EDITORIAL

ALTHOUGH still protected by the sheltered certainty of the life of the school, those of us who are now leaving it are becoming aware of the perplexities which afflict our time; for the era of Victorian optimism has been dead these fifty years, and where there was once faith of one sort or another, there is now a critical intolerance: critical in the sense that it has radically reformed or transformed (use which term you will) much of the fabric of belief of the nineteenth century, leaving us face-to-face with many fundamental human issues; but, nevertheless, an intolerance which refuses to face the issues it has raised, and which rejects any attitude that does, still persists amongst us.

This intolerance, which is generally associated with a prejudiced ignorance, is not peculiar to any period of history; but today the nations conduct an ideological warfare which is more remarkable for its ferocity than for the sincerity of the antagonists so far as the vast apathetic bulk of the people is concerned; and, internally, the strife of the political factions does not grow less; so that all those conditions which breed intolerance are fulfilled. Meanwhile, in this

tense atmosphere of accusation and counter-accusation, intimidation and reprisal, certain nations have, with the aid of all the modern forms of mass communication, deliberately inculcated that ignorance, or distortion of the truth, which fosters further intolerance; they have set about to create, in place of an informed public opinion, a perpetual public indignation. In the past the cost of our dissension has been in part mitigated by the ethical principles of religion, with their emphasis on some external power which is the ultimate and impartial arbiter of men's folly; but today we are our own gods and prefer to judge, not ourselves, but each other, while the possible consequences of this moral debility are more serious than before, if we will insist on resolving our international differences in war.

Thus there are those of us who, seeing all this, find it doubly difficult to leave the school, to make that implied, inevitable break with the comparative calmness of our school-days, in order to become citizens of a wider world; on the one hand there are all the old ties of sentiment arising from long and pleasurable association with anything, and on the other hand there is the knowledge of the difficult road before us. The maps are not very good, although we are only too aware of the centuries of human bitterness that have gone into their drafting; and we are not quite sure where we are going. We hesitate to ask any of our more senior fellow-pedestrians, because they seem to have even less idea, but are less willing to admit it, although many of them are fond of expressing their scepticism about the whole business, behind which they can conceive no purpose, nor any guiding hand. Some of us will inevitably find this theory attractive, and will draw into ourselves this cynicism of our elders. Others will drop out of the search for this better world, believing

The mind is its own place, and in itself

Can make a heaven of hell, a hell of heaven.

But the rest will keep following the uncertain map, taking care not to tread on other people's toes (though without giving way), till they reach the goal, whatever that may be. And then they will be grateful for the careful preparations which were made for them so long ago.

SCHOOL NOTES

THIRD TERM, 1951

A. K. House was appointed captain of Shooting on 30th November. The following day the interschool shooting was held. The school occupied third place with Guildford Grammar School.

The Prefects' Dance was held on Tuesday, 4th December.

The Old Haleians' War Memorial Fete was held at school in conjunction with the Hobbies Exhibition on Saturday, December 8th.

His Excellency the Governor, Sir Charles Gairdner, presented the prizes and trophies at the Annual Speech Night, held on Monday, December 10th.

FIRST TERM, 1952

The first assembly was held on Tuesday, February 12th. The Headmaster, before reading the form lists, introduced five new masters: Mr. J. B. Bolton, Mr. K. Morris, Mr. L. V. Shields, Mr. P. J. Smith, and Mr. A. Strahan, and said that he expected a sixth, Mr. J. G. Mills, to arrive early in the term. Mr. Murphy also announced the appointment of three prefects, F. R. Clapin, D. D. Barriskill and R. A. Slee.

The following day Mr. Loton was present at assembly. He welcomed boys and masters and outlined some of the traditions of the school.

Monday, 25th February, was Old Boys' Day. It was very pleasing to see so many "old" Old Boys at morning assembly. The usual two cricket matches were later played at King's Park.

The school swimming sports were held at Crawley the day after Old Boys' Day. O. M. Williams won the open championship and Buntine House won the interhouse competition with ease.

The swimming team was announced and O. M. Williams was appointed captain on the 7th March.

The next day the first interschool competition, the Interschool Swimming Carnival, was witnessed by a large crowd at Crawley. The school team gave a better performance than in previous years and gained third place. Guildford, with a strong all-round team, gained first place, on which we congratulate them. At this point we would like to welcome Wesley College to the Public Schools' Association.

The annual match, School versus Mr. Loton's XI, was played at Herne Hill on 10th March and resulted in a draw.

On 12th March two combined schools teams played matches against the Incogniti Club. Players representing the school were: I. R. Oldham, J. A. Merritt, C. Bedford-Brown, and J. O'Meehan.

Early in the term Major-General Garrett visited the school and outlined to senior boys the various aspects of an army career.

The first cricket match of the Darlot Cup series was played against Aquinas at the W.A.C.A. ground on March 19th. The second match, against Wesley, was played the following Saturday at King's Park, and the third, against Scotch, at the W.A.C.A. ground the next Wednesday.

The interschool A.T.C. swimming competition was held at night on 20th March at Crawley. The team representing the school flight, No. 10, won the contest.

At assembly on 21st March two further prefects, A. G. Rosser and F. O. House, were appointed.

The Law Shield life-saving competition was conducted on 29th March. The school, under the captaincy of O. M. Williams, gained first place for the third time in succession. Congratulations to the team and the coaches!

The fourth Cup match was played against Guildford Grammar School at Guildford on 2nd April. The result of the game was a win for Guildford.

On 17th April three more prefects, J. A. James, I. R. Oldham and G. L. Wheatley, were appointed.

PREFECTS, 1952

Standing : G. L. Wheatley, D. D. Barriskill, F. R. Clapin, I. R. Oldham.
 Sitting : F. O. House, A. O. Lodge (Captain of School) Mr. V. S. Murphy, R. A. R. Slee, J. A. James.
 Inset : A. G. Rosser.

On April 18th the three coaches of the school crews, Mr. Rosser, Mr. Trouchet and Mr. Bond, were present at the rowers' assembly. Mr. Rosser addressed the school and spoke of the confidence he had in all three crews.

April 19th, Boat Race Day, was one of great rejoicing. Each eight, including the Old Boys', won its event. The four occupied second place in its race. That night the performance was celebrated by many at the Rowers' Dance.

On Anzac Day a special memorial service was held in place of the usual assembly. Col. J. C. Newbery, an Old Boy, addressed the school. Later those who wished attended the Esplanade service.

Mr. Loton and Mr. John Forrest were present at Assembly on 1st May, the former carrying out the induction of the prefects.

On 3rd May the Cadet unit left by railway buses for a week's camp at Northam.

The term ended on 8th May.

SECOND TERM, 1952

School resumed on Tuesday, 27th May. We learnt with satisfaction that M. G. McCall had won the English Medal for 1951. Junior School boys, particularly, were glad to hear that Mr. Longley was to return.

On Friday, 30th May, Mr. Birtwistle of West Australian Newspapers spoke in the lecture theatre to senior boys on newspapers as a career.

Beginning on the 4th June, a series of football matches was played by the First XVIII. The first was against Modern School, the second against the Old Boys, the third against Aquinas, and the fourth against Wesley.

Junior Certificates were presented to successful candidates at assembly on Tuesday, 1st July. The Headmaster announced that H. Shotter had gained first prize in an essay competition conducted by various insurance companies, whose guests several 6B boys had been earlier in the year.

Two football matches followed, one against Guildford on 2nd July, the other against Scotch on 9th July.

The announcement at assembly on Thursday, 10th July, of the death of a school prefect, A. G. Rosser, came as a deep shock. The following day members of the school attended a memorial service at St. Mary's Church.

The long weekend from 12th to the 14th July provided a welcome change from usual routine.

Much energy was expended by the more pugnacious of the school on Thursday, 17th July, at the Annual Boxing Tournament.

On 21st July the Junior and Middle schools and those of the Senior School who so wished saw an exhibition of natural life from the North-West of the State shown in the school hall.

The second round of the Alcock Cup competition commenced with the game against Aquinas on their home ground on Wednesday, 3rd July.

On the 31st July a representative of the insurance companies previously mentioned showed a film in the lecture theatre of the day out they gave earlier in the year.

On Saturday evening, 9th August, about forty members of the school saw a boxing competition at Guildford Grammar School between Christ Church, Hale and Guildford.

On Tuesday, 19th August, two members of the Police Traffic Branch screened a safety-first film in the lecture theatre for the instruction of the Junior School.

Second Term closed on the 21st August.

THIRD TERM, 1952

The Junior School plays were on 19th and 20th of September. Once again, thanks to the efforts of the producers and the interest of the boys themselves, a very creditable standard was maintained.

After a brief period of preparation the school athletic sports were conducted at the W.A.C.A. ground. For the third successive year John Bedford-Brown achieved the title of Champion Athlete.

A challenging address was made to the school at Assembly on 6th October by Dr. Paul White, better known as the "Jungle Doctor." His "modern parable" will not soon be forgotten.

At Assembly on Tuesday, 19th October, John Bedford-Brown was appointed Captain of Athletics. The following Saturday saw one

of the most interesting competitions at the "Inters" for many years. Suspense was maintained throughout and final disappointment was mitigated by the realization of the excellent performance of the team. To Aquinas, our congratulations.

His Grace the Archbishop of Perth confirmed candidates from school at a Confirmation Service at St. Mary's Church on 7th October.

Speech Night

1951

Speech Night was held on the lawn between the Boarding House and the School, on Monday, 8th December. After the Rev. F. E. Eccleston had said the opening prayer, the reports of the Captain of the School and the Headmaster were presented, following which His Excellency the Governor, Lieutenant-General Sir Charles Gairdner, K.C.M.G., C.B., C.B.E., carried out the distribution of the sports trophies and school prizes. The evening concluded with the moving of the vote of thanks to His Excellency by Mr. Thorley Loton, Chairman of the Board of Governors.

Headmaster's Report

"FIRST, on behalf of all connected with Hale School, I wish to extend a cordial welcome to His Excellency and Lady Gairdner. Already they have in the short time they have been in Western Australia, won the high regard of the people of this State. I know you all join with me in wishing them both all happiness during His Excellency's term of office.

While we welcome our new Governor, we cannot help thinking of our great friend, the Late Sir James Mitchell, who served this State so well for so many years. It seems but yesterday that we farewelled him. The School well remembers the letter which he wrote at the end of June, thanking us for our good wishes to him in his retirement. His whole creed, one might well say, was contained in these words: "You are doing a great work for the Empire we all serve in preparing some of its young people for the time when they too must serve. We are an Empire of many acres and few people; so few that quality counts for much."

Youth's horizons are necessarily limited, but as a boy grows older he should expand these horizons and glimpse something of the world beyond. The School for some years is his world and in that world he must, if he is to be a worthwhile citizen, learn to serve; he must learn that it is quality that counts.

Now quality is not measured by worldly wealth in adult life, nor is quality measured by success in business in later life, nor by success in scholarship or games while one is still at school. Quality is often best revealed in adversity. One remembers the darkest days of the war. It was then that our people, and especially the people of Britain, showed their true quality.

In our country here we have been enjoying a period of prosperity, but, as the Prime Minister recently said: "If material prosperity is to induce in us greed or laziness, then we will lose our prosperity. Economic problems are in reality of secondary importance in this sense, that if every one of us accepted his moral responsibility as an individual, cheerfully and generously, many of our economic problems would solve themselves."

So, too, in our lesser community of the school we have our moral responsibilities. Each one of us has, just as adults have, 'a duty to deal fairly with his fellows in the transactions of life, each has a duty to himself and his fellows of honest work,' as the leaders of the Church and of the Law said in the Remembrance Day call to the people of Australia. One cannot but feel that there is in

the community at large a tendency to forget one's duty to one's fellows, that selfishness and greed are taking the place of fairness, that laziness is taking the place of honest work. The school master's task to-day is indeed one that calls for courage and perseverance, when there is so much just outside the school that can influence our boys in the wrong direction. I am proud to say, and I say it in all humility, that in our staff we have a set of masters who place service before self. And this year they have been tested to the utmost, for it has been a year fraught with difficulties: difficulties of class-room accommodation, difficulties of staffing. Yet the masters have answered every call made on them, and have ungrudgingly yielded up their spare periods when necessity arose.

At the beginning of the second term Mr. Johns was taken seriously ill, and all through that term other members of the staff shared his work. I should like to record my appreciation of the fine gesture of one of our parents, Mr. C. N. Harris, who at that time voluntarily took over Mr. Johns' commercial class. The position was relieved after the start of the third term when Mr. G. I. Wall, a graduate of Sydney, joined the staff. We trust that Mr. Wall will enjoy his stay with us. Mr. Johns, I am pleased to say, is making slow but steady progress.

Early in the third term Mr. Longley had the great misfortune to be stricken with Polio, as was his son, Jeremy. The latter is making excellent progress, and actually took his Junior Examination. Mr. Longley is making a great bid to regain his health. We hope and pray that he will make a rapid and complete recovery. Mrs. Gaden Jones who, as Mrs. Blyth, was one of our most efficient Junior teachers when I first came here, volunteered to take over Mr. Longley's classes. To her we are extremely grateful. A further set-back was experienced when Mr. V. A. A. Fisher, our physical training master, accepted a business appointment at the beginning of the term. His place we were not able to fill this year, but for next year Mr. L. V. Shields, who has had a good deal of experience in physical education, has been appointed.

Despite these set-backs—possibly because of them—there has been a fine standard of accomplishment, both in scholastic and in general school activities, though these latter have perforce been restricted.

In scholarship we look forward to another good year. Whether we will do as well as last year remains to be seen. In the lists of the Public Examination passes published in January our boys figured prominently; indeed, we had one of the best Leaving results the school has ever had. Crisp, last year's Dux, passed in seven subjects, with distinctions in every one, a feat never before accomplished by a Hale School boy. He was awarded a Government University Exhibition, but elected to return to school. Watts, proxime accessit

last year, who had four distinctions, Robinson, three distinctions, and Cruickshank, two distinctions, were others who did extremely well. Ian Cruickshank, you remember, was selected as Australian representative for the World Youth Forum. In all, twenty distinctions were obtained, and these were spread over ten different subjects, evidence that there are very capable masters in all subjects. In the Junior, thirty-six certificates were obtained against thirty-three the previous year, while another seven boys completed or added to their passes. This year's Leaving form may well exceed last year's record, for the quality of the work has been excellent. Crisp, who returned to school, has undertaken a completely new course, and has done very well indeed.

The competition for Dux of the School has been even keener than it was last year. I congratulate Chase and McCall on their success, but close behind them are other boys who have done very fine work. In the other forms, there are outstanding boys, too, of whom you will hear more in the years to come. As I have pointed out before, this school imposes no entrance test, so that in the middle and lower school especially, we have boys of widely differing ability. For those who are not so gifted scholastically we have provided courses more suited to their abilities, but in most cases in the main subjects we have again arranged that the same masters teach both "A" and "B" forms. It is essential that weaker boys do not get the feeling that they are so inferior to others that they do not get the same opportunities for learning. My great regret is that as yet we cannot provide more suitable alternatives for those whose future is not to be purely academic. In the new school—more of which anon—I hope we will have more facilities for teaching other than purely academic subjects.

At the same time I deplore the ever-increasing tendency of parents to demand that their boys give up certain subjects because "they (to quote their own words) will be no use to them!" Education should not be purely vocational: rather it should aim at giving a boy a good general background, whatever his vocation may be. How much better it would be if the humblest manual labourer, the ploughman or the plumber, was also a man of education. It is tragic to see the absolute boredom of people in their leisure hours. And this boredom does not afflict only the less well-to-do. I fear it is just as prevalent among the wealthy who have ceased to exercise their minds, and who pay for entertainment or who are not happy unless they have the artificial stimulus of parties!"

The Headmaster then reviewed the sporting and general activities of the school, and, in particular, paid tribute to the masters and outside coaches who had given so much of their time to helping the teams, the Cadet Corps and the Air Training Corps, and the various school societies.

After commenting on the individual successes of Old Boys of the School, he passed on to the activities of the Old Haleians' As-

sociation. He complimented the committee and its willing helpers, especially the ladies who organised most of the stalls, on the success of the Fete held in aid of the Old Haleians' War Memorial Appeal Fund. Mr. Murphy appealed strongly to Old Boys and to friends of the School to help the Appeal, for, he said, the future of the School depends in no small measure on the success of the Appeal.

