### EDITORIAL

*"Dead-born from the Press"*

A schoolboy is a student of neither philosophy nor theology, but as he faces life away from the comparatively sheltered chaperoning of a school, he sometimes wonders what they offer, and what he will take for himself from them. As he looks up from his text books and starting blocks, even he can see that the world is not quite in a state of rosy harmony. He, too, can sense insecurity through wars and rumours of wars, feel the keenness of international disputing and national tension. So he examines with casual gaze the minds of men around him, and wonders which attitude he will adopt for the business of living.

He sees goodness in all of the few philosophies of which he has heard. The tranquillity of the Stoics arouses his admiration — he feels that the world lacks calmness. The more moderate approach of the Epicureans appeals to him — the world needs moderation, too. But (and here his knowledge of the philosophies

ends), both of these seem to lack the real answer to what the world needs. The world, it seems to him as he stoops to lace his running shoes, needs more consideration, more friendliness, more understanding, more honesty — and these things he sees offered in the philosophy of a Galilean Carpenter — a philosophy which calls for the best in man.

Early in July, this year, a series of talks entitled "God and Us," was presented to the boys of Hale School. The occasion was unique in the history of Australian Public Schools, and, if it indicated nothing else, it would seem to show that today men are again realising the necessity for something more than plain education upon which to build a better world. I say, "again," because there was a time when men, living in a less complex community, had time to think about God and themselves. The community of today throbs with the pangs of indigestion caused by incessant rushing, bustling, worry, fear and selfishness — and a loss of spiritual balance, which has brought about in the world, signs of strained and restless minds. In many ways, our art and our music tend to depict the unrest in men's minds; our literature is becoming, in many places, devoid of high moral sense under the guise of realism, and our entertainments are often by no means recreations. Our community is full of "self-made men who worship their creator," and this selfishness can't but help bring unrest and strife. So where is the solution? Science doesn't help a great deal in this Atomic Age; culture, the self-expression of man, is hardly satisfying. The solution, it would appear, lies in assessing life by its real value — by seeking first things first.

This, then, is the schoolboy's problem as he looks out on life. What is he to put first? What is to be his philosophy for life? A school provides him with an education, with a social standing, and a quality of character. His philosophical observances may then lead him to surmise that these qualifications in themselves are not sufficient — he needs an active faith in God.

He then has an advantage, in that, not being a student of philosophy, he is more able to set about putting his beliefs into action.

*"What news abroad?"*

## THIRD TERM, 1955

---

The Junior and Leaving Examinations commenced on November 22, as did final examinations in the other forms.

On Saturday, December 3, the school shooting team, captained by M. R. Beech, contested the Defence Cup at Swanbourne. However, the team was not successful, and our congratulations go to Scotch.

The Final Assembly was held on Monday, December 5, and the same night, the Governor, Sir Charles Gairdner, attended the Annual Speech Night, where he presented the prizes and trophies.

On the following night, Tuesday, the Prefect's Dance took place in the School Hall. No doubt the decision to hold the dance after the examinations added to the enjoyment, as boys did not have to worry about "German or Biology tomorrow."

---

## FIRST TERM, 1956

---

The first assembly for the new year was held on Tuesday, February 14, when the Headmaster welcomed new boys, and in-

roduced a new master, Mr. W. R. Bennetts, who replaced Mr. L. E. McCarrey, in the science section.

On the following day, the Chairman of the Board of Governors, Mr. E. Thorley Loton, was present at assembly when three new School Prefects, W. T. Beckwith, T. S. Parry and S. M. Williams, were appointed. Also it was announced that M. R. Beech, who with R. I. Harrold was a prefect in 1955, was to be Captain of the School for 1956.

Due to a mild polio epidemic, the swimming was cancelled, and the cricket put forward one week, accordingly.

On Monday, March 5, about one hundred Old Boys attended assembly, and in the afternoon, teams from the school played Old Boys' teams in cricket matches.

The first Darlot Cup match, played on Friday and Saturday, March 9 and 10, resulted in a draw with Aquinas, but in the following match, a week later, the school team played brilliantly for a win on the first innings against Scotch. The next week the team again turned on some really excellent cricket to defeat the Cup holders, Wesley, again on the first innings.

On the same Saturday, March 24, the School Rowing Regatta was held, and the second and fourth crews from all schools took part in invitation races, the Hale crews winning both events. Wilson House won the House rowing very comfortably. The following Wednesday saw another rowing victory to Hale School, the first crew gaining a comfortable win at the Wesley Rowing Regatta.

During the Easter Holidays, the School Cricket Team toured the South-West, playing several matches against teams from country towns. Soon afterwards the team played Guildford in the final Cup match. Play was possible only on the Saturday, April 14, and the school team again showed its superiority by defeating Guildford on the first innings. Thus the team won the Darlot Cup for the first time since 1950.

It was Rowers' Assembly on Friday, April 27, where the crews and the school were addressed by Mr. Rosser, coach of the two eights.

Next day was Boat Race day, and saw yet another victory for Hale, the first eight winning by three feet. The crew fought with Scotch all the way, and had a tough battle to draw ahead, which they did only in the final sprint for the line.

At the end of April, Mr. Strahan left the school to go to John Curtin High School in Fremantle.

**"CYGNET" COMMITTEE, 1956**

BACK ROW : B. H. Wansbrough, R. H. Mazzucchelli, H. B. Cuming, P. Eyres, R. I. Harrold, J. B. Rowlands,  
G. A. Lefroy.

FRONT ROW : E. A. Officer, T. S. Parry (Editor), Mr. A. C. Marshall, M. R. Beech (Secretary), W. T. Beck-  
with.

On Saturday, May 5, the cadets went into camp at Northam for their Annual Camp, and the following Thursday, May 10, the school broke up for the May holidays.

---

## SECOND TERM, 1956

---

Second Term commenced on Tuesday, May 29, when the Headmaster introduced a new master, Mr. W. J. O'Sullivan, who was to replace Mr. Strahan in science.

In the first two weeks the school football team played matches against St. Louis, Perth Modern School and Christ Church.

On Wednesday, June 13, the school team matched themselves against Scotch in the first Alcock Cup match. However, Scotch proved too strong for our team, as did Guildford on the following Wednesday.

A week later, the school having drawn the bye, our team met a team from the Old Boys in an exciting match, narrowly won by the Old Boys.

During the next week, from July 2 to July 6, a series of lectures was given to the school by Mr. Becroft. These talks, entitled "God and Us," were held during the lunch hour, and were very well received by a large number of boys.

On Wednesday, July 4, the school football team saw its first win in the series, when it defeated Wesley in a hard-fought match at Subiaco. Wesley ran away with the game in the first quarter, but powerful slogging by our team enabled us gradually to overhaul their lead.

At the end of June, Mr. W. R. Bennetts left the teaching staff to continue his studies in England. Mr. Bennetts had been of great service during his short stay, because he offered to fill in as a science master until a permanent appointment was made. A week later Mr. C. G. Cole was introduced at Assembly. Mr. Cole took over the duties Mr. Bennetts did so well.

On July 11 the football team played Aquinas, but was decisively beaten by the fast, well-balanced Aquinas team. The following Wednesday saw another defeat, this time by Scotch in the second round.

However, the next match saw a change, when the school team clung to an excellent lead in the first quarter against Guild-

ford. The match was hard and slogging, and at times it looked as if the Guildford team would overhaul us.

On Monday, July 30, the Headmaster announced in assembly the appointment of E. A. Officer as a school prefect. On the following day, Mr. Thorley Loton attended assembly, where he invested the prefects with their badge of office.

The next week, on Wednesday, the school team consolidated their third position in the Alcock Cup competition by defeating Wesley, very comfortably, at Wesley.

Examinations for the whole school had begun at the end of July, and were now completed.

On Wednesday, August 15, the football team was defeated in their final match by Aquinas. The following Wednesday saw a play-off for the Alcock Cup between Scotch and Aquinas, both teams being equal, having lost only one match each. Aquinas ran out winners, and are to be congratulated on gaining the Alcock Cup.

Saturday, August 18, was the beginning of the A.T.C. camp, and all the A.T.C. cadets broke up school on Friday.

In the second last week of term, the house football competition was played. This resulted in an easy win for Wilson House.

Second term ended on Thursday, August 23.

---

### THIRD TERM, 1956

---

The term commenced on Tuesday, September 11.

With the Public Examinations only weeks away, boys in the Junior and Leaving forms immediately got down to hard study. At the same time the athletes began the preparations for the "Inters."

The School Athletic Sports were held at the W.A.C.A. Ground on Wednesday, October 3. The sports resulted again in a win for Wilson House.

The school had a surprise visit on the following Monday, October 8, when Group Captain Douglas Bader was present at a special assembly. Group Captain Bader was accompanied by Mrs. Bader, and the manager of the Shell Company in W.A. and his wife, Mr. and Mrs. S. J. Blamey. The guests were introduced by Mr. F. A. Bird, Public Relations Officer of Shell, and also coach of the Hale School athletic team, who called upon Group Captain Bader to address the assembly.

We may be sure that the last words of this famous British air ace will live for all time in the minds of the boys. He said :

"Boys, always remember this one thing. Anything you do, make sure that you can look yourself in the face after doing it."

Before leaving, Group Captain Bader requested a half holiday for the boys in honour of his visit. Later, the Headmaster decided that the boys would have a break on the Friday afternoon. Wednesday of the same week was Show Day, and the whole school had the day off.

On the following Wednesday, at a triangular sports meeting between Guildford, Christ Church and ourselves, at Guildford, the school team performed well to finish just behind the powerful Christ Church team.

Saturday, October 27, was "Inters" day, and the school team contested the Alcock Shield for athletics. However, the Wesley team were far too strong, and the school team had to be content with fourth place.

Soon afterwards, the House Tennis competition was held. This resulted in a win for School House.

On Wednesday, October 31, it was announced that Christ Church Grammar School was to become a full member of the Public Schools Association. They were to take full part in all sporting events from 1957 onwards.

We welcome them to our Association and look forward to meeting them in friendly hostility in the years to come.

### J. E. WELLS

The "Cygnet" records at this, its first opportunity, the passing of J. E. Wells, formerly Gym. Instructor and Swimming Coach at the school for twenty-eight years.

"Buckety" is a vital part of school history, and we are the richer for his services; we do not see his like today.

An Old Boy's appreciation of him will be found in the Old Boys' Section of the magazine.

# *Speech Night*

1955

Speech Night was held on Monday, December 5, on the lawn between the school and the Boarding House. As guest of honour, the school was privileged to have His Excellency the Governor, Lieut.-General Sir Charles Gairdner, K.C.M.G., C.B., C.B.E. Following the National Anthem, the Rev. A. MacDonald said the opening prayer, after which the Captain of the School and the Headmaster gave their reports. His Excellency then addressed the assembly and presented the school prizes and sports trophies. The evening concluded after Mr. Loton, the Chairman of the Board of Governors, had moved a vote of thanks to His Excellency.

---

## *Headmaster's Report*

---

The Headmaster, after welcoming His Excellency the Governor, and Lady Gairdner, made reference to Education Week, which had been held during the first week of November.

He paid tribute to the Director of Education and Officers of the Education Department for their splendid organisation, and referred to the fine relationship existing between the Department and the Independent Schools.

He went on to say :

“ ‘Education Week’ was much more than a State-wide display of Arts and Crafts, or of school concerts and plays. It was a week designed to focus public attention on schools, from kindergarten to Training College. Few hitherto have realised the amount of public and private money that is spent on education, and will have to be spent, if we are to equip the present and future generations of boys and girls adequately for life. In 1945 public expenditure was less than a million pounds a year; this year it is well over five million pounds. Even allowing for the extraordinary increase in school population, about 60% in this period. It will be seen that the cost per pupil has increased enormously.

**PREFECTS, 1956**

BACK ROW : S. M. Williams, E. A. Officer, T. S. Parry, W. T. Beckwith.  
FRONT ROW : M. R. Beech (Captain of School), Mr. V. S. Murphy, R. I. Harrold.

Governments are aware of the great importance of education and the public purse must find the money. Those who feel that the Independent Schools have a valuable place in our community must be prepared to make some financial sacrifice to preserve them. Further increases in our fees are inevitable. Even so the total increases in the last ten years compares more than favourably with the increase in public expenditure on education. I would remind parents of the still very modest cost of boarding at our schools. Even the maximum boarding fees work out at no more than £5/10/- per week. When you compare this with guest houses or hotel tariffs, and when, in addition, you bear in mind that our fee includes laundry, mending, recreation facilities, hospital quarters with a trained nurse in attendance, you, too, must agree that the fees are indeed modest."

Commenting on developments within the school, he said :

"While no new class room accommodation has been provided, the School has now a fully and finely equipped workshop, thanks to the work of a band of Masters under the direction of Mr. Drake. These men, with the help of senior boys in the initial stages, were responsible for the whole erection of the building. The Board of Governors has now provided the equipment, benches and tools. Mr. R. A. Barker, who has so ably conducted our Manual Classes at the Thomas St. Centre, is now holding them at the School. Mr. Barker's help and advice in the matter of equipping the Workshop is much appreciated. The former small workshop and lathe room has been completely refitted as a Biology Laboratory. This will enable us to extend our science work, though I must remind parents that because of the size of the Biology Laboratory, classes will be strictly limited in size. Physics and Chemistry will still be the major sciences. Biology will be for those who do not take those subjects, or who require Biology as a preliminary qualification for entry to Muresk Agricultural College."

He then outlined the school's recent achievements in scholarship, reference to which is made elsewhere. The Headmaster again expressed concern at the immaturity of many who went on to the University. He felt strongly that more boys should have an extra year at school when they would not only consolidate their scholarship but also develop their personality. He also advised parents of boys who were much below the average age in their forms, to consider allowing these boys to have an extra year in a middle school form. While many able young boys could cope successfully with the work of their classes, it was found that they tended to fall behind because of their immaturity, as more advanced work was undertaken. It was better for boys' social development, too, to be with their own age group. He urged

parents to co-operate with the school in providing good facilities for homestudy.

The Headmaster then commented on the good progress seen in the Junior School and, as regards sporting activities, went on to say :

"A school has two problems to solve. One is to curb the over-enthusiasm of the keen athlete who will, if unchecked, make everything subservient to sport. The other is to stimulate the unwilling and the lazy to take an active part in healthy games. I am a little perturbed at the pressure being brought to bear from different quarters to introduce more games, tennis, hockey, rugby, baseball — yes, even golf ! — into schools' competitive sport. The gifted boy will be tempted to take part in too many — and I fear the school will connive at his participation, if it means winning a major competition. On the other hand the introduction of alternatives is, in theory at all events, good, for they should cater for and interest those not skilled in the recognised main games. Unfortunately, we are handicapped by having insufficient playing space to allow too many alternatives. Indeed, considering the handicaps our cricketers, footballers and athletes have to contend with through having insufficient grounds for more practices and particularly for more matches, I think our main teams have done very well indeed. I do look forward to the time when we can move to our Wembley Downs property, not only so that we can have additional class-room accommodation but more playing areas."

Continuing the topic of sporting facilities, the Headmaster said :

"For long the School has lacked a rowing shed. Through the kindness of the University Club, which has accommodated us for several years, we have been able to house our boats, and through the vigour and enthusiasm of Mr. Rosser and his helpers, Mr. Trouchet and Mr. White, we have built up a fine rowing record in recent years. Even so we could not cater for more than 30 or 40 boys, nor could we house a greater fleet of boats. From now on we have our own shed. The Board of Governors realised that wherever the future of the School lay, we needed our own quarters on the River. In May last, on the occasion of the visit of the Adelaide Scotch College crew, the foundation stone of the rowing shed was laid. No more fitting person could have performed the office than Mr. Rosser, to whom the school rowers owe so much. You will be pleased to learn that the School will occupy the ground floor during the summer vacation. At the School Regatta in March, it is hoped to have the official opening of the completed shed. It was designed by Mr. Ken Rosenthal, an Old Boy, the

work has been carried out by Messrs. A. T. Brine & Sons — the Brines have been connected with the School for some 50 years — while much of the equipment and financial assistance has been given by Old Boys and friends of the School. I wish to express the School's sincere thanks to them all. The Old Haleians' Association will have a lease of the 1st floor which will be equipped as a Hall with a fine open balcony overlooking the river."

The Headmaster then commented on the work done in other school activities, such as the Cadets, A.T.C., Physical Training, Debating, Dramatics and the "Cygnet." He said that there was still room in the school for other Societies.

Commenting on the school's spiritual activities the Headmaster said :

"The Crusaders Union maintains its enthusiasm. Facilities are granted the Crusaders to hold their lunch hour meetings, which are well attended. They have had a number of interesting speakers, including Mr. Troutman, Secretary of the North American Inter-Varsity Association.

The School was pleased to participate in the Jubilee Celebrations of St. Mary's Church. We have long looked upon St. Mary's as our Chapel. We welcome the new rector, Rev. Alan Macdonald, whom we are pleased to have with us this evening. He presented some thirty of our boys for confirmation by His Grace the Archbishop on 4th November. We are looking forward to having Mr. Macdonald take our Senior boys for Scripture next year."

He continued by saying that there had been few changes in the staff, but this year Miss Green and Mr. Hamilton had left the School.

After commenting on the activity of the Old Haleians' Association Committee, the Headmaster paid a tribute to the late Ian Cruickshank, who had had a fine record at Hale School.

He then expressed his appreciation to the members of the Board of Governors for their assistance, and thanked all who had helped the School by personal service or by gifts, after which he complimented the teaching staff, visiting teachers and coaches, the office staff and the domestic staff on their work.

In conclusion, he said :

"I would like to express my thanks to Bushell, the Captain of the School, the Prefects and House Prefects for their co-operation during the year. Bushell himself has set a fine example by his whole-hearted participation in school affairs.

To those who are leaving, I wish success and happiness : to those returning, a pleasant and refreshing holiday."

## *Captain of School's Report*

*"Great wits are sure to madness near allied"*

---

Your Excellency, Mr. Chairman, Mr. Murphy,

Ladies and Gentlemen,

Tonight, on behalf of the school, it is my great privilege to welcome to our midst, His Excellency the Governor, who has graciously consented to present the prizes this evening.

This ceremony brings to an end yet another school year. I think that I can fairly say that it has been enjoyed by everyone, although most of us have had difficulties to face at some time.

The school's societies and committees have again continued their highly successful activities this year. The two dramatic societies, Senior and Junior, gave outstanding performances. The credit for the success of the Senior dramatics society production is Mr. Altorfer's, while in the Junior group, we can thank many people, but in particular Mr. Longley, who wrote the play himself.

I am afraid that the interest in debating has fallen away, not in the society itself, but amongst the boys outside the society. We had good teams this year which took part in some excellent debates, but we were disappointed by lack of support from other members of the school, in their failure to attend the debates.

We shared our sporting successes rather evenly with the other schools.

In first term we had to be content with minor places in the swimming and cricket. Our congratulations go to Scotch and Wesley, the respective winners of these two interschool sports.

