EDITORIAL

AVE ATQUE VALE

A SCHOOL is constantly wishing its members :

" Hail and Farewell !"

We welcome new boys with expectation, we farewell old boys with regret. This year's Editor, so he considers, has been harried more than any of his predecessors. An end-of-the-year "Cygnet" has meant a more than ordinary scramble to get all material ready before the Exams., the Editorial perhaps more than any other article. Screeds have been composed, altered, and rejected; the closing date has inexorably approached; but still no Editorial forthcoming. This "Cygnet" is the culmination of a year's work; to some it is the end of a school career. So is this Editorial, in many ways, a seal on the school career of the Editor. He has spent many years at the School and is loth to leave it. He feels that he could write much about his experiences, but shortage

of space and the impatience of his more youthful readers constrain him to restrict himself to asking but one question of his fellows. Have they lived up to the motto of their School and done their duty? He asks not whether they have done it with merit or distinction, hyperassiduity can be unbearable; he asks merely if they have done willingly what was expected of them and played their full part in the life of the School. If they have, they can be well content.

The passing of a very old friend of Hale School furnishes an ideal example of one who can indeed be content with duty well completed. The late Sir James Mitchell was at all times faithful in his official duties, whether in rain or sun, heat or cold, and was a happy friend of every man or woman, boy or girl, whom he might chance to meet on his walks.

We, as the oldest public school in W.A., welcome his successor, Sir Charles Gairdner, assuring him of our loyalty and devotion to duty and wishing him a successful and enjoyable life in his new position.

And so we must say :

"Vale atque ave."

SCHOOL NOTES

THIRD TERM, 1950

SCHOOL re-opened for third term on Tuesday, 12th September. Athletic training was soon organised for all boys, preliminary work-outs beginning by Thursday. Mr. C. Norman, the new coach, gave his first talk to the Interschool Squad on the 19th.

On Thursday, 21st September, a party of boys selected from the 6B Form visited Jason's and Chamberlain's factories at Welshpool, and the Fire Brigade, as guests of the Underwriters' Association. The School wishes to convey its thanks to those who arranged this excursion.

Mr. L. E. Fethers gave a lunch-hour talk to the assembled Senior boys about the scope and possibilities of the dentistry course at the University, on the 28th September.

Early in the term the Junior School put on two nights of excellent entertainment, when it held its play evenings. Everyone who attended commended the young artists on their work, and thanks are due to those members of the Staff who were responsible for the production.

Unfortunately, the Senior Dramatic Society did not put on a play this year, owing to the lack of a suitable play.

On the 2nd October, Mr. Keith Carmody showed a cricketing film to boys in the Senior practices.

His Grace the Archbishop of Perth confirmed a number of candidates from the School on Tuesday, 3rd October, at St. Mary's, West Perth.

A welcome break in School routine came on Wednesday, 4th October, when we had the usual Royal Show holiday.

The Annual School Sports this year were held on Thursday, 12th October, under good conditions. J. Bedford-Brown was Open Champion, while J. F. Cruickshank was runner-up.

On Tuesday, 24th, Reg Simpson and Denis Compton, prominent members of the M.C.C. side then touring Australia, attended assembly, and, although their time was limited, answered question on cricket put by boys.

Messrs. Mursell and Wasley came to assembly on Thursday, 28th October, to present to the School Tennis Team, on behalf of the W.A. Lawn Tennis Association, the Mursell Shield. This is a newly instituted trophy for which school teams not up to Slazenger Cup standard may compete.

The Interschool Athletic Sports took place on Saturday, 28th October. Guildford, who had a very strong team this year, were the eventual winners. We congratulate them on their success. Hale occupied fourth place.

Both the Junior and Leaving Public Examinations began at the same time as the final examinations for the various other forms, 20th November.

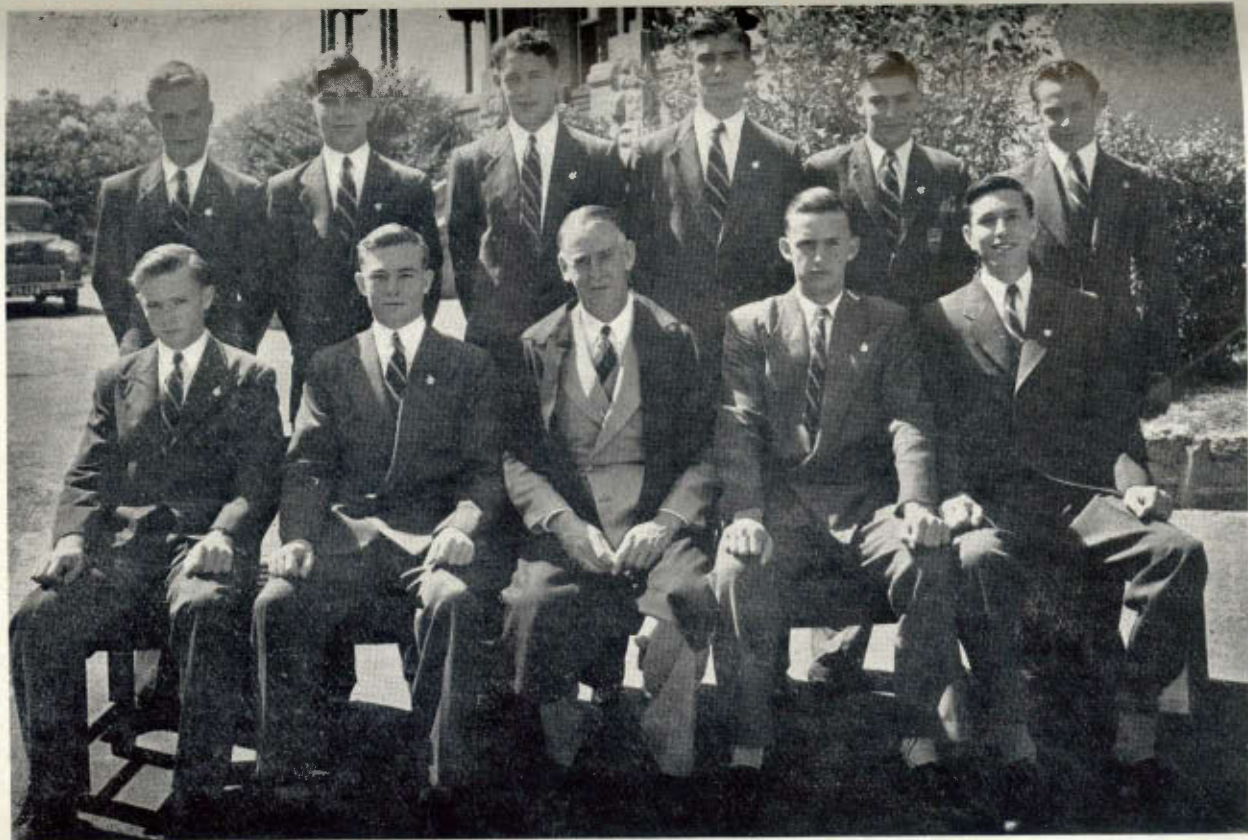

The Prefects' Dance was held on Tuesday, 5th December.

The Hobbies Exhibition was held the next evening. A feature this year was the gymnastic display given by a squad of boys trained by Mr. Fisher.

Speech Night was held on Thursday, 7th December. Sir John Dwyer, the Chief Justice, presented the trophies and prizes, and Mr. Thorley Loton moved the vote of thanks.

FIRST TERM, 1951

The School returned from the Christmas vacation on Tuesday, 6th February. The Headmaster welcomed new boys to their first assembly, and informed the School of Mr. Clarke's departure. He also announced the appointment of P. R. Anderson, I. R. Brändenburg, R. L. St. L. Chase, G. H. Christian, R. S. Crisp, A. O. Lodge, M. G. McCall, J. B. Morrison, and B. S. Sanders as Prefects for 1951, and of A. K. House as Captain of the School.

PREFECTS, 1951

Standing : B. S. Sanders, R. S. Crisp, J. B. Morrison, R. L. Chase, P. R. Anderson, I. R. Brandenburg.

Seated : A. O. Lodge, A. K. House, Mr. V. S. Murphy, G. H. Christian, M. G. McCall,

The next day Professor Blacklock, of Auckland University, visited the School under the auspices of the Crusader Movement.

The School was grieved to hear on Monday, the 12th, of the death of Barry Roberts, who attended the School last year.

Wednesday, 14th February, saw the induction of the Prefects for 1951 by Mr. Thorley Loton, Chairman of the Board of Governors. Their names are recorded above.

On the evening of Monday, 19th, members of the Cadets and A.T.C. marched at Claremont Showgrounds in a military tattoo held for the Black Watch Band.

Old Boys' Day this year was held on Wednesday, 21st February, and there was quite a large attendance of Old Boys at Assembly. Mr. Hadley, who was in charge of the School a number of years ago, was also present.

The annual cricket matches, which usually take place on Old Boys' Day, unfortunately had to be cancelled this year because rain rendered play impossible. However, the School was still granted the customary half holiday.

The School Swimming Sports took place the next day at Crawley Baths. School House won the Inter-House Competition, and O. M. Williams won the Open Championship.

During the term the School was pleased to hear of the success of P. V. Blackman in entering Flinders Naval College.

The first main interschool sporting fixture of the year was the Swimming Carnival, held on Saturday, 11th March, at Crawley Baths. The School Swimming Team, under the captaincy of Anderson, found the competition too strong, and we had to be content with fourth place. We wish to offer our congratulations to Guildford, the winners.

On Monday, 13th March, the First XI visited Herne Hill for the annual match against Mr. Loton's XI.

Despite our poor showing in the Swimming, the Life-saving team was again successful in the Law Society Shield Competition, held at Crawley on Saturday, 31st March. Williams and his team are to be congratulated on their effort.

The School Prefects attended a service conducted at St. George's Chapel on Sunday, 1st April.

On Tuesday and Thursday, 10th and 12th April, parties of boys from the School attended sessions of a tennis exhibition held at King's Park by Messrs. Dinny Pails and Max Bonner.

On Monday evening, 16th April, the embryo physicists of the Sixth Form saw a film dealing with atomic physics, which doubtless proved invaluable when they faced the end of term examinations, which began on the 18th.

The annual Head of the River race took place on Saturday, 21st April. Hale followed up their initial success in the Fours event by winning not only the Head of the River race but also the event for Second Eights. Congratulations, Hale crews! That evening many of the Senior boys celebrated the victories as guests of the rowers at their dance held in the University Boat Sheds.

On Wednesday, 25th April, Anzac Day, the customary service was held at the School. Colonel Norman gave the address. Boys then attended the public service on the Esplanade, after which they were allowed the remainder of the day free, in recognition of the School's victory in the rowing.

Next day the Cadets went into camp at Northam for a week.

Term ended on Thursday, 3rd May.

SECOND TERM, 1951

The term commenced on Tuesday, 22nd May.

Mr. Harvey, who has come to teach English in a part-time capacity to classes in the Senior School, was the only new member of the Staff. We welcome him amongst us.

On Friday the First XVIII met a touring side from Melbourne Grammar School. In our first match of the season we managed only a very moderate score against that of the visiting side. However, we had four representatives in the Combined Public Schools Team, which was successful against Melbourne Grammar School, on Friday, 1st June.

Early in the term members of the Sixth Form attended the production of a radio play at the A.B.C. All who went found it a most interesting experience, and we wish to thank those people who made our visit possible.

On June 18th we were shocked to learn of the tragic death of Robert Bedford-Brown, younger brother of Clive and John. We extend our sympathy to his parents and brothers on their loss.

On Wednesday, 20th June, the first round of the Alcock Cup competition began when the First XVIII met Guildford Grammar School.

"CYGNET," 1951

Standing : R. L. St. L. Chase, I. G. Hislop, H. de H. Hamersley, G. A. Cruickshank, J. H. Howe.

Seated : J. B. Morrison, A. K. House, R. S. Crisp (Editor), Mr. A. C. Marshall, M. G. McCall (Secretary), G. H. Christian, I. R. Brandenburg.

The School heard of the death of Mr. J. Marychurch-Jenkins with deep regret, and we extend our sympathy to his relatives. The late Mr. Marychurch-Jenkins was directly associated with the School for many years, and he retained an active interest in its affairs in his retirement.

On Monday, 2nd July, the crack Victorian footballers Johnny Coleman and Bob Davis visited the School and addressed the assembled boys.

The School Boxing Tournament was held on the evening of Thursday, 5th July, in the School Hall. Brian Wood was the unchallenged School Champion. In order that we could see him in action, T. Catling, last year's Champion, fought an exhibition bout with him.

On the 28th July the School, in common with the whole State, mourned the passing of Sir James Mitchell. The School lined Harvest Terrace to pay its last respects as the funeral moved by. We offer our sympathy to his relatives.

The Junior School plays were presented in the School Hall on two nights late in the term. The productions reflected credit on all concerned. Again this year a suitable Senior School play was not forthcoming, and there was no production.

During the term we were sorry to lose the services of Mr. Johns, through illness. We wish him a speedy recovery.

Term ended on Thursday, 16th August.

THIRD TERM, 1951

The term began on Tuesday, 4th September.

We wish to welcome amongst us Mr. Pirrett, who has once again joined the Staff to help in a part-time capacity.

On Wednesday, 5th September, Major Simms was present at Assembly to hand over formally to M. G. McCall the Peter Drummond Memorial Prize for 1950. He explained why this annual competition for Cadets was instituted.

The Annual School Sports were held on Thursday, 27th September, at the W.A.C.A. ground under good conditions. The programme went smoothly, except for certain handicap events, which were decided the next afternoon. John Bedford-Brown was Open Champion.

G. H. Christian was appointed Captain of Athletics.

In the Interschool Athletic Sports, which took place on Saturday, 20th October, the School was runner-up to Aquinas, when the Hale team was unable to maintain an early lead. We extend our congratulations to Aquinas.

The third term examinations for Junior and Leaving candidates began on 22nd October.

As a result of the matches played on November 10th, Aquinas emerged winners of the Darlot Cup Competition. We wish to congratulate them on their win.

The School was very sorry to hear that Mr. Longley and Jeremy had both fallen victims to polio, early in Third Term. We congratulate Mr. Longley in particular on the determined fight he has put up and offer them both our sincerest wishes for their eventual return to health.

SPEECH NIGHT, 1950

Speech Night was held on the lawn between Junior School and the Boarding House on the evening of December 7th. The opening prayer was read by the School Chaplain, Rev. F. E. Eccleston, followed by the Captain of the School's report and the Headmaster's report. The distribution of sports trophies and school prizes was performed by the Chief Justice, Sir John Dwyer, K.C.M.G., who afterwards gave an amusing and interesting address.

The Chairman of the Board of Governors, Mr. Thorley Loton, closed the proceedings with a vote of thanks.

CAPTAIN OF SCHOOL'S REPORT

SIR JOHN, Governors of the School, Mr. Murphy, Members of the Staff, Ladies and Gentlemen :

To-night it is my pleasure to welcome Sir John Dwyer to our Speech Night. To you, Sir, we do extend a most hearty welcome on this, I think, your first visit to Hale in your capacity of Speaker to-night.

This year we have had some success in Interschool Competitions.

In the Swimming we extend our congratulations to Scotch College, who again won the competition. Our team occupied fourth place. However, I am pleased to report that training was started this term in preparation for next year's sports, and we are all hoping for better things then.

Despite our poor position in the Swimming, we won the Law Society Shield for Life-saving. I think the team deserves hearty congratulations on their excellent win in unpromising circumstances.

In the unofficial Interschool Tennis the School again won : this making it the "hat trick." The team also won the Mursell Shield, a newly instituted competition for which all schools may enter.

The Rowing Eights and Four carried out a good season's training. In the "Head of the River" the School crew rowed into fourth place. It was a splendid race, and a very small margin separated all four schools. Our congratulations go to Aquinas, who won, and who also broke the course record. In the other two races we had more success. The Four rowed a magnificent race to beat Aquinas for first place. The Second Eight also rowed well, but they were just beaten by Aquinas.

The First Eighteen had a happy season, although not a very successful one. Scotch College went through the season undefeated, and to them we offer our congratulations. We occupied third position with Guildford.

The Interschool Athletic Sports were won by Guildford, who this year had an exceptionally strong team. Our congratulations go to them. The School finished in fourth place.

After a most interesting series of matches, the Cricket Cup was finally won by Hale. At one stage, with only two matches to be played, all four schools were equal. The School's congratulations go to the cricket team for a very fine season's cricket.

Some of you may not know yet that the team is leaving for Adelaide to-night to play matches against some of the schools over there. We all wish them every success.

The Shooting was held last Saturday, and you are all familiar with the results.

At the beginning of the second term the House system was introduced into the Senior School. It has been operating with marked success in the Junior School for several years. Although it is a little early to say much, it seems that it will be as great a success in the Senior School as it has been in the Junior School.

Besides the Junior House matches, several Junior Interschool Sports Meetings have been held. A Swimming Carnival took place between Christchurch, St. Louis and ourselves, and we were victors by a comfortable margin. An Athletics Meeting was held against Christchurch, St. Louis and Guildford, and the School was again victorious. Congratulations go to each of these Junior School teams for the good performances they put up.

The Junior School Dramatic Society produced three short plays and a musical revue early this term. This is the first time that a musical show has been attempted, and its success is due in no small way to its producer—Mrs. H. Wilson. Here I might mention that unfortunately there was no Senior School play this year owing to the lack of a suitable play.

Voluntary contributions from the boys for charitable institutions were again collected this year.

Once again, at the kind invitation of the Australian Student Christian Movement, the Headmaster, the Masters and the Prefects attended a most impressive Church Service for University students held in St. George's Cathedral.

The School Magazine, "The Cygnet," was produced in October. All sections except the Original Column were well up to standard. Until boys realise that this is their section, and that they must all try to write something for it, the Original Column will not improve.

The School Cadet Detachment and the Air Training Corps each completed a successful year's training. This year, for the first time, the Cadet Detachment marched in the Youth Display held at the Claremont Showgrounds during Show Week.

A good season of Debating was held during second term. Besides the House debates, two Interschool debates were held—one against St. Hilda's and the other against Scotch College. As usual, the females of the species had the last word, and we

had to lower our colours in both the Senior and Junior debates. Against Scotch the Seniors were successful, but the Juniors were defeated.

The School Boxing was held half-way through second term. We would like to thank Mr. Ben Jeffries for refereeing the bouts. Tim Catling was the unchallenged School Champion.

Last night a Hobbies Exhibition and Gymnastic display was held. This year, owing to the keenness of Mr. Fisher, there has been a revival of interest in the Gym. I hope that from now on this display will be an annual feature.

I am afraid, however, that some of those participating in the Gym. display were still suffering from the effects of the School Dance held the night before. The success of this dance was partly due to the wonderful supper prepared by Mrs. Murphy and the mothers of the 6A boys. To those ladies I would like to express my sincerest thanks.

To-night brings to an end the ninety-second year in the history of Hale School. It also marks the conclusion of the school careers of many of us. Many boys, I know, are rather thankful that their school days are over. However, I think that in a year or so when they look back and see this period in its right perspective they will appreciate what Hale has done for them to fit them for their careers beyond the School walls. That is, if they have entered fully into the life of the School; and I would urge all parents to see that their boys do this.

In conclusion, I would like to thank my fellow Prefects for their support during the year. Most of them have done an excellent job and have given of their best in upholding the traditions and honour of this great School.

