, which we print below.

Recently Blakey has further distinguished himself by becoming the father of a son. Congratulations!

FRANK ALEXANDER BLAKEY, B.E., Ph.D.

Having graduated Bachelor of Engineering with First Class Honours, F. A. Blakey (Hale School 1935-1940) was appointed Lecturer in Civil Engineering at the University of Tasmania in September, 1944.

After three years in Hobart, he proceeded to England under a Hackett Research Studentship to undertake research into modern methods of stress analysis in reinforced concrete at the University of Cambridge (Trinity College). He also held a Dominion Scholarship.

Towards the end of 1948 he was selected by the Foreign Office as a member of a group of British Research Scholars to proceed to German Universities, partially as a goodwill mission during the Occupation. During this visit he spent some time continuing his research studies at the University of Brunswick.

Returning to Cambridge, he was awarded the Rex Moir Scholarship, thus completing his studies, on which he was awarded the degree of Doctor of Philosophy in Engineering.

Leaving the University, Dr. Blakey joined the Building Research Section of the Commonwealth Scientific and Industrial Research Organisation, and was sent on a

working visit to similar concrete research laboratories in England, France, Belgium, Sweden and Switzerland. In Zurich he attended a scientific conference where he was the only Australian representative. As such he was called upon to address the learned gathering in French on Australian Research, with later discussions in French and German.

Dr. and Mrs. Blakey have now returned to Australia, where he is continuing his research work into concrete at the Building Research Station, Highett, Melbourne.

R. W. TRAILL-NASH, B.E., Ph.D.

Rupert Traill-Nash entered Hale School in 1939 in the Sub-Leaving year, and in the following year was equal Dux (with F. A. Blakey) and gained his Leaving Certificate.

In 1941 he proceeded to the University, where he continued to obtain brilliant results, graduating to the degree of Bachelor of Engineering with First Class Honours in Structural Engineering in November, 1944. On graduation Mr. Traill-Nash was appointed a Research Officer in the Structures section of the Division of Aeronautics of C.S.I.R., Melbourne.

After two years on this work, he went to England under a Hackett Research Studentship and a C.S.I.R. Scholarship to undertake research on the Structures side of Aeronautics with more particular reference to vibration. For this purpose the University of Bristol was his choice, and here he was fortunate to be associated in a series of researches concerned with problems arising from the building of the mammoth Bristol Brabazon. His thesis on vibration of Structural members was accepted for award of the degree of Ph.D.

Dr. Traill-Nash returned to Australia, where he joined the Aeronautical Division Laboratories now in the Department of

Supply and Development at Fishermans Bend, Melbourne.

HOBBIES EXHIBITION, 1949

The exhibition this year was held on the 7th of December, in order to enable boys to prepare exhibits after the exams, when they would have plenty of spare time. The standard was fairly good, but could have been greatly improved by more co-operation from the Senior School.

The items of interest were placed in the IIIB classroom, where "Clapin's Hale School Model Aero Society" displayed an assortment of models. This group is to be congratulated on such an undertaking. It is these enterprises which make the exhibition a success or a failure.

In the hall, Mr. Hamilton arranged various drawings, among which the talents of Muller were outstanding. There was also an assortment of woodwork, stamps and coins, photos, a model railway and a gold-fish display. The laboratory was, as usual, filled with complicated apparatus, where Reitze and McCausland manufactured soap. We take this opportunity of thanking Westralian Soaps for their courtesy in supplying the necessary materials.

As usual Ken Cuming gave a display of his talents with an assortment of wireless parts and a model speedboat. We are told this machine can reach 25 m.p.h. The Junior School was the scene of much activity, and the result was indeed a splendid effort. Here were woven baskets, and brown and white clay was hand modelled and painted. We would like to thank Mr. Mill and Mr. Hamilton for arranging the exhibition and also for instructing the boys in the making of the various articles.

In the afternoon Mrs. Murphy presented the Junior School prizes, and we take this opportunity of thanking her for doing so. The exhibition was quite a success, but in future years there must be far more co-operation from the Senior School.

DRAMATIC SOCIETY NOTES 1949

Mr. Wakeford this year decided to produce a drama by Arnold Ridley, called "The Ghost Train."

The cast was chosen soon after Easter, because of a somewhat earlier performance this year, and a full reading was held before the end of first term.

Right throughout second term rehearsals were held on Sunday mornings, and additional readings were held at night in the last week before the dress rehearsals. At this time it did seem as if the production would be postponed owing to lack of electric power, and there was much cause for worry when the night set down for the first dress rehearsal found us still in darkness. Ian Cruickshank very thoughtfully provided a pressure lamp which helped a great deal at night readings. On Monday, July 18th, power came on again and dress rehearsals were held on 18th and 19th July. "The Ghost Train" was performed in the School Hall on Thursday and Friday, July 21st and 22nd, before two packed houses which roared with laughter at all the most dramatic parts.

The cast was as follows:—

Saul Hodgkin (Stationmaster at Falvale)	Severin Crisp
Richard Winthrop	Ian Cruickshank
Elsie Winthrop (his wife)	Michael Wainwright
Charles Murdoch (Junior Partner in Murdoch & Son)	William Robinson
Peggy Murdoch (his wife)	Peter Blackman
Miss Bourne	Michael Seed
Teddy Deakin	Sydney Kirkby
Julia Price	Peter Reitze
Herbert Price	Sydney Deykin
John Sterling	Ronald Wilson
Jackson	Michael Watson
Two Policemen	Christopher Ball and Peter Brand

Stage Manager	Colin Simpson
Prompter	Richard Anketell
Sound and Lighting	Ken Cuming
Stage Hands	John O'Meehan, Roderick O'Connor, John Hyde, Lockyer Burges
Business Manager	G. N. Altorfer, Esq.
Stage and Scenery	T. D. Hoar, Esq., and L. Drake, Esq.
Producer	G. F. Wakeford, Esq.

All concerned would like to thank Matron and Miss Billinge for the supper they so thoughtfully provided at the conclusion of the second night's performance. It was extremely well received by everyone and thoroughly enjoyed.

Thanks are also extended to Mr. Drake and Mr. Hoar, along with VIB boys who helped them with the stage and scenery, as well as the make-up artists, who were Mr. Hamilton, Mrs. Cruickshank, Mrs. Murphy, and Mrs. Wilson.

Once again Ken Cuming did an extremely good job with the sound and lighting effects.

MUSIC NOTES

The interest in music has remained at its usual standard and throughout the year parties from the School have attended a series of Celebrity concerts and two Schools' Recitals at the Capitol Theatre.

As yet, to our shame, there is no School orchestra, but hopes are still high.

Mrs. Nottage is now conducting Art of Speech classes, and the interest shown in this very essential part of our education is very pleasing indeed, and it is to be hoped that the classes will increase as the importance of the control of English is realised by the boys of the School.

On the 21st and 22nd of July last year two Junior School choirs performed under the baton of Mr. G. Wakeford, who stepped in to fill Mrs. Nottage's place when, owing to unexpected illness, she was unable to be present.

Many thanks are offered to the impromptu accompanist, Mrs. H. N. Wilson, who took Mr. Wakeford's place at very short notice. However, in spite of all the setbacks, the choirs gave a reasonable account of themselves.

This year the choirs are working under the baton of Mrs. de Rouffignac, and III Remove is putting on a musical revue, which is to be the first of its kind to be produced in Hale School. Mrs. H. N. Wilson will be the producer.

Music exam results are not yet to hand, but are expected to be of a good standard.

No new librarians have yet been appointed this year.

Checking and sorting of the books is still proceeding slowly.

If more interest were taken by Senior boys in the Library, which is, after all, for their benefit and of very great value in study and general education, it might be possible to form a more efficient committee of librarians. As it is at present, we don't think the books in the library are being made best use of.

Our thanks go to those who have very kindly donated books to the library this year.

BRUCE ROSIER—RHODES SCHOLAR, 1950

Late in 1949 the School learned with satisfaction of the selection of its sixth Rhodes Scholar in Bruce Rosier. Entering the School in 1941 on our own scholarship, he was dux in his every year at school, his career culminating in the position of Dux of the School in 1944. He gained the degree of B.Sc. in 1947 with distinction in all subjects, capping this with honours in physics in 1948 and honours in mathematics in 1949, both first class.

Outside the lecture room and laboratory, he found time to win his way into the Debating team and to gain his half blue for lacrosse. Incidentally, he holds the bronze and silver medallions of the Royal Life-Saving Society.

Other distinctions during his University career were his presidency of the Guild of Undergraduates, of the University Science Union, and of the Australian Student Christian Movement.

Even while still at school, Bruce took a keen interest in Church affairs and later in the Anglican Youth Fellowship; hence it is no surprise to learn of his intention to use his scholarship to further his studies in that direction by reading for honours in theology at Oxford, forsaking the mathematics in which he has recently been lecturing in his own University.

The School congratulates Bruce Rosier on this climax to his career in W.A., and finds further reason for congratulation, as this goes to press, on his engagement to Miss Faith Norwood, a fellow member of the A.S.C.M.

- Sister Shenton -

Many hundreds of Old Boys who were Boarders will feel, with the present generation, that with the retirement through ill-health of our much-loved Sister, the House has suffered a great loss. A very fine nurse, with a great gift for diagnosis, she has earned the gratitude of many boys and their parents. Those who were really ill she tended with care; the malingerers—and she seldom failed to detect them—with carefully disguised amusement and often a cascara pill. When the House was free from sickness she would occupy herself in countless ways, by painting and polishing the Sickroom—the “luxury flat,” as she called it—by patching pants and replacing lost elbows, disposing of suits for boys who had outgrown them, finding oddments of “chew” for the habitually hungry, tracing lost articles and finding owners for unmarked clothing. The list is almost inexhaustible, for she was rarely idle. Above all, she possessed the happy gift of investing boarding school with something of the atmosphere of home. Few schools can have had such a sister: wise, gentle, tolerant, with a keen sense of justice and of humour. We wish her improved health and every happiness.

SCIENCE NOTES

All the scientists were very sad when Mr. Langley, and the bird's-eye view, left. He was a very good shot with chalk and duster, and an institution at the School for many years. Now we have Mr. McCarrey, who is an even better shot with chalk and duster, and who plays lacrosse as well.

He has bought lots of shiny, new equipment, which works, but will all no doubt go the way of the evacuating pump in the lecture theatre, placed as it is so that nobody going in or out the theatre door can resist giving the big handle a turn. And how that sucking noise annoys!

Reitze's soap-making experiments continued this year, and at length a passable imitation of soap was produced. The general opinion was, however, that as he was the only one who needed it, he could keep it.

Taking the year's work overall, though, there seems to be plenty of spirit in the Science Department. (Of one kind only—the still is still well under the control of the lab. cadets—and still waters run deep!)

Debating Society.

1949

OUR 1949 debating season opened on March 24th, when a committee meeting was held to elect a secretary and make fixtures for future debating evenings. I. St. B. Cruickshank was elected secretary for 1949.

A Senior Impromptu Speech Evening was held in the Boarders' Common Room on April 1st, and twenty-five quite good speeches were enjoyed by those present, who included five masters.

The Junior Evening was held a week later in the School Hall, and a surprising keenness was exhibited by the Juniors.

The first debate was held on June 2nd in the Boarders' Common Room, between two Senior teams, who discussed the question, "That Science is a greater civilizing factor than Art." The negative side, led by R. Anketell, supported by J. Cruickshank and W. R. Robinson, defeated the affirmative side, I. Packham, J. Slee and I. Cruickshank. The chairman for the evening was J. Drysdale, and R. Reid proposed a vote of thanks.

Two Junior debates were held in the Boarders' Common Room on 9th June. The first debate was for members of the 3rd Form, and the affirmative side, Nathan (leader), F. House and Powell, and the negative, Hyde (leader), O'Connor and J. O'Meehan, fought out a very keen contest for points, each side eventually gaining 54, for a draw.

The second debate was for 4th Form boys and was won by the negative side, consisting of Rosier (leader), Lee Steere and Brockman, who defeated the affirmative side, F. Clapin (leader), J. Blake and Slee, by 58½ points to 54.

Mr. Marshall was adjudicator for the evening and offered a few helpful hints to the audience at large, with reference to the art of debating. R. Anketell proposed a vote of thanks. The subjects for these debates were "That all schoolboys should attend Boarding School" and "That sport plays too great a part in Australian life."

"That the evolution of machines has done more harm than good" was the subject chosen for the Senior debate held on June 16th. The affirmative side was taken by Simpson (leader), Drysdale, Morrison and McCall, while the negative comprised Reid (leader), Hunt, A. K. House and Carr. These latter were successful in gaining the decision. Mr. P. Atkins was adjudicator and he provided us with many varied and interesting facts about debating in general and this debate in particular. It is stimulating to the society occasionally to have an outsider say a few words to our debaters and drop us a few hints.

1950

This year the season was particularly late in opening and the committee was not elected until the 8th of June. It consisted of I. R. Brandenburg, I. St. B. Cruickshank, J. Cruickshank, K. W. Gibbs, A. K. House, M. G. McCall, H. S. Radden, W. R. Robinson, and R. S. Wilson. M. G. McCall was elected secretary of the Debating Society for 1950. At this meeting it was also proposed to run the debating on an Inter-House basis.

As usual, impromptu speeches were conducted before the opening of debating, and a very enjoyable evening was held on June 20th, of both Senior and Junior speeches, three in each class being selected from each of the four Houses.

The first Inter-House debate was between the Senior teams from Buntine and Wilson Houses, and took place in the Boarders' Common Room on June 27th. Wilson House were successful by 36 points to 34. Their team, which took the negative side on the question "That Euthanasia should be legalized," was R. Crisp (leader), J. Brockway, B. Sanders and P. Turner. The defeated Buntine House side was I. Cruickshank (leader), R. Woodrow, W. R. Robinson and J. Hunt. John Cruickshank took the chair and at the conclusion of the meeting Ron Wilson proposed a vote of thanks to the speakers.

The remaining two Houses, School and Faulkner, discussed the subject "That Co-education should be introduced into our Public School system." The teams were—School: K. Gibbs (leader), A. House, I. R. Brandenburg and M. Seed; and Faulkner: J. Cruickshank (leader), R. Wilson, M. McCall and S. Kirkby. The latter side gained the decision by one point, 71 to 70. They took the negative side. The Headmaster adjudicated the debate and expressed his pleasure at the high standard. Chairman for the evening was T. Catling, and J. Hunt concluded the evening by proposing the usual vote of thanks.

Inter-House debates were also conducted in the Junior section and all four Houses took part in two debates held on Tuesday, July 11th. The first was between Buntine and Wilson Houses, and the second between School and Faulkner.

The first two teams discussed the subject, "That most films have educational value." Team—Wilson House (affirmative): W. Serventy (leader), J. Johnston, R. Holland and P. Blackman; and Buntine House (negative): B. Twine (leader), Hales, M. Thornett and Guy. Wilson were successful by 60 points to 49 points.

The second debate was "That the progress of scientific development during the past century has not been for the good of the human race." School House, represented by J. O'Meehan (leader), R. Slee, R. O'Connor and F. R. Clapin, were successful in downing Faulkner, L. Kellam (leader), C. Chase, L. Barrymore and Rosier, by two points, 78 to 76. The vote of thanks was proposed by D. Yeo, and chairman for the evening was R. L. Chase.

On Tuesday, July 18th, a debate was conducted between Possibles and Probables for the Interschool Team. The subject was "That modern youth is happier than the youth of 50 years ago." The teams were—Affirmative: J. Cruickshank (leader), M. Seed, R. S. Wilson, M. G. McCall. Negative: I. Cruickshank (leader), J. Brockway, A. House, K. Gibbs. Once again a negative victory was recorded, this time by only one point, 98 to 97. Question time was thoroughly enjoyed by all, especially when a most persistent questioner was twice completely crushed by Ken Gibbs. He appears to be developing some good retorts.

Mr. Altorfer spoke a few words about the high standard of the debate. He also said that he regretted the smallness of the audience. This appears to have been characteristic of these 1950 debates. Let us hope that the School does not completely lose interest in the society. Debating is a valuable activity, besides a very interesting one, and is deserving of more support.

The first 1950 Interschool Debate took place on July 25th at St. Hilda's. The attendance by Senior Hale boys was very good, but that is not to be wondered at, considering the venue.

The School team drew the negative side to the question "That trial by jury should be abolished." They were: I. Cruickshank (leader), M. G. McCall, J. Cruickshank, with K. Gibbs as reserve. After a very, very close debate we were defeated by the small margin of half a point.