Mr. Altorfer and his Life Savers added another fine win to their already remarkable record. Mr. Rosser again coached the first crew to victory in the Head of the River.

The second eight and third four were also predominant. It is interesting to note that in the last five years, Hale has won fifteen out of the twenty races held on boat race day.

Towards the end of first term, we were pleased to have as our guests the Scotch College crew from South Australia. They rowed in a social race against Hale and Scotch, W.A. After the race, the foundation stone of Hale School's new boat shed at Crawley was laid by Mr. Gra Rosser.

Good progress has been made with the construction of the building, and we have hopes of using it next season.

The Army and A.T.C. cadet camps, which were held in May this year, were on the whole enjoyed by all. The Army cadets finished training with a bivouac in third term. In the platoon competition that was held, No. 2 platoon was the winner.

In the second term we could get only minor places on the sporting field. The football team was young and inexperienced, but we did play some good football.

Hockey was introduced in full force this year. We took quite some time to establish three full teams, but once we settled down some good hockey was played.

This year saw the completion of the hobbies and carpentry shed which, except for the corrugated roof and the cement finish on the floor, was planned and built by the masters in their spare time.

The school's thanks are due to the masters for their wonderful effort.

The "Cygnet" was published in third term. The committee worked extremely hard to make it the successful publication that it is.

In sport in third term we could again manage only fourth place in the athletics and third in the tennis.

The interest in the athletics has fallen away this year, and we cannot and will not win the shield until this interest is restored.

The Prefects' dance will be held tomorrow night. We are confident of another great success. In anticipation, I would like to thank Mrs. Murphy and all mothers of 6A boys who are helping with the arrangements for the dance.

The House Prefect System has continued to show its value. The Prefects have generally had the co-operation of the boys belonging to their respective houses.

To the Prefects, I would like to express my appreciation for the efforts they have made this year. Their discipline has always been firm and fair.

In conclusion, Ladies and Gentlemen, I would like to say that, although some of us have not learnt as much as we might have done, it has not been the fault of the masters. They have shown us the school spirit, the real school spirit. We have been

taught much more than our lessons in school, we have learnt, at least some of us, how to give and take and to be loyal and obedient, and if we have learnt these things, we have thereby fulfilled the motto of Hale School, 'Duty.'

To all those who are leaving this year I wish success and happiness in future years. To those who are returning next year, I would like to say, "Come back with a will, a will to strive to reach the top both in the academic and sporting fields, and to be worthy of being associated with the proud name of HALE SCHOOL."

## School House

FIRST TERM, 1956

Most of us arrived back on Monday, 13th of February and we were confronted with the usual new faces.

This year we welcome the following new boys: Richard Burges, Peter Donaldson, Marcus Duce, Neville Eastman, Stuart Graham, Roger Hall, David Irvine, Graeme Johnson, Ian Kelly, Robert Kelly, Lance Lee Steere, Ken Lee Steere, Eric Lockyer, Richard Male, Graeme Matthews, Robin Palmer, Peter Pearson, Agris Petersons, John Rosenthal, John Stacy, Bruce Strickland, Kim Sweeting, Charles Wallwork, Richard Webster, William Wheatley, David Wood, Richard Jessop.

The following have entered our ranks from the day school. Hamish Cuming, Peter Reading, Graeme Miller, Bernard Stonor, and Robert Devenish, Robert Redford and Tim Officer have become day boys.

We were sorry to learn that Sister Thompson had left us but we all welcome Sister Woods and hope that her stay with us will be a happy one.

Mr. Bridson, who was a resident house master, has now joined the teaching staff and is in charge of First Remove.

On Wednesday, 15th February, Ted Officer was appointed a House Prefect and four days later Clem Addis, Richard Hester, Herbert Roberts and Tony Ryan were also made House Prefects. Ted was appointed Captain of the House.

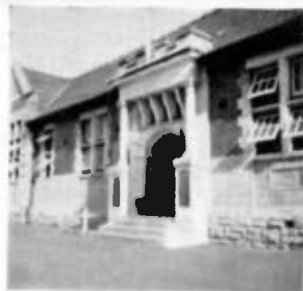

The New Boys Boxing was held in the third week of term and as usual it was greatly enjoyed by everyone.

As the Swimming Sports were cancelled, the first Inter-House sport was the Rowing, which was on Saturday, 24th March. School House came second to Wilson with Buntine-Faulkner third.

Cricket began immediately and we were well represented in the First Eleven by Clem Addis, Dick Cobley, Trevor Sweeting, Ted Officer, Robert Wood, Graham Sutherland and Tony Ryan. Congratulations, Clem, on being Vice-Captain of this year's victorious team.

Dick Coble, Tony Hope, Richard Cooke, Sam Fisher, Trevor Sweeting and Robert Wood have been made this year's librarians.

Early in the term a number of boarders received promotions in the Cadet Corps. They were : Cpl. E. Officer to Under-Officer, Cpl. H. Roberts to S/Sgt., L/Cpl. C. Addis to Sgt., L/Cpl. T. Ryan to Sgt., Cdt. R. Hester to Sgt.

The only A.T.C. promotion was Cdt. R. Cooke to Cpl.

The Easter break was from March 29th to April 3rd, and on returning we found that Warren Beckwith and Roger Miller had become boarders. Warren, being a School Prefect, has joined our House Prefects.

The members of the cricket team looked a little the worse for wear after their Easter tour but their rivals, the "boatmen," assured us that they had been training hard and were all fighting fit.

Our representatives in the winning "Head of the River" crew were Herbert Roberts and Richard Cooke. Well done, boys! We had three representatives in the 2nd VIII. They were Richard Hester, Chris House and John Wood, who was cox.

On Saturday, 5th of May, the Cadet Corps left for camp and our numbers were considerably decreased. All the House Prefects were members of the Cadets and so Mr. Altorfer appointed four senior boys who were in the A.T.C. to carry out the duties of prefects. The boys were John Offer, Trevor Sweeting, Richard Cooke and Tony Jenour, and they did an excellent job.

The term broke up on the 10th of May and we all left for home and a well earned holiday !

---

## SECOND TERM

---

The night of Monday, the 28th of May, found most of the boarders back at school and looking forward (we hope) to the winter term. The only major sport this term was football, and School House was represented in the 1st XVIII by Tony Ryan, Ted Officer, Trevor Sweeting, Dick Coble and Stuart Graham.

During the term a new table tennis table was purchased out of house funds and it has proved very popular after school and during the week-ends.

The pictures shown this term were "Doctor in the House," "Genevieve," Francis Goes to West Point," "The Conquest of Everest" and "Where No Vultures Fly." The last two were in colour.

Many of the boys took part in the School Boxing Tournament and boarders' names appeared frequently on the winners' list.

At a simple ceremony held in the School Hall on July 18th before prep, Mr. Altorfer inducted the house prefects.

Towards the end of the term the house football competition was decided. In the first match our team played very well to beat Buntine in a hard game. The whole team played very well, but outstanding were Officer, Sweeting, Sewell, Addis and Ryan.

In the next game Wilson defeated Buntine and so the winner of the School-Wilson game would win the football cup for 1956. The game turned out to be an overwhelming victory for Wilson, who beat us 9.11 to 1.1. Our team was young and did not contain as many "stars" as the opposition, but we don't wish to make excuses and we heartily congratulate Wilson on its win. Our best players in the match were Hopkins, Ryan and Cobleby.

On Saturday, the 18th of August, a few gallant members of the Air Training Corps left for camp and on Thursday, the 23rd, second term 1956 came to a close.

---

### THIRD TERM

On returning to school on September 10, we found that Trevor Sweeting had left school and that Roger Miller had become a day boy. A new arrival during the term was Peter Readhead.

Mr. O'Sullivan, who joined the teaching staff in second term, became a "boarder" at the start of this term. We would like to take this opportunity to welcome him to our midst and we hope his stay is an enjoyable one.

Athletics was the first sport in the term and although we were well ahead of the other two Houses on standard points they were far too strong for us in the sports and we had to be content with third place, behind Wilson and Buntine. Nevertheless several of our boys distinguished themselves. Hamish Cuming won the 880 under 16, Robert Hopkins the Shot Putt under 16, and Billy Urquhart ran and jumped extremely well to be under 15 champion. He won the 100, 220 and Broad Jump.

Boarders who ran for the school in the "Inters" were Billy Urquhart, Barry Burgess, Hamish Cuming, John Trigwell, Graeme Miller and Digby Lee Steere.

We had our first win for the year in the House tennis. The team was Clem Addis, Stuart Graham, Dick Cobley and Pete Morgan.

In the first match they beat Buntine easily and then went on to beat Wilson and so win the competition. Addis, Graham and Cobley played in the school tennis team and Clem must be congratulated on being the school tennis champion for the second year in succession. Stuart Graham was runner-up.

As the swimming sports were cancelled during first term the school championships were held on November 14. A number of our boys had trained hard for these sports and School House supplied three of the age champions. They were Robert Hopkins (under 15), Charlie Tully (under 14) and Kim Sweeting (under 13). Michael Taylor won the 50 metres breaststroke under 14 and boarders were among the place-getters in most of the under-age events. Entries in the open and under 16 divisions were very disappointing and, because of this, we could only finish up with 70 points.

The House cricket started well when we defeated Buntine in the first match. Batting first, School were 9 for 108 at stumps. The main scorers were Graham 34, Addis 16, and Coblev 14. The next day we dismissed the Buntine XI for 65. Wood took 3 for 8 and Cobley 3 for 27 to be our best bowlers.

In the second match we made 8 for 97 and dismissed Wilson for 64 and so won our second House competition for 1956. Wood 28 and Addis 19 batted well and mention must be made of our two "babies," Neville Eastman and Noel Collins, who made 12 n.o. and 11 n.o. respectively. The best bowlers in the match were Cobley, 4 for 19; Graham, 4 for 29; and Wood, 2 for 4.

Although we were not Cock House this year we did quite well in the sporting field and with many good younger boys in the House the future looks bright.

## *Buntine-Faulkner House.*

---

House Captain : R. I. Harrold.

School Prefects : R. I. Harrold, T. S. Parry.

House Prefects : T. M. J. Edmondson, R. M. Stone.

Although we have many good sportsmen, this year has proved extremely disappointing for Buntine House in the house competitions.

The rowing crew, D. Durston, K. Venn, R. Redford, G. Friend and I. Ward (Cox) seemed quite good, but we could manage only third place in the school regatta.

The football competition was held after the interschool matches. We lost the first round to the hard-playing School House after a rough, scrumbly game.

In the match against Wilson House, we were well beaten. We relied too much on a few, such as R. Harrold, D. Woodroffe, T. Edmondson and W. Brockway to bear the brunt of the play. However, we managed to keep up with the speed of our opponents in the earlier part of the game and at half-time we were fairly even. But in the second half the team was no match for the bigger, more powerful Wilson House team, which finally overwhelmed us.

The house fared better in the athletics, beating School House, but being beaten by Wilson.

T. Parry was our outstanding athlete, winning the open 100 yards, 220 yards and 440 yards events.

We were unsuccessful in the tennis competition, the house team (R. Harrold, D. Woodroffe, T. Edmondson and W. Loader) losing to School House.

The swimming championships, postponed from first term, will be held shortly, and with such good swimmers as W. Brockway and D. Johnston, Buntine House has a very good chance of winning.

We have just completed playing Wilson in the house cricket competition. Despite high hopes and good bowling by T. Edmondson and M. Johnson, our batting failed and we were beaten by 60 runs.

So, at the end of this year, Buntine House has the very doubtful distinction of being acclaimed the outright winner of the "Wooden Spoon Competition for 1956."

House Captain : M. R. Beech.

School Prefects : M. R. Beech, S. M. Williams.

House Prefects : M. D. Brandreth, G. A. Lefroy.

House Master : Mr. T. D. Hoar.

Welcome to all new boys in the House this year. We hope you will give of your best for Hale School and Wilson House.

During first term, Interscholar Competitions for Cricket and Rowing were held. The following boys from our House represented the school in the winning Darlot Cup team : M. R. Beech (Capt.), B. H. Bennett, T. W. A. Bourne, R. N. Clayden, L. M. Lilleyman and R. W. McBride.

The Inter-House Rowing was held a month before the Head of the River, and having five members of the 1st VIII to choose from, we were confident of victory. Our confidence was justified, when the House crew proved too strong for School House who beat Buntine into second place. The crew was T. W. Hogan, (Stroke), R. F. Buhler (3), G. A. Lefroy (2), D. G. K. Cannon (Bow), R. W. Devenish (Cox).

Congratulations to these boys who rowed in the winning Head of the River crew : T. W. Hogan (Stroke), S. M. Williams (6), R. F. Buhler (5), G. A. Roe (4), D. G. K. Cannon (Bow), R. W. Devenish (Cox).

W. T. Beckwith, who was a Prefect in our House, left us in first term to join School House. Incidentally, he rowed in their losing House crew !

Inter-House Football was held in 2nd Term. • Thirteen footballers from our House had played in the 1st XVIII, thus we felt that victory was within our grasp. They were : M. R. Beech (Capt.), B. H. Bennett, T. W. A. Bourne, D. G. K. Cannon, P. Eyres, G. A. Lefroy, L. M. Lilleyman, R. W. McBride, A. P. MacDermott, I. T. Macmillan, A. Stewart, P. H. Stewart, N. R. Vanzetti.

Our first match was against Buntine House. The scores were no indication of the play as both sides showed little knowledge of football. Our kicking for goal was badly astray.

Wilson House, 8 goals 14 behinds, defeated Buntine House, 2 goals 2 points.

Best : Vanzetti, Lilleyman, Beech, Lillingston.

Goal Scorers : Beech 4, MacDermott 3.

In the second match, we played much better football and our open style was far too good for School House, who had earlier defeated Buntine.

Wilson House, 9 goals 11 behind, defeated School House, 1 goal 1 behind.

Best : Cannon, Beech, Lilleyman, Vanzetti.

Goal Scorers : Lilleyman, Beech 3.

However, School House defeated us in the final House match, thus giving them a well-deserved victory. Well done, School ! We finished ahead of Buntine in second place.

School House, 97 (McBride, 4 for 26; Beech, 2 for 29), defeated Wilson House, 64 (Bourne 16).

The School Swimming Sports were held on the morning of the 14th November. We had an easy victory over Buntine House and School House. Best performers were A. P. MacDermott, S. M. Williams, B. S. S. Joel, M. D. Brandreth and R. H. Mazzucchelli. Thanks go to Adrian MacDermott for his good work for the House.

1956 proved a particularly successful one for Wilson House. We easily won the Cock House award and best wishes go for success in next year's competitions.

---

## HOUSE ATHLETICS

Athletics proved another success for the House, making three victories in a row. Most of the boys trained hard and all but a few recorded Standard points. School House scored more Standard points than we, but on the Sports Day, we overwhelmed the opposition and had a clear-cut victory.

Those who did best for us were : P. Eyres (Open Champion), N. R. Vanzetti, S. M. Williams, L. M. Lilleyman, M. D. Brandreth, R. W. McBride (U/16 Champion), M. D. Staines, J. H. Collins (U/14 Champion).

Congratulations to both Peter Eyres and John Collins on their excellent high jumping performances.

In the House Tennis, we had to lower our colours to School House, who had convincing wins over Buntine and ourselves. Well done, School ! Our team, which finished second, was M. R. Beech, T. W. A. Bourne, P. C. R. Nattrass and A. E. Williams. M. R. Beech represented the school in the 1st IV.

The Inter-House Cricket looked to be very open, every House having a chance of victory. We played Buntine House in the first match, and batting first, compiled 116 in quick time. This was due mainly to Bourne's 49 n.o., made in grand style, and Beech's 33. Buntine never looked like getting the runs and were dismissed for 48, McBride finishing with the good figures of 5 for 23 and Beech, 3 for 8.

Wilson House, 116 (Bourne 49 n.o., Beech 33, Williams, A. 13), defeated Buntine House, 48 (McBride, 5 for 23; Beech, 3 for 8).

---

### HOUSE CRICKET, 1956

House Cricket this year was played late in Third Term. Wilson House opposed Buntine House in the first match, and gained an easy victory. Batting first, Wilson looked to be in trouble when Beech, who had made 33 in quick time, was dismissed. However, Bourne came to the rescue of his House and put together a dashing 49 n.o. Johnson and Edmondson had bowled consistently for Buntine and Wilson were dismissed for 116. Buntine never looked like scoring the necessary runs, Drake top-scoring for them with 9. McBride took 5 for 23 and caused all batsmen worry, whilst Beech, at the other end, took 3 for 8.

Wilson House, 116 (Bourne 49 n.o., Beech 33, Williams A. 13. Bowling : Johnson, 4 for 28; Davidson, 2 for 11), defeated Buntine House, 48 (Drake 9. Bowling : McBride, 5 for 23; Beech, 3 for 8).

In the second match, School House was too strong for Buntine House and won by 43 runs. But for a hard-hitting 35 from Graham, School House would have finished far short of their 108. Edmondson bowled consistently for Buntine, but the fielding was their downfall. Buntine could manage only 65, Wood and Cobley bowling well for School House.

School House, 9 for 108 (Graham 35, Addis 16, Cobley 14. Bowling : Edmondson, 4 for 40; Johnson, 3 for 34), defeated Buntine House, 65 (Brumby 19, Harrold 17. Bowling : Wood, 3 for 8; Cobley, 3 for 27).

In the final of the House cricket, School House defeated Wilson House by 33 runs. Due to a fine opening partnership be-

tween Wood (28) and Addis (19), School House were able to compile 97 runs for the loss of 8 wickets. Collins and Eastman also helped their House with useful scores. McBride and Beech bowled creditably for Wilson House. Due to some accurate bowling by Copley and Graham, Wilson House were dismissed for 64, Bourne being the only batsman to offer any serious resistance.

School House, 8 for 97 (Wood 28, Addis 19, Eastman 12 n.o., Collins 11 n.o. Bowling: McBride, 4 for 26; Beech, 2 for 29), defeated Wilson House, 64 (Bourne 16. Bowling: Copley, 4 for 19; Graham, 4 for 29).

### HALE v. SCOTCH

---

PLAYED AT SCOTCH COLLEGE OVAL,  
WEDNESDAY, 13th JUNE, 1956

Johnson, the Scotch captain, won the toss and Scotch went straight into attack, but scrumbly play and a strong cross-wind prevented any score. McBride and Harrold repulsed Scotch's moves and Hale went forward only spasmodically. Late in this quarter, Harrold received an injury to his eye, and at the close of the term, Scotch had a lead of 10 points.

The 2nd quarter opened with Scotch continually in attack. Hale, fighting back, took the ball to the forward line, where Woodroffe snapped a much-needed goal. Scotch retaliated and with their forward line playing good football, they were able to score almost at will. At half-time, Scotch had established a winning break of 47 points.