He continued: "The School has, as you know, a property of some 170 acres between Floreat Park and Scarborough. We should make use of it, or at least a good part of it. It is easy to say, as indeed I have heard said: 'You are doing well here. You have good buildings on a good site. You are doing well in games. You are doing very well in scholarship. Why do you want to move away? Anyway, you will never be able to get the money to build a new school, so make the best of what you have got.'

That we are making the best of what we have got I am pleased to admit, thanks to an able and energetic staff, but I am not satisfied that we are doing all we should do as educationalists. While fine buildings and broad acres will not of themselves make a great school, yet such possessions would enable us to do much more for our boys than we can at present. We can have a greater range of activities both in school and out. And what is more, we would be able to increase our numbers. The population of this State is increasing rapidly and there is a big demand for places in our schools. Is it right to restrict our numbers to their present level when so many are trying to secure admission? Indeed, the present numbers in many respects are uneconomical. The School, as any good school should, gives a wide range of alternatives in the Senior School. This results in our having very small 'sets' doing some of the alternative subjects. One master is occupied in teaching two or three boys in one set, another has but a half dozen doing another subject in one of his classes.

It is true that with larger numbers additional staff might be required for the 'core' subjects, like English and Mathematics, but there would be much less waste of teacher-power with the various alternative sets.

I do not wish to enlarge here on our present difficulties of accommodation, both in school and out—difficulties that are shared by other schools, too. In the new school I envisage not only ample class and laboratory accommodation, but at the heart of the school the War Memorial Hall. This will be no mere shell of a hall, but a real community centre with library and reading rooms, art and craft rooms, recreation rooms, and so on. Education is much more than instruction in school subjects.

The position in outdoor activities is similar. The new tennis courts here will be a boon, but our great problem is space for the big team games. Thanks to the help of an Old Boy, Mr. Tom

Fowler, three full-sized ovals have been practically cleared on the new property. It is likely that we will have to use these grounds in the near future, though there will be some inconvenience in arranging transport.

Not least of our difficulties is boarding accommodation. The new Junior House opposite the school holds 22 boys. The total number of boarders is 112. We cannot exceed these, for any increase will mean extensions to dining-room and kitchens. The first stage in building the new school might well be the Boarding House.

There are, at a conservative estimate, some 3,000 Old Boys still living. Not all are wealthy, but if a really concerted effort were made, if each one would give according to his means, I am sure that the Old Haleians' War Memorial Appeal would soon reach its objective. If the Old Haleians could provide the School with a main building, the Board of Governors would find the financial obstacle less formidable. You must remember that schools are not profit-making concerns. Though fees have been increased and, I fear, will be further increased, they only cover current expenses for upkeep, repairs and Masters' salaries."

In conclusion, Mr. Murphy thanked the Members of the Board of Governors, the teaching staff, Miss Twine and Mrs. Layton of the office staff, Matron Oliver and Sister Ford, and the Prefects of the School under the leadership of A. K. House, for their encouragement, help and co-operation during the year.

Captain of School's Report

YOUR Excellency, Governors of the School, Mr. Murphy, Members of the Staff, Ladies and Gentlemen,—

This evening I have great pleasure in welcoming His Excellency the Governor, who is to present the prizes this evening. To you, Sir, we extend a most cordial welcome on this, your first visit to Hale School, and hope that you will again, in the future, honour us with your presence.

This year in the athletic field we have had a very fair measure of success, offset, of course, by a number of failures.

Although the School suffered a defeat in swimming this year, the team showed considerable improvement, and should be crowned with success in the future if all members continue to train hard.

We extend our congratulations to Guildford Grammar School on their victory in that sphere.

The Life Saving Team did well to win the Shield again this year.

In the rowing the School congratulates the three crews on achieving the special distinction of winning the Head of the River, the second eight, and the fours race. I would remind all returning members of the crews that victories are won during training.

Although we did not play Scotch in the Unofficial Interschool Tennis Competition, the latter won outright by defeating Aquinas College and Guildford Grammar School. The team trained well, but for the first time in four years, found the opposition too strong. In the Athletics and in the Cricket Competitions the School had to lower its colours to Aquinas College. In both sports our boys did very well but were unable to obtain a victory. In the Cricket the School was undefeated. Perhaps had the gods been more favourable the tables might have been turned. However, we do not begrudge Aquinas their win, but offer our congratulations.

As a result of the Football team's being young, inexperienced and unable to produce good form, the School had to be content with fourth place. Scotch College fielded the premiership team, and it is to them that we offer our congratulations.

In the Interschool Shooting held last Saturday week the School was equal third with Guildford Grammar School. Our congratulations go to the winning team, Scotch College.

Again this year a series of House Competitions has been conducted. In the Senior School the competitions have met with success, and in the Junior School the House system has continued to function smoothly under the careful supervision of Mr. Mill. Also Junior Interschool sports' meetings have been held. In these the school football team was undefeated, but the swimming and athletic teams were defeated for the first time in five years.

The Junior School Dramatic Society again produced three very good plays and an excellent musical revue.

At the Boxing Tournament in second term, very good bouts between the junior boys were seen. To crown the evening with greater success more senior boys should participate.

This year the Debating Society has had a profitable season and School teams have had a most interesting round of debates against Scotch College, St. Hilda's School and Presbyterian Ladies' College.

This year the School Magazine, "The Cygnet," was published at the end of third term. Contributions for the Original Column were sent in more freely this year, but there is still a large number of boys who could make an effort to contribute something.

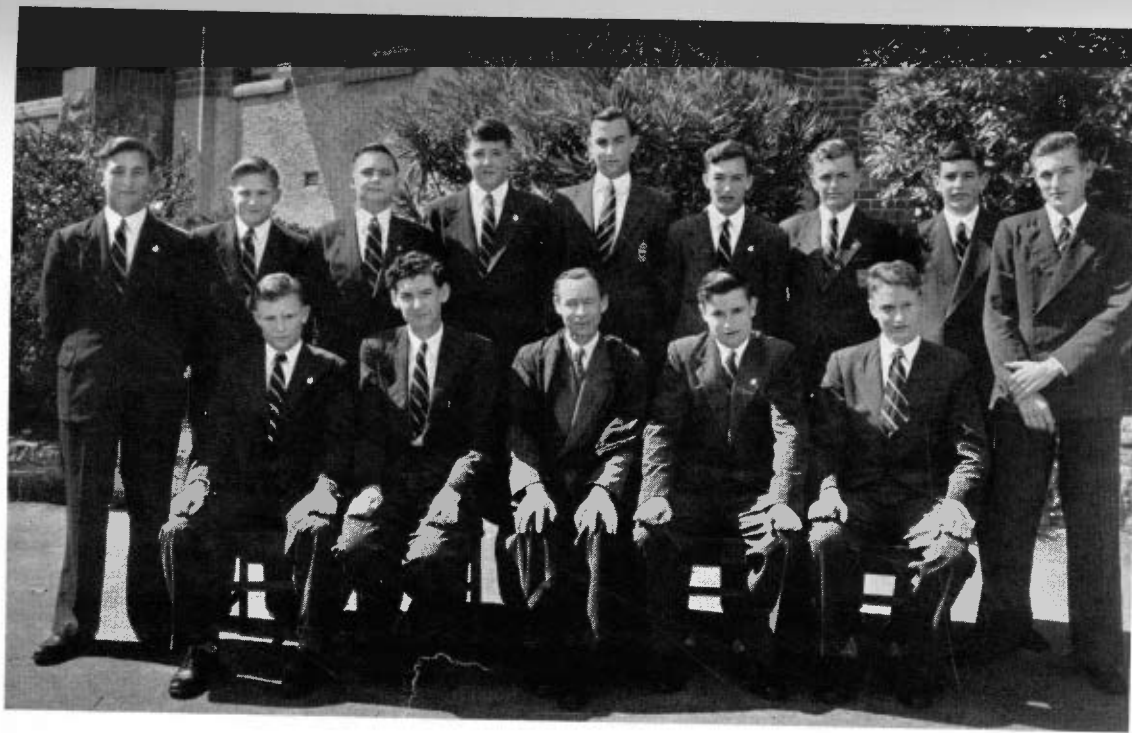

On the invitation of the A.S.C.M., the Headmaster, Masters and Prefects attended the most impressive annual service for University Students at St. George's Cathedral.

Both the School Cadet Detachment and Air Training Corps completed a highly educational year's training.

During the second term all boys were grieved to hear that Mr. Johns had become ill, and were sorry this term to hear of the illness of Mr. Longley and his son, Jeremy. The School welcomed Mrs. Gaden-Jones (formerly known to us as Mrs. Blyth), Mr. Wall, Mr. Pirrett, and Mr. Harvey to the staff. We are indeed sorry to hear that Mr. Hoar and Mr. McCarrey will be leaving us, and wish them every success in their new spheres.

Still fresh in our minds are the memories of the Prefects' Dance. I take this opportunity of thanking Mrs. Murphy and the mothers who prepared the supper. The dance could not have been such a success if Mrs. Murphy and her band of helpers had not prepared such a delightful supper.

To the senior boys I would like to say "Thank you" for the way in which you have co-operated with the Prefects. I would also like to express my sincerest thanks to my fellow Prefects for the support which they have given unhesitatingly to me throughout the year. They have, to the best of my knowledge, 'at all times supported the well-being of all in this school and have upheld its traditions and honour.'

"CYGNET" COMMITTEE, 1952

Standing : F. O. House, D. F. Willmott, S. J. Parks, D. D. Barriskill, D. B. Roberts, F. R. Clapin, I. R. Oldham, J. E. F. Haynes, M. L. Thornett.
 Sitting : A. O. Lodge, H. de H. Hamersley (Editor), Mr. A. C. Marshall, R. A. R. Slee (Secretary), C. C. Chase.

In conclusion, I would like to say that it is with regret that I and others leave school, but we realise that the time has come for us to take our place in the community outside the school. There is one thing I would like to say to those who are returning, and those who are leaving: no matter what you do, if it's worth doing, do it properly; and especially those who are leaving, remember this, that you are an Old Haleian for all time, and as such you must live up to your motto, "Duty"; duty to your King, duty to your country, and duty to your community.

Art of Speech

Art of Speech Students have taken keen interest in their work and they are making progress. Boys have taken examinations in the subject and the results to date have been of a good standard.

The importance of this erstwhile neglected subject is now coming into its own, especially since the radio play has become such a feature of our daily lives. Also, the study of the subject not only assists a person in any dramatic work he may undertake but is a decided advantage in general conversation.

The gradual disappearance of the former apathy towards the subject is marking a new era in the importance of the spoken word. We are in a world today when everything provides food for discussion, and debating is becoming more and more a sign of our time. In fact, one's education today is not complete without some introduction to the subject of forming one's opinions into a cold precise argument.

And one should try to develop a manner of speaking which reinforces these arguments.

OBITUARY

THE LATE GRA ROSSER

†

The School was stunned to learn, most of us from the morning paper, of the untimely death of Alfred Gra Rosser. We had all seen him at school as usual on the afternoon of Wednesday, July 9, yet before tea-time he had been taken from us.

The School remembered him in Assembly the following morning and abandoned all official activities after school. As many as could be fitted into the Parish Church attended the service at 3.15 p.m. on the Friday, at which the School Chaplain, the Rev. F. Eccleston, delivered a short, but moving address. The whole school then lined Colin Street to pay their last tribute to a highly respected schoolfellow, as his body, the casket covered with his blazer and the school flag, moved slowly through their ranks to its resting place at Karrakatta. There the service was completed at the graveside, Gra's fellow prefects with his Headmaster and Form Master acting as pallbearers.

Telegrams and messages were received from our brother and sister schools, many of whom sent representatives to one of the services.

Although the School sent messages of sympathy at the time, the Editor and Staff of the "Cygnet" take this first opportunity of recording their sympathy with his father, so well-known to us as the Rowing Coach, his mother, sister and young brother, John.

ALFRED GRA ROSSER: AN APPRECIATION

(Contributed by one of the Staff)

IT is the rare privilege of a Schoolmaster to move among fellow mortals at the best years of their lives; years full of vitality, fun and humour; years when grave and gay chase each other with such swift transitions. Seldom is it his lot to see that vitality cut off with such tragic suddenness as it was with Gra Rosser.

Though only sixteen years, nine months, he seemed older. His quiet dignity as a Prefect in his last six months at school would have suggested a much older boy. Yet into four and a half years at school he had crowded a good deal. He was the sort of boy who unobtrusively entered into everything school life offered. He reached top class in Boxing and Swimming, representing his school in the latter sport, and he stroked the Crew to victory this year, though only sixteen and a half. That achievement in no way affected Gra's modesty and we shall all remember him for that, as for his dignified if modest bearing, his sincerity, his sympathy with his young school fellows and his pleasant smile.

Dim and blurred must be the faith of him who cannot believe that such a promising young life is not ended but merely translated to a higher usefulness, a nobler, fuller growth.

We grieve that we could not say goodbye; but—was it Goodbye?

THE LATE MR. W. G. S. JOHNS

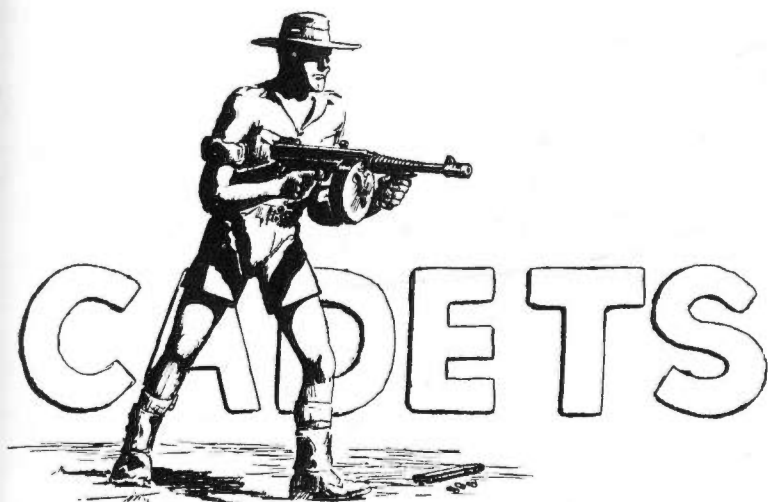

On Sunday, March 2nd, there passed to his rest one who, in spite of uncertain health, had served the school faithfully during his stay here on the staff. W. G. S. Johns, known affectionately as "Bill," was a great optimist, but not the sort who waited for things to turn up. He had a passion for work, whether it was making notes on the intricacies of Economics, systematising the knowledge he passed on to his classes, or attending to the working parts of a racing boat. At times it was a struggle for him to keep going, but he had a loyalty to the school he adopted rather late in life that should be an inspiration to us all, staff and boys. Despite the afflictions from which he suffered in his closing days, he remained remarkably alert and cheerful. The school owes no small debt to Mr. Johns for coming to us in our need and fighting so manfully to help us. His name is commemorated on one of the school's boats. May those who occupy its seats show the same grit as the man whose association with the school it remembers!

The funeral was on the 4th. The school was well represented and sent its tribute at the time, but the Editor and Staff of the "Cygnet" are proud to pay this tribute and to extend, unavoidably belatedly, their sympathy to his widow.

FIRST TERM

At the beginning of the Christmas holidays several boys from the Corps attended an Officers' and N.C.O.s' course which was held at Swanbourne Military Camp.

The following attended the Officers' course:—Sergeants R. A. R. Slee, F. O. House and Corporal A. G. Rosser.

At the commencement of the term the following were made Cadet Lieutenants:—Sgt. R. A. R. Slee (II I.C.); Cpl. A. G. Rosser and Sgt. F. O. House.

Owing to a limited number of Officers, L/Cpl. J. A. James and Cpl. O. P. Randell were also appointed to the rank of Cadet Lieutenant. Both had obtained high marks on the N.C.O.s' course.

As a result of the N.C.O.s' course the following promotions were made:—L/Cpl. M. L. Thornett to Sgt., Cpl. I. R. Oldham to Sgt., Cpl. J. B. Temby to Sgt., L/Cpl. Evans to Sgt., Cpl. R. E. O'Connor to Sgt., Cpl. P. B. Turner to S/Sgt.

Owing to a shortage of military instructors, the Cadet Lieutenants carried out all the instructing. The cadet recruits were issued with their clothing at the beginning of the term, and it was not long before normal training was in full swing.

During the term No. 1 Platoon trained as potential N.C.Os.