As a "curtain-raiser" for this debate, a Junior Interschool Debate was held and in this St. Hilda's were also successful. The subject here was "That no one should be allowed to work overtime." Our team took the negative, and consisted of L. Kellam (leader), J. Hunt, F. R. Clapin and Barrymore (reserve). Ron. Wilson took the chair for this debate.

The evening was enjoyed by everyone, and supper was served afterwards for participants and the adults present. We take this opportunity of tendering our appreciation to St. Hilda's.

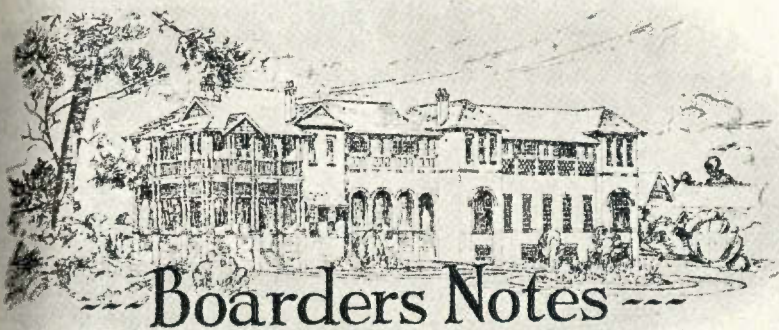

The second Interscholar Debate, against Scotch College, was held in the School Hall on August 3rd. As before, a Junior debate took place first. In this we were represented by L. Kellam (leader), P. R. Anderson and J. Hunt, with J. O'Meehan as reserve. They took the negative to "Geography should be a compulsory subject up to, and including, Junior Standard." Once again, however, we had to lower our colours, Scotch scoring 72 points to 67. I. R. Brandenburg took the chair.

Then in the Senior debate the tables were turned. Again we had the negative side, and this time the question was "That wireless is doing more damage to the world, culturally and intellectually, than good." The team was I. Cruickshank (leader), M. Seed and R. S. Wilson; J. Brockway was reserve. The victory went our way by 84 points to 78. K. W. Gibbs took the chair. The attendance was very poor. It seems that many of the Senior School are entirely missing out on this important part of their education.

EXCHANGES

The Editor acknowledges the receipt of one or more issues of each of the following magazines, and apologises for any chance omission:—

"The Viking," "The Western Wyvern," "St. Peter's College Magazine," "The Leys Fortnightly," "The Southportonian," "The Dovorion," "The Launcestonian," "The Pegasus," "The Wesley College Chronicle," "The Swan," "The King Edward's School Chronicle," "The Hutchins School Magazine," "The Torchbearer," "The Corian," "The Caulfield Grammarian," "The Eagle," "The Camberwell Grammarian," "The Melbourneian," "The King's School Magazine," "The St. Ildephonsus' College Magazine," "The Mitre," "The Firefly," "The Merlin," "The Northern Churinga," "The Mentonian."

SECOND TERM, 1949

The term began on Tuesday, 24th May, and only two newcomers joined the House. They were Ransley Garland and Jock Morrison, who took the places of Richard Turkington and Dick Watkins, who left at the end of first term.

In the 1st XVIII, which unfortunately met with little success during the term, were the following boarders:—Peter Layman, who was captain, Jimmy Drysdale, Bob Cooke, Neil Williamson, David Anderson, Bruce Webb, Peter Brand, John Gibbs, Keith Smith and Chris. Ball.

Congratulations Peter, on being captain of the team.

During the term David Nathan, Jock Morrison and Bruce Jacobs left the House, the latter two to become day boys. Clem Browne and Malcolm Douglas then became boarders.

Three more House prefects were made about half-way through the term. They were Tony Anderson, Jimmy Drysdale and John Slee. We congratulate them on their appointments.

We had three films shown on Saturday nights during the term, the first being "A Night at the Opera," the second "Blossoms in the Dust," and the third "Young Tom Edison." All were enjoyed by audiences consisting of most of the House.

Towards the end of the term we learnt that Matron, Mrs. Cairnes, was leaving. As a memento of her association with the House, and a mark of appreciation for her service here, a gift from the House was presented before her departure. We welcome Mrs. Cairnes' successor, Miss Warren, and hope her stay at the School will be a happy one.

THIRD TERM, 1949

The term commenced on September 6th and we immediately settled down to train for the athletics.

We were represented in the Interschool team by Neil Williamson, Brian Wood, Ken and John Gibbs, John Slee, Eddie Powell and Tony O'Meehan. Congratulations go to Neil Williamson on his excellent performance in the shot putt.

Cricketer practice followed immediately for the second round of the Darlot Cup.

Pictures from M.G.M. were again shown by Mr. Altorfer and were thoroughly enjoyed by all the House.

The Interschool Shooting Competition was held on December 3rd and the team was composed mainly of boarders. These were:—John Slee, who was the captain, David Anderson, Bob Cooke, Ken Gibbs, Bruce Webb, Tony House, and Tim Catling, who was the reserve.

At the end of term a wonderful boarders' feast was prepared for us by Matron, whom we sincerely thank. Ken Gibbs proposed a toast to those leaving. Robert Reid replied, and it is hoped that all will live up to the ideals he put before us in his speech.

The House extends its sincere thanks to Matron, Sister and Miss Billinge for all the time and care given to our well-being during the year.

FIRST TERM, 1950

School commenced on the 14th of February. On returning, Bruce Roe, Tim Catling, Tony House and Ian Brandenburg were made House Prefects. We congratulate them on their appointments.

We welcome the following new boys to the House:—Addis, Bagshaw, Barrett, Baxter, Boyne, Bushell, Clapin, Dempster, Douglas, Eves, Eyres, Finlay, Gawned, Gracie, Haines, Hale, Hester, A. House, P. House, Husbands, James, Johnson, Kelly, Lyall, Morgan, Morrell, Scott, Staniforth-Smith, Stone, E. G. and L. S. Sutherland, Tanner, J. Taylor, D. Taylor, Weekes, Wheatley, Whitfield, Williams, Willmott.

A week after returning, Ken Gibbs was made a School Prefect, and was appointed Captain of the House.

Mr. Clarke and Mr. Hoar left the House to be married, and have now joined the day staff. Mr. Wakeford and Mr. Tomlinson also left, the latter to carry on his studies in England. We wish him a good trip and every success.

We welcome Mr. T. Brand, Mr. L. Barrett and Mr. L. McCarrey as resident masters. Mr. McCarrey is teaching science, but Mr. Brand and Mr. Barrett are not on the teaching staff.

Swimming training soon commenced, with Mr. Altorfer running a free taxi service for a few senior members. Those from the House in the Swimming Team were:—Tim Catling, Ken Gibbs, Brian Wood, Peter Reitze, Desmond Reid, Ian McGuffin, Barry Randell, Fred House and David Taylor.

The New Boys' boxing took place shortly after our return and some thrilling bouts were witnessed. Ken Gibbs refereed the bouts.

We welcome Mrs. Williams to our midst. We hope that her stay, in charge of Junior House, will be long and happy.

As a result of an Officers' and N.C.O.s' course last year and an N.C.O.s' course in camp, these boys have received promotion:—Cdt. Roe, B. W., to Lance-Corporal; Cdt. Burges, L. R., to Lance-Corporal; Cdt. Catling, T., to Corporal; Corporal Brandenburg, I. R., to W.O.; Sgt. Gibbs, K. W., to Lieutenant.

The House was quite well represented in the rowing crews this year. The following were members of the various crews:—

1st VIII: Tony House and Ian Brandenburg.

2nd VIII: Brian Wood, John Staniforth-Smith, John Wheatley and Ken Gibbs, who was stroke.

1st IV: Phillip Fuller.

Our only representative in the 1st XI this term was John Gibbs.

This year Bruce Webb, a member of the 1st XI, left us to become a day boy.

SECOND TERM, 1950

The term commenced on Tuesday, 30th May, and John Turner from Bunbury was the only new boy.

Football, being the only sport this term, was soon in full swing. Boarders in the team were:—Tim Catling, Ken and John Gibbs, Tony House, Ian McGuffin, Bruce Roe and Doug. Wilson.

This term the Senior School was divided up into four houses. The Day Boys were divided up into three houses and the Boarders formed the fourth house, which is known as School House.

Miss Warren left us this term, and Miss Oliver has taken her place as Matron. We hope that she will have a long and happy stay with us.

The House extends its congratulations to Tim Catling and Bruce Roe, who have been appointed School Prefects.

The first Boarders' Dance since 1947 was held this year. It was a great success, and we thank Miss Oliver and Mrs. Altorfer for the work they put into the floral decorations.

At the end of the term the House football competition took place. It was a knockout competition, and we won the first match, which was against Wilson House. However, in the final against Buntine, we were forced to lower our colours.

We would like to thank Mrs. Gordon for giving up her time to look after Sister, who, after tending the mumps and 'flu cases, was unlucky enough to get the 'flu herself.

Because of the epidemic of mumps in Perth, and the widespread cases of 'flu, School closed a week early.

ATHLETIC NOTES

This year the University Oval was again obtained for our athletic training. Mr. Frank Bird, an Old Boy of the School with a fine athletic record, took over the training of the team, as Mr. Langley had left the School. He was ably assisted by Mr. Corr, who has long been associated with the School Athletic Team. To both these men the team extends its sincerest thanks for the hard work they put into the coaching.

Our thanks also go to Mr. Grigg, Mr. Hammond and Mr. Allen for the valuable help they gave in preparing the team.

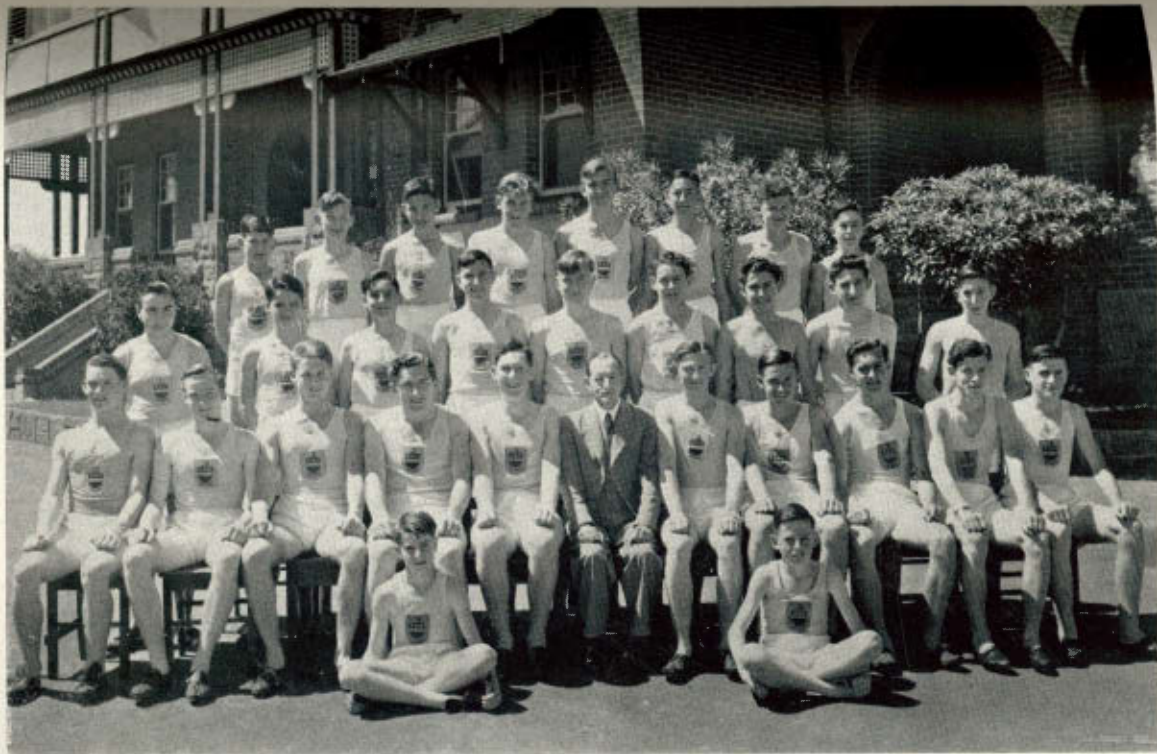

This year Mr. Bird instituted the Frank Bird Trophy, to be presented to the boy who trained the hardest, and who performed the best in the "Inters." The trophy, which was a pair of hand-made running shoes, was won by Brian Short.

At the conclusion of the training season the team made a presentation to Mr. Bird as a token of appreciation of the good work he had done during the season.

The Captain of Athletics for 1949 was John Cruickshank.

SCHOOL SPORTS, 1949

The Annual Athletic Sports were conducted on Friday, 30th September, at the W.A.C.A. Ground. Unfortunately, the meeting was marred by bad weather. In the morning it was overcast, with a strong head wind blowing, and at lunch time it began to rain. This con-

However, all events, except the jumps, shot putts and two of the hurdles were completed. The unfinished events were completed during the next few days.

On Sports Day no good times were put up, but later when events were being completed some very good times were recorded. H. Radden established a new record of 14.6 seconds for the under 16 hurdles. C. B. Brown broke the under 16 high jump record with a leap of 5 feet 2½ inches. His brother John set new figures for the under 15 broad jump with a jump of 17 feet 9 inches and he also equalled the under 15 hurdles record of 15 seconds.

The School Champion Athlete was John Cruickshank, while W. Robinson was runner-up.

The under 16, under 15 and under 14 champions were H. Radden, J. B. Brown and J. Merritt, respectively.

Congratulations are extended to all the abovementioned boys.

INTERSCHOOL SPORTS, 1949

The 45th Annual Interschool Sports were held at the W.A.C.A. Ground on Saturday, 22nd October. Conditions were fine and warm, with no wind in the morning and a moderate head wind in the afternoon. Consequently, because of these conditions and a good track, it is not surprising that five records were broken.

Our congratulations go to Guildford, who carried off the coveted Alcock Shield.

Hale's performance in most of the under age events was very creditable, but the Open was again decidedly weak. Our most successful athletes were Christian, with two firsts and a fifth, Radden with a first and two seconds, and Short with a first and a second. Christian also distinguished himself by breaking the under 16, 220 yards record.

We congratulate Meagher of Aquinas, who, besides being Champion Athlete, broke the record for the open 220 yards.

Other records broken were the open shot putt by Radunovich of Scotch, the under 16 running broad jump by Wheatley of Guildford, and the under 16 relay by Scotch.

Final points were:—

Guildford	206½
Aquinas	202½
Scotch	193
Hale	158

SHOOTING NOTES—1949

The Interschool Shooting for the Defence Cup was held at Swanbourne Rifle Range on Saturday, 3rd December. It was a beautiful day and conditions for shooting were excellent. The general standard of shooting was much higher than in previous years and the record for the shoot was broken by one boy and equalled by another. Scotch eventually proved the winners with 471 points, followed by Aquinas with 467, Hale with 446 and Guildford with 431 points. Sims of Scotch equalled the record of 66, while Gladstones of Guildford broke it by putting up a score of 67. Congratulations to both these boys on excellent shooting!

The Hale School team consisted of J. C. M. Slee (captain), R. C. Cooke, K. W. Gibbs, D. G. Anderson, A. K. House, J. H. G. Maitland, T. C. M. Senior and V. B. Webb.

Senior was again Champion Shot of the School with a score of 58. Congratulations, Tom!

With half the team back next year, the prospects look quite bright for a good season's shooting.

SECOND TERM, 1949

The usual weekly parades were held each Thursday and the miniature range at the School was used.

Sergeant J. C. M. Slee was promoted to Lieutenant.

Lance-Corporal I. R. Brandenburg was promoted to Corporal.

Three of the Corps attended an Officers' and N.C.O.'s Course held at Northam during the August holidays. They were Corporal L. Durston and Corporal I. R. Brandenburg, both of whom attended the Officers' Course, and Cadet S. L. Kirkby, who attended the N.C.O.'s Course. All obtained good passes and Corporal I. R. Brandenburg topped the Officers' Course.

THIRD TERM, 1949

Owing to public examinations at the end of the term, no weekly parades were held. On the weekend of the 27th and 28th September, however, after the Junior and Leaving forms' final exams, a bivouac was held at Swanbourne. The Corps did a lot of company drill and judgment of distance.

At the end of term a team from the detachment fired in the "Commonwealth Challenge Cup." The team finished eighth. Our congratulations go to Aquinas, who won the event.

The team which represented the School was:—Lieut. J. C. M. Slee, Sgt. T. C. M. Senior, Cpl. I. G. Robinson, Cpl. L. Durston, Cpl. J. H. G. Maitland, L/Cpl. A. F. G. Campbell, Cdt. C. H. Bartley, Cdt. M. S. Gregg, and L/Cpl. M. P. M. Denny (reserve).