During the 3rd quarter, play was much more even and it was noticeable that Hale began to play as a team. Scotch goaled early, but with Stewart and Sweeting defending ably and the ruck giving us more drive, Hale attacked and scored through Ryan. A goal apiece during the term was a good indication of the closeness of play.

Scotch, showing more liveliness, kicked 2 goals in as many minutes, but then the Hale backs began to combine more strongly. Hale attacked, but could not score. Harrold, on the ball, was a tower of strength and McBride at centre half-back was clearing dashing. Beech, taking the ball from a throw-in, goaled well and Hale was still in attack when the siren rang.

### HALE v. GUILDFORD

---

PLAYED AT GUILDFORD OVAL. WEDNESDAY, 20th JUNE, 1956

Guildford, attacking strongly, found scoring easy and soon had 3 goals on the board. Our backs, however, began to combine better and it was soon evident that it would be a hard, slogging match. McBride was dashing on the half-back line, whilst Vanzetti held his own at centre. MacDermott's goal was the only bright feature for the quarter, Guildford having established a break of 19 points.

The second quarter began with Guildford once more attacking to score another two goals before Hale realised the deficit they had now to wipe off. The centre line was driving the ball forward and Woodroffe and MacDermott were a dangerous combination in front of goals. Three goals came in as many minutes and at last Hale had found their feet. However, Guildford added a further goal before the bell and had a 20-point advantage at half-time.

Once again the Hale backs let the Guildford men run wild in the early part of the quarter and as a result, they brought up 2 goals. Then began a hard fight-back. Two more goals from Woodroffe gave the team added incentive and Lilleyman and MacDermott both scored. Bennett was putting the side into attack from a half-forward flank, whilst Vanzetti continued to shine at the pivot position. Guildford had a handy 15-point lead at three-quarter time.

Hale's football lacked fire in the last term. Miss-kicks and bad backing up cost us necessary goals and Guildford, adding two goals, went right away and were untroubled to win. Had Hale played with more fight, the game would have been much closer in the final quarter.

### HALE v. WESLEY

---

PLAYED AT SUBIACO OVAL, WEDNESDAY, 4th JULY, 1956

Beech won the toss and although we kicked with a slight breeze, Wesley began with a paralysing burst, which left Hale flat-footed. Playing with an open forward line, Wesley capitalised at every opportunity, finishing the quarter with a 29-point advantage. We had failed to settle down, our few forward moves resulting only in points.

After an early goal by Wesley, Hale at last found their feet and fought back strongly. The backline was now playing more purposefully, whilst the forwards began to attack, though their inaccurate kicking prevented us from making up much leeway. Macmillan was playing well in the ruck, but his two long shots resulted in points. Harrold now got the better of R. Hawkins, who had been brilliant early, and he continually repulsed their forward moves. Wesley's 26-point lead at half-time was mainly due to our poor kicking.

A rejuvenated Hale side commenced this term with a vengeance. The centre line began to give us plenty of drive and with Eyres dominating the ruck, Hale began to bridge the gap, despite Wesley's determined efforts to hold us. Lilleyman and Eyres both goaled and when MacDermott scored with a long kick, Hale was only 1 goal down. Stewart, in defence, played solidly in snapping a point post. A late goal gave Wesley a 2-goal break at three-quarter time.

Wesley, trying to reassert their superiority, went forward, but could manage only 2 unlucky "posters." Then began an epic fight-back, Hale returning the ball to their forward line, but scoring only points, Beech bringing up his fifth. Vanzetti, however, kicked truly from a difficult angle and minutes later Lilleyman put us ahead with a well-earned goal. Inspired by these quick

goals, MacDermott and Macmillan added further ones soon after. Wesley scored, but it was too late, and Hale ran out winners of a stirring match, which we might have lost by inaccurate kicking.

### HALE v. AQUINAS

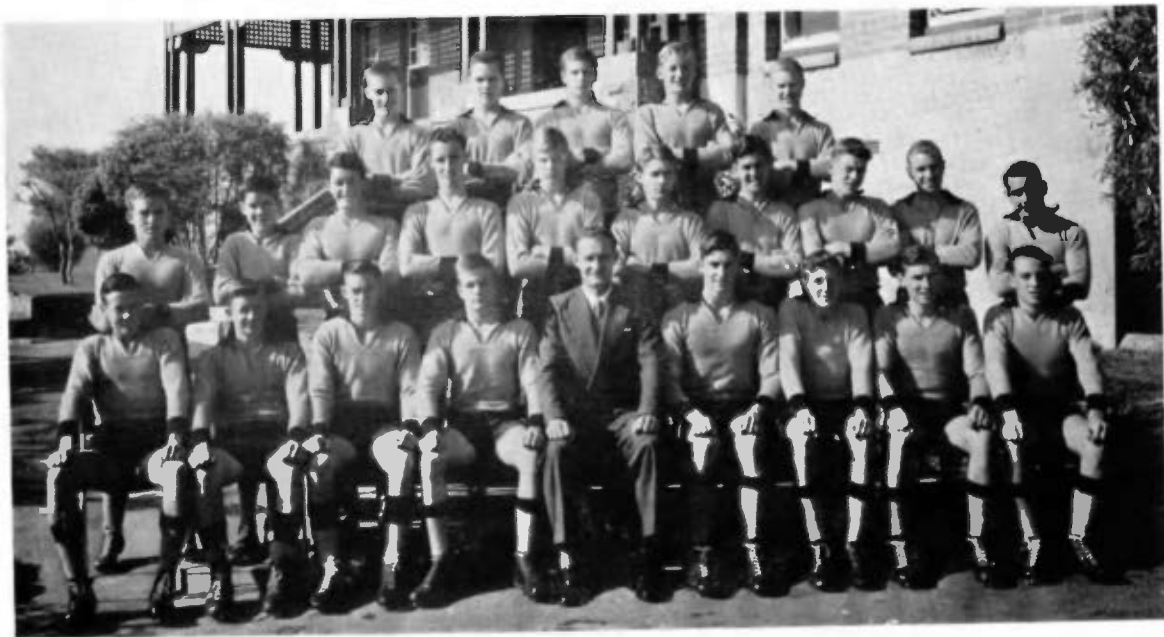

PLAYED AT AQUINAS OVAL, WEDNESDAY, 11th JULY, 1956

Hale, inspired by their win against Wesley, started in confident fashion against the strong Aquinas side. After a hard fight, Aquinas managed 2 goals, through Sinclair, but Hale retaliated, when Lilleyman kicked a good goal. Hale had held their own and the remainder of the quarter saw good, hard football with neither side able to break through.

Hale continued to play well in this quarter; the backline were continually jostling their opponents and Aquinas were temporarily put off balance and found it hard to break away. At centre half-back, Harrold's play was an inspiration to the side, and Aquinas found it necessary to attack around the flanks to get past him. In the final minutes of the quarter, Aquinas had a run of 3 goals, which gave them a 29-point advantage at half-time.

Aquinas, in the second half, produced a different brand of football. Intelligent handball made for an open forward line and their rucks were giving them the necessary drive. Harrold and Officer were defending solidly on the half-back line, but at three-quarter time, Aquinas had the match won with a lead of over 10 goals.

Aquinas continued to attack in the last quarter and added goals at a steady rate. Our backs were under pressure and Stewart was dependable in a back pocket. Mention must be made of Sinclair's individual performance in kicking 9 goals. Aquinas had played a fast, hard game and completely ran us off our feet, eventually winning by 114 points.

### HALE v. SCOTCH

PLAYED AT SUBIACO OVAL, WEDNESDAY, 18th JULY, 1956

Hale won the toss and elected to kick with a slight breeze. Scotch played good football early and had the Hale backs hard pressed. However, as the quarter progressed, their scoring was marred by inaccurate kicking for goal. Hale made a weak forward move which resulted in only a point. The quarter ended with Scotch having a 25-point break, but to this stage, the position was not hopeless.

Scotch started well and attacked relentlessly. The backs tried hard, but Scotch's tactics of sending a ruckman straight down to their open half-forward line, created a loose man in that position and through him most of their scoring was done. Stewart and Harrold were defending ably, but they, alone, could not stem the tide. Scotch, whose kicking for goal had now vastly improved, had set up a match-winning advantage of over 10 goals at half-time.

The third quarter was Hale's best quarter for the match. Determined not to be annihilated, Hale played with much more purpose and vigour and kept the ball almost continuously in the forward line. Harrold repulsed most Scotch moves, whilst the rucks gave us more drive. Graham and Ryan goaled, and although Scotch also managed to score twice, the Hale team had more than held its own in this term.

Hale continued to fight hard against the fast-moving Scotch side. Sweeting subdued their full-forward, whilst Stewart was also defending well. Woodroffe brought up our third goal when he kicked truly, but Scotch continued to attack. The match ended with Scotch winning by 82 points in a match that was well won at half-time.

### HALE v. GUILDFORD

PLAYED AT SUBIACO OVAL, WEDNESDAY, 25th JULY, 1956

Determined to recompense for the bad start on the last occasion against the Guildford side, Hale, having won the toss, elected to kick with a fresh wind. Right from the first bounce, Hale was in complete command of the game. Two quick goals from Graham and Ryan gave the side the boost that they needed in order to produce 10 minutes of match-winning football that realised 5 goals 3 behinds. Only the kicking of 8 points straight prevented us from being further ahead at the end of the first quarter.

Guildford now had the breeze in their favour, but this advantage was lessened by a downpour of rain. The back line was now under pressure, as Guildford strove to recover their position. Harrold and Stewart stood out in defence, whilst the rucks still gave us plenty of drive. Bad kicking by Guildford prevented them from making much impression and we were 29 points ahead at half-time.

The Guildford side goaled early in the third quarter and had the edge on us. However, in the latter stages of the quarter, Hale again took the initiative and goals from MacDermott and Beech put us further in front. The rovers, led by Lilleyman, served us well and we had a 35-point advantage when the quarter ended.

Guildford, not to be denied, fought strongly against the Hale side, which was beginning to ease up. After Cannon had kicked truly, Guildford went forward and remained in attack for most of the quarter. Despite the fact that they kicked 4 goals, Hale were never in real danger and won the match by 14 points. After our brilliant first quarter the game had lacked fire.

## HALE v. WESLEY

PLAYED AT WESLEY OVAL, WEDNESDAY, 8th AUGUST, 1956

Knowing that a win in this match would ensure third place in the competition, Hale began determinedly against a strong breeze. McBride, acting as a loose man in the back line, was a stumbling block to the Wesley attacks, continually forcing the ball on to the flank, where scoring was extremely difficult. Playing openly, the forward line co-operated well and Graham's goal was the result of a good passage of football. Hale had played their best football for the match and were in a sound position at quarter time.

Hale was now kicking with the breeze, but the determination that had characterised their early play, was not evident now. With both sides slowing down, play became scrumbly and the great drive Cannon and Vanzetti gave us on the ball fell down in a crowded forward line. Goals from Cannon and Ryan were well-earned, and when the second quarter ended Hale had a 20-point advantage.

Realising that they must hold Wesley in this quarter, Hale strengthened their defence. McBride and Harrold combined well on the half-back line and Wesley found it difficult to score. Wesley goaled, and when Hale attacked, they could manage only points. The ball see-sawed between the back lines and after much negative football, Wesley goaled again. Hale led by 10 points at the end of the third term.

Attacking with the aid of the breeze, Hale were unable to press home their advantage, due to their over-crowded forward line. Vanzetti goaled and when MacDermott, who had been marking well, kicked truly, the match was almost ours. Hale added further points and at the final bell, Hale had won a game that had been marred by the strong wind, by 26 points.

## HALE v. AQUINAS

PLAYED AT SUBIACO OVAL, WEDNESDAY, 15th AUGUST, 1956

Hale began determinedly and for 10 minutes there was no score from either side. Two quick goals gave Aquinas the run of the ball and the tempo quickened, with Aquinas attacking strongly. McBride, taking the ball from just forward of the centre line, out-manoevred three Aquinas backmen and his long kick found the target. Fast football had been dominant in this quarter.

With Hale fighting strongly, both sides played open football and the match developed as a spectacle. The teamwork of Aquinas was excellent, giving them an advantage which enabled them to go further ahead. Goals from Lilleyman and MacDermott came from good forward play, but Aquinas led by 50 points at the long break.

Hale opened the third quarter with a strong burst of football that realised a goal by Cobley, and numerous points. Aquinas, however, retaliated and the backs were called upon to defend. Harrold repulsed promising moves, whilst Sweeting, at full-back, was a tower of strength. Graham goaled late in the term, Aquinas leading by 61 points at three-quarter time.

Aquinas ran the Hale side into the ground during the last quarter. The addition of 11 goals 3 behinds was a true indication of the play. Apart from Lilleyman's goal, it seemed as though Hale were unable to get the ball, as indeed they were. Cicerello, a young rover for Aquinas, kicked 9 goals whilst two others also managed over 5 goals each. Aquinas had run away in the last term, but up to three-quarter time, the match had been hard fought.

Here also we have several very promising footballers. We hope to see good football in future years from them, especially from Collins, Sweeting, Tween-Cain, Wallwork and Stawell.

At the beginning of the season, Richard Turkington, recently a prominent school footballer, offered to help with the coaching of this group. As a result of his efforts, the team developed considerably and we are most grateful to him for the help and advice given.

## HOUSE FOOTBALL, 1956

The House football matches were played during the School's bye in the second round of the Alcock Cup.

School House and Buntine House contested the first game. Back men, particularly Officer and Harrold, stood out, and both sides found scoring difficult. School House finished 3 goals ahead, mainly due to some good football from Ryan in the forward line.

School House, 6 goals 4 behinds, defeated Buntine House, 3 goals, 4 behinds.

Goals: School House, Ryan 3; Buntine House, Guger 2.

Best Players : School House, Officer, Ryan, Sweeting, Addis;  
Buntine House, Harrold, Edmondson, Woodroffe, Brockway.

Wilson House, the favourites, had an easy victory over Buntine House in the second match. Although they won by 8 goals, Wilson did not give a good display of football. Vanzetti, at centre, was the best man afield, whilst Lilleyman and Beech did much damage in the forward line for Wilson. The kicking for goal was particularly poor.

Wilson House, 8 goals 14 behinds, defeated Buntine House, 2 goals 2 behinds.

Goals : Wilson House, Beech 4, MacDermott 3.

Best Players : Wilson House, Vanzetti, Lilleyman, Beech, Lillingston; Buntine House, Edmondson, Brockway, Harrold, Woodroffe.

In the deciding game of the House Football, Wilson House proved far too strong for School House. This was the best game of the series and much good football was seen. For Wilson House, Cannon and Beech did great work in the ruck, whilst Hopkins was a tower of strength at full-back for School House.

Wilson House, 9 goals 11 behinds, defeated School House, 1 goal 1 behind.

Goals : Wilson House, Lilleyman, Beech, 3.

Best Players : Wilson House, Cannon, Beech, Lilleyman, Vanzetti; School House, Hopkins, Cobley, RFyan.

*"Tir'd with a tedious march"*

### FIRST TERM

As a result of a training course for Under-Officers and Senior N.C.O.s held at Kingston Barracks, Rottneft, during the Christmas holidays, the following promotions were made :

To U/Oftrs. :

S/Sgt. M. Beech, Cpl. E. Officer, Cpl. T. Parry.

To W.O. II :

L/Cpl. T. Bourne.

To Sgts. :

L/Cpl. C. Addis, Cdt. W. Beckwith, L/Cpl. D. Durston, Cdt. I. Macmillan.

To Cpls. :

Cdt. R. Hester, L/Cpl. A. Ryan.

Also, Cpl. H. Roberts was promoted to S/Sgt.

Mr. Bridson this year took over the supervision of the training of the cadets with the rank of Lieutenant. He was most enthusiastic and was a great help to the officers and N.C.O.s.

For the first time this year specialist training was introduced for third year cadets. The specialist groups were instructed on the Vickers M.M.G., the three-inch Mortar, and Intelligence work, under the supervision of Sgt. Durston, Cpl. Ryan and Cpl. Hester, who had done specialist courses at Rottneft. The innovation proved to be very successful, and was appreciated by the cadets.

**CADET OFFICERS AND N.C.O.s 1956**

**BACK ROW :** L/Cpl. R. Binks, L/Cpl. D. G. K. Cannon, L/Cpl. R. N. Cobley, L/Cpl. S. A. Fisher, L/Cpl. M. D. Rigoll, L/Cpl. R. J. H. Wood.

**MIDDLE ROW :** Cpl. T. W. Hogan, Cpl. G. A. Roe, Sgt. I. T. Macmillan, Sgt. R. M. Hester, Sgt. A. J. Ryan, Sgt. C. J. Addis, Cpl. W. T. Beckwith, Cpl. A. P. MacDermott.

**FRONT ROW :** Sgt. D. P. Durston, U/Off. T. S. Parry, U/Off. E. A. Officer, Lt. G. I. Wall, Capt. L. Drake, Lt. I. St. J. Bridson, U/Off. M. R. Beech, WO2 T. W. A. Bourne, S/Sgt. H. C. Roberts.

This year the unit comprised four platoons, of which two were "rookie" platoons. Until camp the recruits were given elementary rifle drill and marching practice.

---

## CAMP

On Saturday, the 5th of May, the Unit left by bus for Northam Military Training Centre, where many were to have their first taste of army life.

As it was wet on Saturday, little could be done other than settling in. May 6 was Empire Youth Sunday, and all those in camp of the 5th Cadet Brigade attended a service on the main parade ground. The Premier, Mr. Hawke, addressed the parade and took the salute.

Monday morning saw the commencement of real training, and soon, at the expense of the Sergeant-Major's voice, the drill began to improve.

Early in the week further promotions were made :

Cpls. Hester and Ryan to Sgts.

Cdts. Hogan, MacDermott and Roe, G. to Cpls.

Cdts. Binks, Cogley, R., Fisher, Rigoll and Wood, R., to L/Cpls.

A night exercise was organised by Lieut. Bridson and the Under-Officers. The elaborate preparations, which included the mapping of the "battle-field" by the Intelligence, and the use of flares and "blanks," made the exercise realistic and successful.

The cadets enjoyed camp and benefited from the training they received. At the end of camp it was hard to distinguish the recruits from the more experienced cadets, so great had been the improvement of the former.

---

## SECOND TERM

Training differed from that of first term in that all cadets fired on the miniature range and some were shown a film on the war in the Pacific. Training this term was able to be more advanced due to the experience gained at camp.

On one Saturday morning during the term part of the unit visited the open range at Swanbourne.

## THIRD TERM

On the 15th and 16th of September the annual bivouac was held at Irwin Training Centre. However, this year, a Marching Out Parade was held on the Sunday instead of the usual training.

The Marching Out Parade was to be an important occasion and great effort was made to ensure its success. The whole of Saturday was spent in practising for the parade and for the platoon competition, which was to be a part of the day's activity.