A. O. Lodge, who arrived back at school near the end of term, was promoted to C.S.M. because of his experience gained as a National Service trainee.

CAMP, 1952

On Saturday, the 3rd of May, the school Cadet Unit was conveyed by bus to Northam Military Training Camp.

Shortly after the unit had arrived it was issued with bedding and working dress. The rest of the day was spent in settling down.

On Sunday there was no set syllabus, so many of the boys occupied themselves in football activities. Leave was granted only to those with special permission from Captain Drake.

Over the period of first term and a weekend course which was completed in camp the following promotions were made:—Corporal R. P. Camm to Sergeant; Cadets M. J. Rosier, I. C. Bushell, J. A. S. Hogan to Corporals; Cadets D. B. Roberts, M. E. Kirby, W. R. King, H. V. Shotter, K. R. Troughet, J. E. Haynes, R. Chappell to Lance Corporals.

Everyone in the unit had a turn at firing on the open range. There were a few that scored high marks; there were also a few that did not qualify but will have an opportunity of doing so next term.

During some of the week nights the Corps attended two picture shows and a concert which were held at the Y.M.C.A. Hall. The entertainment consisted of gymnastics, magic and hypnotism, all of which were thoroughly enjoyed.

The response from all personnel was exceedingly good during camp. Everyone found the work interesting, especially the field craft, where there was a chance of getting lost.

One of the highlights of camp was the mock battle which was held on the day before camp ended.

On Saturday, the 10th of May, the Cadet Unit broke camp after a highly successful week which will be remembered for years to come.

Back Row : Cpl. M. W. Scott, Cpl. J. S. Harris, Cpl. B. G. Twine.
 Middle Row : Cpl. J. M. Hyde, Cpl. C. F. Bedford-Brown, Cpl. J. P. Bedford-Brown, Cpl. T. M. Jennings, Cpl.
 M. M. Vinnicombe, Cpl. J. F. O'Meehan.
 Front Row : Sgt. D. D. Barriskill, Cdt. P/O. G. L. Wheatley, Cdt. P/O. R. B. Hale, F/Lt. E. B. Adams, Cdt. P/O.
 F. R. Clapin, W/O. D. F. Willmott, Sgt. K. B. Yelland.

SECOND TERM

Parades were held every Thursday and instruction was given on the Bren L.M.G., rifle drill, company drill and marching. In addition to this there was occasional Saturday morning range practice at Swanbourne Rifle Range.

During the term Captain Drake received a letter from Army Headquarters congratulating the Officers and N.C.Os on their sterling work during the shortage of military instructors.

Midway through second term the Corps lost one of its most able officers with the death of Cadet Lieutenant A. G. Rosser. Lieutenant Rosser was largely responsible for the smartness of No. 1 Platoon, and was a constant source of inspiration to all those with whom he came in contact.

THIRD TERM

As in previous years there were no weekly parades held during the term because of the public and school examinations during the term. However, to complete the correct amount of hours' training, a weekend bivouac was held at Irwin Training Centre on the 20th and 21st of September. The Corps was instructed on ground cover, drill and a mock battle in completion of the bivouac.

On the 4th of October a team was selected from the Corps to shoot in the Commonwealth Challenge Cup. The following represented the team:—Lieut. R. A. R. Slee, Lieut. F. O. House, Lieut. O. P. Randell, Sgt. R. P. Camm, Sgt. R. E. O'Connor, Cpl. P. B. Bird, Cdt. J. B. Barr, and Cdt. H. S. Bagshaw.

Guildford Grammar School are to be congratulated on winning. The school finished in sixth place. The best shot for the school was Lieut. F. O. House with 64 out of 75.

The Earl Roberts Trophy was held on Saturday, the 11th of October, at Swanbourne Rifle Range. The team was as follows:—Lieut. R. A. R. Slee, Lieut. O. P. Randell, Sgt. R. P. Camm, and Cdt. H. S. Bagshaw.

The result of the shoot had not been decided before going to press, for there are still results to be secured. However, the school has a very substantial score of 233 points, compared with Guildford and Modern with a total of 192 points each.

The best shots for the team were Cdt. H. S. Bagshaw and Sgt. R. P. Camm with 66 and 65 respectively, the score being out of 80.

Air Training Corps

NOTES

THIRD TERM, 1951

Officers' and Senior N.C.Os' courses took place in the August holidays. Sgt. R. B. Hale, Cpl. F. R. Clapin, Cpl. G. L. Wheatley and Cpl. D. F. Willmott attended the Cadet Officers' Course. All passed with distinction.

A big number devoted themselves to the Senior N.C.Os' Course during these glorious August holidays. (Holidays?)

It appears some curious expeditions under the official name of Range Practices were held during this term. The aim seemed to be to lessen the personnel of the Swanbourne Rifle Range. However, to some they were practices, and these conscientious cadets competed in the Inter-Flight Shoot, coming second. The captain, C. P. O. House, was our best shot.

At the end of the year, C. P. O. House and W. O. Morrison gained Flying Scholarships, a distinction already held by C. P. O. House.

FIRST TERM, 1952

Weekly parades were resumed as soon as possible this term. There was no appreciable difference in the number of cadets.

Sgt. R. B. Hale and Cpl. F. R. Clapin were promoted to Cadet Pilot Officers, Cpl. Wheatley and Cpl. Willmott were given the ranks of Sergeants, Cadets K. B. Yelland, D. D. Barriskill, C. F. Bedford-Brown, and J. P. Bedford-Brown were promoted to Corporals.

In March the Annual A.T.C. Swimming Carnival was held. Hale repeated last year's performance, carrying away the cup. Wesley College was second.

SECOND TERM, 1952

During the May holidays an A.T.C. camp was held at Pearce. Hale Flight acquitted itself very well, the boys entering into all current activities. It is hoped that more camps will be held at Pearce, there being limited accommodation at present.

Several promotions were made early in the term. Sgt. G. L. Wheatley became a Cadet Pilot Officer, Sgt. Willmott a Warrant Officer, Corporals Yelland and Barriskill became Sergeants, M. W. Scott, J. A. O'Meehan, M. M. Vinnicombe, J. S. Harris, T. M. Jennings and J. M. Hyde were made Corporals.

All second year cadets passed their Proficiency examination, though at the end of the course they were nearly driven "bats," and some might be a bit re-"morse"-ful.

There was a gratifying attendance at a voluntary drill parade on Saturday, the 26th of July, a new afternoon drill procedure having been issued.

The final parade was held on the 14th of August.

THIRD TERM, 1952

During the August holidays Officers' and N.C.Os' courses were held. Hale School distinguished itself again in the Officers' Course. Cpl. Vinnicombe topped the Course, Sgt. Yelland came second, and L.A.C. Donaldson ran sixth. L.A.C. N. E. A. Johnson, L.A.C. G. M. Wager, L.A.C. K. D. Wardell-Johnson, L.A.C. D. D. Harris, and L.A.C. R. K. Moore passed with distinction in the N.C.Os' course, L.A.C. R. Weekes and L.A.C. T. A. Male passed with credit, and passes were gained by Cdt. J. K. Negus, Cdt. V. Shallcross, L.A.C. M. Normanbhoy, L.A.C. B. Saleeba, and L.A.C. B. M. Cameron.

The Inter-Flight Shoot will be held at Swanbourne Range on Sunday, December 7th. The team, comprising C.P.O. R. B. Hale, C.P.O. G. L. Wheatley, C.W.O. D. F. Willmott, Sgt. R. Yelland, Cpl. J. A. O'Meehan, and Cpl. M. Vinnicombe, have high hopes of success.

INTERSCHOOL SHOOTING, 1951

THE Interschool Shooting Contest for the Defence Cup was held on Saturday, the 1st of December, at the Swanbourne Rifle Range. Conditions were not ideal, because of misty rain and a cross-wind.

All teams were very close and first position was undecided until the end.

Scotch eventually proved to be the best team, scoring 456 points. They were followed by Aquinas with 443 points; Hale and Guildford tied for third position each scoring 439 points.

After shooting at the 200 yards mound had finished, Hale was leading with 247 points, followed by Scotch with 246 points and Aquinas with 242 points. Guildford with 235 points was slightly behind the other three teams.

Our team consisted of House, A. K. (Captain); House, F. O.; Randell, O. P.; Howe, J. H.; Slec, R. A. R.; Camm, R. P.; Willmott, D. F.; Hale, R. B.

The best shots on the day for us were House, A. K., Slec, R. A. R., who both scored 62 points, and Howe, J. H., who scored 58 points.

House, A. K. and Slec, R. A. R. are to be congratulated on being Champion Rifle Shots for the school.

We must thank Mr. Drake for the help and encouragement he gave to the team.

THE HOBBIES EXHIBITION, 1951

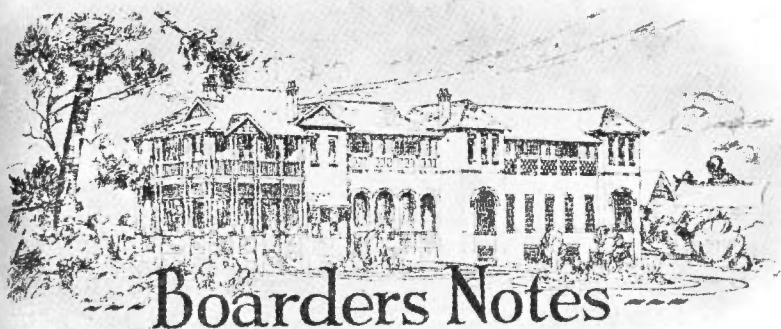

THE Hobbies Exhibition this year was held on Saturday, 8th December, in conjunction with the School Fete. The numerous attractions of the Fete had a tendency to divert interest from the Hobbies section, which, nevertheless, well rewarded those who did visit it. Compared with recent years however, the standard of the Exhibition was not as high as it should have been, but this may, to a certain extent, be attributed to the inevitable distraction caused by the preparation for the School Fete. At any rate, this year the traditional contribution of the Science Department was lacking, and many who attended the Exhibition expressed their disappointment that the display of chemical and industrial processes usually found there had been discontinued. However, we trust that the Sixth Form scientists will show more energy on the next occasion.

To conclude on this reproachful note, though, would be unfair to those boys who, by their individual efforts, and despite the apathy of the bulk of the school, were responsible for such success as the Exhibition did achieve. The exhibits of wood work, raffia work and clay modelling arranged in their form rooms by the Junior School, was a notable feature. The highlight of the Exhibition was, of course, the model aircraft display given by Clapin and his group of enthusiasts, in the school tennis courts.

SHOOTING, 1951

Back Row : J. H. Howe, D. F. Willmott, F. O. House, R. B. Hale, D. P. Reid, R. P. Camm, O. P. Randell.
 Front Row : A. K. House (Capt.) Mr. L. Drake, R. A. R. Slee.

THIRD TERM, 1951

BOARDERS strung reluctantly back to the House on 3rd September and School settled down in earnest the following day.

During the holidays five boys from the House attended an A.T.C. Officers' School. They were Sgt. Hale, Cpls. Clapin, Jack and Wheatley and Cdt. Willmott, who was promoted to Corporal at the Camp. News has since been received that Hale was second in the State and that both he and Clapin have been promoted to the rank of Cadet Pilot Officer. Our congratulations go to both these boys.

Early in the term the whole House was very sorry to hear that we were to lose Mrs. Williams, who was to take up an appointment at St. Mary's School. At a farewell assembly, she was presented with a table lamp and two afternoon tea cups as a token of our appreciation and affection.

The presentation was made by a member of Junior House, where her loss was most deeply felt. She will long be remembered by all of us as a kindly and sympathetic helper. We wish her every success in her new position.

The School was very fortunate in obtaining the services of Miss Irving, who soon established herself in the hearts of the Juniors. We hope her stay will be a long and happy one.

The House finished second in the Inter-House Athletics with a total of 191.4 points (Faulkner House, the winners, had a total of 197.1). This year the other Houses have rallied greatly and next year we shall have to look to ourselves if we are to be successful in the various competitions. Our congratulations go to Faulkner House.

We had however two champions for their age groups: Eddie Powell was under 16 champion and Bevan Harewood under 13 champion. Congratulations!

The House was fairly well represented in the 'Inter's' this year by the following: Craig Baxter, Bevan Harewood, Fred House, Dave Lewis and Eddie Powell. Also worthy of mention is Terry Reynolds who was extremely unlucky to catch 'flu just before the big day, thus being unable to run. Craig Baxter, too, was handicapped by his long spell of inactivity due to his knee injury.

In shooting, the House was well represented, seven out of the eight members of the team and the reserve being boarders.

Those representing the school from the House were: House, A. K. (Captain of Shooting); House, F. O.; Howe, J. H.; Hale, R. B.; Randell, O. P.; Slee, R. A. R.; Willmott, D. F.; and Reid, D. P. (Reserve).

'Tubby' House and 'Slag' Slee both shot well, each gaining the score of 62, only one point behind the champion shot. Congratulations on a fine effort. J. H. Howe and Willmott also shot well to score 58 and 57 respectively.

In the House shooting the House team consisted of:—House, A. K.; House, F. O.; Slee, R. A. R.; and Willmott, D. F. Slee was champion shot for the day with the extremely fine score of 34 out of 35. Once again our congratulations go to him. Willmott and Fred House each scored 31 and Tony House, 30. It is interesting to note that while all our representatives were in the thirties, no member of another house attained this score. Hence we ended up winners with a total score of 126.

Unfortunately, the second round of the Inter-House cricket had to be abandoned owing to the weather. Thus with only the results of first term to count we finished equal third with Buntine House, whilst Wilson and Faulkner were equal first.

Pictures were held, and much enjoyed, on every week-end save the leave weekends and twice when the projector broke down.

The Boarders' Feast was held on Friday the 7th and our sincere thanks go to Matron, Sister and Miss Irving for having made it such a success. Bob Clapin made a short speech and proposed a toast to those leaving and to this Tony House replied.

The Prefects' Dance, on the 4th, of course attracted many Boarders and it was a sight for sore eyes to see the customary barefooted and grubby boys, as clean as new pins, struggling with collars and other such 'manly appliances!'

After this and other end of term festivities, including the fete on the 8th, School broke up on the 10th of December.

FIRST TERM, 1952

We returned to school on the 11th of February to find, as usual, many familiar faces gone from among us. Those who left were:

Anderson	House, A. K.	Powell	Sutherland, E. J.
Brandenburg	Howe	Randell, A.	Taylor, J.
Dungey	Husbands	Reid	Thompson, P.
Fisher, R.	Jack	Reynolds	Wainwright
Glendenning	Pennefather	Smith, B.	

The following have also left the House for the Day School:—

Boyne	Gracie	Minchin, I.	Weekes
Dempster	Hale	Nicholson	
Foulkes-Taylor, A. C.	Matthews	Rosser, A.	
Foulkes-Taylor, W. J.	Minchin, A.	Walsh	

But, of course, there were many new and unfamiliar faces to be seen. We have since identified the following new boys and welcomed them to our family circle:—

Breeden	Hardy	Ness	Stone
Bremner	Hester, R.	Roberts, H. C.	Sutherland, G.
Bungey	Jefferis	Roberts, A. L.	Thomson
Cowan	Lee Steere	Ryan	Willmott, J. C.
Fisher, S.	Lodge	Sermon	Willmott, J. R.
Gibbs	Lyneham	Sewell	
Gillespie	Mitchell	Spark	

On our return we were all very pleased to hear that Fred House and Gerry Wheatley had been appointed House Prefects, and that immediately upon their arrival they would take up positions in Junior House. Later on, John James was also made a House Prefect, and Bob Slee was appointed Captain of the House for 1952. Our congratulations to them all, especially Bob, on their well-deserved appointments.

We also found that both Mr. Brand and Mr. Barrett had left us. We were sorry to hear this, and wish them every success in their future careers. The gaps left by their departures were ably filled by Messrs. Bolton, Morris and Strahan. We welcome them to our family circle and hope that their stay will be long and happy.

Soon after school commenced both Bob Slee and Bob Clapin were appointed School Prefects. They were followed in due course by Fred House and later still by Gerry Wheatley and John James. Congratulations to all upon well-earned appointments.

Several weeks after the beginning of term we were provided with some lively entertainment at the expense of the new boys in their official initiation ceremony: the New Boys' Boxing.

In the Interhouse Swimming, held in conjunction with the school swimming sports, we had to lower our colours to both the other

Houses. Buntine House was the winner, Wilson second, and we a very poor third.