HEADMASTER'S REPORT

FOR ninety-two years Hale School has been making a valuable contribution to the life of this country. In that long time the School has had its periods of prosperity and its periods of adversity. Its numbers have waxed and waned. These fluctuations bear a close relationship to the fortunes of the State, for the numbers in schools where fees are paid are to a great extent dependent on the general ability of the public to pay these fees. The past decade has seen a steady growth of industrial development in Australia; and this, coupled with the ever-increasing prices our primary products, especially wool, are bringing, has resulted in an era of national prosperity. There is now an extraordinary demand for places in our schools. While material prosperity and an increasing population are certainly big factors, there is another equally important factor influencing this demand and that is the growth in the community of, if one may coin a term, "an education conscience." Not only are the numbers in our schools greater than ever before, but in all States the number of secondary school pupils has increased greatly; so much so that all State Education Departments are embarrassed by big classes and inadequate accommodation.

We have reached another critical period in our School's life, comparable with that in the decade 1915-1925, when the School built first the classroom block and then later the Boarding House on this site. Even with the playing fields in King's Park, this site is rapidly becoming inadequate. To accommodate boarders and to provide room for essential school activities, the Board of Governors has purchased a two-storied house in Parliament Place. And to enable the boarders to meal together, the Dining Hall here has been slightly enlarged. For the past four years extra boarders have been accommodated at "Avondale," in Havlock Street. I wish to thank Mrs. Evers for looking after our boys in this period. This arrangement has enabled many country boys to attend the School. It is now essential that more classroom accommodation be provided here until such time as we can move to the Floreat Park site. Plans for more classrooms have been drawn up by the School Architect. However, these extensions will take time, and we must crave the patience of parents. We have this consolation that other schools, both State and independent, have the same problems in varying degrees. Still, a start is being made at the new property. Through the generosity of an Old Boy, Mr. Tom Fowler, three full-sized ovals are being cleared, so that in a few years' time the site will be ready for further development. I shall refer later to other Old Boys' activities in connection with the School.

CADET OFFICERS AND N.C.O.s, 1950

Sgt. M. G. McColl

I turn now to review the activities of the present year. Numbers have remained at the top level, with classes somewhat over-full in the Middle School and at the top of the Junior School. There is a long list of applications for places in the Boarding School for 1952. Already this list contains twice as many as we expect to leave at the end of 1951.

Despite the large numbers in some classes, very good work has been done in all grades. I expect the results of the year's examinations to be well up to standard. There are some very able boys indeed at the top of the various forms. There has been keen competition in the 6A. I wish to congratulate not only R. S. Crisp, the Dux of the School, but D. W. Watts and W. R. Robinson on the excellence of their work, while in the Junior forms M. L. Thornett, L. A. Kellam and H. de H. Hamersley have shown all-round brilliance. Last year's Leaving Class was a good one. As you will see from the results printed in your programme, the percentage pass was very high indeed. Only five of those who sat for the examination failed to secure the Leaving Certificate. Of these, two had the required number of subjects but failed in English, while one was a boy not in the Leaving Class but in 6B, who decided to enter at the last minute. Such a practice cannot have the School's approval. We firmly believe that for sound development a boy should spend two years on his Leaving course. C. O. Simpson, last year's Dux of the School, as predicted, secured one of the best passes in the State in the Leaving. He was awarded a Government University Exhibition, and also the Winthrop Scholarship at St. George's College. In the Junior examination thirty-three boys secured the certificate, five others completed the requirements for the certificate, while no fewer than twelve had "near misses," passing in four subjects.

Schools are sometimes adversely criticised because, it is alleged, they pay more attention to boys in "A" forms than they do to boys in "B" forms. In general, this is certainly not true: indeed Masters work far harder with the weaker boys, if they are triers, than they do with the more brilliant. That is certainly the case here, where we let all boys who wish to do so enter for the Junior. Of course, our terminal reports will inform parents if their son's work is not up to pass standard. It then rests with the parents to enter their sons or not. However, to avoid even the suggestion that a "B" form is not as well catered for as an "A" form, I have this year arranged that both Junior forms have the same Masters for all subjects. More than this, the 5B, the second Junior form, has extra periods in English, History and Mathematics.

The basis of division into "A" and "B" forms is chiefly ability in languages. After all, it is a reasonable system to grade boys in school, just as we do in games into first and second teams. Many boys are in a "B" form because they have not the inner urge to work, and no amount of driving will get the same results out of such boys as out of those who have the ambition to do well. Again, it must be admitted that much of the traditional curriculum does not suit all boys. Some simply have not the knack of learning book work. They are more gifted on the practical side, and while they should get all the general education they can, they should not be condemned because they cannot do well in written examinations which have been devised to test the ability of those who intend to go on with work of an academic type like Arts, Law, Science, Medicine, and so on. We do have a fairly wide range of subjects and most boys should find a course of study which is within their power. The main thing is that they should try their hardest. Some boys are late developers. Many boys who have spent some time in a "B" form have won their way into an "A" form later and have done very well. On the other hand, there are cases of boys who failed badly in an "A" form, who gave up trying because they could not hold their own with a brilliant group at the top. Placed in a "B" form, these boys have worked with zest and have got a good deal of satisfaction out of coming top of the class. I have suggested to several such boys in the past few years that they should go back into an "A" form and they have asked to be allowed to remain.

If I appear to have enlarged unduly on this topic, I can only say again that many parents have had the impression that little was being done for those in the second division. In many cases this impression has been fostered by lazy boys to excuse their own failures. Let us be frank and honest in these matters. If a boy is not doing well, first find out if he is really a trier. I am confident that all members of the Staff give of their best whatever grade or form they are teaching. Indeed, there is not a Master who is not willing to help a boy out of school hours if the boy really wants assistance.

Since I have mentioned examinations, I may voice here my concern at the early date of the Leaving and Junior examinations. I can see no reason why they should begin before the last week in November. Next year they will begin on the 19th of November. This means that the examinations will be completed by the beginning of December. The School will open next year on Tuesday, the 6th of February, so that our boys will have as nearly as possible a full school year before the Public Examinations are completed. It is interesting to note that the Teachers' Federation and the P. and C. Association are also concerned at

the early closing and consequent early opening of the school year in the Departmental schools. Most of you have probably followed with interest the controversy over the Leaving English syllabus that has raged intermittently for the last twelve months or so. I do not propose to revive that controversy here. I said last year that boys now do not appear to read as much as those of a former generation. I wish to tell you that a nucleus of a Leaving English Novel Library has been started recently and that a number of 6B boys have expressed their intention of using it during the long vacation. Arrangements will be made to change books once a week. Parents can help broaden their sons' outlook by encouraging their reading during the vacation. I suggest in all seriousness that where possible they read the books themselves and discuss them with their sons. This would be a substantial help to them in their 6A English course. This is one of a number of ways whereby parents can not only help boys but assist in creating a link between parent, master and boy. The Staff of this School, as I have said, is only too ready to foster any such spirit of co-operation, which often seems to diminish as the boy goes further up in the School."

Mr. Murphy then went on to speak of the activities of the School during the year. He spoke of the Swimming, of the success of the School in the competition for the Law Shield for Life-saving, of the Rowing, of our success in the Mursell Shield for which the School Tennis team competed after winning the unofficial interschool tennis competition, of our activities in Football and in the Interschool Athletics.

"During the Athletics Season a system of standards was introduced. Under this system any boy, no matter what his age, may earn points for his efforts in running or jumping, putting the shot, or throwing the cricket ball if he reaches a certain standard. On the Athletic Sports Day only the best boys can score points for their House, but in the standard trials the boy who may come last in the championship event can score points if he reaches even a very modest standard, e.g., a boy under 14 who can run 100 yards in 15 seconds or who can jump 10 feet in a broad jump, or throw a cricket ball but 30 yards can score points. If he is of championship class he may score up to 100 points for a single event. There was no restriction to the number of trials a boy might have. It is significant that of the Boarders every single boy recorded point-scoring performances in at least two events. Among the Day Boys no fewer than 30 boys did not record a single performance, another 30 recorded but one performance each. There were thus about 25 per cent. of the senior day boys who did not co-operate or who did the absolute minimum. While I do not think sport should be the main feature of a boy's school life, games do have great value.

I may here quote the words of John A. Hannah, President, Michigan State College : 'Sports serve another valuable end in that they keep alive in our society the spirit of competition. There is no place for handouts or security in the athletic world. It is instead a realm of competition, where the rules are fair and impartial in order that true worth and ability may triumph. We know, too, that glory does not always lie in winning but in trying. The failures in life are not those who are unable to win great victories but only those who never seriously try.' These words echo the remarks I made at the beginning of my report last year. I fear that there is abroad in our community in many walks of life the idea that minimum effort will suffice. We have in Korea to-day the preliminary skirmishes of what may develop into another battle of ideologies. Are we of the democracies to be content with the minimum of effort in our national life?"

In continuing, the Headmaster outlined the activities of the Cricket team and went on to speak of the Cadet Corps.

"Once again I would emphasize the importance of Cadet training. This year the strength of our unit is about the same as last year. Its activities have been of a reasonably high standard. The Annual Camp in May this year was much better organised and was well enjoyed by all who attended. It is pleasing to record that I. R. Brandenburg was awarded this year the Peter Drummond Memorial Prize, which is given to the most efficient Cadet in Western Command. Our own award, the Tobruk Trophy, goes to S. L. Kirkby, while the platoon competition was won by No. 2 Platoon, Lieut. T. C. M. Senior, Sgt. S. L. Kirkby. I should like to compliment Mr. Drake and his four Cadet-Lieutenants on their good work during the year."

Mr. Murphy then detailed the various activities of the A.T.C. and the successes of its members, notably F/Sgt. House and Cpl. Howe, who have both been promoted to the rank of Cadet Pilot Officer.

Boxing, Physical Training, Debating, Dramatics, and the School Magazine, "The Cygnet," were mentioned and discussed in their turn, as were also the various activities of the Junior School.

The Old Boys' Association, its various activities and connections with the School, especially the appeal for funds for a Memorial Hall at the new site for the School at Floreat Park were next reviewed.

"The School is appreciative of all that the Old Boys' Association is doing for the School by its keen interest in School

affairs and by its practical help in providing boats and rowing gear, prizes for School and Athletics, and a Scholarship to the School for the son of an Old Boy who lost his life on active service. This Scholarship has been awarded to John Forsyth. I wish to express the thanks of the School to all who generously gave donations to the Sports Fund to provide trophies in Athletics, Swimming and Boxing; to the Old Haleians' Association for giving the prizes for Dux of the School and Dux of the Junior Form, and for sports trophies. The names of those who have endowed special prizes are indicated on the list of prizes. You will notice that the Honour Prizes in the Junior School are to be known as the Peet Prizes. Mr. C. Peet, an Old Boy, gave to the School a year ago a sum of money the annual income from which provides these prizes. Just recently the School has been given another very valuable prize endowment. I refer to the very generous gift of £300 by the Misses Lee Steere, who are endowing prizes to perpetuate the memory of Phipps Turnbull, our second Rhodes Scholar, who lost his life in the First Great War, and of his brother, Hubert Turnbull. The School is indeed fortunate in having such good friends, and I wish to convey to the Misses Lee Steere our sincerest thanks.

"The Board of Governors, with Mr. E. Thorley Loton as Chairman, has met regularly throughout the year. The Board is doing all in its power to solve the immediate problems of the School in the matter of accommodation for Boarders and for Day Boys, and it is planning for the long-range development of the School. Because of the upward trend of prices, the increased cost of maintenance, and the implementing of a good salary scheme for the Teaching Staff, the Board of Governors, like the governing bodies of other schools, has been compelled to announce an increase in fees. The new fee scale operates from the beginning of next year. The Board hopes that the fees, which were decided on before the recent rise in the basic wage, will not need further adjustment in the near future. Parents may rest assured that the Board will take such action only if the financial position of the School warrants it. I wish to convey my thanks to the members of the Board for their sound advice and encouragement."

In conclusion, Mr. Murphy thanked the whole of the Staff for their willing and able co-operation. He thanked the four new members of the Staff, Dr. Trenaman, Mr. McCarrey, Mr. Longley and Mr. Fisher.

The report then dealt with the difficulties of the Boarding House Staff due to a numps epidemic and other problems, and Mr. Murphy expressed his appreciation to Mr. Altorfer, the

Senior House Master, Miss Oliver, the Matron, Sister Welch, Mrs. Williams, and Mrs. Wise for the capable handling of the welfare of the Boarders. Last year Sister Shenton left the Boarding House Staff after 20 years of unfailing service. Mr. Murphy quoted a eulogy written of her by one who knew her both as a boy and as a House Master. The Office Staff, Miss Twine and Mrs. Layton, were complimented on the able way in which they coped with their heavy duties.

Finally, the Headmaster thanked the Prefects and the last two Captains of the School, John Cruickshank and Robert Reid, for their devotion to the School and their carrying on of its traditions.

OBITUARY

The School was stunned to hear of the untimely death of Robert Bedford-Brown, who was accidentally killed on Sunday, 17th June. Boys and Staff paid a last tribute to him by lining Parliament Place for the passing of the funeral, while representatives of Junior School, Prefects and Staff attended the service at St. Lawrence's Church, Dalkeith.

Robert was a prominent member of Junior School, and the passing of one so full of life and energy was a very great shock to us all.

May we again extend our sympathies to his family.

Mr. Joseph Marychurch-Jenkins, an ex-Master and old friend of the School, passed away during second term at a ripe old age. He was a Master from the 1890's until he went to World War I as a Captain. His work lay mainly in the Middle School, where he was fondly known as "Jenny." He gave to the School the reading desk, carved by himself, which now stands in the Hall and which perpetuates in its inscription a Latin pun :—

"Disce O Puer et Vigila et Cave Canem."

He was a constant and active friend of the School and until recently was always present on Old Boys' Day. We sympathise with his relatives on their loss.

The passing of Canon Hamilton removed a very real friend of the School, especially for the older members, who will remember him as School Chaplain during his period as Assistant Priest at St. Mary's. We remember him fondly for his Scripture lessons, for his "Hamilton's Fables," for his musical appreciation classes, and for the manner in which he freely gave his time for all those who were in need of his help or advice. We offer our deepest sympathy to his relatives.

CADET NOTES

THIRD TERM, 1950

Due to the Public Examinations and early School examinations this term no parades were held. There was, however, a clothing parade to hand all gear into the Q. Store.

The Commonwealth Challenge Cup was won by Aquinas again this year. Our team finished seventh. Our best shots were Cpl. T. Catling and Cdt. P. V. Blackman, both of whom scored 60.

The Cadets' Miniature Range was used extensively in practices for the House shooting, and the House shooting was conducted on this range at the end of the term.

FIRST TERM, 1951

During the Christmas vacation several Cadets attended an officers' course at Swanbourne Camp. They were : Sgt. M. G. McCall, Cpl. R. L. St. L. Chase, L/Cpl. S. C. Deykin, L/Cpl. J. P. Monteath, and Cdt. P. R. Anderson.

Hale School carried away the honours, Sgt. M. G. McCall securing first place in the officers' course, followed by Cdt. P. R. Anderson third and L/Cpl. S. C. Deykin fourth, the others attaining good places.

W.O. II I: R. Brandenburg was promoted to Cdt./Lt. (2IC). The following were also promoted to Cdt./Lt. : Sgt. M. G. McCall, Cpl. R. L. St. L. Chase, L/Cpl. S. C. Deykin, and Cdt. P. R. Anderson.

This year there was a week-end N.C.O.s' course held at School on the week-end of the 17th-18th February. The course was a great success and several very good passes were attained.

Cdt. F. O. House topped the course, followed by Cdts. R. A. R. Slee, G. H. Christian and D. P. Reid, in that order. As a result of the course the following promotions were made :—

Cdt. F. O. House to Sergeant; Cdt. R. A. R. Slee to Sergeant; Cdt. G. H. Christian to Corporal; Cdt. D. P. Reid to Corporal; Cdt. R. P. Camm to Corporal; Cdt. B. S. Sanders to Corporal; Cdt. J. Y. Langdon to Corporal; Cdt. A. G. Rosser to Corporal; Cdt. R. O'Connor to Lance-Corporal; Cdt. J. P. B. Summers to Lance-Corporal; Cdt. I. R. Oldham to Lance-Corporal; Cdt. B. Thomas to Lance-Corporal; Cdt. O. P. Randell to Lance-Corporal; Cdt. D. R. Hogue to Lance-Corporal; Cdt. M. L. Thornett to Lance-Corporal; Cdt. P. B. Turner to Corporal.

Other promotions were : Sgt. D. G. Chappell to C.S.M.; Cpl. B. G. Campbell to Staff-Sergeant; L/Cpl. G. A. Cruickshank to Sergeant; L/Cpl. J. P. Monteath to Sergeant.

Later in the term these further promotions were made :— L/Cpl. R. O'Connor to Corporal; L/Cpl. B. Thomas to Corporal; L/Cpl. I. R. Oldham to Corporal; L/Cpl. O. P. Randell to Corporal; Cdt. J. B. Temby to Lance-Corporal; Cdt. H. R. Holland to Lance-Corporal; Cdt. J. A. James to Lance-Corporal; Cdt. R. Hart to Lance-Corporal.

Thirty N.C.O.s and officers marched at Claremont on the night of the Black Watch Band performance, where the Salute was taken by Major-General Whitelaw, G.O.C. Western Command. The same group led the Cadets in the Anzac Day procession.

CAMP, 1951

On Friday, 27th April, the Corps was conveyed by bus to the Northam Army Camp for the 1951 Camp.

With memories of the boat race still fresh in mind, the Hale School Cadet Unit was quick to settle down to camp life and punctuate it with numerous schoolboy pranks.

Rather too many free nights, coupled with some cheeky boys from other units, culminated in a hut raid. The purpose was accomplished when our No. 1 Platoon commanded much more respect.

Unfortunately for several Hale boys, however, one victim, who felt a little degraded, decided to retaliate, so placed about 32 No. 9's in Hale's tea. The results were as expected, and several boys suffered a certain amount of discomfort for a day or so.

Other free night activities were pillow-fights and wrestling, mainly in the high spirited No. 1 Hut, where even higher ranks indulged in a bit of good, wholesome horseplay with J.Y. and the boys. Another night boys were supposed to have been seen walking around in hypnotic trances.

The mock battle gave everyone a real chance to let off the steam that hadn't been let off previously. In two thrill-packed battles the dead men were far braver than the live, all saying that they weren't really dead because the men that had shot them were probably dead, anyway.

Other training included a lantern stalk, range practices with Brens and rifles, lessons on various weapons, and a night-firing demonstration. Also one afternoon Lieut. D. R. Chappell, who was 2IC of the Hale unit in 1944, showed the boys over a "Stag-hound" and several were lucky enough to get a ride on one.

After a very successful camp the Cadet unit marched out on Saturday, May 3rd.

SECOND TERM, 1951

Thursdays were Cadet days this term. Training included miniature range practices, bayonet drill, training of wider visions, films, Bren L.M.G. lessons, rifle drill, and marching.

Lieut. McCall's No. 1 Platoon did some amazingly good forms while marching on to the Parade Ground.

The C.S.M., D. G. Chappell, went with a contingent of W.A. Cadets to the Jubilee opening of the Commonwealth Parliament ceremonies in Canberra (lucky dog !). In addition to this, he spent much of his time on his back with concussion resulting from football, so that it was almost a rare spectacle to have our C.S.M. on parade at all.

