### EDITORIAL

PERHAPS THE SETTLING-IN STAGES of a school in new surroundings is a most difficult period for all concerned, but everyone must agree that being a part of Hale School in 1961, as it commenced a new phase of its life, was indeed a privilege as well as an experience.

To the frustration of members of staff, school work for the most part competed on uneven terms with the work of the more interesting workmen, whose activities were watched by young and old. The tap of hammer and roar of pneumatic drills became a commonplace part of our daily existence. Some time after building on the new School Hall started, one rather unusual sight was to see boys gazing wonderingly at grimy workmen mercilessly hacking down cement pillars which had been constructed only some four to five days before.

Without a hall, open-air morning assemblies caused some concern, with several boys wilting under the effects of the summer sun during first term. Second term occasionally found a potentially long lecture rudely interrupted by a sudden down-pour of rain, which sent the multitudes scurrying for shelter. Lower School members were reported as having a competition each morning to see which one could amass the largest pile of blue metal in front of him in the fifteen minute period. Nevertheless, despite all odds, assemblies managed to survive and maintain the dignified air of their Havelock Street predecessors.

The pond in front of the administration block attracted more attention than many other sights around the School. Early in first term it was rumoured that frogs had set up residence in the waters of the pool. This paved the way for a great opportunity not to be missed by mischievous boarders, and consequently various prefects in the boarding houses spent a few unpleasant nights before the novelty wore off.

These more or less permanent features of our first year make us nearly forget our little irritations. Power failures and automatic bells awry; water failures and domestic hygiene imperilled; sand everywhere and in everything (possibly the cause of rather gritty soup during the winter term); and learning to keep to the left in the teaching block corridors.

But let us don our rose-tinted glasses and look at — our spaciousness inside and out of the buildings; our lovely Dining Hall; a Library where all can read in peace; our bright airy Classrooms, Dormitories and Common Rooms; and lawn that we can now actually sit on.

Yes, Hale has taken on a new face in 1961, but still in tradition it is Hale School of Havelock Street which we, even in fifty years time, will look back on as our school.

## *"The Old Order Changeth . . ."*

---

Three years ago we were recalling past history, a hundred years of it. Perhaps in another hundred years, people will be curious of the facts of the change over from Havelock Street to Hale Road. So we faithfully record the process over the last twelve months in diary form:—

Dec. 5th, 1960—Last Speech Day at Havelock Street.

Jan. 31st, 1961—First load of furniture and effects taken to Wembley.

Jan. 31st, 1961—Furniture auctioned at Havelock Street.

Feb. 7th—Headmaster's office "officially" moved.

Feb. 9th—First Staff meeting.

Feb. 10th—Parents of new day boys interviewed.

Feb. 13th—New boarders interviewed, old boarders move in, remainder of Office Staff transferred.

Feb. 14th—FIRST TERM BEGAN. Tests for new boys, distribution of books.

Feb. 16th—First lessons taught in all classes.

Feb. 19th—His Grace the Archbishop conducted first Service, that of Holy Communion, in the Wilson House Common Room.

Feb. 28th—First Board meeting.

March 1st—First Cricket Match (v. Governor's XI).

March 6th—Old Boys' Day and OFFICIAL OPENING.

Mar. 13th—Work on Old Boys' Memorial Hall started.

April 1st—Last of Workmen on School Contract left.

April 27th—Headmaster moved into Residence.

June 10th—First Football Match (v. Guildford Grammar School).

June 13th—First Old Boys' Committee Meeting.

July 1st—First Old Boys' Reunion Dinner in School Dining Hall.

July 2nd—Arbor Day.

Oct. 1st—First Confirmation (in School Dining Hall).

Oct. 10th—Junior School Sports.

Oct. 21st—First Athletics Fixture (v. C.B.C.).

Nov. 3rd—Work Started on Swimming Pool.

Nov. 11th—Passing Out Parade.

Dec. 11th—1st Speech Night (in front of Administration Block).

## *New School — Early Impressions*

---

A CONCISE WORD PICTURE of the life of the School in its first year at Wembley Downs is impossible. All that one can do is to place on record a few scattered impressions.

First and foremost there is noise. At first it was everywhere as the workmen completed their buildings around us, through us, over us, and underneath us. Then suddenly it concentrated into a riot of pneumatic drills right opposite the senior classrooms, as wrongly placed concrete slabs were removed. Shortly afterwards it erupted at the western end of the site as the excavations for the School Hall proceeded, the ear-splitting presence of the pneumatic drills being in time replaced by the quiet and persistent irritation of concrete vibrators, and at the end of the year by bull dozer sounds and other sweet music from the swimming pool site. Amid all this, the sounds produced by 500 boys have (usually!) been barely noticed.

It is the same with the sand, and yet somewhat different. At first the sand was everywhere, all around us and in everything. The advent of rain, blessedly early this year, brought some relief in April, and slowly the grass asserted itself, bringing the sand around the buildings under control, but only to re-assert its presence in the vast mounds of sand being gouged out at the swimming pool site and the various other places where work is still proceeding.

Transport, too, must remain a lasting impression. Special buses, so carefully planned, were hopelessly overcrowded or ludicrously empty. Familiarity has almost bred contempt here too, for now buses are arranged at the drop of the proverbial hat to suit varying requirements, with the kind co-operation of the transport authorities. Next the bicycles battled laboriously up Hale Road, the only redeeming feature for the labour being the hope of a comfortable glide downwards later in the day. A smaller, but not insignificant minority, have reminded us of this motorised age on motor cycles, *mostly* driven at reasonable speeds, or parents' cars, apparently surprisingly easy to borrow.

---

# *Opening of School*

---

OLD BOYS' DAY, 1961, was the date of the Official Opening of the new grounds and buildings of Hale School.

The weather was all that could have been wished for. The distant prospect from above the steps, almost a typical Australian bushland scene, stood out in marked contrast to our memories of the cluttered up area at Havelock Street with its background of tenement houses, shops and factories.