Parents and friends were invited to attend the Parade on Sunday and Brigadier J. C. Newbery, an Old Boy of the school, inspected the cadets, took the salute and judged the platoon competition. The ceremony was made more impressive and the marching of the cadets was made easier by the music of a C.M.F. Band who had kindly agreed to play for us.

The platoon competition was won by No. 3 Platoon under U/Offr. Beech and Sgt. Addis. As this platoon was made up entirely of recruits their win was all the more praiseworthy.

The Tobruk Trophy, awarded annually to the most efficient cadet under commissioned rank, was this year won by S/Sgt. H. C. Roberts.

At this stage the presentation of this trophy and the Platoon Cup was made by Brig. Newbery.

To end the day's proceedings a demonstration of the Vickers M.M.G. and the 3-in. Mortar was given by the specialists.

This marching out parade was most successful and it will be something to look forward to in future years.

Later in the term a team from the unit competed for the 5th Brigade Challenge Cup, a shooting competition in which about thirty schools take part annually. Hale School was this year in the "B" Division.

The unit was represented by U/Offr. M. Beech, Sgt. W. Beckwith, Sgt. R. Hester, Cpl. G. Roe, L/Cpl. R. Cogley, L/Cpl. S. Fisher, Cdt. P. Morgan and Cdt. P. Sewell.

The whole team shot very well to win the "B" Division cup by 36 points from Bunbury High School, with a total of 476 out of a possible 600. L/Cpl. Fisher scored 67 out of 75 to be the champion shot of the division.

As a result of this victory, the school will be promoted to the "A" Division.

Finally, we would like to thank the A.R.A. staff who have worked hard to train the cadets throughout the year.

*"I would mount with wings"*

### FIRST TERM, 1956

This year we welcome an addition to strength in the person of Mr. Hoar, who joined as a Pilot Officer to assist Flt. Lt. Adams in his good work.

After an exceptionally good influx of new recruits we had our first parade on March 5.

During the term Cpl. T. E. Edmondson and Cpl. G. A. Le-froy were promoted to the rank of Cadet Pilot Officer. Cadets R. H. Cooke, L. J. Peet and A. A. Guy were promoted to Corporals, while M. D. Brandreth, B. C. Wansbrough and L. M. Lilleyman were made Sergeants. S. M. Williams was promoted to Flt. Sgt.

Throughout the year the usual subjects were taught to the cadets, with the only difference that the C.P.O.s gave the lectures. Plt. Off. Hoar and Flt. Lt. Adams helped with service knowledge, navigation and morse code.

Owing to the atomic crews occupying Pearce in May we were unable to attend a camp. However, the camp was held at the end of 2nd term and all who attended enjoyed it fully.

At the end of 1st term a refresher course was held at School for the C.P.O.s and N.C.O.s. Cpl. Roberts from A.T.C. Headquarters helped with the drill.

---

### SECOND TERM

---

This term was quite uneventful except for the showing of "Sound Barrier" and other general interest films.

Towards the end of term an invitation was extended to all A.T.C. personnel, parents and friends to attend the Trooping of the Colour at Pearce in celebration of "Battle of Britam Day."

On August 10th, Plt. Off. Hoar was promoted to Flg. Off.

---

### THIRD TERM

---

As in previous years, there were no parades this term.

On the evening of October 18 the following boys attended an aptitude test at A.T.C. Headquarters, an exam to select boys for a Flying Scholarship: R. Cooke, A. A. Guy, C. A. Jenour, G. Lefroy, L. Peet and B. C. Wansbrough. We wish them the best of luck.

As a fitting ending to the year, the A.T.C. Athletic Sports will be held at Wesley on November 17. As we are well represented we feel certain of gaining a good position.

## *Shooting*

1955

---

The team had been shooting well in preparation for the annual competition between the Public Schools for the Defence Cup, and hopes were high for another win.

Two Old Boys, K. B. Yelland and A. W. S. Johnson, who had helped Hale win the Cup in 1953 and 1954, were very anxious that the school should retain it in 1955, so they gave up a lot of time to go to Swanbourne to help Mr. Drake coach the team. The members of the team were grateful for their advice and assistance.

The actual competition, however, was disappointing from Hale's point of view.

**A.T.C. OFFICERS AND N.C.O.s, 1956**

**BACK ROW :** L.A.C. R. H. Mazzucchelli, L.A.C. A. V. Fabricius, L.A.C. R. M. Stone, L.A.C. R. N. Clayden, L.A.C. A. G. Forsyth.  
**MIDDLE ROW :** L.A.C. J. G. H. Blake, L.A.C. J. C. Offer, L.A.C. E. L. Rollinson, Cpl. A. A. Guv, Cpl. L. J. Peet, Sgt. B. H. Wansbrough, Cpl. R. H. Cooke, L.A.C. B. E. E. Chapple.  
**FRONT ROW :** Sgt. M. D. Brandreth, C.F.O. I. M. J. Edmondson, C.P.O. P. T. Eyres, P.O. T. D. Hoar, Ft. Lt. E. B. Adams, C.P.O. R. I. Harrold, C.P.O. G. A. Tefroy, Ft. Sgt. S. M. Williams, Sgt. L. M. Lillevman.

We started like champions and after the completion of shooting on the 200 yards range, we were leading with a total of 239 points out of a possible 280.

Then came the 500 yards range.

There was a strong, gusty breeze blowing, which tested the real shooting ability of every team. Being used to calm conditions, we failed badly and even our best shot had trouble in finding the target. Both Wesley and Scotch handled conditions better than we, Scotch finally winning by 8 points from Wesley who finished 14 points ahead of us.

The school's representatives were : M. R. Beech (Capt.), J. F. Carmichael, N. T. L. D'Arcy, P. Eyres, R. Finlay, G. W. Ghent, R. I. Harrold, L. J. Peet.

The Champion Shot of the school was J. F. Carmichael who scored 59 points out of a possible 67.

# Debating Society

*"At every word a reputation dies"*

---

This year has been very successful from the debating point of view. A lively interest was shown by potential debaters in both the senior and junior age groups and there was every indication of there being some really high class debating.

Early in the year R. Cooke, R. H. Mazzucchelli, E. A. Officer and B. C. Wansbrough were elected to the committee and R. Harrold, T. S. Parry, M. R. Beech, W. T. Beckwith, C. J. Addis and J. B. Rowlands were automatically returned for another year of service. P. G. Beckwith, P. D. Drake and I. M. Brumby were also appointed to the committee to represent those partaking in junior debates. Mazzucchelli was elected to the little honoured but hard worked office of secretary.

The big debating feature of the year was the Tournament held by the member schools of the Interschool Debating Federation. The school is a member and, of course, decided to participate.

The first tournament debate was held in the Hall, our opponents being Perth Modern School and the topic "Radio does more harm than good." We were represented by Parry (leader), Harrold and Rowlands who defeated the P.M.S. team by 72 to 70, Hale debating the affirmative. M. Beech chaired the debating and Mr. Simenson was adjudicator. Afterwards supper was served in VIA for teams and "visitors" (found to be a very flexible term covering both guests and some very familiar, non-debating personages).

Our next debate in the tournament was against Methodist Ladies' College at M.L.C. Our team, Parry (leader), Rowlands and Beckwith, debated affirmatively on the topic "Australia's Economic Policy is Sound." Evidently Australia is on the brink of economic disaster, for M.L.C. won. The debating was of a high standard and the supper served was really enjoyable and gratefully received.

Hale's third tournament debate was held in the Hall against St. Hilda's, who took the negative. The team was Rowlands (leader), Beckwith and Parry and was victorious, the points being Hale 72 to St. Hilda's 68. The topic was "The British Commonwealth of Nations is Disintegrating."

Some excellent debating was heard in the debate against Leederville Technical School, but unfortunately the audience was by no means large. The topic was "Compulsory trade unionism is in the best interests of Australia." You can draw your own conclusions but our team had drawn the affirmative and won 59 to 57. Mr. Jenkins adjudicated and supper was served.

Our teams had been debating strongly throughout the tournament and had won their way through to the semi-final where they were to debate against Perth Modern School. This took place at P.M.S., where a very high standard of debating was heard and a very profitable evening spent by all present, especially our team, Parry (leader), Beckwith and Rowlands, who won by the narrow margin of 2 points.

Following this win we were in the position of contesting with Methodist Ladies' College the honour of winning the whole series and so becoming the first school to win the trophy that was to be presented.

The final was held in the Y.M.C.A. centre in Murray Street. A fair audience had been expected, but the size of the one which did assemble was (to the eyes of someone used to debating audiences) colossal. Many debaters from schools other than those partaking had come along, expecting to hear good quality speaking. They were not disappointed. Both teams performed splendidly. The topic was "The United Nations has fulfilled its original aims" and our team, Parry (leader), Beckwith and Rowlands were asserting the affirmative.

One point appreciated by the audience was, I believe, the delightful informality of the whole evening. Everything was very friendly and though speeches of thanks and appreciation were made, and obviously sincerely made, they were still informal.

However, Federation debating did not absorb all our vocal energies for the season. There were other debates, both inter-school and within the School itself.

There was an evening held at St. Mary's C. of E. School, in which both junior and senior teams participated.

The junior team, Drake, Brumby and Mitchell, debated affirmatively on "Christmas is too commercialised" and won. The senior team, Harrold (leader), Wansbrough and Beckwith, lost to the girls while trying to point out to the quite large audience the negative view of the topic, "Politics should be a profession."

An enjoyable supper was served and appreciated. Thank you, St Mary's, for an entertaining evening.

Christian Brothers' College sent along two teams to debate against us on our home territory. Our sub-leaving team, Cooke (leader), Carter and Guy, took the negative view on "The development of the atomic bomb threatens the security of the world" and won. Offer (leader), D. Durston and Peet represented us, affirming that "The White Australia Policy should be abolished" in the senior section but lost to C.B.C. Supper was served in the Boarding House.

A debate was held against Presbyterian Ladies' College in the Hall. There was a very gratifying roll-up of spectators, although it was noticed that very few of them were Haleian. Our team debating the affirmative side of the topic "Radio has done more harm than good," was Harrold (leader), Brandreth and Cowan. They beat their opponents.

There was also a junior and a senior debate held in the Hall against St. Hilda's. The junior topic was "Modern dress needs reform" and our team, Drake (leader), Nattrass and Rae, lost narrowly. They had debated the negative. The senior team, Wansbrough (leader), Beech and Officer, took the affirmative of the topic "Automation is a good thing," but lost by 84 points to 82.

With its mixture of wins and losses (neither of which matter very much) it has been a successful debating year. For this success we thank first Mr. P. J. Smith, who guided us and advised us throughout the season; the adjudicators, who gave up their evenings to come and help us; those who came along to listen; the schools against whom we debated; and everybody else who helped us in any way at all, however trivial it may have seemed.

### MUSIC NOTES AND ART OF SPEECH

At the invitation of the Australian Broadcasting Commission, Mrs. Nottage's music pupils were guests at two schools' concerts held in the Capitol Theatre. The first of these was in April, and the second in July. As these concerts are not only extremely enjoyable but also instructive, the A.B.C. is indeed doing a good job in promoting higher musical tastes in the youngsters of the community.

In music Michael Brown passed two examinations during the year, his preliminary and first grade, gaining a credit in the first grade. He and other pupils are making steady progress.

**SHOOTING, 1955**

BACK ROW : N. T. L. D'Arcy, L. J. Peet, R. A. Finlay.

FRONT ROW : P. Eyres, G. W. Ghent, M. R. Beech (Capt.), R. I. Harrold, J. F. Carmichael.

Under the guidance of Trevor Parry, a small music club was formed. This club has been holding regular meetings, and has formed a quartet, which intends to present several items at the Junior School plays. It is to be hoped that here at last have been laid the foundations of a school orchestra, and that next year even more boys will take a full and active part in the activities of the club.

---

### ART OF SPEECH

Good work has again been done this year by pupils in the Art of Speech class. Several boys took examinations at the University in Art of Speech. Among them were Michael Brown, who gained an honour pass in the preliminary, and Terry Polette, who last year received a letter of commendation from the University in his preliminary, and this year gained honours in first grade. Graeme Miller is taking fourth grade Art of Speech as an extra subject in the Junior examinations.

### *Science Notes*

---

The laboratory year got off to a good start with the appointment of four laboratory cadets. Three of these were from the sub-leaving form: M. D. Brandreth, H. J. Cowan, B. Williams and the senior laboratory cadet, J. B. Rowlands, from the leaving form. In the first term we were glad to welcome Mr. Bennetts, who came to our aid for five months to replace Mr. McCarrey, who left us last year. We were dismayed that Mr. Strahan had to leave us at the end of the first term. Over the past five years, Mr. Strahan has given much valuable assistance and time, both inside and outside the laboratory and we all feel very grateful to him for his untiring work and help.

At the beginning of the second term we welcomed Mr. O'Sullivan who, after being engaged in developmental research at Kwinana Oil Refinery and also in the bio-chemical laboratories at the Royal Perth Hospital, took over from Mr. Strahan. Mr. O'Sullivan, an old boy of Perth Modern School, has shown much enthusiasm, having arranged several science films and a trip to

the Kwinana refinery. This trip took place on the 16th of August and was much enjoyed by all. Unfortunately the only actual oil we saw was in a bottle in the administrative block. However, the tour gave us an idea of the various processes which take place in this immense plant.

When Mr. Bennetts left us, four weeks after the beginning of the second term, Mr. Cole filled the vacancy. Mr. Cole, also an old boy of Modern School, took his M.Sc. degree in mass spectrometry at the University of Western Australia, and worked at Woomera in South Australia on electronic computers.

During the second term B. Williams left and the need for another laboratory cadet was felt. As a result L. J. Peet from VIA was appointed. Apart from the alarming rate of consumption of mercury and the corresponding spate of silver pennies, nothing of particular note occurred in the laboratory. However, former cadets will be overjoyed to know that the store-room tap can now be turned off.

Mr. O'Sullivan has planned an excursion to Wundowie iron works for the sub-leaving forms at the end of the year and the details will appear in next year's "Cygnet." The winner of last year's Physics and Chemistry prize was C. W. Hassell. Late in third term a long-awaited optical bench arrived from England and thus supplemented the much depleted optical facilities of the laboratory. We hope that in years to come the same zeal will be shown in building up the department's equipment.

## HALE SCHOOL v. AQUINAS COLLEGE

---

PLAYED AT KING'S PARK OVAL ON FRIDAY AND  
SATURDAY, 9th and 10th MARCH, 1956

Sinclair, the Aquinas captain, won the toss and decided to bat on a good wicket. Sweeting took a wicket in his first over, but Rigg immediately attacked the bowling. Mound was bowled by Sweeting and Sinclair came in. He set about the bowling in no uncertain manner. Rigg was caught brilliantly by Sweeting off the bowling of Bourne, just when he looked set for a big score. His 29 included 2 sixes. McCormack joined Sinclair and the 100 was brought up in very quick time. Addis came on and, after being hit by McCormack, took his wicket. Sinclair was out soon after when he mistimed a hook and was caught and bowled by Sweeting for a severe 52, including 10 fours. Apart from Martin, the last of the Aquinas batsmen offered little resistance and Cobley finished off the innings with 2 wickets in 2 balls and we had dismissed them for 162.

Lilleyman and Bennett opened for the School and were both dismissed just when they looked like getting on top of the bowling. Beech joined Addis, but was forced to retire when struck on the neck. Sweeting came in and straight away started stroking the ball well. Addis was batting solidly, whilst Sweeting helped to push the runs along. It was not till 101 that Addis was out for 25 when leg-glancing a ball from Rigg. Edmondson came in and settled down and Sweeting brought up his 50 with a pull shot. Martin caught Edmondson at short leg and Beech returned to the crease. Sweeting, in attempting to cut a ball, was caught at point for an excellent 68. This was a very good score, as it was his first Cup match. Beech was out soon after, when McCormack took a brilliant running catch, and apart from Harrold the batting failed and we were also dismissed for 162.

Aquinas began their second innings and immediately scored quickly. Rigg was deceived by Addis when 17 and a short while later Beech had Martin l.b.w. However, Sinclair joined De Vries and together they took the score to 130 before Sinclair was bowled by Bourne for 64. He once again had batted extremely well and deserved his good scores. It was at this stage that the Aquinas batting went to pieces. Beech was bowling well and took 3 wickets in one over. Bourne, bowling at the other end, also was doing well and these two finished with 5 wickets for 25 and 4 wickets for 18 respectively, dismissing Aquinas for 152.

In our second innings, at no stage did we look like scoring the necessary runs. Addis and Beech looked likely to get runs, but they were both dismissed by good catches. Edmondson batted solidly for 14, but apart from McBride, who also scored 14, it was left to the last pair, Bourne and Cobley to block out time. At stumps we had lost 9 wickets for 75. As the result of the tie, both schools received 2 points for the competition.

HALE SCHOOL v. SCOTCH COLLEGE

---

PLAYED AT SCOTCH COLLEGE MEMORIAL GROUND,  
16th AND 17th MARCH, 1956

Beech won the toss and sent Scotch in to bat on a hard wicket.

Hale began well with Bunning, Millett and Waddell all being dismissed with the total only at 1. When Sweeting bowled Halcombe he had taken 3 for 1 and was bowling splendidly. Hale remained in a good position when Beech and Bourne captured wickets to make the score 6 for 29. Booth and Kelly took the score to 60 when Sweeting bowled Kelly.

Partnered in turn by Bateman (14), Aikenhead (3) and Watkins (21), Booth played a fine, fighting innings of 44 n.o. to boost the final Scotch total to 138. Sweeting finished with the outstanding figures of 5 for 23 off 12 overs.

Edmondson and Lilleyman opened for Hale and carried the score to 14 when Lilleyman was dismissed. Addis and Edmondson added 39 in good style before the latter was stumped off MacKinnon. Addis, Beech and Sweeting were full of confidence and between them they took the total to 107. When Bourne went cheaply Hale were in difficulties and Scotch looked to be within striking distance, but Harrold, partnered by Officer, played one of his typical hard hitting innings and when he was dismissed for 31, Hale were all out for 156.

Scotch began their second innings at 3.5 p.m. putting together a neat 25 in 16 minutes before Cobley bowled Millett. Sweeting, in a brilliant burst, dismissed Bunning, Waddell and MacKinnon for the addition of only 8 runs and Hale's chances of an outright win looked bright. Halcombe (18) and Brayshaw (7) held on until Beech had them both out with the total at 72. Kelly was in an aggressive mood and when Waddell declared at 9 for 106 Kelly was unbeaten at 30.

Bowling honours again went to Sweeting, although the whole side fielded keenly.

Having only 35 minutes in which to make 89 runs for an outright victory, which was practically impossible, Hale lost 2 for 11 and thus won on the first innings.

Everyone in the team had contributed in some way to the victory and when we were struggling for runs in the first innings a defeat looked possible and our boys had to produce their best to beat a very determined Scotch College team.

## HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT KING'S PARK OVAL, FRIDAY, AND SATURDAY.

23rd and 24th MARCH, 1956

Perry won the toss and sent Hale in to bat on a firm wicket. Lilleyman was bowled early, but Edmondson and Addis settled down and took the score to 25, before the former was l.b.w. to Perry for 10. Beech came in, and after a quiet start the runs started to mount up, with Addis batting very soundly. Beech looked set for a big score, when, in attempting to hook a short ball from Hawkins, he was caught at mid-on for a hard-hitting 46, which included 8 fours and 1 six. The partnership had been worth a valuable 61 runs. Sweeting settled down quickly, but Addis was out soon after for a solid 27. Sutherland joined Sweeting, who, not long afterwards, was dismissed for a useful 22. Sutherland did not last long, and it was left to Harrold and Officer to consolidate the position. After making 22, including 5 fours, Officer was deceived by a wrong-un from Perry and was l.b.w. Harrold was bowled by Hyde, after batting well for 30. The School was all out for 188 soon afterwards.

Wesley began their innings on Saturday and met with an early setback when Addis beat Lewington with a good return. Cobley was bowling well and he struck a good blow by dismissing Perry for only 2. Vaughan and Calder became associated, but Cobley bowled the former and three balls later he had Hawkins, R. brilliantly caught by Sutherland. Still bowling dangerously, Cobley took another two wickets when he had Calder caught at point and trapped Hyde l.b.w.. Bourne broke through and Cobley had Ullrich caught in slips after compiling an insecure 25. Sweeting finished off the innings with 2 wickets and Wesley was forced to follow on after making only 81. Cobley had bowled very meritoriously to take 6 wickets for 45.

Wesley, batting a second time, looked in danger of an outright defeat when they lost 4 early wickets. Sweeting took 3 of these and was bowling particularly well. Beech had Calder stumped, but Hyde and Perry became associated, before Bourne took Hyde's wicket. Perry, who had been batting very solidly, now began to show more enterprise and he and Ullrich started to score quickly. Addis came on and Perry brought up an excellent century with 2 fours, but Addis immediately took his wicket and soon finished off the innings for 184.

Batting a second time, we needed 78 runs in approximately 45 minutes. Harrold was out in the second over, but Lilleyman and Officer carried the score to 49 at stumps, the latter hitting the ball very hard for 29 not out.

Thus we won the match on the first innings and received 3 points for the Darlot Cup competition.

## HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD, 14th APRIL, 1956

Heavy rain throughout the week prevented a start in this final Cup match on the Friday afternoon and it wasn't until 1 p.m. on Saturday that the game commenced.

Having won the toss, Beech sent Guildford in to bat on a soft wicket. The Guildford openers, Chomley and Crane, looked quite happy in the opening overs, but when the score was 14, Copley clean bowled Chomley. The Guildford captain, Greenham, joined Crane, who was soon dismissed by Copley for 14. Wood, with a very accurate spell of bowling, made scoring difficult and he dismissed Gorringe for 4, the score then being 3 for 28. Only Money of the next four batsmen to be dismissed offered any resistance to the fine spin bowling of Beech and with the score then

BACK ROW : T. M. J. Edmondson, R. N. Clayden, T. G. Sutherland, R. J. H. Wood.  
 MIDDLE ROW : B. H. Bennett, L. M. Litleyman, A. J. Ryan, R. I. Harrold, R. N. Copley, E. A. Officer, R. W. McBride.  
 FRONT ROW : T. C. Sweeting, M. R. Bech (Capt.), Mr. C. P. Davey (Coach), C. J. Addis (Vice-Capt.), T. W. A. Bourne.

at 7 for 62 Hale were on top. Sweeting came on again and in a very fast over he bowled Greenham, who had been the sheet anchor of the Guildford team. Beech, who was now unplayable, took the last two wickets in his next over and Guildford were all out for 66. Beech had bowled extremely well to get the phenomenal figures of 6 for 12.

Needing only 67 runs to win, Hale started their innings at 3.5 p.m. and the openers were content to defend against the accurate bowling of Dawes and Money. With the total at 4, Edmondson was unluckily run out and Sutherland joined Lilleyman. Both were back in the pavilion with the score only at 16. Although there was plenty of time, Hale were struggling for runs and with the score at 3 for 16 Guildford were still well in the game.

Beech and Addis became associated and set about retrieving the position for Hale School. They began to hit the bowling and it was not long before the total was in the sixties. Beech, batting brilliantly, hit the winning run that gave Hale School the Darlot Cup for the first time since 1950. Beech was eventually dismissed by Money for 61. Sweeting was dismissed cheaply but Addis, who had been batting with Beech, kept on scoring freely and was out to Crane for a valuable 38. With the pressure now off Harrold and Officer scored freely to take the score to 6 for 165 when stumps were drawn.

Michael Beech must be congratulated on his very fine all-round performance and on captaining a winning Darlot Cup team.

This year the School side played as a team throughout the season. Every member earned his place, the fielding being particularly keen. The batting and bowling, although not brilliant, were very sound and it was due to this team effort that we were able to regain the Darlot Cup.

### AQUINAS MEETING

On the commencement of school this year a small squad of boys resumed their training at Crawley Baths under Mr. Altorfer and Mr. A. M. Dickson, who had volunteered his help in Third Term, 1955.

It came as a great disappointment to our boys when the School Swimming Sports and later the "Inters" were cancelled owing to a polio epidemic.

However, on March 7, a Hale team swam against Aquinas in an invitation meeting held at Aquinas. Conditions were excellent and some very good times were recorded.

Aquinas proved slightly the stronger, narrowly defeating us by 112 points to our 100.

Competition was keen and even all morning, and at the end of the meeting our boys amply showed their appreciation of the lavish morning tea supplied.

It is of interest to note that D. Gordon's time for the 100 metres under 15 freestyle was 4.9 seconds faster than the Hale School 100 metres under 15 freestyle record, and 2 seconds faster than the Hale School 100 metres under 16 freestyle record. Also, A. MacDermott swam the 50 metres under 16 backstroke event 0.9 seconds faster than his own Hale School record for this event.

In congratulating Aquinas, we must also thank them for their hospitality and the efficiency with which the meeting was conducted.

## SCHOOL CHAMPIONSHIPS

This year the School Championships were held on November 14 at Crawley Baths in ideal conditions. The age groups of competitors were taken as at the 28th February this year. The champions for the various age groups were as follows :

School Open Champion—W. St. C. Brockway.

Under 16 Champion—A. P. MacDermott.

Under 15 Champion—R. C. Hopkins.

Under 14 Champion—C. B. Tully.

Under 13 Champion—K. E. Sweeting.

The final House points for the competition were :

WILSON	---	---	---	---	---	107½
BUNTINE	..	---	---	---	---	74½
SCHOOL	..	---	---	---	---	70

In recognition of his services to swimming, Brockway has been appointed Captain of Swimming for 1956.

### HOUSE SWIMMING

The School Sports were held on the morning of November 14. Early on, the points were evenly spread, but it soon became obvious that Wilson House, with strong Open and U/16 Divisions, would run out winners. This they did, and they defeated Buntine House by 35 points, with School House half a point away in third place. Good performances were recorded by Walter Brockway and Adrian MacDermott.

Final points were: Wilson House, 107½; Buntine House, 72½; and School House, 72.

Result of Inter-House Swimming, 1956:

Wilson House	----	----	----	----	----	1
Buntine House	----	----	----	----	----	2
School House	----	----	----	----	----	3

## Boxing

*"They fight, nor dread a mortal wound"*

---

Our 1956 School Boxing Tournament was held on August 9.

There was a full house, boosted by swarms of small boarders who much preferred the boxing to their usual prep. However, the visitors, mainly parents of the competitors, seemed to be enjoying themselves very much. The standard of boxing was exceptional, especially in the over 9 stone division, and there turned out to be a few surprises in the later fights.

In previous years, we have acquired the habit of hiring a stage and ring from the Amateur Boxing Association, but this year, for the first time, we used our own patriotic blue stage.

Just before interval, our coach, Mr. D. Ryan, provided us with an exhibition bout between two of his former pupils, one a State welterweight champion, the other, the heavyweight champion of Guildford.

All the bouts were very fairly refereed by Mr. H. Matthews, and the competitors were seconded, as always, by the School Prefects.

The climax of the evening was the School Championship, over 11 stone division, between R. Harrold and D. Cannon. Harrold's superior endurance and strength finally overwhelmed Cannon's science, and the fight was ended in the second round, when Cannon went down, completely exhausted by Harrold's consistency. Ross Harrold was declared School Champion. This was the most spectacular fight of the evening.

The results of the tournament are :

- 4 Stone to 5 Stone Division : Male defeated Van Der Heeg.
- 5 Stone to 5 Stone 7 Division : Barker defeated Patterson.
- 5 Stone 7 to 6 Stone Division : R. Lee Steere drew with Groom.
- 6 Stone to 6 Stone 7 Division : Donaldson defeated Readhead.
- 6 Stone 7 to 7 Stone Division : Dowden defeated Scott.
- 7 Stone to 7 Stone 7 Division) : Palmer defeated Lockyer.
- 7 Stone 7 to 8 Stone Division : Gibson defeated Brown.
- 8 Stone to 8 Stone 7 Division : Morgan defeated Woolhouse.
- 9 Stone to 9 Stone 7 Division : Collins defeated Jefferis.

9 Stone 7 to 10 Stone 3 Division : Ryan defeated Guy.

10 Stone 3 to 11 Stone Division : McBride defeated Sellenger.

Over 11 Stone Division : Joel defeated Marsh.

School Championship : Harrold defeated Cannon.

After this the ring was left erected for the Inter-School Boxing Tournament between Wesley, Guildford, Scotch and Hale, which was held the following week.

The Inter-School Boxing Tournament was held on Thursday, August 16. The Hale boys put up a good performance against the stiff opposition in these tournaments and no winning side was declared.

The boys from Hale who competed with those of other schools were : Collins, Donaldson, Dowden, Gibson, Joel, Male, Morgan, Palmer, Scott, Sellenger, Woolhouse.

*"A bark to brook no mighty sea"*

Immediately after the athletic season had ended in third term last year, rowers commenced activities at the University Boat Club. Boys interested in taking up rowing began to attend for preliminary slips practice. A committee of experienced oarsmen was appointed to supervise training, and, together with members of last year's crews, they gave the newcomers this practice.

A feature of the season was the introduction of invitation inter-school races, which provided interest and experience for the rowers. Until this season college crews were not allowed to compete against each other before the day of the race, but the change proved successful and it is to be hoped that schools will continue to hold invitation races.

Aquinas College invited as many Hale crews as could be mustered to compete at their school regatta on November 5, and so we sent an eight and two fours. One four was successful but the other crews were defeated. However, the first crew rowed very well to finish close behind the Aquinas crew of the 1955 Head of the River.

Our hosts provided a wonderful afternoon tea, and after the Hale boys had made the most of it (in the fashion of Hale boys) they protested that their heavy stomachs would handicap them in the races! The regatta was most successful and we spent a very enjoyable afternoon.

Even before school commenced for the new year, senior rowers were back on the river for light training. The boats were shifted from the University boat shed into the half-completed Hale School boat shed, and training was continued in these much more roomy, though not yet more comfortable, quarters.

Soon after first term began, a practice eight was being used for preliminary training for a tentative first eight, which was later to be much altered. Unfortunately, none of last year's first eight returned for this year, and only four boys returned from the other crews. So the crew had had little experience. Younger boys were practising keenly in fours.

After a time, a second eight was chosen, and the two eights began immediately to practise together under the guidance of Mr. Rosser, who, this year, was without the help of Mr. Trouchet.

Mr. Murphy supervised the training of the younger rowers and soon had another eight in use for prospective members of the third four. Mr. Murphy carried on the training of the four and of other boys through the season, and we are very grateful for the work he put into this and into organisation at school and at the shed.

The first eight moved into the racing eight after several weeks in a practice eight, though at this stage the crew was still unsettled.

The school Regatta was held at the Boat Shed on the morning of the 24th March. The programme was longer than usual, with inter-school invitation races for the second eights and reserve fours as the feature events. Hale crews were successful in both races. Composite fours rowed in heats during the morning, and the final resulted in a draw between : G. Lefroy, J. Macaulay, R. Thompson, T. Hawker and J. Wood; and M. Staines, W. Marsh, B. Williams, R. Burges and G. Binks. Thus concluded a very successful and entertaining Regatta.

Wesley College extended an invitation for an eight and a four to compete at their Regatta on the 28th of March. We were successful against the Wesley and Guildford eights, but our four was narrowly defeated. An excellent afternoon tea was provided, and once again all had an enjoyable afternoon.

Training resumed, and the crews benefited from Mr. Rosser's use of his speed boat and from several rows with the King's Cup crew. After Easter the school crews took part in the "Legion of Oarsmen" exhibition row, and an indication of the strength of the other school crews was given here.

As usual, Mr. Rosser and Mr. Prater visited the school on the Friday morning before the race for the Rowers' Assembly.

The crews occupied front seats in the hall while Mr. Rosser addressed the school and Mr. Prater presented the megaphones to the coxes. Mr. Murphy thanked Mr. Rosser for his work and wished the crews success.

The efforts of the coaches and the boys were rewarded when the school was once again successful in the Head of the River.

The second eight and the four rowed very well but were not quite good enough to win.

The school crews were:—

#### FIRST EIGHT

T. W. Hogan (Str.), H. C. Roberts (7), S. M. Williams (6), R. F. Buhler (5), G. A. Roe (4), R. H. Cooke (3),

D. P. Durston (2), D. G. K. Cannon (bow), R. W. Devenish (cox).

## SECOND EIGHT

R. Binks (Str.), C. B. House (7), R. C. Redford (6), K. M. Venn (5), R. M. Hester (4), W. F. Marsh (3), G. A. Lefroy (2), G. T. Friend (bow), J. H. Wood (cox).

## FOUR

A. B. Jeanes (Str.), J. B. C. Macaulay (3), R. H. Mazzuchelli (2), P. H. Stewart (bow), I. W. Ward (cox).

Our sincere thanks go to Mr. Rosser and Mr. Murphy, who coached the crews untiringly, and to Mr. Binks, who helped Mr. Rosser through the season.

## HEAD OF THE RIVER

(By "Stroke")

---

In ideal conditions the Head of the River was rowed on the morning of April 28.

This year a new system was adopted for the starting of the race. The crews lined up fifty yards behind the starting buoy, towards which they were instructed to move in line. This method proved successful as it avoided the delay of previous years. Another improvement was the prevention of boats other than the umpire's launch from following the race.

Hale had drawn the middle lane, and this gave us a slight advantage over the other crews.

All crews got away to a good start, and Hale took the lead in the first hundred yards, with the other four crews following closely. We lowered our rating to that of Scotch, and then settled down to powerful rowing which increased our lead.

Aquinas, after an initial burst, became ragged and proved no match for the other crews for the remainder of the race.

Guildford and Wesley nearly collided soon after the start, but, by the quarter mile mark, they had settled down to follow closely Scotch and Hale. But at the half-mile mark it became evident that the race was going to be a fierce duel between Scotch and Hale.

As the crews were approaching the brewery, Scotch repeatedly attacked Hale, and finally gained a lead of a quarter of a length. We had tried to hold them off, but, at this stage, they appeared the better crew. We were rowing stroke for stroke with Scotch with a quarter of a mile to go, and we reduced the gap until we were inches behind, then level, and then inches in front. Two hundred yards from the finish, we raised our rating to gain a greater lead, but Scotch hung on and at the gun were again overtaking us.

The margin of victory was two feet and one of the smallest in the history of the event. Guildford was third, and Wesley fourth, and the time, 5 min. 34½ secs., was slow owing to "dead" water.

This was the sixth successive win for Hale, and thus we have equalled the record for successive wins, held by Aquinas.

The placings of the crews in the other races were as follows :

Second Eights : Scotch College, 1; Guildford Grammar School, 2; Hale School, 3; Aquinas College, 4; Wesley College, 5.

Third Fours : Guildford Grammar School, 1; Hale School, 2; Scotch College, 3; Aquinas College, 4; Wesley College, 5.

### HOUSE ROWING, 1956

---

The House Rowing was held on the School Rowing Regatta Day. Wilson House and School House were considered to have the best chance of winning, and critics proved right when Wilson House defeated School House by a clear length, with Buntine House a further two lengths away in third place.

The winning Wilson House crew was : T. W. Hogan (Stroke), R. F. Buhler (3), G. A. Lefroy (2), D. G. K. Cannon (Bow), R. W. Devenish (Cox).

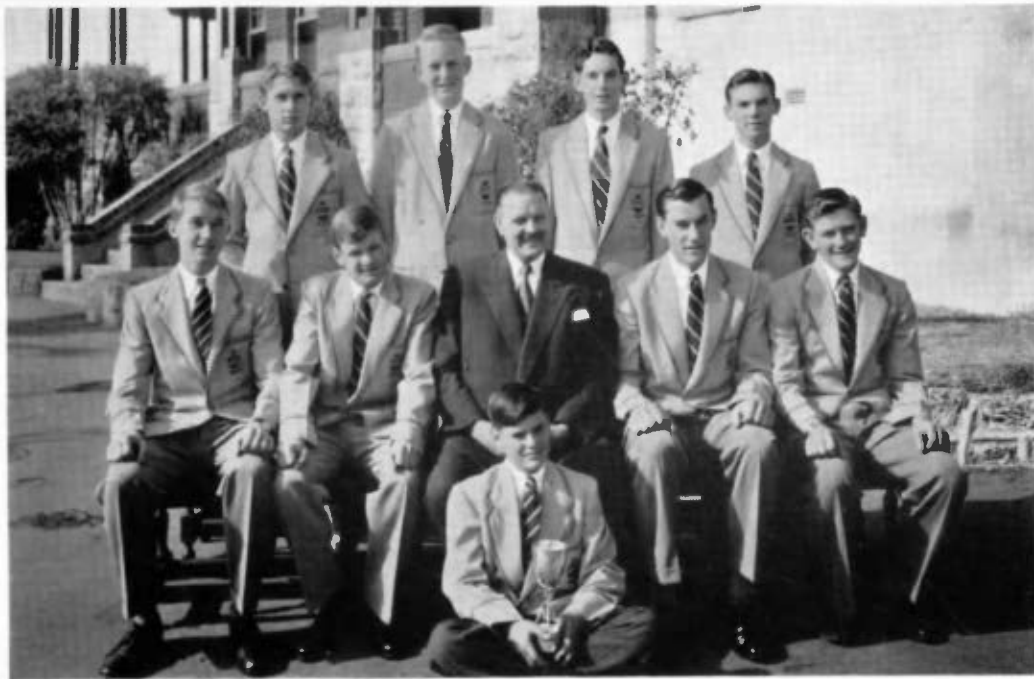

Congratulations go to Wilson House on winning the first Inter-House competition for 1956.