FIRST TERM, 1950

During the holidays, just before school began, several of the Corps attended an N.C.O.'s Course at Swanbourne. They were:—Cdt. R. L. St. L. Chase, Cdt. D. G. Chappell, Cdt. G. A. Cruickshank, Cdt. M. G. McCall, and Cdt. J. P. Monteath.

At the same time Cdt. S. C. Deykin took a signallers' course.

All members obtained good passes, while Cdt. D. G. Chappell came second in his course.

At the beginning of the term the following were made officers:—Cpl. J. F. Cruickshank, Cpl. I. St. B. Cruickshank, Sgt. K. W. Gibbs, and Sgt. T. C. M. Senior.

Other promotions were:—Cpl. I. R. Brandenburg to C.S.M., Cdt. R. L. St. L. Chase to Cpl., Cdt. D. G. Chappell to Cpl., Cdt. S. L. Kirkby to Cpl., Cdt. M. G. McCall to Cpl., Cdt. G. A. Cruickshank to L/Cpl., Cdt. J. P. Monteath to L/Cpl., Cdt. S. C. Deykin to L/Cpl., and Cpl. N. M. Thomas to S/Sgt.

No. 1 Platoon began to train as potential N.C.O.s.

CAMP, 1950

On Saturday, 6th May, the School Cadet Unit was transferred from the School by buses to Karrakatta.

The camp was enjoyed by all personnel. On the first weekend a short N.C.O.'s Course was held. The promotions were as follows:—Cpl. D. G. Chappell to Sgt., Cpl. M. G. McCall to Sgt., Cpl. S. L. Kirkby to Sgt., Cdt. T. Catling to Cpl., Cdt. M. S. Gregg to Cpl., Cdt. V. B. Webb to Cpl., Cdt. B. W. Roe to L/Cpl., Cdt. L. R. Burges to L/Cpl., Cdt. D. Blake to L/Cpl., Cdt. J. A. Le Plastrier to L/Cpl., and Cdt. J. S. Wheatley to L/Cpl.

On the Saturday night the detachment marched over to a picture show at Swanbourne. Church parade was held on the Sunday morning.

Unfortunately, rain prevented a great deal of outdoor training for the first few days. On the Monday afternoon the Corps fired on the miniature range at Swanbourne, and attended a picture show at Swanbourne in the evening, to which transport was arranged. A section stalk, followed by criticism, was held on the Tuesday. Map and compass reading were conducted on the Wednesday morning, followed by mounting the guard in the afternoon and pictures at the camp that night.

The Thursday was spent on the open range, where some quite good results were obtained. On the Friday there was a mock battle, and a night firing demonstration at Swanbourne, to which the Corps marched.

During camp, several of the cadets received efficiency badges. The detachment marched out of camp before dinner on Saturday, 13th May.

SECOND TERM, 1950

This term, during the training days, instructions were given on the six-pound anti-tank gun. The miniature range was also used, and other instructions were given by means of films.

One parade day Colonel Barrett inspected the Corps and gave an address on Duntroon.

This year the Sir Peter Drummond Memorial Cadet Efficiency Prize, presented by the Imperial Cadet Association, was won by a member of the School, W.O.II I. R. Brandenburg. The prize is presented for the most efficient cadet in Western Command.

Three ranges were held at Swanbourne, including a practice for the Earl Roberts Trophy, and some very good results were obtained. Several cadets were issued with crossed-rifles and in addition Cpl. T. Catling was issued with a star for the best shot.

As a result of this practice shoot the School team was picked to represent the 30th Battalion in the Earl Roberts Trophy Shoot to be contested next term. The team is:—Cpl. T. Catling, Cdt. P. Blackman, Cpl. M. S. Gregg, Cdt./Lieut. K. W. Gibbs; Cdt./Lieut. J. F. Cruickshank, fire commander.

1949

No. 10 Flight, Hale, carried off the honours at the N.C.O. School at Pearce in August, Sgt. House gaining first place in the senior course and L.A.C. Howe being first in the junior course. No. 10 Flight also had the distinction of having the largest attendance of potential N.C.O.s at the course, all of whom passed creditably. As a result, Sgt. House was promoted to Flight-Sergeant, Cpl. Hunt to Sergeant, and L.A.C. Reitze to Corporal.

At an inter-Flight shoot on 17th July, No. 10 Flight gained the aggregate and maintained first place for the whole of the competition, extending over several weekends. Flt.-Sgt. House also represented A.T.C. in the inter-unit rifle shoot on 13th November. The Corps' grateful thanks are due to Capt. Drake for placing the School's miniature range at the disposal of A.T.C. for practice, also for supplying rifles, ammunition and targets.

OFFICERS and N.C.O's., 1949

Back Row : Cpl. P. T. Layman; L/Cpl. A. F. G. Campbell; F/Sgt. A. K. House; Cpl. P. W. Reitze; Sgt. J. A. Hunt;
 Cpl. J. B. Morrison; L/Cpl. G. W. McCausland; L/Cpl. M. P. M. Denny.
 Centre Row : Cpl. I. G. Robinson; Cpl. A. C. N. Anderson; Cpl. J. H. G. Maitland; Cpl. V. L. C. Murphy; Cpl. L. Durston;
 S/Sgt. K. J. Cuming; Cpl. J. F. Cruickshank; Cpl. I. St. B. Cruickshank; Cpl. N. M. Thomas; Cpl. I. R. Brandenburg.
 Front Row : Sgt. N. Williamson; Sgt. T. C. M. Senior; C.S.M. R. C. Cooke; Cdt./Lt. R. Reid (2-1/C.); Capt. L. Drake;
 F/Lt. E. B. Adams; Cdt./Lt. I. F. Packham; Cdt./Lt. J. C. M. Slee; Sgt. K. W. Gibbs; Sgt. A. J. M. Drysdale.

By the end of second term all the members of No. 1 Flight had either gained the Stage 1 Proficiency Certificate or needed one subject to complete it; and in third term we had a visit from Flt.-Lieut. Carr, Staff Officer Training, from A.T.C. H.Q., Melbourne. He presented certificates, inspected the Flight and complimented members on their bearing and efficiency.

1950

At the beginning of the year a large number of boys joined the Flight, bringing the enrolment strength to over sixty, and a third flight was formed of the new recruits.

During first term No. 10 Flight competed in the tennis and swimming competitions. In the tennis, Wilson and Howe did well to win the Open Doubles, while in the swimming, held at Crawley Baths, our swimmers put up a very good effort to triumph, at the last minute, over Wesley, thus winning the competition.

Cadets from No. 10 Flight marched in the A.T.C. contingent on Anzac Day, and attended the service afterwards.

The eight-day camp at Pearce was attended by No. 10 Flight in full strength. There we were shown all over the station and got a taste of Air Force life. Although the weather was difficult, nearly everyone was taken up in the one and only Anson, and everyone had "flights" in the Link trainer. Inter-flight football matches were played every afternoon, and the No. 10 Flight team was successful in all its matches. However, in the hard-fought play-off later on, in Perth, we were defeated by the C.B.C. Flight.

Throughout the camp No. 10 Flight upheld its good reputation, the new recruits in particular putting up a very good show.

In April, Mr. T. D. Hoar, a member of the School staff who served in the Air Force during the war, joined the Flight to assist Flt.-Lieut. Adams in his duties. In the absence from camp of Flt.-Lieut. Adams, who was unfortunately ill, Mr. Hoar looked after our interests there and saw we had a good time. We welcome him to the Flight.

In the second term this year, Stage 2 and Stage 1 Proficiency exams were held, with good results. No. 2 Flight, Stage 1 exams are now completed and Cdt. Crisp topped his class with an average of 94%.

Cadets from No. 10 Flight attended an A.T.C. parade and church service at Christ Church on 13th July at which His Excellency the Governor and Wing-Commander Ford were present.

The outstanding cadets from No. 10 Flight will attend N.C.O.'s and Officers' Schools at Pearce in late August. The Officers' School will be the first of its kind held in W.A. Eventually, it is hoped, the A.T.C. here will have its own cadet officers, giving those who have the gift of leadership the opportunity to exercise it.

DARLOT CUP

SECOND ROUND—THIRD TERM, 1949 HALE SCHOOL V. AQUINAS COLLEGE

PLAYED AT W.A.C.A., WEDNESDAY, 2nd NOVEMBER, 1949.

THE first match of the second round of the Darlot Cup Competition was played on the 2nd of November, and from the outset conditions appeared to be against good cricket, as a strong easterly wind continuously blew across the ground. Ivankovich, the opposing captain, won the toss and the School were sent in to bat on a grassless wicket.

However, Radden and Cruickshank, who opened the innings, showed their capabilities as opening batsmen in remaining at the wicket for 65 minutes in which 64 runs were scored, which is the best opening partnership seen for many years. Radden (49) was unlucky not to reach 50, being well caught at point.

Webb joined Lodge with the score at 3 for 81, and these two batted brightly to take the score along to 160, before Webb was caught and bowled by Morris for 35. Lodge was also unlucky not to reach his half-century, being also dismissed for 49.

The School reached 203 before Lodge declared the innings closed with two wickets in hand.

From the beginning of their innings, Aquinas were uneasy against Hale's attack, although Cullity played attractively for a chanceless 31.

The Aquinas' innings lasted only 90 minutes, in which they scored 70 runs, Hale thus having an overwhelming victory of 133 runs.

HALE SCHOOL V. SCOTCH COLLEGE

PLAYED AT W.A.C.A., WEDNESDAY, 9th NOVEMBER, 1949.

Rain had fallen the previous night and two inspections of the wicket were carried out before it was decided to commence play at 11.50 a.m. On winning the toss, Vincent sent the School in to bat on a wet wicket.

Both Evans and Vincent, Scotch's openers, troubled the batsmen, Drysdale (19) being the only batsman to reach double figures. The School were routed on the sodden wicket, and these two bowlers bowled unchanged to dismiss the School for 35.

The Scotch openers failed and the School was in a good position with the score 4 for 12. However, Vincent and Sagers hit out nicely to pass our score, the tailenders also adding runs owing to a slack period in the field. The Scotch innings closed at 91.

In Hale's second innings, we lost three wickets for 35.

The outcome of this match placed Scotch and Hale equal on points, the results of the following matches being very important.

HALE SCHOOL V. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD, WEDNESDAY, 16th NOVEMBER, 1949.

Weather conditions were again disappointing and play was held up until 11.10 a.m. The toss was won by Lodge, and Guildford were sent in to bat on a wet wicket.

The Guildford batsmen found it difficult to score runs on the nasty wicket and were all out for 19, Christian getting 5 wickets for 7 runs and Webb 5 for 9.

Hale's openers were easily dismissed and with the score 3 for 8, the team's position looked unstable, but when Drysdale (19) joined Lodge (18) these two added 30 and in doing so put the issue beyond doubt. The innings concluded at 72, 53 ahead of the Guildford total.

In the Guildford second innings, Lodge used his spinners to effect, and Blake particularly bowled well, with Hogue and Chrystal. When stumps were drawn Guildford had lost 9 for 95.

In a very exciting match at the W.A.C.A., Scotch College narrowly defeated Aquinas, thus making a play-off necessary.

THE PLAY-OFF

SCOTCH COLLEGE V. HALE SCHOOL

PLAYED AT JAMES OVAL, UNIVERSITY, 6th-9th DECEMBER, 1949.

Scotch, winning the toss, made good use of the perfect wicket and ideal conditions, and took the score to 96 before the first wicket fell. Several quick wickets raised our hopes, but after lunch Vincent went on to his century. Stumps were drawn at the end of a fine partnership between him and Evans (30). He was then 178 not out. The only outstanding bowler was Blake (3 for 44).

On the second day Scotch's innings soon closed for 295, Vincent being 183 not out. In our innings we had lost 5 wickets for 50 runs, when Webb and Fotios made a fighting partnership of 55. At stumps Webb remained not out, at 63, the only other worthwhile score being Hogue's 11 not out.

On Thursday, Hale were soon dismissed for 171. Good bowling by Hill, Evans and Vincent and the failure of our batsmen to use their feet contributed to this only mediocre score.

In their second innings, Vincent was dropped off the first ball but snapped up by Lodge off Christian at 10. After a stand by Dry and Watson, wickets fell quickly, 5 for 86 on the board giving us a fighting chance; but another stand, by Hill and Evans, enabled Scotch to reach 183, Webb, Christian and Lodge bowling much better and sharing the honours.

On the fourth day, we faced 307 and a wicket that was beginning to crumble. Apart from Christian, our early batsmen failed, and 6 wickets were down for 72. Fotios (36) and Drysdale (20) put up a good stand, but the side was dismissed for 136.

Our congratulations go to Vincent for his memorable 183 not out, and the match-winning bowling efforts of Evans, Hill and Vincent also.

At the conclusion of the match the Darlot Cup was handed to Vincent, Scotch's captain, by the Headmaster of Hale School, Mr. V. S. Murphy, who congratulated Scotch on winning the cup for the first time since 1939.

DARLOT CUP CRICKET

FIRST ROUND—FIRST TERM, 1950

HALE SCHOOL V. SCOTCH COLLEGE

PLAYED AT W.A.C.A. ON 22nd MARCH, 1950.

The wicket was in perfect condition and on winning the toss, Dry, the Scotch captain, elected to bat.

After one wicket had fallen for 6, a good second wicket partnership of 51 between Gooch and Dry followed. Lodge persevered with Blake and himself, and wickets fell frequently, but a fifth and sixth wicket partnership, of 47 and 45 respectively, took the score along to 7 for 171. Evans was the main batsman figuring in these partnerships, and his 61 runs was made in the best of style. Two wickets then fell without the addition of further runs and the Scotch innings closed at 175. Blake bowled consistently for the School and was rewarded with 5 for 41 off 18 overs, 6 of which were maidens. Lodge also captured 4 for 47, the spinners forming the spearhead of the attack.

Cruickshank and Brown opened the innings and shortly after its commencement Brown was run out. Cruickshank and Fotios then added 30 before Cruickshank was out to Hill. The next partnership, between Fotios (43 not out) and Lodge (37 not out), continued until stumps, when the total was 102 for the loss of only 2 wickets, the match being drawn.

HALE SCHOOL V. AQUINAS COLLEGE

PLAYED AT THE W.A.C.A. on 29th MARCH, 1950.

After winning the toss, Lodge sent Aquinas in to bat, hoping to gain an advantage from the strong easterly wind which blew across the ground. No help was gained from the wind, however, and although the bowling was accurate, the score slowly mounted by careful batting. The fielding varied, and at times was a little sluggish, showing that more concentration was needed. Once again the spin bowling was the mainstay of the attack and Blake and Lodge were the chief wicket takers. Blake bagged another 5 wickets and Lodge 3. The Aquinas total of 132 looked well within our means.

We were sorrowfully mistaken, however, for after the openers had been quickly disposed of, and with Lodge (12) and Webb (10) out, having unsuccessfully attempted aggression, a disastrous collapse followed in which 5 wickets fell for 8 runs, and the School were out for a very poor 40. The most successful bowler for Aquinas was Cullity, the captain, who took 5 for 5.

The outcome of this match was very disappointing, and put us in a very bad position, but we look forward to the return match during the third term.

HALE SCHOOL V. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD, WEDNESDAY, 5th APRIL, 1950.

This match proved to be not only the most eventful of the season, but also an intensely interesting struggle, both sides fighting but from seemingly hopeless positions.

Lodge won the toss and decided to bat. The first four wickets of Cruickshank, Blake, Fotios and Webb, fell for a total of only 11 runs, the destroying agents being Schuler and White. In a fighting partnership Lodge and Brown put on 23 before Brown was bowled for 5. This was followed by another collapse, until Radden joined Lodge, and, using their feet and hitting the ball very hard, they put on 49 runs, to make Hale's total 90, when Lodge, who was at this stage 65, was well caught in slips, his brilliant innings being described as one of the best knocks seen in Darlot Cup cricket for a very long time. Radden, partnered by Monteath, continued his bright innings, and at 45 was caught out on the boundary in going for a big hit. Hale's innings closed for the respectable total of 145.

Guildford in their turn opened confidently, but with the score at nil for 11, a magnificent fast bowling effort by Christian dismissed Grant, Padbury, Eccleston and Johnson without the addition of any score; he twice missed the hat-trick, and his tremendous speed demoralised these opening batsmen. A good fighting innings by Schuler of 47 retrieved to a great extent Guildford's position, but a fine bowling effort by Webb dismissed the last three batsmen cheaply, and the innings closed for a total of 93. The match was played in the best spirit of the game and we saw cricket at its best. The fielding of both sides was excellent, particularly the slips fielding of Hale School, in which we saw Senior take an extremely difficult left-hand catch at first slip.