The School was honoured to have present His Excellency the Governor, Sir Charles Gairdner, to perform the Opening. In a short service The Archbishop of Perth, The Most Rev. R. W. Moline, dedicated the new School and a new chapter was begun in the History of Hale School.

On the morning of March 6th, 1961, the traditional Old Boys' Day was held on the assembly area before the entrance. Although the surroundings were strange, the characteristic atmosphere of this Assembly made old boys feel at home. Boys of the School and Old Boys, assembled side by side before the new buildings, provided a significant beginning to the new period in the School's history.

Forming up in Houses at 2 p.m., the School marched onto the grass behind the chairs arranged for Old Boys and visitors. The official dais had been placed near the top of the drive above the steps leading to the lawn. At 3 p.m., with the arrival of His Excellency, the party of members of the Board of Governors accompanied the Headmaster to the dais. Here the order of proceedings was started by the Chairman of the Board of Governors, The Hon. Leslie Craig.

The Act of Dedication consisted of a hymn, "O God Our Help in Ages Past," and a prayer for the future of the School. The new Hale School was dedicated with these words:

"In the faith of Jesus Christ we dedicate these grounds and buildings to the glory of God and the advancement of Christian Education." The Service was then concluded by the Archbishop's blessing the School.

The gathering was then addressed by the Chairman of the Board, The Hon. Leslie Craig, who spoke of the history of the school, the move to the new site, and the great hope for the future.

His Excellency the Governor, Sir Charles Gairdner, spoke of the importance of education in the modern world, and referred to the great contribution of the School to the development of the State and its responsibility in the future.

The Headmaster responded, taking those present on a verbal tour of the School and commenting on the various aspects of school life as he did so.

The Captain of School, Warren Lilleyman, then presented His Excellency with a pair of scissors, with which he cut the ribbon stretched across the entrance and then proceeded into the Administration Building to sign the Visitors' Book.

The final, and probably the most impressive, phase of the Opening came when the boys of the School marched by Houses up onto the assembly area and through the entrance of the School. The impression gained at the Old Boys' Assembly was reflected in the sight of the School entering the new buildings. The music was provided by the Western Command Band.

For the next hour the new buildings contained a throng of visitors. The boys were broken off and guests were invited to sign the Visitors' Book and inspect the buildings, which were manned by members of the Staff. At 5 p.m. His Excellency departed from the entrance and passed through a Guard of Honour consisting of boys of the School.

## *Arbor Day — July 2nd, 1961*

---

ON ARBOR DAY, the weather was thoughtful for the trees, but not so kindly disposed to the guests as it was on Dedication Day in March. However, the rain cleared for the actual planting ceremony.

The official programme began when marshals in charge of planting areas reported for duty at 9.30 a.m.

At 10 a.m. Bishop Riley conducted the Service in the Dining Hall, which was set up as fittingly as possible as a chapel.

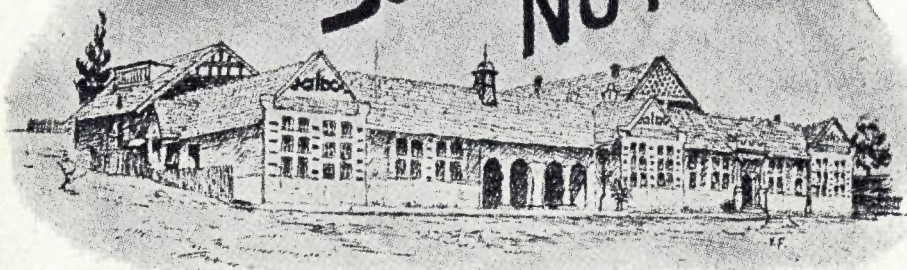

Following on the completion of the Service a ceremony of great significance was carried out when the Bishop planted in front of the Administration Block a slip from Bishop Hale's Wilton tree, thus linking the past of the School's city era with the present and future of its new siting.

The gathering then split up into its various groups, under their marshals, for the planting of the trees donated by Parents and other well-wishers of the School. Some 250 trees and shrubs were planted on the day and about another 100 have been planted since. Indicative of the new life of the School in its new surroundings all except one of these trees and shrubs have survived and are flourishing—or perhaps Hale School Parents and Friends are good gardeners!

Without any further ceremony, participants then either inspected the overall result of the planting or dispersed to their own homes.

So one more stage in the development of Wembley Downs had taken place—*Floreat Arbores*.

# SCHOOL NOTES

ON MONDAY, the 14th of February, the first assembly for the year was held, the Prefects and House Prefects having been appointed prior to this. The Hon. Leslie Craig attended and carried out the ceremony of the induction of the Prefects. They were: W. M. Lilleyman (Captain of the School), R. B. Gill, W. E. J. Groom, J. T. Irvine, R. L. Macmillan, J. W. Offer, J. B. Stawell, J. A. Trinder and D. K. Walker.

