### EDITORIAL

*"I can't express my feelings any more"*

Look out, Man on the Moon! Since the last publication of the *Cygnet* we have seen the birth of a new era. Like a chick making its first feeble efforts to break out from its shell, man has taken the first steps to free himself from the limitations of the earth's gravity and atmosphere that have held him prisoner for the past few million years.

Russia's mighty scientific achievement in launching successfully the first man-made satellite has been acclaimed by all the nations of the world. But it has caused us all, from third form schoolboy to Member of Parliament, to wonder what the future has in store for us: is "Sputnik" a threat to civilisation as we understand it, or a promise of infinite benefits to humanity and a higher standard of living to be enjoyed by everyone?

Optimism is discouraged by the recent parade by the Russians of fantastic and terrible weapons of war. The wealth of the Western world is being spent in the creation of equally fantastic weapons to meet the threat of Russia's display of power. And no doubt Russia will continue to exploit her almost inexhaustible supply of manpower in an attempt to further outpace the Western world and so the macabre and pointless race goes on.

How much better would it be if all this money and manpower were used to help the poverty-stricken masses of the Orient and to develop the world's resources for the betterment of everyone! But while each nation, in order to attain its own selfish ambitions, strives to make use of new scientific achievements and the fear that these so often arouse, this happy state of affairs cannot be.

We cannot guess what the future holds — we can only wonder and hope.

But this year we of Hale School have been thinking not only of the future but of the past. Nineteen fifty-seven is the Centenary of the Consecration of Bishop Matthew Hale who, one year after his appointment as Bishop of a Diocese extending over almost one million square miles, gave our School its humble foundations.

Naturally we Haleians are proud of our heritage and tradition, and we have every reason to be . . . but we must be careful not to be too satisfied with past achievements — to rest on our laurels. We must realise that tradition is not associated exclusively with the past — it is being created every day. By the actions of boys now at Hale, as well as of Old Haleians, the Hale School tradition is carried on and it is for us to make sure that the high standard of the past is upheld now and in the future. So perhaps, Man in the Moon, one of your first visitors from this planet will be an ex-pupil of Hale School.

## COMMEMORATION YEAR — 1958

PROPOSED FUNCTIONS

---

1. *Monday, 3rd March*—To mark the 80th anniversary of the opening of the High School (as Hale School was then named), there will be a special Old Boys' Assembly, cricket matches and a luncheon.
  2. *Saturday, 28th June*—This will mark the Centenary of the foundation of Bishop Hale's School.  
During the afternoon a foundation stone will be laid on the school property at Wembley Downs. This will be followed by an Old Boys' Dinner.  
In the preceding week there will be displays at school. Various functions for Old Boys, e.g., Ball, Golf Match, will be arranged.
  3. At the end of second term Senior Dramatic Society Play and Junior School Entertainment.
  4. In October or early November a Fête.
  5. Old Boys' matches, and other functions, town and country.  
For notices of these watch the *Old Haleian*.

## WHY "HALE" SCHOOL?

Next year will see the 100th anniversary of the founding of the first secondary school in W.A. It was on 28th June, 1858, that Bishop Matthew Blagden Hale opened his school. For most of its early years it occupied the building that is now known as "The Cloisters." Next year will see, too, the 80th anniversary of our school under its present constitution: the school which took over the pupils of the Collegiate School and thus continued the work begun by Bishop Hale.

In the *Cygnets* next year will appear a fuller history of the school. The purpose of this brief article is to show how the school is linked with the Bishop's school and how it got its present name — Hale School.

In the late sixties and early seventies the Collegiate School, as Bishop Hale's foundation was known after 1865, found the struggle for existence so hard that it was leased in 1873 to Mr. E. W. Haynes, the first master. Negotiations were made with the Government of the day for financial assistance and a Bill was

presented in 1875. It was rejected because of objections on denominational grounds. The Bill was further modified and eventually became the High School Act of 1876. It was not, however, until March, 1878, that the school was opened. Meanwhile Mr. Haynes had kept together the pupils of the Collegiate School. He and his pupils joined the newly-constituted school. The school to be known for some 50 years as the High School thus carried on the education of the surviving pupils of the Bishop's foundation.

For two years pupils of the Old Collegiate School, while attending the High School, continued to reside in "The Cloisters," Rev. F. Coghlan was in charge. In the *Cygnets* of 1879, this advertisement appeared: Two Scholarships, value £30 a year, tenable for two years, will be offered at Christmas, by which boarders will be received at half fees. Further particulars on application to the Headmaster or Rev. F. Coghlan."

This indicates that there was complete union between the Old Collegiate School and the High School. When the Rev. F. Coghlan relinquished his post, the two establishments merged into one.

In the years that followed the common tradition which the High School shared with the Bishop's School was freely acknowledged. The High School was recognised as "Their" school by those who had been at the Bishop's school.

When the Old Boys' Association was formed, there were many members who had attended the Bishop's school.

It is interesting to note, too, that several members of the governing body of the Collegiate School became members of the Board of Governors of the High School.

Despite the name High School, the school was never a State School as present high schools are. It had from its inception a Board of Governors and it managed its own affairs. It did (as did Sydney Grammar School in N.S.W.) receive a grant of land and a small annual monetary grant, first of £500 and later of £1,000. The annual grant ceased soon after the opening of Modern School, the first State High School. With the foundation of other State High Schools it was felt that the name "High School" for an Independent School was misleading.

In 1929 (the Centenary year of the State's foundation) leave was asked of the Hale family for the school to use the name. This was readily granted and so the name Hale School commemorates the founder of Secondary Education in this State.

The adoption of the name was no late decision. For many years before, it had been suggested that the school be called Hale School or Hale College. It is significant that, when the school decided to have a distinctive badge, permission was secured by Sir Walter James through Mr. Harold Hale, a son of Bishop Hale, to adapt the coat of arms of the Hale family. "As Mr. Hale had to communicate with the head of the family (who was then at the front fighting in France) it was not until the end of 1916 that Mr. Hale advised Sir Walter that the family would not only raise no objection, but were pleased to feel that the Bishop's work was so much appreciated." (Cygnet, 1919).

It is thus on these strong grounds — of providing for the education of the remaining pupils of the Bishop's foundation; of the adoption of the High School as their alma mater by pupils of the Bishop's school (names like Elliott, Forrest, Leeder, Wittenoom, Craig are among those which come to mind); of the consent of the Hale family to adapt its coat of arms, and finally of its consent to use the family name to honour the memory of the Bishop, that our school is known as *Hale School*.

Because it has been allowed the honour of taking the name Hale, the school feels that it should commemorate the founder of secondary education in W.A. by appropriate functions in the centenary year.

### M. G. McCALL — RHODES SCHOLAR, 1956

Michael George McCall, West Australian Rhodes Scholar for 1956, is the ninth Old Boy to win this, the State's most coveted Scholastic Distinction.

At school from 1947 to 1951, he represented the school in Athletics and Football and was a Cadet Lieutenant, winning the Sir Peter Drummond Memorial Cadet Efficiency Prize. He took a leading part in Debating and Dramatics and was Secretary of the "Cygnet" Committee. He was a School Prefect and Captain of his House in his final year. As a climax to his school career he won a General Exhibition and the English Medal in his Leaving Certificate examination, in which he gained 5 Distinctions.

At the West Australian University he won a rugby blue and served on the Medical Students' Council. After completing five years here and at Adelaide University, he has chosen Oxford to complete his medical career.

# SCHOOL NOTES

## THIRD TERM, 1956

November 26 marked the commencement of the Junior and Leaving public examinations, the final examinations in other forms having begun the previous Thursday.

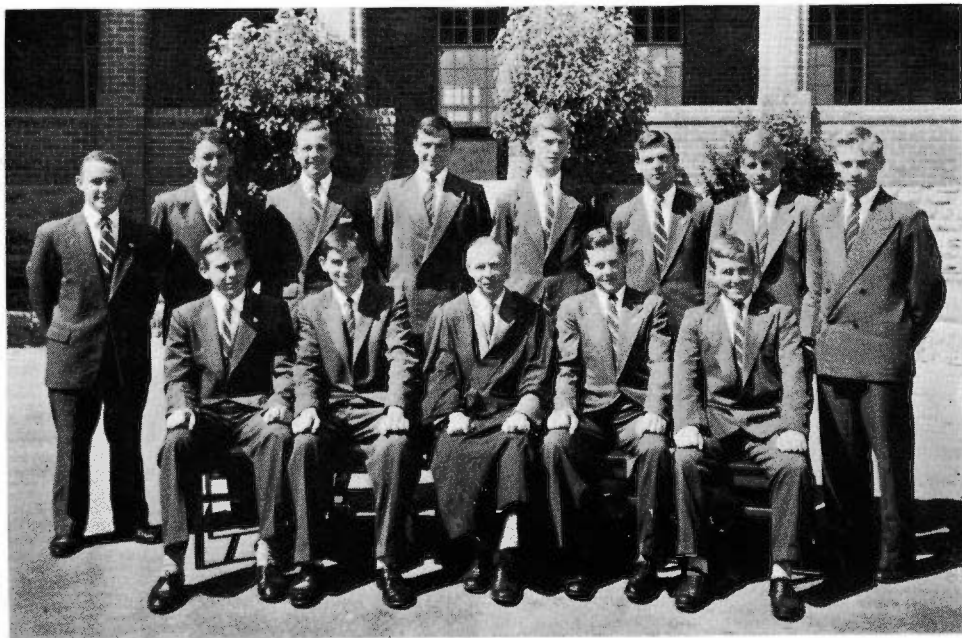

The Final Assembly for 1956 was held on Monday, December 10 and minor trophies were given out. That night the Premier, Mr. A. R. G. Hawke, attended Speech Night to present the prizes and other trophies.

To top the year off the Prefects' Dance was held next night in the School Hall and proved as successful as its predecessors.

Thus ended one of the most successful years we have had for a long time, the School carrying off three of the five major sports held.

## FIRST TERM, 1957

The 1957 School year began with Assembly on February 12. New faces besides those of the new boys were those of Messrs. D. A. Milne and M. Haydock, who took over the science section. These new masters were later joined by Mr. J. Essex (Middle School), Mr. R. W. Lugg (English and Biology), and Mr. R. H. Williams (Biology, part-time).

**"CYGNET" COMMITTEE, 1957**

**BACK ROW :** A. A. Guy, G. A. Lefroy, M. L. Treadgold, M. D. Brandreth, H. B. J. Cuming, R. H. Cooke, A. P. MacDermott, B. H. Bennett.

**FRONT ROW :** B. C. Wansbrough, R. H. Mazzucchelli (Editor), Mr. A. C. Marshall, E. A. Officer (Secretary), T. M. J. Edmondson.

The next day the names of the new school prefects were announced at an Assembly attended by Mr. E. Thorley Loton, the Chairman of the Board of Governors. They were M. D. Brandreth, G. A. Lefroy and R. M. Stone. E. A. Officer, who was a prefect last year, was appointed Captain of the School.

As usual the boys quickly adapted themselves to the swing of First Term activities both academic and sporting. The outcome of these endeavours is recorded elsewhere.

On March 4 a horde of Old Haleians, whose years of attendance at this school dated from 1896 to 1956, invaded Assembly in one of the most successful Old Boys' Days yet held. Two school teams pitted their strength against that of two Old Boys' teams in cricket matches and the residual feeling among the school teams was that the Old Boys were not as old as the name suggests.

In the middle of April General Motors-Holden gave a spectacular scientific demonstration to as many boys and masters as could be fitted into the hall. The well compered show was received with rare interest.

School broke up for the short Easter holidays on April 18.

On April 25 the usual Anzac Day Assembly Service was held and later boys were permitted to go to see the Anzac Day march and service in the city. On that afternoon the Term Examinations began throughout the school and continued until May 2.

May 1 saw the Hon. Leslie Craig at Assembly to induct the new prefects.

April 26 was Rowers' Assembly day and Mr. T. J. Prater presented megaphones to the coxes of the three crews and Mr. Gra Rosser spoke to the school and wished the crews luck for their races the next day. Also present was Mr. P. Trouchet, coach of the second eight.

On Friday, May 3, members of the School Cadet Corps left for a week's camp at Northam and the next evening the members of the 1st Eight and three reserves left by air for Melbourne. Under the care of Mr. Rosser and Mr. Simpson they were to be the guests of Geelong College for a week, at the culmination of which they were to race against the champion Geelong College Eight. Our Eight were not successful in this race but acquitted themselves very well.

The final Assembly was held on May 9 and the school closed for the end of term holidays at about 11 a.m.

School re-opened on Tuesday, 28th May.

At the first assembly, in the absence of the Headmaster, Mr. Marshall announced the appointment of three more prefects. R. H. Cooke, S. J. Graham and B. C. Wansbrough.

Football got away to an early start and the House matches began in the first week of term.

The 1st XVIII had its first practice match on Saturday, 8th June, against St. Louis and was defeated. This was followed up by defeats at the hands of Christ Church and C.B.C.

The first Cup match on June 26 was against Guildford, at Guildford and the school was easily beaten. The school was again beaten by Christ Church the following Wednesday.

On the 4th July a number of senior boys attended a special schools' service in St. George's Cathedral to commemorate the centenary of the Diocese of Perth. As Bishop Hale was the first Bishop of Perth and the founder of Hale School, the service had a special significance for the school.

The mid-term holiday was on Monday, 8th July. On the 10th the annual match between the school and the Old Boys took place at Subiaco Oval. The Old Boys proved far too strong for the school.

Exams for the Senior and Middle School commenced on the 15th. The next three Wednesdays saw the school beaten by Wesley, Aquinas and Scotch.

On the eve of his retirement the school was honoured to have a visit from Major General Dyke, G.O.C. Western Command, on July 30. He attended assembly and addressed the school.

The School Boxing Tournament was held in the School Hall on Thursday, August 8. B. S. S. Joel was unchallenged as school champion.

On Monday, 12th, a number of boys from the school were confirmed at St. Mary's, West Perth.

On the nights of the 19th and 20th the Senior School Dramatic Society put on "Ambrose Applejohn's Adventure" in the school hall. The play was well received by two large audiences.

School broke up on the 22nd August.

THIRD TERM, 1957

---

Third Term began on Tuesday, 10th September.

At Assembly on Monday, 23rd September, we renewed our acquaintance with Mr. Colin Becroft who, in 1956, had conducted a series of talks at the School in conjunction with the Crusader Union. He gave a short address to the School.

The Junior School presented two nights of excellent entertainment in the Hall on the 26th and 27th November. This entertainment consisted of short plays, singing and a gymnastic display and audiences on both nights were large and appreciative.

October 2nd saw the usual Show Day holiday.

The next day the School Athletic Sports were held on the W.A.C.A. Ground and once again the weather was far from favourable for good track performances. However, the times recorded under these circumstances augured well for the "Inters." In the House Competition Wilson House again secured top honours.

Over the week-end commencing on October 5, a Cadet Bivouac was held which was concluded on the Sunday by a Marching-Out Parade at King's Park at which a prominent Old Boy, Brigadier Newbery, took the salute.

On Tuesday, 8th, the Junior School Athletic Sports were held on the King's Park grounds. One week after this, on the 15th, our Junior School athletes competed in a Junior Schools' Interschool Sports Meeting at Christ Church.