In the other match Aquinas narrowly defeated Scotch, so that at the end of the first round we occupy equal second position with Scotch.

FIRST ELEVEN V. OLD BOYS

This year Old Boys' Day was held on March 8th at Subiaco Oval.

Owing to a misunderstanding in the arrangements, the wicket was very wet. Lodge won the toss from the opposing captain, Clarke, and sent the Old Boys in to bat. They compiled only 64, of which Clarke made 14, Armstrong 14, and Murphy 10. Christian bowled well to take 3 for 22, as did Senior 3 for 11 and Webb 3 for 18.

The School's innings began badly with Cruickshank being caught off the first ball, but with the score at 2 for 18, Lodge joined Sanders,

and these two carried the score on to 85 before Sanders was run out for 19. Webb then joined Lodge and again another good partnership of 70 resulted.

Lodge batted very well in making 88 and well deserved a century. Webb's 47 was slow and at times a little shaky.

At the conclusion of the day the score had mounted to 189 for the loss of 6 wickets, the School having a very comfortable win.

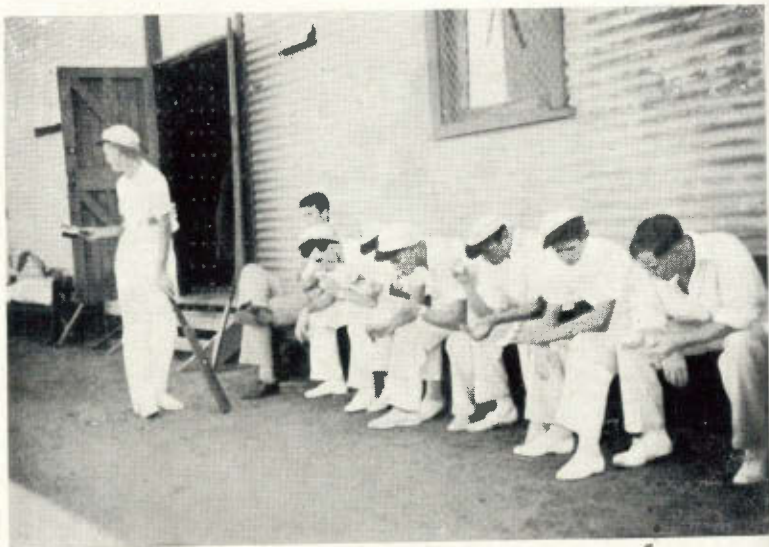

There were not sufficient Old Boys to form two teams to play the usual Town v. Country match, so a match was played between the 2nd XI and Old Boys.

The 2nd XI were easily defeated, the Old Boys making 9 for 127, and in reply the 2nds could only manage 57.

The scores:—

School 6 for 189 (Lodge 88, Webb 47, Sanders 19, Brown, 10); Old Boys 64 (Clarke 14, Armstrong 14, Murphy 10). Bowling—Senior 3 for 11, Webb 3 for 18, Christian 3 for 22, Blake 1 for 8.

FIRST ELEVEN V. MR. LOTON'S ELEVEN

SOME OF THE ELEVEN ENJOYING WATER MELON

The traditional match against Mr. Loton's Eleven at Herne Hill was played on March 13th.

The School team batted first, and some solid defensive batting was seen in the early part of the innings. Later, Brown (50 retired)

and Lodge (48) forced the score along, and the School declared with 4 wickets down for 157.

Mr. Loton's Eleven scored quickly in the time remaining, and were 8 for 119 at stumps, the match thus resulting in a draw.

As usual, the grapes and water melon were the big attraction, and were much enjoyed by everyone. We extend our thanks to Mrs. Loton for providing such an appetising lunch and afternoon tea.

The scores:—

School 4 for 157 (Brown 50, Lodge 48, Sanders 31); Mr. Loton's Eleven 8 for 119 (Senior 1 for 11, Christian 1 for 13, Webb 1 for 15, Blake 1 for 21, Hogue 1 for 34).

FIRST ELEVEN V. SINGAPORE

This being the final match in the first term, a one and a half days' fixture was arranged on Saturday afternoon and Sunday of April the 8th and 9th, at King's Park.

Ong Beng Bee, the opposing captain, won the toss and elected to field.

After a bad start in which two wickets fell for 25, a good partnership of 45 between Lodge and Cruickshank resulted, the latter being dismissed for a well made 20. Lodge continued, hitting the ball hard in a variety of strokes around the wicket, until he was bowled for 50. The tail-enders also did well, and the innings closed on Sunday morning with 159 on the board.

Notable was the trundling of the Singapore schoolboy Desmond Keyt, a left arm spinner, who got 5 wickets for 45 runs off 17 overs.

Christian opened the bowling for the School, and his very fast deliveries at once troubled the Singapore batsmen. His bowling was the feature of the day, and the speed he attained dislodged even the most stubborn of batsmen. He finished with the fine figures of 7 for 23 off 7.2 overs, 3 maidens.

Singapore were dismissed for 100, 59 behind the School's total, the 1st XI thus finishing off the first term in fine style.

The School provided Coca Cola and a light lunch, the catering of which was ably managed by Mrs. Murphy. We take this opportunity of thanking Mrs. Murphy and her lady friends who so kindly prepared the lunch.

The scores:—

School 159 (Lodge 50, Cruickshank 20, Christian 19, Radden 19, Hogue 15); Singapore 100 (Christian 7 for 23).

FIRST ELEVEN, 1950

With the return of almost all last year's XI, the School looked forward with every confidence to the 1950 season, a confidence which was justified except by the Aquinas match, which was a dismal batting failure. So we occupy only second place in the Darlot Cup competition, one point behind Aquinas. Our success (if we pass over the Aquinas defeat) was largely due to the captaincy and prolific scoring of A. Lodge, who at one stage had scored 500 runs for six times out; the splendid bowling of Webb early in the season; and later in the season by Christian, whose express bowling virtually won the games for us against Guildford and Singapore; and the good fielding of the XI as a whole.

CRITIQUE

- A. O. LODGE (Captain).—Has developed into an astute captain; is now using his feet splendidly and has been a prolific scorer this year and will go a long way in the game. Fair slow bowler and excellent wicketkeeper.
- V. B. WEBB (Vice-Captain).—His net form is outstanding—attractive strokes and footwork, but does not always reproduce this form in matches. Excellent opening bowler and slips fieldsman.
- D. BLAKE.—Very good slow medium bowler who has taken a good share of wickets this year. Batting is fair, but if he would move his feet and hit the ball harder, would develop into an excellent left-hand batsman.
- C. B. BROWN.—Has an attractive style and power in his shots, but could use his feet more freely. Is a safe field and will develop into a good opening bowler.
- G. H. CHRISTIAN.—Has developed into a splendid fast bowler—in fact, shows great promise as a real express bowler. Good bat when he gets going.
- I. ST. B. CRUICKSHANK.—Very solid batsman, but is inclined to let the ball hit the bat; has good shots when he opens out and uses his feet.
- G. FOTIOS.—Good bat with a variety of strokes and plenty of power in his shots; is now using his feet very well.
- D. HOGUE.—Fair left-arm bowler, but has not had the opportunity to develop his bowling this season; batting is very much improved, and he has an attractive style.
- J. MONTEATH.—Is steadily developing into both a polished wicketkeeper and batsman.
- H. S. RADDEN.—Excellent fieldsman, and after a lean period with the bat, came to light with two attractive hard-hitting innings.
- B. SANDERS.—Good opening left-hand batsman, but lets the ball hit the bat too much and lacks power in his shots. Will improve as he grows.
- T. C. M. SENIOR.—Fair opening swing bowler; reliable fieldsman, hard-hitting but only fair bat.

THE CYGNET

TENNIS — 1950

THE first round of the Unofficial Interschool Tennis Competition was held at the Royal King's Park Tennis Club on 12th April, 1950. The draw was Hale v. Guildford and Scotch v. Aquinas.

The School team was as follows:—D. W. Watts (captain), G. Fotios, B. Nevard, L. Chrystal. Throughout the period of practice the team showed an enthusiasm which stood them in good stead for their matches.

In the first round, against Guildford, although both doubles were taken to three sets, the School had three comfortable wins in the singles. The remaining match was won by Fotios after two very even sets. Eccleston had no counter for Watts' powerful serving and driving, although the latter's performance in the doubles was somewhat erratic. Due to Fotios' baseline game, the doubles was a good deal closer than was comfortable. Chrystal and Nevard had little trouble in defeating the less experienced Guildford pair, who, after the first set, were unable to cope with the reliable smashing of Nevard and cunning volleys of Chrystal.

The detailed scores were:—

Watts d B. Eccleston 6-2, 6-1; Fotios d Johnston 6-4, 6-5; Nevard d A. Eccleston 6-1, 6-3; Chrystal d Fisher 6-1, 6-1; Watts and Fotios d B. Eccleston and Johnston 5-6, 6-2, 6-3; Nevard and Chrystal d A. Eccleston and Fancott 5-6, 6-2, 6-2. Hale, 6 rubbers 12 sets 82 games, d Guildford, 2 sets 39 games.

In the other game, Scotch defeated Aquinas and so qualified to meet Hale in the final.

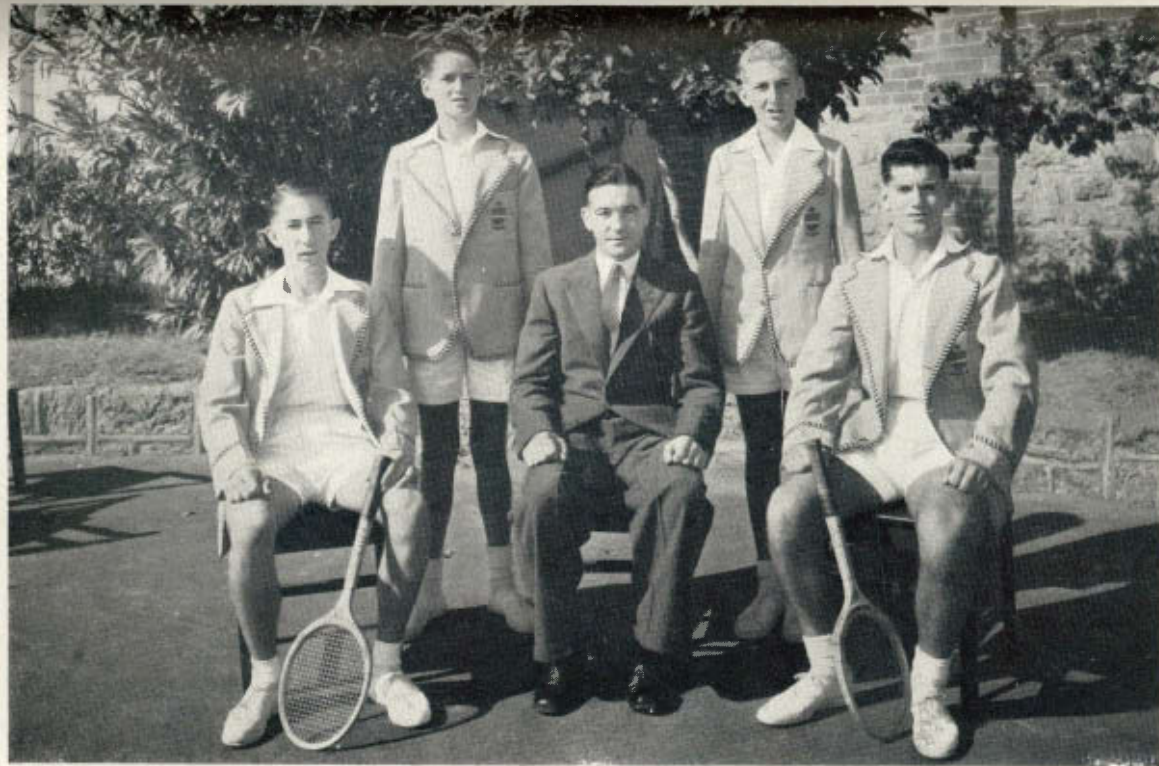

The final was more evenly contested. Watts, by easily defeating Gollan (S.), was again Interschool Champion. His game was superior to that of his opponent in all departments.

Fotios in a drawn-out baseline tussle narrowly defeated Barblett (S.) 7-5 in the third set. Braddock (S.) punished Nevard's inconsistent backhand to clinch an interesting match.

Although Chrystal lost to Somes (S.), he must be congratulated on a splendid fight-back, which, without doubt, won the day for Hale.

Fotios and Watts clinched the match for Hale by winning the doubles in straight sets, mainly through well thought-out tactics.

The remaining doubles was conceded to Scotch (after Hale had won two games), as the light was bad and the result would not affect the final scores.

TENNIS, WINNERS, 1950.

Standing : L. E. Chrystal, B. W. Nevard.

Seated : D. W. Watts (Capt.); M. W. Mill, Esq.; G. Fotios.

The detailed scores were:—

Watts d Gollan 6-0, 6-1; Fotios d Barblett 5-6, 6-2, 7-5; Nevard lost to Braddock 5-6, 3-6; Chrystal lost to Somes 6-5, 0-6, 6-8; Watts and Fotios d Barblett and Braddock 6-1, 6-5; Nevard and Chrystal v. Somes and Gollan 4-6, unfinished. Hale, 3 rubbers 7 sets 66 games, d Scotch, 3 rubbers 7 sets 63 games.

The final placings were: Hale 1st, Scotch 2nd, Guildford 3rd.

We would like to thank Mrs. Wilson for providing players and visitors with a very enjoyable afternoon tea.

The team wishes to thank Mr. Mill for his interest in the team again this year.

ON Wednesday, March the 1st, another School Swimming Carnival was held (at Crawley Baths), and although perfect conditions prevailed, there were no records set up.

R. S. Wilson retained his title of School Champion with 9 points, with L. E. P. Chrystal as runner-up champion with 4 points.

O. M. Williams was the Under 16 Champion (6 points). He shows undoubted talent and with steady practice should prove a valuable acquisition to Hale School during the coming season.

Mr. Altorfer and his committee, by excellent handicapping, provided all who were interested enough to attend with a very good morning's sport, and due praise is offered to these people and also to the masters who acted as stewards. With the introduction of the House system it is hoped that the attendance, and the enthusiasm, which was lacking so much this year, will be increased.

INTERSCHOOL SWIMMING

Scotch College easily won the Interschool Swimming Carnival at Crawley Baths this year, Aquinas and Guildford filling second and third places.

Rodney Hounslow was Champion Swimmer for the day, having gained honours in the open 100 and 400 metres and again in the under 16 200 metres.

Scotch filled first and second in most events. The carnival early developed into a tussle between Scotch and Aquinas, the latter first taking the lead with victories in the first and second events.

An excellent example of pluck and determination was set by Geof. Brockway, a former polio victim. His game swimming and that of J. Salerien (A.C.) is an object lesson in pluck to all of us.

Hale School filled again a bad fourth place. This is where we shall stay until such time as the boys realise the need for a determined effort in their training.

Training for 1951 will begin again in the third term of this year, under the supervision of Mr. P. Oliver, to whom special praise is due, as well as to Mr. Altorfer for building up a team out of this very raw material. This defect, it is felt, will be removed with the graduation into the Middle School of some very promising juniors.

LIFE-SAVING

THE LAW SHIELD COMPETITION

On the afternoon of Saturday, March 25th, the Interschool Life-Saving Competition for the Law Society Shield was held at Crawley Baths. Conditions were ideal for the occasion and good times were swum by all schools. The School's "A" Team won by a comfortable margin from Modern School.

The School was represented by—

"A" Team: R. S. Wilson (captain), W. R. Serventy, T. Johnson, I. G. McGuffin; and

"B" Team: N. A. Morlet, J. B. Morrison, P. Reitze, I. Parkes.

Great praise is due to Mr. Altorfer and to Mr. P. Oliver for their untiring efforts in coaching the boys into the team which won so meritoriously. This marks the first year in five that Hale School has swum into first place.

The boys themselves are to be congratulated on their attitude at training and on their performance on the day of the contest.

LIFESAVING, WINNERS OF LAW SOCIETY SHIELD, 1950.

Standing : N. A. Morlet; P. W. Reitze; I. M. Parkes; J. B. Morrison.

Seated : W. R. Serventy; R. S. Wilson (Capt.); G. N. Alter fer, Esq.; J. A. Johnston; I. G. McGuffin.

The School's total was 491 seconds, and the fastest time on the day was swum by R. S. Wilson, the captain of the Hale teams, in 118.4 seconds. Let us hope that this year will be the first of many successful years in this competition, and that the old standard of the School's life-saving teams will be restored.