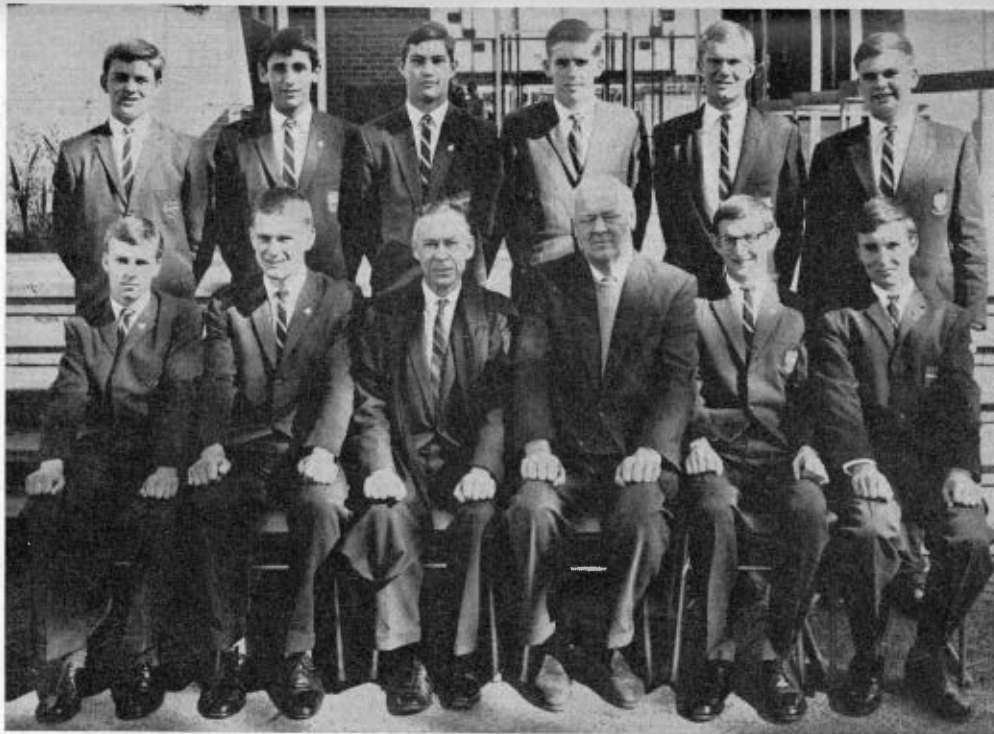

This year saw the establishment of four new houses: Haynes, Parry, Riley and Stirling. Faulkner and Wilson became the boarding houses and we thus saw the elimination of School House from the system. The beginning of the term also saw several new masters on the staff.

Within a day of the commencement of term, sporting practices started. A system was devised whereby all boys were playing some sport, even if they were not in teams.

J. T. Irvine was appointed Captain of Cricket for 1961 and W. M. Lilleyman was appointed Vice-Captain.

On the 28th of February, the School Swimming Sports were held at Crawley Baths. The winning house was Riley and the outstanding Open swimmer was M. J. MacDermott.

The first match in the Darlot Cup series was played against Scotch College on the 3rd and 4th of March and resulted in an exciting finish, a performance most creditable to our First XI.

**"CYGNET" COMMITTEE, 1961**

BACK ROW : I. P. Evans, R. B. Gill, J. T. Irvine, K. W. Court, W. J. Garland, A. M. Trethowan.  
 FRONT ROW : J. B. Stawell, R. L. Macmillan (Editor), Mr. A. C. Marshall, Mr. W. F. Longley, J. W.  
 Offer (Secretary), T. H. Sharp.

Although Hale lost, it proved to be an unreliable indication of what was to come.

Monday, March the 6th was Old Boys' Day and in the morning the Old Boys' Assembly was held. Also in the morning, the traditional cricket match between the First XI and the Old Boys' XI was begun.

A fortnight after the game Dr. Lilburne, on behalf of The Old Boys' Association, presented a bat to Peter Simpson for the highest score in the Hale innings.

The same day marked the Official Opening of the new Hale School. His Excellency, The Governor, Sir Charles Gairdner and the Board of Governors attended this historic occasion. The Act of Dedication was conducted by the Most Rev. R. W. Moline, Archbishop of Perth.

Prior to the Interschool Swimming Sports to be held at Guildford, A. L. Leishman was elected Captain of Swimming.

On Saturday, the 11th of March, the Interschool Swimming Sports were held at Guildford Grammar's pool. The little rain that did come did not dampen the crowd's enthusiasm and congratulations must go to Guildford for their outstanding win and also to our own team which was narrowly beaten into fourth place.

On Friday and Saturday, the 17th and 18th of March, our First XI played and defeated Guildford Grammar, a highlight of the match being a hat-trick by J. T. Irvine.

On Friday and Saturday, the 24th and 25th of March, the First XI played Wesley College, at Wesley. The result was yet another win for the team and in Hale's first innings, J. T. Irvine scored 145.

On the 25th March, the School Rowing Regatta was held in Crawley Bay and the two invitation races held were for 1st and 2nd VIII's. The Championship Pairs and House Fours were also decided at the Regatta.

Congratulations must go to our Under 15 Tennis team on their fine win in the Herbert Edwards' Cup, which was presented to the team in Assembly on Monday, the 27th March.

The School broke up for the Easter weekend on Thursday, March 30th. The rowing crews continued to train through this period.

On Friday, April 7th, the First XI began their two day match against Christ Church, which again resulted in a win for

the School and meant that the winner of the Darlot Cup would be decided the following week between Hale and Aquinas.

Saturday, the 8th of April saw a number of school activities, these being Rowing and Cricket in the morning, and the Law Shield Life-Saving Competition at Crawley Baths in the afternoon. At the Wesley Rowing Regatta, all crews except the First VIII participated. In the afternoon, under blustery conditions, our Life-Saving team was unfortunately disqualified. The team was led by A. L. Leishman.

On Friday, the 14th of April, the First XI began their match against Aquinas College, and in wet conditions they secured the Darlot Cup for Hale.

On Friday, the 21st of April, the traditional Rowers' Assembly was held, the coxes being presented with their megaphones, after which the senior Coaches spoke to the school.

Our First VIII came fifth and our congratulations must go to the Christ Church crew and the light Scotch College crew. Against strong opposition, our crew did their best.

On the Saturday night, the Rowers' Dance was held. The Headmaster and several members of the Staff attended and of course, so did the Coaches.

On Friday, the 5th of May, the Army and A.T.C. cadets left for their annual camps and this year the Navy cadets camped at Garden Island.

During the term, the Dramatic and Debating Societies got under way. The Debating Society arranged for Mr. David Jenkins to give a talk on the Art of Debating. In charge of Dramatics was Mr. A. Kruse and of Debating, Mr. G. N. Altorfer.

For a Combined Public Schools team to play the Incogniti, J. T. Irvine, W. M. Lilleyman and R. L. Macmillan were chosen.

The term was one of settling into the New School, the highlight of it being our Darlot Cup win. Our swimmers also showed an outstanding improvement.

On May the 11th, the School broke up for two weeks' holiday.