The final exams for the Leaving and Junior forms commenced on October 24.

October 26 was "Inters" day and in muggy and sometimes drizzly weather we saw Aquinas' athletes in a good and well-deserved win, ourselves again filling the fourth position.

As this edition goes to press boys are in training for a swimming competition with Guildford, to be held on December 7, the annual Aquinas Rowing Regatta to be held on November 17, in which Hale will race crews in invitation races; and the School Tennis Team is involved in the Interschool Competition.

# Speech Night

1956

*"Who cares what they say?"*

Speech night was held on Monday, December 10, on the lawn between the School and the Boarding House. The function opened with the National Anthem, followed by a short prayer by the Rev. A. MacDonald. The Captain of the School and the Headmaster then presented their reports. The Premier, the Hon. A. R. G. Hawke, presented the school prizes and sports trophies and then addressed the assembly. A vote of thanks to Mr. Hawke, moved by the Chairman of the Board of Governors, brought the evening to a conclusion.

## Headmaster's Report

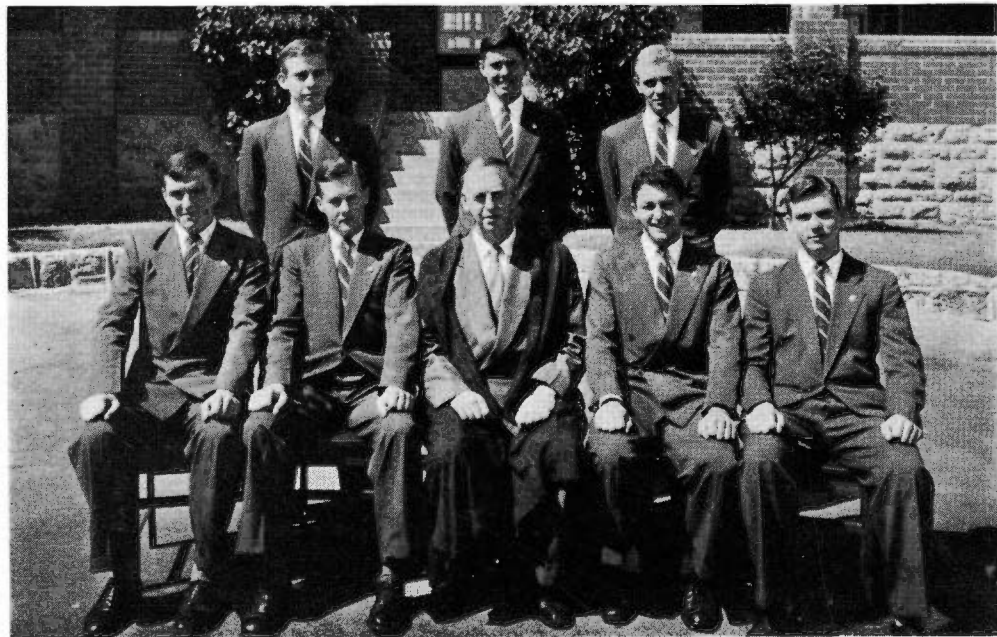

*"All out-of-doors looked darkly in at him"*

After welcoming the Premier, the Hon. A. R. G. Hawke, the Headmaster reviewed the year's work, both in and out of school.

"On the whole," he said, "it has been a year of solid work, both in school and out. I use the word solid advisedly, for solidity rather than brilliance is the keynote of the year, though there are patches of brilliance both in scholarship and in other activities.

The Leaving and Junior results published early in the year showed that the School is maintaining its good record. The Leaving results, though not our best, were quite sound. Nineteen passes were obtained with ten distinctions spread over seven subjects. No fewer than eleven other passes were within five per cent. of the distinction mark. I should like to congratulate C. W. Hassell on his fine pass in seven subjects with four distinctions. In addition to the seven Commonwealth Scholarships obtained, McKinnell was awarded a Forestry Scholarship, while G. Ghent secured a scholarship to the Royal Military College, Duntroon.

In the Junior we had the School's highest pass record for several years. Forty-three boys passed the full examination, seven passed in four subjects, while nine completed passes. The quality of the passes was very good indeed, the average being nearly seven subjects per boy on the pass list. Of course, we

have failures, because we allow all our boys to enter on a Junior course when they go into the Middle School. It is a fairly common practice to separate in First Year boys with a fairly high I.Q. from those with a lower I.Q. In some schools those with a low I.Q. are not allowed to go on to an examination course. We may be foolish, as we said last year, to allow all who wish to sit for the Junior. But I would rather err in giving too many a chance rather than deprive one boy who was a little retarded on entering the Middle School of the chance to go on to a professional course. I have seen many a slow starter make good. Intelligence tests do not measure the determination or inner urge that a boy has."

The Headmaster then outlined some of the achievements made by the School and its individual members over the year. Talking on the subject of scholastic achievements he announced that it had been found impossible to separate Parry and Rowlands for the position of Dux of the School. He went on to talk about the workshop built by the Masters and equipped by the Board of Governors and the new Biology Department which was organised by Mr. Smith. On this subject he expressed the School's regret at losing Mr. Smith just as his work was coming to fruition. After commenting on the Debating Society's particularly successful year, he told of the activities of the Cadet Corps and the Air Training Corps and reported on the School's various sporting attainments, saying :

"Yes, it is certainly pleasing to win competitions, but the greatest value of the various sports, apart from the purely physical aspect, is surely the development of a team spirit and the encouragement of the ordinary, less naturally gifted boy."

This, he explained, was the value of the "standards" system, which fostered the will to improve of the less talented boy and made him feel that he was contributing something to the communal effort.

His next comment was on the opportunity offered for the spiritual development of the School in daily chapel services, boarders' weekly services conducted by the House Master, regular scripture classes and in the facilities granted to the Crusader Union.

Here the Headmaster cited a number of Old Boys who have answered the call to the Church. Recently ordained or now in training at theological colleges, there were Rosier, Hayles, Davies, Mold, Doncaster, Burges, Williams; all boys who were at School in the last ten years or so. He referred to the very well-attended lunch hour meetings in July of Mr. Colin Becroft under the aegis of the Crusader Union and the recent confirmation of some thirty boys prepared by Rev. Alan MacDonald.

Referring next to the Boat Shed, officially opened on April 23, he described the shed as "a handsome, soundly built structure, with ample accommodation for boats below, and a fine social hall — called Cygnet Hall — above. It is a great credit to the architect, Mr. Ken Rosenthal, and the builders, A. T. Brine and Sons. The final cost is not far short of £20,000. The Old Haleians' Association has deposited with the Board £2,000, and in addition it has borne the cost of the furnishings in the hall.

The Association will have a lease of the hall for its own and other functions. The rental paid by the Association will, over the years, help to defray the cost of the upper portion or Cygnet Hall.

This led on to the question of further development at the Wembley Downs site. "But in two years' time," he said, "we shall see the centenary of the foundation of Secondary Education in this State, by Bishop Hale, from whom the School derives its name. In two years' time there will be the 80th anniversary of the School under its present constitution with an independent Board of Governors. Surely it is not too much to hope that in that year another step forward will be made. The next step will involve careful planning and a great deal of money. It is estimated that the cost of a school is about £1,000 per boy. For a school of our present size we would require £400,000. The School has assets in property at Wembley Downs but it will require more than this property will realise when sold. I do urge Old Boys and friends of the School to be liberal in support of the School when it starts to embark on its plan for expansion, and even before it starts. Contributions may be made to the Old Haleians' War Memorial Fund, with which it is intended to build a Hall and Community Centre. Contributions can be made direct to the School. For a small annual sum Old Boys and others can join the Endowment Scheme by taking out small life policies in the name of boys just leaving school."

After this the Headmaster spoke briefly on the activities of the Old Haleians' Association. Here he mentioned the passing of well-known Old Boys, such as H. D. Moseley, Rod Isaachsen and Tony McKellar Hall and that of the widely known one-time gymnasium instructor, Mr. J. E. Wells.

Continuing, he expressed his appreciation to Mr. Loton and his fellow members of the Board of Governors, to all parents and friends who helped the School by gifts or personal service and to all the members of the teaching staff. To the latter he paid a special tribute for the free giving of their own time to help in all manner of activities such as coaching boys in sports, directing the debating and other societies, controlling the library,

supervising the production of the School magazine, the "Cygnet," all of which, he said, made up the full life of a school like ours.

In conclusion, the Headmaster expressed his thanks to all part-time teachers, members of the Boarding House staff, teaching and domestic, the office staff and to the Captain of the School, Michael Beech and his Prefects and House Prefects for their contribution to the smooth running of the School.

## *Captain of School's Report*

---

Mr. Premier, Mr. Chairman and Members of the Board of Governors, Headmaster, Members of the Teaching Staff, Ladies and Gentlemen, Boys,

Tonight, on behalf of the School, I have much pleasure in welcoming to our Annual Speech Night, the Premier, the Hon. Mr. A. R. G. Hawke, who has kindly consented to present our prizes. We do welcome you, Sir, on this your first visit to the School.

Hale School is nearing its centenary as a Public School of this State. This, its ninety-eighth year, may not have appeared any different from any of the other ninety-seven, but to the boys of the School it has been memorable.

In the five Interschool competitions, athletics, cricket, football, rowing and tennis, the boys showed their sporting ability by obtaining three first places. The team spirit in all sports was good and played a leading part in our victories. Although we could finish only third and fourth respectively in football and athletics, this spirit was still evident. It was teamwork that was responsible for our successes beginning in first term with the winning of the Darlot Cup by an extremely young First XI.

Again, it was teamwork that enabled the First VIII to retain the "Head of the River" for the sixth year in succession. Finally, in the third term, a very evenly balanced tennis side won all their matches decisively to win the unofficial tennis competition.

But it is not only in the sporting field that this co-operation has been evident. Debating is an example. This is an extra-curricular subject of great value to those who participate, both actively as speakers and passively as listeners. Thus it was pleas-

ing to note that, even from the beginning of the year, a great deal of enthusiasm was shown, as was reflected in the size of the audiences. The School team, after some really worthwhile debating reached the final of the Federation Debates for Schools. I feel even further improvement would be shown if boys were to start to debate when in Fourth and Fifth Forms.

The Army and Air Training Corps have been functioning within the School for many years now and it is usual for their good work to be commended in this yearly report. This year both the Corps must be congratulated on their high standard. With the introduction of Specialist Sections in the Army the boys now seem keener to learn.

The year's training culminated in a march-out parade, at which Brigadier Newbery, a prominent Old Boy and at present Commander of the 13th Brigade, took the salute. Amongst other successful Army activities the rifle team distinguished itself by being clear-cut winners of the B Division of the Commonwealth Cup.

In the Air Training Corps, there was a record enrolment. In this State there are 1,500 cadets in training. The Hale School Corps contributes 115 of these. Each year five Flying Scholarships are awarded for the State and of these the Corps obtained two, thus maintaining our imposing record in this sphere. A Point Cook Scholarship was also gained by the Corps.

The number of Prefects in the School has been fewer than usual. The six full School Prefects were supplemented by eight House Prefects appointed in first term. I heartily thank these boys, both individually and as a group, for so adequately carrying out their duties.

The School magazine, "The Cygnet," has recently been successfully published. Although the Committee has once again worked hard, the rest of the school still fail to give it their full support by contributing freely and frequently to the Original Column. It is now up to the boys returning to remedy this deficiency.

Past Prefects' dances always have been highly successful and preparation for this year's dance, for which we are once again indebted to Mrs. Murphy and the mothers of 6A boys, seems to promise an even more enjoyable evening. I offer, in advance, my sincere thanks to Mrs. Murphy and mothers.

During the third term the School was privileged to have as a visitor a man of outstanding personality in Group-Captain Douglas Bader. He was here for no more than half an hour, but he left an impression of courage and determination that I hope every boy will remember.

It should be evident from my report that in all School activities this year teamwork has been the essential element of success. If the boys have learnt this basic lesson, then they will have achieved an important part of their education, as distinct from mere schooling.

## School House

FIRST TERM, 1957

School commenced on February 12, and we welcome the following new boys to the house :

*Peter Burton, Peter Cadd, Brian Campbell, Terry Davenport, John Fricker, Rodger Hall, Frank House, Alec Leishman, Gordon Matthews, Chris Moffet, James Offer, Allan Ogden, Michael Pearse, Franklyn Randell, Thomas Reynolds, Donald Robinson, Rodney Scott, Allan Sewell, John Sewell, Pat Sewell, Frank Smith, Mark Snowball, Ross Sutherland, Talbot Temby, Barry Walker, Bill Warren, Murray Webb, Lindsay Webster, Ian Wills.*

We also welcome the following day boys to our midst :

*Ian Freedman, Bill Hassell, Anthony Hordern, Michael Patterson.*

Of those who left the House last year Malcolm Draper, Michael Brooker, Peter Pearson and Agris Petersons have become day boys.

We were sorry to learn that Mr. O'Sullivan had left us, but we welcome a new staff member, Mr. Haydock.

On returning to school we were pleased to see that most of the House had been painted. Particularly noticeable was the locker-room and shower-room. The shower-room now has grey walls with a white ceiling with black borders and door frames. The floor is also grey. Another improvement much appreciated was the covering of the stairs with a green rubber lino and aluminium strips. It may be of interest to past boarders who may have at some stage of their career failed to descend the stairs in the approved manner, to know that it is now impossible to come down them in any other way but the orthodox.

Officer, being the only prefect back from last year, was joined by Halley Cowan, Richard Cooke and Stuart Graham, all appointed during the first few days of the term. Congratulations to the three of them. Congratulations also go to Ted Officer, who was appointed Captain of the School.

Swimming was the first inter-House sport and the winner of the sports was Wilson House. We could manage only third place although a number of our boys swam very well. Representatives from the House who swam in the "Inters" were Terry Davenport, Colin Ryan, Robert Hopkins, who were all in the record-breaking under sixteen relay, Charlie Tully, Barry Burgess, Alec Leishman and Michael Taylor.

The rowing resulted in a win for Buntine. We were second and Wilson third.

Boarders who rowed in the "Head of the River" races were : 1st VIII, Richard Cooke and John Wood (Cox); 2nd VIII, Halley Cowan and Andy Guy; and 3rd IV, Hamish Cuming.

As usual there were a number of boarders in the 1st XI and this year Ted Officer (Capt.), Stuart Graham, David Thompson, Neville Eastman, Richard Pearce and Rodney Scott were our representatives in the team.

A number of boarders hold ranks in the Cadets and A.T.C. In the Cadets there are U/O. Officer, WO2 Burton, Sgt. Cowan, and Cpls. R. Thompson, Carruthers, Davenport, Pearce, Smith, D. Thompson; and in the A.T.C. there are C.P.O. Guy, Flt.-Sgt. Cooke, Sgt. Cuming and Cpl. Graham.

After the end of exams the librarians and others borrowed Mr. Drake's spray painting outfit and gave the library a badly needed "face lift." Its official colour scheme now is "north wall, Tangerine; south wall, Primrose; east wall, Jade; west wall, Frosty Blue." To complete the picture a new plasterboard ceiling was fitted.

On Friday, 3rd May, the cadets left for camp and on the following Thursday the rest left for home.