LIFESAVING AWARDS

This year eleven enthusiastic boys entered for Royal Life-Saving Society awards and passed meritoriously.

The boys are to be congratulated on their attitude during instruction. As a result, these entrants, the first for some years, gained a particularly high pass mark.

Now that life-saving award examinations have been reinstituted, it is to be hoped they are continued and that the present high standard will remain.

FOOTBALL NOTES

FOOTBALL, 1949

ALCOCK CUP

HALE SCHOOL V. GUILDFORD GRAMMAR SCHOOL

PLAYED AT SUBIACO OVAL.

THE teams ran on to the field and were greeted by a cold wind accompanied by a shower. (The wind was strong, and after the Seconds' match the surf on the cricket pitch was running high.)

Hale won the toss and elected to kick against the wind. Guildford attacked all the way through the first quarter, but sterling work on the part of the Hale backs held them down to 3 goals 2 behinds. (Hale were unable to beat the waves and beach the ball.)

Quarter-time scores: Hale nil, Guildford 3.2 (20 pts.).

In the second quarter, Hale, with the help of the strong breeze, attacked when Monteath kicked to Radden, who passed to Lodge, who brought up Hale's first goal. Hale's centre line took charge and, with Senior rucking well, gave the forwards every opportunity. Drysdale, leading cut well, put on three more goals. The backs, ably led by Monteath, were impenetrable.

Half-time scores: Hale 4.2 (26 pts.), Guildford 3.2 (20 pts.).

In the following quarter Guildford failed to make full use of the wind and were certainly not helped by the heavy ball. However, a certain amount of credit is due to the Hale backs, who played rugged football—one or two, more than was necessary, perhaps. Anderson on the wing started a move that gave Hale two more points and we retained our half-time lead.

Three-quarter time scores: Hale 4.4 (28 pts.), Guildford 4.3 (27 pts.).

The last quarter promised to be a good one, with both teams striving to gain the advantage. However, with crowded play, and much bustling, the standard of play rapidly fell. Guildford's "packing" of the Hale forward line tactics worked well. Hale, although assisted by the wind, broke through only three times, the only goal being scored by Brand after some clever play by Smith and Senior.

Final scores: Hale 5.6 (36 pts.), Guildford Grammar, 4.4 (28 pts.).

Best Players—Monteath, Senior, Radden, Drysdale, Smith, Anderson, Brand, Lodge.

Goal-kickers—Drysdale 3, Lodge 1, Brand 1.

HALE SCHOOL V. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL.

Hale won the toss and, with conditions practically opposite to those of the Guildford match, kicked into a slight breeze.

Scotch wasted no time and from the first bounce attacked strongly. The Hale backs staggered a bit at first, but then tightened up noticeably, with Monteath and Fotios battling well in defence. However, the damage was done, and Hale's only score came when Radden, picking the ball out of a scrumage, kicked to the half-forward line. There was another pack, but Brand and Smith, combining well, got it to Drysdale, who brought up Hale's first score.

Quarter-time scores: Hale 1.0 (6 pts.), Scotch 4.2 (26 pts.).

Hale, making use of the wind, drove goalwards, with Senior prominent. Lodge, dodging superbly, ran in for two easy goals, Drysdale also shooting one after a pass from Lodge. Scotch retaliated, but found difficulty in passing Williamson and Cooke, who were ably backing up Monteath and Fotios. Hurried shots by Scotch gave them 1 goal 3 behinds for the quarter.

Half-time scores: Hale 4.2 (26 pts.), Scotch 5.5 (35 pts.).

This quarter the Hale players seemed to be suffering from an overdose of oranges, and Scotch, pressing home their advantage, added five more goals quite easily. Towards the end of the quarter a few shook themselves and appeared to improve, but it wasn't until Brand and Drysdale scored Hale's fifth goal that some bright play was seen on the Hale side.

Three-quarter time scores: Hale 5.2 (32 pts.), Scotch 10.7 (67 pts.).

Hale's position at this stage of the game was not encouraging, but after a pep talk from Mr. Mill they fought back well. The ball was kept in the Hale forward zone most of the quarter, but Scotch, defending well, did not allow Hale to pass their total and finished with a handy lead.

Final scores: Hale 7.5 (47 pts.), Scotch 10.8 (68 pts.).

Best Players—Lodge, Senior, Monteath, Brand, Fotios, Radden, Smith, Layman, Williamson, Cooke.

Goal-kickers—Drysdale 3 Lodge 3, Zempilas 1.

HALE SCHOOL V. AQUINAS COLLEGE

PLAYED AT SUBIACO OVAL.

Aquinas won the toss and kicked into the wind. Hale attacked most of the first quarter but were able to score only 1.2. Aquinas

were held at bay, however, and only managed to score 1 point. The Hale team suffered a loss about half-way through the first quarter when Cruickshank was forced to leave the field with an injured thumb after dominating the ruck. Senior scored the goal after marking a low pass from Lodge.

Quarter-time scores: Hale 1.2 (8 pts.), Aquinas 0.1 (1 pt.).

Aquinas leapt into attack on the bell—it is the old story—and a series of passes along the wing gave them their first goal. They attacked again, but Monteath and Fotios sent them back. Radden and Senior combined to give Brand a chance, who goaled. Despite robust play by Williamson, Aquinas scored again. Drysdale kicked a long one through after Fotios, playing grand football in defence, had started the move. Aquinas retaliated and with a fighting come-back took the lead.

Half-time scores: Hale 3.2 (20 pts.), Aquinas 4.4 (28 pts.).

Hale again played poorly in the third quarter. The play was dull and only 2.3 was scored. Aquinas in scoring 1.3 maintained their lead. Hale's last goal came when Murphy kicked one through while on the run. With Aquinas playing strongly it looked fairly safe for them, having the breeze with them in the last quarter.

Three-quarter time scores: Hale 4.2 (26 pts.), Aquinas 5.3 (33 pts.).

The Hale ruck was beginning to feel the pinch without the services of Cruickshank and, although Smith was roving well, Aquinas went farther in front. Weight was thrown about liberally in this quarter in an effort to score, but the Aquinas defence remained solid to the end and Hale could only manage a point.

Final scores: Hale, 4.3 (27 pts.), Aquinas 9.9 (63 pts.).

Best Players—Senior, Monteath, Lodge, Smith, Fotios, Radden, Williamson.

Goal-kickers—Brand, Drysdale, Murphy, Senior.

HALE SCHOOL V. GUILDFORD GRAMMAR SCHOOL

PLAYED AT BASSENDEAN OVAL.

Guildford were away first after the bell. Hale didn't show any form until Arrow, swinging madly out of a pack, goaled with a snap. Blake goaled after marking a pass from Lodge, who was weaving cleverly around his opponent. It was remarked that other team members were seen with knitting needles and wool.

Quarter-time scores: Hale 2.2 (14 pts.), Guildford 4.3 (27 pts.).

Although Hale did not score much this quarter, they kept Guildford down to even less. Drysdale initiated many moves from the centre, but they petered out owing to Guildford's good defence. Their resting rucks were playing well in defence. Hale threw away chances with indifferent kicking.

Half-time scores: Hale 3.6 (24 pts.), Guildford 5.4 (34 pts.).

Hale again failed to make full use of the wind and Guildford, who were on top now, won the game in this quarter; they were allowed to score 2.3 against the wind. The highlight of this quarter was when Senior decided to have kicking practice with Schuler (Guildford). No one touched the ball for a while except these two.

Three-quarter time scores: Hale 3.8 (26 pts.), Guildford 7.7 (49 pts.).

The last quarter was a slogging match, Guildford scoring 1 behind, Hale nil.

Although Smith was roving well and Fotios doing sterling work on the half-back flank, the game was not interesting. The Guildford back-line remained firm to the end of the game, which finished in a good victory for Guildford.

Final scores: Hale 3.8 (26 pts.), Guildford 7.8 (50 pts.).

Best Players—Fotios, Senior, Drysdale, Smith, Lodge.

Goal-kickers—Blake 2, Arrow 1.

HALE SCHOOL V. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL.

The School team was first into the attack, with the help of a slight breeze. Soon after the bounce there was a melee in the goal-square. Blake was awarded a free kick after he had extracted himself from under a heap of players. He kicked the first goal of the match. Scotch then took over and peppered away at the goals for the rest of the quarter. However, by good robust play by Cooke and Williamson, while resting in the back line, Scotch were held down to 2.2.

Quarter-time scores: Hale 1.1 (7 pts.), Scotch 2.2 (14 pts.).

Scotch scored a goal soon after the change-over, but then Radden, kicking to Drysdale, put the School team into attack. At a bounce in the Hale forward zone a clever knock by Williamson to Smith gained only a point. A few moments later Brand capped off a clever piece of work with a goal. Scotch, getting into their stride and getting great drive from Smith, their captain, raced through and, baffling the Hale backs, put on three quick goals.

Half-time scores: Hale 2.3 (15 pts.), Scotch 6.4 (40 pts.).

Both teams threw themselves into the play and attacked strongly after the bell; but Scotch with better co-ordination scored two more goals. Drysdale, gathering in after a bounce in the centre, hand-balled to Murphy, who, with a strong kick, sent the ball to Blake, who goaled. Hill (Scotch) brought up their ninth. Hale forced through two behinds. A little later Lodge, running round a pack, kicked through an open goal.

Three-quarter time scores: Hale 4.5 (29 pts.), Scotch 11.7 (73 pts.).

Hale forced the ball forward with Cooke and Williamson in everything; Drysdale was doing well in the centre, but the School team was unable to score. Hale was tiring and Scotch, clapping on the pace, went farther ahead. By the time the bell rang Scotch had a convincing total and a commanding lead of 59 pts.

Final scores: Hale 4.5 (29 pts.), Scotch 13.10 (88 pts.).

Best Players—Williamson, Cooke, Radden, Drysdale, Smith, Murphy.

Goal-kickers—Blake 2, Lodge 1, Brand 1.

HALE SCHOOL V. AQUINAS COLLEGE

PLAYED AT W.A.C.A.

In the last match, Aquinas College showed Hale the fast, open type of game. They attacked from the bounce and, although Fotios and Radden held them at bay for a while, they were not to be denied; and with the help of the slight breeze had a lead of four goals at quarter-time.

In the second quarter Hale settled down a bit and with Cruickshank and Cooke doing well in the ruck Aquinas had to fight. The Hale supporters were disappointed when Bartley missed an easy goal.

Half-time scores: Hale 0.1 (1 pt.), Aquinas 6.7 (43 pts.).

Hale again threw away the game in the third quarter. Although Cruickshank was getting the knock-outs at the bounce, the Aquinas rovers were superior and sent the ball to their forward line very smartly.

Three-quarter time scores: Hale 0.1 (1 pt.), Aquinas 14.12 (96 pts.).

Hale's first goal came early in this quarter from Lodge. Senior, after hurling himself into a pack, was seen wiping some blood off his face. Despite this bloodshed, Aquinas went farther in front and it was a tired Hale side which walked off.

Final scores: Hale 1.3 (9 pts.), Aquinas 19.18 (132 pts.).

Best Players—Drysdale, Radden, Cooke, Cruickshank, Fotios, Senior.

Aquinas College is to be congratulated on a fine exhibition, and also passing through the season undefeated. Well done, Aquinas!

The Second XVIII did not fair at all well during the season; but, as a result of hard training, greatly improved towards the end of the season to press a strong Aquinas side very closely.

FOOTBALL NOTES

1950

ALCOCK CUP

HALE SCHOOL V. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL.

Reports that Scotch had a good team were confirmed immediately after the ball was bounced. They wasted no time in driving the ball forward and scoring. They were fast and determined, and evidently believed in straight-down-the-ground tactics.

The Schol team, on the other hand, was slow to get into its stride and lacked determination. Scotch was in front at quarter-time and were attacking strongly.

The second quarter saw Hale thrusting forward, only to be repulsed and hustled by the Scotch backs. Hale had its fair share of the play and Fotios and Webb were proving stumbling-blocks to the Scotch forwards.

This quarter was a close repetition of the first, Hale hanging on grimly but losing in most departments of the game. Scotch had a handy lead at half-time, which they had showed would take a lot to catch.

After half-time both sides threw themselves into the game. (They were picked out later.) During this quarter no bumps were spared, and the game was far from uninteresting, although the scores may have indicated that it was one-sided.

The bustling tactics of the Scotch backs brought dividends, and Hale lost many opportunities through hurried kicking. Senior was giving good service in the ruck again, and many moves forward were originated by him.

The last quarter opened with both sides scoring soon after the bounce. Scotch were still more accurate and, getting great drive from Lynn and Cary, wasted very few opportunities. Although Radden was playing well in defence, the Scotch rovers were too good for the Hale rovers and did a lot of damage.

The highlight of the game was the clash between the big ruck-men, Cruickshank (H.) and Cary (S.); both are to be congratulated on very fine games.

Scotch eventually ran out comfortable winners by 13 goals 12 behinds (90 pts.) to 4 goals 12 behinds (36 pts.).

Best Players—Senior, Cruickshank, Radden, Fotios, Webb.

HALE SCHOOL V. GUILDFORD GRAMMAR SCHOOL

PLAYED AT SUBIACO OVAL.

Guildford were first off the mark and rushed a point. Roe, however, soon after got possession and drove to Zempilas, who marked on an acute angle. The result of his kick was a "poster." Both teams had the ball in their forward lines during the quarter, but the backs on both sides held firm and no major score was recorded. It looked as if there would only be a few points separating the teams, until Guildford broke through and scored the first goal of the match.

Quarter-time scores: Hale 0.2 (2 pts.), Guildford 1.5 (11 pts.).

Guildford scored another goal soon after the commencement of the quarter. Hale retaliated when Senior's long kick was soccered through by Lodge. Hale was still falling down badly in its forward area and a row of points resulted, Morrison and Webb holding Guildford at bay at the other end of the ground.

Half-time scores: Hale 1.6 (7 pts.), Guildford 2.5 (17 pts.).

Hale moved into attack, but it was not until Fortiades marked and goaled that the School team took the lead. Gibbs, doing well in the centre, put Lodge in possession and he made no mistake. Soon after Gregg goaled (2) and the School team was in a very good position at the end of the third quarter.

Three-quarter time scores: Hale 5.10 (40 pts.), Guildford 2.8 (20 pts.).

The ball swung backwards and forwards across the centre, but it was not until well into the last quarter that Watts brought up the School's sixth goal. Both teams struggled hard to gain the upper hand, but neither was able to do so. Cruickshank, trying hard in the ruck, and Catling and Morrison battling gamely in defence, were prominent.

The bell rang on a fast, vigorous game, with Hale the victors by 7.11 (53 pts.) to 3.12 (30 pts.).

Best Players—Senior, Cruickshank, Morrison, Catling, Webb, Gibbs, Roe.

HALE SCHOOL V. AQUINAS COLLEGE

PLAYED AT PERTH OVAL.

Aquinas, playing their customary standard of football, scored a point soon after the first bounce. Hale retaliated, but again only a point was registered. Aquinas, on the offensive, scored the first goal of the match a little later on. The game was hard and fast, and a good standard of football was being played. Lodge, in scoring Hale's first goal, broke up the Aquinas backs. Up till then the backs on both sides had held firm.

Quarter-time scores: Hale 1.1 (7 pts.), Aquinas 1.3 (9 pts.).

In the second quarter, Aquinas, due to more systematic play and surer marking, slightly increased their lead. Had it not been for solid back play by Webb and Morrison, the lead would have been even greater. Hale again lost many chances in its forward area, and it was no fault of Lodge and Gibbs that the score was not greater than it was at half-time.

Half-time scores: Hale 1.4 (10 pts.), Aquinas 3.3 (21 pts.).

At the very start of the quarter Aquinas added to their lead by another goal. In our turn, several free kicks in the forward area yielded nothing, and so we missed a golden opportunity of equalising the scores. Things brightened a little when Cruickshank got the ball to Lodge, who goaled. However, on the bell, Aquinas were again in attack and had the benefit of a strong wind in the last quarter.

Three-quarter time scores: Hale 2.5 (17 pts.), Aquinas 5.3 (33 pts.).

This quarter promised to be an interesting one and weight was used freely. Although the start was fairly even, the Aquinas side regained its supremacy and began to score freely. Hale immediately "packed" the play and it became congested. Senior, playing a rugged game on the ruck, and Roe, shining on the wing, stood out in this quarter.

In the end Aquinas ran out comfortable winners at 9.7 (61 pts.) to 2.5 (17 pts.).

Best Players—Cruickshank, Senior, Webb, Lodge, Roe, Gibbs, Morrison.