### ROWERS' DANCE

---

This year the Rowers' Dance, held on the night of the boat race, was made even more successful by the fact that it was held in our own boat shed, newly christened Cygnet Hall, a "home" of

**ROWING, 1st VIII — HEAD OF THE RIVER, 1956**

**BACK ROW :** D. G. K. Cannon (Bow), G. A. Roe (4), D. P. Durston (2), R. H. Cooke (3).

**FRONT ROW :** S. M. Williams (6), T. W. Hogan (Stroke), Mr. Gra Rosser (Coach), H. C. Roberts (7), R. F. Buhler (5).

**IN FRONT :** R. W. Devenish (Cox).

which we could be justly proud. Though the exterior was made less impressive by the scaffolding, the inside of the dance hall was colourfully decorated and proved an excellent venue for the dance.

The Head of the River victory was celebrated by the rowers, the coaches and senior boys.

Terry Hogan presented Mr. Rosser with an inscribed fountain pen on behalf of the appreciative eights, and the four similarly expressed their thanks to Mr. Murphy.

Our thanks are due to parents who provided such an excellent supper, and to those who helped on the night.

A most enjoyable evening was a wonderful finish to a very successful season.

### OPENING OF BOAT SHED

---

In recent years there has been an increasing interest taken by the Hale School boys in rowing. A great amount of success has been achieved in this branch of sport, and it became essential for the school to have its own rowing shed. Plans were made, and the dream was realised on April 25, when Hale's Boat Shed was opened.

A good representation of masters, parents and boys was present and watched while Devenish, the cox of the First Eight, hoisted the school flag to the builder's scaffolding. The Headmaster, who chaired the gathering, briefly outlined the growth of rowing in the school and the consequent need for the present shed. He commented on the construction of the shed, and then presented to Mr. Rosser, the rowing coach, a silver trowel as a memento of his having laid the foundation stone some months before.

After Mr. Rosser had addressed the gathering, Mr. J. Hingley, the President of the Old Boys' Association, told of the Old Boys' interest and part in the construction of the Boat Shed. The shed was then officially opened by the Hon. Leslie L. Craig, the Acting-Chairman of the Board of Governors, who said that "Cygnet Hall," as the shed is named, was unequalled in Australia.

Afternoon tea was served, and to terminate the day's ceremonies, the school crews rowed past.

"Cygnet Hall" is an imposing, sturdy structure, which fulfils two purposes: the lower floor houses the boats and rowing

facilities, while the upper storey provides facilities for social occasions. A feature of this upper floor is the open balcony which overlooks a wide expanse of the Swan River.

Tribute must be paid to those who have been responsible in any way for the construction of the building. In particular we stress our appreciation of the fine work done by Mr. K. Rosenthal, the architect, and also the work done by the builders, A. T. Brine and Sons. The building itself is sufficient tribute.

With the practical and commodious facilities that "Cygnet Hall" provides, rowing in Hale School cannot but flourish.

## *School Sports*

---

This year the school sports were held on Wednesday, 3rd October. Although we had a perfect day, a stiff wind during the afternoon prevented any records from being broken in flat events. However, we must congratulate John Collins on breaking the Under 14 high jump record with a leap of 5ft. 1in.

The champion athletes in the various age groups were :

Open, P. Eyres; Under 16, R. McBride; Under 15, W. Urquhart; Under 14, J. Collins; Under 13, J. Stawell.

As usual, a large number of standard trials were held and points awarded for them. These points were adjusted according to the number of boys in the Houses and then reduced proportionately to make the total of standard points two-thirds of the sports day points.

The House results eventually were :

	Sports	Standards	Total
1st : Wilson .....	260	100	360
2nd : Buntine .....	136½	98	234½
3rd : School .....	91½	127	218½

## HOUSE ATHLETICS, 1956

Athletics training began early in third term, all boys having to record some Standard Points for their House.

School House gained an advantage over Wilson House in the Standard Points and they must be complimented on their all-round strength. However, on the Sports Day, Wilson House overwhelmed both Buntine and School and gained an easy victory. Buntine, who had been in third place after the Standard Points, defeated School for second place.

Points gained were :

	Wilson	Buntine	School
Standard Points .. ..	100	98	127
Sports Day .. .. .	260	136½	91½
Total .. .. .	360	234½	218½

## *Interschool Sports.*

---

The 1956 Interschool Athletic Sports were held on Saturday, 27th October, on the familiar W.A.C.A. Ground.

As there had been little rain in the preceding six weeks, the ground was fairly firm, and the track in its best condition for several years. Thus, it was a good day for the recording of exceptional times, and the day being fine and warm, both competitors and spectators, no doubt, enjoyed themselves.

Our team had trained very well under the guidance of Mr. Frank Bird and Mr. Geoff Christian, two old boys of the school, and all members were fit and keen to surprise their opponents on the big day. Parry was appointed Captain of Athletics, and he performed his task ably.

Early in the day, the order was Aquinas, Hale and Wesley, but towards lunch, Wesley, with a well balanced team studded with star athletes, soon began to overhaul Aquinas, and held the lead thereafter. We must congratulate Wesley on her second successive win.

Those who performed exceptionally for Hale included Parry, who with three seconds, was unofficial open champion, Eyres, with two wins, Vanzetti and Brandreth, all in the open division. In the under 16 division, Chapple gave a fine exhibition of hurdling; in the under 15 division Treadgold ran well, and the relay team did particularly well to gain second place. In the under 14 division, Collins and Groom ran brilliantly, as did the relay team, and Stawell in the under 13 division.

Thanks from the team go to Mr. Bird and Mr. Christian, to Mr. Davey for his help in the jumping and hurdling, and to Mr. Corr, who again managed the team well. Also the team should thank the Subiaco City Council for making Rosalie Park available for training.

The final points were :

Wesley	289
Aquinas	244
Scotch	222
Hale	208
Guildford	137

## *Hockey*

*"This ruthless . . . butchery"*

---

In an election at the beginning of second term, 1956, N. Vanzetti was elected Captain of Hockey, and M. Brandreth, Vice-Captain.

Practices started towards the end of the first term and were held twice a week. At this stage the turn-up was poor, but it became better as the season wore on.

A list of players and potential players, compiled at the beginning of second term, revealed many new players, some of whom were to distinguish themselves later on.

Mr. A. Strahan did a great deal for Hockey in organising the practices and transporting the boys in first term. After Mr. Strahan's departure, late in first term, Mr. F. Longley took over and organised most of the matches and practices for the season.

Also, Mr. Marshall, Secretary of the Old Haleians' Association, took part in coaching the boys.

As one can possibly see from the results, we have not had a marvellous succession of wins, but in most matches the interest, and even enthusiasm, was there.

Hale School, at the moment, has no official hockey ground of its own, and in the hockey season, the boys practiced on the Hale School football fields. We do hear, however, that they are beginning the slow process of rolling out a corner of the "oval" for us to practise on.

Every match was played away from school, and several boarders participated in the numerous Saturday afternoon matches. Many social matches were played by the 1st and 2nd XI. Among the opponents were St. Hilda's, M.L.C., Perth College, John Curtin High School and Kent Street.

The following boys played regularly in the 1st XI: N. R. Vanzetti (Capt.), M. D. Brandreth, E. L. Rollinson, A. E. Williams, D. K. Woodroffe, B. S. Joel, R. Buhler, R. Binks, A. Forsyth, B. Chapple and J. Fabricius.

A full account of the matches, dates, scores and best players for the 1st, 2nd and 3rd XIs is listed below.

*"Advantaging . . . with interest"*

After several years of "drought," the tennis at Hale School is improving and this season has proved very successful.

The School Tournaments were begun early in the third term, so that any potential Hoads could show their form before the Inter-School series.

"Dark horse" Stewart Graham caused an upset when he defeated seeded Ross Harrold in the semi-finals, and he is to meet last year's winner, Clem Addis, in the final.

The other finals decided are :

OPEN DOUBLES: Clem Addis and R. Harrold defeated S. Graham and R. Cobley, 6-3, 6-0.

UNDER 15 SINGLES: P. Nattrass defeated W. Urquhart, 7-5, 7-5.

UNDER 15 DOUBLES: W. Urquhart and P. Nattrass defeated R. Pearce and R. Smith, 6-4, 6-3.

In preparation for the Inter-School series, Mr. Mill, the coach of the open team, arranged matches against Christian Brothers' High School and also Perth Modern School. These games gave the team valuable match practice and in the first round of the Inter-School competitions, we triumphed over Aquinas College by 5 rubbers 10 sets 69 games to 1 rubber 2 sets 42 games.

Addis lost to Kilderry, 5-6, 4-6; Harrold defeated Spencer, 6-5, 6-5; Graham defeated Maslin, 6-5, 6-2; Beech defeated Sinclair, 6-1, 6-2.

Harrold and Addis defeated Kilderry and Spencer, 6-4, 6-2.

Graham and Cobley defeated Maslin and Sinclair, 6-3, 6-1.

This win boosted the morale of the team tremendously for the next game against Scotch College at School.

We were disappointed at having to play on bitumen courts but, surprisingly enough, everyone seemed to play much better on the hard surface and we again won five out of the six matches. Hale, 5 rubbers 10 sets 65 games, defeated Scotch, 1 rubber 3 sets 43 games.

Addis defeated Watkins, 6-1, 6-2; Harrold defeated Ockerby, 6-1, 6-4; Graham defeated Smythe, 6-0, 6-1; Beech defeated Rigg, 0-6, 6-4, 7-5.

Harrold and Addis defeated Watkins and McKinnon, 6-3, 6-4. Graham and Cobley lost to Ockerby and Smythe, 2-6, 2-6.

The final match was against Guildford, and although we did not have to beat them, as we had already won the competition, we defeated them very easily. Guildford failed to win a set in the six rubbers.

Hale, 6 rubbers 12 sets 72 games, defeated Guildford, 0 rubbers 0 sets 35 games.

Harrold defeated Scott, 6-3, 6-3.

Addis defeated Watson, 6-4, 6-5.

Graham defeated McIntyre, 6-2, 6-2.

Beech defeated Chomley, 6-4, 6-0.

Harrold and Addis defeated Scott and Watson, 6-3, 6-4.

Graham and Cobley defeated Chomley and McIntyre, 6-3, 6-2.

Mr. Mill must take a great deal of the credit for our team's excellent showing. He was enthusiastic and did not spare himself in his attempts to demonstrate how to play the game. "Use your head" was one of his favourite sayings and this piece of advice was of great help to all of us.

This is not merely a formal note of thanks, it is a sincere tribute by those boys in his team for the earnest way in which he has coached them throughout the third term.

No-one can say that there are any outstanding players in the team, but with Mr. Mill's catching enthusiasm, they have built themselves into the strongest team in the Public Schools.

Whilst the School tennis team was playing in the Open Competition, an Under 15 Competition was also held. Our team trained hard and looked likely to finish third.

#### Results :

Aquinas, 3 rubbers 8 sets 68 games, defeated Hale, 3 rubbers 6 sets 60 games.

Hale, 5 rubbers 10 sets 72 games, defeated Scotch, 1 rubber 2 sets 30 games.

**TENNIS, 1956**

BACK ROW : S. J. Graham, R. N. Cobley, M. R. Beech.

FRONT ROW : R. I. Harrold (Capt.), Mr. M. W. Mill, C. J. Addis (Vice-Capt.).

Wesley, 4 rubbers 9 sets 68 games, defeated Hale, 2 rubbers 4 sets 48 games.

Those who played in the team during the season were : Natrass, Urquhart, Smith, Robinson and Thompson. Mr. O'Sullivan was an enthusiastic coach.

### HOUSE TENNIS

House Tennis was begun early in 3rd Term, School House looking to have a good chance.

In the first match, School House had an easy victory over Buntine House, defeating them by 6 rubbers to nil.

Results : School House, 6 rubbers 12 sets 73 games, defeated Buntine House, 0 rubbers 0 sets 30 games.

Addis defeated Harrold, 6-4, 6-1.

Graham defeated Edmondson, 6-1, 6-1.

Cobley defeated Woodroffe, 6-4, 6-4.

Morgan defeated Loader, 6-3, 6-3.

Addis and Morgan defeated Harrold and Woodroffe, 6-1, 6-0.

Cobley and Graham defeated Edmondson and Ferguson, 7-5, 6-3.

School House also proved too strong for Wilson House, thus winning the Tennis. They had a very even team and were capably led by Addis.

Results : School House, 4 rubbers 8 sets 65 games, defeated Wilson House, 1 rubber 4 sets 39 games.

Addis defeated Beech, 5-7, 6-0, 6-2.

Graham defeated Bourne, 6-0, 6-1.

Cobley lost to Williams A., 4-6, 6-8.

Morgan defeated Natrass, 2-6, 6-4, 6-1.

Final placings for Inter-House Tennis : School House, 1st; Wilson House, 2nd; Buntine House, 3rd.

*Crusader Union**"Earnest in the service of my God"*

---

This has been a very memorable year for the Crusader Union. The meetings which were held each Friday lunch time were extremely well attended, a number of boys having to stand for want of seating accommodation.

Mr. John Deykin was the leader of the meetings for the first two terms, but during third term, the meetings were run by the senior boys. We are extremely grateful to Mr. Deykin for the time and energy he put into the work at Hale School. Two films were shown during the year, they being "Prior Claim" and "Tomorrow's World." We are grateful for the loan of the Lecture Theatre on these occasions.

The highlight of the year was the school function, held in second term, and entitled "Crusader Week." As details of this function are contained elsewhere, we would like to pay a tribute to Mr. Colin Becroft, who was the speaker, and who was an inspiration to us all. The mission week was well attended and greatly assisted the efforts of the Crusader Union.

After the mission, a series of talks was given at the lunch-time meetings. It was entitled, "God and My Work." Some of those who spoke to us on this subject were: Dr. A. Wilson, a geologist; Mr. G. Forward, who is in the oil industry; Mr. W. Korn, a farmer; and Mr. Billing, a former major in the Indian Army, and now secretary to a private investor. The series was most interesting.

Late in second term an evening was arranged for the boarders at the home of Dr. Stokes. Everybody thoroughly enjoyed himself and it was decided to hold a similar meeting in third term, but a suitable date couldn't be found. Our thanks go to Dr. Stokes for his hospitality.

As usual, a camp was conducted in the second term holidays, this time at Garden Island. A good number of Hale boys attended and enjoyed the camp very much. Two camps are arranged for the Christmas holidays at Garden Island, and we hope to see a good number of our boys there.

In all, the year has been extremely successful, and we hope that the interest of the boys of the school will continue next year, and so maintain the work of the Crusader Union, which so many acknowledge as playing a vital part in the life and well-being of Hale School.

THE SCHOOL MISSION

---

During second term, from July 2nd-8th, a notable school function was what was known as "Crusader Week." The week consisted of a series of lunch-time addresses under the title of "God and Us." The meetings were held in the hall and the guest speaker was Mr. Collin Becroft, M.A., an old boy of Auckland Grammar School, who came from Sydney for the meetings.

The first meeting, on the Monday, was very well attended. The Headmaster chaired the meeting and Mr. Becroft's subject was, "If God wanted us to be good, why ever did He make us as we are?" On the Tuesday, Michael Beech chaired the meeting and Mr. Becroft spoke on the topic, "God founds a great Public School." The Wednesday subject was, "God enters the ring," and the chairman was the school chaplain, the Rev. Allan Macdonald. Warren Beckwith was the chairman for the Thursday meeting and the title of Mr. Becroft's address was the quotation from Francis Thompson's "The Hound of Heaven," — "Halts by me that footfall." At the final lunch-time meeting, which was chaired by Mr. Marshall, Mr. Becroft spoke on the subject, "Duty — home, church, school, society." On the Saturday night, there was a social evening for the fifth and sixth formers. There were some rollicking games and also a good time of questions and discussion.

As a fitting close to the mission week, a service for boys and parents was held in St. Mary's Church, West Perth. The sermon was given by Mr. Becroft and his title was, "Thinking things through."

Our very sincere thanks go to those who arranged the week for us, and in particular to Mr. Becroft for the leading, he gave to us to "think things through." The week was successful and the occasion one which was the first of its kind in any Australian Public School. It is to be hoped that it will not be the last.

### LES MISERABLES

Each day you see them; that grim line  
 Of soft-hearted, hard-working little men,  
 Who make no noise, but pad around the  
 School all day, in their casuals and brown brogue shoes;  
 Just teaching boys  
 And slinking into the common room at break  
 Hungrily to devour biscuits — and boarding house tea  
 Behind a man-made smoke screen.

Their conversation centres mainly on  
 The scientifically established fact  
 That boys must be boys;  
 And they cast furtive glances towards the  
 Shattered and be-cobwebbed canes,  
 Which lie rotting in the corner,  
 Amidst a pile  
 Of caps and tennis balls, and red books  
 In all their Durex-betaped-up glory.

In the dingy light, you may see them there  
With their gnarled backs toward the window,  
Plotting out ways and means  
Of straightening out boys' twisted minds.  
The young ones sit there, listening,  
Amazed, stupefied,  
In their mouldy green-grey, chalk-stained  
Dustcoats — dreaming.

### ACCIDENT PRONE

I don't court disaster, I don't welcome pain,  
I try to avoid them but always in vain,  
For over and over and over again  
I get hurt.

In football, I play forward pocket or ruck,  
I go up for a mark and fall down in the muck,  
The next thing I know is "Gee! feller, bad luck!"  
It's me — hurt!

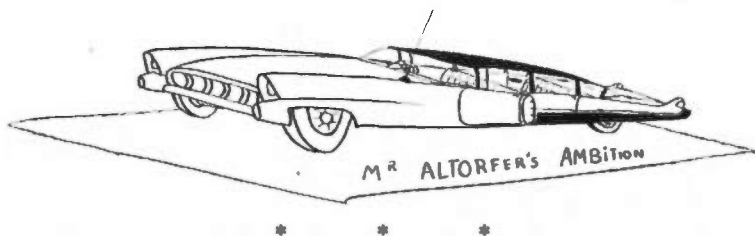

In cricket, I like to field close to the bat,  
But knowing my weakness, I have to quit that,  
As I go into change, I fall over the mat  
And get hurt.

My choice in athletics is high jump or none,  
Although I think long distance running more fun,  
I'm afraid at the start — I'd get shot by the gun,  
I'd get hurt.

At one time I thought I'd be quite safe in bed,  
But if a buzzy mosquito encircles my head,  
I lash out to hit it, hit brick wall instead,  
To my hurt.

That I'm easy to rear I can never pretend,  
I'm easy to break and expensive to mend,  
My parents think now every 'phone call's the end,  
I've been hurt.

### WOMAN IN THE WORKSHOP

Gentle tappings tinkled in the early morning and blended softly with the cooing of doves in the everlasting oaks, which in turn harmonised with the murmur of housewives' voices over innumerable pine fences:

It was a Saturday morning, and many a husband was huddled in the peaceful sanctum of his workshop — hence the gentle tappings. What a joy it was to be in this mechanical seclusion! How free and pleasant to revel among the chisels and shoe tacks! A husband's delight, to tinker and tamper, glue, mend and make!