---

## SECOND TERM

---

Apart from a few stragglers, most of us had found our way back to school by 9.30 p.m. on Monday, 28th May.

We found on returning that Gerald Robinson, David Irvine and John Rosenthal had joined the day-school and that Roger and Peter Underwood had become boarders. One new boy, James Contos, joined the school this term.

Football, being the major sport of the term, started immediately and boarders in the 1st XVIII were : Stuart Graham, Ted

Officer, David Thompson, Robert Hopkins, Roger Underwood, Bill Urquhart, Ross Grant and Tom Hutchinson. Boarders were well represented in all other teams and many in the hockey teams.

The House football was played during the second week and once again we came second to Wilson House, with Buntine third. In the first match we were far too strong for Buntine, beating them 7 goals 10 points to 4 points. The whole team played very well but outstanding were Hutchinson, Hopkins, Tully and Officer. Wilson beat Buntine in the second match and so in the last match we played Wilson for the cup.

For the second year in succession they were too strong for us, beating us 4 goals 5 points to 3 goals 3 points. Again the whole team played well but could not match the strong Wilson side in the last quarter and we offer them our congratulations. The best players were Hopkins, Ryan, Graham, Collins and Sweeting.

The School Boxing Tournament was held during the term and as usual many boarders entered for the tournament and we congratulate the winners.

Hamish Cuming, Thomas Reynolds, Peter Underwood and Brem Mitchell had leading parts in the Senior School play produced at the end of the term. A few of our more "dainty" variety played the parts of pirates.

A series of under fifteen house football matches was played at the end of the term and School House won the competition. Well done!

The August holidays began on the 22nd, and all left for home.

---

The final term for 1957 commenced on the 10th of September.

Anthony Hordern and Ian Freedman have rejoined the day school and Ron Smith has left school. We welcome David Ewan and Hilland Venn to the house.

Athletics started early in the term and standard trials were soon in progress.

Early in the term the house was hit with a severe epidemic of influenza and with all the sick rooms full and overflowing into "E dorm," Sister had her hands full.

Owing to many boys laid low, or recovering from the 'flu, our total of standard points was far below the totals for other years and we could manage only third place in the Inter-House Athletics. Many of our boys ran well on Sports Day and winners were Bill Urquhart (under 16 champion), Robert Hopkins (shot put under 16), and Jock Irvine (high jump under 14).

Boarders who represented the school in the "Inters" were Hamish Cuming, Barry Burges, Graeme Johnson, Ross Thompson, John Trigwell and Charlie Tully.

We are well represented in the school tennis team, three of its members being Stuart Graham, Peter Morgan and Bill Urquhart. As yet the House Tennis has not been played but our hopes of victory are high. Stuart must be congratulated on being School Tennis Champion.

We were defeated in both House cricket matches. In the first match Wilson made 144 in reply to our 66. Jock Irvine batted well for 15 and David Thompson bowled accurately to get good wickets. The second match, against the strong Buntine House side, proved to be a thriller, Buntine winning by 1 run on the last ball of the day. We batted first and made 6 for 148, of which Ted Officer made 79. In their innings Buntine were 9 for 149 at stumps. Again David Thompson was our most successful bowler with 4 wickets.

## *Buntine-Faulkner House.*

---

*House Captain* : R. M. STONE.

*School Prefects* : R. M. STONE, B. C. WANSBROUGH.

*House Prefects* : B. H. DURSTON, T. M. J. EDMONDSON, K. M. VENN.

The House started well in the sporting activities, when our crew, B. C. Wansbrough, K. M. Venn, G. I. Friend, R. C. Readford and I. Ward won first place in the Regatta held in the first term of school.

The swimming followed soon and, although the House had many good swimmers, it lacked all-round strength. The swimming was won by Wilson, with Buntine coming second by the narrowest of margins, from School.

Football was the next competitive sport and although the House fielded a fairly weak team it was by no means disgraced. The results of our matches were as follows :

Buntine, 6 goals 2 behinds, lost to Wilson, 7 goals 7 behinds.

Buntine, 4 behinds, lost to School, 7 goals 10 behinds.

This year for the first time, inter-House Debating was conducted. The idea was very successful and the House won the competition. The team for the House was P. Drake, M. L. Treadgold, W. Loader, L. Oliver, I. Brumby and D. Hodby.

The Athletics was held recently and this proved rather disappointing from Buntine's point of view. The House team was quite strong but could manage only second place.

As was expected the House won the cricket for 1957. The team was very strong and in the first match against Wilson House Buntine had a very easy win, but this was not the case against School House. The latter batted first and hit up a very good score of 148. In reply the House was 148 with the last man in and the last ball to be bowled. We managed to score one run and so gained a very dramatic victory.

With tennis the only undecided event, the House has done very well this year and should fare quite well in the House tennis.

## *Wilson House*

---

*House Master* : T. D. HOAR.

*House Captain* : G. A. LEFROY.

*School Prefects* : M. D. BRANDRETH, G. A. LEFROY.

*House Prefects* : J. G. H. BLAKE, A. P. MacDERMOTT,  
R. H. MAZZUCCHELLI, G. A. ROE.

This year, on the whole, the House proved itself very balanced, and our strength came from the ability of the less brilliant boys to rise to the occasion when needed. At this stage it seems probable that we will win the Cock House Competition.

The first sporting event was the School Swimming, where we proved ourselves so strong in the Open Division that we ran out winners from Buntine, followed by School.

Among our best performers were A. MacDermott, M. MacDermott and R. Mazzucchelli.

Our two Open relay teams finished first and second, showing our strength in Open events.

Next came the rowing, in which our crew of G. Roe (Str.), W. Gibbs (3), R. Binks (2), P. Stewart (Bow), Hancock (Cox), was ingloriously defeated, Buntine being the winners.

Undeterred by the failure of our rowing crew, our football team felt fairly confident, since we had many strong 1st XVIII players and several good young players. In the first match School defeated Buntine. In the next match, however, things were going badly for us against Buntine, but some strong play by McBride, Roe and Draper helped us to win.

Wilson, 7.7, defeated Buntine, 6.2.

We played more like a team in the last match, however, when in shocking conditions we managed to have the better of the play. Our best were McBride, MacDermott and Gibbs.

Wilson, 4.5, defeated School, 3.3.

We thus won the Inter-House Football.

This year, sets of house matches in football and cricket were played between boys under 15. These did not count for points, but next year will be considered in determining positions in

these sports. Our Under 15 football team played poorly against Buntine, but improved a little against School, not enough, however, to beat them.

In Athletics, for the first time since the inclusion of Standard Points, School House failed to gain most points. This is the first time a day house has beaten them, but we hope Wilson continues to do so. On the day we had by far the better of the competition, and ran out easy winners from Buntine and School. Our best were MacDermott (Open Champion), Collins (Under 15 Champion) and Lilleyman (Under 14 Champion). As this is a sport which can be won only if everybody gives of his utmost, it is a proof of the all-round strength of our house that we won so comfortably.

Soon after the "Inters," the cricket was played. In the Open competition, we began poorly by allowing Buntine to score 101 runs. But for good bowling by McBride and Hepworth, they would have had more. Our batting fell down, Bennett being the only one to hold out, when he scored 22 of the whole team's 37 runs.

Our batting and fielding improved in the second match when we dismissed School cheaply for 66 runs, mainly due to good, if lucky, bowling by Hepworth. Nattrass turned on a great display of batting in scoring 78 of our team's 144 runs.

In the final match of the series, Buntine defeated School, thus winning the cricket.

Our Under 15 team played well to defeat comfortably Buntine in the first match. In the second Buntine defeated School. In the last match our team had easily the better of the play in scoring 50 for the loss of only 5 wickets against School's 27 runs. Our Under 15 team thus won the competition.

Tennis results have not come to hand as this magazine goes to print, but we have high hopes of coming second in this competition. Thus our sporting record has been excellent throughout the year, our only real failure being our third place in the rowing. We won comfortably the swimming, football and athletics, and thus must stand an excellent chance of being Cock House. As the sports we have won are those needing large numbers of good athletes, our all-round strength has been proved. Success in these is due to the House Prefects in no small part, and our thanks go to them. We hope that the house next year carries on our good work.

*"The way a player curls around a football"*

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL  
PLAYED AT GUILDFORD OVAL, WEDNESDAY, JUNE 26, 1957

The opening Alcock Cup football match was played at Guildford under adverse conditions. Hale won the toss and elected to kick into a fairly strong breeze. From the bounce Guildford attacked but, as was the case in the whole quarter, the Hale backs stood firm and at the conclusion of the quarter had held Guildford to only three points.

Scores : Guildford, 3 points; Hale, nil.

Hale had the use of the wind in the second quarter and went into attack. However, it was quite a while before Loader kicked our first goal. This was quickly followed by another from McBride and Hale were in front. The play then stayed between the two half-forward lines until Guildford broke through and scored a valuable goal.

Scores : Guildford, 1.3; Hale, 2.2.

Guildford opened the third term with two quick goals, and although conditions deteriorated, they played much better football. The backs repulsed many an attack but at the conclusion of the third term Guildford had added three more goals.

Scores : Guildford, 6.8; Hale, 2.2.

The last quarter was a repetition of the third and continual early attacks by Hale were repulsed. Guildford were handling the wet ball better, although their shooting for goal was inaccurate. At the end of the quarter Guildford had the game well under control.

Final Scores : Guildford, 8.16; Hale, 2.2.

*Goalscorers* : Loader 1, McBride 1.

*Best Players* : McBride, Hopkins, Loader, Edmondson.

## HALE SCHOOL v. CHRIST CHURCH

PLAYED AT CHRIST CHURCH OVAL, WEDNESDAY, JULY 3, 1957

The match was played in ideal conditions and Hale, winning the toss, kicked with a slight breeze. Hale were quickly into attack and soon Graham had kicked our first goal. Both sides were attacking but neither could score. Then Christ Church goaled and Graham replied with his and Hale's second.

Scores : Hale, 2.2; Christ Church, 1.1.

The second quarter was more open and Christ Church took advantage of this and kicked two quick goals. The play was very even but Hale's backmen were not close-checking enough and by the end of the quarter Christ Church led by three goals.

Scores : Christ Church, 5.4; Hale, 2.4.

In the third quarter started Hale's great inaccuracy which was to be the cause of the loss of the match. Urquhart goaled for Hale and the side was constantly in attack although they failed to capitalise on their opportunities. Christ Church scored again but at the end of the quarter there were only 9 points difference.

Scores : Christ Church, 6.5; Hale, 4.8.

From the outset of the last quarter Hale were constantly in attack but although they monopolised the play, could manage only six points from as many scoring shots. Christ Church took advantage of this great inaccuracy and clinched the game with two straight goals. Thus the only thing to be learned from this match was that players must take their time and concentrate when kicking for goal.

Final Scores : Christ Church, 8.5; Hale, 4.14.

*Goalscorers* : Graham 3, Urquhart 1.

*Best Players* : Graham, Stone, Stewart.

HALE SCHOOL v. WESLEY

PLAYED AT WESLEY OVAL, WEDNESDAY, JULY 17, 1957

Hale won the toss and elected to kick against the breeze. From the start Hale were into attack, but although they had all the play in the first ten minutes, could only manage points. The ruck was giving us most of our drive and when Wesley did get

the ball down to their forward line the backs held strong. The quarter closed with the score very even.

Scores : Hale, 3.5; Wesley, 4.3.

Having the advantage of the wind in the second quarter Hale once again had most of the play but they were not taking full advantage of this opportunity. Wesley took the ball from the bounce and goaled against the breeze. When the second term came to a close there still was not much difference in the scores.

Scores : Hale, 7.10; Wesley, 8.7.

The third quarter was to prove the downfall for the Hale side. The backs failed to keep up with their men and when they did get hold of the ball they neglected to kick it hard. Wesley were much quicker and their teamwork was good, and so by the end of the third quarter they had a handy lead.

Scores : Hale, 8.12; Wesley, 10.12.

The final quarter produced the best football of the match. Both Wesley and Hale were playing fast, intelligent football and before long it was obvious that a close match would result. Hale's ruckmen continued to win the knock and, with McBride at centre-half-forward playing well, Hale were rapidly closing the gap in the scores. However, in the last ten minutes the ball sea-sawed between the two half-forward lines and as the siren went Wesley kicked another point to give them a narrow seven-point victory.

Final Scores : Hale, 10.15; Wesley, 12.12.

*Goalscorers* : McBride 4, Rowe 3, Graham 2.

*Best Players* : Stewart, Clayden, McBride, Bennett, Edmondson, Thompson.

### HALE SCHOOL v. AQUINAS

PLAYED AT SUBIACO OVAL, WEDNESDAY, JULY 24, 1957

This match was the first on Subiaco Oval and the large ground was destined to have an effect on the game. For the first time Edmondson lost the toss and the School had to kick into a fresh breeze. Aquinas could not settle down and much credit must go to the Hale backs who would not let them. It was a very even first quarter, ending with Aquinas just in front.

Scores : Hale, 2.2; Aquinas, 3.5.

#### FOOTBALL, 1957

BACK ROW : T. R. Hutchinson, W. A. Davidson, R. N. Clayden, R. C. Hopkins, W. A. Urquhart, M. J. Draper.

MIDDLE ROW : R. C. Redford, R. M. Stone, T. J. Davenport, W. R. H. Loader, P. H. Stewart, W. M. Gibbs,  
R. J. Underwood, R. McK. Grant.

FRONT ROW : R. W. McBride, A. P. MacDermott, G. A. Lefroy (Vice-Capt.), Mr. C. P. Davey (Coach), S. J.  
Graham, E. A. Officer, B. H. Bennett.

SEATED IN FRONT : D. L. Rowe, D. K. Thompson.

INSET : T. M. J. Edmondson (Captain).

The second quarter was much better for Hale and Edmondson soon goaled. McBride was giving great drive from centre-half-forward and soon Edmondson had added his second goal for the quarter. Hale had most of the play, but when Aquinas had the ball in their forward line they usually goaled. At half-time the scores were still close.

Scores : Hale, 5.4; Aquinas, 7.8.

It was in this quarter that Aquinas really combined well and their fast moving football left Hale standing. Hale's ruck was winning many knocks, especially Stewart. It was only Aquinas' inaccuracy that prevented their going to a greater lead at the end of the quarter.

Scores : Hale, 5.7; Aquinas, 11.12.

The final term was the only time when Hale couldn't keep up with their men. The fitter Aquinas players were too fast and, although the School goaled twice, they couldn't hold their opponents. The term ended with Aquinas well in front, but the School was beaten, not by their own bad play, but by superior opponents.

Final Scores : Hale, 7.8; Aquinas, 18.15.

*Goalscorers* : McBride 3, Edmondson 2.

*Best Players* : McBride, Edmondson, Thompson, Stewart, Hopkins, Officer.

## HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SUBIACO OVAL WEDNESDAY, 31st JULY, 1957

Edmondson won the toss and decided to kick with the slight wind. The first quarter was very promising with vigorous football, clean kicking and marking by both teams. MacDermott was solid in defence, with Bennett supplying drive to the forwards. McBride and Stewart fought hard in attack and plenty of teamwork resulted. Hale was in the lead at quarter time and an exhibition of good football promised a dazzling final cup match.