---

## SECOND TERM

---

Second term commenced on May 30th and football, hockey and rugby practices commenced. This year, there was an official P.S.A. Rugby Competition.

Shortly after the term commenced, W. M. Lilleyman was appointed Captain of Football and J. A. Trinder was appointed Vice-Captain.

A scratch match against C.B.C. Terrace was easily won and augured well for the season. The following week on Saturday the 10th June, Hale had an overwhelming win over Guildford in the first Alcock Cup match.

That afternoon our Hockey team, led by D. C. Milne, played their first match against Guildford.

At the commencement of the term, it was announced that K. W. Court had been appointed a Prefect and soon afterwards J. E. Little was also appointed.

On Saturday, the 17th of June, our First XVIII played and defeated Wesley and the following week defeated Christ Church. We lost to Aquinas and Scotch in the following two weeks.

On Friday, June 30th, was the Old Boys' Golf Day and on the following evening, the Old Boys' Re-Union Dinner was held. On Sunday, July 2nd, a special Old Boys' Service was held at the School after which there was an Arbor Day Tree Planting Ceremony.

On Friday, June 2nd, Lieutenant Commander Bennett, R.A.N. lectured to boys of the Senior School on the Navy as a Career.

In the second round of the Alcock Cup matches, our First XVIII defeated Wesley and Christ Church. Although our Hockey XI did not win a game, they showed continued improvement and played out some very close games.

The School play this year was "The Caine Mutiny Court-Martial." It was produced by Mr. A. Kruse on the 21st, 22nd and 23rd of August at Cygnet Hall and exploited the idea of "theatre in the round." Once again, the School play was a huge success.

On August the 24th, A.T.C. Cadets left for two weeks' training at the N.C.O. and C.U.O. schools at R.A.A.F. Base, Pearce.

Also on the same day, the rest of the School broke up for just under three weeks' holiday.

### THIRD TERM

---

Third term commenced on Tuesday, the 12th of September.

On Saturday, September the 30th, the Army Cadets entered

two teams in the 5th Brigade Trophy Shoot. Under blustery conditions, the teams did not fare as well as was hoped.

On Friday, October the 6th, the School Athletic Sports were held. R. B. Gill and W. E. J. Groom were equal Open champions for 1961.

A solid period of training of the Inters. Squad was now begun in preparation for the big day with Mr. Haydock in charge once more. Prior to the Inters., meetings were held at Scotch and at Hale to help indicate the progress of our team.

The Prefects' Dance was held at Cygnet Hall on October the 13th. Senior students and their partners were met by the Headmaster and Mrs. Prince and the Captain of the School. Johnny Regan's band played for what proved to be a most successful function.

In the Interschool Sports, held on October 28th, in what proved to be one of the closest results for years, Scotch College gradually ran out the winners and to them we extend our congratulations. Congratulations to our own team, captained by W. E. J. Groom, for their fine showing.

On Saturday, November the 4th, a practice for all cadets for the annual marching out parade was held. The following week the actual parade was held. The Army cadets gave demonstrations, while a Flight of A.T.C. Cadets gave a drill demonstration with rifles. The Parade was held on the main oval.

Boys leaving the School at the end of the year will probably consider themselves fortunate to have had a taste of the modern and picturesque surroundings of the New School. The new library has been a help to all, especially the senior boys. Still yet another amenity is being added to the School, that being a 55 metre swimming pool, to be completed in time for the beginning of first term, next year.

At the time of going to press House collections for 1961 amounted to £215. The Boys' Committee, consisting of one member from each House, comprised: J. S. Marsden, R. G. Johnson, J. A. S. Male, G. K. Loughran, I. P. Evans, W. J. Garland and M. E. C. Eastman. They made the following allocations: "Daily News" Orphans' Fund, £40; Save the Children Fund, £50; Red Cross, £25; Spastic Welfare Association, £25; W.A. Blind School, £25; Flying Doctor Service (Provincial Missionary Council), £25; Poppy Day Appeal, £10; Sliver Chain Nursing Association, £7/7/-; Deaf and Dumb Society, £5.

A small balance, together with any further collections, remains for further allocation. The sum is an improvement of some

£60 on 1961 and pride of place for this increase must go to Faulkner House, who survived a strong challenge from Wilson.

Next year we look for more generosity from Day Boy Houses.

### GIFTS

The School acknowledges with gratitude the following gifts: Mr. M. A. J. Du Feu, an oscilloscope; Bishop Riley, 2 books of short Sermons from the library of Canon Sweeting.

The Library also has had many gifts of books, but these are too numerous to list here. They are acknowledged generally under Library Notes.

# *Speech Night*

1960

---

THE LAST SPEECH NIGHT of the Havelock Street era was held on the lawn between the School and the Boarding House—with a tinge of sadness as many realised that it was for them the last “last” of that stage of the School’s history.

After the National Anthem the School Chaplain, Rev. Russell Davis, said the opening prayer. The Captain of School, R. D. Drewe, and the Headmaster read their reports. The Hon. Charles Court presented the scholastic prizes and sports trophies and after the presentation addressed the School. Proceedings were closed with the moving of a vote of thanks to Mr. Court.

## *Headmaster’s Report*

---

“I WANT YOU TO PICTURE A HEADMASTER, a relatively new Headmaster of Hale School, speaking on Speech Day in the fine new School Hall. He is saying: “The new buildings have proved a success, the classrooms are lofty and well-lighted and the ventilation all that could be desired.”

Before I go any further, in case anyone here should feel that I am vainly picturing myself in twelve months’ time, let me hasten to reassure you. I am merely quoting what Mr. Matthew Wilson said on Speech Day, 1915, and I will be quoting him more fully a little later on.

We are, in fact, witnessing one of those remarkable occasions on which history almost precisely repeats itself. There is one respect in which I am better off than Mr. Wilson was, when he came to the School. When he came here in September, 1914, he had to walk straight into the completed new buildings, without even three months’ respite in which to prepare for the move. He inherited just a I am doing the benefits of his predecessors’ efforts. After a long struggle in hopelessly inadequate buildings Mr. Wilson, brand new, with the 95 boys who com-

prised Perth High School, moved into the six classrooms which still form the main block at the Havelock Street end of the School."