It is well that he came into his own towards the end of the term, and was able to get a few of the overdue parade states handed in to Western Command.

This term word was received that last year's corps had come second in the A.E.M.E. trophy (Australian Electrical and Mechanical Engineers Trophy). This trophy is awarded for the care of arms and musketry to the best corps.

At the end of the term word was received that Cdt./Lt. M. G. McCall, who topped the State officers' course at the beginning of the year, had won the Sir Peter Drummond Memorial Prize for the most efficient cadet in Western Command for the year 1951. Congratulations, "Mac."

This made it the second year running that the Hale School Cadet Corps had had this honour bestowed on one of its members, Lieut. Brandenburg having won it the year before.

On the last parade day of the term the detachment went for a march through the Park to finish the term's training.

THIRD TERM CADET NOTES

As a result of information that had come through at the end of the second term concerning the award of the 1951 Peter Drummond Memorial Cadet Efficiency Prize to Lieut. M. G. McCall, Major Sims, from Cadet Headquarters, was present at an Assembly early in the term to present the trophy.

Activities of the Cadets this term included several range practices, a bivouac on the week-end of 22nd-23rd September, and a march at the Claremont Showgrounds with the Jubilee Youth Pageant on the night of Thursday, 4th October.

The bivouac provided an interesting syllabus on fighting tactics, concluded by a mock battle

AIR TRAINING CORPS NOTES

THIRD TERM, 1950

During the August holidays a Cadet Officers' School of three weeks' duration was held at Pearce Aerodrome. At its conclusion examinations were conducted and subsequently promotions were made. Flt./Sgt. A. K. House and Cpl. J. H. Howe attended this school, successfully passed the examinations with Special Distinction, and were later promoted to the rank of Cadet Pilot Officer, being the first Cadets in the Commonwealth to attain this rank.

In conjunction with the officers' school, senior and junior N.C.O.s' schools were held. L.A.C. R. V. Garland and Cadet L. A. Kellam attended the senior course and Cadet R. B. Hale attended the junior course. All three passed their respective examinations with Distinction, and were later promoted to the rank of Corporal.

No. 10 Flight (Hale) was well represented at the Sunset Memorial Service Parade on 17th August at King's Park War Memorial.

During the term range practices were conducted, as usual, at Swanbourne Rifle Range, the most important being the Inter-Flight Shoot held on Sunday, 12th November. A Scottish regimental band was hired to provide music during the lunch hour and during marches. As is usual on range practice days, the canteen was open. In addition, on this special occasion, lunch and afternoon tea were provided.

The shoot was conducted over the two, three and five hundred yards ranges. Our boys excelled themselves, but were not quite up to the standard set. Our congratulations go to the winning Flight, No. 4 Flight.

Towards the end of the term four of our Cadets, C.P.O. A. K. House, C.P.O. Howe, Sgt. J. A. Hunt, and Cpl. J. B. Morrison, entered for an A.T.C. Flying Scholarship. C.P.O. House was the only successful candidate. He commenced flying training early in 1951.

The final parade of the term was held early in October.

FIRST TERM, 1951

Early in the term weekly parades were resumed. Soon after the resumption two promotions were made: Cpl. J. B. Morrison to Flt./Sgt. and Cdt. R. S. Crisp to Sergeant. An examination of this year's roll showed that there was a large influx of recruits, No. 10 Flight's strength having increased to ninety.

On the night of Monday, 19th February, when the Black Watch Band played at Claremont Showground, a flight of about thirty of No. 10 Flight Cadets took part in the ceremonies there. There was a march-past, and Major-General Whitelaw took the Salute.

At the Inter-Unit Rifle Shoot at Swanbourne Rifle Range on Sunday, 25th, C.P.O. A. K. House and C.P.O. J. H. Howe were members of the team which represented A.T.C.

The relay team, Cpl. J. B. Morrison, Cadets O. M. Williams, R. B. Wood, and P. S. Jordan represented No. 10 Flight at a swimming carnival held by the Western Australian Amateur Swimming Association. The team finished in third place. A week or so later, on 22nd March, the Annual A.T.C. Swimming Carnival was held. As the majority of our swimmers had previously been members of the Hale School Swimming Team, No. 10 Flight was well represented. The last three events, the Under 15, Under 16 and Open Relay, all of which No. 10 Flight won, were the decisive factors of a very close competition. At the conclusion of the last event No. 10 Flight had won the Challenge Cup from Wesley (No. 1 Flight) by forty points to twenty-eight. Nine metropolitan and one country flight competed.

On Anzac Day No. 10 Flight was well represented in the A.T.C. contingent that marched.

During the last week of term C.P.O. A. K. House and C.P.O. J. H. Howe conducted, at School, an N.C.O.s' school of five days' duration. Twenty-one Cadets attended the school. The subjects covered in the lectures were aircraft recognition, armament, service knowledge, signals, and drill. The Flight W.O.D., Flt./Sgt. J. B. Morrison, assisted with the drill lessons by giving instruction in this subject to one squad. The school set a very high standard, and because every boy worked with a will and showed the utmost enthusiasm, each obtained very pleasing results. If those who are promoted continue to work with such zeal there will be few N.C.O.s in the State who will carry out their duties more thoroughly, and those who are not immediately promoted will form a very solid nucleus in the Flight.

SECOND TERM, 1951

During the May holidays the Annual A.T.C. Camp was held. As it was during the holidays, few of our boys were able to attend. However, those who did set a very good example for the other flights to follow. Especially did Cpl. R. B. Hale prove himself to be a first-class N.C.O. Such was his efficiency that he was promoted to the rank of Sergeant.

A.T.C. OFFICERS AND N.C.O.s, 1950

Standing : Cpl. R. V. Garland, Cpl. R. B. Hale, Cpl. L. A. Kellam.

Seated : Sgt. J. A. Hunt, Cdt P/O A. R. House, F/Lt. E. B. Adams (O.C.), Cdt. P/O J. H. Howe, Cpl. J. B. Morrison.

As a result of the N.C.O. school held at School in the last week of first term, L.A.C. F. R. Clapin, Cadets N. D. Jack, E. J. Powell, G. L. Wheatley, and R. B. Wood were promoted to the rank of Corporal.

No. 10 Flight was represented in full strength at the Tenth Anniversary of the formation of Air Training Corps Service of Thanksgiving. Toward's the end of the term, in recognition of their meritorious services throughout the year, Flt./Sgt. J. B. Morrison and Sgt. R. S. Crisp were promoted to the rank of Warrant Officer and Flight Sergeant, respectively. All Cadets have done well this term to pass their proficiency exams. The final parade for the year was held on Thursday, 9th August.

THE HOBBIES EXHIBITION, 1950

Many original items were introduced into the Hobbies Exhibition, which was held after the examinations so as not to interfere with the boys' work.

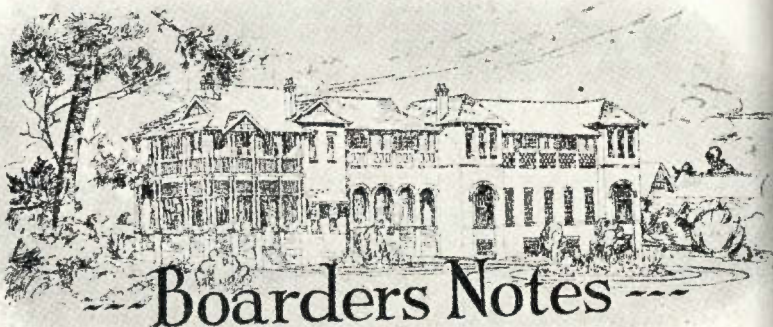

As on previous occasions, the hall and two Junior School classrooms were set aside for Art, under the able guidance of Mr. Hamilton. Also in the Junior School classrooms were such exhibits of handwork as clay models, baskets and woodwork, for which we have to thank Mrs. Murphy and Mr. Mill.

Something we had not seen for some time were the electric trains brought in by some Middle School boys. These trains were arranged in the Hall on the dais. In the Hall also were model aeroplanes exhibited by enthusiasts.

In the Science Laboratory were displays by Senior boys—some minerals exhibited by Kellam, a plan with samples of how superphosphate is manufactured at Bassendean, by McCall and Brandenburg; Crisp's working model of the Castner-Kellner electrolytic cell for the commercial production of caustic soda, and many others of interest.

The standard of the Exhibition was higher than usual, but for greater improvement Senior boys must co-operate more.

After the Hobbies Exhibition a very well organised gymnastic display, which was introduced for the first time, under Mr. Fisher's direction, was conducted on the lawn between the Boarding House and the School, and attracted a large and appreciative audience. The boys gave an excellent performance, and their keenness and smartness of movement reflected great credit on their instructor.

THIRD TERM, 1950

On arrival back at School on 11th September we were all very sorry to hear that Sister Shenton, who had done so very much for us all, was forced by ill health to retire after having been with the House for nearly twenty years. We presented her with an arm chair as a token of our appreciation of her unfailing kindness to us all.

We extend our warmest welcome to Sister Welch, who chose a good time to come, with the mumps, flu and chicken pox epidemics, and was unfortunate enough to catch a bad cold herself.

Alfie McGuffin became a Day Boy at the beginning of this term. Both E. G. and L. S. Sutherland also joined the Day School. Gra Rosser and David Hunt, both of whom came from the ranks of the Day School, were the only new members of our family circle.

The Boarders were well represented in the Athletics. Those from the House who represented the School in the "Inters" on 28th October were Ken Gibbs (The Red Ruler), Gerry Wheatley (Tranceman), Bob Slee (Slag), Norm Jack, Eddie Powell (Pea Brain), Brian Wood (Splog), Des Reid (Reptile), Ian Brandenburg (Bugs), and last but not least, Craig Baxter (Crag).

"Crag" deserves a special mention. In the School Sports he won no fewer than seven championship events, assuring the School House's victory in the Athletics.

Our only Boarder member of the successful Darlot Cup Cricket Team was John Gibbs. Congratulations, Namatjira.

The House cricket aroused much interest. We won the first match against Faulkner House and so came in line to play off the finals. Much credit for this match, which was won by two runs, must be given to the Captain of our team, Tim Catling, for his good performance with the bat, and to Namatjira, who bowled in grand style.

In the finals, however, Buntine House must be congratulated on their win. Bugs and Norm, the last two batsmen, tried to stay in a bit longer and make more runs by means of lusty swings, but dropped short of Buntine's total by 28 runs. Norm Jack must be congratulated on his good bowling performance, and Spiro Scott for his batting.

The marksmen of the House were Tim Catling, Tony House, Bob Slee and Ken Gibbs, who were the Boarder representatives of the Interschool Shooting Team. Tim shot very well to get out of 70, and well deserved the Colours he was awarded. Congratulations, Tim.

In the House Shooting, Tubby House (I) was the Champion Shot. The whole team shot well, so that the shooting went to School House.

As a result of the various House Sports, School House was first, so that we were presented with the Cock House Cup on Speech Night. This marked the conclusion of the first year of House competitions.

The Boarders' Feast was held on Monday, 4th December, and of it no more need be said than that its success was due in no small way to Matron, Mrs. Williams, and Sister Welch. Tony House proposed the toast of those who were leaving, and Ken Gibbs replied with a short speech.

After the School Dance and other end-of-term distractions the School broke up on Thursday, 7th December.

FIRST TERM, 1951

We arrived back at School on Monday, 5th February. Those familiar faces which had gone from us at the end of last year were :—

K. W. Gibbs.
T. Catling.
B. W. Roe.
L. R. Burges.
P. J. Fuller.

J. M. Gibbs.
M. E. Haines.
J. B. Percy.
M. B. Seed.
J. R. Staniforth-Smith.

J. N. Turner.
J. S. Wheatley.
D. D. Wilson.
D. S. Yeo.

Those new boys whom we welcomed among us were :—

B. K. Ainsworth.	B. A. Harewood.	I. V. Mercer.
R. J. Brazier.	A. P. Harley.	G. F. Pearce.
L. C. Bushell.	A. J. Hope.	J. C. Richards.
M. A. N. Cobby.	A. L. Hornsby.	J. C. Ryan.
K. E. Eastman.	R. F. Lee Steere.	A. J. Ryan.
I. M. Easton.	W. J. Lee Steere.	B. J. Whinfield.
E. S. Gooch.	A. R. P. Leeds.	A. R. Whitfield.
A. B. Goyder.	L. T. Mathews.	A. Wilson.

Also these Day Boys had joined us :—

A. C. Foulkes-Taylor.	R. D. Nicholson.	J. G. Pennefather.
W. J. Foulkes-Taylor.	N. G. Gamba.	

M. Douglas, G. Nathan, D. Hunt and A. G. Rosse had become day boys once more.

On the first Tuesday of School, Tony House and Ian Brandenburg were appointed School Prefects. Tony House well deserved his appointments as Captain of the School and of the House. Congratulations, Tony.

Bob Slee and Bob Clapin were appointed House Prefects on the Wednesday, and Jimmie Howe and Brian Wood on the Thursday.

Several changes had been made since the House last assembled. Junior House, under Mrs. Williams's motherly care, had been moved across the road to No. 34 Parliament Place, where 19 boys are now billeted with two Prefects, Slag and Clump. The upstairs front verandah of the old Junior House has been converted into a Senior House dorm, "E" dorm, while the two rooms of the old luxury flat sick rooms are two additional dormitories, namely, "F" and "G."

The new sick room consists of two of the inside rooms of the old Junior House, in conjunction with an upstairs dispensary as well as the old one downstairs. The old 6A Commonroom is now the Prep. Classroom, so that "Glenny" and "Nigger" have to work in the Library.

Later on in the term a successful evening's entertainment was held at the expense of the new boys in the traditional New Boys' Boxing.

We of the School House were successful in winning the House Swimming at the School Sports, Box Williams being the greatest contributor to our House points.

Those from the House who were in the Interschool Swimming Team on 10th March were : Box Williams, Splog Wood, Fred House, Reptile Reid, Micky Wainwright, David Taylor, and Cheeky Randell.

Congratulations, Box, on your fine performance in the 100 metres open.

The House was well represented by victorious rowers on 21st April. Nigger Hale, Clump Clapin, and Tranceman Wheatley rowed in the winning four, with Monk Barron coxing. Johnny Glendenning, Grandad Reynolds and Fred House were in the winning Second VIII, while Boarder representatives of the 1951 Head of the River crew were Brian Wood, Tony House and Ian Brandenburg.

The only Boarder member of the First XI this term was Sleepy Jack Taylor. In the first House cricket match our team was defeated by Wilson House, and so came in line to play off for third place against Buntine House in the third term.

The Boarders were well represented in the Life-saving. In the Law Shield "A" Team were Box Williams (Captain) and Cheeky Randell, while Micky Wainwright and Des Reid were in the "B" team.

Among the N.C.O.s of the Cadet Corps this year are included the following Boarders : Sgt. F. O. House, Sgt. R. A. R. Slee, Cpl. D. P. Reid, Cpl. O. P. Randell, Cpl. R. O'Connor, L/Cpl. J. A. James. Ian Brandenburg was appointed the 2IC of the Corps.

In the A.T.C. the only officers, Tony House and Jimmy Howe, are Boarders, while the only Boarder N.C.O. is Cpl. R. Hale.

All the Cadets from the House went to camp at Northam with the Corps on Friday, 27th April. School broke up on Thursday, 3rd May.

SECOND TERM, 1951

New members to the House this term were : R. Minchin, I. H. Minchin, R. S. Turner, and Christopher House (V). Brian Ainsworth had left School and Splog Wood had become a Day Boy.

It is interesting to note that Splog, before leaving the House at the end of last term, established an all-time record of 1 min. 54 secs. for posting the letters.

Boarder members of the First XVIII were Tony House, who was appointed Captain (Congrats, Tony), Fred House, Norm Jack, "Pud" Randell, Jimmie Howe, "Slag" Slee, John O'Meehan, "Sleepy" Jack Taylor, and "Tranceman" Wheatley.

Boarder members of the A.T.C. promoted this term were Cpl. R. B. Hale to Sergeant, and Cdts. N. D. Jack, G. L. Wheatley, E. J. Powell, and F. R. Clapin to Corporal.

Sister Welch has re-enlisted in the Army Nursing Service. We wish her every happiness. We presented her with a very nice marcasite brooch.

We welcome Sister Ford to our large family, and hope that her stay will be a happy one.

At the end of the term the House Football Team was victorious in the House football matches. We defeated Buntine House in the first match, 4.12 to 3 behinds, and in the finals against Wilson House, after a very hard-fought match, we won out, 4.9 to 3 behinds. The whole team played exceptionally well, inspired by their Captain, Tony House.

After a very active term we left for home on Thursday, 16th August.

CRUSADERS' UNION

This year the School was again fortunate enough to have Mr. Bates to conduct his weekly meetings at School. Meetings were held each Friday during lunch hour, all boys interested being invited.

Among the speakers were : Mr. Edgar, Secretary of the Mission to Lepers; Dr. Blaiklock, Professor of Classics at the Auckland University; Mr. John Nimmo, the legal member of the Taxation Board of Review; Mr. Alan Wilson, M.Sc., Senior Lecturer in Geology at the University of W.A.; and Mr. John Reid, B.A. The last-mentioned speaker is especially to be remembered with gratitude for the outstanding lead he gave us in all fields of our activity at the August Camp at Point Perron, and for his skilful chairmanship of "Afterthoughts," a session where we discuss all our problems. All boys from 3rd Form and above are invited to join us on Fridays in 5A Room.

DARLOT CUP

SECOND ROUND—THIRD TERM, 1950

HALE SCHOOL v. SCOTCH COLLEGE

WEDNESDAY, 8th NOVEMBER, 1950.

Game abandoned because of rain.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT HALE SCHOOL, SATURDAY, 11th NOVEMBER, 1950.

Cullity, the Aquinas Captain, won the toss and elected to bat on a wicket which threatened to crumble later on in the day. Christian and Webb opened the bowling for the School, and Aquinas found themselves 2 down for 7. A determined stand by Fogarty and Dowsett added 49, and at lunch Aquinas were 7 for 95. The last three wickets added 35 runs, and Aquinas were dismissed for 132.

At 2.35 Cruickshank and Fotios opened the batting for the School; however, they did not settle down, and the School lost for 30. Lodge and Webb then became associated, and by determined batting took the score to 86 before Lodge was bowled by Cullity for 46. At 5 for 90 Radden joined Webb, and by attractive batting brought the score to 111. After we passed the Aquinas score, Radden and Senior opened their shoulders and produced some very entertaining batting, adding 56 in 15 minutes. The School finished with 9 for 221, and drew level with Guildford, our next opponents.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT W.A.C.A., WEDNESDAY, 15th NOVEMBER, 1950.

Hale and Guildford were equal when they met at the W.A.C.A. to decide the winner of the Darlot Cup for 1950.

Johnson, the Guildford Captain, won the toss and decided to bat on a hard, true wicket. Due to fine bowling by Lodge and Webb, Guildford found themselves in a difficult position, losing their first 5 for 30. Dogged batting by Mitchell, Schuler and White pulled them out, and they ended up with the respectable score of 162. Webb bowled extremely well and was unlucky not to bag more than three wickets.