The second quarter opened with Scotch continually in attack, but Hale fought back gamely at the beginning; but by the end of the quarter Scotch was excelling and ripped our defence to pieces, scoring five more goals.

The play in the third quarter was very even, with Hale lacking a spearhead to their attacks and hence many valuable oppor-

tunities were missed. There was no holding Scotch and they added another five goals. At this stage Hopkins was doing a fine job in defence for Hale.

Scotch continued to dominate in the final quarter. Hale fought hard to get breakaways but the Scotch defence was sound and only points were added to the half-time score. The match finished with Scotch defeating the very tired Hale team by 85 points.

## HOUSE FOOTBALL, 1957

The opening House match this season was between School House and Buntine House. Although Buntine House had some first XVIII players they were not nearly good enough to match the all-round strength of School House. School House finished 48 points in front.

School House, 7 goals 10 behinds defeated Buntine House, 4 behinds.

Goals—School House : Hutchinson 3, Davenport 3, Reynolds, 1.

*Best Players*—School House : Hutchinson, Hopkins, Tully, Officer, Reynolds. Buntine House : Redford, Underwood, Thomas, Rowe, Griffin.

Wilson House, the favourites, had a very tough struggle to beat Buntine House in the second match, but eventually came out the winners by 8 points. Buntine House combined well in the later stages of the game and it seemed as if victory was well within their grasp. However, Wilson finished on well, adding two goals in the last two minutes.

Wilson House, 7 goals 7 behinds, defeated Buntine House, 6 goals 2 behinds.

*Best Players*—Wilson House : McBride, Draper, MacDermott (ii), Roe. Buntine House : Underwood, Griffin, Stone, Redford.

In the deciding game of the House Football, Wilson House proved far too strong for School House. The match was played in very bad conditions and hence the scoring was very low. The scores were not a true indication of the play as the ball did not go over the half-forward line once in the last quarter for School House.

Wilson House, 4 goals 5 behinds, defeated School House, 3 goals 3 behinds.

*Best Players*—Wilson House : MacDermott (i) McBride, Clayden, Gibbs. School House : Hopkins, Ryan, Graham, Collins, Sweeting.

*"Gave them marching orders"*

### FIRST TERM

The Under-Officers and Senior N.C.O.s' training course was held at Swanbourne during the Christmas holidays and as a result the following promotions were made:—

*To U/Offrs. :*

Cpl. A. MacDermott, Cpl. G. Roe, L/Cpl. R. Binks.

*To W.O. II :*

Cdt. R. Burton.

*To Sgts. :*

Cdts. H. Cowan, B. Durston, R. Kelsall, W. Gibbs, P. Drake.

Cdt. G. Zeck was promoted to Cpl. Q.M.S.

Owing to cuts in R.A.A.F. expenditure the Air Training Corps did not take in any recruits and so the Cadet Corps is larger than it has been for some time, comprising some four platoons.

Specialist training on the Vickers M.M.G. and the three-inch Mortar has been continued and these specialists under Sgt. Drake (Mortar) and Sgt. Gibbs (M.M.G.) have attained a high standard of efficiency.

CAMP

---

This year the unit marched into camp on Friday, 3rd May. The camp again was held at the Northam Military Training Centre.

During the camp the 5th Cadet Brigade changed Commanding Officers. Major F. Scott retired from the army and he was succeeded as C.O. of 5 Cdt. Brigade by Major J. Angus. We welcome Major Angus to the Brigade and wish Major Scott a happy retirement.

Two Under Officers were members of the crew visiting the Eastern States and so the unit was short-handed.

During the camp the following Cadets were promoted to Cpls. : R. Underwood, P. Natrass, L. Oliver, R. Pearce, R. Smith, T. Davenport, R. Thompson, D. Thompson, R. Carruthers.

It was obvious after camp, by the way the cadets had smartened up in their drill and marching, that the remaining officers and N.C.O.s had done their jobs well.

Most of Friday was spent in settling in and training began on Saturday. Sunday, 5th May, was Empire Youth Sunday and a parade of all cadets in camp was held on the main parade ground. The Premier, Mr. Hawke, read the Queen's Message and took the salute.

On the following Wednesday all cadets attended a most interesting weapons demonstration on the bombing range, where various types of small arms, machine guns and mortars were demonstrated with live ammunition. This demonstration was most interesting and much appreciated.

The rest of the week was spent in the usual training and all cadets fired the "Bren" on the miniature range and the second year cadets fired on the open range with rifles.

The last day was spent in cleaning up and fighting a "mock battle." All cadets left for home on Friday the 10th, having spent an enjoyable week in camp.

---

SECOND TERM

This term, as a result of their weapon training in camp, the "Rookies" were able to have their first shoot on the open range at Swanbourne. Apart from the shoot at Swanbourne and the shooting on the miniature range by the older cadets, normal training was carried out.

#### CADET OFFICERS AND N.C.O.s, 1957

BACK ROW : Cpl. D. K. Thompson, Cpl. R. J. Underwood, Cpl. T. J. Davenport, Cpl. P. C. R. Nattrass, Cpl. L. D. Oliver, Cpl. R. R. Smith.

MIDDLE ROW : Cpl. R. F. Thompson, Cpl. R. F. Pearce, Sgt. W. M. Gibbs, Sgt. R. A. Kelsall, W.O.2 R. H. Burton, Sgt. B. H. Durston, Sgt. H. W. J. Cowan, Sgt. P. D. Drake, Cpl. G. Zeck, Cpl. R. J. D. Caruthers.

FRONT ROW : U/Off. R. Binks, U/Off. A. P. MacDermott, Capt. L. Drake, Lieut. G. I. Wall, U/Off. E. A. Officer, U/Off. G. A. Roe.

THIRD TERM

---

This year the 5th Brigade Challenge Cup was held on Saturday, 21st September, and as a result of our win in the "B" Division last year we were promoted to the "A" Division this year.

The unit was represented by U/O. Roe, U/O. Binks, Sgt. Gibbs, Cpl. Zeck, Cdt. Morgan, Cdt. Collins, Cdt. Yeo, Cdt. Wheatley with U/O. Officer as reserve.

Conditions were not favourable for good shooting and the team could only manage last place, the winners being Albany High School. The best individual shoot for Hale School was U/O. Roe with a 64.

This year the annual Bivouac and Marching-out Parade was held on the 5th and 6th of October.

The whole of Saturday was spent preparing for the Parade and Platoon Competition on the Sunday. Brigadier J. C. Newbery, an old boy, and Commander of the 13th Infantry Brigade, took the salute and judged the platoon competition. In his address he said that it was a pleasure to come to his old school and take the salute at the marching-out parade. The Platoon Cup was awarded to U/Officer Roe and Sgt. Durston of number 2 Platoon. We were honoured to have at the parade Brigadier J. E. Lloyd, the donor of the Tobruk Trophy, awarded annually to the most efficient cadet. It was won this year by W.O.2 R. H. Burton.

After the parade tea was served to parents and friends in the Tennis Club pavilion.

It was announced in assembly on the following Monday that Captain Drake had been awarded the Cadet Medal and Clasp for service with the Australian Cadet Corps. Captain Drake, who has been in charge of the School Cadet Unit for 25 years, is the first West Australian to have been awarded this medal and all past and present members of the Unit congratulate him on "a job well done."

Finally, we would like to thank Captain Brearly and his staff of the 30th Cadet Battalion for all their help during the past year.

*"More practical than Pegasus, the horse"*

#### FIRST TERM, 1957

Our activities this year were curtailed to a certain extent, as we were allowed no new recruits. Nevertheless, the flight had quite a successful year. The monotony of lectures was broken by showings of general interest films, made available by Headquarters and shown by Corporal Roberts. Also, the miniature rifle range was used frequently, the flight receiving its own rifles later in the year, and most boys had a chance to test their skill to some degree, in this field.

In last year's A.T.C. Athletic Sports, the results of which were not available for publication last year, Hale School was placed second to Wesley College after a very close competition. Also from last year is the news that two of our boys, C.P.O. G. A. Lefroy and C.P.O. A. A. Guv, were awarded A.T.C. Flying Scholarships. Both now have their Private Pilot's Licence and are doing continuation flying training.

As a result of the Promotional Courses held in January-February of this year, at which some of our boys did very well, the following promotions were made :

To Cpls. : Cadets B. H. Bennett, R. W. Devenish, M. J. Staines, M. L. Treadgold and L.A.C. R. C. Sweeting.

To Sgts. : L.A.C.s J. G. Blake and H. B. J. Cuming.

To Flt. Sgts. : L.A.C. R. M. Stone and Cpl. R. H. Cooke.

To C.W.O. : Sgt. M. D. Brandreth.

We wish to congratulate Flg. Off. Hoar on his promotion to the rank of Flight Lieutenant.

#### A.T.C. OFFICERS AND N.C.O.s, 1957

BACK ROW : Cpl. M. L. Treadgold, Cpl. W. F. Marsh, Cpl. R. C. Sweeting, Cpl. S. J. Graham.

MIDDLE ROW : Cpl. B. H. Bennett, Sgt. J. G. H. Blake, Flt. Sgt. R. H. Cooke, C.W.O. M. D. Brandreth,  
Flt. Sgt. R. M. Stone, Sgt. H. B. J. Cuming, Cpl. R. W. Devenish, Cpl. M. J. Staines.

FRONT ROW : C.P.O. A. A. Guy, P.O. T. D. Hoar, Flt. Lt. E. B. Adams, C.P.O. G. A. Lefroy, C.P.O. B.  
C. Wansbrough.

ABSENT : C.P.O. T. M. J. Edmondson.

The usual subjects were taught this term and, as in previous years, the C.P.O.s helped Flt. Lt. Adams and Flt. Lt. Hoar with the instruction. As stated before, film shows helped to relieve the monotony of lectures.

On the 24th April, a flight of our boys, commanded by Flt. Lt. Adams, attended a Commemoration Service in King's Park. Another smaller detachment from No. 10 Flight attended the Empire Youth Sunday parade on the Esplanade on Sunday, 5th May.

Some further promotions were made during this term and the next, these being :

To Cpls. : Cdt. S. J. Graham and L.A.C. W. F. Marsh.

To C.P.O.s : Cpl. A. A. Guy and Sgt. B. C. Wansbrough.

---

## SECOND TERM

---

This term was much the same as the first as far as the lectures were concerned. Towards the end of this term, however, Sgt. Woods, from Wright Street, gave the senior flight a very interesting series of lectures on Aero Engines. The senior flight was also given a smattering of rifle drill during this term. The miniature rifle range was again used.

On the second last parade for the term, and for the year, we had a film show, which consisted of some episodes from "War in the Air." The last parade was held on the 20th August.

During this term several officers in W.A. Squadron A.T.C. were awarded the Cadet Forces Medal, a medal awarded for long service in the Corps. Our flight commander, Flt. Lt. Adams, was one of those selected to be awarded this medal and we wish to congratulate him on obtaining this recognition of his long service in the A.T.C., both during the war and afterwards.

Our congratulations go also to L.A.C. K. F. Carter on being chosen as a member of the W.A. Squadron A.T.C. Rifle Shooting Team to go to Victoria in September.

---

## THE AUGUST CAMPS

---

The General Camp and the Promotional Courses were held together this year during August and the first few days of Sep-

tember. Some twenty boys attended the various camps, for which they left, accompanied by Flt. Lt. Adams, on the 21st August.

Owing to an outbreak of mild influenza some of our boys could not finish their courses. The results of the courses were :

C.P.O.s School : Cpls. B. H. Bennett and R. W. Devenish obtained Distinction Passes. Cpl. B. H. Bennett and L.A.C. G. L. Wansbrough obtained Credit Passes.

N.C.O.s School : L.A.C.s W. R. H. Loader and B. F. Ryan obtained Distinction Passes. L.A.C.s I. M. Brumby and E. Wheatley and Cdt. J. Bessell-Browne obtained Credit Passes.

---

### THIRD TERM

---

As in previous years no parades were held this term.

Quite a few members of the flight viewed, as "civilians," the Air Show held, at the end of Air Force Week, at Pearce R.A.A.F. Station, on Sunday, September 15.

On the afternoon of Tuesday, October 22, the following boys were give an Aptitude Test and preliminary interview at A.T.C. Headquarters (this being to aid the selection of boys to be awarded an A.T.C. Flying Scholarship) : W. F. Marsh, H. B. J. Cuming, R. C. Sweeting and G. L. Gillespie.

# Debating Society

*"All the fun's in how you say a thing"*

---

This year showed less activity in debating than did last. Several factors contributed: we had lost Mr. Smith, who had been the person to come forward with suggestions as to what should be done, when to do it and the correct way of doing it. His was the guiding hand behind the blind fury of Hale School eloquence. On top of this, it had been decided by the powers that be that there should be no Federation debating this year — a wise decision, as such debating took up too much time on the part of the senior boys involved.

Mr. Drake is now the master in charge of debating and under his supervision, good debates were held.

At a general meeting held early in the year, G. Lefroy, H. Cumming, P. Nattrass, M. Treadgold and T. Oates were elected as committee members to supplement those left at school from last year's committee, I. Brumby, P. Drake, R. Cooke, R. Mazzucchelli, E. Officer and B. Wansbrough.

M. Treadgold had the honour and misfortune to be elected secretary, and did a splendid job in performing that onerous duty throughout the year.

For the first time, an interhouse debating tournament was held. There were three debates held in the series on three different nights. Members of the teaching staff did service as adjudicators and each house had two debates. Buntine House came through winners, having won both of their debates.

Two interschool debates were held on the same night in second term: One was against Presbyterian Ladies' College and the other against Christian Brothers' College.

The School Hall was the scene for the Hale versus P.L.C. struggle for deceptive supremacy. B. Wansbrough (leader), B. Durston and H. Cowan lost by one point while debating the negative of "Great Britain is on the decline." The topic for the Sub-Leaving debate was "Men and women should have equal wages." Our team, I. Brumby (leader), M. Treadgold and B. Rae, drew with P.L.C.

At C.B.C. our senior team took the affirmative of "Trial by jury is the only method which ensures a just and equitable ver-

dict" and won by one point. The Sub-Leaving debate was on "The Government would be justified in illegalising strikes in order to enhance the economy of Australia," and the School's representatives, P. Nattrass (leader), D. Hodby and W. Loader, won by seven points.

The other interschool debate for the year was against St. Hilda's at St. Hilda's, an unusual feature being that the teams were from Sub-Leaving and Junior classes. The Junior team, R. Preston (leader), I. Ward and J. Stuart, affirmed that "Television is a menace" but weren't firm enough and lost by six points. Hale again took the affirmative in the Sub-Leaving debate and battled through "Socialism is a good thing" to emerge victorious by half a point.

Although debates throughout the year were few in number, their standard was reasonably high. While it is appreciated that debating is not an activity to offer attractions to everybody, it may be pointed out that public speaking will be an important part of many schoolboys' future careers and that a friendly social debate is a pleasant training ground to try out the art and to learn by mistakes made. Better use could be made by more boys of the opportunities provided than is the case now. This would also throw a lesser burden on to those few who are obliging enough to fill vacancies where team members cannot be found and would perhaps bring to light some new talent.

To those people who gave up their time to come and help us by adjudicating, by helping to arrange debates, by having us at their schools or by just coming and listening we extend our thanks; without such people debating could not exist.