HALE SCHOOL V. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL.

The conditions for the game were nearly perfect, and as the ground was dry, a fast game was anticipated.

The first score came soon after the bell and was a point for Scotch. The game then developed into a fast battle across the centre of the ground. Radden time and time again broke up Scotch's rushes goalwards. Although the ball spent some time in our forward line, wild kicking prevented any scoring, Scotch getting the ball nearly every time. Towards the end of the quarter Senior, by safe high-marking, stopped many determined forward moves by Scotch.

Quarter-time scores: Hale 0.2 (2 pts.), Scotch 0.3 (3 pts.).

The pace was a "cracker" and Scotch rushed forward and after clean, systematic play scored two good goals. It was mainly due to Webb and Catling that there were not many more. When the ball

reached our forward line good play by the Scotch backs drove us back and our only score was a meagre one—a point.

Half-time scores: Hale 0.3 (3 pts.), Scotch 3.6 (24 pts.).

Both sides went in hard, but Scotch asserted their superiority, while the Hale team gave the appearance of being somewhat non-plussed. Following Scotch attacks two more goals were posted. Lodge brought up our first goal shortly after. Hogue was dodging cleverly on the half-forward flank, but, in general, the Hale men were behind and as a result Scotch got most of the marks.

Three-quarter time scores: Hale 1.3 (9 pts.), Scotch 6.8 (44 pts.).

The pace slackened a little this quarter, as both sides looked tired after the early fast pace. Although Hale had the ball in their forward line most of the quarter, scoring was slow, and the shots resulted in three points and one goal, the goal being scored after a long kick from Cruickshank went through. Scotch added two more goals this quarter and when the bell rang had a comfortable margin of 39 points.

Final scores: Hale 2.6 (18 pts.), Scotch 8.9 (57 pts.).

Best Players—Webb, Senior, Radden, Hogue, Cruickshank, Catling, Fotios.

HALE SCHOOL V. GUILDFORD GRAMMAR SCHOOL

PLAYED AT BASSENDEAN OVAL.

After winning the toss, Guildford kicked into a slight breeze. They had a goal on the board in the first minute of play. When our turn came, only points resulted—perhaps due to the wet ball. Senior was marking very surely at this stage and stemmed many Guildford forward moves; Webb was also playing a sound game. Guildford at last broke through, however, and another goal was scored. Towards the end of the quarter Gibbs, showing plenty of dash, scored two goals, giving us a two-point lead.

Quarter-time scores: Hale 2.5 (17 pts.), Guildford 2.3 (15 pts.).

A goal by Guildford soon after the bounce was equalised by one from Wilson. Although a heavy rainstorm soaked the ground, the play remained surprisingly fast and open. The quarter resolved into a hard battle of the half-forward line, with Lodge prominent. Just before the end of the quarter Guildford scored two quick goals.

Half-time scores: Hale 3.7 (25 pts.), Guildford 5.4 (34 pts.).

Hale raced forward through the agency of Roe, but only a point resulted. The pace had slackened, as the ground was fairly muddy and

players had difficulty in keeping their feet. Neither side had much system at this stage and to make matters worse, the light was fading, owing to clouds and rain.

Three-quarter time scores: Hale 3.9 (27 pts.), Guildford 6.6 (42 pts.).

Both sides, though tired, went in hard this quarter, but the play remained fairly even. Radden was playing well in defence and Cruickshank was marking nicely, but Guildford battled on and scored two more goals, running out victors at 8.8 (56 pts.) to 3.10 (28 pts.).

Best Players—Roe, Senior, Webb, Cruickshank, Radden, Lodge.

HALE SCHOOL V. AQUINAS COLLEGE

PLAYED AT SUBIACO OVAL.

Aquinas attacked vigorously and, making full use of a strong wind, had the ball in their forward line. Good play by Morrison and Senior kept them out until, at last, breaking through, they stacked on four goals. Their play was fast and their kicking accurate, while Hale's seemed to be lacking purpose and direction.

Quarter-time scores: Hale nil, Aquinas 4.6 (30 pts.).

Hale went in hard but only a point resulted. Cruickshank soon after put our first major score on the board. Aquinas attacked, but Radden and Webb drove them back. Although neither side scored again that quarter, play was fast and rugged.

Half-time scores: Hale 1.1 (7 pts.), Aquinas 4.6 (30 pts.).

Aquinas broke away early and scored two quick goals, giving them a rather substantial lead. Hale, through Roe, passed to Hogue, who in turn passed to Cruickshank. He went on to score the second goal. Fotios was playing a very steady game on the half-back flank and Senior was marking safely. Despite these two, Aquinas were definitely on top and, although we were to have the wind in the last quarter, their lead was a commanding one.

Three-quarter time scores: Hale 2.1 (13 pts.), Aquinas 7.10 (52 pts.).

This was a do-or-die effort and, although Roe, McGuffin and Lodge were playing sterling football, Aquinas went still farther ahead and the game was over. Hale is to be congratulated, however, on the fight put up right until the final bell when facing a superior team.

Final scores: Hale 3.4 (22 pts.), Aquinas 10.11 (71 pts.).

Best Players—Senior, Cruickshank, Radden, Roe, Fotios, Lodge.

NEW NORCIA

After the Cup Matches the team enjoyed a trip up to New Norcia, to meet the College team. The School wishes to thank the members of the College for the hospitality extended to them.

Our only wish was that we could have shown them how to play football. The School looks forward to the time when the tables will be turned.

Scores: New Norcia 14.13 (97 pts.) defeated Hale School 5.7 (37 pts.).

SECONDS CUP MATCHES

The team started off the season rather poorly, but through hard training redeemed themselves. As they were a young team, this is even more to their credit. They showed flashes of football which made the "Firsts" a little jealous. Well done, Seconds!

HOUSE FOOTBALL

As "Houses" have been reconstituted in the Senior School, a "knockout" competition was held. Points are awarded for 1st, 2nd, 3rd and 4th, and these will count towards "Cock House."

The standard of football during these matches was very high and it was pleasing to note that the members of lower teams played their part as well as some members in the Firsts and Seconds.

1st Round—

School House defeated Buntine, 17.15 to 6.6.

Wilson House defeated Faulkner, 8.10 to 1.4.

2nd Round—

Buntine House defeated Faulkner, 6.6 to 4.6.

Wilson House defeated School, 10.13 to 5.6.

As a result of these games the positions are:—Wilson, 1st; School, 2nd; Buntine, 3rd; Faulkner, 4th.

CRITIQUE

THE 1950 season was not over-successful as far as victories were concerned. We won only one Cup match—that against Guildford in the first round. In summing up the team in a few words, it can be said that, while the backs were good, the forwards were too slow and could not kick straight enough. Many matches were lost through poor kicking for goal.

However, in spite of many defeats, the First XVIII had a happy and enjoyable season. There was a good spirit amongst members of the team and never once did any of them lose heart. This fact is the most pleasing feature of the season.

T. C. M. SENIOR (Captain)—Rucked again this season and in most games was the outstanding player. With sure marking and good kicking, he set a splendid example to the rest of the team.

A. LODGE (Vice-Captain)—Although hindered by an operation early in the season, he regained his confidence in the closing stages. He has good ball sense and his left foot turn gets him out of many difficulties.

J. F. CRUICKSHANK—A tireless ruckman who uses his height and weight to great advantage. His determination and team spirit helped to weld the team together this season.

H. S. RADDEN—Played at centre half-back and later at centre, and filled both these positions admirably. With his determination and dash he counteracted many attacks. Is a good spoiler and later in the season developed a good stab pass.

V. B. WEBB—In the back pocket and later at centre half-back, his powerful defensive play was seen to advantage. He is a safe mark and has a good clearing kick.

B. W. ROE—A splendid winger and the most improved member of the side. With good marking and his left foot turn he put the team into attack many times.

G. FOTIOS—As a half-back flanker he combined well with his team mates to break up many attacks.

C. ZEMPILAS—A great trier; he battled hard in the ruck, but his kicking was not up to standard.

- J. M. GIBBS—Showed promise at centre early in the season and when moved to full forward did well. However, owing to a leg injury, he was unable to complete the season. Kicking and marking were sure.
- D. HOGUE—Played successfully at right half-forward. He is a safe mark but must learn to dispose of the ball more accurately.
- T. CATLING—At right full-back he combined with the back line to give solid support; was always ready to clear the ball.
- J. B. MORRISON—When he settles down he should develop into an excellent "goalie." He will be an asset to the team next year.
- M. S. GREGG—A powerful ruckman but lacking finesse; his slow disposal of the ball got him into many difficulties.
- G. H. CHRISTIAN—Showed general development during the season and with experience will do well. Did not use his pace to the best advantage and his kicking was not good.
- D. D. WILSON—A good first season; showed grit as a rover, but lacked "fire."
- D. W. WATTS—A clever little rover who changed with Wilson at right full-forward. Showed good position play but his size was against him.
- A. K. HOUSE—A solid back man who played at right half-back. He "goes through" well.
- C. FORTIADES—Although he is not gifted with football ability, he is very keen and has tried hard during the season.
- K. W. GIBBS—Did not do well early in the season, but later developed into a good full-forward.

THIRD TERM, 1949

OWING to public examinations, only a few experienced rowers attended the rowing sheds during the third term. Several enthusiastic new rowers, however, went down and rowed in the practice eight. Mr. Prater also went out on one afternoon.

Rowers would like to thank Mr. Johns for going down on each rowing night and supervising the management of the boats.

FIRST TERM, 1950

The boat race was originally set down for the 15th of April, so several of the boys started rowing a week before school began. It was not until school commenced, however, that the crew got together and began serious training. Eventually the race was postponed until the 22nd of April.

The 1st VIII went into the racing shell very early in the term, in order to allow the other boys to go out in the practice eight. After swimming, which was held on the 11th of March, more boys came down to the sheds, and a second crew and four began to take shape.

There was much competition for the crew, and it was not until two weeks before the race that the crew was finalised. A great deal of valuable training was done in the Easter period, the crew going out twice a day, and doing some work against the Interstate VIII. The crew did many courses, recording several fast times.

Mrs. Craig, who in 1947 generously presented the School with the racing shell which bears her name, visited the sheds on the Saturday before the race and went out in the motor boat to see the crew in action. Many Old Boys also visited the sheds, including the Rev. L. W. Riley, Mr. D. K. House, who stroked the winning School crew in 1919 and whose son "Tony" rowed in six seat this year, and Mr. Prater, whose son "Jacky" coxed this year's second eight.

The crew which represented the School in the Head of the River was:—D. G. Chappell (str.), J. A. Hunt (7), A. K. House (6), C. B. Zempilas (5), J. Y. Langdon (4), M. S. Gregg (3), I. R. Brandenburg (2), W. R. Robinson (bow), P. A. Trouchet (cox.).

ROWING, 1950.

D. G. Chappell (Str.); J. A. Hunt (7); A. K. House (6); C. Zempilas (5); J. Y. Langdon (4); M. S. Gregg (3); I. R. Brandenburg (2); W. R. Robinson (bow); P. A. Trouchet (cox).

All rowers, particularly the 1st VIII, extend their thanks to Mr. Rosser for the very valuable work he has done in collecting funds for equipment, repairing boats, coaching crews, and for the time he has given up for the School.

The second crew was quite a powerful combination, and rowed a very fine race to come second to Aquinas with Scotch and Guildford bringing up the rear.

The crew was:—K. W. Gibbs (str.), J. T. Barrymore (7), J. F. Cruickshank (6), R. B. Woods (5), R. L. St. L. Chase (4), J. R. Milner (3), J. R. Staniforth-Smith (2), J. S. Wheatley (bow), T. J. Prater (cox.).

The members of the 2nd VIII extend their thanks to Mr. Trouchet for coming down every night and coaching them so conscientiously during the season.

The Four rowed brilliantly in a new locally built boat, to come first ahead of Aquinas, Scotch and Guildford. "Well done, Four!"

The crew was:—A. G. Rosser (str.), S. L. Kirkby (3), P. J. Fuller (2), D. R. Woodrow (bow), M. R. Watson (cox.).

The Four thank Mr. Bond for coaching them to victory. "Again, Mr. Bond, well done!"

All crews thank Mr. "Spike" Michelides for placing his speed boat "Miss Dawn" at the disposal of the School for coaching purposes. For this the School is very grateful.

Mr. Johns gave valuable assistance to all coaches, and inspired the boys with his encouragement.

The Old Boys gave valuable assistance in funds for equipment and, thanks to this, a new four has been added to the School fleet.

Telegrams and notes conveying best wishes for the races were received from Harold B. Stone, Richard Anketell, Rob Breeden and Neil Mitchell.

To Dr. Hunt we also owe our thanks for his medical supervision of the crews.

ROWERS' ASSEMBLY

On the Friday before the race, Mr. Rosser, the 1st VIII coach, Mr. Trouchet, the 2nd VIII coach, Mr. Bond, the Four coach, and Mr. Prater and Mr. B. B. Forrester, two of the Old Boys, were present at assembly. The crews took a front seat, and Mr. Prater very generously presented the coxswains with megaphones, apparatus which has long been needed at the sheds.

THE CYGNET ROWERS' DANCE

On the evening of the Head of the River, the rowers held the annual Rowers' Dance at the clubhouse on the river. It was a delightful dance, most of the senior boys of the School being present with their beauties, and "a good time was had by all."

In addition, Mr. and Mrs. Murphy, Mr. and Mrs. Clarke, Mr. and Mrs. Rosser, Mr. and Mrs. Johns, Mr. and Mrs. Touchet, Mr. and Mrs. Chappell, Mr. Altorfer, Mrs. Hunt, Mrs. Robinson, Mrs. Cruickshank, Mr. Brand and several Old Boys were there.

As a token of thanks from the 1st VIII, David Chappell presented Mr. Rosser with a cup. Mr. Rosser replied with a speech in which he said that he hoped many more senior boys would come to rowing. He also put the winning four on display.

Ken Gibbs, whose birthday was announced at the dance, presented Mr. Touchet with a tray. Mr. Touchet gave a short speech, followed by Mr. Johns.

Many thanks to Mr. S. F. Brandenburg for the cool drink; to Mr. Jacoby for the two kegs of ginger beer; to those who provided food for supper; and to Mrs. and Miss Hunt, Mrs. Chappell, Mrs. Robinson, Mrs. Cruickshank and Mrs. Murphy for preparing the supper.

THE HEAD OF THE RIVER

(By "Stroke")

A large crowd was present to watch the Head of the River race this year. The conditons were ideal except for a very slight following breeze.

The four crews got away to a good start and after the first two dozen strokes Aquinas gained a slight lead over the other crews, who were locked together until they reached the half-mile post. At this point Aquinas was leading by a quarter-length. Then Guildford sprinted and almost drew level, but the steady rating of Aquinas held off Guildford's challenge. Scotch had a slight lead over Hale. At the Brewery the position of the crews was: Aquinas half a length ahead of Guildford, Scotch a quarter-length behind, with Hale only a few feet in the rear. Our crew became slightly ragged, but short sprints kept us within easy reach of the other crews.

At the Mill Point jetty, Aquinas was still leading and the other crews were almost in line within two dozen strokes of the finish.

Hale sprinted and were slowly overtaking Scotch, but the other crews maintained their positions and Aquinas went on to win at half a length in front of Guildford. Scotch secured third place just half a length ahead of Hale.

The winners, Aquinas, reduced the standing record time from 5 minutes 20 seconds to 5 minutes 16 seconds. We heartily congratulate them on their excellent win. They maintained a lead from start to finish and the race was won by the best crew. This year's Head of the River was reported to be one of the closest and finest races in the history of the contest. It was rowed in record time and all the times of the four crews were within a second or two of each other.

A WORD FROM OUR COACH

For the last three or four years we have been badly handicapped by our lack of boats, but thanks to the generosity of our Old Boys in subscribing to a fund to purchase new gear the school now stands in a better position. We are still short of some boats but it is hoped that by the end of this season enough money will be raised to complete our fleet so those who have not already subscribed are earnestly requested to give this matter a little thought.

Despite the fact that for some years we have only had one practice eight and one practice four available for the boys we have managed to teach an average of forty boys every year to row. Naturally this has meant that at times many boys have been disappointed by going down to the sheds and failing to have a row on that particular occasion. This year, however, we hope that every boy will have a row every day.