The School opened their innings at 3 o'clock, having 165 minutes in which to score 162 runs. Cruickshank, Monteath and Fotios gave the School a fair but slow start, and when Cruickshank was dismissed, we had 3 for 58. Lodge and Webb then became associated and proceeded to give a fine exhibition of forceful batting, adding 100 runs for the fourth wicket. How-

ADELAIDE TOUR

7th TO 15th DECEMBER, 1950

On the evening of 7th December the team left for Adelaide by A.N.A. Skymaster on the much-awaited cricket tour. The 'plane trip was a new experience for many of the boys, and it is certain that they enjoyed the smooth trip and the hospitality shown to them by A.N.A.

On arriving in Adelaide the team was met by Mr. Rogers, the Scotch College Sports Master, and our young hosts who were going to billet us during our stay. In the afternoon we were officially welcomed to Adelaide by Mr. Gratton, the Scotch College Headmaster, before settling down to our first practice.

Saturday morning the School played its first game—against Adelaide High School—on a much faster wicket than those experienced in Perth.

On Sunday the boys took full advantage of the free day to see the sights of Adelaide.

Our second match was played against Sacred Heart College on Monday, and in the evening the team were the guests of Scotch College at the Regent Theatre.

On Tuesday we were taken into the hills for a picnic, and we wish to thank Scotch College for giving us the opportunity of seeing the Hills of Adelaide.

Wednesday was the day of our exciting game against our hosts, a game which will be remembered by all.

In the evening our boys were very kindly invited to the Annual School Dance at Scotch College and thoroughly enjoyed the evening.

On our last two days in Adelaide, as they were free, the team saw the city individually under the guidance of their hosts.

So on the 15th we wended our way back home to Perth after a most interesting and enjoyable tour.

The boys of the team wish to thank very sincerely Mr. Gratton, the Headmaster of Scotch, Mr. Rogers, the Scotch College Sports Master, and the parents and boys who billeted us and acted as our hosts, for providing us with such an interesting and enjoyable stay in Adelaide.

We should also like to thank Mr. Murphy, the Headmaster, for making the trip possible and handling the arrangements so carefully, and Mr. Edwards for keeping such a watchful eye on us during the tour.

HALE SCHOOL v. ADELAIDE HIGH SCHOOL

PLAYED AT SCOTCH COLLEGE, 9th DECEMBER, 1950.

The first match of the tour was played against Adelaide High School at Scotch College. Lodge won the toss and put Adelaide High to bat on a fast, grassy wicket. Webb and Gibbs opened the attack, and at once found a length, and Adelaide High found themselves 4 for 25 in the first hour. However, by determined batting, especially by Driver, who scored an invaluable 112 not out, Adelaide High gained control of the bowling and were able to declare at 8 for 205. This left us 4½ hours of batting to make 205 runs.

Cruikshank and Monteath opened the batting. However, they didn't settle down. After Blake was dismissed the position looked very serious, as we had lost 7 for 42. However, Gibbs joined Radden, and these two settled down to give a brilliant exhibition of hard-hitting batting, adding 81 for the eighth wicket, and we finally ended up with 7 for 123, so that the match was drawn.

Scores :—

Hale 7 for 123 (Gibbs 47 not out, Radden 36 not out, Cruikshank 16) drew with Adelaide High School 8 for 205 (declared), (Webb 3 for 53, Gibbs 4 for 45, Senior 1 for 23).

HALE SCHOOL v. SACRED HEART COLLEGE

PLAYED AT SACRED HEART ON 11th DECEMBER, 1950.

The second match of the tour was against Sacred Heart College. Sacred Heart, on winning the toss, decided to bat on a perfect wicket.

Success came very early when Lodge had Phillips caught for 7, but forceful batting by Flaherty and Dittmar brought the score along; when Senior bowled Dittmar, Sacred Heart had lost 3 for 19. Senior then struck a purple patch, and Sacred Heart lost their grip, losing the next 3 for 23 runs. We were unfortunate to lose the services of our wicket-keeper, Monteath, injured at this stage. He was unable to play for the rest of the tour. However, Flaherty was still batting well, and when finally dismissed he had contributed 99 to the score. Sacred Heart eventually made 166. The fielding of the Hale team was excellent, Lodge and Senior being the pick of the bowlers.

Cruickshank and Sanders opened for the School, but we did not meet with success, and found ourselves 8 for 32. However, Gibbs and Senior became associated and produced some fireworks whilst they added 39 for the last wicket. The School ended up with the very modest total of 84.

We were then forced to follow-on and the batting was still hesitant. Lodge and Webb were the only double-figure scorers. However, we managed 9 for 71, and so the match was lost on the firsts innings.

Scores :—

Hale 84 (Senior 25, Gibbs 19 not out) and 8 for 71 (Lodge 17, Webb 13) lost to Sacred Heart 166 (Lodge 6 for 61; Senior 3 for 48).

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SCOTCH COLLEGE ON 13th DECEMBER, 1950.

The last match of the tour was played against our hosts, Scotch College, and it proved to be the closest of the tour.

Cruickshank and Sanders opened the batting for the School and at 3 Sanders lost his wicket, being bowled by Hart. The bowling was very steady and accurate at this stage, and this kept us on the defensive. Webb was the outstanding batsman, playing with surety and scoring a very valuable 38. However, the tail did not wag, and we were dismissed for 122.

Webb and Gibbs opened the bowling for the School, and, aided by the faster wicket, Webb especially made quite a lot of pace off the wicket. Due to good batting by Cameron, Scotch found themselves in a handy position of having lost 5 for 101. Webb then secured two quick wickets, and Scotch struggled past our score with two wickets in hand. However, they lost those two without addition, and so they beat us by 1 run on the first innings.

Scores :—

Hale 122 (Webb 38, Lodge 14, Blake 11) lost to Scotch 123 (Webb 6 for 37, Blake 2 for 6, Senior 1 for 21).

DARLOT CUP

FIRST ROUND- FIRST TERM, 1951

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SCOTCH COLLEGE ON 21st MARCH, 1951.

The first Cup match of 1951 was played against Scotch College at Scotch. Dry, the opposing Captain, won the toss and sent us in to bat on a firm, well-grassed wicket.

Sanders and Taylor opened for the School and through careful methods brought the score to 36, when Taylor was caught and bowled by Gooch, who was bowling very accurately. At 44 we lost Sanders, who was bowled by Hill. Lodge then joined Hogue, and these two settled down to give a brilliant exhibition of stroke play, adding a most attractive 121 for the third wicket. Hogue contributed a valuable 65, and Lodge proceeded to 70 before being bowled by McLean. At 2.45 Lodge declared at 6 for 200, leaving Scotch 180 minutes to score the required runs.

Christian and Cruickshank opened for the School, and at 26 Cruickshank, bowling very well, secured Gooch's wicket. When Lodge dismissed Hill, Scotch were 2 for 38; the batting was slow, our opponents endeavouring to play out time. At 6.15 Scotch had lost 6 for 121, so the first Cup match ended in a draw.

Aquinas beat Guildford, so at the end of the first match we were in second position with Scotch.

Match abandoned because of rain.

HALE SCHOOL v. AQUINAS COLLEGE

Match abandoned because of rain.

FIRST ELEVEN v. MR. LOTON'S ELEVEN

The traditional annual match against Mr. Loton's Eleven was played at Herne Hill.

Mr. Loton, on winning the toss, elected to bat. Cruickshank and Brown opened the bowling. However, the openers were quite confident, but Cruickshank drew first blood when he bowled Cooper. The outstanding bowling for the School was done by Lodge, who bagged 6 for 49. Mr. Loton's Eleven compiled 129.

Sanders and Oldham opened for the School, but were not successful, and we found ourselves in the ticklish position of having lost our first three for 9. Sound batting by Lodge and Hogue retrieved our position somewhat and we were 4 for 40. Then Taylor and Turner came together and brightened the batting considerably, and School ended up with 153, the match ending in a 24-run victory for the School.

As per usual, the grapes and water-melon proved to be the centre of attraction. We would like to extend to Mrs. Loton our sincere thanks for providing such a tasty luncheon and afternoon tea.

The scores :—

Mr. Loton's Eleven 129 (Lodge 6 for 49, Cruickshank 1 for 8, Hogue 1 for 16, Oldham 1 for 26, Hislop 1 for 8). School 153 (Lodge 23, Taylor 44, Turner 30, Hogue 17).

DARLOT CUP

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT KING'S PARK ON WEDNESDAY, 7th NOVEMBER, 1951.

Conditions were almost perfect, with a slight south-westerly breeze.

Lodge won the toss and sent Scotch in to bat on an excellent wicket. Christian opened the bowling from the southern end, but Scotch's openers played very confidently, and Hale's first success came when Brown had Gooch caught behind by Monteath.

Dry joined Hill, and this pair added 53 in smart time before Hill was caught close in on the off-side by Lodge. Dry continued to bat very attractively, and he was eventually caught on the off-side by Hislop.

Scotch's next batsmen failed, and at lunch Scotch were 7 for 161.

Immediately after lunch Merritt struck success again when he bowled Carter with a good ball. Scotch's tailenders collected another 39 runs before Scotch were eventually dismissed for 200.

Hale started their innings at about 2.45 p.m. Sanders and Taylor opened very confidently to Hill's bowling. Sanders was first to go with the score at 19. Thornett joined Taylor, and after playing several nice shots went l.b.w. for 5.

Lodge and Taylor continued rather slowly, and at tea the score was 38 for 2 wickets. After tea, Hale was struck a serious blow when a misunderstanding resulted in Taylor being run out.

Monteath and Lodge played nicely, but Hale were still scoring very slowly and did not look capable of reaching Scotch's score by stumps. Monteath went with the score at 63 when he lofted a ball to mid-off.

Turner and Lodge became associated in a good partnership, and the 100 came up in 125 minutes. However, with the score at 104 Lodge was unlucky to be out l.b.w. for 47.

Turner was joined by Brown and this pair batted well until Turner was bowled with the score at 141. Hislop joined Brown but did not last long. Cruickshank and Brown played out time, and the match ended in a tame draw.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL PLAYED AT GUILDFORD ON SATURDAY, 10th NOVEMBER, 1951.

Johnson, of Guildford, won the toss and sent Hale in to bat on a very true wicket. There was quite a strong breeze blowing from the north-west, which did not assist the bowlers very much. Sanders and Taylor took strike to the only mediocre Guildford openers; neither appeared to be troubled, but they were not getting runs at a fast rate.

When Taylor was batting very confidently he snicked a ball and was well caught at the wicket for a well-compiled 18. Hale was one for 38.

Thornett joined Sanders and the pair batted very attractively until Sanders was bowled for a very patient 28, made in about 95 minutes.

Lodge joined Thornett and some bright cricket resulted. Lodge batted very attractively in his usual manner. Thornett was out in the last over before lunch for 17, and at lunch Hale were 3 for 99.

After lunch Oldham batted well until Lodge lofted a drive to mid-off and was well caught for a very attractive 48, again being unlucky not to reach his 50, and also his 1,000 runs in Darlot Cup cricket.

Turner and Brown did not last long, but Christian and Monteath stopped the rot and in a merry 15 minutes added 39 runs to take Hale's score to 7 for 193, when Lodge closed the innings.

Guildford was left nearly 3½ hours to get the runs. Christian opened the bowling for Hale, but the openers did not appear very troubled until Reynolds failed to cover a ball from Christian, and was caught close in on the leg side.

Merritt, from the other end, had immediate success when he found Clark in front of his stumps; a little later he bowled

McDermott, and Guildford were 3 for 14. Johnson and Gray kept going until Johnson was caught and bowled by Lodge. Guildford continued to bat quietly, and at tea they were 4 for 42.

The tea interval did not unsettle the batsmen, and Guildford's next wicket fell at 63, when Merritt bowled Gray. Guildford were definitely in trouble, but with Mitchell monopolising the strike, Lodge had to make quick bowling changes in an effort to unsettle the batsmen.

Sherwood and Mitchell took the score to 94, when Sherwood was caught by Lodge off Christian.

None of the remaining batsmen scored very much, but the Hale bowlers just failed to get the last man in the last few minutes of play, and were only able to draw the match. Mitchell is to be congratulated on the manner in which he kept an end going, and therefore was able to force a draw.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT AQUINAS ON WEDNESDAY, 14th NOVEMBER, 1951.

Scahill, of Aquinas, won the toss and sent Hale in to bat on a very hard wicket.

Sanders and Taylor took strike to the bowling of Scahill and Fogarty. Runs came slowly, although neither batsman appeared to be troubled. Hale's first wicket fell when Sanders missed a ball and was stumped. Thornett joined Taylor, but did not last long, and Hale were 2 for 20. Lodge joined Taylor and they began a promising partnership, which ended at 47 when Taylor was caught behind for 10. Oldham and Lodge carried the score to 65, when Lodge was bowled for a very attractive 32, which gave him 1,000 runs in Darlot Cup Cricket.

Oldham was out with the score at 68, and Hale were in a very bad position. Turner, Monteath and Brown were out by the time the score had reach 82, but Christian and Hislop added a very valuable 17 for the ninth wicket and retrieved the position a little. However, Hislop and Merritt both got out with the score at 99, and Hale didn't look safe with only 99 runs on the board.

Aquinas began their innings at 12.25 p.m., needing only 100 runs for victory. Christian and Merritt opened the bowling, but the openers did not appear unduly worried until Christian bowled Houghton in his third over. Merritt from the other end had the first wicket batsman caught in the gully by Sanders, and Aquinas were 2 for 18.

Merritt had further success when Cullity, after several lives, was caught by Monteath, and at lunch Hale were right on top with the score at 3 for 31.

Immediately after lunch Christian bowled Fogarty and Aquinas were 4 for 33. Scahill and Smith took the score to 60 when Christian had Smith caught by Lodge. Merritt bowled Scahill and had Major caught in the gully by Sanders, and Aquinas were 7 for 58.

Lodge made his first bowling change and brought Oldham and Brown into the attack. Brown took the remaining three wickets for no runs from 10 balls, and Aquinas were all out for 75, being defeated for the first time this year.

Christian and Merritt are to be congratulated on their brilliant bowling performances, backed up by extremely keen fielding. It is of interest that Hale went through the year undefeated, but had to congratulate Aquinas on their winning the Darlot Cup.

Hale batted a second time, and at stumps they had lost four wickets for 80 runs.

FIRST XI, 1951

Only five members of last year's successful XI returned to School and the vacancies were filled by youngers boys from Third XI. The policy proved both wise and successful, as the XI moulded itself into a very strong batting side in which every member scored runs in many matches. The fielding was excellent and consistent throughout the year. The bowling was not strong unless G. Christian, the express bowler, struck form, but a "find" was made in J. Merritt, who played only in the last three matches to take 11 wickets for 92.

The highlights of the successful year were the side's unbeaten record; A. Lodge's captaincy and his remarkable achievement in scoring 1,000 runs in Darlot Cup matches to join the select band of A. Edwards, F. Bryant and E. Bromley; and G. Christian's bowling.

CRITIQUE

- A. O. LODGE (Captain).—Fulfilling his undoubted promise as a star of the future. Did an excellent job as Captain. An excellent field and handy spin bowler.
- G. H. CHRISTIAN (Vice-Captain).—Unfortunately his Athletic programme prevented him from coming to his top until late in the season. Will undoubtedly develop into a star fast bowler and all-rounder. A splendid slip field.
- J. P. MONTEATH.—Stylish and forceful bat and on his day a very promising wicket-keeper.
- I. R. OLDHAM.—Now that he is using his feet he is developing into a sound bat. Is a useful change bowler and certain in the field.
- C. F. BEDFORD-BROWN.—Very good free, forceful bat, proving a good opening bowler with the new ball. Excellent fieldsman.
- B. S. SANDERS.—Stolid opening bat, but is learning to make forceful strokes with good results. Safe, but rather slow fieldsman.
- J. V. TAYLOR.—Opens the batting with Sanders. Has a very sound defence, and a very good variety of scoring shots. Improving in the field.
- I. G. HISLOP.—Overcoming his illness of last year, has developed into a clever spin bowler. With more use of his feet he could become a useful all-rounder. Very slow in the field.

- P. B. TURNER.—When develops physically a potential star bat. Is improving as a fieldsman.
- G. A. CRUICKSHANK.—With perseverance has become a useful opening bowler with the ability to swing the new ball. An attractive and hard-hitting batsman when he gets going. Inconsistent in the field.
- J. A. MERRITT.—During Third Term bowled extremely accurately and successfully. Should become a good all-rounder, but at present a little awkward in the field.
- M. L. THORNETT.—Made his debut Third Term, and has promising talent for next year. Will have to improve in the field.
- D. R. HOGUE.—Unfortunately left at the end of the First Term, after playing a splendid innings of 65 against Scotch. Brilliant in the field.

FOOTBALL NOTES, 1951

The 1951 season opened with a match against the visiting Melbourne Grammar team. Although our boys battled hard, there was never any doubt as to the eventual outcome of the match. The final scores were : Hale 1.3 (9 points) ; Melbourne Grammar 24.27 (171 points).

From our team Christian, Jack, Lodge, and Morrison were selected to play in the Combined Schools team, which beat the Melbourne Grammar team 6.8 (44 points) to 5.8 (38 points). Morrison, of Hale, and Akkermans, of Aquinas, received the Perth Football Club Trophy donated for the best players in the combined side.

ALCOCK CUP

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT SUBIACO OVAL, JUNE 20th.

With rain falling, the ball soon became very greasy, and the standard of play suffered as a result. Guildford wasted no time in settling down and soon had scored two goals. Hale, on the other hand, were slow to become acclimatized and allowed Guildford to take command of the game for most of the quarter.

Quarter-time Scores : Hale 0.1 (1 point), Guildford 2.5 (17 points).

Hale played a better game in this term, but unfortunately let half the quarter elapse before making the first major score, when Lodge goaled. The back line was not playing as well as it might. Consequently Guildford scored another goal.

Half-time Scores : Hale 1.4 (10 points), Guildford 3.5 (23 points).

Guildford went into attack and soon added a further three goals to their score. Hale still failed to find any system. Again Lodge was the only goal scorer. By this time it was apparent that Jack and Monteath had found their positions at centre and full-back. Also Christian and Lodge were rucking and roving well together.

Three-quarter Time Scores : Hale 2.5 (17 points), Guildford 6.6 (42 points).

The final quarter saw Hale fighting back hard. The backs played well and held Guildford down to three points, but the

forwards allowed many attacks to be repulsed. Again Lodge, who played an excellent game and who was easily Hale's best, was the only goal-kicker. Guildford, who were superior in handling the greasy ball, ran out winners by 6.9 (45 points) to 3.7 (25 points).

Best Players : Lodge. Jack, Christian, F. House, Monteath, Morrison.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT W.A.C.A., JUNE 27th.

Conditions were almost ideal, with a slight breeze favouring the eastern end of the ground. Hale was first off the mark and scored a behind. Aquinas replied with a goal. Hale was defending ably, but Aquinas continually broke through. Early in the quarter misfortune struck Hale when Morrison (Hale's centre-half-back) had to leave the field, to be followed a little later by Chappell, who received a very bad knock while flying for a mark.

Quarter-time Scores : Hale 0.1 (1 point), Aquinas 4.6 (30 points).

Hale renewed their efforts and drove forward for Lodge to goal. A little later, when Cruickshank goaled, Hale began a great fight back. Another good passage of football resulted in a goal through Christian. Although Aquinas continued to play excellent football and added three goals, the spirit of the Hale team did not weaken. Lodge narrowed the gap between the two scores when he scored the fourth major late in the quarter.