*"Have her down"*

### HALE SCHOOL v. SCOTCH COLLEGE

---

PLAYED AT KING'S PARK ON 15th AND 16th MARCH, 1957

Officer won the toss and elected to bat on a firm wicket.

Bennett and Brumby, opening for the School, started slowly, the first hour resulting in only 17 runs. Edmondson joined Bennett and together they pushed the score along to 94 before being parted. Bennett batted very well to finish with 52. Of the other batsmen Clayden and Officer were the only ones to reach double figures, the school being dismissed for a total of 157.

Scotch began their first innings at twenty past five and at stumps had lost 2 wickets for 20, Davidson and Edmondson having taken the wickets.

On Saturday Hale started well with another two quick wickets, but then Millett, the Scotch captain, and Brayshaw became associated in a determined partnership that yielded 47 runs. Johnson bowled Millett and Scotch collapsed to the bowling of Davidson, Edmondson and Johnson, who finished with 5 for 22 off 13 overs. Scotch's final score being 111, the School were 46 runs ahead when they began their second innings. The openers began brightly, Brumby making a very fast 25. Edmondson again attacked the bowling and he was backed up by Rowe, who hit out with good strokes to be 31 not out when Hale declared at 6 for 149.

Scotch began cautiously and at tea had lost 3 wickets. After tea they were stabilised by Booth who was batting slowly but safely. Davidson, in an inspired spell, took four wickets, but time was against the School and at stumps Scotch had lost 7 for 91, thus averting an outright defeat.

The team fully deserved their good win because they were on top of Scotch all the time, with good batting in both innings,

coupled with accurate bowling backed up by sound, and on occasions, brilliant fielding.

## HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT WESLEY ON 22nd AND 23rd MARCH, 1957

Hale won the toss and batted on a firm wicket. Bennett was out on the fourth ball of the match. The Wesley opening bowlers were getting life out of the wicket and had the batsmen in trouble, mainly because they were playing back to the bowling.

Edmondson was playing the bowling carefully and well and he and Graham, until he was injured, looked like improving Hale's position. Hale's middle batsmen collapsed and five batsmen fell while Edmondson was at the wicket. He was finally out for a very valuable and well made 30. An eighth wicket partnership between Oliver and Loader yielded 26 runs, but when Oliver was bowled by Crewe for 21, Hale were in a bad position, being 9 for 77.

Davidson and Johnson attacked the bowling well and if our other batsmen had done the same Hale would have been in a better position.

Johnson was dismissed just before stumps for 28, the last wicket partnership having realised 56 to make Hale's total 133.

Wesley began slowly and Johnson soon captured a wicket. Hale's fielding, in contrast to the last match, was poor, and Wesley soon passed our total, mainly through the efforts of Calder and M. Hawkins.

At about 2.30 p.m. Wesley declared at 7 for 247. Of the Hale bowlers Edmondson battled hard and took 4 for 62.

Hale started their second innings carefully, the openers handling the fast attack with more confidence. However, they

broke through and wickets fell cheaply. Edmondson again played a determined knock to equal top score with Brumby on 13. Graham, although painfully injured, played a dour knock of 10 in 44 minutes which steadied Hale somewhat.

Wickets still fell cheaply and although Davidson, Johnson, and later Loader, played determined defensive innings they could not last long enough to avert the outright defeat, Hale being all out for 75.

Wesley were always on top of us because of our brittle batting and mediocre fielding, which at times was very bad. Edmondson must be congratulated on his fine batting and bowling performances in this match.

### HALE SCHOOL v. CHRIST CHURCH

PLAYED AT KING'S PARK ON 30th AND 31st MARCH, 1957

Christ Church won the toss and batted on a fairly good wicket.

Hale started well, having both openers out with the total only 17. However, the fielding was lax and the following batsmen carried the score along to 57 before Davidson obtained the second of his six wickets.

Bowers then came to the crease and hit up a forceful 55 before being caught and bowled by Edmondson.

The following batsmen were dismissed for only 42, but Christ Church still managed to total 197, giving Hale quite a large score to chase.

With only twenty-five minutes before stumps Hale began disastrously, losing both Brumby and Graham for only 5 runs. Bennett and Eastman then played out time.

The following morning was another bad time for Hale and under the accurate Christ Church attack the School collapsed, totalling only 57. Bennett 20 and Davidson 17 were the only batsmen to reach double figures.

The second innings started at 11.30 a.m. and was almost a replica of the first. Under the accurate, if not hostile, Christ Church attack the School was soon 6 for 20 and was faced with a hopeless task of avoiding an innings defeat.

The match stopped for lunch, Hale being 9 for 65. Johnson (14 n.o.) and Clayden (16) resumed and although they added 26 runs the innings closed at 91.

Apart from Johnson and Clayden the only batsmen to reach double figures were Officer (17) and Graham (21).

Thus Christ Church had an innings victory and the School had been shown the advantage of keen fielding.

## HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT KING'S PARK ON 5th AND 6th APRIL, 1957

Guildford won the toss and batted. Johnson bowled Meadows and soon had J. Greenham trapped l.b.w., but Guildford's middle batsmen got on top of the bowling and mainly through the efforts of K. Greenham and Wright they reached 203 before being dismissed.

Hale started badly and at stumps Graham and Bennett were out, the score being 2 for 8.

Soon after play began next day Eastman was dismissed without any addition to the overnight total. Edmondson then started systematically to cut the bowling to pieces and he, together with Rowe and Davidson, relieved the position. Edmondson was finally dismissed for 73 which really pulled Hale together.

Rowe made 47 and Davidson 24 before being dismissed. The final stages of the innings were ones of high tension until Johnson hit a four to take our total to 205, Oliver being dismissed a few balls later.

Guildford's second innings started brightly and they declared at 2 for 147, the innings lasting 80 minutes.

Hard hitting by K. Greenham and Money was responsible for this score but the Hale bowlers stuck to their task. Hale began its second innings after tea and batted quietly, being 2 for 42 at stumps.

This was our second win for the season and the match was highlighted by the excitement of a close finish and the good batting on both sides.

## HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT AQUINAS ON THE 12th AND 13th MARCH, 1957

Aquinas won the toss and the School was sent in to bat on a rain-affected pitch and under very adverse conditions.

The School started badly, losing both the openers, Brumby and Graham, for only 4 runs. Edmondson and Clayden did little to consolidate the position and the School was soon 4 for 18. However, Rowe (26) and Officer took the score along to 49 before the latter was dismissed.

Two more quick wickets fell and only a bright 23 from Davidson prevented the School from being dismissed very cheaply. Hale's innings closed shortly before afternoon tea for 87.

Aquinas then batted and it was soon apparent that the state of the wicket had both sides in trouble. Very accurate bowling by Johnson soon had Aquinas in trouble and only the upholding of an appeal against the light stopped the School getting really on top.

The following morning showed that conditions had not altered and good fielding, backed up by splendid bowling from Johnson, who finished with 6 for 25, dismissed Aquinas for 74.

It was now obvious that the game must finish in an outright decision as the time and conditions made any other decision impossible.

Batting for a second time the School collapsed and only Brumby (13) and Natrass (12) reached double figures. The innings lasted less than three hours and the School managed only 50 runs.

Aquinas, batting again, took their time and passed our total with six wickets in hand.

This match marked the end of a very enjoyable, if not successful, season.

## HOUSE CRICKET, 1957

In the first match, Buntine versus Wilson, Buntine had an easy win. Batting first, Buntine compiled a total of 101, mainly through the efforts of Johnson and Drake. McBride bowled well for Wilson to capture 6 wickets. On the second day Wilson collapsed under the bowling of Johnson and Davidson, Bennett being the only batsmen to show any resistance.

Buntine House, 101 (Johnson 35, Drake 12. Bowling: McBride, 6 for 38; Hepworth, 4 for 22) defeated Wilson House, 37 (Bennett 22 n.o. Bowling: Johnson, 5 for 13; Davidson, 3 for 18).

The second match, between Wilson and School, resulted in a win for Wilson. Batting first, the School batsmen, except for Irvine and Reynolds, were unable to handle the bowling of Hepworth and McBride and were all out for 66. Wilson in their innings made 144 of which Natrass contributed a very well made 78. School's most successful bowler was Thompson who took 5 wickets.

Wilson House, 144 (Natrass 78, Barker, K. 17, Bennett 11. Bowling: Thompson, 5 for 34; Irvine, 2 for 10; Graham, 2 for 47) defeated School House, 66 (Irvine 15, Reynolds 10. Bowling: Hepworth, 7 for 24; McBride, 3 for 25).

The final match, between School and Buntine, resulted in a very close and exciting finish, Buntine winning by 1 run. Batting first, School were 6 for 148 at stumps, Officer having batted well for 79 and Collins for 18. Johnson had bowled well for Buntine, taking 3 for 59.

Buntine in their innings started well, but soon wickets began to fall. Big hitting by Wood, Davidson and Edmondson pushed their score along and, the side needing one run to win on the last ball of the match, Oliver scored a single, and so Buntine won the House Cricket for 1957.

Buntine House, 9 for 149 (Wood 33, Brumby 28, Edmondson 25, Davidson 20, Rowe 19. Bowling: Thompson, 4 for 47; Reynolds, 4 for 65) defeated School House, 6 for 148 (Officer 79, Collins 18, Graham 14, Eastman 13. Bowling: Johnson, 3 for 59; Davidson, 1 for 24; Loader, 1 for 25).

### THIRD TERM, 1956

Preliminary training began for all rowers as soon as the Inter-school Athletic Sports were over. A committee of experienced rowers was once again appointed to assist in the training of new boys.

The highlight of third term rowing was a regatta held at Aquinas College on November 4. Two eights and a four were invited to compete against crews from Aquinas, Guildford and Wesley. In the three invitation races the two Hale eights came first, while the four came second by one foot! Our thanks go to Aquinas for providing a very enjoyable morning's rowing.

---

### FIRST TERM, 1957

The year started off well with rowing on the first afternoon of term. Upwards of sixty-five boys underwent training and all have benefited from a full season in the now fully equipped boat shed.

The only addition to our fleet was a tub pair, delivered soon after the term began.

We welcomed back Mr. Trouchet, who after a period of bad health returned to coach the second eight. Mr. Miller coached the four, while Mr. Murphy supervised the training of all junior rowers. Mr. Rosser was thus left to concentrate on the first eight, which for a time he took out in the pairs so that he could iron out small faults which had crept in.

Mr. Rosser's new speed boat "Mippy" was launched early in the season. We now stand no chance whatsoever of getting away from him!

It was decided this year to hold a Championship Pairs Competition, open to all senior rowers. It proved very successful and will now be a regular feature.

The School regatta was held on the morning of March 30 under ideal conditions. The full programme included two invitation races. The Championship Pairs Competition was won by Wansbrough, Cowan and Ward. The winning combination in the Composite Fours Competition was Thompson, Hodby, Jenour, Gillespie and Hancock. In the Invitation First Eights, in which all crews competed, Scotch finished three feet in front of Hale with Christ Church third. This was Christ Church's first inter-school row, and we welcome them into the competition. In the Invitation Fours race, Guildford rowed well to win from Aquinas with Hale third. In the inter-House competition, Buntine House won convincingly from School House with Wilson House third.

By this time all boys had settled down to hard training, and a keen competitive spirit developed for positions in crews. For racing experience, the first and second eights entered in the Maiden Eights competition at an inter-club meeting at the Sandringham course. The first eight came a close second to the Swan crew after a collision at the start. However, it was excellent experience and good times were recorded.

On April 17 we were invited to row in the invitation races at the Wesley Regatta. Although the second eight rowed well it was beaten soundly by Guildford, Scotch and Christ Church, whilst in the Invitation Fours race our two fours came second and third to the Guildford crew, the margin being two feet between the first and second place-getters. Our thanks go to Wesley, both for the rowing and the afternoon tea which was provided afterwards, at which the Hale oarsmen distinguished themselves by their eating capacity. Luckily, it was provided after the races!

The Easter break period was turned into valuable training time, especially over the course. As the times improved, so did our spirits concerning the forthcoming race.

On the eve of boat race day the traditional Rowers' Assembly was held. Mr. Prater, Mr. Rosser and Mr. Touchet attended, the former presenting the coxes with megaphones and wishing them good steering. Mr. Murphy thanked Mr. Rosser for his wonderful work, to which Mr. Rosser replied with yet another of his inspiring speeches.

The crews were:—

1st VIII : B. C. Wansbrough (Str.), K. M. Venn (7), R. C. Redford (6), G. A. Roe (5), R. H. Cooke (4), W. F. Marsh (3), R. Binks (2), G. T. Friend (Bow), J. H. Wood (Cox).

2nd VIII : A. B. Jeanes (Str.), H. W. J. Cowan (7), B. H. Durston (6), W. M. Gibbs (5), M. J. Staines (4), P. H. Stewart (3), G. A. Lefroy (2), A. A. Guy (Bow), I. W. Ward (Cox).

FOUR : R. H. Mazzucchelli (Str.), H. B. Cuming (3), R. A. Kelsall (2), G. G. Miller (Bow), M. Hancock.

Although all crews rowed very well on the day, only the four was successful in winning, which was very rewarding for Mr. Miller. In the Head of the River race we came second to a very fine crew in Scotch, while in the second eights we again came second to Scotch.

Nevertheless, in all it has been another very successful rowing season and with increasing interest being taken in rowing in the school, prospects for next year are very bright. We shall be back again!

On behalf of the crew-members, the Stroke sincerely thanks the coaches, Mr. Rosser, Mr. Trouchet and Mr. Miller, for their untiring efforts, as well as Mr. Murphy and Mr. Binks for their valuable help and sacrifice of time, and returning oarsmen all hope to see their faces back with them next season.

## THE HEAD OF THE RIVER

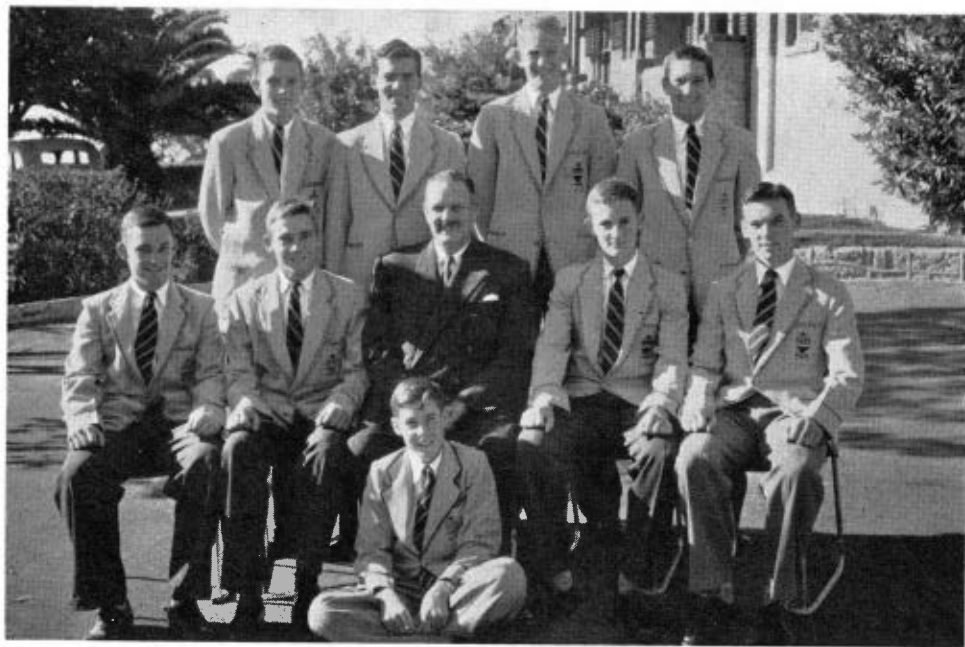

*By "Stroke"*

This year we had to lower our colours to Scotch College, who won in great style and though we were disappointed in not being able to establish the record of "times in succession" of wins for which we were trying, we realized that we could not have beaten such a crew on such a day.