The three day-boy Houses have now been regrouped to form two Houses, Faulkner House being eliminated. This means that we are going to have to go very hard to score wins in the future.

Those from the House in the school swimming team were O. M. Williams (Captain of the Swimming—congrats., Box!), F. O. House, D. J. Taylor, S. M. Williams, and N. Gamba, who was a reserve.

In the victorious "A" Life-saving Team the only member of the House was O. M. Williams, who was captain of the team. (Congratulations again, Box!) In the "B" team were A. Wilson and N. Gamba.

In the rowing the House was fairly well represented in all crews. In the First IV were Bob Clapin and Ian Barron (cox). In the winning Second VIII were Ian Bushell and John Barr, and in the Head of the River crew for 1952 were Fred House and Gerry Wheatley. Good work, men!

In the First XI we are represented by M. Scott, J. F. O'Meehan, O. P. Randell, D. T. Lewis, C. R. Baxter, D. Thomson and R. Sermon.

The Interhouse Cricket was not, from our point of view, entirely successful. We were defeated in the first match by Wilson House, but made up, in part, for our defeat by defeating Buntine House in the next match. However, Buntine was defeated by Wilson, who were thus the winners of the competition. Those from the House who distinguished themselves in the House matches were Merv. Scott and Dave Lewis. Merv. made the very fine score of 57 not out and took 5 for 39 in the first match, and in the second made 15 runs and took 6 for 15. Dave's plucky batting in the second match impressed everyone. At about 15 runs he had to retire temporarily due to an injured hand. When he returned to the crease he raised his score to 31 before he was again injured, this time so badly that he was unable to continue batting or to field.

After Easter the whole House was very sorry to have to say good-bye (temporarily) to Mr. Altorfer, who left on the s.s. Mooltan for a tour of Great Britain and the Continent. We all wish him a very happy trip and look forward to his return in November. As a token of our feelings, Slee presented to him, on behalf of the House, a travelling clock and a "mobile" blotter. He will be greatly missed from both the school and the House, where he has almost become a part of the structure.

During the term some films were shown and enjoyed by all. They were: "Border Incident," "Adventures of Tartu," "Scene of the Crime," and "Dr. Gillespie's Casebook." We are very happy to say

that the sound trouble so long associated with the projector has at last been cured.

As is usual during the term, there were comings and goings of boys to and from the House. After Easter we welcomed O. M. and S. M. Williams, and soon after very regretfully said good-bye to that person who made life livable, Bob Turner, who left for the Eastern States. Good luck, Bob! Also, later in the term we welcomed J. Boyne to the House.

In the Cadets and A.T.C. we have quite a number of "big noises" (in more ways than one). In the Cadets are Lieuts. Slee (21.C.), F. House, O. P. Randell, and James. Also in the Cadets, Sgt. O'Connor. Later on in camp two more Cadets were given ranks. They were Cdt. Bushell to Corporal, and Cdt. Roberts to L/Cpl.

In the A.T.C. we are represented by C.P.O. Clapin and Sgts. Wheatley and Willmott.

The Cadets went into camp on the 3rd of May for a week's training before the end of term.

The remaining boarders left school on the 10th of May.

SECOND TERM, 1952

We returned somewhat reluctantly from the May holidays on May the 26th and commenced the term's labours the following day.

We were very sorry to hear that, during the holidays, Sister Forde had left us. We welcome Sister Hobbs among us and hope that her stay will be a long and happy one. Some time later we were also very glad to welcome Mr. Barrett, already well known to most of us, back to the House. Also during the term we were sorry to lose Mr. Morris.

As football is the principal sport this term, all members of both House and school were soon training hard. The Interhouse Competition was this year held before the Cup matches. In them we were unsuccessful, losing to both Buntine House and Wilson House.

In the school XVIII we were well represented by the following:—F. O. House (Captain of the Football), O. P. Randell (vice-captain). We congratulate both of these boys upon their well-earned appointments, especially Fred. Others in the XVIII were R. Slee, G. Wheatley, J. O'Meehan, A. O'Meehan, M. Scott, D. Lewis, C. Baxter, and I. Bushell. Also we congratulate Bushell and J. O'Meehan upon receiving colours for football.

During the term a number of films were shown, including: "The Three Musketeers," "The Yearling," "The Mutiny on the Bounty," "Pride and Prejudice," "Cockeyed Miracle," "Julia Misbehaves," "Act of Violence," "To Please a Lady," and also some general films, mostly

upon Europe, for which we are deeply indebted to Mr. Peet, who lent them to us.

There were several other diversions from the ordinary run of school life. They were, notably, school dances and boxing. The school dances, which involved many of our social types, were held at some of the other schools. With the memory of these dances still lingering in our minds, we look eagerly forward to our own school dance at the end of the year. Of boxing, there were two evenings of this brutal entertainment held. The first was our own school boxing tournament. Many boys from the House took part and we must especially congratulate "Pud" Randell, who was school champion for 1952. The second was an interschool tournament with Guildford and Christ Church, held at Guildford. Once again there was a large attendance of boys from the House and we take this opportunity of thanking Mr. Strahan for giving up his time to show the film which these boys had missed by going to the boxing.

In the Cadets we were represented by the same officers and N.C.Os. as last term, but in the A.T.C. some big changes took place this term. Sgt. Wheatley was promoted to Pilot Officer and Sgt. Willmott to Warrant Officer, whilst the following were made Corporals: M. Scott, J. F. O'Meehan, and J. M. Hyde.

THIRD TERM, 1952

The term of horrors for Junior and Leaving boys commenced on Tuesday, 9th September, members of the House having returned the previous day.

There were the usual comings and goings always associated with a new term and we returned to find that Bushell (i) had left us. Soon after the beginning of term we lost Gamba, Lacy and O. M. Williams, the latter to the day-school. However, we were also able to welcome Devenish to our circle.

Not long after the commencement of term D. Willmott was made a House Prefect. Congratulations, "Dynamite"!

In the interhouse athletics competition we were not very successful, only managing to fill third place.

In the interschool athletics we were well represented by J. F. O'Meehan, Baxter, F. O. House, Wheatley, Barr, J. A. O'Meehan, Farr, Bungey, D'Arcy and Mercer. Bevan Harewood was very unlucky to contract 'flu and was thus unable to run.

At the time of going to press there were no other events to record and the conclusion of third term's notes will appear in next year's "Cygnet."

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT W.A.C.A., WEDNESDAY, 19th MARCH, 1952.

Oldham won the toss and elected to bat on a fast wicket.

Runs came slowly, although the openers were not troubled by the pace bowlers. Cullity had Oldham caught close in on the off side for a very patient 19, and the school had made an excellent start with the score at 1 for 33.

O'Meehan and Johnson carried the score to 49, when O'Meehan was stumped. The middle batsmen did not respond and the school was 5 for 60 at lunch, after 2½ hours play. Immediately after lunch two wickets fell and the school was 7 for 63. Baxter joined C. Brown and within 7 minutes was back in the pavilion with 20 to his credit, consisting of two sixes and two fours. C. Brown went with the score at 90, having scored 10 runs in 95 minutes. The School was all out for 90 made in 186 minutes.

Aquinas began their innings at 2.19 p.m., needing 91 runs in 210 minutes.

C. Brown struck first blood for the School when he had Salt lb.w., Baxter caught McCormick off Merritt, and Aquinas were 2 for 18. Cullity and Fogarty took the score to 48 when Cullity was run out. Houghton went with the score at 71, but Aquinas passed the School's score with 6 wickets in hand. Fogarty was out with the score at 106, having contributed 59 in excellent style.

Aquinas batted out time and finished with 183 for the loss of 8 wickets.

The result was very disappointing for the School, after such a promising start.

HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT KING'S PARK, SATURDAY, 22nd MARCH, 1952.

Lawson, the Wesley captain, won the toss and sent Hale in to bat on a wicket that showed signs of crumbling late in the day.

Oldham and Johnson settled down quite well, although Oldham was troubled by Ray's inswingers. Johnson was unfortunate to hit a ball on to his boot and then the stumps, and the School was 1 for 13. Oldham and Thornett settled down to an excellent partnership which yielded 57 runs in even time; their stroke play and running between wickets was first class. Thornett went with the score at 70, having contributed 12 to the partnership. C. Brown did not last long, Turner looked like settling down, but Vernon beat his defences and had him l.b.w. With the score at 4 for 109 the School had made an excellent start.

Oldham went with the score at 114, having contributed a brilliant 76 including 10 fours. His innings occupied 121 minutes. The balance of the team offered little resistance, and the School slumped from an excellent position of 3 for 109 to all out for 127.

Wesley began their innings at 1.55 p.m.

Lawson and Miller opened confidently, but Merritt separated them with the score at 11, when he had Miller l.b.w.

The early batsmen were untroubled by the School bowlers and the third wicket fell at 73.

Immediately after tea, C. Brown bowled Joynt and with the score at 5 for 91 the School still had an excellent chance of victory. Bungey and Vernon dashed our hopes with a very confident partnership which carried the score to 167.

The next three wickets fell for 7 runs, but the last pair added 35 in an unfinished partnership.

Wesley are to be congratulated on an excellent debut in Darlot Cup cricket.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT W.A.C.A., WEDNESDAY, 26th MARCH, 1952.

H. Gooch won the toss and sent Hale in to bat on an almost perfect wicket.

Oldham and Johnson opened for Hale. Johnson was bowled in the first over when he played over a yorker from Fleming, and the School was in an unhappy position with the score at 1 for 1. Oldham was caught at the wicket in Sounness' first over and the School was 2 for 6.

C. Brown joined Thornett and the pair added 19 runs before Brown was run out. Turner and Thornett then provided the brightest partnership of the day, both playing excellent shots to all parts of the ground. Turner was out l.b.w. to G. Gooch for 20, with the score at 61.

O'Meehan and Thornett carried the score to 80 when O'Meehan was caught in slips. Thornett was run out when attempting a short run, his 41 occupied 124 minutes of very attractive stroke play. Merritt and Randell played quite well, but the innings fell away and the School was all out for 107 at 12.20 p.m.

Scotch began their innings with 4½ hours to score 108 runs for victory. Carter and Cusack were untroubled by Merritt and C. Brown. Thornett broke the opening partnership when he threw down Carter's wicket, and Scotch was 1 for 9. Cusack and Sounness took the score to 51 when Cusack was dismissed l.b.w. by Merritt.

At tea Scotch was 5 for 71 and Hale appeared to have an even chance of victory.

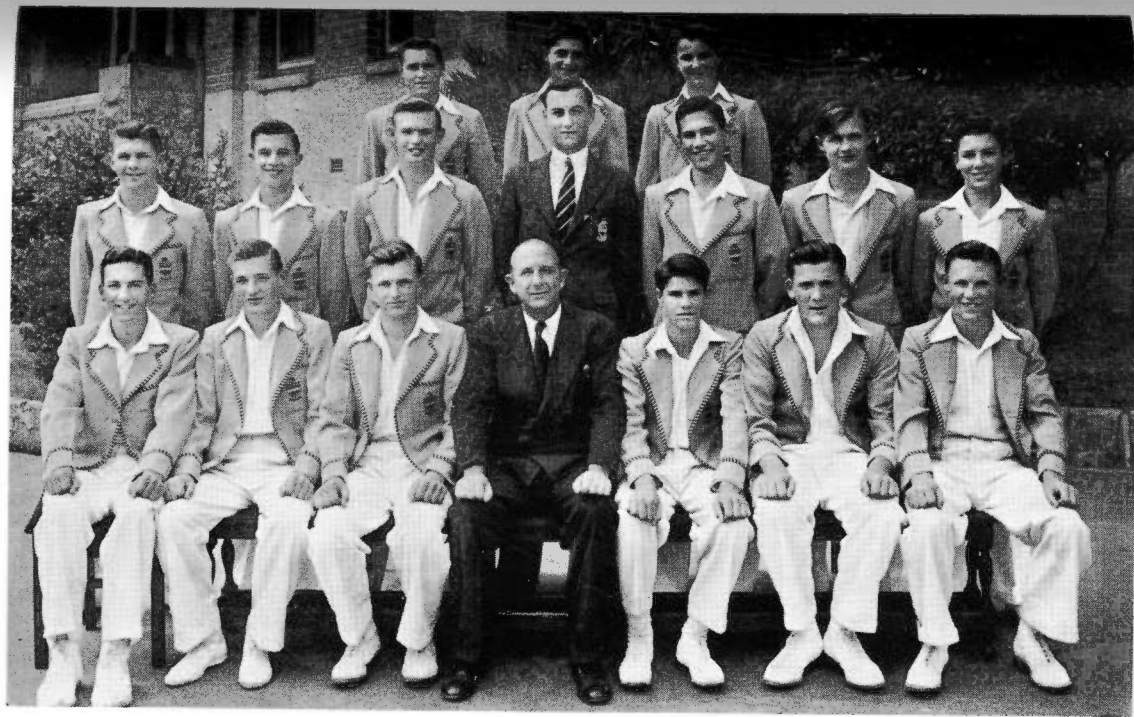

Dry was caught and bowled by C. Brown and G. Gooch was another of Merritt's victims, making the score 7 for 93. Wade survived the struggle and Scotch had three wickets in hand when they passed the School's score. Wade was well caught by Randell with the score at 108 and the last two wickets fell for 1 run.

Merritt is to be congratulated on his excellent bowling performance, his figures being 17 overs, 5 maidens, 40 runs, 5 wickets.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD, WEDNESDAY, 2nd APRIL, 1952.

HALE SCHOOL

Clark won the toss and sent Hale in to bat on a very grassy wicket which appeared to be very easy.

The School started disastrously when Johnson was caught at the wicket, and Oldham and C. Brown were also dismissed within the first 15 minutes of play. Thornett and Turner looked like consolidating the position, but Turner lost his wicket with the score at 16.

Thornett and Sermon settled down and added 14 for the sixth wicket. Thornett was caught with the score at 46, having contributed a fighting 29 runs. The School were all out for 48, which,

by the state of the wicket, created the impression that lack of concentration in the critical stage of the game brought about the downfall.

Guildford began their innings at 11.45 a.m., and at lunch were none for 8.

Oldham bowled Sherwood to make the score 1 for 11. McDermott was run out with the score at 25, and from then on wickets fell steadily until Guildford were 9 for 48. However, the last pair added 10 runs to give them a slight lead on the 1st innings. C. Brown bowled exceptionally well to capture 5 for 12 from 11.3 overs.

The School began its second innings at 2.50 p.m.

Johnson was bowled for 5, and Thornett was caught in the gully. Oldham, however, began to open out and at tea the score was 2 for 57.

C. Brown was stumped immediately after tea, but Turner and Baxter helped Oldham force the pace and the score reached 100 in 78 minutes. Randell took 9 from the only over he faced and the School declared at 5 for 110.

Oldham's innings was excellent, considering that he was trying to force the pace.

Guildford had 70 minutes to score 101 runs for outright victory.

The School was hopeful when the score slumped to 2 for 11, but by defensive methods the batsmen consolidated the position and at stumps Guildford was 3 for 54, thus making a very tame finish to the match.

FIRST ELEVEN v. MR. LOTON'S ELEVEN

The traditional annual match against Mr. Loton's XI was played at Herne Hill on Monday, 10th March, 1952.

Mr. Loton's team batted first, but were soon 1 for 7, when Merritt had G. Rakich caught by Thornett.

However, the middle batsmen were equal to the task and by forceful means the score mounted rapidly.

Eventually the team was all out for 188, of which J. Rakich compiled a brilliant 63 and J. Mann, 35.

The School began disastrously when Oldham and Johnson were both out with only one run on the board. However, Turner and C. Brown set about the bowling and added 123 for the third wicket. At the end of the day the School was 5 for 146, still needing 43 for victory.

We would again like to express our sincere thanks to Mr. Loton for the delicious luncheon and afternoon tea, also the grapes and watermelons which, as usual, were the centre of attraction.

MR. LOTON'S ELEVEN, 188 (C. Brown, 2 for 36; Merritt, 1 for 41; Oldham, 4 for 40; Thornett, 1 for 13).

SCHOOL, 5 for 146 (C. Brown 59 ret., Turner 65).

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT AQUINAS, WEDNESDAY, NOVEMBER 5th, 1952.