Half-time Scores : Hale 4.3 (27 points), Aquinas 7.10 (52 points).

Although Hale scored only one behind during this quarter, they did a remarkably good job to keep Aquinas down to one goal. Jack, at centre, was playing extremely well, and Christian and Lodge were combining well. Hale attacked persistently during the quarter but the Aquinas backs cleared repeatedly.

Three-quarter Time Scores : Hale 4.4 (28 points), Aquinas 8.15 (63 points).

In the final quarter Hale came again for Lodge to goal. Shortly afterwards Cruickshank marked and kicked truly. Jack, at centre, was doing a great job, but Hale felt the loss of Chappell and Morrison. Although Christian snapped an excellent goal late in the quarter, Hale could not catch Aquinas, who won by 31 points.

Final scores : Hale 7.6 (48 points), Aquinas, 10.19 (79 points).

Best Players : Jack, Christian, Lodge, Monteath, F. House, Oldham, A. House.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT CLAREMONT OVAL, JULY 4th.

From the bounce Scotch went into attack and registered a goal. The Hale backs were defending ably, but the forwards continually broke down. Scotch continued to attack throughout the quarter, while Hale could manage only one behind.

Quarter-time Scores : Hale 0.1 (1 point), Scotch 3.3 (21 points).

The second quarter opened brightly for Hale, for, after some good passages of football, Brown and Cruickshank put goals on the board. Hale had the ball in their forward lines for most of the quarter, but did not take advantage of their opportunities and kick goals. Scotch, with a very strong goal-to-goal line, soon regained the ascendancy.

Half-time Scores : Hale 2.2 (14 points), Scotch 5.6 (36 points).

Early in the quarter Scotch increased their lead, while Hale was having difficulty in crossing the half-forward line. Hale was getting great drive from Christian and Lodge in the ruck and Jack at centre, but were unable to use it to advantage. Monteath and Randell continually kept Scotch out with long driving kicks. As Hale failed to score during the quarter, the match was now very much in Scotch's favour.

Three-quarter Time Scores : Hale 2.2 (14 points), Scotch 8.11 (59 points).

Jack moved to centre half-forward to give more drive to the attack. Almost immediately he goaled. Lodge, roving extremely well, also goaled for Hale. Hale again had the ball in their forward area for most of the quarter but the forwards were too crowded. Throughout the game Monteath, Randell and Camm, in the back line, combined well to break up many Scotch moves. Scotch eventually ran out winners by 39 points.

Final Scores : Hale 4.2 (26 points), Scotch 9.11 (65 points).

Best Players : Lodge, Christian, Jack, Camm, Randell, Monteath, Merritt.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT BASSENDEAN OVAL, JULY 18th.

Conditions were quite good, with a slight breeze favouring the eastern end of the ground. Hale attacked immediately, and Morrison goaled within the first minute of play. The ball travelled up and down the ground for most of the quarter without either team scoring. Consequently a rather scrumbly quarter ended with Hale eight points in front.

Quarter-time Scores : Hale 1.3 (9 points), Guildford 0.1 (1 point).

Midfield play continued for about ten minutes until a good passage of football resulted in a goal to Hale through F. House. Guildford registered their first goal during this quarter. Lacking dash, Hale failed to make the most of their opportunities. The back line was playing extremely well, with Monteath and Randell combining together to break up many Guildford attacks.

Half-time Scores : Hale 2.4 (16 points), Guildford 1.3 (9 points).

Hale drove forward and Lodge soccered full points. In some passages of good football, Guildford, who were attacking consistently, added three goals. Late in the quarter Morrison regained the lead for Hale with a goal. Hale was playing good football in patches, but their system was astray. Taylor, on the wing, was playing good football to put the side continually into attack.

Three-quarter Time Scores : Hale 4.6 (30 points), Guildford 4.5 (29 points).

Things brightened for Hale when Lodge goaled immediately after the bounce. However, in a short time Guildford retaliated. Both teams struggled for the ascendancy. Prater kicked true from the pocket, but Guildford came again. The ball travelled up and down the ground until Guildford took the lead when they goaled as the bell rang. Hale suffered another misfortune when Jack fell and broke his thumb.

Final Scores : Hale 6.8 (44 points), Guildford 7.8 (50 points).

Best Players : Monteath, Randell, Lodge, Taylor, Anderson, F. House, Jack, Oldham.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT SUBIACO OVAL, JULY 25th.

Having won the toss, Aquinas elected to kick with the wind. For some time neither side could gain the upper hand. Although numerous attacks were repulsed by our backs, who were combining well, Aquinas broke through and scored three quick goals. Hale attacked but could only manage points.

Quarter-time Scores : Hale 0.2 (2 points), Aquinas 3.2 (20 points).

With the start of the quarter a hard battle began. Christian, Lodge and F. House were combining well in the ruck. Hale soon goaled through the agency of Morrison. This was followed by a goal from Slee, who shot from a very difficult position. Lodge followed with a minor. Aquinas came again and scored two goals. With Aquinas' back-line too powerful, our forwards failed to break through and the quarter concluded with Aquinas 19 points in the lead.

Half-time Scores : Hale 2.3 (15 points), Aquinas 5.4 (34 points).

Soon after the bounce Aquinas drove the ball into their forward line and goaled. Our defence now crumbled under the impact of their onslaught of fast, determined, vigorous football, so that Aquinas had gained an unassailable lead of sixty-five points by the end of the third quarter.

Three-quarter Time Scores : Hale 2.3 (15 points), Aquinas 12.8 (80 points).

Rallying, our boys scored a behind, but Aquinas, still with the initiative and maintaining their third-quarter form, went further ahead to gain an easy victory by 16.12 (108 points) to 2.4 (16 points).

Best Players : Lodge, Christian, F. House, Monteath, Thomas, Oldham.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL, AUGUST 1st.

Hale had first use of a very strong breeze favouring the city end. Taking the ball from the bounce, Scotch scored a goal. Hale then drove forward and a good passage of football ended with a goal through Lodge. Hale again forced the ball forward, and Barriskill, after picking up from a pack, snapped Hale's second. Shortly afterwards, after receiving a free kick, Howe

Back Row : T. J. Prater, R. P. Camm, J. F. O'Meehan, R. A. R. Slee, G. L. Wheatley, J. V. Taylor, J. H. Howe.

Middle Row : P. R. Anderson, J. A. Merritt, D. G. Chappell, B. L. Thomas, M. G. McCall, D. D. Barriskill, G. A. Cruickshank, C. F. Bedford-Brown, I. R. Oldham.

Front Row : F. O. House, J. P. Monteath, G. H. Christian, A. K. House (Captain), Mr. V. A. Fisher, J. B. Morrison (Vice-Captain), A. O. Lodge, N. D. Jack, O. P. Randell.

goaled. If the Hale backs had prevented Scotch, who were doing extremely well against the wind, from scoring during this quarter the final result may have been reversed.

Quarter-time Scores : Hale 3.3 (21 points), Scotch 2.1 (13 points).

Although Scotch took advantage of the wind and attacked consistently, the Hale backs did remarkably well to keep the opposition down to four goals. As the ball rarely reached the half-forwards, Hale did not score during this quarter.

Half-time Scores : Hale 3.3 (21 points), Scotch 6.7 (49 points).

Hale failed to take immediate advantage of the wind as they did in the first quarter, so that it was not until over half-way through the quarter that Lodge kicked Hale's fourth major. A period of forceful play followed, in which neither side was able to score, and the quarter ended with Scotch still 20 points in front.

Three-quarter Time Scores : Hale 4.5 (29 points), Scotch 6.7 (43 points).

The last quarter was hard, with both sides using their weight freely. Holding the ball on the non-scoring wing throughout the quarter, Hale crowded and hustled the Scotch forwards. As Scotch, a strong combination, had the advantage of a strong breeze, our boys did well to hold them down to one behind, and must be congratulated for playing such a hard-fought, rugged game against a much superior team.

Final Scores : Hale 4.5 (29 points), Scotch 6.8 (44 points).

Best Players : Lodge, F. House, Christian, Morrison, Monteath, Randell.

SECOND EIGHTEEN

Meeting with some success, the Second Eighteen, again a young team, had a good season. The team showed considerable improvement in the second round, when it did well to defeat Scotch. Keep it up next season, Seconds !

HOUSE FOOTBALL

The standard of football during these matches was again very high. During the matches it was pleasing to see numerous boys from lower grades show ability. For this reason the matches

should be played at the beginning, in preference to the conclusion, of the season.

FIRST ROUND

School House defeated Buntine, 4.12 to 0.3.

Wilson House defeated Faulkner, 13.10 to 0.1.

SECOND ROUND.

Buntine House defeated Faulkner, 12.7 to 2.3.

School House defeated Wilson, 4.9 to 0.3.

As a result of these matches the positions are : School 1st, Wilson 2nd, Buntine 3rd, Faulkner 4th.

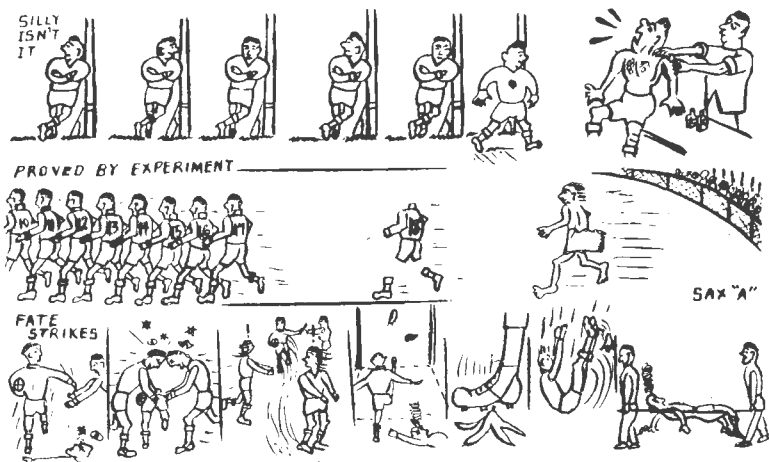

CRITIQUE

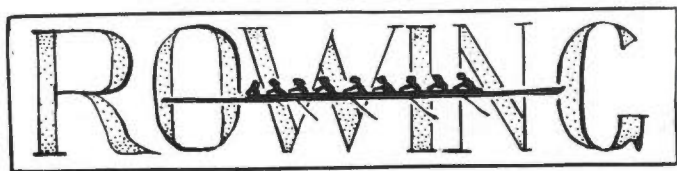

Despite the fact that the team did not win a match, some of their football was of a very high standard. In several matches, especially against Aquinas and Scotch, the boys showed the utmost courage, and with a little more stability in the forward lines could quite easily have finished much higher on the list. A very pleasing feature was the fact that the younger members of the team were regularly among the best players, which augurs well for the future.

- A. K. HOUSE (Captain)—A rugged and determined defender, whose game improved as the season progressed. Ably fulfilled his duties as Captain.
- J. B. MORRISON (Vice-Captain)—Had a very good season. Played well in defence and attack. Would improve his game if he could learn to kick and turn on left foot.
- A. O. LODGE—Is a clever footballer with an excellent left foot turn and kick. Roved well, and was always a danger near the goals.
- G. H. CHRISTIAN—Rucked tirelessly and powerfully throughout the season. His pace and vigour made him very difficult to counter.
- N. D. JACK—Played excellent football at centre. Has the attributes of a really outstanding footballer.
- J. P. MONTEATH—As a full-back he was outstanding. His marking and clearing dashes were features. Still needs to strengthen his kicking.
- O.P. RANDELL—The ideal back pocket player. Sound marking, good kicking, and strong clearing dashes were features of his play.

- F. O. HOUSE—As a result of determined practice, this player became one of the leading members of the team. Plays intelligent and effective football. Foot-passing needs attention.
- R. P. CAMM—An awkward but determined footballer, who rarely let us down. His marking was very sound; ground play fair. Kicking defied all rules and regulations.
- B. L. THOMAS—Gave some quite good displays at half-back towards the end of the season. He is far too slow at delivering the ball, however.
- J. TAYLOR—Came from the seconds to play very good football as a wing-man. With more size and pace, should become a leading player next year.
- I. R. OLDHAM—Another player who should do well next year. Gave good service on the wing. His game needs more dash and vigour.
- J. F. O'MEEHAN—Is a good footballer who lacks the physique as yet. Must learn to grip the ball more firmly when going through.
- D. D. BARRISKILL—Showed marked improvement towards the end of the season. Must speed up his game and learn to dispose of the ball more quickly.
- R. A. R. SLEE—Leads well, and is a fairly reliable kick. Should get goals if the ball is delivered to him properly. Must learn to turn in more quickly.
- P. R. ANDERSON—Perhaps the most improved footballer in the team. Through sheer determination and application, forced his way into the team and gave good service.
- M. G. McCALL—His height made him an effective ruckman. In later games he played more vigorously and improved his kicking.
- J. A. MERRITT—Although his style is still too stiff, he should develop into a very useful ruckman. Needs to place the ball further out in front of his body when drop-kicking.
- J. H. HOWE—A clever footballer, whose size was against him. Always a danger around the goals.

- D. G. CHAPPELL—Was unfortunate to receive two very serious injuries which kept him out of most matches. A courageous player, who considerably strengthened the team in the matches he played.
- G. CRUICKSHANK—A good mark and kick, but lacked the pace and vigour necessary when going for the ball.
- C. F. BEDFORD-BROWN—A very good high mark and left-foot kick, who played some good games. Must go for the ball with more determination, however.
- T. J. PRATER—Should be an effective player next year. Has an excellent kick, and is generally sound in most departments of the game.
- G. L. WHEATLEY—A left-foot kick who is starting to use his turn and weight well. His marking needs improving.

THIRD TERM, 1950

After the Interschool Athletic Sports were held, about a dozen boys attended the University Boatshed three days a week, Mr. Johns arranging for crews to go out in the practice eight.

An exciting event was the swamping of the practice boat just off Crawley Baths in rough waters. The boat was towed around the Baths while the crew kept it off the boundary piles. It was being turned over and emptied in shallow water just as an agitated Mr. Johns appeared on the bank. There are no casualties to report.

Towards the end of the term Dave Chappell drove eight boys and Mr. Rosser up to Belmont to collect a new racing eight from the builder. It was rowed down to the University Boat Club for storage.

This eight was the second of a series of new boats to be added to our fleet as a result of a recent appeal for funds to buy more equipment. The rowers take this opportunity to thank those whose money has materialised in the form of these boats for their recreation.

FIRST TERM, 1951

Training started promptly at the beginning of the term. Many new rowers attended the boatshed.

There was a further influx of newcomers after the Interschool Swimming Sports, as well as several veteran oarsmen on the swimming training lists. Training for the first eight now started in earnest, the selected crew going for long rows with Mr. Rosser six days a week.

The composition of the first eight and the four was almost certain from the beginning of training, but there were many claimants for seats in the second eight, and this crew was not finalised until a week or two before the race.

Half way through the term the first crew commenced to row in the "Gladys Craig," and the second crew in the new eight. The four rowed in a new shell, which became available during the term. This crew, a keen combination, was again coached by Mr. Bond. They were registered with the Maylands Rowing

Club and won the event for Novice Fours at an inter-club regatta a few weeks before the Interschool Boatraces; there were eleven crews in this race.

The second eight was coached again by Mr. Pat Trouchet, who did a fine job turning what was a very ragged and inexperienced crew into the fine combination which showed its mettle on the day of the race.

For almost the entire period of training, no speedboat was available for the coaches. However, the crews gained valuable experience by pacing the State eight and University crews.

As usual, the crews were backed up by Mr. Johns, who, coming down every training day to the sheds, taught newcomers to row, and held meetings at School to induce more boys to take up rowing.

The Head of the River races were held on Saturday, 21st April.

FIRST EIGHT—D. G. Chappell (Stroke), R. B. Wood (7), A. G. Rosser (6), J. B. Morrison (5), J. Y. Langdon (4), R. L. St. L. Chase (3), A. K. House (2), I. R. Brandenburg (Bow), T. J. Prater (Cox).

SECOND EIGHT—D. D. Barriskill (Stroke), K. B. Yelland (7), H. R. Holland (6), F. O. House (5), A. J. Simmons (4), M. G. Nixon (3), T. H. Reynolds (2), J. Glendenning (Bow), K. Kirkby (Cox).

THIRD CREW (FOUR)—J. B. Temby (Stroke), R. Hale (3), F. R. Clapin (2), G. L. Wheatley (Bow), I. A. Barron (Cox).

OLD BOYS' EIGHT—F. Slee (Stroke), R. White (7), R. Pearse (6), J. Hunt (5), P. Lowe (4), T. Poutsma (3), A. Anderson (2), P. Payne (Bow), E. Arney (Coach and Cox).

Details of the minor races :—

The Four, after fighting for the lead with Aquinas in the first part of the race, eventually drew ahead to win by one and a half lengths. Guildford finished in third position, and Scotch was fourth.

The Second Eight was in front for almost the whole race, and finished over a length ahead of Guildford, Scotch and Aquinas coming third and fourth.

The Old Boys' crew led until they passed the Brewery, when they were overtaken by the powerful Aquinas crew. They finished strongly in second place, half a length behind the leaders. Scotch was third and Guildford fourth.

ROWERS' ASSEMBLY

On Friday, the 20th of April, a Rowers' Assembly was held. The Rowers, in blazers, sat at the front of the hall. The Coaches

of the three crews were present, and the Headmaster, on behalf of the School, wished the Rowers the best of luck on the following day, and thanked the Coaches for all the time they had spent in training the boys.

Mr. Prater again presented three new brightly-painted megaphones to the coxes, one of whom was his own son, "Jacky."

Mr. Rosser, the popular Coach of the First Eight, came again to our assembly on the Monday after the race, and congratulated the crews on the fine performance they had given.

ROWERS' DANCE

The Rowers' Dance was held at the University Boatshed on the night after the races. An excellent supper was provided by parents and friends, and this, with a good dance band and the atmosphere of victory resulting from the day's triple win, made the dance a great success.

Present were the Senior boys of the School, with partners, the Headmaster, Mr. Johns, Mr. Rosser, Mr. Trouchet, Mr. Bond, members of the Staff, parents and friends.

The First Eight presented Mr. Rosser with a tray, and Dave Chappell thanked him for all he had done, not only for the first crew, but for the Rowers generally. Similar tokens of regard were presented to Mr. Trouchet and Mr. Bond by the Second Eight and the Four, respectively.

As the School had won the three most important races of the day, a feat not before achieved in W.A., more hot air than usual was poured forth by those who made speeches. However, nobody was gassed, though it was noted that several couples adjourned to less populous spots in and around the sheds, presumably to inhale air containing a lower percentage of carbon dioxide.

The dancers dispersed reluctantly just after midnight.

On the strength of our win, Mr. Brandenburg paid for a dinner with all the trimmings at a city hotel for members of the First Eight and partners. After the dinner the party went to a film. Everybody enjoyed himself (or herself).

The Annual Swimming Sports were held at Crawley Baths on Thursday, February 22nd. The weather was overcast and was not conducive to fast times. However, some good times were registered.

O. M. Williams swam exceedingly well to be School Champion, winning the 100 metres, 400 metres and the backstroke. Runner-up was P. S. Jordan.