We had been hoping, almost praying, for rough conditions, for we knew that we, with our particular style, could handle them better than could the heavier Scotch crew about whom we had been quite worried. An hour or two before the race we felt we had the weather in our favour, but by a quarter past eleven the water had become calm and frustratingly serene.

We had the inside lane and started badly, getting away from the line last of the bunch by a very small margin. Scotch, next to us, started well and stroked steadily away to exert their overall supremacy very early in the race. The rest of the crews stayed fairly close together

By the quarter-mile, Scotch were getting away from us with a steady powerful stroke. We tried raising and lowering out rat-

ing, but nothing we produced could match their relentless power. They were half a length ahead at the half-mile mark with Aquinas in third position, Christ Church fourth, Guildford fifth and Wesley right out of the picture, having had a mishap in the boat.

At the brewery, with four hundred yards to go, Scotch were a length and a half ahead of us with Christ Church, Aquinas, Guildford and Wesley following in that order.

Scotch finished strongly to win by two and a half lengths in the record time of 5 mins. 6½ secs. We and Christ Church also broke the previous course record, which was a very good showing on the part of Christ Church, who were racing for the first time after only one season of rowing. A very creditable performance.

We here congratulate Scotch once more on their win. To elaborate is unnecessary; let us just say that we respect them as perhaps the best schoolboy crew ever seen in this State.

The results for the other races were :

SECOND EIGHTS : Scotch College, 1; Hale School, 2; Guildford Grammar School, 3; Christ Church Grammar School, 4; Aquinas College, 5 Wesley College, 6.

THIRD FOURS : Hale School, 1; Guildford Grammar School, 2; Aquinas College, 3; Scotch College, 4; Wesley College, 5; Christ Church Grammar School, 6.

## THE ROWERS' DANCE

The season was rounded off by the traditional "Rowers' Dance," held, for the second time, in Cygnet Hall. The crews and the senior boys of the school attended and there were some notable ex-Haleian "gatecrashers," who found themselves made welcome.

The mothers of crew-members again provided the supper, which well and truly came up to the standard of previous Rowers' Dance suppers, which have become almost legendary in their excellence.

The first VIII presented M. Rosser with a crystal decanter, after which the second VIII came forward with a barometer for Mr. Trouchet and Mr. Miller received a silver tray from the four. All three coaches had a few words to say and Mr. Rosser announced that the first VIII would be going to Geelong.

We thank all those who helped with the dance and its preparations in any way at all for their assistance in ending the season on such an enjoyable note.

### TRIP TO GEELONG

On the Saturday night, one week after boat race day, twelve rowers met at the airport with all eyes turned eastwards. On the invitation of Geelong College, we were to spend the next week touring, rowing, and enjoying ourselves in Geelong.

We visited many of Geelong's industrial centres when not rowing, and in all had a wonderful holiday. We cannot thank too much the people who went out of their way as they did to make our trip the success it was.

On behalf of the crew, I would like to thank Geelong College very much for having us, and especially the Sisters who looked after us so well. We are grateful to Mr. Roydhouse and Mrs. Farrow for what they did, and to our hosts Mr. Hirst, Geelong Grammar School, the Geelong Harbour Trust and the Mayor of Geelong we offer our sincere thanks.

We really appreciated the hospitality, and hope that we can make as enjoyable the stay of the Geelong crew when they come West next year.

—Stroke.

*"Neither far out nor in deep"*

The School Sports were held in rather fresh conditions on Tuesday, 26th February. Despite the choppy water the performances all round were much better than usual. Outstanding were Davenport's record swim in the 100 metres under 16 freestyle, taking 5.8 seconds off the previous best time, and MacDermott's performance in the 50 metres open backstroke, where he equalled the standing record of 35.4 secs. The following were the champions for the various age groups :

- Open Champion—A. P. MacDermott.
- Under 16 Champion—A. D. Law.
- Under 15 Champion—C. B. Tully.
- Under 14 Champion—W. J. Garland.
- Under 13 Champion—A. L. Leishman.

The House Competition was won by the consistently strong Wilson House team, whose main strength came from the open division.

The final points were :

WILSON	109½
SCHOOL	97½
BUNTINE-FAULKNER	79

The meeting, as usual, was conducted very efficiently by Mr. Altorfer and Members of the Staff and those who endured the weather were well rewarded with the spectacle of a keenly contested meeting.

## INTERSCHOOL SWIMMING SPORTS

The 52nd Annual Swimming Contest was convincingly won by Scotch College in fine conditions on March 9. Our team, led by A. P. MacDermott, came second to Scotch who had a better overall strength. Congratulations to MacDermott on his record in the 50 metres open backstroke and to Davenport on his swims in the under 16 100 metres freestyle and the open 200 metres freestyle. Good performances were also put up by Hopkins. Anticich and Leishman. The team expresses its appreciation to Mr. Altorfer and Mr. A. M. Dickson for their great assistance throughout the season.

The final points for the schools were :

SCOTCH	...	...	...	...	...	263
HALE	..	...	...	...	...	198
AQUINAS	....	....	....	....	...	190

*Life-Saving*

---

The Law Shield for Life Saving was won by the Hale School team on the 30th March, 1957, this being the twelfth time that our name appears on the present shield. An outstanding performance was given by both "A" and "B" teams, the "B" team coming third to Wesley College.

The teams were as follows :

"A" TEAM

R. M. Stone (Captain), A. P. MacDermott, J. B. C. Macaulay,  
T. J. Davenport.

"B" TEAM

A. D. Law (Captain), A. J. Forsyth, C. B. Tully, G. Zeck.

Conditions at Crawley Baths were ideal for the competition, and good times were recorded by members of both teams. R. M. Stone distinguished himself by swimming the fastest time.

The final times were not published as there was a slight discrepancy over the distance of the course. However, whether the margin of the win be great or small, the credit must go to Mr. G. N. Altorfer for his efficient and unaided training of the Life Saving teams.

## *Hockey*

*"I could be worse employed"*

---

The hockey season for 1957 proved most successful, even though this success was not shown in scores.

At the beginning of the season there were sixty boys who proposed to play hockey. This number dwindled to forty-eight regular players. Three teams were again nominated for the competition, in which all the schools in the Public Schools Association were represented.

M. D. Brandreth was elected captain, and W. F. Marsh vice-captain, for 1957. Training began three weeks before the end of first term and continued throughout the holidays.

The hockey boys were very fortunate this year in having a temporary member of the staff, Mr. R. W. Lugg, as hockey coach. Mr. Lugg spent many hours coaching the boys and before long there was boundless improvement in their play. We are also grateful to another member of the staff, Mr. R. Williams, for lending a hand in training.

Half way through the season Mr. Lugg obtained permission for the boys to play hockey on the playing area adjacent to Parliament House. This was a great help as one team had to use the front lawn of the school as their practice area, and the lawn was getting worn.

The results of the matches were not at all indicative of the progress made in the season. Amongst the three teams that competed only one match was won.

These are the results :

### FIRST XI

Guildford defeated Hale, 4 goals to nil.

*Best Players* : Marsh, Brandreth, Townsend.

Modern School defeated Hale, 3 goals to nil.

*Best Players* : Forsyth, Davies, Marsh.

Christ Church defeated Hale, 3 goals to 2 goals.

*Best Players* : Joel, Brandreth, Davies.

Christian Brothers College defeated Hale, 3 goals to nil.

*Best Players* : Forsyth, Brandreth, Fabricius.

Wesley defeated Hale, 11 goals to 1 goal.

*Best Players* : Brandreth, Joel, Forsyth.

Aquinas defeated Hale, 6 goals to 1 goal.

*Best Players* : Marsh, Staines, Davies.

#### HOCKEY, 1957

Aquinas defeated Hale, 2 goals to nil.

*Best Players* : Staines, Ward, Bradsell.

Scotch defeated Hale, 4 goals to nil.

*Best Players* : Staines, Ward, Bradsell.

#### THIRD XI

Aquinas defeated Hale, 4 goals to nil.

Christ Church defeated Hale, 2 goals to nil.

Wesley defeated Hale, 6 goals to nil.

Christian Brothers College defeated Hale, 3 goals to nil.

Guildford defeated Hale, 7 goals to 1 goal.

Wesley defeated Hale, 2 goals to nil.

Scotch defeated Hale, 4 goals to 2 goals.

Aquinas defeated Hale, 4 goals to nil.

Christ Church defeated Hale, 2 goals to 1 goal.

As well as the competition matches numerous social matches were played by all teams without one defeat. These matches were played against the Girls' Colleges and John Curtin High School.

During the season the Hockey Association invited applicants for trials for the State team. There were no fewer than six applications from Hale School. A. Forsyth was the only boy out of the six that made the team and he went right through the trials with complete confidence and finally he was made State goal-keeper. This is the first State player Hale School has ever had.

With this success the season for 1957 was closed, Aquinas being the outright winner of the competition. Congratulations, Aquinas.

## *Dramatic Society*

*"... to worry the Producer."*

---

A very successful play was put on by the Dramatic Society. It was the comedy "Ambrose Applejohn's Adventure," which ran for over a year in London in the nineteen twenties. Since then it has been played by amateur groups all over the world and has been performed as a radio play.

The scene of the play is laid in the library of Ambrose Applejohn's house in Cornwall, one winter's night.

It is the story of the middle-aged Ambrose, who becomes bored with his comfortable and uneventful life with his elderly aunt, Mrs. Whatcombe, and his cousin, Poppy Faire. He believes he wants adventure — "the lure of the open road, the gipsy quarter of Seville, a moonlight night in Tangier, the mysterious East — Adventure — Romance!" And adventure comes to him, in his own house, in the form of Russian spies, determined burglars and a curvaceous blonde.

He falls asleep and dreams that he is the greatest cut-throat pirate that ever lived. He awakes and re-lives the pirate scene in real life, finally outwitting the villains who have come to rob him of his ancestral fortune. He falls in love with Poppy and, we hope, lives happily ever after.

Hamish Cuming played the part of the respectable Ambrose Applejohn; Poppy Faire was played charmingly by Peter Underwood, and Mrs. Whatcombe, a handsome, grey-haired old lady, by Tony Oates. Brem Mitchell was Anna Valeska, the curvaceous blonde, and John Sellenger the suave Russian, Ivan Borolsky. Mr. and Mrs. Pengard, "a very curious couple," were Tom Reynolds and Graeme Miller, respectively; Lush, the slow, deliberate butler, was played by Ian Brumby; Dennet, the crooked policeman, by Barry Rae. Malcolm Treadgold played the happy-go-lucky Johnny Jason. Marie, the maid, was realistically acted by David Addenbrooke.

Andrew Guy was the prompter. Backstage organisation was in the hands of Angus Davidson, Robert Everett, Bill Gibbs, Richard Kelsall, Peter Natrass, Ross Thompson, Geoffrey Wallace and Gregory Wansbrough. Richard Cooke was business manager, and Halley Cowan box office manager.

Mr. Drake supervised the erection of stage and proscenium, and Mr. Juniper and his leading artists were responsible for the scenery. The play was produced by Mr. Altorfer.

### REFLECTIONS BY THE PRODUCER

If the sole aim of a school dramatic society is to stage a play, then the 1957 cast and committee can be said to have succeeded, for certainly on the nights of August 19 and 20 Walter Hackett's "Ambrose Applejohn's Adventure" was presented in the School Hall; but if the society makes any claim to a place in the whole scheme of the School's education programme, then surely it has failed in its object as it has failed for years.

Let me take you behind the scenes and give you some idea of what took place in the fifteen weeks before the opening night.

When parts were allotted before the May holidays, it was expected that by the beginning of term Act I would be ready for rehearsal, and the second and third acts reasonably well known.

At the first rehearsal the cast were warned that, as beginners, they had a great deal of work ahead of them. Knowing line was only the first step. Cues, stage movements and business with properties would need study and practice before the interesting stage of the production could begin. It was then the discovery was made that some were barely familiar with the first act and had not glanced at the rest. And so line rehearsals were begun, and they were still being held almost to the end.

About eleven weeks went by, and then the awful proximity of August 19 gave the cast the urge that nothing had managed to produce earlier. Rehearsal times were doubled. The cast were even prepared to give up Prep. time; but this sacrifice was avoided by holding rehearsals after school, in the lunch hour, and at other free moments of the day. For me all pleasure was gone; it was now hard and very tiring work. On the week-end before the play I was on the stage for fourteen hours.

And then, behind the scenes in a more literal sense, there is the story of repairing and painting flats, the erection of stage and proscenium; the buying, making, hiring and borrowing of clothing; work with sound effects, lighting, properties and hosts of other things. In all these departments, and in the box office and on the business side, there was much good work done; but the criticism must be offered that too often it was done without any knowledge of the play and its needs, and done too late. It

was frustrating to have the attractive sets exposed to view day after day to every passer-by, to have a dress rehearsal with inexperienced actors on an incomplete stage, to have the last workmen depart only four hours before the curtain was to go up, leaving behind them timber, tools, paint and rubbish littering the stage and the front of the hall.

I cannot think that the society should adopt as its slogan the comfortable words I heard so often — "It will be all right on the night." The price of frayed tempers, hurt feelings, considerable time lost from classes, and all the weariness, anxiety and confusion is surely too costly for two nights' entertainment.

We must learn from our mistakes. If the society is to continue, let us all start early and work as a team, actors and backstage people alike, so that it may, with truth and pride, be said that "Hale School Dramatic Society presents . . . ."

### MUSIC NOTES

*"The aim was song"*

---

Once again music pupils under the direction of Mrs. Nottage have maintained a very high standard in their exam results.

During the year Terence Polette received honours (eighty-five per cent.) in his preliminary. Another boy who received high marks was Michal Brown, who also obtained honours in both his first grade examination (eighty-eight per cent.) and in his second grade (eighty-five per cent.). These boys and other pupils are continuing to make creditable progress.

A number of boys provided music for the Junior School plays during third term. Among them was Theo Fawcett who played incidental music for the gymnastics display.

During the year a large group of boys from nearly all forms attended two schools' concerts at the Capitol Theatre arranged by the Australian Broadcasting Commission in conjunction with the Education Department. These concerts were most enjoyable and instructive, and all who attended are very grateful for the kind invitation of the A.B.C.

**ART OF SPEECH NOTES**

This year there has been a considerable number of boys taking Art of Speech. Some of them have sat for examinations at the University. Among them are Terence Polette who gained a credit (eighty-four per cent.) in his first grade examination, and who incidentally gave two recitations at the Junior School plays; also Michael Brown who gained honours (ninety-one per cent.) in his preliminary; Graeme Miller gained credit passes in both his practical and theory fourth grade examinations as a Junior Certificate subject.