The Headmaster then contrasted the early chequered careers of the Australian Public Schools with the later English Public Schools which were founded in a country of great wealth, a large and growingly education-conscious population and with high traditions of learning well established in the country.

Particularly, he said, were these adverse conditions true at the time of the founding of Hale School. Moreover, small numbers and small staff made the Headmaster the centre of the life of the School and the School's success or failure was tied up with that of the Headmaster.

The Headmaster then digressed to stress the lack of endowments suffered by Australian Schools and to express the hope that taxation relief might encourage more gifts and endowments to Schools such as ours.

Continuing with the past career of the School he said, "The early story of Hale School must surely be even more chequered than most. From 1858 to 1889 as the Bishop's School and then as the High School, in a period of 31 years, there were nine successive Headmasters or Acting Headmasters, of whom no single one stayed more than six years. If Colonel Haynes had not acted as a sheet anchor there might not even have been a School of 24 boys for Mr. Faulkner to take over in 1889. If the first nine Headmasters span only the 31 years, the School has been fortunate in that the next four span the remaining seventy years of the School's history, and the great development of this School is, no doubt, partly due to the fact that a succession of Headmasters have each remained long enough to give the School the stable rule which is so important to real progress.

"Mr. Faulkner built the School from 24 boys in 1889 to a peak of 116 boys in the mid-1890s and it remained close to the 100 mark for the rest of his reign. Some of you here have described to me the kind of conditions under which 100 boys had to work in order to fit into the old George Street site, and I can assure you with all sincerity that those of us who have worked with 400 boys in the present School feel we know exactly what it must have been like.

"The foundation stone of the new Hale School was laid on this site on the fourteenth of February, 1914, and in September, as I have reminded you, Mr. Faulkner having retired, Mr. Wilson brought the 95 boys up here to start the period of the School's life which tonight's proceedings bring to a close. With the limit-

ations of the old buildings removed and Mr. Wilson's energetic work, the School immediately began to grow again. In 1915 the 95 boys had become 140; in 1916 it was 200, and by 1922 there were 350 boys in the School. Thereafter, it settled down to a steady total of something like 300 boys, the opening of several other Schools having removed the pressure to grow larger. The enrolment remained at about 300 until the beginning of the Second World War, by which time Dr. Buntine had been Headmaster for eight years. It was, as far as I can find out, in 1940, just before he left to join the Army, that Dr. Buntine made the first official reference to a new project of moving this School and I should like to pay tribute to Dr. Buntine and to Mr. Murphy who, like Mr. Faulkner in his time, have striven towards the goal of getting a better School built, even though they themselves might not be able to enjoy the fruits of their labour."

The Headmaster then commented on the long time that plans for new Schools had often taken to mature.

Turning his thoughts to the new School he paid a tribute to the immense work of the Board of Governors, to the energy of the Bursar, Brigadier Rush, and to the patience of the Architects, all in connection with the new buildings at Wembley Downs. The Staff, too, had shown great co-operation and receptiveness to new ideas in the planning for 1961. He took the opportunity to refer to Staff changes, paying special tributes to the long and loyal association of Mr. Corr, who was retiring, and to Mr. Altorfer, who had given such faithful service over so many years as House Master at Havelock Street. He then made reference to new Staff for 1961.

"The Staff will, of course, be substantially increased next year as we shall have a considerably larger School and you will, no doubt, be interested to know at least the names of those who will be joining us. Mr. Massey will be joining the Maths. and Science Staff and he comes to us from Scotch College where he has a distinguished record. Mr. Wheeler is at present with the Army Educational Branch and will come to us in February upon the completion of his engagement.. The other two local products are two young Old Boys of the School: Mr. Wager who is at present teaching Maths. at Perth Modern School and Mr. Macmillan who is completing his Diploma of Education at the University of Western Australia. In addition, we shall be welcoming three men from interstate: Mr. Bambach, at present teaching with the New South Wales Education Department; Mr. Braga, who is completing a distinguished career in History at Sydney University; and Mr. Veth, an M.A. from Utrecht University, the premier University of the Netherlands, who can not only teach History and Geography and Latin, but can also offer us teach-

ing in any one of twelve European languages. From a point of view of usefulness in the second half of the 20th century, the languages we should be teaching are unquestionably Russian and Chinese but, of course, there are some obvious problems."

The House System, he explained, would be expanded to include five Day Boy Houses. This expansion would enable adequate Pastoral care for Day Boys as well as Boarders.

At this stage he paused to acknowledge the ready welcome he had received in W.A., especially from the Old Boys. He then referred to the Parents and Friends Association.

"The young Parents and Friends' Association has made its first major contribution to the School and a magnificent contribution it is too, as those of you who have seen our lovely little school bus will doubtless agree. I think it is a tremendous achievement to have raised the money for this so quickly, and I hope that every parent here will become an active and financial member of the Parents and Friends' Association. Once again, such an organisation can be a great help to the School and Dr. Macmillan and his vigorous committee are giving the kind of lead which will, I am sure, accomplish great things. The next project upon which they have embarked is to provide at least the nucleus of a reference library in the new School and I am sure that this project deserves your full support."

The Headmaster then concluded with his eyes on the future. The School, he said, for the first time had really made provision for the future. He quoted again from Mr. Wilson's 1915 speech:

"The new buildings in Havelock Street have proved a success," he said, "the classrooms are lofty and well-lighted and the ventilation all that could be desired. As, owing to the rapid growth, the six classrooms have proved inadequate, I have been obliged to make sure of the main hall as it is my desire that the numbers in any one form shall not exceed 30. I believe that this number is in general the limit which a master can be expected to handle with satisfaction to himself and advantage to the boys. The adoption of such a provision will ensure an adequate supervision of all boys in the School, and permit of backward boys receiving a due share of help."