Owing to rain, the match did not start until 2 p.m. Oldham lost the toss and the school was sent in to bat on a rain-damaged wicket. During the first hour the wicket played very easily and the first wicket fell at 89, when Oldham was out for a brilliant 75, which included 13 fours. The middle batsmen failed, but the later batsmen consolidated the position and the school was able to declare with the very respectable score of 8 for 146.

Aquinas began their innings a few minutes after 5 p.m. and were immediately in trouble to the school openers. Wickets fell

steadily and the school appeared to have a chance of victory when half the side was out at 5.30 p.m. However, dogged batting by the later batsmen saved the day and when stumps were drawn Aquinas had lost 7 for 32. Brown and Merritt deserve credit for their bowling performance, as they bowled throughout the innings and returned very impressive figures. The result of the match was very pleasing for the school, as it proved the team to be much stronger than in first term.

HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT WESLEY, SATURDAY, NOVEMBER 8th, 1952.

Oldham lost the toss and Wesley went in to bat on a fast, true wicket.

The school openers did not trouble the batsmen and Wesley passed the century with six wickets in hand. However, a different

complexion came over the game shortly before lunch, when Brown took three wickets in one over to put the school right back in the game at lunch.

Wesley was all out half an hour after lunch for the moderate total of 145, which, judging by the state of the wicket, was not beyond the school's capabilities. The school openers were troubled from the start and wickets fell steadily to the swing bowling of Vernon and Ray. At tea the school was in a very uncomfortable position with 5 down for 32.

After tea wickets fell more rapidly and the school was 9 for 48 when Merritt and Thornett became associated in an excellent last wicket partnership which yielded 39 runs.

Wesley began their second innings at 5.1 p.m. and were in trouble throughout, mainly due to the fine bowling of Merritt, who took 4 for 3 from 5 overs.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SCOTCH, WEDNESDAY, NOVEMBER 12th, 1952.

Oldham won the toss and sent Scotch in to bat on a bare wicket that turned out to be very uncertain.

Scotch were in trouble from the start and wickets fell steadily throughout the morning and at lunch Scotch were 9 for 64, due mainly to the exceptionally good bowling of Brown, who took 6 for 14 from 11 overs.

After lunch two chances were dropped and the last pair carried the score to 98, which on this wicket proved to be a winning total.

The school started disastrously and were 6 for 26 before Merritt and Baxter consolidated the position. However, they could not hold out against the Scotch attack and after they were separated the end of the innings came quickly.

Scotch batted again after tea and, as in the first innings, they were soon in trouble. The varied attack employed by Oldham was very successful, and the climax to the day came with the last ball, when Randell took a glorious overhead catch at long-on to dismiss McKenzie.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT KING'S PARK, WEDNESDAY, NOVEMBER 19th, 1952.

Oldham lost the toss and the school were sent in to bat on a wicket that threatened to crumble later in the day. The school began rather badly, but the score rose slowly as Turner and Thornett

gained confidence. When Oldham settled down the scoring rate rose and the school passed the hundred with six wickets in hand. A slump followed Brown's dismissal at 108 and except for a good last wicket stand of 31 the school may have been in a bad position.

Guildford started badly and would have been in a serious position had it not been for a fourth wicket partnership of 41. However, they never appeared likely to win and the school registered its first Darlot Cup win for the year.

The school had three hours in which to bat again.

After O'Meehan's dismissal, Randell and Merritt provided the best partnership of the year when they added 105 in 58 minutes. The rest of the batsmen went for the runs and wickets fell regularly.

FOOTBALL

HALE SCHOOL v. AQUINAS COLLEGE

AT SUBIACO, 18/6/52.

THE first Alcock Cup match, as expected, was a hard game against Aquinas. After rain in the morning the ground was very wet. Soon after the start Aquinas scored a goal, which was followed by another from a very acute angle by M. Ward. The school team now settled down and Slee goaled. Lewis, at centre, was playing well. Hale were in attack for the rest of the first quarter.

Immediately at the start of the second quarter Hale attacked, but Aquinas came back with a goal. After Prater goaled for Hale, a passage of midfield play followed with Johnson, at centre half-back, prominent. The second quarter was more even than the first.

After half-time, the game see-sawed between the back lines until Aquinas scored two quick goals, the latter due to a misunderstanding in Hale's back line. The school team was giving away too many free kicks at this stage.

The last quarter commenced at a fast pace with Aquinas attacking. The Hale backs, playing well, kept them out. The Hale team battled well, particularly House in the ruck, but could not score. The game finished with Aquinas having a well deserved victory after a hard match.

Final scores: Aquinas, 8 goals 19 behinds, defeated Hale, 2 goals 5 behinds.

Best Players: House, Johnson, O'Meehan, Lewis, C. Brown, Bushell, Prater.

HALE SCHOOL v. WESLEY COLLEGE

AT SUBIACO, 25/6/52.

Wesley had scored 1.1 before the ball went to Hale's half-forward line. After another goal by Wesley, good play by Hale brought two quick goals. Play became scrumbly for the rest of the quarter with no further scores.

The greater part of the second quarter was midfield play with Hale's rovers, O'Meehan and Prater, playing very well. Excellent play brought a goal to C. Brown. Both teams goaled before the end of the quarter.

After half-time play was at a quicker pace. During this quarter Hale went farther ahead, keeping Wesley to only one point. Hale goaled as the siren went.

The final term commenced in a more open fashion, Barriskill kicking his second goal. The final few minutes developed into a hard battle. The school team won their first match, a rugged one, quite comfortably.

Final scores: Hale, 9 goals 6 behinds, defeated Wesley, 4 goals 5 behinds.

Best Players: Prater, O'Meehan, J. Brown, Johnson, Lewis, Randell, C. Brown.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

AT BASSENDEAN OVAL, 2/7/52.

The first quarter produced sluggish football with the school team's kicking badly directed. There was very little system in either side. Guildford led at quarter-time.

The second quarter was a little better than the first, with more combination in the forward lines. Oldham at half-back was playing strongly for Hale. Hale regained the lead when Baxter kicked a perfect drop-kick goal.

During the third quarter Hale played better football, going away to a handy lead. Prater was again roving well.

Hale attacked in the last quarter, but this quarter was mostly Guildford's, who attacked consistently. The game became exciting, as the difference was only two points. Hale goaled in the final few minutes.

Final scores: Hale, 7 goals 6 behinds, defeated Guildford, 6 goals 4 behinds.

Best Players: Oldham, Prater, Lewis, Randell, House, Camm.

HALE SCHOOL v. SCOTCH COLLEGE

AT SUBIACO, 9/7/52.

The game was played throughout in the worst of conditions. Except for five minutes at the start, rain did not stop all the game. The first quarter opened with a goal to Scotch, followed by two to Hale. At this stage play was open, with Hale attacking. Then the rain came. From then on the ball left the ground only occasionally.

The second quarter was a hard slogging contest with little interest for the spectators. Scotch scored two soccered goals to give them a handy lead in the heavy rain. Randell was playing well for Hale.

By the third quarter there were lakes on the ground, turning the game into a soccer match. It was impossible to play really systematic football. Scotch held their lead.

Although the school team, with House leading them well, battled to the end, the lead established by Scotch was too much in the heavy rain. Scotch's advantage in height and weight had a telling effect in the rain.

Final scores: Scotch, 5 goals 11 behinds, defeated Hale, 2 goals 5 behinds.

Best Players: Randell, Prater, House, Johnson, Lewis, Camm.

HALE SCHOOL v. AQUINAS COLLEGE

AT AQUINAS COLLEGE, 23/7/52.

In the first quarter Hale were slow to settle down, Aquinas scoring early. Prater was roving well. The second quarter was by far the best for Hale, with the team continually in attack and unfortunate not to score more. Oldham, at half-back, was playing strongly.

After half-time Aquinas were the better team all round, showing the school team how to play football. Throughout the game the backs battled hard against a very good attack.

The faster Aquinas eventually had a well deserved win.

Final scores: Aquinas, 16.20, defeated Hale, 3.2.

Best Players: Prater, Oldham, Randell, Johnson, O'Meehan, Lewis.

HALE SCHOOL v. WESLEY COLLEGE

AT WESLEY COLLEGE, 29/7/52.

Wesley were first to score, keeping up the pressure throughout the first term. Randell, in a full-back pocket, was playing well. The school was slow to start. The second quarter was more even, though Hale forwards were unable to goal. So far there had been very little between the teams. For Hale, Oldham at half-back was giving good service. Little team work but more hard bumping was seen during the third quarter. Being behind at three-quarter time, Hale could not finish on and was beaten by an improved Wesley side.

Best Players: Randell, Oldham, de Rouffignac, Johnson, House, Bushell.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

AT SUBIACO, 6/8/52.

The return match with Guildford was close throughout, only two goals separating the teams throughout. Guildford had improved since the last game and played the game hard. Guildford were first to score and kept the lead for most of the match. House and Oldham were playing well, particularly the former. In the last quarter Hale gained the lead, but then seemed to slacken. Guildford pressed hard to regain the lead and win the match. Hale played well to gain the lead, but again did not finish as well as was expected.

Final scores: Guildford, 8 goals 5 behinds, defeated Hale, 8 goals 4 behinds.

Best Players: Oldham, House, J. O'Meehan, Bushell, Merritt, Wheatley.

HALE SCHOOL v. SCOTCH COLLEGE

AT CLAREMONT, 13/8/52.

Scotch were first to score and kept up the pressure throughout the first half. Their bigger side was having its effect on Hale's lighter team. House again was playing very well at half-back, being supported ably by Oldham. The school team showed more dash in the second half, but were not able to pass the ball as accurately as Scotch, who ran out very easy winners.

Final scores: Scotch, 15 goals 18 behinds, defeated Hale, 3 goals 3 behinds.

Best Players: House, Oldham, Prater, Randell, Slee, Lewis.

The Second XVIII had a very good season, losing only three matches during the season. They had the satisfaction of defeating Modern School, the only team to do so since 1943. Well played, Seconds!

HOUSE FOOTBALL, SENIOR SCHOOL

Wilson House, 1st; Buntine-Faulkner House, 2nd; School House, 3rd.

FIRST XVIII

In order to conserve space, it has been decided to dispense with the critique of the First XVIII from now on. The Coach, Mr. "Seff" Parry, however, sent in a detailed report on each player. In conclusion, he said that the team had done their best, but that their form just was not good enough to match the other schools. They lacked the two or three players necessary to build a team on. He had enjoyed his coaching of them and would have among his chief treasures the presentation the team had made to him; and not least, he was grateful for the help and keenness of Mr. Mill.

MUSIC NOTES

THE high numbers of music students over the last few years indicate that parents are realising more and more the importance of fitting a boy for his leisure hours, as well as for the business of earning a living.

The popularity of music as an entertainment has been demonstrated markedly by the acclaim with which the eight celebrity concerts sponsored by the A.B.C. have been greeted in this State.

Students have been encouraged to attend these concerts, and also, with groups from other schools, were present at the A.B.C.'s two school concerts put on this year.

Early this year the boys spent an enjoyable afternoon as the guests of the P.L.C. Music Club. It must have been quite an experience for them, and one hopes they learnt some valuable points about the handling of such a club.

The advent of a musical club in this school, not including only piano students, but also players of other instruments, would probably see the re-establishment of the school orchestra.

However, the school has at least two boys who are not afraid to utilise their talents in order to help or please their fellows. They are B. J. Whinfield and C. S. Rowe, whose accompaniment at school prayer services is very much appreciated.

Then there is of course the Junior School Choir, whose singing has developed throughout the year under the baton of Mrs. De Rouffignac. The culmination of their efforts was in the Junior School Play Nights held on the 19th and 20th of September.

There were a few examinations taken since November last year and these boys have passed in the following grades:—

D. Hutchinson, Fourth Grade; C. S. Rowe, Second Grade; E. S. Isaac, Second Grade; Digby Knapp, First Grade; David Knapp, First Grade.

ROWING

SERIOUS rowing training began as soon as school resumed, though swimmers-cum-rowers caused a slight setback in the training schedule.

Quite a number of newcomers attended the sheds at the beginning of the season, and later, as the positions in the different crews became definite, those boys who were not selected in a crew were taken in charge by Mr. Mills, who gave up much of his time to continue their training.

The crews this year were changed about a great deal and were by no means definite until about a week before the race. Owing to the lack of practice boats all three crews trained in their racing boats right from the start of the season. Mr. Rosser was able to provide a speedboat, which proved to be a great help to the crews.

The four, again coached by Mr. Bond, used the new boat recently christened A. Gra Rosser. This crew appeared to be a very sound combination, though it suffered several severe setbacks in training because of changes.

The second eight, once again coached by Mr. Trouchet, did much of their training with the first eight. There appeared to be so little difference between the first and second eights at the beginning of the season that crews and coaches alike began to wonder which was the first eight and which the second. Though they were a rather light crew, the second eight made up for it in stamina and combination.

The first eight were, at first, a very ragged though not altogether inexperienced crew. Nevertheless, by the day of the race they had developed into an extremely powerful and smooth crew, due largely to the long rows which Mr. Rosser followed in his speedboat, correcting the faults in the crew. Mr. Rosser also arranged for the eight to pace the State crew over long distances.

On the Saturday before the day of the race there was a small regatta held at the University Boat Club, the course being from Crawley Baths to the Club. The names of the crews were drawn out of a hat and the races were rowed in fours only. After the races there was a ceremony for the christening of three boats. There were two fours and one eight christened, the new four being named A. Gra Rosser and the other G. E. Rogers. The eight was called W. G. S. Johns.

DETAILS OF MINOR RACES

The Second Eight had a comparatively easy race. They got away to a good start and held the lead throughout, finishing about two lengths in front of Guildford in second place, with a length to Wesley. The Scotch crew did not finish due to some mishap. Aquinas did not reach the starting line, also owing to some accident on the way.

The Third Four, after getting away to a bad start, passed the half-way mark in third position, four lengths behind Scotch and one length behind Aquinas. Hale sprinted just after crossing the half-way line and caught and passed Aquinas in the next hundred yards, though they found Scotch just a little too good. The crews crossed the line with Scotch first, two lengths ahead of Hale, three-quarters of a length to Aquinas, Guildford and Wesley finishing well back fourth and fifth respectively.

The Old Boys' Eight, like the school Second Eight, led from start to finish, though, unlike the school eight, they did not appear to have much in reserve. They won by about one length from Aquinas with Scotch third and Guildford last.

HEAD OF THE RIVER

First Eight: A. G. Rosser (stroke), F. O. House (7), D. D. Barriskill (6), K. B. Yelland (5), B. G. Twine (4), M. G. Nixon (3), R. Chappell (2), G. L. Wheatley (bow), T. J. Prater (cox).

Second Eight: J. B. Temby (stroke), I. C. Bushell (7), J. S. Harris (6), P. S. Jordan (5), J. B. Barr (4), C. C. Chase (3), P. B. Bird (2), J. W. Farmer (bow), K. Trouchet (cox).

Third Four: F. R. Clapin (stroke), W. A. Evans (3), H. R. Holland (2), M. M. Vinnicombe (bow), I. A. Barron (cox).

Old Boys' Eight: F. Slee (stroke), R. White (7), A. Kingsbury (6), D. Norman (5), R. Pearse (4), D. Devenish (3), G. Langdon (2), W. Gardiner (bow), E. Arney (cox).

On Saturday, the 19th of April, there was a large crowd gathered at all vantage points to watch the Head of the River race. The weather was fine and conditions for rowing were good. This was the first time that Wesley College competed for the Head of the River title and trophy.

The starter lined the five crews up and sent them away to a fair start. Hale and Guildford were the first off, with Aquinas, Scotch and Wesley very close. On settling down after the start, Hale had a slight lead from Guildford, with Aquinas third, Scotch fourth and Wesley fifth. For the first quarter of a mile Hale increased their lead by perfect rowing and a high rating, and at the quarter-mile post Hale had three-quarters of a length lead from Guildford and a length from Aquinas and Scotch, with Wesley lagging in the rear. Over the next quarter Hale brought the rating down, then at the half-mile

FIRST VIII — HEAD OF RIVER, 1952

A. G. Rosser (Stroke), F. O. House (7), D. D. Barriskill (6), K. B. Yelland (5), B. G. Twine (4), M. G. Nixon (3),
R. Chappell (2); G. L. Wheatley (Bow); T. J. Prater (Cox).