---

**THE HAVELOCK JAZZ GROUP**

There was a musical innovation at Hale this year. A few boys seized the initiative quite early in the year and formed themselves into a band. They practised for a time, about two months, and developed such a state of proficiency that they were invited to play at several functions.

They are a six-piece group: Richard Bird is leader and plays the clarinet, Barry Levinson plays piano, Tony Rees guitar and Richard Kelsall the double bass; two boys from outside the school play trumpet and drums. They played at a dance at the Y.W.C.A., at Tuart Hill a couple of times, and at the Christ Church dancing classes break-up party. By all reports they were quite good and pleased everybody with their music.

Among their repertoire they number "Sweet Georgia Brown," "Golden Wedding," "Basin Street Blues," "The Lady is a Tramp" and "Caravan," so they should be able to provide entertainment at any gathering of young people.

Although this is perhaps not a "school activity" it is a welcome adjunct to the life of the school in that it is breaking fresh ground in another field of activity in which other boys can, if they want to, try themselves out. If the idea takes on, then perhaps the Jazz Group will become a regular feature of the school. It is pleasant to think that it will do.

**INTERSCHOOL CHRISTIAN FELLOWSHIP**

*"... love of friends, of men, of God."*

---

During the summer holidays the Society's name was changed from the "Crusader Union" to the "Inter School Christian Fellowship," the governing body in Western Australia feeling that this is a more apt name for the Society.

Although this year has not been as successful as last year, as regards attendance, it has not been without its measure of success. The meetings were regularly attended, and the falling off in attendance was due mainly, unfortunately, to a lack of advertisement and not to a lack of interest.

An old boy of the school, Mr. David Williams, led the first few meetings of the year until he returned to Ridley Theological College in Victoria. For the rest of the year the meetings were led by Mr. Lindsay Matthews.

The speakers were as varied as in previous years, some of them being : Dr. A. Wilson and Mr. M. Lindsay from the Geology Department of the W.A. University, Rev. W. Spencer of the C.M.S. and Mr. G. Francis, a missionary from overseas. The main topics this year were the reality, importance and teaching of the Bible. The last two talks for the year were given by Dr. E. G. Gibson, the Principal of the Perth Bible Institute, who discussed the subject of "Salvation." The last meeting for the year was on the 22nd November.

Unfortunately only one film could be shown this year, it being "The Voice of the Deep." We are grateful for the loan of the Lecture Theatre on this occasion.

A large number of Hale boys attended the camp held during the second term holidays at Palm Beach. Once again they had a very enjoyable week's camp.

In the latter half of third term a few boarders attended the fortnightly Saturday night drawing-room meetings, held at the Floreat Park home of Trevor Parry. Unluckily for them, they were committed to be back at the house by 9.30 p.m., which meant that they invariably missed the always copious amounts of food. However, they still enjoyed the evenings.

Over the period of the past ten years or so the Inter School Christian Fellowship has played an ever-increasing part in Hale School activities as a Christian Society, and it is to be hoped that it may, in this status, prove its importance even more so as such in the coming year.

*"A record stride"*

## *School Sports*

---

The School Sports were held at the W.A.C.A. Ground on Thursday, 3rd October. The early morning weather was characterised by squalls, but things did calm a little later, although it was still overcast, with a westerly wind. This did not help athletes to record fast times in flat events. John Collins again provided the only records, when, with a leap of 5ft. 6ins., he bettered both the Under 15 and the Under 16 high jump records.

The champion athletes in each age group were :

Open, A. MacDermott; Under 16, W. Urquhart; Under 15, J. Collins; Under 14, W. Lilleyman; Under 13, C. Hobbs.

The standard points, being proportionately reduced according to the number of boys in each house, were also added to the houses' totals. Final results were :

		Sports	Standards	Total
1st : Wilson	.. ..	235	111	346
2nd : Buntine	.. ..	149	107	256
3rd : School	.. ..	99	104	203

## *Interschool Sports.*

---

The "Inters," held this year on Saturday, October 26, were the 53rd annual meeting between the Public Schools of W.A. It was the first time Christ Church Grammar School had competed in an "Inters" and everyone wished them well in this, their début.

Owing to a thunderstorm on the previous night, the track was soft and the day began in sultry, oppressive conditions. Not to be deterred, however, 12,000 people gathered to witness what was sure to be an exciting competition.

The Hale team had trained keenly throughout the season and was strongly fancied in some circles for an "Inters" success. Our coach, Mr. Frank Bird, had said that the team was well balanced and extremely fit and strong. Confidence had been boosted during training by the visit of an Old Boy, Mr. Ted Hantke, who once held 8 interschool records and was champion athlete in 1922-23-24. M. Brandreth, who had been appointed Captain of Athletics, had carried out his task enthusiastically and well.

At the luncheon interval on the Big Day, Hale was equal first with Aquinas, 5 points ahead of Scotch. However, Aquinas held the lead for the remainder of the day. At about 4.30 in the afternoon, Scotch loomed up as a threat to the leaders, but Aquinas, with their strong relay and distance runners, drew clear to defeat Scotch by 50 points. Wesley, who had passed Hale just after afternoon tea, were third, 20 points ahead of us, with Christ Church and Guildford following.

It was a creditable performance on the part of Christ Church, as their open champion, Richard Bowers, was injured.

Among those who did particularly well for the School were, in the Open Division, Staines (high jump), Stone (sprints), Roe (shot put), Cuming (mile), and Stewart (half-mile). Stewart deserves special mention for his courageous second in the second division of the Open 880 yards. Under 16 athletes did not shine, but all-rounder Treadgold ran strongly. Our strongest division was perhaps the Under 15, in which Collins obtained two firsts and a second, while Hepworth came second in the second division of the 100 and 200 yards events. Under 14 runners, Stawell and Garland, ran brilliantly and Hobbs sprinted well to win the Under 13 100 yards. The relays were again our downfall.

For the other schools, J. Wieland of Wesley must be congratulated on his sprint successes, and L. Elliott of Aquinas on his wins in the mile and half-mile. Undoubtedly the most amazing race of the day was the Under 16 880 yards in which F. Gobbart of Aquinas raced home an easy winner, to better the record by 3.6 seconds.

Although we didn't do as well as some people expected, we had our fair measure of success and our onlookers went home satisfied with a day of first-class athletics.

The team would like to convey its sincere thanks to the coach, Mr. Frank Bird, and his three assistants, Mr. Geoff Christian, Mr. Mark Haydock and Mr. Colin Davey, for the way in which they brought the boys into such a fit condition, both physically and mentally, for the "Inters." Mr. Corr is also thanked for his astute management of the team. The facilities for training at Rosalie Park were very much appreciated by all concerned.

## *Original Column*

### THE WINDMILL

The windmill, a spider-like, gleaming oil-splashed tower,  
Clanking and clanging in the hot North-Western breeze,  
Talking to itself with never ending grinds and clanks,  
And answered sometimes by the gurgled splash of falling water.

The windmill, tall, aloof, that towers high  
Above the dreaming dusty mulgas  
And shimmers in the searing glare of the blazing tropic sun,  
With its single vein, a hollow rusty pipe,  
It draws from earth the hidden soil-bound water,  
With blades that circle silver in the breeze—  
The windmill robs the dying, drought-dried trees.

—Selly, 6B.

## THE CYGNET

## "HE TRIED"

I suppose,  
 That if I tried to write some prose,  
     A paragraph I could compose  
         Or more  
 That would favourably compare,  
     So outstanding is my flair,  
     With Bernard Shaw.

But when it comes to verse,  
 Whether blank or merely terse,  
     I must confess  
         I'm lost;  
 I'm even more obscure than  
     Frost.  
 But I have tried.

My first attempt, a masterly creation  
 Entailed great work and devastation  
 Of finger nails and reams of wasted paper,  
 But by

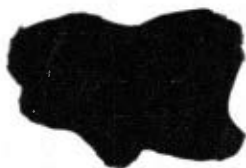

digging

to

the

depths

Of my extensive store of vivid words  
 I discovered I'd produced poetic surds.  
 At last, woven together with pen and ink  
 They were ready to be given to the nation  
 But alas — the Quink — unbalanced.

—Obliteration!! E.A.O., VIA.

## THE "SINGLE STROKE" REAPER

*(With apologies to Wordsworth).*

Beheld him, single in the field,  
 Alone he cuts the Guildford grass.  
 Smoking and talking to himself;  
 Stop here, or chugging pass!  
 Weeds, flowers are cut from every grain,  
 The motor mower is under strain;  
 Oh, listen! for the school propound  
 Is overflowing with the sound.

No old V-8 did ever chaunt  
 More whining notes to weary bands  
 Of boys asleep in shady haunt  
 Amongst the yellow school-bank sands;  
 I listen, motionless and still,  
 The motor mower's whine grows shrill,  
 It breaks the silence of the class,  
 That's Matty's mower cutting grass.

—Selly, VIB.

## A MESSAGE FROM SPUTNIK II

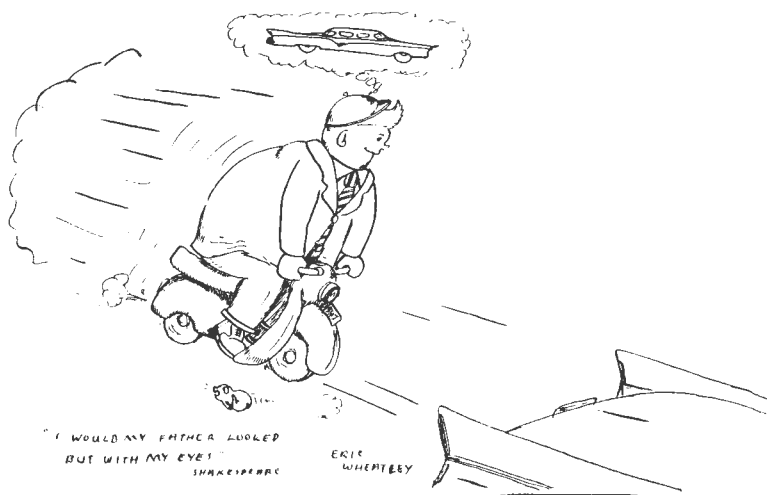

I have always looked up to the humans;  
 Now the humans all look up to me.  
 Although I'm only a hound,  
 I'm the first one to sound  
 Out the secrets of space and to see  
 All the wonders of star-studded heavens,  
 Undistorted by earth's mists and fogs  
 And I feel that though life is for humans  
 Immortality's surely a dog's.

—R.N.L., 5A.

## LATIN ON THE LAWN

The morning sun, the bright clear day,  
 We stretch and doze the time away,  
 Then comes a furious snorting bay,  
 "Boy, are you deaf?  
 Decline 'Me'!"

—P.J.U., 4A.

### A STATION IN THE NORTH

"The weather's hot, by jove," he said,  
And scratched his bald and shiny head,  
"The soil's so red and there's no grass,  
Yet I suppose this drought will pass."

A gentleman of city fame  
Had cast aside his city name,  
H'd left the town and sallied forth  
And bought a station in the North.

The summer came, the sun blazed down  
Upon his bald and blistered crown,  
The windmills stopped, the tanks soon dried,  
The horses, sheep and cattle died.

The gates collapsed, the fences fell,  
An emu drowned in the drinking well,  
The cook got drunk on kerosene,  
There was no sign of the shearing team.

The winter followed with the rains,  
And the grass grew green on the saltbush plains,  
But lo, before he'd grazed his stock,  
The kangaroos had 'et the lot.

So the gentleman of city fame  
Confessed he'd *had* the station game,  
He sold his place for half its worth  
And came again to live in Perth.

## NEWSPAPER BOOK REVIEW OF "CYGNET"

Please do not be put off by the name of this book. It is not a swan-song nor is its goose yet cooked.

Inside its covers are the works of the world's most (un)distinguished authors — those men whose fantastic talents have not yet been recognised by a literally literary-unconscious world and who prefer to remain anonymous in this collection.

The "Cygnet" in its various parts is the story of one year in the life of a great, old Public School. The heroes, as far as can be gathered, are the boys (now you know those before-mentioned anonymous gentlemen) and the villains, the masters. Through its pages you will find touches of sadness (as when Valeté is read), nostalgia (Captain of School's report), and surprise (as when the school wins a football or hockey match). Perhaps the most thought-provoking chapter is the inaptly-named Original Column which, with its conservative subtlety of humour and deep seriousness of thought, becomes almost too profound.

Undoubtedly, however, this is a book which will immediately excite, enchant and mystify you.

*Excitement* is ever-present — the Headmaster's Report, Science Notes, Examination Results are thrilling sections which will quicken your pulse.

The book will *enchant* you as the beautiful prose of its anonymous authors presents you with a vivid, unbiased picture of a gory boxing match or of a boarder's living conditions.

It is in the best *mystery* story tradition for, when you have read the last page you will still be wondering what it was all about. But if you have a powerful imagination and you have any idea of Public School life, your guess will be better than most.

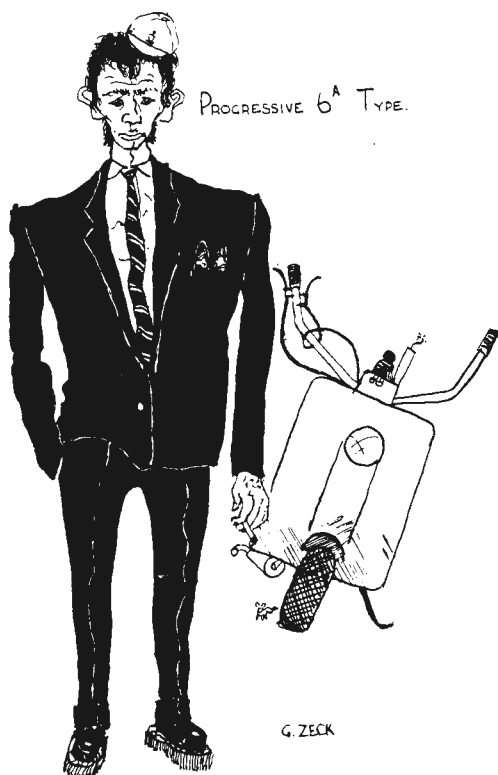

I feel sure that, having read this review, you will be as convinced as I am that the "Cygnet" is a most entertaining and informative publication and well worth purchasing.

### “TWAS TEN MILES OUTSIDE MULLEWA”

'Twas ten miles outside Mullewa,  
 We'd trekked a thousand mile,  
 When the ewes and lambs at last knocked up,  
 They'd have to rest awhile.  
 So we left 'em at a waterhole,  
 For we had to beat the rains,  
 To guard 'em I left me dorg and pups,  
 The best team on the plains.

Well, we got the mob to Mullewa  
 But we had no time to booze,  
 For me an' the boys were fair worried sick  
 By the thought of them lambs and ewes.  
 But before we could start, the rains, they came,  
 And we had to wait and pray,  
 An' leave for the "ten mile" waterhole  
 At the sign of the first fine day.