We have a great task ahead of us. In regard to academic standards it is an unfortunate fact that the Independent Schools of this State do not yet occupy the commanding position of our brother Schools in some of the Eastern States, and to this end we must strive hard. In particular I hope we shall be able to return soon to Mr. Wilson's limit of 30 in a class. In the sporting field, I believe we shall acquit ourselves well in spite of

our small numbers at the top. However, the important thing is not merely to make the best boys better at sport, but to see that every single boy gains what he should from the sporting life at the School. On the spiritual side I am afraid we are going to be severely limited by the lack of a School Chapel. Dr. Darling, the Headmaster of Geelong Grammar School, said to me in the course of my journey across here in September, "You cannot run a Church School without a Chapel." We shall, of course, do our level best to prove him wrong but it is my sincere hope that we shall have a chapel before time proves him right.

## *Captain of School's Report*

---

"MR. CHAIRMAN, YOUR EXCELLENCY, YOUR GRACE, LADIES AND GENTLEMEN,—

"This year has been a momentous one for the School in several ways. In the middle of first term the School said its final farewells to our past Headmaster, Mr. V. S. Murphy. We all feel grateful to Mr. Murphy for all he has done for us, as we are grateful for Mrs. Murphy's help, in particular, with the School dances. We wish them both every happiness in the future.

"In third term the School welcomed its new Headmaster, and we take this further opportunity of welcoming Mr. Prince and Mrs. Prince to Hale School.

"My predecessor of 1958, Malcolm Treadgold, stressed that in order for us to win in sport we must have two things—ability and team spirit. I think that this year we have at least really achieved the latter.

"An example of this was our swimming team this year. Performances were not outstanding, but each member of the team worked hard throughout the season, and what is more, seemed to enjoy working hard. This year Mr. Harry Kelly gave much of his time and energy in training the swimming team and we thank him for this and hope that he will continue to give future teams the benefit of his coaching skill and experience.

"A fine win was recorded by the tennis team in winning the Mursell Shield for the first time since its inauguration in 1950. The life saving team finished approximately seventh out of 28 teams competing.

"A young cricket XI this year did well to defeat the eventual winners, Scotch College, and with the return of most members next year, the cricket season could see Hale School the winners of the Darlot Cup for 1961.

"In the Head of the River our eight, the lightest and youngest on the river, rowed extremely well to finish third to Scotch College and Christ Church, both of whom finished within the record.

"The first XVIII this year, thought by many to be our strongest football team for many years, found the opposition, finally, too strong.

"Lack of any home playing grounds or facilities made the lot of the hockey teams a hard one. Adequate playing space and facilities at Wembley Downs should see a vast improvement in the standard of the game. However, a notable feature in the first XI hockey team this year was the determination and spirit of the players, commented on by umpires and spectators alike.

"An athletic team which many people considered not strong surprised these pessimists by showing them it had indeed some ability, even some flashes of brilliance. R. B. Gill must be congratulated for his record-breaking win in the under seventeen 100 yards, and W. E. Groom, the captain of athletics, for his fine effort at the "Inters" and his win at the State Schoolboys' Championships.

"Cross country courses are soon to be mapped out at Wembley Downs and these will improve the standard of athletics generally.

"Apart from sport, other extra-curricular interest occupied many boys this year. The Debating Society proved that we have a number of boys with considerable ability as debaters. The "Cygnet" Committee has striven hard to maintain the past standard of the School magazine. The Dramatic Society repeated their success of last year with an excellent performance of "Journey's End". The Interscholar Christian Fellowship continues to meet every Friday, enabling the boys to develop the spiritual side of the School's life.

"The Cadet movement was expanded this year by the addition of a Naval Cadet unit. The three services held a combined marching-out parade this term which included sword drill and mortar displays. A swimming team from the A.T.C. did well to win their annual Inter-Flight competition from Scotch and Wesley, earlier in the year.

"This year the School dance was held in second term, away from the disturbing influence of external examinations. I would

like to thank the mothers of the VIa boys for their donations and the time they spent in assisting at Cygnet Hall to make the dance its usual success.

"I wish to thank my fellow School Prefects and House Prefects for their co-operation throughout the year; the School Prefects, although only four for 440 boys, did an extremely good job in maintaining discipline and generally setting a good example in all things connected with the School.

"We farewell the Hale School of Havelock Street with mixed feelings tonight. To some Hale School and Havelock Street must remain synonymous, but if the boys returning next year take with them the spirit of determination and service implied in our motto "Duty" the Hale of Wembley Downs will be a worthy successor to the Hale of West Perth.

### AWARDING OF PRIZES

After a thorough review of the system for awarding and presenting Sports Prizes, a Sub-Committee of Masters recommended certain changes, which were approved by the Headmaster and have partly come into effect this year.

The principal changes were that there should be Cups for Champion and Runner-Up in each age group and Trophies for Championship winners who were not age champions or runners-up. The Open Championship Cups for Swimming and Athletics were to be the only individual Cups or Trophies, other than specially donated ones, to be presented on Speech Night. The other Cups or Trophies were in future to be presented at the end of the Meetings concerned.

This procedure was duly carried out after the Athletic Sports this year and will be fully implemented in 1962.

## Faulkner House

HOUSE MASTER: Mr. D. A. MILNE

HOUSE CAPTAIN: J. W. OFFER

SCHOOL PREFECTS: W. M. LILLEYMAN (Captain of School),

R. L. MACMILLAN, J. W. OFFER

HOUSE PREFECTS: J. S. READHEAD, R. J. STEWART

---

THE BOARDERS RETURNED to the House on Monday, 13th. Mr. Milne joined the House as Senior House Master and we hope the stay of Mr. and Mrs. Milne in the house will be long and enjoyable. Mr. Fletcher and Mr. Wager (an old boy of the School) completed the resident staff. Jim Offer and Robert Macmillan were appointed school prefects; Jon Readhead and Rod Stewart house prefects.