Mr. Whyte was the most ecstatic of all ecstatic spouses this Saturday morning — his wife had gone to visit some wealthy aunt who was likely to die at any minute. He was happy, because one thing a husband cannot abide, is a woman in his workshop. He tapped away happily, and even smiled. The doves continued to coo.

Suddenly there came to his inattentive ear the sound of another tapping, followed by a shrill "paroquettish" shriek, "May I come in?"

The question had not been answered when a strange being tripped lightly over the jarrah planks and up to his side. It was a woman.

"Would you care to give a few shillings to the Lady Lyons Bowels' Knock-kneed Fellows' Fraternity?" she screamed.

He tried to smile.

"I'm sorry, but my wife's the only knock-kneed person in this house, apart from the canary, and she's not home."

"But don't you think . . . . ."

He replied in the negative and put her outside the door where she fell into the septic tank and died. The sound of housewives' murmurings moved melodiously over the pine fences and the husbands kept on tapping.

Mr. Whyte had just recorded his first score for the morning, and settled down to his work, when another person of a sex other than his own, entered, also tripping lightly over the jarrah planks. It was Mrs. Orpington.

"Ullo, Mr. Whyte," she gabbled. "Ow's your slumbago? My corns are killing me. Do you think I could borrow two hegs? Our chooks just won't lay."

Mr. Whyte had long ago formed the opinion that Mrs. Orpington's fowls were roosters. He smiled savagely, replied in the negative, jumped on her corns, deflated her floating kidney and flung her out of the window. The score was two.

So the morning progressed with little light deviations from time to time. The doves cooed ferociously and the murmurings of the housewives over the innumerable pine fences became fanatical.

But suddenly the tragic event happened. Mrs. Agnes de Poudang passed by his window. Now Mrs. de Poudang was the local socialite, who was irrepressible — all husbands found it impossible to exterminate her. Mr. Whyte ground his teeth to powder and determined to succeed.

"Oh, Mr. Whyte," she cooed with the doves, "I simply MUUSST tell you about Mr. Flitter. You'll just NEEVER believe it!"

He smiled satirically and gave her a sting in the tail with his steel rule. She spluttered on: "The other night I saw him with . . . ." She babbled on while he clamped her tightly in the vice and began to plane off her eyebrows. She wouldn't stop. He battered her head with the hammer — that was to no avail. He removed her false teeth and dipped them in the glue-pot. How he hated a woman in his — HIS workshop. How this woman loved to talk!

"And then, after she said that he siimply . . . ." Mr. Whyte sawed off her right leg and chiselled pieces out of her ear. He slapped her savagely in the face with a shaving. But still she chatted on. He bored holes in her back and shaved her head with shears, then painted her purple all over. It was hopeless. He must escape this woman who had intruded into his privacy, robbing him of his mental ease in his own salubrious workshop. With amazing dexterity, he plastered her with putty, put her in clamps, and fled from his shed.

Rushing into the kitchen, he found to his horror that his wife had retired early, and was baking some pies. She glared at him. How dare he trespass into her domain when she wasn't allowed

in his ! Gnashing her teeth, she rushed at him, enveloped his face in pastry, rolled him out on the table, filled his mouth with currants and sultanas, and put him into the oven. A woman can't abide a man in her workshop !

Dusting her hands, she joined the murmuring housewives at the innumerable pine fences, while the doves cooed softly in the eternal oaks.

## BOATS

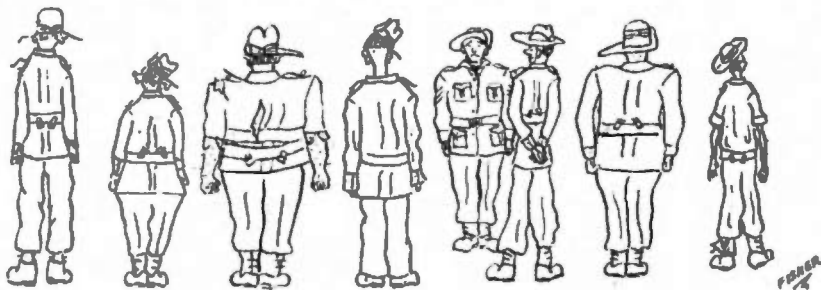

The first boats were dugout canoes  
And the cave men used these  
Paddling all day as long as they'd choose  
With their boats made from the trees.

Red Indian boats were birch-bark canoes  
From them they trailed their feet  
In the water to keep out their foes  
As they paddled their course so sweet.

Sixteenth century boats were galleons,  
Great big clumsy things,  
Some of them manned by Italians,  
Some with great sail-wings.

Twentieth century boats  
Are lovely launches and yachts.  
The owners love to exchange gloats,  
But they cost the skippers lots.

## A SCHOOLBOY'S PRAYER

Oh God, life lies in front of me so dark.  
My school days end and I must tread the way  
Of the unsheltered world. Keep from the stark  
Mischiefs of vice my pilgrim feet each day.  
May my steps follow those that Thine have trod  
And countless feet have followed since, oh God.

Let me see plainly where my Duty lies,  
And may I will to walk the second mile  
Where Duty calls not, seeking not man's prize  
But others' good. Oh God, keep from the vile  
And truthless word my lips. Teach me to speak,  
To gladden sadness and make strong the weak.

Grant that these hands a worthwhile work may do;  
A noble task each day perform. My mind  
Control that I may yearn to find what's true  
In life, that I may seek until I find  
Those first things first. Submit I to Thy rod  
My wayward will — this is my prayer, oh God.

LIFE OR NATURE ?

O Nature, though Thy worshippers can see  
A heart to love, a life to praise in Thee,  
Where is Thy life ? No soul is found a part  
Of Thee. In a world of men how pale Thou art !

When God is seen, reflected in the child,  
Or even full-grown life, no passion wild  
Holds sway, or can bring Nature to the fore,  
For life that's God's commands a love far more.

A child's unspoiled life, we must admire.  
He has Man's life — but from a fountain higher  
Springs God's own stream, and pours his being o'er,  
A Child of God ! and none could want for more.

Creation marv'llous, Nature, though Thou art,  
Thou canst not of a man demand his heart,  
A life, a soul, a heart, Thou hast not one,  
The Child has these, for God his work has done.

## THE BOOK OF ASSEMBLY

1. In the morning, there did sound the bell and the multitudes were cast out of the classrooms. And the classrooms were forsaken, peradventure for stragglers.

2. And the multitudes did gather in their tribes, as was their custom, and they went forth into the Tabernacle of Hale.

3. And they smote amongst themselves and they were seated.

4. And the elders of the tribes came forth and stood and shewed themselves unto the multitudes.

5. And they were all assembled.

6. Now one elder caused music to come forth, and they did sing unto themselves. And great was the noise thereof.

7. And the chief priest and a leader of a tribe lifted up their voices and spake.

8. And the chief priest spake of the past deeds of the tribe of Hale and prophecies of the future made he.

9. And he was finished.

10. The elders rose out of their places and did depart and were gone.

11. But the multitudes on the elders did gaze peradventure without avail.

12. Then the leader of all the tribes of Hale his wrath on the multitudes did vent, and there was much wailing and gnashing of teeth.

13. And for his own class each man did forsake the Tabernacle of Hale.

14. And they had departed and were gone.

## THE SCHOLAR BODGIE

With glossary of terms.

(With apologies to Matthew Arnold).

Go, for they call you, bodgie from VIB;  
Go, sharp boy, and shear thy glorious sides !  
Thy bent-back collar wear unbent instead,  
Nor come to school in madly stove-piped strides,  
Let the cropp'd herbage grow back on thy head.  
But when the school's "fini,"  
And tired teachers all have gone to rest,  
And only odd schoolbooks are ever seen  
Put on thy drape, the strides of bottle green,  
Don deserts and again cut short thy crest.

Glossary—

Bodgie (in this context) : Progressively dressed youth.

Sharp : Progressively dressed.

Drape : Long, loose coat.

Sides : Side-burns.

## THE 10th SATIRE OF DELINQUENT INTIMATED

Behold the grim Debator in his rage,  
As he prepares his venom page by page.  
He scrawls and writes and searches dusty books,  
And breaks all mirrors by his fiery looks.  
He rants and raves, he stamps the crumbling floor,  
Looks at the clock, then groans, and raves some more.  
He practices for many hours the art  
Of preaching what HE can't believe, by heart.  
This hypocrite has baldness in his youth  
By seeking subtlety but never truth.  
Each day he long rehearses, snarls and sneers,  
The words that cause loud laughter, tidal tears.

When last the long awaited night arrives,  
He waits his turn and, rising fiercely, strives  
With shallow eloquence and gestured cries  
To give as truth his predetermined lies.  
This vain Dissembler calls his daytime friends  
By names which show not one of friendship's trends.  
In his reply he claims as lies, their case  
And firm maintains their every word was base.  
When he is done, he tensely waits to hear  
If his lies or his rival's were more clear,  
Then glows with guilty pride if it is won,  
For, though it's hypocritical, it's fun.

—T.S.P., VIA.

## BIRD'S EYE VIEW

Come down, come down, you'll catch a cold  
Up there, for at great heights, I'm told,  
The weather's chill, and rugs you've none,  
To warm a head at se'en foot one.

Your normal nose, a beak they call,  
Thence comes a name well known to all.  
Those great big hands wield any tools —  
Our bright green shed's no work of fools !

Object of such amusement bow,  
For you are truly well loved now,  
For though some scorn your length, it's true,  
They envy you your bird's eye view.

## A BUSHMAN'S DREAM

The 'orses all 'ad armchairs upon their prancin' backs,  
There wuz no things like gravelled roads, but only cement  
tracks,  
The mulga's all were carefully pruned, so's not to scratch  
our thighs,  
And the scrub was scented with "Eau-de-Cologne," and we'd  
never 'eard of flies.

Instead of mouldy dampers, or mutton tasting drab,  
For an outcamp meal there wuz "cavier," and oft' a pickled  
crab;  
The homestead mill pumped whiskey, while the others all  
pumped beer,  
And we 'adn't the worry of animals like sheep or cattle 'ere.

It never rained, it ne'er grew 'ot, there were no stinkin'  
droughts,  
And we spent each day at the homestead bar, drinkin' the  
boss's shouts.  
Our rooms were air-conditioned, our mattresses were sprung,  
And a pretty girl would serve us drinks whene'er a bell was  
rung.

The overseer, when we went wrong, he wouldn't curse us  
down,  
But go and do the job himself whilst we just lazed around.  
The cook he 'ad no iron bar to bash when tucker's on  
But he'd play a dainty melody upon a silver gong.

We went around the millrun in a Cadillac V8,

 I wuz just gettin' round to the pink champagne and the trays  
 of chipped ice-cream,  
 When I woke with me 'ead in the blazin' sun, with naught  
 but a bushman's dream.

### THE SHARP ONE

Thick crepe soles, a mighty drape,  
There he goes in his duffle cape;  
Windsor collar, slim-jim tie,  
See that joker "get the eye."  
Stove-pipe trousers, bright pink socks,  
Big thick square-back, shorn-off locks.  
This youth's despised, he's watched by cops,  
Accused of crimes in many shops.  
Employers drop him from their staff  
"Cause he's not worth his weight in chaff."  
All these precautions seem excessive,  
The lad's not bad, he's just progressive.

### ORIGINAL AGONY

The boy sits at the wooden bench,  
The ink flows from his pen,  
He grabs a page and tears it up  
And promptly starts again.

He pauses, tries to concentrate  
And tap-taps on the bench,  
While all around him on the floor  
Lies script with ink a-drench.

He's used up heaps of manuscript,  
He'll use up many more;  
The time is almost twelve o'clock  
He won't give in till four.

Disturb him not, unfeeling boy,  
Distract him not the least;  
Should you do that, he'll bare his teeth  
And tear you like a beast.

He stops, turns head aloft and scoffs  
"Write poetry," they said";  
He rises, curses, rants and raves  
And totters off to bed.

### TO THE MOSQUITO

Thou terror of the evening sky,  
Thou demon of the devil's brood,  
Thou who doth nightly drink my blood  
And loudly rouse my anguish'd cry.

Thou, who in filth doth loathly breed  
Among the waters of decay,  
And in the form of eggs doth lay  
Thy progeny on me to feed.

Thou cursed pest and deadly foe,  
Scourge of mankind from ages past  
May D.D.T.'s all-killing blast  
End thy long reign, O Mosquito.

### PRESIDENT'S REPORT

Gentlemen,

It is with pleasure that I present for your approval the Annual Report of your Association for the year 1955.

COMMITTEE : The Committee meets each month in the Headmaster's study at the School. Attendances were quite good

considering that most of the Committee have multiple obligations. I would like to thank all members of the Committee for the loyal support they have given me this year.

**FINANCIAL :** During the year this Association has progressed and an excess of revenue over expenditure of £241/8/1 has been shown. I do not propose to enlarge on this but leave this matter to the treasurer.

**MEMBERSHIP :** The total of Life Members at the present time stands at 360 and ordinary members at 308 giving a total of 668. In two years time it will be the 100th birthday of Hale School and it is up to each and everyone of us here this evening to gather into our fold as many Old Boys of the School as possible if we wish to make 1958 a very memorable one in the life of our Association. We have, this year, experienced some lack of enthusiasm and help which is so vital to our School. As you realise, the School looks towards us Old Boys for a lead and if this is not forthcoming then we have failed in our motto "Duty." I, therefore, appeal to you all to try to get as many Old Boys back into our Association as possible.

**"CYGNET":** In December some 650 "Cygnets" were issued by your Association to financial members. This year the "Cygnet" was well up to standard and our thanks go out to Mr. Geoff Christian and Mr. Veryard for compiling the Old Boys' section again this year.

**SOCIAL FUNCTIONS :** The Annual General Meeting was held last year at the Palace Hotel and was not very well attended. I am sorry to see that this year we again have not a very large attendance.

**OLD BOYS' DAY :** The Assembly and Luncheon held on Labour Day was a great success. We had a record attendance and this year we had two cases of three generations at the Assembly. The father of the Assembly was Mr. W. T. Harris, 1896-1900. After the roll-call we adjourned to the School oval where two enjoyable cricket matches were played. Although we had a record turn-up your Committee would like to see a greater number present this year. Old Boys' Day this year will be held on March 5—Labour Day holiday.

**BOAT RACE DAY :** The School had a very successful day on the river this year, and to Gra Rosser and the boys go our congratulations on their fine effort. Your Committee hired a launch from which Old Boys could see the races. All those who saw the rowing from the river had a most enjoyable time. In the

evening a cocktail party was held at Tintern Lodge and a most successful evening was had by all who attended.

**FOOTBALL MATCH :** Once again thanks go out to Mr. J. Hingley for the way he arranged the annual football match

**ANNUAL COUNTRY DINNER :** A very successful function was held this year at Katanning. There were over 80 present including 26 from Perth, and to Mr. Bill Urquhart and Mr. Brian Taylor who organised the function, go our thanks. I think I could mention here that the average time on the return was, by far, better than that of the going down. Two of our regular attenders took 90 minutes to travel 300 yards on that occasion.

In November I attended, with our Headmaster, the Beverley Public Schools Association's Annual Dinner. It was a most successful evening. Maybe other country centres could follow Beverley's example.

**BOAT SHED :** No doubt many of you have seen or heard that a start was made on the school Boat Shed last year. The lower floor is now completed and the school is using the boat shed. We hope to have possession of the top deck within the next two months. We have made tentative plans to hold our first social function in the way of an official opening and dance on the eve of the inter-school rowing regatta. Arrangements are under way.

In the sporting fields the Association is still holding its own.

The Athletic Club is doing quite well and last season the Hockey Club had two out of its three teams in the finals.

It will be of interest to learn that John Forsyth, the Dux of the School last year, was the recipient of your Association's scholarship for the past five years, this being his school life at Hale School. The Dux of the Junior Form also received the Association's prize for Dux of his form.

In conclusion, I would like to thank our Secretary for all the work he has done this year. He is always ready and willing to help and do any additional job that may be forthcoming. I would like also to thank our Headmaster for his assistance during the year.

Thank you, gentlemen.

R. ISAACHSEN,

President, 1955.

## OLD HALEIANS' WAR MEMORIAL

---

The appeal to raise funds for the erection of the Memorial Hall at the new school at Wembley in honour of those Old Boys who made the supreme sacrifice in two World Wars, has received only fair response this year.

To those Old Boys who have undertaken annual donations we are greatly indebted.

Those who contributed during the year are : F. D. Slee, J. D. Arrow, A. H. Christian, D. P. Clark, C. O. Simpson, J. Deykin, K. M. J. Barrett, R. R. B. Ackland, H. V. Shotter, N. Thomas, Dr. P. W. Atkins, A. D. W. Farmer, R. I. Ainslie, Dr. A. A. Merritt, C. R. B. Saw, E. H. Wheatley, J. Carew-Reid, P. Bateman, E. Brown, R. T. R. Ambrose, Dr. D. M. Clement. Norman, Peter and Tony Anderson once more made their novel and very worthwhile contribution of one truck of oats.

---

## CYGNET HALL

---

On April 25 a large crowd witnessed Mr. Leslie Craig officially open the New Boat Shed and Cygnet Hall. Two days later, on the eve of the Head of the River, Old Boys gathered at the initial function (Head of the River celebrations in advance). Everyone knew of course that Gra Rosser would coach his sixth consecutive crew to victory !!

To all Old Boys who so generously made donations to enable the Hall to be furnished, the Committee wish to say thank you. Without these contributions the hall would not be a going concern.

---

## LIFE MEMBERS

---

The following Old Boys became Life Members of the Association during the year :

D. P. Clarke, J. Garnsworthy, R. P. Camm, A. C. N. Anderson, T. Ednie-Brown, T. Catling, W. T. Irvine, R. A. Little, P. Glover, J. M. Easton, J. E. Haynes, S. L. Bogle, A. J. Macmillan, I. L. Bogle, C. M. Y. O'Connor, C. K. Pearce, D. M. Devenish, M. W. Scott, H. Marshall-Thomas, David Thomson, B. Dungey,

B. G. Green, J. Ednie-Brown, N. S. Young, J. M. Bungey, J. A. Power, P. J. Grigg, G. F. Pearce, R. L. Newman, D. R. Law, L. Daniel, T. C. M. Senior, B. G. Twine, J. P. B. Summers, R. B. Baxter, G. L. Bateman, R. D. Rogers, J. H. Skipper, P. B. Cadd, M. D. Ferstat, D. G. Chappell, L. H. Mellor, W. A. Evans.

### MOORA COUNTRY DINNER

---

Despite the fact that Moora and surrounding districts were not considered strongholds as far as Old Boys representation was concerned, the Committee decided that the real purpose of the Dinner was to take the Association to its country members.

Accordingly over 50 Old Boys gathered at Moora on July 21 to prove that the North could hold such a Dinner. The success of the function (and it was a great success) was due to the capable organising of Arthur Butcher, who also entertained the visitors at his property on the Sunday.