'Twas over a week I tell yer, mate,  
'Fore the sun began to shine.  
And great were the fears of me drover boys  
That we'd lost them ewes of mine.  
Well, we started off, the day was hot,  
The road now almost dry,  
When peerin' ahead we sees some dust  
Stainin' the fresh-washed sky.

We rode in silence, puzzled sore,  
Our hopes we tried to keep  
When round the bend we come upon  
A mob of movin' sheep.  
Well, I stopped me 'orse and checked the brand  
And they were mine all right,  
But somethin' strange was goin' on, 'cause  
There weren't a man in sight.

Then I heard a yelp an' I looked around  
And there's me little dorg,  
All on her own from the waterhole  
She'd brought the flamin' mob.  
An' something else was mighty strange —  
'Twas discovered first by Sam —  
No matter how 'ard we searched the mob  
We couldn't see a lamb.

Now the dorgs out here are clever  
There ain't no doubting that,  
They can head a mob of bullocks  
Or hunt a thievin' rat,  
But when I seen them puppy dorgs  
Bring up that mob of lambs,  
Well, I sacked the other stockmen,  
Made them dorgs me drovin' hands.

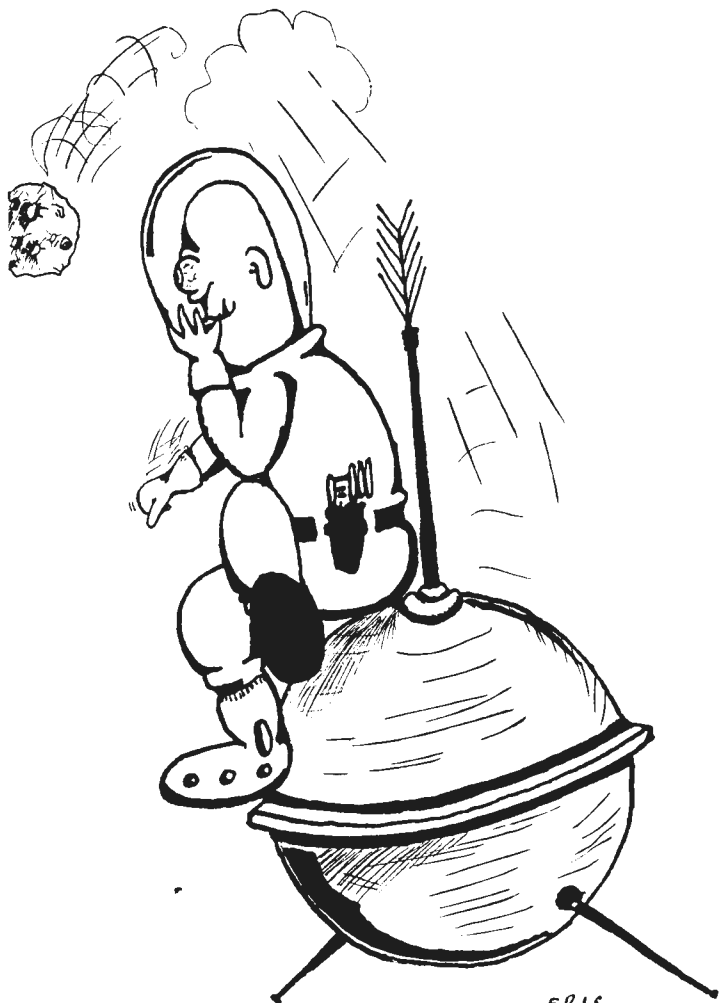

—Selly, 6B.

### “WELCOME” ON THE MAT

“Come in! Come in!” the master roared.  
The small boy came in — and was floored.  
The master fetched a little broom,  
And swept him from the common room.

These spring rains which come  
 To talk in whispers with the shrub  
 Outside my room, and drum  
 On glass of window, lifted  
 On by bursts of friv'lous wind  
 Which whirrs and rattles in my blind.

Seem out of keeping with the glow of  
 Warm and sunny days. The papers  
 Which gladly on my desk do flutter  
 While the polished brown of my  
 Window-sill is spotted by  
 The raindrop-spray, my thoughts utter :  
 Too much regularity is wrong,  
 It's change in life that keeps it not too long.

### "HI-YA-WATHA'S WAILING"

*(With apologies to H. W. Longfellow)*

"Come with me into my study,  
 I shall lead and thou wilt follow,  
 There my cane is in my locker,  
 Long and dreadful in my locker,  
 I will cane thee in my study,  
 Like a junior in the prep-school,  
 Like a small and whimpering prep-child."

The master laid aside his cape,  
 Laid aside his black cloth wrapper,  
 Around his lips a smile is curling,  
 "Bend thee over, let me cane thee  
 For thy homework left unfinished."  
 He raised his arm, the cane is shaking,  
 Down it struck; the pupil quivered,  
 Came a sound, a moan of horror,  
 Went a murmur of resistance,  
 And he whispered bending downwards,  
 "Cane away, O wretched master!"

At last the master stopped the beating,  
 Told the boy to leave his study,  
 And when the boy had thence departed,  
 He placed the cape upon his shoulders,  
 Wore again his black cloth wrapper,  
 Hummed a tune of ages vanished,  
 Walked along the darkened passage,  
 Walked into the master's lodging,  
 The room where gathered all the masters.

And there he took a cup of liquid,  
 Brown and sweetened steaming liquid,  
 Told the tale to those assembled  
 How the tearful lad had trembled,  
 Told the tale 'midst shouts of joy  
 Of how he caned the 6B boy.

### **PRESIDENT'S REPORT**

Gentlemen,

For your information and approval, I present to you the Annual Report of the Association for the year 1956.

This past year has been a most successful and progressive one, and I do firmly believe that it is the beginning of a period of rejuvenation in the life of the Association.

On April 25 last year, before a large gathering of Old Boys, Cygnet Hall was officially opened, and this occasion was the

most important one of the year, if not in the history of the Association. It was the culmination of years of planning and effort by previous Committees and Members of the Board of Governors.

We, as a body, have a home at last, and it is certainly something that every Old Boy should be proud of.

With an undertaking such as this, your Committee required a great deal of support from its Members, and I must say we were not found wanting.

Both financially and in effort, you came forward, and I would like to take this opportunity of thanking you, one and all, for your support, and especially Mr. Gra Rosser, whose dream it was.

The other outstanding achievement of the year was the publication of the *Old Haleian*. This magazine has revived a great deal of interest in the Association, and an increase in membership, I feel, is attributable to this magazine.

A sub-committee, consisting of Messrs. Brand, O'Keefe and Garland, undertook the management of the magazine, and the selling of advertising space, to defray the costs. In this, its first year, the advertising has covered the costs involved. To the sub-committee I would like to say thank you for a job well done.

#### *The Committee :*

Regular monthly meetings were held by your Committee and were well attended. A great deal of work fell upon their shoulders this year, and I must say any task allotted was well done. The painting of Cygnet Hall is evidence of this, for the Committee and numerous Old Boys gave up their week-ends to work here.

I thank the Committee for their support during my term of office.

#### *Financial :*

This past year has been a very difficult one financially. Your Committee had to find approximately £700 for the furnishings and fittings of Cygnet Hall. However, with the generous donations from Old Boys, and curtailed spending, we were able to maintain our sound position.

#### *Membership :*

There has been a slight increase in membership over the past 12 months. However, when you consider that our total membership is 750, and that there are somewhere in the vicinity

of 5,000 Old Boys eligible, then you will agree that we must make a concerted effort. I do appeal to you all to bring back to the Association your contemporaries. Ring them and invite them to one of our functions, and I have no doubt that will revive their interest in their old school. To the incoming Committee I do recommend that they form a sub-committee, with their aim to build the membership to 1500 by 1958, our Centenary Year.

#### *Cygnets :*

In December, some 650 *Cygnets* were issued to financial members, and it was well up to its usual high standard. Our thanks are due to Mr. Geoff Christian and our Secretary, who compiled the Old Boys' notes.

#### *Board of Governors :*

It is with pleasure that I announce that Mr. R. Ainslie was re-elected as the Association's representative to the Board of Governors of the School.

#### *Social Functions—Old Boys' Day :*

The Assembly and Luncheon held on Labour Day was attended by 100 Old Boys. Your Committee would like to see this number doubled this year, and I trust you will make every effort to attend on March 4, Labour Day holiday.

#### *Boat Race Eve Ball and Opening of Cygnet Hall :*

This, to the best of my knowledge, was the most successful function ever held. Some 350 people attended, and all had a most enjoyable time. Indeed an auspicious opening for Cygnet Hall and a great boost to your Committee.

#### *Annual Ball :*

Your Committee, flushed with recent success, were very disappointed with this function; due to lack of support, it resulted in a financial loss. I feel that the incoming Committee should give careful consideration to the holding of these functions, unless, of course, you as members will give your wholehearted support.

#### *Country Dinner :*

A very successful function was held at Moora. There were over 50 Old Boys present, including 18 from Perth. Our thanks go to Mr. Arthur Butcher, who organised the function, and for his invitation to visit his farm on the Sunday.

*Sundown Party :*

As we had a suitable place to convene, it was decided to commence these most enjoyable functions once again. The attendances have improved tremendously, and are now averaging 60 per night. These functions are held on the 4th Wednesday of every month, from 5 to 8 p.m., and to those of you who have not attended, I do commend them to you for their good fellowship.

*Inters Night :*

Once again I have to report a failure financially. This, once again, was due to the poor attendance. Possibly the combining of the Annual Ball and Inters Cocktail Party would suffice socially.

In April, our Secretary, Mr. Veryard, asked to be relieved of his duties, as he was not enjoying good health. We were indeed fortunate in that Mr. Marshall offered his services, and has filled that position very capably since. The Secretary's task is a very exacting and tiresome one, but while we have men of the calibre of Mr. Veryard, who has devoted so much of his time and energy to the Association's affairs, then we are indeed very fortunate.

In conclusion, we must once again as a Committee thank the Headmaster for his guidance and assistance during the year. He has attended our Committee meetings and we have enjoyed, as always, a very close relationship with the School.

I do wish the incoming Committee every success and good fortune, and urge you all as Old Boys to fulfil your duty (the motto of the School) to your old School, Hale School.

J. E. HINGLEY,

President, 1956.

**OLD BOYS' DAY**

On Monday, March 4, 130 Old Boys attended the Assembly and answered the Roll.

This is thought to be the largest attendance ever recorded.

Some highlights of the Roll Call were two instances of three generations in the hall, namely:—

Bishop C. L. (Tom), Bill and Tim Riley.  
Harold, Jack and Doug Rowe.

The name of Kelly was well represented, having a total of seven from one family present in the hall.

Those who attended and answered the Roll were:—

### DONNYBROOK COUNTRY DINNER

Nothing could be more firmly established with both country and city Old Haleians than the popularity of the Annual Dinner in rural regions.

Each year attendances have steadily increased. This is a trend which may well prove embarrassing within the next two or three years, when applications are certain to outnumber available accommodation.

Here is a brief outline for those who were unable to make the trip. On Saturday, July 27 (at varied times) the first phase of Operation Donnybrook was put into effect—getting there.

Old Boys came from all directions to gather at the Fort and Arthur Butcher continued his record for travel, by coming down from Moora. The function proceeded according to plan and the usual toasts to the School and Association were proposed and drunk with enthusiasm.

Weather conditions for the Sunday golf round were perfect. Those who lacked the art of teeing up a ball and slicing it into the rough, contented themselves with the role of caddy, or lost ball finder, or both.

The competition was eventually won by Dr. Dixon Farmer. Being the perfect host (and of the right schooling) Dr. Farmer retired from the contest and the prize was awarded to runner-up Tom Fowler.

Congratulations to Dr. Farmer and Mr. J. Mitchell on a week-end well organised.

Among those who attended were:—

Perth : Messrs. V. S. Murphy, I. Wilkins, J. Marshall, I. Bonnerup, L. Fethers, H. Poynton, W. A. Evans, E. Mills, A. G. Rosser, T. O'Keefe, C. Love, A. Tregonning, R. Farmer, R. Newman, J. Cox, J. Morrison, V. Garland.

Donnybrook : J. B. Mitchell, J. Y. Thompson, F. H. Thompson, J. Thompson, G. Thompson, H. Thompson, Dr. D. Farmer, D. Johnstone, P. Baker, J. Keall.

Boyanup : J. K. Duce.  
 Katanning : J. Sutherland.  
 Broomehill : P. Anderson.  
 Williams : T. Fowler, H. Jacobs, B. Burnett.  
 Boyup Brook : J. H. Broadhurst, J. Staniforth Smith, H. Mitchell, R. Knapp, L. Lee Steere, Ron Trigwell,  
 Busselton : K. Cullen, J. Wheatley, R. Minchin, I.

### OLD HALEIANS' HOCKEY CLUB

The Hockey Club this year had only moderate success, with one team reaching the grand final and being beaten after extra time had been played. This was our C1 Grade, made up mainly of the first year players and the boys who have just left school. Thanks to the coaching of Merv. Roberts and Col. Hicks and keenness of all the boys, they were unlucky not to have that final success.

Four teams were nominated this season, the Club having 52 players registered with the W.A. Hockey Association. However, the number of players unavailable at times during the season created many selection problems, and at no time could the teams settle down.

New recruits this season were mainly boys who had played hockey at school—several of these lads showing outstanding ability. This augurs well for the future success of the Club.

### OLD HALEIANS' ATHLETIC CLUB

The Old Haleians' Athletic Club, which has developed into one of the strongest clubs in the State during the last five years, maintained its position during the 1956-57 track and field season.

The club, after winning the A grade competition in 1955-56, finished second — only 17 points behind the strong Y.C.W. club last season.

Old Haleians also performed with credit in the lower grades and the club was fourth in the E Grade and second in the F Grade competitions.

To top these performances Old Haleians relay sides in the fourth division were strong enough to beat the opposition throughout the season and the club won honours in this division.

During last season Clive Bedford-Brown, Alan Hutchinson, Noel Thomas, Herb Tonkin, Jim Chivers and Alistair Macmillan did a fine job to keep the name of Old Haleians to the forefront in athletics.

Track and field is a hard task master and an athlete has to be very keen to train and compete during the hot summer months.

Consequently the membership of the club is not big and results have been obtained from a nucleus of enthusiastic competitors.

This season we will have to fight hard to maintain our place in A Grade, but the lower Grades should be very strong.

Interest among the boys of the School is mounting and already a number of the top flight performers have run for the club this year.

Hale School is making a determined bid to win the inter-school sports next year and athletes like Bill Gibbs, John Collins, Ron McBride, Dick Kelsall, Malcolm Treadgold, Barry Rae, and Barry Hepworth, are competing with the club for experience.

With a steady influx of young athletes coming into our ranks the Old Haleians Athletic Club should have no worries about the future and should continue to play a leading part at Leederville Oval.

### OLD BOYS' TIE

Very favourable comment has been received on the Old Boys' Tie, which became available recently.

The tie is available on the written order of the Secretary, and can be purchased at John R. Saunders, 499 Wellington St., Perth.

Metropolitan members may obtain order forms by letter, phone or personal call.

Country, interstate and overseas members should write to the Secretary, enclosing 13/-, and a tie will be posted by return mail.

The Secretary's address is:—

2nd Floor, National House,  
49 William Street,  
Perth.