The house performed creditably in the rowing and swimming competitions and although we filled only minor positions the house was well-represented numerically. Our outstanding swimmer was Paul Skinner, who set two fine school records (one a year above his age group) and at the Interschool Sports won two events. The House was represented in rowing by Rod Stewart in the 1st VIII and Jon Readhead in the 2nd VIII.

No House Cricket was played owing to lack of suitable grounds, but Rob Macmillan was a member of the winning Darlot Cup team. Pat Sewell was member of the victorious Herbert Edwards tennis team.

Those boys who did not return home for Easter were made to feel at home by Mrs. Milne and here the House takes the opportunity of sincerely thanking Mrs. Milne. With the advent of camp, term finished for most of us, those not in the forces returning to their homes a few days later.

---

## SECOND TERM

---

Second Term commenced on May 30 and we welcomed several new boys to the House, hoping their stay will be enjoy-

able. No Interhouse sport was played this term owing to the lack of grounds but those who represented the House in School teams were Rob Macmillan 1st XVIII, Wan Azeman 1st XI Hockey and Rod Stewart 1st XV Rugby. A cross country competition was conducted this term, and thanks to fine team efforts in each age group the House eventually won the competition. Kevin Minson was Under 15 cross country champion. Members of the House keenly supported their runners in the competition, this support being indicative of the general feeling in the House.

On the last Sunday of term a football match was conducted against Wilson House. Faulkner, with a great display of team spirit by supporters and players alike, ran out winners by several points.

In the Dramatic Society production of the "Caine Mutiny Court Martial," Rob Macmillan played the leading part of defence lawyer Greenwald. The holidays gave us a welcome break from school before commencing the all important third term.

---

### THIRD TERM

---

Third term commenced on Monday 11th for the boarders. The House welcomed Warren Lilleyman into the house. Athletic training commenced immediately, all boys training hard. The benefit of this training was shown when we finished first in the standard points competition. This was enough to pull us up from 5th place on Sports Day to 1st overall. Those who performed well for the house were: Kim Scott, Kevin Minson, Paul Skinner, who all won events and Rob Macmillan, Warren Lilleyman, Colin Wiese, Ted Young, Kev. Minson, with five wins in the sprints and hurdles, was Under 15 champion. The House had a large number of entries, those not competing supporting their representatives with a great deal of noise, particularly with the House war cry. Those who competed in the "Inters" were Rob Macmillan, Warren Lilleyman, Colin Wiese, Kevin Minson and Ted Young.

School tennis commenced immediately after athletics, Jim Offer and Rob Macmillan being members of the Open team and Pat Sewell a member of the Under 15 team.

During the year the spirit and co-operation of the House has been particularly good, every boy playing his part in the house and the year has been a most happy and enjoyable one.

## *Wilson House*

*House Master:* Mr. T. D. Hoar.

*House Captain:* R. B. Gill.

*School Prefect:* J. E. Little.

---

### FIRST TERM

MONDAY, 13TH FEBRUARY saw the return of the boarders and by nightfall all except the customary few stragglers had returned.

The first important event was the induction of House Prefects. Congratulations go to John Broadhurst, Michael Eastman and John Little. On the first day of term Richard Gill was appointed a School Prefect.

It was soon evident that the New School and the fact that there were thirty new boys in the House would make it difficult for old tradition to survive. It would be fair to say that between them the two boarding houses have dug their heels in and prevented themselves sliding along the same path as the rest of the school, in the matter of preserving the solid things of the past.

With no chapel the arrangement of each House alternating for Communion services was adopted, the Service being held for both Houses in the respective Boarders' Common Rooms. Evensong was conducted in the Dining Hall.

The Swimming Sports resulted in a fourth place for Wilson House. Bill Ilbery was our best swimmer, winning the Under 16 championship.

The rowing crew, backed by high hopes, were disappointingly eliminated from the final.

Easter provided a popular break and after it the general running of the House seemed to get into full stride.

Cadet camps began on Friday, 5th May and until Thursday, 11th May, the House was empty except for a few junior members.

---

### SECOND TERM

---

As usual the Monday prior to the start of term saw the return of the boarders. Term began on Tuesday, May 30th.

This term, most of the House was vigorously training for football and we were pleased to see Donald Allen and John Broadhurst playing in the 1st XVIII.

Those from the House in the 1st XI hockey were Richard Gill, Bill Ilbery and John Little, which was a reasonable representation.

After the mid-term weekend a mysterious improvement in the hot water system made life a lot more pleasant in the early morning.

We were well represented in the "Caine Mutiny Court Martial" by Michael Eastman and Richard Gill, with John Little in charge of the sound and backstage duties.

Congratulations to Faulkner House on their hard-earned victory in the football match arranged at the end of term.

An important event was John Little's appointment as a School Prefect. We offer him our congratulations.

---

### THIRD TERM

---

This term started with training for athletics in full stride and after a few weeks of training as a House we had some fine performances in the School Sports. Colin Ritchie showed great form in winning the high jump and then going on to take the Under 14 event at the Inters. Richard Gill took the Open high jump and 220 to become equal open champion. Our other representatives at the Inters. were D. C. Allen, Bill Ilbery, Roger Berg, who performed well in the winter cross country running, and Neddy Lockyer.

It was due to the enterprise of some of our members that the area around us was cleared and grassed. Apparently the work done has inspired our friends in the other house.

With exams approaching the best of luck goes to Junior and Leaving candidates.

With the traditional Boarders' Feast drawing close, the end of a great first year largely due to the spirit shown by those from School House, has come.

## *Stirling*

---

*House Master:* Mr. B. Massey.

*House Captain:* J. A. Trinder.

*House Prefects:* W. J. Garland, R. A. Pearce, R. A. Vallis.

---

### FIRST TERM

THE FIRST INTERHOUSE COMPETITION this year was swimming, and we finished well to be placed third behind Riley and Parry.

For the House J. G. Barker and G. A. Taylor swam well, and we gained many points from our relays and from minor placings.