Guildford challenged strongly, but were held off, and the crews again settled down with Hale in the lead from Guildford by a length, with Aquinas and Scotch third three-quarters from Guildford and Wesley three lengths in the rear. As the crews passed the Brewery, Hale was swinging along perfectly and increasing its lead. With a quarter-mile to go, Aquinas sprinted and attempted to catch Hale, but only succeeded in gaining second place from Guildford, with Scotch a very close third. With one hundred and fifty yards to go, Scotch came on with a very strong sprint and came to within half a length of Hale, who then took up the challenge and sprinted over the last forty yards to draw away from the challengers and cross the line first by a length from Scotch, with Aquinas half a length behind them; Guildford was fourth three-quarters of a length from Aquinas, with Wesley many lengths behind them.

The time was 5 minutes 20 seconds—four seconds outside the record.

· ROWERS' ASSEMBLY

The Rowers' Assembly was held on Friday, 18th April. Present were the coaches, Messrs. Rosser, Trouchet and Bond. As usual, the crews, in blazers, occupied seats in the front of the hall.

Mr. Rosser addressed the assembly, wishing the crews the best of luck in their events. The Headmaster then thanked Mr. Rosser and the other coaches for all the time they had given in training the boys.

ROWERS' DANCE

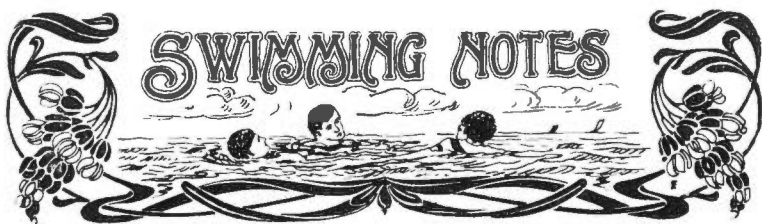

The Rowers' Dance was held at the Nedlands Tennis Club on the night of the races. The response to the request for parents and friends to help with the supper was, as usual, wonderful. Despite the lack of elaborate decorations, which nobody seemed to notice, due perhaps to more attractive objects moving about the hall, the dance was a great success.

The Headmaster, Mr. Rosser, Mr. Trouchet, senior boys of the school, members of the staff, and parents and friends were present. Mr. Bond was regrettably unable to attend.

Gra Rosser presented his father with a pewter mug on behalf of the First Eight and thanked him for all he had done for them. The Second Eight and Four presented similar tokens of their appreciation to their respective coaches.

After the usual speeches, the dancing was resumed until midnight, when the dancers left reluctantly.

Because of the good showing of the crews, Mr. Rosser treated all three to dinner and the "Clem Dawe Show."

The School Swimming Sports were held on February 26th. The water was fast, though slightly wrinkled by an easterly.

O. M. Williams was again School Champion, winning in great style the 100 Metres, 400 Metres, 50 Metres Breast-stroke, and coming second in the 50 Metres Backstroke. W. R. Serventy was runner-up. J. S. Harris swam very well to be the Under 16 Champion, making the only record of the day in the Under 16 50 Metres Backstroke. N. A. Morlet was a close challenger.

A long schedule was quickly and efficiently got through by Mr. Altorfer and his assistants.

The entries were noticeably better than the past few years, but the school asks for more boys to train during Third Term and the Christmas holidays for the next season.

This year Buntine-Faulkner seemed to have the majority of the swimmers and the results were rather one-sided.

Final House points were:—

Buntine-Faulkner	151 points
Wilson	87 points
School	52 points

Interschool Swimming

The Interschool Swimming Sports were held at Crawley Baths on March 8th. The weather was sultry and windless, being a help to fast times.

This year Wesley College was welcomed into the Public Schools' Association, and we are glad that they made the only solo record of the day, the Under 15 50 Metres Breast-stroke.

Guildford Grammar School is to be congratulated on its win this year again, Teasdale and O'Halloran being their outstanding swimmers.

The inclusion of Wesley College in the Association caused a problem to the organiser, but a fair and reasonable solution was reached. The races were run in two sections. The second strings raced together, and then the first strings. Points were allotted differently to the two sections.

The Under Age swimmers, S. G. Harris and S. J. Walton, swam very well in the first divisions of their respective age groups. The Under 14 Relay Team swam very well to break the relay record.

The team trained hard and earned a due reward in a good third. The final points were:—

Guildford Grammar School	132 points
Scotch College	100 points
Hale School	96 points
Aquinas College	91 points
Wesley College	81 points

The team wishes to thank the school coach, Mr. Percy Oliver, and Mr. Altorfer for their hard work in training it.

O. M. Williams was elected as Swimming Captain for 1952.

ATHLETIC NOTES

Again this year there was a great amount of enthusiasm for running training, due mainly to the House Competition and Standard Trials. The results this year were as follows:—

	Sports	Standards	Total.
1st—Buntine	128	72½	200½
2nd—Wilson	91½	60	151½
3rd—School	80½	67½	148

The entries for the sports were quite good, though some of the boys in third forms needed a little urging at first.

Thanks must go to the masters, who spent much of their spare time at the grounds recording times and generally supervising training.

The inter-school squad was forced to do its preliminary training this year on our own grounds, because James Oval at the University was not available. But the school was fortunate in procuring Reilly Oval for the most intensive part of the training.

Thanks must also go to Mr. Corr, who managed the inter-school squad, and Mr. Liebrechts, the coach, for the time and work they have spent in preparing the boys for the "inters."

Congratulations go to John Bedford-Brown on his appointment as Captain of Athletics for 1952.

SCHOOL SPORTS

The school sports were held on the 2nd of October at the W.A.C.A. ground, where there was a large gathering of parents and friends present to witness the events. It was a perfect day. In the morning there was a slight easterly breeze, but this dropped altogether in the afternoon. The track was in excellent condition and all these factors promised fast times, and this promise was more than fulfilled, for eight records were broken and two equalled.

J. Bedford-Brown is to be congratulated on being Open Champion, and on his fine performances in equalling the long standing 100 yards record of 10.2 secs., breaking the 220 yards and 120 yards hurdles records, and winning the 440 yards.

Other good performances were recorded by the Under 16 Champion, J. Harris, who broke the 100 yards hurdles and shot putt records; in the Under 15, D. A. Christian, who broke the 100 yards and 220 yards records; in the Under 14 division, T. S. Parry, who broke the 100 yards record and equalled the 220 yards record, and P. Eyres, who broke the high jump record.

The Under 15 Champion Athlete was R. Turkington; Under 14, J. M. Bungey; Under 13, N. R. Vanzetti.

Inter-school Sports

The "Inters" were held at the W.A.C.A. ground on the 18th October.

The weather was fine and the track good, though a strong wind blew up for the afternoon events, which, however, did not hinder the breaking of records, there being eight records broken.

This year Wesley College were competing for the first time since their inclusion in the Public Schools' Association.

With the extra school competing, all the sprint and hurdle events were run in two divisions. This system called for a different allocation of points, the placegetters in the first division of a race receiving more points than the placegetters in the second division of the race.

Again this year the school had a strong team, and we were in high hopes of annexing our first "Inters" in eleven years; but this was not to be, for Aquinas proved to have a team which was just a little too strong in all-round ability. The result was in doubt until the last event of the day, when, if our boys could have beaten Aquinas out of the two major places in the mile, we could have won.

John Bedford-Brown was Open Champion with wins in the first divisions of the 220 yards, 120 yards hurdles, running broad jump, and equal first placing in the 100 yards.

Congratulations go to Clive, who was runner-up to his brother, and made a record-breaking leap of 6ft. 1½in. in the open high jump.

David Christian must be complimented on his record-breaking performance in the under 15 220 yards, and Trevor Parry on his winning double under 14.

Congratulations go to the rest of the team for their fine performances throughout the day.

Aquinas must be congratulated on winning the 48th Annual Inter-School Sports.

The final results were:—

	POINTS
Aquinas	267½
Hale	254½
Scotch	232
Wesley	221
Guildford	122

Mr. LONGLEY

Friends of the school were pleased to hear of the return to the staff of Mr. Longley, the popular master of II Remove, who had been absent from the school since 3rd Term last year, through ill-health. Mr. Longley has, in the past two years, taken an active part in all school affairs. Consequently, we boys were very glad to welcome him back in our midst and take this opportunity of wishing him steady progress to eventual recovery.

THE BOYS OF JUNIOR SCHOOL.

LIFE-SAVING, 1952

The annual competition for the Law Society Shield was held at Claremont Baths on Saturday, 29th March.

The school's "A" team, consisting of O. M. Williams (Captain), W. R. Serventy, N. E. A. Johnson and N. A. Morlet, narrowly defeated Wesley College to win the Shield for the third year in succession.

The "B" team consisted of M. J. Rosier, N. G. Gamba, J. M. Olney and A. Wilson.

The teams trained well under the guidance of Mr. Altorfer and Mr. Percy Oliver, for whose coaching and interest they are grateful.

TENNIS

This year the unofficial interschool tennis competition was held concurrently with the Darlot Cup cricket matches, and, naturally, we were unable to draw on some promising tennis players. The team showed good form and should develop into a sound combination next year. The results of the competition were as follows:—

Hale, 3 rubbers 6 sets 52 games, lost to Aquinas, 3 rubbers 6 sets 55 games.

Hale, 1 rubber 3 sets 49 games, lost to Wesley, 5 rubbers 10 sets 77 games.

Hale, 0 rubbers 2 sets 40 games, lost to Scotch, 6 rubbers 12 sets 79 games.

Hale, 5 rubbers 10 sets 69 games, defeated Guildford Grammar School, 1 rubber 2 sets 43 games.

In the Under 15 competition, the junior boys did very well and this team should make a name for themselves next year, as they will again be eligible for this competition. Harrold and Addis showed good form throughout. The results were as follows:—

Hale lost to Aquinas, 4 rubbers to 2.

Hale lost to Wesley, 6 rubbers to nil.

Hale lost to Scotch, 5 rubbers to 1.

Hale defeated Guildford, 4 rubbers to 2.

SCIENCE NOTES

Having lost the services of Mr. L. E. McCarrey, scientists began the year under the instruction of Mr. J. B. Bolton (Chemistry) and Mr. A. Strahan (Physics).

The new masters soon became acquainted with the laboratory, aided by the Senior Laboratory Cadets, J. E. F. Haynes and C. C. Chase.

Other Laboratory Cadets appointed at the beginning of the year were N. K. Donaldson, E. S. Hart, C. S. Lovelady, N. A. Morlet, and H. V. Shotter.

At the end of second term Mr. Bolton left the staff to accept an appointment at Salisbury as long range weapons' mathematician. Following the custom of science students, his name inevitably joined the ranks of Aristotle, Archimedes, and P.D.L.

The Leaving chemistry students were indeed grateful to Mr. N. B. Snell, who, in a voluntary capacity, helped them to complete their course.

BOXING NOTES

Boxing commenced with great enthusiasm at the beginning of the year. The boys were again instructed by Mr. Ryan, who, as was seen by the high standard of boxing at both our own school tournament and at the interschool tournament, put much worthwhile effort into his training of them.

SCHOOL BOXING TOURNAMENT

On 17th July a large crowd attended the school's Annual Boxing tournament, held in the school hall. Again this year there were many more entries in the junior than in the senior division. It was pleasing to see that this year the school Open Championship was contested for the first time for a number of years. The final two contestants were O. Randell and T. J. Prater, who fought a very interesting and even bout, with Randell winning narrowly on points.

We wish to thank Mr. W. H. Piper for again refereeing the bouts.

The results were:—

- 5.0 to 5.7—T. G. Sutherland defeated R. S. Bradborn.
- 5.7 to 6.0—D. W. A. Bourne defeated R. N. Longley.
- 6.0 to 6.7—D. G. K. Cannon defeated A. L. Roberts.
- 6.7 to 7.0—H. S. Bagshaw defeated R. C. Redford.
- 7.0 to 7.7—L. S. Sutherland defeated J. C. Ryan.
- 7.7 to 8.0—H. S. Evans defeated D. J. Hutchinson.
- 8.0 to 8.7—C. A. J. Prater defeated R. S. Watt.
- 8.7 to 9.0—J. A. O'Meehan defeated J. C. Richards (forfeit).
- 9.0 to 9.7—T. D. Gawned defeated E. G. Sutherland.
- 9.7 to 10.0—T. D. Gawned defeated J. M. Hyde.
- 10.0 to 10.7—A. Giambazi defeated J. G. Mitchell.
- 10.7 to 11.0—J. R. Ledder defeated R. J. Turkington.
- 11.0 to 11.7—O. M. Williams defeated F. O. House.
- 12.0 to 12.7—J. A. Merritt drew with M. G. Nixon.

School Championship—

O. Randell defeated T. J. Prater.

On 9th August a triangular boxing tournament was held at Guildford Grammar School. Those schools taking part were Guildford Grammar School, Christ Church Grammar, and Hale. An ex-

cellent showing was put up by all three schools, with Hale winning the majority of the bouts. The referee was Mr. Wally Piper.

The results were:—

- 5.7 to 6.0—D. R. Dempster (Hale) drew with Hibble (Christ Church).
 T. G. Sutherland (Hale) drew with Rumble (Guildford).
 D. W. A. Bourne (Hale) lost to N. Powell (Guildford).

Debating Society.

A GENERAL meeting of all those interested in debating was held at the beginning of the second term to elect a debating committee for the coming season. The committee decided to open the season with a discussion. This was held in the Boarders' Common Room on the 9th of June.

R. A. R. Slee, the chairman, called upon F. R. Clapin to open the discussion upon the first subject, which was "That a Bridge should be constructed across the Narrows." Most of the speakers seemed to be of the opinion that one should not be constructed, but the topic was well discussed before the second subject was introduced.

The second topic, "Compulsory Training," was introduced by D. F. Willmott, and this, too, was well discussed, with more juniors taking part.

Before the meeting closed, Mr. Smith gave some very helpful hints to the speakers regarding manner and methods of speaking.

D. F. Willmott proposed a vote of thanks.

On the evening of the 19th of June another discussion was held. This time it involved the division of the audience into negative and affirmative sides.

The chairman, F. R. Clapin, called upon O. P. Randell to open the discussion on the subject, "Is Australia's present Immigration Policy in her best interests?" D. F. Willmott opened the discussion for the affirmative side. Due to the division into sides, some quite lively competitive speeches were heard.

The second subject, "Is the Strike Weapon still an effective method of settling disputes?" was opened by P. B. Turner. Once again some very good speaking was heard.

Mr. Smith gave some very helpful criticism. Then the chairman called upon O. P. Randell to propose a vote of thanks.

As this evening proved such a success, it was decided to have another discussion on similar lines on July the 3rd.

The first subject, intended for the juniors, was "That children should be seen and not heard." Some very good speeches were heard before 8 o'clock, when the senior subject, "That Australia is a man's land," was introduced. Although this subject was attacked from a rather futile angle, some very good speeches were heard.

Mr. Marshall gave some helpful hints to the speakers and after a vote of thanks the evening was closed.

The first inter-school debate was held against P.L.C. at P.L.C. on Monday, 21st of July. Instead of a formal debate it took the form of a series of impromptu speeches. Those representing the school in the junior section were C. C. Chase, A. D. Proctor, M. M. Vinnicombe, A. W. S. Johnson, K. B. Yelland.

The senior team consisted of R. A. R. Slee, P. B. Turner, D. F. Willmott, F. R. Clapin, J. F. O'Meehan.

The speakers each had one minute to prepare their speeches, and then spoke for 1½ minutes, one side proposing a motion and the other opposing it. The adjudicators, Mr. Smith and Mrs. Cusack, gave the decision to the Hale junior team and the P.L.C. senior team.

After a very enjoyable supper, a few dances concluded a highly successful evening.

The second inter-school debate for the season was held against Scotch in the School Hall on Thursday, the 24th of July. The evening opened with a junior debate, the subject being "That Euthanasia should be legalised." The school team was as follows:—T. D. Gawned, R. S. Draper, N. G. Gamba.

After some very lively speeches the adjudicator, Mr. Smith, gave the decision in favour of Scotch, who had the negative side.

In the senior debate on the subject "That professional sportsmen and athletes should be allowed to take part in all international sporting events," the school team—J. F. O'Meehan, R. E. O'Connor, O. P. Randell—took the negative side. After both teams had spoken extremely well, F. R. Clapin, the chairman, called upon Mr. Smith, the adjudicator, to give his decision, which went to the Hale team. The meeting was then closed and all participants adjourned to the Boarding House to a supper that was much enjoyed.