In winning the 100 metres, 200 metres and the breaststroke, W. R. Serventy was the Under 16 Champion, with D. P. Reid as runner-up.

Mr. Altorfer and his Committee are to be especially thanked for their efficient organising and handicapping.

Although points were allotted last year, the House system really came into force at these sports. With this it is hoped that the standard of swimming will improve throughout the School.

Final House points were :—

 INTERSCHOOL SWIMMING

The Interschool Swimming Sports for 1951 were held at Crawley Baths on March 10th.

Guildford Grammar must be congratulated on their fine win. Possessing a strong, well-balanced team, they secured an early lead and sustained it throughout. However, there was a keen tussle for the minor places, and at the finish of the sports fourteen points separated the last three schools.

The final points were :—

	Points.
Guildford Grammar School	132
Aquinas College	100
Scotch College	90
Hale School	86

Heartiest congratulations must go to Morrice Williams. He swam exceptionally well in the 100 metres, 400 metres and the backstroke, gaining most points in the Open Division.

W. R. Serventy swam well in the under sixteen 200 metres and open 100 metres and 400 metres.

A. G. Rosser swam well to fill second place in the open backstroke.

B. D. Randell did well to fill second place in the under 15 breaststroke, while J. A. Merritt filled third position.

Peter Anderson is to be congratulated on his appointment as Captain of Swimming, 1951.

Our sincerest thanks go to Mr. Altorfer and Mr. Oliver for their untiring efforts in the coaching of the team.

ATHLETICS

Training was again held at the James Oval, University, where the prospective Interschool team trained. Mr. Frank Bird, who trained us last year, had accepted an appointment in Melbourne, and the School acquired the services of Mr. Cyril Norman, a one-time athlete himself and Manager-Coach of the 1946 W.A. team.

Mr. Corr again managed the team, and assisted Mr. Norman with his work. Our thanks go to them, also to Mr. K. Allen, who coached the shot-putters.

Colds and injuries caused a little more anxiety this year than usual, Baxter, who injured his knee, causing us most worry.

The rest of the School trained at the School Grounds under the guidance of the Masters, and undertook trials by which they earned points for their House according to their ability.

The results of the inter-House competition were :—

John Cruickshank was again Captain of Athletics.

SCHOOL SPORTS

The School Sports this year were held at the Perth Oval on Thursday, 12th October, and were attended by quite a large crowd of spectators.

Conditions were excellent and a light sea breeze sprang up in the afternoon. In general, the boys lacked condition and, owing to that and the heaviness of the track, very few fast times were recorded.

John Bedford-Brown was Champion Athlete for 1950, and is to be congratulated on his excellent performance in the 220 yards, in which he equalled the present record. J. F. Cruickshank was runner-up.

Congratulations also go to T. C. M. Senior, who set up a new record in the shot-put of 38 feet 10½ inches.

The Under-age Champions were : Under 16, M. G. McCall; under 15, C. Baxter; under 14, J. Harris; and under 13, D. Christian.

INTER-SCHOOL SPORTS, 1950

The 46th Annual Interschool Sports were held at the W.A.C.A. on Saturday, 28th October. Conditions were excellent, though there was a slight sea breeze all day.

The competition was keenly contested, and proved very close. However, again we had to lower our colours to the superior efforts of the three other schools.

Guildford's team proved the strongest and again carried off the Alcock Shield.

Three records were broken: the Shot Put, by R. Schuler, of Guildford; the Under 14 Relay, by Aquinas; and the Open Relay, by Guildford.

Congratulations to these boys, and to P. Johnson, of Aquinas, who was Open Champion Athlete.

The Final Points were :—

	Points.
Guildford	229
Aquinas	212
Scotch	180
Hale	139

In regard to our team, our under-age was fairly strong, but our Open was again weak. This was partly due to the fact that most of them were in their first year open. We therefore should do well next season.

Most successful were : J. Cruickshank, C. Bedford-Brown, and C. Baxter, each of whom gained a first place. Congratulations to these boys.

LIBRARY NOTES

A selection of novels by well-known authors is now included in the Library, for the use of Sixth Formers.

The following were chosen as Librarians for 1951 : Hamersley, H. de H.; Twine, B. G.; Parks, S. J.; Kellam, L.A.; Procter, A. D.; Serventy, W. R.; Hart, R.

ATHLETICS

1951

This year the School was very fortunate in engaging Mr. John Liebrechts, who, by his hard work and enthusiasm, inspired a fine team spirit, bringing everyone up to tip-top condition on the day of the sports.

Training started in July for enthusiasts. Enthusiasm, in fact, was much more general throughout the whole School this season. This was due mainly to the standard trials and the inter-House competition, the results of which were as follows :—

	Sports.	Standards.	Total
1st—FAULKNER	135.8	61.3	197.1
2nd—SCHOOL	113.3	78.1	191.4
3rd—WILSON	114	76.2	190.2
4th—BUNTINE	90.5	86.8	177.3

Thanks go to the Masters who supervised the training and trials at the King's Park Grounds, and to Mr. Corr, who once again managed the interschool squad at the University James Oval.

The Captain of Athletics this year was G. H. Christian, who set an excellent example to the team, both in training and on the sports day.

SCHOOL SPORTS, 1951

The sports were held on 27th September at the W.A.C.A. Grounds and were attended by many parents and friends.

Though the day was bright and sunny, heavy rain the day before caused the track to be heavy in parts. A westerly breeze sprang up after lunch, slowing times up considerably.

The Bedford-Browns are to be congratulated on their brilliant performances. John won the 100 and 220 yards (the latter in record time), the 120 yards hurdles, and the long jump, and was Champion Athlete. Clive gained the open high jump record. G. H. Christian was runner-up Champion.

A feature of this year's sports was the great number of entries for every event. So many were there that the 100 yards handicap heats had to be held earlier. The Under 16 Champion was E. Powell; the Under 15, J. Harris; the Under 14, R. Turkington; and the Under 13, B. Harewood.

INTERSCHOOL SPORTS

The "Inters" were held at the W.A.C.A. Grounds on 20th October. Excitement was running high, for we thought that this year we had a winning team. Unfortunately, owing to sickness, four runners, McCall, Reynolds, Turkington, and Butts-worth, were unable to run.

The weather was fine, though the ground was slow owing to heavy rains the previous day.

By the end of the morning Hale was in the lead, and held it until, in the middle of the afternoon, Aquinas overtook us. The lead changed hands several times, and with good points in the last three events Aquinas ran out winners by 30 points. We congratulate Aquinas on their well-earned win.

G. H. Christian was Open Champion by his wins in the 100, 220 and 440 yards sprints and his second in the Shot Put. J. P. Bedford-Brown was runner-up champion; won the hurdles and long jump, and was second in the 100 and 220 yards.

The efforts of these two boys secured us many points. We congratulate them, and also Clive Bedford-Brown on his win in the high jump.

Congratulations also to the rest of the team for the very good fight which they put up. Determination was one thing that we were not lacking on the day.

The total scores were :—

	Points.
AQUINAS	260½
HALE	230½
SCOTCH	200½
GUILDFORD	68½

JUNIOR SCHOOL NOTES

JUNIOR SCHOOL PLAYS

The Junior School Dramatic Society presented three plays and a musical revue in the School Hall on 29th and 30th September. On both nights the budding young actors played to a full house, and the show was greatly enjoyed by the two packed houses.

The first three plays were very successful, and great credit is due to the producers, Miss Green, Mrs. De Rouffignac and Mr. Longley.

The last item on the programme was a Revue produced by Mr. Wilson and Ron. Several songs were presented by members of the Junior School, and the audience seemed to enjoy the Revue as much as did the boys themselves.

Those who took part during the evening were :—

Allen, R.	Gracie, N.	Nattrass, P.
Anderson, R.	Green, B.	Officer, R.
Barr, J.	Harris, J.	Peploe, R.
Beech, M.	Haesler, M.	Prater, C.
Bessell-Browne, J.	Hodby, D.	Peet, L.
Bevins, I.	Hodby, K.	Pennefather, J.
Brandreth, M.	House, A.	Raper, G.
Brown, D.	House, P.	Rosser, J.
Buhler, R.	Hunt, D.	Scott, T.
Cannon, D.	Hutchinson, D.	Sutherland, T.
Carmichael, J.	Isaac, E.	Sutherland, L.
D'Arcy, T.	Jeffercy, A.	Stawell, T.
Dorrington, J.	Jones, W.	Thompson, B.
Downing.	Kopke, P.	Thorne, D.
Durston, D.	Leeder, S.	Taylor, D.
Evans, R.	Lefroy, G.	Venn, K.
Evans, S.	Le Plastrier, R.	Wager, G.
Farmer, D.	Lilleyman, R.	Wallace, J.
Fletcher, B.	Linton, R.	Wilson, R.
Finlay, R.	Moore, K.	Williams, S.
Foulkes-Taylor, A.	Miles, W.	Woodroffe, D.
Foulkes-Taylor, W.	Mitchell, R.	Woodward, R.
Friend, G.	Morgan, R.	Wood, N.
Gordon, D.	Morrell, B.	
Good, P.	Negus, J.	

Mr. Mill once again handled the business side and Mr. Drake the erection of the stage. Without their help and the help of many others who provided property, the evening would not have been such a great success.

JUNIOR SCHOOL DRAMATIC SOCIETY, 1951

On Friday and Saturday, 10th and 11th August, the Junior School Dramatic Society presented three plays and a number of musical items. Both evenings were an outstanding success, the standard being well above that of previous years.

The plays, "Three Bad Boys," "Peter, the Pied Piper," and "The Golden West," were produced by Miss D. Green, Mrs. U. de Rouffignac and Mr. F. Longley, respectively.

The musical items were produced by Mrs. A. C. Haesler, and the accompanist was Mrs. Beecroft. The Business Manager was Mr. M. W. Mill, and the Stage Manager Mr. L. Drake.

Congratulations on a good effort, Junior School.

HOCKEY

Early in the second term the School had a visit from Mr. Colin Hicks, from the Old Haleians' Hockey Club, who wished to start a hockey team of boys at present attending the School who would provide young blood for the O.H.H.C. on leaving School.

A team was duly formed, which played in the second round of the competition in the Junior 2 Grade. Naturally enough, the team's first efforts were characterised by keenness rather than skill, but, with three more experienced players, in J. Daniel, S. Deykin and J. Langdon, as a nucleus, the team improved, and towards the end of the season showed some promise. It is to be hoped that the game in the School will not lapse but that all non-footballers next year will take up hockey as an alternative winter sport and that the School may be able to have two teams in the competition.

In addition to those matches played in the Association competition, several enjoyable social matches were played against St. Hilda's, P.L.C. and Perth College.

The following are the results of the matches played :—

- v. Presbyterian Fellowship Association. Lost. 1—2.
 - v. Perth. Lost. 0—1.
 - v. Christ Church. Lost. 1—4.
 - v. Y.A.L. Drawn. 1—1.
 - v. Modern School. Lost. 1—4.
 - v. Leederville Technical School. Lost. 0—7.
 - v. Wesley College. Lost. 1—4.
 - v. Fremantle. Won. 4—0.
 - v. Christian Brothers' College, Perth. Drawn. 1—1.
 - v. Presbyterian Ladies' College. Won. 3—0.
 - v. Presbyterian Ladies' College. Lost. 2—5.
 - v. St. Hilda's. Won. 1—0.
 - v. St. Hilda's. Lost. 1—2.
 - v. Perth College. Lost. 2—3.

SCIENCE NOTES

The following were elected Laboratory Cadets at the beginning of the year :—Barron, I. A.; Haynes, J. E. F.; Kellam, L. A.; Chase, C. C.; Thornett, M. L.

Garland, R. V., and Cumpston, N. G., were Senior Laboratory Cadets.

LIFE-SAVING, 1951

The Interschool Life-saving Competition for the Law Society Shield was held at Claremont Baths on Saturday, 31st March.

Despite the poor conditions, good times were recorded, and the Hale School "A" team emerged victorious for the second year in succession. They won from Modern School and Wesley College.

The fastest time for the day was swum by W. R. Serventy, in 116 seconds.

The "A" team consisted of O. M. Williams (Capt.), B. D. Randell, W. R. Serventy, N. E. A. Johnson; and the "B" team N. A. Morlet, M. H. Wainwright, D. P. Reid and M. J. Rosier.

Much credit for the team's fine performances is due to Mr. Altorfer and Mr. Percy Oliver, the trainers, and our thanks are extended to them for their valuable work.

The boys also are to be congratulated on their fine efforts, and we hope that future teams will follow their example.

BOXING NOTES

The familiar clatter of punch-bags in the Gym. during the last two periods on Tuesday afternoons has disclosed the activities of the Boxing Classes under Mr. Ryan's careful supervision.

Two new punch-bags and one dozen sets of new gloves have been added to the boxing equipment.

Not nearly enough bigger boys, however, are availing themselves of the useful, manly art of boxing.

The significance of the Open Champion being unchallenged, which has been the case only during the last three years, should be seen more clearly by the Senior boys. It is to be hoped that in the next year there will be more than one contestant for the School Championship.

There is plenty of good material in the 1951 6B Class : these boys should take this activity more seriously and so ensure a contested Open Championship next year.

LIFE-SAVING—LAW SHIELD WINNERS, 1951

Standing : M. J. Rosier, D. P. Reid, M. H. Wainwright, N. A. Morlet.

Seated : B. D. Randell, O. M. Williams (Captain), Mr. G. N. Altorfer, W. R. Serventy, N. E. A. Johnson.

BOXING TOURNAMENT, 1951

A large crowd was present at the Annual Boxing Tournament, which was held in the School Hall on the evening of Thursday, July 5th.

There was a large number of entries from the younger boys. All semi-finals were fought off in the Gym. the week before the boxing, so that a well-arranged programme was ensured.

Brian Wood, the unchallenged School Champion, fought a good exhibition bout with Mr. T. Catling, last year's School Champion.

The School conveys its thanks to Mr. Catling and to Mr. W. H. Piper, who was the referee, and who also gave some very constructive criticisms of the contestants.

The results were as follows :—

- 4 stone 7 to 5 stone—T. Sutherland defeated D. Gordon.
- 5 stone to 5 stone 7—T. Clapin defeated R. Bradborn.
- 5 stone 7 to 6 stone—S. Bentley defeated T. Ryan.
- 6 stone to 6 stone 7—P. Stephenson defeated J. Ryan.
- 6 stone 7 to 7 stone—R. Watt defeated A. Foulkes-Taylor.
- 7 stone to 7 stone 7—B. Whinfield defeated A. Harley.
- 7 stone 7 to 8 stone—C. Prater defeated T. Gawned.
- 8 stone to 8 stone 7—T. Prater T.K.O'ed. L. Bushell.
- 8 stone 7 to 9 stone—A. Donaldson defeated J. Pennefather.
- 9 stone to 9 stone 7—G. Rogers defeated F. Clapin.
- 9 stone 7 to 10 stone—E. Powell defeated B. Randell.
- 10 stone to 10 stone 7—O. Williams defeated O. Randell.
- 10 stone 7 to 11 stone—P. Jordan defeated D. Reid.
- 12 stone to 12 stone 7—A. G. Rosser, unchallenged.
- Open Championship—R. B. Wood, unchallenged.

This year, thanks to the generosity of Mr. Richards, the father of a present boy of the School, there will be several other boxing prizes awarded at Speech Night, in addition to the Cup for the School Championship.

TENNIS, 1951

The School team was unable to keep up the outstanding unbeaten record of the four previous teams in the Interschool Competition this year. Scotch College were the ultimate winners, although the minor placings were not finally decided, as the last round had to be abandoned.

This year it was decided that the competition should not be a "knock-out" one, but that a complete round of matches should be played, as this enabled the minor placings to be settled satisfactorily.

The first match was played on 14th April, when Hale met Guildford at Guildford and Scotch met Aquinas. The School team was narrowly beaten, the scores being three rubbers all, with the difference being three games in favour of Guildford.

The School team was as follows : B. S. Sanders (Captain), A. O. Lodge, B. L. Thomas, G. A. Cruickshank.

The standard of play was not very high and more practice would have improved the team's form considerably.

The detailed scores were :—

Guildford, 3 rubbers, 6 sets, 56 games, defeated Hale, 3 rubbers, 6 sets, 53 games.

Sanders lost to Johnson, 5-6, 1-6; Lodge lost to Eccleston, 3-6, 5-6; Thomas defeated Jenner, 6-1, 6-2; Cruickshank lost to Flanigan, 1-6, 2-6; Sanders and Lodge defeated Johnson and Eccleston, 6-5, 6-4; Thomas and Cruickshank defeated Jenner and Flanigan, 6-4, 6-4.

In the second match, held at King's Park on 23rd April, Hale suffered a decisive defeat at the hands of Aquinas. Aquinas were altogether too powerful, winning the match six rubbers to nil. Several of the matches, however, were extremely close, namely those of Sanders and Thomas in the singles. The team was the same as before, except for the addition of Dymock.

The detailed scores were :—

Aquinas, 6 rubbers, 12 sets, 75 games, defeated Hale, 0 rubber, 1 set, 39 games.

Scahill defeated Sanders, 6-4, 3-6, 6-2; Bowen defeated Lodge, 6-1, 6-0; Fogarty defeated Thomas, 6-5, 6-2; Houghton defeated Dymock, 6-0, 6-2; Scahill and Fogarty defeated Sanders and Lodge, 6-5, 6-5; Bowen and Houghton defeated Thomas and Cruickshank, 6-2, 6-5.

The final round, in which Hale was to meet Scotch and Guildford to meet Aquinas, was abandoned because of bad weather. Scotch was awarded the title, with one clear win above the other schools, although this final round was not played.

TENNIS, 1951

Standing : G. A. Cruickshank, R. C. Dymock, B. L. Thomas.

Seated : B. S. Sanders (Capt.), Mr. M. W. Mill, A. O. Ledge.

The School also entered a team in the Slazenger Cup Competition, but was defeated in the first round again New Norcia. The competition was played at Subiaco on Saturday, 31st March. The team was : B. S. Sanders, A. O. Lodge, G. A. Cruickshank, P. L. Thomas.

The results were : New Norcia, 4 rubbers, 9 sets, 75 games. defeated Hale, 2 rubbers, 5 sets, 56 games.

We extend our sincerest thanks to Mr. Mill for his enthusiastic and untiring interest in the team.

SHOOTING NOTES, 1950

The Interschool Shooting Competition was held on Saturday, the 2nd of December, at the Swanbourne Rifle Range. Conditions were not ideal, because of the cross-wind and the bright light. However, there was some excellent shooting done.

First position was undecided until at the very finish, when Guildford carried it away.

Guildford scored 434 points to win with a margin of 6 points from Aquinas with 428. Next came Scotch with 417 and Hale with 408.