The Chairman, Sir Edward Lefroy, in proposing the toast to the Association, recounted many interesting highlights of the School at the turn of the century. Sir Edward also pointed out that boys attending Hale were privileged, no matter whether that privilege arose from sheer good fortune, or otherwise, and it was the duty of Old Boys to repay in full measure that privilege, not only to the School but to the community. A point we might all remember !

Those who attended were : K. M. Barrett, A. Tanner (York); A. Butcher, C. Ferguson, Sir Edward Lefroy, H. McCausland, B. Mitchell, B. Stone, B. Woods (Moora); P. Glasford (Walebing); D. House (Watheroo); V. E. Husbands (Northampton); N. Hyde (Dalwallinu); C. A. Mitchell (Waddington); R. G. Mussared (Cunderdin); M. Packham Tammin); O. P. Randell, sen., P. P. Randell, jun., M. B. Seed (Coorow); T. H. Reynolds (Miling); D. Roberts (Dandarragan); A. Robinson, J. Robinson (Piawaning); J. Staniforth-Smith (Boyup Brook); P. Vukelic (Wongan Hills); D. R. Anderson, A. K. Atkins, P. H. Atkins, I. Bonnerup, J. A. G. Brand, J. Cox, G. Easton, T. E. Eyres, L. Fethers, C. Hale, J. Hingley, J. Jackson, J. Marshall, H. Mellor, E. Mills, V. S. Murphy, R. Newman, T. A. O'Keefe, A. G. Rosser, H. B. Summers, A. Veryard, C. Veryard, I. Wilkins (Perth).

CONGRATULATIONS TO . . .

---

Val Fabricius, who was recently appointed Knight of the First Class of the Royal Order of Vasa by King Gustaf VI of Sweden. Val has been Honorary Consul for Sweden since 1940.

To Ernest Lee Steere, who won the Governor's Cup at the 1956 Royal Agricultural Society Show. He also won the coveted award in 1955.

To Bill Crommelin, who was elected to the Legislative Assembly for Claremont.

To Geoff Christian on being selected as a member of the State track and field team, which visited Melbourne for the national titles in March.

To Mr. E. Thorley Loton, whose long service with the Swan Road Board was recognised with a presentation by the Board last March. Mr. Loton has been a member since 1929 and chairman since 1931.

To Frank Craig, who has been awarded a Nuffield Agricultural Scholarship. Frank leaves for England in January to take up his studies.

To Bob Levinson, who was elected President of the W.A. Branch of the Gemmological Association of Australia.

To Gra Rosser on his selection as one of the representatives of the W.A. Rowing Association to the Olympic Rowing Committee.

To Don Keane on his selection in the Australian Team to compete at the Melbourne Olympic Games.

To Roley Tasker on his selection as Australian representative for 12 Square Metre (Sharpie) sailing events at the Melbourne Olympic Games. Roley has built up a unique record in Australian Championships with his Falcons.

**BEREAVEMENTS**

---

Old Boys, particularly those who attended school during the immediate pre-war and early years of the War, were deeply grieved to learn of the death of Rod Isaachsen.

Rod left school in 1941, distinguishing himself in swimming and life-saving.

He took an active interest in the Royal Life-Saving Society, being a member of the 1949 State London Trophy Team, who finished the runner-up. As a member of the team Rod gained highest individual points in the Team and was also placed second in Australia.

An active player and worker for the Old Haleians' Hockey Club, he was held in high esteem by all members of that Club.

He had a long and active record with the Association, being a Committee member since 1948. During that time he held the position of Treasurer in 1948 and President 1955.

We take this opportunity to extend, on behalf of all Old Boys, our deepest sympathy to his wife, mother and relatives.

\* \* \*

It is with deep regret that we record the death of another Old Boy, Henry Moseley.

He was at school just before the turn of the century and left to complete his education at Scotch College.

A well-known Magistrate, he is also remembered as a Royal Commissioner, particularly for his report on Native Affairs.

He served in both wars, being Colonel in Charge of Intelligence in W.A. during the last war.

An active Old Boy, Mr. Moseley was President of the Association in 1934. He also served several terms as Association nominee to the Board of Governors.

To his wife we extend the sympathy of all Old Boys.

\* \* \*

To Dr. and Mrs. R. D. McKellar Hall we would like to extend our deepest sympathy on the tragic death of their son, Tony.

\* \* \*

With deep regret we also record the deaths of Old Boys Harley Lacy and William Thornton.

## JACK WELLS

By T.F.H.

All Old Boys who attended the school during the 28 years, from 1917 to 1945, that Jack (Buckety) Wells was the Gym Instructor will be sorry to hear that he passed away on April 5 last at the age of 78.

It cannot be assessed just what we, who were made physically fit in his classes, owe to "Buckety." Every boy in the school was fit to take his place in any team at all times because no boy missed a day of P.T.

"Buckety" was a remarkable character; being a faultless gymnast himself, he imparted the art to boys in the simplest and kindest manner. He always held our confidence because there was no record of a boy being hurt whilst under his care.

There was no exercise set on apparatus that "Buckety" could not perform perfectly despite his increasing years. How much of his own time he gave up to us in order to build healthy bodies no one knows.

Those who were early to school could always see "Buckety" march up Havelock Street with perfect deportment as an example to all. The popular figure was met at the gate by his many young friends who received the usual advice as "Hands out of Pockets," "Don't fold your arms," "Chest before chin" and "Mind over matter." He shot this last one home to us with his popular game of "Simon Says." One saying I never really understood was "Time Was Gentlemen Time Was" which he used when we became a little unruly. What ever it meant mattered little because it had the desired effect.

After school we would meet "Buckety" again at Crawley Baths where he trained us for Swimming and Life-Saving. Our records over these years speak for his efficiency. (Life-Saving, 22 wins in 23 years).

When we were without a football coach it was "Buckety" who helped us out. He was a champion rover in his days. At the School Sports and "Inters," "Buckety" was always there to rub a sore muscle and to give a word of encouragement to a nervous man. We were all men as far as "Buckety" was concerned, some small, some big, but never would he use the word little.

His annual display was a great credit to him and his "men." It consisted of a P.T. table, pyramids, tumbling, horse vaulting,

parallel bars, and fire club swinging, a spectacular sight to finish with, which reminds me, "Buckety" held a club swinging record at one time.

One could never forget the fun we had when "Buckety's" march up Havelock Street was shortened. He bought one of the first Baby Austins, which could be lifted by half a dozen strong lads, and the places and positions that car was found in were miraculous. "Buckety" always took it in good part enjoying the fun afforded to us. At this time a poem appeared in the "Cygnet" which went something like this :

"There was a little man,  
And he had a little car,  
It went a little way,  
But not so very far,  
So he put it in his pocket,  
And hopped into a train.  
The watch makers mended it,  
And now it goes again."

To lose such a loveable character who did so much for the youth of Perth is unfortunate. It is hoped that the last few years that he spent in the hills were happy ones and that the wireless his old pupils gave to him when he retired, reminded him of those he helped and all who were fortunate enough to know "Buckety."

It is with the loss of one of the finest men I knew that I think I have found the meaning of "Time was Gentlemen Time was."

### OLD BOYS PERSONAL PARS

---

We offer congratulations to the following Old Boys who were married during the year :

David Chappell to Norma Pierre-Humbert.  
Graham Hood to Dorothy Williams.  
Ross McWhae to Kathleen Pike.  
Maurice Pierre-Humbert to Suzanne Plaistowe.  
Don Dye to Noreen Bower.  
Colin Carr to Phillipa Gawler.  
Jack White to Penny Hanrahan.  
Charles Staniforth-Smith to Norma Cuttriss.  
Leith Murphy to Robin Ralph.  
John Flower to Audrey Tooth.  
Les Daniel to Barbara Smart.

Charles O'Connor is now with East Bungaree Ltd. of Mount Bryan, a Merino Stud property in South Australia. His nearest contact is Ron Pearse of "Koonoona" Burra, about 20 miles away. Charles recently announced his engagement to Jean Greenshields.

Other engagements are :

Brian Nevard to Pamela Ellis.  
 Roger Milner to Jill Weir.  
 Tom Lodge to Constance Hawher.  
 Dudley Allen to Marion Haywood.  
 Severin Crisp to Margaret Dean.  
 Geoff Menogue to Jenny Williams.  
 Charles Bartley to June Finlayson.

Champion high jumper, Clive Bedford-Brown, to Ann Wiggzell. Clive also ran for the Old Boys Relay team at the "Inters."

Tony House to Jill Barber. Both are medical students at the University.

\* \* \*

David Foulkes is the Winterbottom Motor Co.'s representative at Katanning.

Bernie Dymock is now "Mine Host" at the Naval Base Hotel.

John O'Meehan, who is at Bundemar Station, N.S.W., returned home last December for the wedding of his sister Margaret.

Many thanks to Merv Scott, of Dumbleyung, for his informative letter concerning Old Boys.

Congratulations to the following couples who became proud parents of sons during the year :

Ailsa and Robin Farmer.  
 Jan and John Evans.  
 June and Frank Craig.  
 Sylvia and Tony Craig.  
 Dot and Peter Grigg.

Congratulations also to Jenny and Kevin Guhl, Jeanette and Wally Goodlet, Anne and Max Dimmitt, Margaret and Ken Jones, Margaret and John Marshall, Betty Ann and Bob Godfrey, Nan and Clem Love, Ann and John Cooke, June and Bruce Chappell, Mr. and Mrs. Owen Burges, who became parents of daughters during the year.

\* \* \*

John Craig, now Wing Commander in the R.A.A.F., is returning home and will be stationed at Pearce as from December.

Gifford Lewis writes from Queensland. He is in Her Majesty's Customs Dept. and stationed at Cairns.

Peter Murray advises he is in New Ireland and hasn't seen W.A. for ten years. The only other Old Boy he has met in the Bismarcks is Lindsay Bowers. Peter's address is "Lubunia" Plantation, Kavieng, New Ireland, New Guinea.

\* \* \*

Cedric Smith, who is the Old Haleians' representative on the Beverley and Districts Inter-Collegiate Association, invited the Headmaster of the School (Mr. V. S. Murphy) and Mr. Rod Isaachsen, President of the Old Haleians' Association, to attend the Annual Dinner of the Association, which was held at the Beverley Golf Club on November 25, 1955.

From reports received from the "Head" and President the function was a very successful and happy one. Many thanks Cedric for the invitation.

\* \* \*

John Newman is now managing the National Bank at Mayfield, N.S.W., a suburb of Newcastle. Old Boys he meets in that district are Harley Shapcott and his son John. Harley is manager of the Newcastle branch of the National Bank and John is at the Mayfield branch. He also advises he has met Doug Burges, of Elders in Newcastle.

\* \* \*

It is very pleasing to see Mr. J. B. Newbery attending the Sundown Functions held at Cygnet Hall on the fourth Wednesday of each month.

\* \* \*

During the year Peter de Rouffignac joined the R.A.A.F. as a trainee pilot.

\* \* \* \*

It was pleasing to see Gra Rosser installed as Master of Hale Lodge during the year.

\* \* \*

C. O. Simpson, having gained the degree of Bachelor of Engineering at the University of W.A., left in January last for England where he hopes to take a two-year course in Town Planning at London University. Colin attended school from 1945 to 1949.

\* \* \*

During the early part of this year Mr. and Mrs. Dudley Law visited Japan for an extended holiday.

J. M. Whyte has forsaken his city interests and is now successfully running a very fine citrus orchard at Keysbrook.

\* \* \*

Barry Randell is at Bank of N.S.W., Dumbleyung.

\* \* \*

Roger Milner and Noel Stafford returned last year from a tour of England and the Continent.

\* \* \*

Vic Ferry is now manager of National Bank, Boddington.

\* \* \*

Chris Ball has been transferred to the Commercial Bank, Boyup Brook, and has joined the Volunteer Fire Brigade in the district.

\* \* \*

Ian McGovern has returned to Scotland and is now engaged.

\* \* \*

Mr. and Mrs. Ian Anderson of Hawthorn, Vic., returned at the end of last year from an enjoyable trip to England and the Continent.

\* \* \*

John Glendenning, who has been teaching with the Education Department at Ohai, New Zealand for the past three years, has returned to Perth to take up a position as a teacher at East Cannington State School.

\* \* \*

Mr. and Mrs. Jim Thomson, of Wodleigh Station, Carnarvon, returned at end of last year from an eight-month trip to England and the Continent.

Their son Robert, who is now at Hale, is the 17th Thomson to attend the school. The late Mr. John Thomson, father of Jim, attended Hale in 1882. Nine of the Thomson family are life members of the Old Haleians' Association—a truly fine record.

\* \* \*

Mr. and Mrs. Alan Kopke, of Yaringa South Station, left for England early last year. They were accompanied by their son Peter and daughter Elizabeth.

\* \* \*

Mr. and Mrs. Norman Kopke returned from England and the Continent last year.

Edward Officer spent his last Xmas vacation with his uncle, Ian Anderson of Hawthorn, Victoria. Uncle Ian reports that he was pleased to hear quite a lot of news of his Old School from his nephew.

\* \* \*

Bruce Green, who has been farming in the Carnamah district for the past seven years, reports that all is well.

\* \* \*

Howard Shotter returned recently from a car trip to the Eastern States—a most interesting but very long journey.

\* \* \*

Malcolm Rosier writes that he is very interested in the doings of the Old Haleians' Association but at present he is unable to take a very active part because of other commitments. See you when you are free, Malcolm.

\* \* \*

Don Devenish left for England this year to take a course of Engineering—aeroplane construction and design. Good luck, Don.

George Redhead has been in Sydney for the past two years with Lever Bros., with whom he was employed in Perth for the previous seven years. He returned to Perth early this year and is now with the Cyclone Fence Co.

\* \* \*

Jack Taylor has become a prolific run-getter in junior country cricket. Jack has made about 16 centuries since he left school and represented the Great Southern against the South West at Bunbury last year.

\* \* \*

Michael McCall writes from St. Mark's College, Adelaide, that he is thinking of a two years Honour School in Physiology. Other Haleians he has seen include: Ian Hislop, a college librarian at St. Mark's and playing college hockey; Byron Kakulas, also at St. Mark's, who expects to do well at the end of the year and is spending most of his time at the hospital; John Olden, at Lincoln, who has given up rugby (as has Byron) through shoulder trouble after two inter-Varsity matches; Neil Cumpston, who has played A2 hockey; and Allan Hutchinson, A1 and in the State Colts; Dr. McKenna, who is a surgical registrar and has been working in the Anatomy Department.

Peter Mold wrote in April from Ridley College that Geoff Hayles was ordained deacon in February at St. Andrew's Cathedral, Sydney; and that in training for Holy Orders are Edward Doncaster at Morpeth, Peter himself, and David Williams at Ridley. Geoff Hayles is now married to (nee) Sheila Hatch.

\* \* \*

Les Champion, who left school in 1917, returned to Perth during the latter part of 1955 after an absence of 35 years. He was enjoying a round trip on the Duntroon, consequently his stay in our city was limited. However, he found time to spend a pleasant hour or two with the secretary and wishes to be remembered to his contemporaries. His address is 107 Darley Road, Randwick, N.S.W.

### OLD HALEIANS' ATHLETIC CLUB

---

The Old Haleians' Athletic Club realised a long-cherished ambition this year when it won the Sandover Cup, awarded to the club gaining the most number of points in the A grade competition.

This is the first time that the club, now comprising 41 members, has won the coveted Sandover Cup.

The club gave an indication of its growing strength when it finished second to Y.C.W. in the 1954/55 season.

Then the 1955/56 season saw the club gain more strength and it was able to turn the tables on Y.C.W.

Old Hale also filled teams in the D and F grades. The club finished fifth in the D grade and a close second in the F grade.

We also met with success in the relay competition and won the fourth division of the Associates Cup.

It is pleasing to note the progress of the Old Haleians' Athletic Club, but we would urge all Old Boys with athletic ability to join the club and try and maintain the rising standard.

Geoff Christian, holder of the school 440 yards record, was the club's outstanding athlete during the season. Geoff won the State 100 yards and 220 yards championships and then finished third in the national 220 yards championship.

At the end of October he was invited to compete in the Olympic selection trials in Melbourne.

Clive Bedford-Brown, who holds the school and interschool high jump records, is still the State's No. 1 high jumper.

He also visited Melbourne for the national championships in March, but unfortunately was unplaced.

His twin brother, John, also ran strongly in the sprint and quarter-mile events.

The club captain is Herb Tonkin, who is now a veteran, but still competes each Saturday.

Herb's efforts for the club have been outstanding and a lot of the success has been due to his untiring work.

Although Don Keane did not compete with the club this season we all followed his progress in Melbourne.

Don has gained selection in Australia's Olympic team for the second time and has proved himself the nation's No. 1 walker.

He has recorded a string of outstanding performances during the season and his inclusion in the national was almost automatic.

He has been chosen to represent Australia in the 20 kilometre walk at the Games.

The 1955/56 track and field season was a new high for Old Hale and we are confident that the club will continue to do well this season.

### OLD HALEIANS' HOCKEY CLUB

---

The 1956 season, which is the most successful year the club has known, was climaxed when the R2 and C2 sides won the grand finals in their respective grades.

The A3 side showed a great loss of form in comparison to last year when it contested the grand final.

However, at no time during the season could the side settle down as a team owing to selection and positional problems.

The R2 side steadily built up their all-round strength and, at the end of the season, ably led by John Barrymore, was an unbeatable combination.

Trevor O'Keefe's allegedly social side, the B1's, turned in some great performances and made a name for themselves as the giant killers. It thoroughly deserved the right to play in the semi-final which was lost mainly through the untimely injuries to Ken Rosenthal and John Marshall.

Showing outstanding qualities of leadership, Warren Ives moulded the recruits and one or two second-year players into a powerful side which, except for an odd occasion, swept all before it to head the C2 grade and win a challenge cup and grand final. Having seen this team in action and the sound introduction the schoolboys are getting to the game the club is confident that in the near future we will have a top side capable of at least regaining the A2 grade.

At the end of the season the B1 side annexed another trophy when it won a knock-out competition conducted by the Fremantle club.

The sudden passing of our friend and keen clubman, Rod Isaachsen, was a shock to all and we extend to Jackie and children our sincere sympathy.

For some years now we have been negotiating for a ground in the Nedlands area. It is now hoped that these endeavours will soon enable us to have our own headquarters where it will be possible to obtain more match practice.

Socially, the club had a successful year, the Boat Race night barbecue getting the season rolling in more ways than one. A continually wet (referring to the weather) Sunday failed to stop 30 or so members and friends from enjoying a picnic outing and match against the York Hockey Club.

To round off the season, the club ran a dance, in Cygnet Hall, which proved successful.

In conclusion, I would recommend the hockey club to any ex-scholar who would like a winter interest through which he can maintain physical fitness and enjoy a measure of social life.

K. G. JONES,

President.