The next inter-school debate was held against St. Hilda's in the School Hall on Tuesday, 29th of July. The chairman for the junior debate was F. O. House, which was on the subject "That children

should be seen and not heard." The girls proved stronger speakers than the boys, and Mrs. Cameron gave the decision to St. Hilda's.

Team: T. D. Gawned (leader), K. B. Yelland, A. W. Johnson.

With D. D. Barriskill as chairman, the senior debate was started. Our team—D. F. Willmott (leader), J. B. Temby, H. de H. Hamersley—took the negative side. After a spirited and at times humorous debate our team won by a narrow margin. The chairman allowed the audience to ask questions, which it did with great vigour. Miss Gray, the leader of the St. Hilda's team, proposed a vote of thanks, to which D. F. Willmott replied. The meeting was then closed and all adjourned to the Boarding House for supper.

St. Mary's have now taken up debating, so accordingly a debate was arranged for the 23rd of September at St. Mary's. Our junior team—R. Chappell (leader), M. M. Vinnicombe, R. D. Nicholson—took the affirmative side of the subject, "That discovery rather than invention has benefited mankind."

The subject for the senior debate was "That capital punishment should be abolished and a prison sentence of 10 to 20 years substituted." Our team—D. F. Willmott (leader), M. W. Scott, J. F. O'Meehan—took the negative side.

Both our teams were successful. After the debate supper was provided by the St. Mary's girls.

To end the debating season, a return impromptu debate was held against P.L.C. in the School Hall on the 25th of September. The team representing Hale in the junior debate—R. C. Dymock, W. T. Purdy, T. D. Gawned, K. B. Yelland, R. S. Draper—were successful; while our senior team—J. B. Temby, F. O. House, N. K. Donaldson, N. A. Morlet, A. D. Procter—was defeated by the girls.

Supper was served in 6A Classroom, while a few of the boys moved the seats to the back of the hall and set up a radiogram. To round off the evening we had a few dances until ten, when the girls had to go back to school.

ORIGINAL VERSE

SUNRISE

The Lady Moon fades slowly,
The stars put out their light,
The purple cloak of night moves West
And disappears from sight.

The gum trees rustle faintly,
As whisperings in a crowd;
An orange streak comes from the East,
A cock's crow rises loud.

The birds awake and whistle,
A-heralding the morn,
The sun peeps up and smiles at them—
Another day is born.

The dewdrops glisten brightly
Upon the many threads,
And as "Old Sol" moves up the sky
We're called far from our beds.

SONNET TO MY BELOVED

O maiden, young and sweet of beauty rare,
Whose loveliness entwines my heart with joy,
Come hither now and kiss me, thou so fair,
Embrace me as a mother does her boy.
Thy lips like petals of a blushing rose,
Thine eyes like beauteous amethysts so blue,
Thy heart so full of goodness and repose,
Come now and love me, let my heart thee woo.
O wondrous love that thou canst give to me!
But in return what is there I can do?
My heart I'll give to thee and here's the key:
The lock unfasten, let us love, us two.
O maiden fair, O love me, love me more,
Take my heart's key and quickly ope the door.

T.S.P. (IIIa).

THE NEWS BOY

He runs along the crowded street,
On never-tiring eager feet,
And shouts the very latest tale
Of hearts that break and hopes that fail.
He does not care what news he spreads,
As down the street he quickly treads;
His job is only news to sell,
Of death, of wealth, of heat, to tell.
Then when the papers are all sold,
His count of gain is quickly told;
And home he goes with happy heart,
To give his mother all, or part.

M.N. (Va).

THE RACE

The "second string" nervously moves to his place,
 His stomach feels queer at the thought of the race;
 He looks rather small, his opponents are big,
 Their muscles stand out in their new racing rig.
 The swimmers line up, take their places, and bend—
 At the "bang" of the gun the water they rend.
 We're watching our man and we see through the spray
 A good dive, though he wasn't the first one away.
 He patiently pulls, his palms forcing power
 Against the resistance of water so dour.
 His brain is a-throb, with his feet keeping time,
 His training has brought him right up to his prime.
 He's ahead of a few, he mustn't be passed,
 There's fifty to go, which he knows should be fast.
 His legs are so tired, as he comes up and turns,
 His strain'd lungs are aching and his heart it just burns.
 He's well up in places, he's gained in the lap,
 It seems he's increasing, not shortening the gap.
 He's quickening his pace, though his arms are like lead,
 He remembers his coach, and does just what he said.
 He's started to sprint, he's got two more in front;
 His arms go all limp, his legs bear the brunt.
 He fights for the finish, he'll make it or bust—
 Can't the distance decrease? He must get in more thrust!
 There's just six feet to go. Can he cover that much?
 One last bursting effort—he's won by a touch!

TIME THE PITILESS

There stands in Egypt, ancient land,
 Bordered around with shifting sand,
 A monument to some great king,
 A statue, a colossal thing.
 Sombre and grey, aloof it stands,
 Its gaze spread o'er the desert sand,
 As if to see that empire great,
 And that great monarch reinstate.
 But no! The silence still remains,
 There echo forth no gay refrains
 Of happy citizens at play.
 All this is gone, far, far away.

DISILLUSIONMENT

(Written on reflection upon Homework Books.)

In years to come they'll fabricate a noiseless motor-bike,
A rubbish bin with lid designed to fit;
They'll doubtless breed a flea-less, barkless, tradesman-loving tyke,
And pack dried grapes entirely free of grit;
Some day they'll make a cracker that won't pulverise the nut,
Evolve, perhaps, non-fish-resistant bait;
They may in time remove the squeak from school cadet boots; but
They'll never bring our Text Books up-to-date.

ADVISE YOU ?

For all things in life you will find there's a way
For whatever you do or whatever you say.
When you're given a letter, you'll find it is better
To read it to find what is said,
Then you answer it well,
Even though you can't spell,
Or the writer may think you are dead.
If you can't read or write, you do what is bright,
And you use the best means of contact,
And this is the 'phone
About which I'll loan
Some advice as to how you should act.
As you enter the box (a gentleman knocks)
You will find on the left there's a switch,
But don't switch it on,
Or your privacy's gone,
And in daytime you'll find this a hitch.
With the thing off the hook, you tear up the book—
It's no use—you don't know how to read;
You haven't the change,
Which isn't so strange,
So you bash the black box till they heed.
You don't dial a number, remain as cucumber,
For soon the exchange you hear say:
"If you don't stop that soon,
You silly old coon,
For damages you'll have to pay."

THE CYGNET

Then you quickly should answer, "I come from a farm, sir,
And this jolly old thing will not work;

I've wasted my pennies,
I've taken some rennies,
But I still can't get through while you shirk.

I pray put me through, sir, or I'll soon have the 'flu, sir,
From standing here freezing like this."

They're so taken aback,
And they don't want the sack,
That your dirty old shoes they would kiss.

So you place your demand, with an air of command.
And an obvious hint of your hurry,

They then put you straight through
(That's a victory to you),
And you leave them all there in a flurry.

So that is the story of honor and glory,
Of how you should utilise brains;

For the brainy ones win
Through all trouble and sin,
But the dumber ones go to less pains.

THE BUSH

Over the far horizons,

Down to the distant sea,
Where the sun is rising,

The bush is calling me;
Some love to sail the ocean,

Some to live by the sea,
But oh! How the bush is calling,
Calling, calling me.

PRESIDENT'S ANNUAL REPORT

Gentlemen,

It is with pleasure that I present for your approval the Annual Report of your Association for the year 1951.

Committee.—Your committee has conducted eleven meetings during the year and the attendance of the members has been extremely gratifying. Indeed, if it had not been for the calibre of the men you selected at your last general meeting the volume of business carried out could not have been accomplished. On your behalf I take this opportunity of thanking Mr. V. S. Murphy for his keen interest and invaluable help at our meetings.

Financial.—Ordinary subscriptions received during the year amounted to £209/6/-; the life membership subscriptions, £241/9/6; in advance, £15/14/-.

During the year £143/1/3 was invested in Commonwealth Bonds, making the total now invested in bonds £1,253/11/3.

Subscriptions.—At your last general meeting the subscriptions were raised from 10/6 to £1/1/-. I sincerely hope that this rise is not responsible for the large number of unfinancial members, although I am assured that this was approximately the number last year.

The following figures may well be worth mentioning:—Each "Cygnet" sent to every member costs us approximately 7/- and postage 7d. Every time a circular is sent out the postage alone costs £8, and by the balance sheet you will see that the large amount of £60/3/10 was spent on postages, petty cash, printing, etc. In broad figures, it takes the subscriptions of 60 Old Boys to pay this amount only.

"Cygnet."—560 "Cygnetts" were issued to Old Boys during the year and an amount of £70 was donated to the cost of publishing.

Board of Governors.—It is a pleasure to announce that Mr. Arthur Christian was re-elected as the Association's representative on the Board of Governors of the school.

Social Activities.—The Cocktail Party held at Tintern Lodge on Boat Race Night was an outstanding success, mainly due to the fact of our celebrations over "scooping the pool" that day. Our heartiest congratulations go to the first and second eights and the school four for their wins and the Old Boys' eight for their near-win. The latter crew rowed a splendid race and led for most of the journey, only to be beaten by a few feet at the finish. May I mention here that this year, thanks to the generous donations from Old Boys towards the Boat Fund, we have a better fleet and the Old Boys' crew will be able to train for a longer period this year.

The Annual Ball was again held in the Y.A.L. Ballroom and was fully patronised. The evening went with a swing and we were particularly gratified to have the opportunity of entertaining a large number of representatives of our kindred schools. It was my pleasure to entertain these guests among some thirty friends at our Cocktail Party prior to the Ball.

Owing to the alteration in the date of the Interschool Sports we were unable to hold our usual party on Inters' Night. It was decided, however, to hold a Cocktail Party on Friday of Show Week, when we were glad to entertain a larger number of country Old Boys than usual.

The second of our Country Dinners was held this year in Bunbury during July. This was undoubtedly an outstanding success and has convinced your committee of the popularity of these functions. Fifty-two Old Boys sat down to dinner, which was organised by Mr.

W. G. Wickens and Mr. F. D. Slee. The chair was occupied by the latter. About three car-loads of town Old Boys went to Bunbury on this occasion, including most of your committee.

I would recommend that one of the first duties of your incoming committee would be the organising of our next Country Dinner.

Rowing Equipment Fund.—During the year eight seats were purchased for our new practice eight, which leaves a balance now of only £7/6/3. Donations towards this fund will still be welcomed from Old Boys.

Sporting Activities.—The Old Boys' crew this year consisted of F. Slee (stroke), R. White, R. Pearce, J. Hunt, P. Lowe, T. Poutsma, A. Anderson, P. Payne, with E. Arney coach and cox.

Football Match.—The football match School versus Old Boys resulted in a win for the School by 6.6 to 4.5.

Old Boys' Relay.—Our thanks go to Mr. Herbert Tonkin for organising the Old Boys in this event at the Interscholar Sports.

Hockey.—The Old Boys' Hockey Club conducted a very successful season. "A" team reached the grand final and were only beaten 3-2. One other team played their way up to the finals.

The School Memorial Fund.—Subscriptions to this fund are extremely disappointing. Of the target of £50,000, only £2,000 has been raised to date. Of this amount approximately £1,200 was raised at the School Fete. Old Boys are earnestly requested to patronise this fund to the best of their ability. It has been suggested by Mr. Jack Prater that the Old Boys who are farmers plant 20 to 25 acres of extra crop this year, the proceeds of which will be donated to this deserving fund.

Messrs. R. C. and J. A. Prater have headed this list and are planting 25 acres this season. Already six other Old Boys have signified their intention of doing likewise. Arrangements are well in hand with Co-operative Bulk Handling for this scheme to be carried through. A similar scheme is being arranged for apple growers, potato growers, wool growers and others interested. It has been suggested that city men who would like to participate in this scheme could supply the super. for one of these small croppings. The success of this scheme will largely depend on the number of Old Boys who will co-operate, and when it is considered that in one district alone the sum of £1,700 was raised for a local charity this year from 130 acres, we should confidently look forward to this scheme proving a great financial success.

School Fete.—The Fete held in the school grounds on the 8th December proved an outstanding success. We thank Mr. Peter Atkins for his untiring efforts in organising this function, and all the com-

mittee, stall holders and people who co-operated from time to time. Preparations for the fete were commenced in April and meetings were held every month from then on.

New School Grounds.—For those Old Boys who would like to inspect the new school site, I would refer them to the road map of Floreat Park-City Beach-Scarborough. The boundaries of our land are: To the North, Cobb St. and Williamstown Rd.; to the South, Margaret St.; to the West, Carlisle and Union Sts.; and to the East, Garrick St.

Mr. Tom Fowler spent a considerable time with his bulldozer in clearing the three sports grounds, and would have completed this task had it not been for his bulldozer breaking down just before he had levelled the last six or eight giant trees. Few of us realise the magnitude of his task. Many thanks, Tom, for your effort. We can now confidently look forward in the near future to seeing all this timber burnt up and a start made on the levelling of these playing fields.

Old Haleians' Scholarship.—This year the Old Haleians' Scholarship was awarded to J. W. Forsyth.

General.—The following trophies given by the Association to the school for 1951 were won by—

Dux of School R. L. St. L. Chase

Junior Certificate Form H. V. Shotter

Our congratulations are extended to these boys.

Obituary.—Sub-Lieut. Dick Sinclair was killed in action in December, 1951, whilst serving with the aircraft carrier H.M.A.S. Sydney.

Mr. Marychurch Jenkins, an old master of the school and a staunch supporter, passed away during the year.

Congratulations.—Mr. W. G. Burges on being awarded the O.B.E., Mr. Hughie Norman on being promoted to Brigadier, Mr. Arthur Christian on being re-elected to the Board of Governors.

Welcome.—We extend our welcome to Wesley College on their admittance to the Public Schools' Association.

During the year one of our most popular masters, Mr. Frank Longley, and his son, Jeremy, were stricken with polio. We learn with pleasure that they are both progressing favourably.

Secretary and Treasurer.—The thanks of the Association are again extended to Mr. C. J. B. Veryard as Honorary Secretary and Mr. Peter Atkins as Honorary Assistant Secretary, and Mr. V. W. Fountain as Treasurer, for their work during the year.

In conclusion, gentlemen, may I take this opportunity of thanking members of the committee for the help they extended to me during my year as President, and Mr. V. S. Murphy for his assistance and guidance at our meetings.

OLD BOYS' WAR MEMORIAL

The appeal for the Memorial Hall to be erected at the new school at Scarborough in honour of those Old Boys who lost their lives in the two world wars has continued this year.

The cost of this Hall will be about £50,000, but this sum could be raised in the near future if all Old Boys contributed to the fund and did not rely on the generosity of others.

Those who contributed to the fund, which now totals £3,194, during the year were: W. R. Anderson, R. Ainslie, E. B. Arney, G. N. Altorfer, J. K. Anderson, G. J. Burges, W. G. Burges, S. Bluntish, I. Bonnerup, A. L. Butcher, Hon. Leslie Craig, M.L.C., J. F. Cruickshank, A. H. Christian, D. F. Coates, R. L. Dimmitt, B. Dymock, S. C. Dunn, T. A. S. Davy, G. Eyres, B. Forrester, P. D. Forrest, D. K. Forrest, L. E. Fethers, R. Goodchild, J. M. Gibbs, B. Guhl, W. T. Harris, R. Hall, D. K. House, A. R. Hardie, R. Isaachsen, T. A. James, A. Kopke, V. C. Kelly, Mrs. A. M. Liddelow, W. H. B. Lacy, G. O. Law, T. A. Lodge, E. H. B. Lefroy, R. T. Mussared, L. H. Mellor, D. McKenzie, B. G. Marshall, D. J. McGibbon, C. E. H. Mitchell, N. H. Mitchell, R. M. Noble, F. O'Meehan, M. Y. O'Connor, T. Packham, G. A. W. Piesse, D. C. Payne, P. C. Payne, C. E. Peet, A. G. Rosser, V. J. Taylor, N. G. Thomas, D. C. Foulkes-Taylor, W. W. Turner, H. Vivian, R. Watson, B. M. Wheeler, N. Woods, H. L. Woods, B. L. Woods, J. B. Woods.

WAR MEMORIAL APPEAL

Your Association urgently needs funds to finance the new War Memorial Hall to be built on the new school site at Floreat Park. The sum required is £50,000.