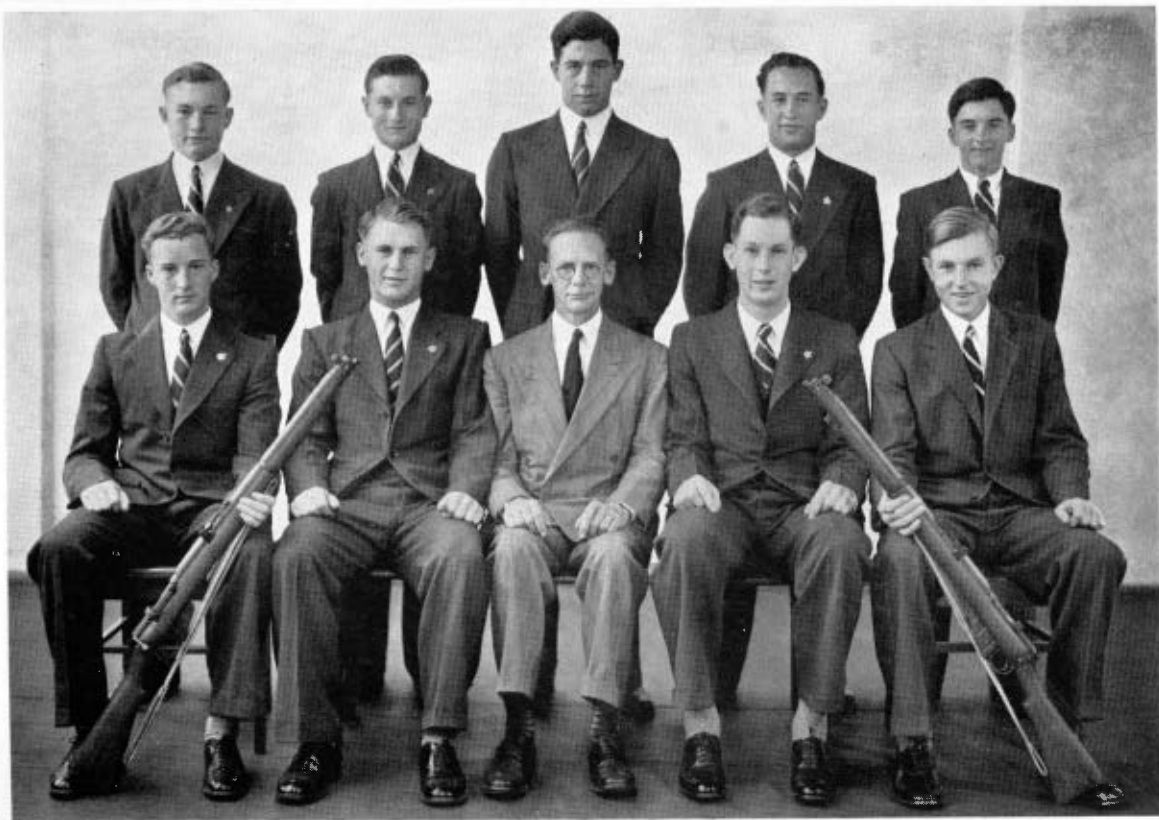

Aquinas made a good start at the 200-yard range, with a score of 250, Buzolic, of Aquinas, having scored a possible. Hale had scored 245, and was closely followed by Guildford with 244, Scotch having scored 236.

After the first two details had fired at the 500-yard range Hale had a very good lead of 14 points, but in the final details the other teams proved too strong.

The members of our team were : T. C. M. Senior (Capt.),

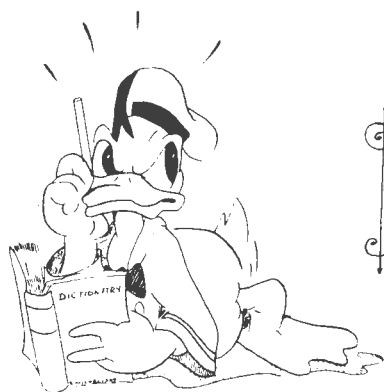

P. V. Blackman, T. Catling, J. F. Cruickshank, K. W. Gibbs, A. K. House, R. A. R. Slee, V. B. Webb.

J. F. Cruickshank was Interschool and School Champion Rifle Shot, with an excellent score of 66. Congratulations, John !

Debating Society.

DEBATING, 1951

On Friday, 16th March, the season officially opened with an evening of Senior impromptu speeches. Quite a number of boys attended and 25 reasonably good speeches were heard.

The Junior impromptu speech evening was held the next Friday night; 33 boys spoke. It was pleasing to see such an interest shown by the Juniors in this very important School activity.

Finally, Mr. Hamilton gave some advice to the speakers and stressed the importance of public speaking.

On the following Friday night a discussion or forum was held, the subjects being, "How to achieve peace in school life," and "What are the paramount needs of Australia to-day?" Some amusing and interesting speeches were given. The evening was such a success that the Committee decided to hold a similar discussion on the following Friday evening.

The subjects for the next discussion were, "Traffic accidents" and "Betting and gambling." These subjects were quite well discussed by a large gathering.

These discussions were successful because they provided an opportunity for anyone to speak in public without the need for the preparation so necessary for a debate.

The first debates were held on June 5th between teams of Junior and Senior possibles and probables, with the idea of picking a Junior and a Senior team to debate against St. Hilda's teams.

In the Junior debate the affirmative side, consisting of D. F. Willmott (Leader), T. D. Gawned, E. J. Powell, D. P. Reid, defeated the negative side, J. F. O'Meehan (Leader), F. O.

House, N. A. Morlet, N. D. Jack, by 65 to 64 points. The subject under discussion was, "That School life has little connection with real life."

The subject, "That the present day immigration policy is doing more harm than good to Australia," was very well debated by the Senior teams. The negative side, which comprised M. G. McCall (Leader), J. B. Morrison, I. G. Hislop, A. K. House, defeated the affirmative side, R. S. Crisp (Leader), J. H. Howe, R. L. Chase, I. R. Brandenburg, by 72 points to 70.

P. R. Anderson took the chair and Mr. Hamilton adjudicated.

The following week a pick-up debate was held. Mr. Altorfer, the only Master present, adjudicated.

The teams were : Affirmative, P. R. Anderson, F. R. Clapin, R. V. Garland, M. J. Rosier; negative, B. S. Sanders, M. G. Cumpston, A. O. Lodge, P. Turner. The subject for the debate was, "That Government should be carried out by specialised committees." Mr. Altorfer gave some very valuable hints to the speakers before awarding the verdict to the negative side (65 points to 57).

The discussion on the same subject, which was to be held after the debate, was not a success owing to the poor attendance. R. S. Crisp took the chair and a vote of thanks was proposed by D. B. Roberts.

The first Interschool Debate for the season was held on Tuesday, 19th June, at St. Hilda's. There was a large attendance of social types as well as debating enthusiasts.

The Junior teams debated on the subject, "That the Teenagers of to-day are an improvement on the Sheiks and Flappers of yesterday." St. Hilda's, who took the negative side, won by a comfortable margin from our team : D. F. Willmott (Leader), J. F. O'Meehan, N. A. Morlet. Miss N. Negus took the chair.

There was a short interval before the Senior teams debated that "The pen is mightier than the sword." The School team, which had the negative side, was : R. S. Crisp (Leader), R. L. Chase, M. G. McCall. The debate resulted in a very close win for St. Hilda's, by 64½ points to 64. Mr. Marshall, who adjudicated, commented on the very high standard of the debate. G. H. Christian proposed a vote of thanks. J. B. Morrison took the chair.

St. Hilda's provided a very enjoyable supper after the debate in their Library, and the evening was greatly enjoyed by all present. These interschool debates are very successful.

The second Interschool Debate was held against Scotch College at Scotch on Tuesday, June 26. Only those interested in the debate attended, since this was not against a girls' school.

The Junior debate was to be held first as a curtain-raiser, but owing to some lighting difficulty it had to be held after the Senior debate.

The subject for the Senior debate was "That the worker should enjoy the right to strike."

Our team, the negative side, was : I. R. Brandenburg (Leader), I. G. Hislop, A. K. House. The adjudicator, Mr. Smith, commented on the way Scotch put their argument forward before he gave the decision to them by the narrow margin of one point.

Our Junior team, led by D. F. Willmott, who was supported by F. O. House and J. M. Hyde, had the negative side of the subject, "That Australia must have a system of compulsory military training."

Scotch won the debate by 81 points to 70. Although the points showed a clear win for Scotch, the adjudicator commented on the extremely high standard of both teams.

The supper that was served to all supporters as well as debaters was greatly appreciated by everybody. The boarders, as expected, excelled themselves.

At P.L.C. on Monday, 30th July, the third Interschool Debate was held. The subject was that "The age of chivalry has passed." Once more Hale had to lower their colours to the ladies. Representing the School on the affirmative side were : R. S. Crisp (Leader), F. R. Clapin, J. B. Morrison. The adjudicator spoke for some considerable time suggesting how we could improve our speaking. After a vote of thanks the meeting was closed.

As could be expected, there was a large attendance from both Schools. After a very good supper a few dances were held to round off a successful evening and a very enjoyable debating season.

ORIGINAL COLUMN

SIR JAMES'S CHAIR

When the summer is gone, and the evenings are chill,
When the branches are wind-swept and bare,
I imagine a fire-side, all cosy and bright,
And close drawn up beside it a chair.
Just a simple armchair in the firelight's glow,
With perhaps not much meaning for you,
But a gift from the children to someone they loved
To dream in when the long day was through.
But the day was too short, now the chair stands alone,
And the loved one has gone far away,
But his memory lives on in young hearts that he won,
And that's just why I am thinking to-day
Of that simple armchair in the fireside glow,
And wondering if perhaps he may be
At his rest, though unseen, in the gift that we gave,
With his smile still for you and for me.

N. C. (Form 3R).

THE UNITED NATIONS

Many people in the world to-day know of the United Nations only as a name. They do not realise what a tremendous organisation it really is.

The U.N. is really a follow-on from the League of Nations, which failed miserably in its attempt to prevent a Second World War. In 1941 Prime Minister Churchill and President Roosevelt met in conference on board a warship in mid-Atlantic and drew up what is now known as the Atlantic Charter. This Charter envisaged a peace which would establish the "Four Freedoms" proclaimed by President Roosevelt. These "Four Freedoms" were : Freedom of Speech, Freedom of Worship, Freedom from Want, Freedom from Fear. On 1st January, 1942, 26 Allied nations signed a declaration incorporating these "Four Freedoms," and so the United Nations came into being.

The aims of the U.N. are to (1) maintain international peace and security; (2) develop friendly relations among the nations; (3) achieve international co-operation.

The United Nations comprise thirty-six organs which cover almost every aspect of international relations. Of these thirty-six departments there are six which form the core. These six organs are the General Assembly, the Security Council, the Economic and Social Council, the Trusteeship Council, the International Court of Justice, and the Secretariat.

The General Assembly.

Every member State of the U.N. is represented at the General Assembly. Each State, whether it be large or small, is allowed up to five representatives, but is allotted only one vote.

The Assembly has the power to discuss any matter within the scope of the U.N. Charter, which covers nearly all aspects of international relations. It also has authority to criticise the work of the other organs. All this, with, in addition, control of the budget, makes the General Assembly the most influential organ of the U.N.

The Security Council.

This Council consists of eleven members, five of which are permanent. These five permanent members are the five Great Powers : United States, Great Britain, Russia, China, and France. The six non-permanent members are elected every year by the General Assembly.

When a vote is taken on any vital matter there must be at least seven affirmative votes, including those of the five permanent members. If one of the "Big Five" does not agree to the motion it has the power to use the "veto" and refuse to vote in favour, in which case the Council's activities are stalemated with regard to that matter.

The Economic and Social Council.

The main job of this Council is to promote higher living standards and full employment in all countries. It consists of eighteen members, who are elected by the General Assembly for three-year terms. The Council meets three times each year to discuss matters arising, and to hear reports, from the various departments which form a large network for the investigation, and if necessary, the improvement, of economic and social conditions which exist in all countries of the world.

The Trusteeship Council.

This Council, with a little aid from the Security Council, administers the "trust" territories, which were formerly "mandated" territories under the League of Nations. To bring a "trust" territory under its administration a member State must submit a trusteeship agreement, which must be approved by the General Assembly as well as by all States directly concerned.

The International Court of Justice.

The Court is composed of fifteen judges, who are elected for nine-year terms by the General Assembly and the Security Council. No two judges are of the same national State, and all the principal legal systems of the world are represented. The Court is the principal judicial organ for the U.N. and its jurisdiction covers all matters provided for in the Charter.

The Secretariat consists of a staff of approximately four hundred members, representing nearly every nationality in the world.

The head of the Secretariat is the Secretary-General, who is appointed by the General Assembly. The Secretariat consists of eight departments, whose duty it is to administer the work of the other five principal organs.

This is a bird's-eye view of the U.N., its organisation and functions.

CANBERRA

The Australian Federal Capital, Canberra, is, at any time, a magnificent sight, but at sunset it is at its best. This garden city nestles on a flat plane, enclosed by high hills, and at sunset the effect of the long shadows reaching across the plain and the purple hue of the mountains, behind which the sun is setting, is superb. This scene was my first introduction to the nation's Capital, and it filled me with a feeling of satisfaction at being an Australian.

The Civic Centre occupies two city blocks, and although only two storeys high, contains nearly all the shopping facilities of the city. It is from the Civic Centre that most of Canberra's main streets radiate, as spokes from a wheel. The city planning makes full allowance for expansion, and all the avenues are tree-lined.

The morning after my arrival I visited the seat of Australia's Government—Parliament House. This magnificent building is really much bigger than it ever appears in photos. I was lucky enough to see throughout the red plush-lined Lower House and the Upper House, which is styled in green.

Both these magnificent Chambers are modelled on their older counterparts in London. There are hundreds of offices in this huge building and it is interesting to note that on each change of Government there is large-scale reshuffling of offices—from the Opposition to the Government side of the House. From the roof the Royal Military College at Duntroon can be easily seen. There is an atmosphere of continuous activity, with politicians and junior clerks hurrying to and fro on their own personal tasks. But at the end they have one big task in common—that of governing a nation.

The C.S.I.R.O. have three modern buildings in Canberra, each dealing with a separate part of the organisation's huge research programme.

The City High School is one of the most modern in Australia, and could set an example to educationalists the world over.

Just before leaving Canberra, at midday the next day, I saw through the War Museum. This fine memorial to the dead of two World Wars contains a complete record of all the conflicts Australia has fought in. The exhibits range from German planes of World War I to one of the Japanese midget submarines that shelled Sydney Harbour in 1942.

I left Canberra and continued my journey on to Sydney, travelling on the smoothest road in Australia. This magnificent road is known throughout the Federal Capital as "Politicians' Highway" !

"MASTERS"

Tall masters, short masters,
 Altorfer and Corr,
 Broad masters, young masters,
 Longley and Hoar.

Wicked masters, new masters,
 Adams and Wall,
 Each master, every master,
 One's as bad as all.

Sports masters, Geog. masters,
 From Edwards to Drake,
 These masters, all masters,
 Hold life at stake.

Headmasters, hard masters,
 Impose the "Marshall" Law,
 Because of all these masters
 To School I'll come no more.

TEARS, IDLE TEARS, OR SNACK OF GRUB

The foul odour came down like a thick London fog,
 All the eyes it did sting and the senses all clog.
 The Form Master reel'd—fell, then crawled on the floor,
 For he knew it was death should he not reach the door !

For the angel of onions spread his breath o'er the class,
 And he breathed in the face of the Form as he passed,
 And the eyes of the boys, how they watered and teared,
 As they strove hard to see through a sight that was bleared.

Then the reason for this sudden outbreak of tears
 Was confirmed when we looked for the cause of our fears,
 For L—— had uncovered his lunch (silly fool !)
 And had started to masticate onions in School !

REQUIESCAT SIR JAMES MITCHELL

One thing must come to all of us
 With ever-creeping stealth;
 It takes away our lordly pomp,
 It takes away our wealth;
 It comes—some pass without regrets—
 To each, both great and small;
 And when Death took our own Sir James
 It seemed a sudden call.
 We had scarce time to say good-bye
 Before he crossed Death's brink,
 And for his epitaph he'd like
 A verse like this, I think :
 "My home is in the blue-sky'd West,
 In spirit here I'll stay,
 My sun-burnt country still I love—
 God speed her on her way."

ANON.

ESCAPE

As the prisoner stood on the railroad bridge
 For the crime that he knew he'd not done,
 The grim look on his face was serene as yon ridge
 As he gazed at the river's swift run.
 Circled round his lean neck was a coarse hempen rope,
 And tight binding his hands was a cord;
 On the bank was a regiment, drowning his hope
 Of escaping the will of the horde.

His tanned face bore the mark of an Indian brave,
 And his body the mark of the whip,
 As he stood on the plank between him and the grave,
 His mind flashed to the knife at his hip.
 His numbed fingers could move just an inch to the right—
 But the knife was yet far from his hand—
 And the cords were so strong and his hand was so white
 When he slithered the blade from its band.

As the Captain stepped off from his place on the bank
 You could see that his task was no fun,
 But he moved with a soldierly step to the rank
 And he took from the Corporal his gun,
 But before he set foot on the railroad track
 The lithe prisoner, freed from his cord,
 With a flash of the knife in a desperate hack
 Had escaped the vile will of the horde.

THE CYGNET

MIDNIGHT IN CHINATOWN

Along a darkened alley
 Six hustling Chinamen
 At dead of night came rushing
 Up to Chu's opium den.

They tapped upon the doorway—
 Six taps, the usual code—
 The door was opened quietly
 By Willie, called the Toad.

Up to a smoke-filled attic,
 Where Chu lay still and slept,
 They crept, for only they knew
 Where Chu's pearl-bag was kept.

Chee Sen drew out a dagger
 And through the sleeper's head
 He plunged the awful weapon
 And left him there for dead.

But old Chu's son had heard them
 As they slid from the room;
 He loaded Chu's revolver
 And crept into the gloom.

And as the dawn was breaking
 An early passer spied
 The bodies of six Chinamen
 And wondered how they died.

In each heart lodged a bullet,
 Their wounds they did not feel.
 And to that end all robbers come;
 Take heed! and do not steal.

MY BUNYIP

There's a Bunyip in our orchard,
 Down among the apple trees,
 Sometimes, through my window,
 I can hear him wuff and sneeze :
 If I peep around the curtain
 On a still and moonlight night,
 I think I almost see him
 Half in shadow, half in light.

ENCOURAGEMENT

When you're going down hill at ninety plus nil,
And the brakes choose that moment to fail,
You may curse as you will
But you're in for a spill,
And you'll find there's a cop on your tail.

When you went for a drive in a Nineteen-O-Five
You thought it the car of your dreams,
But the petrol tank leaked
And the gears all creaked
And the tyres lodged a protest with screams.

When you're driving a car, don't steer by a star,
'Cos the lamp-posts move right in your way,
So you'll not go too far
If the front bumper-bar
Picks a lamp-post to warrant your stay.

When you're off to a Ball in a car that will stall
And it does the same thing on a hill,
Go beneath in your dress
But don't curse at the mess,
And the devil won't conquer your will.

F. O. O. (VIB).

THE FOOTBALL MATCH

Out from the grandstand, as though it wouldn't stop,
 Came the Guildford war cry, descending from the top.
 The Guildford team acknowledged it, redoubling their attacks
 And pounding down the football field to batter through the
 backs.

We struggled on half-heartedly, although it seemed in vain,
 Until from quite another part we heard the glad refrain :

Razzle dazzle, razzle dazzle,
 Zim, bom, bah,
 Hale School, Hale School,
 H-rah, H-rah, H-rah !
 Knickerbocker, knickerbocker,
 Knickerbocker blue,
 Hale School, Hale School,
 Wear the double blue.
 H—A—L—E. HALE !

Flashing from a pocket came a muddy little blue,
 And gathered up the greasy ball, and running, came right
 through.