Our prospects for the coming season are very bright as we have six boys returning next year who represented the school first eight in the last Head of the River Race. Apart from this there are several very good oarsmen who rowed in the second eight and school four. To reach this bright stage most of these boys have been rowing since they were 12, 13 and 14 years of age. I mention this fact because I earnestly ask parents to assist us by encouraging their sons to start rowing at an early age. The work they do at the rowing club during these tender years is in no way strenuous as the boys are only tubbing in the same way as they would if their parents had a dinghy on the river and the boys played about in it. As a matter of fact it is my opinion that football, athletics, swimming and tennis are much more strenuous at this period than rowing is. Every year I am asked by anxious parents of the advisability of their boys taking on rowing and many of them hold their boys back from this fine sport until their last year at school. This is most undesirable as this makes it necessary for those boys to be taught how to row and race

in the matter of about eight weeks whereas with the gradual process of tubbing the same boys would be ready and well matured by the time they reach their final years at school.

The following is an extract taken from our local press of a recent date regarding the wonderful work being done by Professor Frank Stanley Cotton, D.Sc., Professor of Physiology at the Sydney University, a world authority on the science of physiology applied to athletics.

Forbes Carlisle, who was appointed coach of the Empire Games swimming team, and Professor Cotton have worked together in the training of "Guinea-Pig" swimmers.

This summer "Guinea-Pigs" are expected to annex N.S.W. and Australian titles in swimming, athletics and rowing.

Professor Cotton is a recognised expert in swimming and athletics, but is still learning the mysteries of rowing styles.

He has a swimming "Blue" at the Sydney University and won the N.S.W. 440 and 880 freestyle titles in 1921.

"As a matter of fact," he said after the Ballarat rowing test race, "18 months ago I would have advised parents not to allow their sons to row at school and encourage them to have nothing to do with the sport. I considered it too strenuous.

"Then I read where Dublin, a foremost New York statistician, after considerable research for an insurance company, discovered that former oarsmen proved among the best insurance risks.

"Discovering talent with the natural innate ability is a big job, but developing that talent to top performance is a bigger challenge to the trainer or coach," he says.

"The ideal training schedule is to bring the athlete to his top over a long period—the longer the better.

"Whether preparing for swimming, rowing, athletics or any other form of sport, the early training should be long and steady with sparing top pressure efforts.

"Next stage is long work with periodic top pressure efforts, say once a fortnight, developing to once a week and less as the race approaches.

"Throughout each stage the athlete's progress should be measured, noted, filed and supervised.

Official scepticism to the professor's training and selection methods has made progress slow, but athletic, swimming and rowing critics are now aware he "has something."

May I take this opportunity of congratulating John Hunt who rowed in last year's eight, on his wonderful performance in rowing three in the West Australian Rowing Club's champion eight, which won the race. This makes John a champion oarsman at the age of fifteen. Surely a record. Congratulations, John.

BOXING NOTES

1949

This year a large and appreciative audience packed the School Hall for the Annual Boxing Tournament, which was held on the night of July 28th.

Weight divisions were reintroduced this year, and they added great interest to the boxing. The divisions began at five stone and moved up by half-stone divisions.

Right from the very beginning of the evening a keen fighting spirit was evident. Robert Reid, the unchallenged School Champion, fought a very good exhibition bout with Ben Jeffries, the Amateur Middleweight Champion of W.A. Good fights were also seen between T. Catling and I. McGuffin, and V. B. Webb and G. McCausland.

We are very grateful to Mr. G. Thompson for again so capably refereeing the bouts. The School also extends its thanks to those who organised the evening, and in particular to Mr. Ryan for his conscientious training of the boys this season.

The Champions of the respective divisions were:—

DIVISIONS

School Championship—R. Reid, unchallenged.
 10 stone to 10 stone 7—V. B. Webb defeated G. W. McCausland.
 9 stone 7 to 10 stone—T. Catling drew with I. McGuffin.
 9 stone to 9 stone 7—J. A. Power defeated L. R. Barwise.
 8 stone 7 to 9 stone—O. P. Randell defeated D. P. Reid.
 8 stone to 8 stone 7—W. A. White defeated A. Giambazi.
 7 stone 7 to 8 stone—M. Vinnicombe defeated T. M. Jennings.
 7 stone to 7 stone 7—G. Carr defeated P. J. Bird.
 6 stone 7 to 7 stone—J. C. Roberts defeated C. A. Trewin.
 6 stone to 6 stone 7—B. L. Roberts defeated W. H. Silvester.
 5 stone 7 to 6 stone—R. S. L. Watt defeated A. C. F. Taylor.
 5 stone to 5 stone 7—R. Bedford-Brown defeated D. G. S. James.

1950

The School Hall was packed for the Annual Boxing Tournament on the night of July 6th. This year great interest has been shown in boxing, with the result that there was a large number of entries in the tournament, especially from the more junior boys. Owing to this large list of entries, some of the finals had to be decided later in the gym.

The School was very sorry to find that Mr. G. Thompson, who for the past few years has refereed all our boxing competitions, was unable to fill that position this year. However, Mr. Ben Jeffries volunteered to do the job, and we offer him our sincere thanks for judging the fights so well.

This year Tim Catling was the only challenger for the School Championship. On the night of the boxing he fought an excellent exhibition bout with John Doust, one of Mr. Ryan's pupils.

We would like to thank Mr. Prater, who has shown great interest in the School, especially in boxing and rowing, for refereeing some of the finals that were fought in the gym. Thanks also go to Mr. Ryan, who is the main figure behind the School boxing, and all those who helped to make this year's boxing contest the success that it was.

The winners of the respective divisions were:—

DIVISIONS

- School Championship—T. Catling, unchallenged.
 12 stone to 12 stone 7—B. Wood, unchallenged.
 11 stone 7 to 12 stone—I. Brandenburg defeated L. Burges.
 11 stone to 11 stone 7—C. Fortiades defeated A. G. Rosser.
 10 stone to 10 stone 7—S. L. Kirkby defeated F. O. House.
 9 stone 7 to 10 stone—I. G. McGuffin defeated D. R. Gregson.
 9 stone to 9 stone 7—O. P. Randell defeated C. C. Chase.
 8 stone 7 to 9 stone—F. R. Clapin defeated M. Vinnicombe.
 8 stone to 8 stone 7—E. J. Powell defeated M. J. Eves.
 7 stone 7 to 8 stone—T. J. Prater defeated P. V. Blackman.
 7 stone to 7 stone 7—J. Farmer defeated W. Purdy.
 6 stone 7 to 7 stone—T. D. Gawned defeated D. Rathbone.
 6 stone to 6 stone 7—R. Watt defeated C. Prater.
 5 stone 7 to 6 stone—W. H. Silvester defeated D. W. Farmer.
 5 stone to 5 stone 7—T. S. Clapin defeated S. Bentley.
 Junior Mosquito Weight—D. Hodby drew with D. Gordon.
 Junior Fleaweight—K. Moore drew with W. Taylor.

Original Verse

"AN INCIDENT AT SEA"

I think 'twas on a Friday morn
The clipper set her sail,
And of a happening on this ship
I'm going to tell a tale.

For twenty days and twenty nights
The clipper'd gone her way,
When suddenly one windy night
Cried skipper in dismay:

"Methinks that on this ship of ours
Trouble is gonna come,
For one of you A.B.'s on board
Has stolen all the rum.

Through every cabin will I look
And search under each bed,
And when the culprit I have found,
He'll hang from yardarm dead.

So, Pegleg Pete, now tell the truth
Or we shall have a row."

"Could ne'er have been with me," laughed Pete,
"'Twould all be drunk by now."

"Now, Barney O'Hooligan, what say you?
Why, isn't this just dandy!
I think we caught you once before
Consuming half the brandy."

"Oh; goodness, gracious no," cried Barney,
 Purring like a moggie,
 "Methinks you better nick off quick
 Before I lose me woggie."

"I think I'd better," Skipper said,
 "Before I cause disaster."
 "I'm sure you should," yelled Shark-tooth Joe;
 So off he rushed the faster.

The next one whom the Skipper tried
 Was brawny Peter Tuff,
 Who'd join in any type of game
 Providing it was rough.

"Now look you, Peter here, m'lad,
 I want no monkey tricks;
 Produce that rum and mighty fast
 Before you're in a fix."

"I'll say where 'tis" said Peter Tuff,
 As Skipper drew his pistol;
 "You're rather out of luck, old boy,
 We left it back in Bristol."

"A.B."

A DROVER'S DREAM

To ride behind the cattle,
 To thunder through the scrub,
 To have a fierce battle
 With some rough outlaw mob;
 To see the stately emu
 Strut proudly o'er the plains,
 To hear the timid curlew
 As he whistles up the rains
 Is what a drover dreams of,
 And what a drover loves.

He loves to ride the bush way,
 A-singing as he goes,
 But what his joys and dreams say,
 None but a drover knows;
 Forgetting horse and herd,
 He'll gaze up at the sky,
 Or listen to some night bird
 That wings its way near by—
 All this the drover dreams of,
 All this he really loves.

He's never in a flurry,
The world comes as it will,
The unions cause no worry,
The doctor sends no bill;
So if your heart is sad,
And things just won't go right,
Just go a-droving, lad,
And things will all turn bright.

J.B.P. (VB).

THE END OF THE SEVEN YEARS' DROUGHT

The scrub turns its leaves downward
And wearily, slowly dies;
The stock, in search of water,
Lie down, no more to rise;
The 'roo, now gaunt and weary,
Crawls into shade for rest,
His years of painful hunger
Make Death seem far the best.

But while here Death is reigning,
Clouds gather in the North,
The lightning eerily flashes,
Thunder rolls back and forth;
The cloudbank slow advances,
Excitement's in the air,
The squatter gets his whiskey
To wish his men good cheer.

Now all around is cheering,
Corks popping all night long;
Above the pelting rain rise
The strains of many a song;
The thunder ceaseless rumbles,
The lightning crackles round,
The rain pours from the sky
On to the thirsting ground.

Slowly the clouds recede
From quite a different scene,
From once hard earth and stone
Shoot up small heads of green;
The scrub revives once more
To greet the morning sun,
The softness all around
Looks just like earth begun.

ODE TO A CREWCUT

Of all the styles that have been thine
 Yet never was one so divine,
 So graceful to a shapely head,
 It straight inspires one to shed
 One's curly locks upon the floor
 And there forget them evermore.

It lowers me to black despair
 To think of those with so much hair
 That cannot see the path to freedom,
 But I have destined me to lead 'em
 Elysium-wards, and so soon
 They'll all be down in the saloon.

For perfect art one must observe
 The Barber's scissors swiftly curve
 Around one's skull with purposed movement
 To make there such a great improvement
 To profile, visage and to pate—
 So off t' asylum or I'll be late.

C. (VIb).

UP HOME

I am standing, as you'll gather,
 On a river bank I know,
 And I'm thanking our Great Father
 For what His love can show;
 The silver moon is glowing
 Above the big, blue hill;
 The mangrove trees are blowing
 In the wind that's never still;

From the breakers to the mountain,
 From the seaweed to the grass,
 The wind is like a fountain
 As it rushes through the pass.
 Our little inland river
 Is sheltered by these trees
 And I'm assured that never
 You'll see such sights as these:

A fish is on a sandbank
 Quite near the river's ridge,
 While crabs crawl by the plank
 Of the little wooden bridge.

I see it all so plainly,
As clear as morning light,
The bridge and river mainly—
For me a lovely sight.

FORTY WINKS FOR FORM CAPTAIN

Voting day was in full swing,
" 'Forty Winks' for form Captain."
Captain Winks was just the thing,
Talk of it there'd often "bin."
Forty was so meek and mild,
He could ne'er be very wild.

Great petitions did appear,
Which they asked us to sign:
"Just a signature—right here—
Write upon the dotted line";
There were many wondrous names,
Comic stars of marv'ous fames.

There were soap-box orators,
'Pon the classroom desks they stood,
With the usual "buts" and "ors":
"Commos vote for Winks" sounds good
Rowdy fun. We lost recess!
He could bare have lost us less.

"IVA-ITE."

ODE TO A HUNGRY ONE

Those boys who masticate in school,
All disobey a well-known rule.
Of one well learned and refined
(Bad-tempered and not well inclined
To such digesting to agree),
A master of some high degree.

Though toffee is a toothsome treat,
It cannot make one's working neat;
While our poor master's thinking organs
Are built to stand up to a gourmand's
Fierce toothsome craze for food and sweets,
He surely hates the boy who eats.

For Boarders with their tasty stew
 No appetite can have for chew,
 And Dayboys who are underfed
 Restrain their hunger well, 'tis said;
 But our thin friends, devoid of soul,
 Their instincts' urge cannot control.

"FILLED NOT" (IV_B).

MICKEY MOUSE AND THE BAFFLED CAT

One night when Mickey Mouse
 Was scuttling through the house,
 In front of him appeared
 The lean grey cat he feared.
 He ran off quick as winking,
 And left the grey cat blinking;

Soon like a flash she sped,
 For Mick made her see red.
 But Mick was far away
 And in his house did stay,
 For he had learned to fear
 The cat when she was near.

IAN BURNS (Form II Remove).

WOE IS ME

I break all the plates,
 I rip all the clothes,
 I am the culprit,
 As everyone knows.
 If anything's lost
 I am to blame;
 If I did it or not,
 It's still just the same.

The cakes are all eaten,
 The culprit am I,
 So I get a thrashing
 For telling a lie.
 As time staggers on,
 So I stagger too,
 And most boys agree
 That this is quite true.

PRESIDENT'S ANNUAL REPORT

Presented to the Annual Meeting of the Old Haleians' Association on
TUESDAY, 14th FEBRUARY, 1950.

Gentlemen,

It is with pleasure that I present the Annual Report of your Association for the year 1949.

Committee.—The Committee met on eleven occasions during the year, all but two meetings being held in the Headmaster's Study at the School. All meetings have been well attended. The Committee this year has had a leavening of young and older Old Boys of various school years. I feel that mainly through this all sections of the Association have benefited. The attendance of past presidents at our meetings has been appreciated, their experience and sound advice having been a definite help. Mr. V. S. Murphy's presence at a number of meetings was also much appreciated.

Membership.—There are 598 members this year, compared with 492 members last year. This is made up as follows:—

Life Members	235
Financial	298
One year's subs. in arrears . . .	65
	— 598

Sixteen Life Members were elected during the year. It is interesting to note that in 1939—ten years ago—there were 559 members, financial and up to two years in arrears, with 92 Life Members.

The question of membership has been well before your Committee, this year being more or less normal after war years. It should be the aim and desire of all present active members to interest other Old Haleians to join the Association, not only to enjoy the various activities but as a help to the School. The Old School, to which we all owe so much for our early grounding, not only in education, but in lifelong friendships and associations with worthwhile men, surely deserves our practical support in our later years.

Country Representatives.—During the year a number of country Old Boys were requested to act as representatives of the Association in various country centres. This has been quite successful and the means of securing new members, subscriptions, etc. It is hoped that some "get together" functions will be arranged during the forthcoming year with the aid of these members.

They are thanked for their past efforts and urged to further the interests of their Association.

Financial.—Ordinary subscriptions received this year were £100; materially the same as 1948, £93. Life Members' subscriptions amounted to £157. The amount now invested in Commonwealth Bonds is £960. It is interesting to note that in 1939 we had one £50 Bond amongst our assets.

"*Cygnets.*" 1949.—Once again the Association is indebted to Mr. F. A. Bird for his efforts in collating the Old Boys' Notes. This was carried out by him at very short notice.

The Committee are always glad to receive news of members, particularly those in country districts and out of the State.

Board of Governors.—The Association's representative, Mr. J. W. Morrison, became due for retirement in April last. As he did not wish to stand again, your Committee called for nominations and appointed Mr. C. J. B. Veryard as representative on the Board for the ensuing three years. The Association's representatives are now Mr. A. H. Christian, Mr. R. Ainslie and Mr. C. J. B. Veryard. Our thanks are offered to Mr. Morrison for his services for the last nine years.

Social Activities.—The first event of the year was the cocktail party held at Tintern Lodge on Boat Race Night, Saturday, April 23rd. This was a highly successful function in all ways.

It was felt that something should be arranged for the younger Old Boys, and the first of the "Sundown get-togethers" was held at the C.T.A. Club on the first Friday in May. The attendance was between 60 and 70 and voted most enjoyable. This function has been held regularly on the first Friday of each month from 5.15 to 6.15 p.m. All members are invited to be present and have a drink with their old school mates.

The Annual Ball was held at the Y.A.L. Hall on Thursday, August 11th. About 275 attended and a happy time was had by all.

As we could not arrange any function for Interschool Sports Night, it was decided not to have a "Dinner," but as an experiment to hold a cocktail party on the Friday of Show week. This enabled our country visitors to visit one of our social gatherings, and again a successful evening eventuated.

At all of these social functions we had the pleasure of entertaining representatives of kindred associations. It is also pleasurable to note that each function has been profitable financially.