You may help in one of the following ways:—

1. If not already a financial member, post your subscription to the Secretary, Charles Veryard, A.M.P. Chambers, Perth. The subscription is £1/1/-, which, among other things, entitles you to a copy of the "Cygnet," which comes out in December.

2. Plant a small portion of crop, say 20 or 25 acres, on behalf of the War Memorial Fund, and let your Secretary know at what siding the crop is to be received.
4. Donate what you can afford in the way of produce, such as Bale of Wool, Oddments, Black Wool, Dead Wool, or Fruit, Potatoes, Onions, Vegetables, etc.
Maybe from your nett consignments to the markets you could donate the value of one or more sheep, pigs or calves, or a bullock.
4. Fill in several Bank Order Forms for whatever amount you can afford, to be spread over a period of, say, five to ten years.
5. Organise a barbecue at your home, the proceeds to go to the War Memorial Fund.

Old Boys are once again requested to keep in touch with the Association through the Honorary Secretary, Charles Veryard, whose address is A.M.P., 25 William Street, Perth. News of the activities of Old Boys is always welcome. We need much more information to enlarge our section of the "Cygnet" and make it of much more interest to all Old Boys. We are always anxious for notes on weddings, births, engagements, new appointments, Old Boys overseas, and general news of all who attended the school.

OBITUARIES

It was with regret that we learnt of the death of Mr. Garnet Barrington Wood early in the year.

The Minister for Agriculture and the North-West, Mr. Wood collapsed and died while attending a Cabinet meeting.

Born in Fremantle in 1888, he was educated at Hale School and the early part of his life was spent as a farmer, but in 1936 he began his political career.

When the McLarty-Watts Government took office in 1947, Mr. Wood was appointed Honorary Minister without Portfolio.

In January, 1948, he received the portfolio of Agriculture, and a year later the administration of the North-West was also given to him.

In October he received full ministerial rank.

Mr. Wood left a widow and four daughters.

Another link with the school was broken when Mr. Percy Douglas Ferguson, a former Minister for Agriculture in the Mitchell Government, died at his home early in the year. Mr. Ferguson, on leaving Hale, took up farming at Barbeton, near Moora, and in 1927 was elected to the State Government as a member for Moore. He left a widow and several children.

Boys who have passed through Hale School during the past ten years were deeply moved when they heard of the death of Mr. W. G. S. Johns.

Mr. Johns was a popular master at the school and devoted himself to his work and especially to his main love—rowing.

As a tribute to his work in this direction, a rowing four was named the "W. G. S. Johns" in his memory.

Mr. William Arthur Irvine, who was a member of the Old Haleians' Association for 25 years, died in June this year.

* * *

To Mr. A. Gra Rosser, the immediate past president of the Old Haleians' Association, and to Mrs. Rosser and family, we extend our most profound sympathy on the tragic loss of their elder son and brother, Gra.

The death of Gra came as a great shock to everyone.

He was a great athlete, being stroke of the school's winning Head of the River crew this year, a fine swimmer, a runner, and a boxer.

A school prefect and a commissioned officer in the Cadet Corps, he was respected by all those who knew him.

We were deeply moved to learn of the death of three servicemen during the year and of the report that another was missing.

Many boys at the school will remember the deeds of Dick Sinclair on the running track, and the news that he had been killed in action in Korea came as a great shock.

Sub-Lieut. Sinclair was attached to the aircraft carrier H.M.A.S. Sydney when he lost his life while flying over enemy territory.

He had a brilliant career as a trainee and topped his course while at Point Cooke, before leaving for England to complete his training.

He left a widow and a three-months old baby.

* * *

When the Mustang fighter he was flying crashed near Sydney in April, Squadron-Leader Harry Saunders was killed.

Harry joined the R.A.A.F. shortly after leaving Hale in 1942 and saw active service in the islands north of Australia.

He was the youngest Squadron-Leader and commanding officer in the R.A.A.F.

Captain Bryan (Joe) Luscombe was killed in action in Korea on June 5th this year. Prefect and captain of cricket in his last year at school, Bryan was an all-rounder at sport at school and, later, at Duntroon. Newspaper accounts all pay great tribute to his courage and self-discipline. His particular "job" was to fly low over the front lines and point out targets to the artillery. This he did alone and unarmed, save for a revolver, in an Auster spotting aircraft. After hundreds of hours of this hazardous flying he was caught in enemy fire and failed to land his damaged plane. The artillery support his courageous flying brought to ground troops meant perhaps even more to them than is suggested by the posthumous "mention" recently awarded to him.

REPORTED MISSING

Sergeant Max Colebrook was reported missing in Korea after his aircraft had been hit by ground fire when he was strafing targets.

Max received his wings in August last year and also the Air Force trophy for being the outstanding pilot of his course.

DISTINGUISHED OLD BOYS

We offer our congratulations to Sir Anthony Langlois Bruce Lefroy, who received his knighthood in the Queen's Birthday Honours list on June 5.

Educated at Hale School and later Haileybury College, England, Sir Langlois spent the early part of his life as a pastoralist in the North-West.

However, in 1924 he was elected to the executive committee of the Pastoralists' Association of W.A., becoming president in 1934 and serving continuously in that office for 18 years. For many years he was the State's representative on the Australian Wool Board.

Sir Langlois Lefroy has been chairman and head of the Western Australian division of the Australian Red Cross Society since 1944.

In other spheres he has given notable public service and has been a Justice of the Peace since 1904.

Mr. William Goldsmith Burges was made an Officer of the Order of the British Empire in the list of New Year honours.

Mr. Burges was born at Tipperary, York, and educated at Hale School. He has figured prominently in the agricultural activities of the State. As a stud breeder in various classes of sheep, cattle and pigs, he has achieved much distinction.

He has been actively associated with the Royal Agricultural Society of W.A. and was president of the Society for three years.

WANDERING OLD BOYS

We have printed below the addresses of Old Boys that we know are living outside the State. This, we hope, will enable Old Boys to keep in contact with the chaps with whom they went to school.

Many Old Boys have been requesting these addresses and it is hoped that this list will help.

If these addresses are incorrect, or should you know of the addresses of any Old Boys not mentioned in this list, would you let the Secretary (Mr. C. J. B. Veryard) know?

THANKS

The thanks of the Association are extended to Warrick Fountain for the valuable work he put in over three years as Treasurer. He has moved to Geraldton and was, of course, forced to give up his position. Many thanks, Warrick!

Our thanks also go to Jim Geary for the valuable assistance he has given the Secretary in helping him with his many and varied tasks.

THE YEAR'S SOCIAL ROUND

Again this year a cocktail party was held at Tintern on Boat Race Night. Flushed with the success of another "hat trick," Old Boys and their supporters celebrated in hilarious fashion.

Special cause for celebration was that the Old Boys' crew gave us our first win since 1938.

In August the annual ball was held at the Y.A.L. Ballroom and, as usual, it was a most successful function. Among those present were the Headmaster (Mr. V. S. Murphy), the President (Tony Davy), the Secretary (Charlie Veryard), members of the committee and many others.

This year, instead of the usual cocktail party on Inters' Night, a barbecue was held at the beautiful home of Jim Jackson. Although Old Boys' spirits were slightly dampened by the School's narrow loss

THE CYGNET

to Aquinas, this did not stop the merriment, and a grand time was had by all. Much of the success of the evening was due to Jim Jackson, who, besides lending his home, put a great amount of time into arranging the evening. We would like to thank him very much.

A COUNTRY DINNER

The third of the Old Haleians' country dinners was held at Narrogin on Saturday, July 26. A total of 37 Old Boys sat down to the dinner which was very capably organised by Mr. Tom Fowler. It was particularly pleasing to see Mr. E. Thorley Loton, Chairman of the Board of Governors, and the Headmaster (Mr. V. S. Murphy) present.

Those present were:—E. Thorley Loton, V. S. Murphy, Hon. A. L. Loton, T. A. S. Davy, I. Bonnerup, A. L. Butcher, C. J. B. Veryard, T. J. S. Fowler, J. E. Hingley, M. G. Godden, N. G. Thomas, B. H. Northam, K. W. Smith, F. M. Cooke, B. Forrester, P. F. Burges, M. Packham, P. R. Bremner, C. D. Smith, A. D. Fowler, F. E. Bremner, B. C. Tanner, W. McKenzie-Grant, G. Tanner, L. Doncon, R. F. Ledsham, W. A. Urquhart, F. M. T. Brown, L. Chidlow, B. Taylor, R. Burnett, W. Dermer, L. E. Fethers, R. Isaachsen, L. H. Mellor, D. K. House, and J. E. Jackson.

Thanks, Tom, for organising such an excellent show!

THE NEXT COUNTRY DINNER

In furtherance of the policy of holding a Country Dinner in a different town each year, the next dinner will be held at Beverley.

Fred Bremner has undertaken the organisation and it will probably take place on the last Saturday in July, 1953.

We would like to see all Old Boys that can possibly beg, borrow or steal a lift to Beverley to be there.

FAREWELL DINNER

This year for the first time a dinner was given by the Association to farewell all those boys who were leaving school. The dinner was held on Friday, 14th November, in the school Boarding House, and, besides the boys, members of the Board of Governors and members of the committee were present.

The purpose of the dinner was twofold. Not only was it to farewell the boys who were leaving, but it was also to welcome them into the ranks of Old Boys.

LIFE MEMBERS

The following Old Boys became Life Members of the Association during the year:—D. P. Reid, A. K. House, T. Trigg, R. P. Burges, J. C. Anderson, I. G. Hislop, E. Traill-Nash, R. S. Crisp, J. Glen-denning, J. Staniforth-Smith, C. Staniforth-Smith, Dr. D. M. Clement, K. L. Treadgold, B. G. Campbell.

OLD BOYS' PERSONAL PARS.

Marriage was popular among Old Haleians this year, when many of our ranks took unto themselves wives.

Those married since our last publication were:—

Dick Lough to Jan Kempe.
Don Northover to Maureen Fairlie.
Pel Burges to Alison Fox.
Bill Halliday to Val Thorn.
John Munro to Ann Sherwood.
Peter Glover to Jean Stewart.
John Hingley to Shirley Silvester.
Ian Keys to Judy Boddington.
Bill McLarty to Evelyn Parkhill.

Not to be outdone, the following became engaged:—Steve Parker, Alan Raphael and Bill Gairdner. Their respective fiancées are Meg Pearson, Peg Woodhouse and Patricia Clohessy.

Stop Press: David Broadhurst is engaged to Alison Rowsell.

Congratulations to Mr. and Mrs. Bernie Wheeler and Captain and Mrs. Dick Fethers, who both became parents of daughters during the year; also to Mr. and Mrs. Jim Cumpston, who became the proud parents of a son.

Congratulations to George Fotios and Brian Saw on attaining their majority.

Maurice Brearley has been recently awarded a Gowrie Research Travelling Scholarship, one of only two such awards.

Ken Tregonning, a graduate of the Adelaide University, has won a Nuffield Foundation Dominions Travelling Fellowship. The scholar-

ship, which is worth £1,050, entitles him to continue his studies for another year at Oxford, where he is specialising in constitutional history. Ken, who is 27, won a Gowrie Award in 1950, which entitled him to two years' study at Oxford University. He graduated Bachelor of Arts with first class honours in 1949.

Bruce Rosier, the 1950 Rhodes Scholar, gained first class honours in the Bachelor of Arts (Theology school) examinations at Oxford in June and July.

Doctor R. C. Godfrey was appointed Superintendent of the Princess Margaret Hospital in June.

Major Collin Newbery was promoted to Lieutenant-Colonel when five new appointments and promotions of senior officers of the Australian Staff Corps were announced. Collin will command the 28th Infantry Battalion.

We offer our congratulations to the Chairman of the Board of Governors (Mr. E. Thorley Loton) on his 21 years of continuous service as Chairman of the Swan Road Board.

Three generations of the Loton family have been members of the Board.

Arthur Christian has been elected as Chairman of the Perth Chamber of Commerce.

R. E. Moran was successful in winning the men's open championship solo in the recent W.A. Music Festival.

Peter Payne, who has been employed at the Hydro-Electric Commission in Tasmania, has returned to Perth.

Congratulations to Peter Atkins on being admitted to the Bar in March. Peter is at present in England, where he might meet Richard Anketell, who left for the Old Country in August.

G. N. (Bill) Altorfer, who left his duties as Senior Housemaster in April for a tour of England, returned to the school in November.

Frank Doddmeade has moved into his new home at 50 Kirwan Street, Floreat Park.

Doctor Frank Sedgwick and his wife, Doctor Catherine Sedgwick, and their two children, visited the United Kingdom and the Continent last year.

Alan Robinson and his son Ian, both Old Haleians, of Rathnally, Wongan Hills, have gone to England on a health trip. Alan is recovering from a serious motor accident.

Francis Neale, of the Australian Newsprint Mills, Tasmania, came to Perth in March for two weeks' holiday. His private address is 13 Grey Street, New Norfolk.

After over 30 years as Elder's representative at Moora, Arnold Veryard has changed his address to 50 Cooper Street, Mandurah.

John (Jace) Anderson has returned from the Eastern States and is now a master at Guildford Grammar School—a poor show.

Charles Roberts, at school 1924-27, is a Sergeant in the 17th National Service Battalion, Swanbourne.

As well as receiving two letters from Frank Bird, we were also privileged to receive a visit. Frank came over for three weeks' holiday in July and renewed many old acquaintances. He was not pleased at having his trip to the Olympic Games cancelled, along with all Victorian newspaper men.

Ron Pearce of Bridgetown has been in quest of higher agricultural knowledge at Manayi Kanowna Stud, South Australia.

The Old Boys proved too strong for the school at football when they defeated them 9.12 to 4.11.

Received a letter from Brion Burns, who is now living at Richards Street, Maidstone, Victoria. Brion suggested in his letter that some sort of club could be formed in Melbourne as a branch of the Association where Old Boys could meet.

D. R. Eddy has changed his address and is now living at 57 Stephen Terrace, Walkerville, South Australia.

Peter Glover is now employed in the Export Sales, Electro-motive division of the General Motors Corporation, La Grange, Illinois, U.S.A. Peter is representing the company in regards to engineering matters and is undergoing training in diesel engineering production methods. He says that he will be returning to Perth in December via London, Singapore, Darwin and Sydney, where he will live.

Peter Kennedy, who has been in Malaya for three years under contract to the United Engineers of Kuala Lumpur, Malaya, is now 3rd Engineer at the Swan Brewery.

Howard Kennedy, who has been on the Underground Engineering Staff of the Lake View and Star Mine, was in Perth during April, but has returned East.

Brian Wright, who has been busy with his shearing teams all over the State, called into the city for a few days early in March. Brian was at school from 1943-1945.

Ted Hantke was kept busy during the recent Australian Golf Carnival held in Perth as President of the W.A. Golf Association.

Ted Blackman and David Broadhurst were the only Old Haleians represented in the large field of golfers. Both gave good accounts of themselves.

John Munro, who left school in 1945, did well in the recent South Africa-Western Australia game. He kept wickets in faultless style and came under the notice of Mr. J. S. Ryder, a Test selector.

Heard from Robert Hale of Bridgetown, who is now doing a managing job at Glenroy Station for the Mount House Pastoral Co.

Warwick Fountain, who was for three years treasurer of the Association, has moved to Geraldton.

G. S. King has commenced practice as a chartered accountant.

Mr. and Mrs. W. L. Brine spent eight months in England this year.

Peter Glover, in a second letter to Charlie Veryard, mentioned that he met Peter Goff in Los Angeles. Peter has a small agency in Los Angeles and is doing well.

John Homewood wrote from Brisbane to say that Peter Sinclair is now living in that city with his wife and two children. He also mentioned that he has a daughter aged three. As we go to press the paper announces the arrival of a son.

John Ewing is back in Perth with his wife and small daughter. He has been working with the Hydro-Electric Commission, but is now with the Main Roads Board.

Don Keane covered himself with glory this year by being chosen to represent Australia at the Olympic Games in Helsinki. Congratulations, Don!

"Dick" Farmer is a house surgeon in the Queen Elizabeth Hospital, Durham. He and "Bob" Godfrey both plan an early return to W.A. next year.

Robin Farmer, now connected with an engineering firm in Melbourne, also intends to return here, but not for two or three years.

Bruce Rosier was, at time of writing, near Tromsø, somewhere in the Arctic Circle, preparatory to visiting Finland. Next year he is going to do some Semitic language studies before his theological course at Westcott House, Cambridge. In anticipation, his feasts at present are very movable ones!