He hand-balled on unselfishly to someone in the clear,
 Who dashed on down the centre like a flinty-headed spear.
 He kicked it to a man in blue, who passed it to the sneak,
 Who aimed to kick his second goal, his second since last week.
 From then the team revived itself, for spirit was the thing;
 We got the ball and scored again, attacking down the wing.
 The score was mounting rapidly, we needed one to win;
 And when the ball was bounced once more we heard above
 the din

That rallying cry which gave us heart to seek that extra
 score.

So gathering our resources up, we added one goal more.

THE LAND OF PLENTY

It's our lot in Australia great gifts to command.
 From the lush grasslands green of our great Southern land,
 Our main exports for Britain are wool, mutton, beef;
 Of our meadows and plains these three products are chief.
 With our rich dairy produce we've built up a great trade,
 And our mining for gold for a long age won't fade.
 It's a land of great droughts, and of mountains and plains,
 It's a land of great deserts and of wild flooding rains,

And there's iron ore, too, of a plenteous supply,
 And ripe wheat swaying golden, a joy to our eye.
 It's our lot in Australia great gifts to command,
 Let us work to supply the world's hungry demand.

6A PERIODS

In 6A English we've that man
 Who teaches Wordsworth and his clan;
 He always cracks those awful puns,
 Too subtle for us dumber ones.

It's different in the Maths right now;
 To arduous problems we all bow;
 To figures infinitely small,
 Which worry us until they pall.

It's rumoured in the Science Class
 We've all been trying to scrape a pass;
 At heat and sound we toil away,
 Just hoping that our swot will pay.

Another period in our day
 Is quite a misnomer, they say,
 Applied Maths, but can't we apply
 To finish it before we die?

THE MAUNDY THURSDAY SERVICE AT WESTMINSTER ABBEY

By An Eyc-Witness.

The distribution of alms and the washing of feet on the Thursday of Holy Week is of great antiquity. The King's Maundy can be traced back in England to the 12th Century.

From the beginning of the 16th Century the recipients have numbered as many old men and as many old women as the Sovereign is years of age. The Maundy is distributed in the traditional red and white purses. They are placed on the silver Maundy dish, which dates from the reign of King Charles II and is part of the regalia. Formerly clothing and provisions were also distributed, but these have now been commuted into money payments. The Lord High Almoner and his assistants are girded with towels in remembrance of the feet-washing which was once part of the service, and they carry nosegays of sweet herbs.

The procession of the Royal Maundy assembles in the nave of the Abbey and passes into the choir. Then Their Majesties, the Dean of Westminster, the Lord High Almoner, and the Abbey clergy proceed to the High Altar.

We were very close to the Royal Family, whom we studied to the last detail. The King wore a uniform of an Admiral, while the Queen was in lilac, and Princess Margaret wore powder blue. The King, accompanied by the Lord High Almoner, moved slowly down the choir, where the distributions were made to men and women. A Yeoman, holding the dish containing the red and white purses, stood beside the King.

The Lord High Almoner and his assistants followed behind. At the close of the service the Royal Family moved slowly down the choir. The procession went through in the same order except that the Dean came last. The organ was played beautifully during the whole service. The singing of the choir was magnificent, and above all could be heard the beautiful voice of a boy soprano.

PRESIDENT'S ANNUAL REPORT

Gentlemen,

It is with pleasure that I present for your approval the Annual Report of your Association for the year 1950.

Committee.—Your Committee has conducted monthly meetings in the Headmaster's Study and in most cases the attendance has been extremely good.

As over the past few years, the Committee this year has had a leavening of young and older Old Boys of various School years, and I feel that through this all sections of the Association have benefited. Mr. V. S. Murphy's presence at all but three of the meetings was appreciated, and on many occasions his advice was most helpful to your Committee.

Financial.—Ordinary subscriptions received during the year amounted to £164/12/- and Life Membership subscriptions to £147. In advance, £33/6/6.

During the year £150/10/- was invested in Commonwealth Bonds, and the amount now invested in Commonwealth Bonds is £1,110.

"Cygnet."—Six hundred "Cygnetts" were issued by your Association during the year and an amount of £70 was donated towards the cost of publishing. We are indebted to Richard Anketell for his efforts in compiling the Old Boys' Notes.

Board of Governors.—Mr. R. I. Ainslie was re-elected as the Association's representative on the Board of Governors of the School.

Social Activities.—The first event of the year was a Cocktail Party held at the Wattle Tearooms in St. George's Terrace on Saturday, April 22nd, 1950. Despite the heavy atmosphere, this function proved very successful. Actually the function was to have been held at Tintern Lodge, but owing to a last-minute change in the date of the Head of the River your Committee was forced to change the venue.

The Annual Ball was held at the Y.A.L. Hall on Thursday, August 17th, and a most enjoyable time was had by all present.

During Show Week and again on Interscholar Sports Night successful Cocktail Parties were held at Tintern Lodge.

At all of these functions, with the exception of the Cocktail Party in Show Week, we had the pleasure of entertaining representatives of kindred Associations.

On Saturday, May 6th, a very successful Country Dinner was held at the Commercial Hotel in Northam. This was attended by several members of your Committee, our Headmaster, Mr. Murphy, and about 25 country Old Boys. Chairman for the evening was Mr. D. Keith House, of Gnowangerup, and it was unanimously agreed that similar functions should be held from time to time in other country centres.

In company with your Secretary, Mr. C. J. B. Veryard, I attended the Annual Prefects' Dance held in the School Hall at the end of the year.

Rowing Equipment Fund.—During the year a semi-racing four and a practice four were purchased for the School from funds donated by Old Boys. In addition, through the Association, Sir Ernest Lee Steere very generously donated a racing eight.

Sporting Activities.—Old Boys' Day was held on Wednesday, March 8th, 1950, commencing with the roll-call, when 60 Old Boys "fell in" at 9 a.m.

At 10.30 a.m. the usual cricket matches were held at Subiaco Oval. The School v. Old Boys' match resulted in a draw, and the Town v. Country match resulted in a win for the Country Old Boys.

The usual luncheon was held, and later at afternoon tea quite a number of the ladies were present.

Old Haleians' Crew.—We offer our thanks to W. Gardiner for his work in organising the crew on Head of the River Day. The crew consisted of F. Slee (stroke), D. Devenish, D. Norman, K. Jackson, W. Irvine, P. Lowe, B. Chappell and W. Gardiner, with E. B. Arney (cox).

Football Match.—The football match School versus Old Boys resulted in a win for the School by 1 goal 4 points.

The Old Boys' football team also played two rounds each against Guildford, Christ Church and Scotch, and won every match.

Amateur Athletics.—During the year your Association donated £14 to the Old Boys' Amateur Athletic Association.

Hockey.—After a very successful and enjoyable 1950 season club members are once again looking forward to another season of hockey in which to display their skill and sportsmanship.

The Club at present consists of 40 members, but it is continually striving for new members with or without hockey experience.

Old Haleians desirous of entering the hockey field may contact Trevor O'Keefe (W 1398) or Mr. Veryard, when all information will be gladly given.

School Memorial Fund.—Subscriptions to this Fund have fallen far short of the target of £50,000, which, however, must be reached if we want to see our School progress. Another appeal is to be made shortly, and a full-time organiser is to be appointed.

It is to be hoped that Old Boys will support the appeal to their utmost. However, I wish to thank very sincerely those who have so far sent in their donations, which I hope will be an incentive to others.

Old Haleians' Scholarship.—John Forsyth, a son of an Old Boy who lost his life in World War II, was awarded the Old Haleians' Scholarship.

General.—The following trophies given by the Association to the School for 1950 were won by :—

Dux of School R. S. Crisp

Junior Dux M. L. Thornett

Several sports prizes were also presented.

Obituary.—Mr. Geo. Herbert Parry, who died on February 12th, 1951, born 1882, attended School 1894. One of the oldest to attend last Old Boys' Day.

Congratulations.—

Ian St. Barbe Cruickshank, chosen to represent Australia in the World Youth Forum in England.

Arthur Christian on his appointment as Assistant General Manager of Millars Timber and Trading Co. Ltd.

John E. Virtue on his appointment as a Judge of the Supreme Court.

Stanley Bruce Rosier, Rhodes Scholar, 1950.

Ken Tregonning, Gowrie Scholarship.

The Secretary and Treasurer.—The thanks of the Association are due to Mr. C. J. B. Veryard as Honorary Secretary; to Mr. P. Atkins as Honorary Assistant Secretary, and to Mr. V. W. Fountain as Treasurer for their work during the year. The initiation of the School Memorial Fund considerably increased the task of these gentlemen, particularly that of Mr. Veryard.

In conclusion, I wish to thank the Headmaster, Mr. Murphy, for the use of his study for our meetings, and also for his keen interest in the affairs of the Association. I also wish to thank members of the Committee for the help extended to me during my year as President.

PUBLIC WAR MEMORIAL

The appeal for the Memorial Hall to be erected at the new school at Scarborough in honour of those Old Boys who lost their lives in the two world wars has continued this year and culminated in a fete at the School early in December.

The cost of the Hall will be about £50,000, but this sum could be raised in the very near future if all Old Boys contributed to the fund and did not rely on the generosity of others.

Those who contributed to the fund during the year were : Mr. Justice Virtue, J. F. Packham, J. Forrest, E. T. Loton, L.

Craig, G. H. Burt, W. H. B. Lacy, A. G. Rosser, J. G. Thompson, W. G. Lewis, D. O. Stone, G. L. Bateman, A. H. Christian, A. W. Jacoby, F. T. Boan, J. P. Johnstone, F. L. B. Craig, B. Simpson, E. M. Clark, F. D. Slee, A. L. Butcher, G. S. Parker, D. Payne, J. E. Hingley, P. Mann, V. W. Fountain, J. E. Jackson, R. Elliott, F. Cooke, W. Dermer, B. Clarke, L. H. Mellor, L. E. Fethers, H. Mitchell, J. Merrychurch Jenkins, R. Y. Filmer, Old Aquinians' Association, Mrs. H. M. Burges, F. H. Neale, I. F. Packham, R. V. Cousins, Old Haleians' Association, Mrs. Gordon Craig, Austin Piesse.

A COUNTRY DINNER

One of the most outstanding Old Haleians' dinners ever organised in the country was held at Bunbury this July. The 52 Old Boys present were unanimous in their praise of the evening, which was organised by W. G. Wickens and F. D. Slee, who was in the chair. The Headmaster (Mr. V. S. Murphy) was one of the most welcome guests.

Those present were : J. E. Jackson, I. Bonnerup, B. Kent, C. J. Veryard, A. G. Rosser, F. E. Bremner, F. W. Doncon, F. M. F. Brown, D. K. House, B. L. Clarke, L. Fethers, R. Mellor, W. Dermer, W. G. Burgess, A. G. A. Tanner, A. L. Butcher, G. T. Eyres, R. A. Breeden, J. Hansen, I. McIntosh, A. T. Reynolds, P. S. and I. Durston, F. Rose, T. A. S. Davy, J. Milward, J. V. Brockman, P. H. Atkins, J. K. Duce, G. S. Parker, R. N. Brown, E. C. Eastman, W. Fountain, J. Johnston, D. Payne, J. E. Hingley, P. L. Mann, F. M. Cooke, I. F. and M. J. Packham, F. Craig, N. C. Joel, A. C. W. Anderson, E. B. Arney, R. Clarke, C. A. Dungey, R. W. Elliott, and E. Wickens.

BUSINESS NOTICES

The annual subscription of the Old Haleians' Association is 10/6 for juniors and £1/1/- for seniors, and dates from January 1st in each year. The subscription for life membership is £10/10/-.

Members are entitled to admission to every entertainment of the Association and to each issue of "The Cygnet." They are also entitled to wear the blazer, badges and colours of the Association and to become members of its subsidiary athletic clubs.

Old Boys are once again requested to keep in touch with the Association through the Honorary Secretary, Charles Veryard, whose address is A.M.P. Chambers, 25 William Street, Perth. News of the activities of Old Boys is always welcome. We need much more information to enlarge our section of "The Cygnet" and make it of greater interest to all Old Boys. We are always anxious for notes on weddings, births, engagements, new appointments, Old Boys overseas, and general news of all who attended the School.

OLD BOYS' DAY

Old Boys' Day was held on February 21 this year and there was a good muster at the School for Assembly. Unfortunately the two cricket matches between Old Boys and the School and Town and Country Old Boys were washed out by heavy rain during the morning, but all players and spectators waited for the lunch, and many were still engaged in difficult feats of dart throwing in company with much hilarity at the end of the afternoon.

The following Old Boys answered their names at Assembly on Old Boys' Day :—

OBITUARIES

We regret to announce the death of Mr. Joseph Marychurch Jenkins, who was for so many years a Master of the School and a keen supporter of the Old Haleians. He came to the School in 1895, and until his retirement in 1916 was one of the most respected and prominent men on the Staff.

He was always interested in Cadets and did much to foster the advancement of the movement in schools in this State.

In 1927 he presented the School with the jarrah reading desk which he carved himself and now stands on the rostrum in the Assembly Hall.

Another link with the old High School was broken this year with the death of Mr. George Herbert Parry, who was for many years one of the most prominent architects in Perth.

Mr. Parry was a son of the second Anglican Archbishop of Perth (Dr. H. H. Parry), who 63 years ago completed St. George's Cathedral. Mr. Parry himself was for many years the honorary architect of the Cathedral and gave freely of his advice and service.

AT BISHOP HALE'S SCHOOL

One of the few surviving West Australians to have attended Bishop Hale's School in Perth during the latter half of the last century celebrated his 90th birthday on August 8 this year. He is Mr. William Edwards Brown, who is now living at 124 Hensman Road, Subiaco.

He attended the School from 1868 to 1874, when he left for three years' higher study. Reminiscing on his school days, Mr. Brown said that a lot of sport had been played—particularly cricket, although he had always been more interested in boating and had rowed in several School boats.

He was Premier Clerk of Courts at Fremantle for many years before he retired and took up farming at Midland Junction and Hines Hill. He finished his farming career in 1945 and has since lived in Perth.

OLD BOYS' DAY, 1952

Old Boys' Day next year will be held early in March at the School for Assembly and roll-call and then at the Subiaco Oval, where the annual cricket matches will be played.

THE YEAR'S SOCIAL ROUND

Boat Race Night was undoubtedly the best "do" of the year, for after the School's three brilliant victories in the morning, all Old Boys and their supporters were in jubilant mood and packed Tintern for the cocktail party.

It would be unfair to mention names from the crowd present, but one of the happiest Old Boys was our President, Gra Rosser, who had seen the First Eight, the crew he had coached, cross the line first in a thrilling finish and also his son stroke the First Four to victory.

The annual ball, which was held at the Y.A.L. Ballroom, was a most successful function this year and dancing space was cramped by the large number of Old Boys and their beauteous partners.

Among those present were the Headmaster (Mr. Murphy), the President (Gra Rosser), the Secretary (Charlie Veryard), Peter Atkins, Earl Arney, Tony Davy and a number of Masters, including Frank Longley, E. Adams and L. Drake.

It was impossible to obtain Tintern for Inters' Night, so it was decided to hold the cocktail party on the Friday of Show Week. We were pleased to welcome a larger number of country Old Boys than are usually present at this function.

OLD BOYS PERSONAL PARS

Three Old Haleians who "took unto themselves wives" this year were Frank Craig, Richard Fethers and Peter Ross Kennedy Murray.

Frank married Miss June Lynn at St. Mary's Church, West Perth, Richard married Miss Betty Farmer in Sydney and Peter married Miss Patricia Stanfield in New Ireland.

John Hingley has announced his engagement to Miss Shirley Silvester, of Mt. Barker.

GENERAL NOTES

John Owen Stone, Rhodes Scholar for 1950, is the son of Horace J. Stone, of Korbel, one time "Dux" of Hale School, during the late Matthew Wilson's time.

The Royal Australian Air Force has advised that Flight Lieutenant G. G. Michael, only son of Mrs. D. Michael, of 232 St. George's Terrace, Perth, W.A., has successfully completed a

Flying Instructors' Course at Central Flying School, East Sale, Victoria.

During the recent war Flight Lieutenant Michael served in the United Kingdom. On cessation of hostilities he returned to Australia and was subsequently posted for duty with the R.A.A.F. Element of the British Commonwealth Occupation Forces stationed in Japan.

Clabon Allen is now Professor of Astronomy at London University.

G. Breen is in the Victorian Electricity Commission—Brown Coal.

We offer our congratulations to Mr. J. E. Virtue, K.C., on his appointment as a Judge of the Supreme Court.

Andy Millen, of 1924-27 School vintage, has got the post of assistant-accountant of the State Treasury.

One of the "Rats of Tobruk"—Gordon Clifton—is with the Commonwealth Artificial Limb Factory in Perth.

Charlie Ferguson is farming at Moora.

John Maitland and his family are now living in Adelaide where he is connected with a liquor firm—lucky chap.

Arthur Christian has been appointed assistant-general manager of Millars Timber and Trading Co. Ltd. for Australia and New Zealand.

Max Colebrook is now with the permanent Air Force and has been flying Vampire Jets with No. 77 Squadron in Korea and Japan. He received his Wings in August of last year and also the Air Force Trophy for being the outstanding pilot of his course.

V. B. Mursell, snr., writes to say that his son is now a major in the permanent Army stationed in Melbourne.

Geoff Burgoyne has been seen by our spies in the Hansard gallery at Canberra—it is rumoured that he can keep awake through a complete session.

Jack Burnett still prefers the cold of Tasmania to the charms of the "Sunny West."

R. W. Smalpage has written from Merredin saying that he has been unable to find any other Old Boys in the town or surrounding districts but seems to have reconciled himself with rifle shooting.

J. B. Truscott is continuing his Agricultural Science course at the University.

The School is strongly represented at Muresk by John Arrow, Bob Chester, Joss Percy, Dal Yeo and Jack Davies.

John Clapin, of Cranbrook, has been in quest of higher agricultural knowledge at the Bundemar stud in New South Wales.

Peter and John Anderson are farming at Broomehill.

LIFE MEMBERS

The following Old Boys became Life Members of the Association during the year : H. B. Hall, G. G. Craig, J. K. Anderson, B. C. Robins, M. J. Dimmitt, G. W. Fisher, D. Home, D. S. Yeo, A. G. Whittaker, C. W. Garland, R. M. B. Neilson, A. R. C. Hocking, E. P. Anderson, J. P. Woods, B. L. Woods, R. A. Pearse.

A DISTINGUISHED OLD BOY

For the following account of her brother we are indebted to Miss Geraldine Montgomery :—

Stephen King Montgomery, M.D., M.B., B.S., M.R.C.S., L.R.C.P., D.R.E. (Hons.), B.A. (Hons.), B.Sc. (Hons.), F.A.C.C.P., F.L.S., was one of four brothers educated at Hale (then High) School under Mr. F. Faulkner. The imposing array of letters after his name would suggest he spent most of his time at books, but at School he was Swimming Champion and an all-rounder at cricket, playing later for London University, where he found time to edit the magazine. After teaching at his old School for a while, he served in the Army Medical Corps in World War I.

After various honorary position in hospitals in England, he had appointments in Port Said and South Africa.

In World War II he held the rank of Major in the Medical Corps. After the war he resumed private practice, but also had numerous other activities.

It is not surprising that he could not stand up indefinitely to this amazingly active life, and after a year's illness he died on January 26, 1950.