During the May vacation last year, Mr. Murphy visited York, where an Old Haleians' Dinner was held, fourteen being present. At Katanning the Headmaster had the pleasure of meeting further Old Boys at an informal gathering. It is hoped that a dinner will be held early this year at a selected centre.

In company with Mr. Veryard I attended the Prefects' Dance held at the School at the end of the year.

Rowing Equipment Fund.—During the year a special effort was made to obtain new rowing gear and boats to replace the seriously dilapidated and obsolete equipment now in use. Gra Rosser was the prime mover in this direction and interested a number of members and friends. The response was remarkable and we have now collected up to date £298 towards this fund. An order has been placed locally for a new "four," also an "eight" and sets of oars with Messrs. Geo. Towns & Sons of Sydney.

Hearing of the poor state of the equipment, Mr. E. H. Lee Steere, of "Hawthornden," Toodyay, most generously offered to present the School with a racing eight in memory of his brother Roderick, who was killed in action during World War II. This act is most gratefully appreciated by the School and our Association. More funds are still urgently required and all Old Boys are asked to continue their help.

Junior Association.—A special sub-committee was appointed during the year to ascertain the desirability or want of a separate Junior Association. However, it was considered that the younger members were being adequately catered for and that this aspect of our activities be kept well before the present Committee.

Sporting Activities.—Old Boys' Day was held at the end of February, commencing with the roll call, when 58 Old Boys "fell in" at 9 a.m. At 10 a.m. the usual cricket matches were held. The Old Boys versus the School resulted in a win for the former, while the Country and Town Old Boys, despite high early scoring, was decided as a "draw." The usual luncheon was well attended and later quite a number of the ladies were present for afternoon tea.

Old Haleians' Crew.—To Mr. P. Forbes we offer our thanks for his work in organising the crew on Head of the River Day, 23rd April. The crew consisted of P. Forbes (str.), D. Devenish, D. Norman, K. Jackson, W. Irvine, P. Lowe, B. Chappell, W. Gardner (bow), E. B. Arney (cox.). After a very good race the Old Haleians' crew finished in fourth position, the winners being Scotch College.

Football Match.—The match between the School and Old Boys was revived again and this year was held at Perth Oval. The Old Boys with a very strong team had a good win from the School.

Cricket.—A further activity was started during the year with John Hingley as organiser, of a cricket team. The team played five matches, all at the School grounds, King's Park, on a Sunday morning. One match was with a School team. Any member interested is invited to attend.

Amateur Athletics.—The President is Mr. Murphy; Don Keane, c/o Plaistowes, is Secretary, with Herbert Tonkin as Captain of the Athletic Club. Although the numbers are small, it has been quite a satisfactory year. The Club did not finish high up on the list, but it is hoped with the influx of new members to improve the position considerably.

Hockey.—Mr. B. L. Hancock as Captain reports:—"The Hockey Club fielded five teams in 1949 and all did well, with perhaps the exception of the Junior team, who were entered into a grade too high for them. However, under the guidance of Colin Hicks, who "mothered" them for the entire season, some excellent talent has been found and all are looking forward to the 1950 season. Some of the social functions conducted during 1949 were a wonderful success, and much credit is due to the very keen and energetic Secretary, Trev. O'Keefe, assisted by a good committee. Taken all round, 1949 was one of the best, if not *the* best, the Hockey Club has enjoyed to date and all present members are looking forward to plenty of good hockey, heaps of new members, and lots of fun in 1950—with perhaps a keg or two to keep them in training."

General.—The following trophies given by the Association to the School for 1949 were won by—

Dux of the School: C. O. Simpson.

Junior Dux: R. L. St. L. Chase.

Several sports prizes.

It is with much regret that we record the death of an esteemed Old Boy, the late Mr. L. F. ("King") Atkins. To his relatives and to others who have suffered bereavements we offer our sincerest sympathies.

Congratulations to Mr. J. Marychurch Jenkins on attaining his 92nd year last March.

The Secretary and Treasurer.—The thanks of the Association are due to Mr. C. J. B. Veryard as Hon. Secretary; to Mr. P. Atkins as Hon. Assistant Secretary; and to Mr. V. W. Fountain as Treasurer, for their sterling work during the year.

In conclusion, I wish to thank the Headmaster, Mr. Murphy, for the use of his office for our meetings, also for his keen interest in our affairs. His advice on current School matters, his suggestions, and knowledge of the younger Old Boys just left School, have been much appreciated.

I also wish to thank the members of the Committee for their co-operation and help extended to me during my year as President. I have been connected with the Association for many years and this year has been a most happy climax. I will continue to foster the welfare of the Association in the future.

CYRIL E. PEET,
President.

PUBLIC WAR MEMORIAL

In the two world wars over 100 Old Boys died serving their country, and it is left to those of us who are alive to pay tribute to those gallant men who fell. The memorial to these men is to be a Memorial Hall which the Association will erect at Scarborough as part of the new school to be built there.

The cost of the Hall will be about £50,000 and Old Boys are asked most earnestly by the committee to donate generously to the Memorial fund.

Dr. Buntine, a former headmaster of the School, has sent a substantial sum for the fund and promises even more. If every Old Boy contributed as generously we should soon have sufficient money.

Please do not fail to support this project—it is the individual Old Boy that we rely on to answer the call of *Duty*.

List of donors to the War Memorial Fund:—Sir Ernest Lee Steere, Mr. J. P. Ainslie, Dr. F. S. Sedgwick, Dr. P. W. Atkins, Dr. K. J. Cullen, G. F. New, G. Wyatt Fisher, M. Y. O'Connor, J. W.

Armstrong, Jr., W. J. Cousins, R. Birley, F. Edmondson, F. R. Neale, A. R. Hocking, J. V. Inglis, N. H. Mitchell, S. Home, K. Tregonning, L. W. Doncon, B. W. West, G. W. Parry, C. M. Harrold, R. A. Breedon, A. Knox Thomson, J. Dyson, C. A. Mitchell, A. R. Hardie, A. Q. Sinclair, W. M. Forrest, H. H. Neale, C. E. Peet, F. L. Buhler, T. C. Loton, K. W. Dodd, W. J. Dickson, A. K. Atkins, R. S. G. Osborn, D. Home, C. J. B. Veryard, Mrs. E. R. Dixon, L. C. Basford, F. Burton Wood, R. McDaniel, D. McDaniel, E. H. Lee Steere, Dr. M. A. Buntine, Mrs. M. A. Buntine, R. W. Buntine, J. M. Buntine, K. M. Guhl, S. R. Chipper.

SISTER SHENTON

Old Boys who were boarders will be sorry to learn that Sister Shenton, after almost twenty years at the House, has been compelled through ill-health to retire. Those who wish to join with present boarders in making a presentation to her are asked to send their subscriptions to G. N. Altorfer at the School.

ANOTHER RHODES SCHOLAR

Bruce Rosier was selected as the West Australian Rhodes Scholar for 1950 and became the sixth Old Boy to attain to this high distinction. Bruce was at the School from 1941 to 1944 and will be well remembered by many for his outstanding scholastic record. We hope to hear more of his achievements when he reaches Oxford. Best of luck in the United Kingdom, Bruce.

BOAT FUND

Donations have continued to come in this year for the Association's fund to buy new boats for the School. However, the fund is still below the target and Old Boys, particularly if they rowed with the School, are asked to contribute to the fund.

Those who donated this year are:—R. H. Flanagan, J. Prater, L. C. Basford, D. D. Gray, V. J. Murray, G. Page Smith, Col. A. R. G. Wilson, A. Kopke, I. L. Bogle, E. C. Mills, A. D. Fowler, J. Scott.

NEW TRUSTEE OF ENDOWMENT FUND

Mr. C. J. Veryard, the secretary of the Old Haleians' Association, was appointed the Association Trustee on the Hale School Endowment Fund. Mr. Veryard replaces Mr. Morrison, who retired automatically this year.

DINNER AND RE-UNION AT NORTHAM

A most successful dinner and re-union of Old Boys was held at the Commercial Hotel in Northam on May 6 of this year. About thirty Old Boys were present at the dinner, at which the Headmaster was also present. D. K. House (in the chair) proposed the toast to the King. A. Cooke then proposed a toast to Hale School, which was supported by F. E. Bremner and responded to by the Headmaster. The Old Haleians' Association was proposed by D. K. House, supported by A. Tanner and responded to by the President of the Association.

Also present were Peter Strickland, Nigel Fleay, Peter and Alfred Atkins, Ken Jones, Vern Veryard, Newton Burges, Bert Mussared, Barry Morrell, R. and W. J. Cousins, Len Doncon, M. T. Broun, W. G. Burges, John Hingley, Charles Veryard, Jim Jackson, Angus, Robert and John Cooke, Tony Davy, Warwick Fountain, Nev Thomas, Pel Burges, W. L. Burges and N. Bruin.

SPORTING SUCCESSES OF OLD BOYS

Gordon Eyres won the annual Head-of-the-Air race conducted by the Royal Aero Club at Maylands aerodrome last December. He represented the School most notably. Peter Kelly also represented the School in the event.

Dick Sinclair, who recently returned to Australia after topping the Australian naval flying school in the United Kingdom, hopes to represent the School in this year's Head-of-the-Air race.

Don Keane won new laurels for himself last year in the walking sphere by smashing the Australian two-mile record by 3.6 seconds last December when he defeated the Englishman, Don Waters, at Subiaco. Previously in Adelaide he had broken the two-mile Australian record by 12.1 seconds. Magnificent achievements both and all Old Boys wish Don the best of luck for future victories.

A LETTER FROM KENYA

Lt.-Col. Robin Wilson (late of the Argyll and Sutherland Highlanders and now in Kenya) writes:—

I apologise for not having sent in my membership subscription before, but I have completely forgotten how much it is.

I sent my last subs. from Gondar in Ethiopia in Ethiopian dollar notes. This time I am sending somewhat dull English postal orders.

Any difference between the amount I send and the amount I owe will you please pay into the fund to provide new boats for the School.

I wish I could believe I had some possible chance of once again sailing or sculling on the Swan.

One or two Australians round here—but all Victorians or South Australians. The big Kenya Co-operative Creamery is staffed almost entirely by New Zealanders. An awfully nice crowd who treat me extremely well. Perhaps it is because of my Hale School upbringing.

Good luck to the School.

Yours sincerely,

ROBIN WILSON.

Robin's address is Kivoga Estate, P.O. Sotik, Kenya.

OLD BOYS' DAY, 1951

Old Boys' Day next year will be held on February 21 at the School for prayers and roll call and then at the Subiaco Oval, where the annual cricket matches will be played.

SOCIAL EVENTS

Country and town Old Boys had the opportunity to get together last year during Show Week at a highly successful cocktail party held at Tintern Lodge on Friday, October 7. All present expressed the hope that it would become a regular social event of the Association's, and it is with pleasure that we announce that this year a cocktail party was also held in Show Week. Your scribe announces with regret that because of deadlines in publication of this magazine no details of the occasion can be given. Read next year's "Cygnet."

Another cocktail party early this year was also rated one of the best ever—on Boat Race night. The Wattle was crowded to capacity with Old Boys and their friends, as we were unable to secure Tintern Lodge for the function. We were pleased to see the number of masters and their wives, etc., who were present and take this opportunity to express the wish that all masters, who can possibly do so, be present at all our functions.

The Annual Ball was held at the Y.A.L. Ballroom on Tuesday, August 17, and the revels were such that many Old Boys found it difficult to approach their offices and duties with a gay abandon next day. Great was the night!

It is with pleasure that the committee announce that the night was a success financially as well as socially.

The Sundown "Get Together" has continued on the first Friday of every month in the Snack Bar of the C.T.A. between the hours of

5.15 and 6.15 p.m., and patronage from Old Boys and their friends has steadily mounted. More can be accommodated, however, and we hope to see every Old Boy in Perth trying to come along.

COMING EVENT: Cocktail party on Interschool Athletic Night at Tintern Lodge.

PERSONAL NOTES

Marriages

A. R. Driver, Administrator of the Northern Territory. Ronald Armstrong to Miss Vivienne Wheeler. Ken Tregonning to Miss Judy Manford. Guy Abbott to Miss Margaret Staniforth-Smith. James Jackson to Joan Millett.

New Arrivals

To Mr. and Mrs. T. J. Fowler Williams—a son. To Mr. and Mrs. D. F. Coates—a daughter. To Dr. and Mrs. F. A. Blakey—a son. To Mr. and Mrs. K. G. Jones—a son. To Mr. and Mrs. "Tubby" Craig—a daughter.

GENERAL NOTES

F. A. Blakey has been granted the degree of doctor of philosophy of Cambridge University. He is now with the Commonwealth Scientific and Industrial Research Organisation in the Eastern States.

Peter Goff is engineering in the United States and would like to hear from his contemporaries. His address is 10476 Ashton Avenue, West Los Angeles 24, California, U.S.A.

Peter Kennedy is engineering in Singapore.

John Clarke is still at Oxford studying. He was the fifth Old Boy to win a Rhodes Scholarship.

Ross McWhae was deputy-leader of the Cambridge University geological expedition to Spitzbergen last year.

Old Boys at Duntroon Military College: Russell Lloyd and Jack Skipper. The latter was made a corporal this year and both are taking an active part in football, cricket and hockey. Brian Luscombe has graduated at North Head, Sydney, and Tom Edmondson at the Armoured School at Puckapunyal, Victoria.

John Benson, who is studying medicine in Adelaide, writes that many Old Boys are doing well in South Australia at present. Those mentioned are Michael Clarke, Brian Vivian, Alec Tregonning, L. H.

Pearcy, Colin Harrold, Peter Hurst, and John Lange. Many will remember Keith McKenna; he is married now, has a family and is doing well with medicine.

Alan B. Jones is Traffic Representative in Australia for Canadian Pacific Railways. His address is 59 William Street, Melbourne, Victoria.

John Grigg, who is with the R.A.A.F., distinguished himself in a cricket match between R.A.A.F. and Department of Civil Aviation in Darwin last June. John took nine wickets for 23 runs, of which six of these wickets fell for eight balls.

Harry Tanner has left the stock firm he was with and is farming at Ballidu.

Doug Burges and Garth Burges are seen in Kellerberrin occasionally by Brian Coates. Doug is at Bruce Rock and Garth at Meckering.

Doug McWhae is doing a round for an insurance company. Old Boys, beware!

News has been received of Bob Dean, who hails from Mt. Barker, and Dave Farrington, whose address is given as the "Big Smoke."

Henry and Peter Layman, both of whom rowed in 1st Eights, are farming in the Preston Valley.

Among recent Old Boys at the University are John Slee, Leith Murphy, Tony Anderson and Colin Simpson. Colin has been distinguishing himself in the mathematics field.

Tony Brand, who left in 1948, has returned to the School as a housemaster. Old ties are strong.

Journalism numbers many Old Boys in its ranks. Andy Olney, Bruce Shipway, Charlie Ammon, Adrian Day and Richard Anketell are with the "West Australian." Vernon Lyall and Francis Moseley are with the "Daily News." Frank Bird has left the West and is now on the "Melbourne Herald" as a sports writer.

BUSINESS NOTICES

The annual subscription of the Old Haleians' Association is 10/6 or £1/10/- for three years in advance, and dates from January 1st in each year. The subscription for life membership is £10/10/-.

Members are entitled to admission to every entertainment of the Association and to each issue of "The Cygnet." They are also entitled to wear the blazer, badges and colours of the Association and to become members of any of its subsidiary athletic clubs.

Old Boys are requested to keep in touch with the Association through the Honorary Secretary, Charles Veryard, whose address is A.M.P. Chambers, 25 William Street, Perth. News of the activities of Old Boys is always welcome. We need more information to make the Old Boys' section of "The Cygnet" bigger and better and of even wider interest. Do send in any bits of information you may come across—weddings, births, engagements, new appointments, news of Old Boys overseas.

OLD BOYS' DAY

Old Boys' Day was held on March 8 this year and was attended by a fairly large and representative gathering of Old Boys. The weather once again was excellent, though a little warm.

OBITUARIES

Mr. Frank Herbert Johnstone, a master at the School for many years, died on October 30 last year at Bramhall, Cheshire, England.

Many Old Boys will remember the late Mr. Johnstone as the Senior Classics Master and a Senior Master under Mr. Faulkner for many years.

He was an outstanding classics master and amongst his many gifts was his ability to use sarcasm without hurting. His loss is a great one to the School and the many Old Boys he so ably tutored.

All Old Boys offer their most sincere sympathy to Robert and Keith McDougall in the sad loss of their sister in the Amana air crash recently, and to John Morrison, whose wife was also aboard the aircraft.