Unfortunately the House rowing four, consisting of Ward (bow), Collins (2), Wheatley (3), Garland (stroke) and Drewe (cox), broke a gate and were eliminated.

From Stirling J. G. Barker, G. A. Taylor and P. Viska were in the School swimming team; J. A. Trinder and J. M. Williams in the First XI; J. G. Barker in the Life Saving team and W. J. Garland in the 1st VIII.

J. A. Trinder and W. J. Garland were appointed C.U.O.s in the Army, Trinder filling the post of Senior Under Officer.

Throughout 1st Term, as throughout the year, the House meetings held every Wednesday were a great success and helped build up a better understanding between the boys and Mr. Massey.

---

### SECOND TERM

---

The House quickly settled down to the winter sports, and we were represented by J. A. Trinder, B. J. Jackson, R. A. Pearce, P. Viska and J. M. Williams in the First XVIII; G. L. Dudgeon (captain), D. A. Ward, D. F. Barker, D. J. Drake-Brockman, N. P. Davis and D. J. Stickland in the First XV and by A. R. J. Sherwood in the First Hockey.

Cross country races were held during the term, points for which would count towards the athletics total in third term.

We finished the term with a leading total of points and those who ran well for the House were J. A. Trinder, R. A. Pearce, J. M. Williams and B. J. Jackson in the Open Division and W. R. Drewe in the Under Age Division.

J. A. Trinder was a member of the Sports Council and Colours Committee and W. J. Garland was on the Dramatic Society and "Cygnet" Committees.

---

### THIRD TERM

---

At the beginning of third term J. G. Barker was appointed captain of the Shooting team.

Although we finished the athletic sports day ahead on points our number of points from standard trials was below those of Faulkner House and thus we finished second, a very commendable effort by the House.

Those who ran well for the House on the sports day were: R. A. Pearce, J. A. Trinder, W. R. Drewe, P. Viska, J. Viska, R. S. Collins.

Those who represented the School in the Interschool Sports were: J. A. Trinder, R. A. Pearce, J. M. Williams, W. R. Drewe, P. Viska, J. Viska, R. S. Collins, J. G. Barker, G. S. Greenwood and J. B. Turnbull.

Late in third term P. Vaughan was a member of the Under 15 tennis team.

Throughout this year there has been a strong House spirit in the House and although we have not had any great success in the House competitions let us hope that next year will see us rising to the position of Cock House. It is up to the House members in the next few years to build up a tradition for Stirling House in the School, and to make a name for Stirling to be upheld in the future.

## *Buntine*

---

*House Master:* Mr. L. Drake.

*House Captain:* J. B. Stawell.

*School Prefect:* J. B. Stawell.

*House Prefects:* I. A. Dunstan, L. G. Weaver, K. A. Birkhead.

---

THIS YEAR FOUR NEW HOUSES WERE FORMED, making the total seven. Numbers in each house were small in the hope that greater house spirit and thus greater school spirit would prevail.

Mr. Drake welcomed all new boys to the house at our first house meeting.

The first house competition was the school swimming sports. Although the house finished only fifth we had several outstanding competitors. Those who swam well for the house included McDonald, Montgomery, Ross, R. Smith and Bedbrook.

These boys were also representatives in the Interschool Swimming Sports. The House finished second in the rowing. The crew comprised Dunstan, Smith, Wall and Staines with D. McDaniel as the cox. Although we had no representatives in the 1st VIII, Dunstan, Wall and Staines rowed well in the Second VIII.

Buntine had four members in the First XI cricket team which won the Darlot Cup. Stawell, Birkhead, Weaver and Bolton were regular members of the team and it was disappointing that a House cricket competition was not held.

There were no House competitions in second term. The boys from Buntine who played in the First XVIII included Stawell, Smith, Weaver, Birkhead, Little, Wall and Staines.

Ian Dunstan and Bob Montgomery played in the First XI hockey side and Winchcombe was our representative in the First XV rugby team. The House was sorry to lose Kevin Birkhead, who left half way through the term.

Athletics was the main sport in third term. Buntine finished well down the list in the final points but had several good representatives in the Inters. team: Stawell, R. Smith, Bird, Little, Montgomery, Staines, Saunders and Wall.

Alan Wall and Julian Stawell represented the House in the First IV tennis team.

Although the House did not finish high up in the Interhouse Sports conducted, we were well represented in the football, cricket and tennis in which there were no House competitions. House spirit throughout the year was high and Buntine House should figure prominently in the years to come.

## Haynes

*House Master:* Mr. J. D. Bambach.

*House Captain:* W. E. J. Groom.

*House Prefects:* J. S. Male, D. C. W. Milne, A. W. Rees.

---

THE INCLUSION OF FOUR NEW HOUSES at the commencement of the year brought about the introduction of Haynes House. Mr. Bambach, who had just joined the teaching staff, was appointed housemaster.

Soon after settling down, the House members swam in the School Sports. Being comparatively depleted in numbers, the House did not gain the position hoped. It did, however, set a high standard for following Interhouse competitions. Successful in being chosen to represent the School in the Inters. were: R. J. Ainslie, M. C. Bennett, H. J. Leys and B. C. Strickland.

Ken Court, who at the time was a Haynes House prefect, was appointed captain of the school's rowing team. This selection gave the House rowing team the incentive for a good result. However, the four, on being able to obtain only a minor place in the heat, did not row in the final.

Both Peter Bandy and Peter Simpson were regular members of the Darlot Cup team, and played key parts in its victory.

Of the three sports contested in second term none became Interhouse competitions.

Walter Groom and Peter Bandy played in the school's 1st XVIII.

Christopher Milne and John Male were selected as captain and vice-captain respectively of the school hockey team.

Strettin Joel and Tony Rees were the two Haynes House representatives in the 1st XV.

After Peter Jackson and P. R. Lummis had acquitted themselves well in the cross country season, Haynes House finished well up in the school athletic sports.

Walter Groom established records in the Open hurdles and 440 yards, and was successful in being equal with Richard Gill for open champion.

Lummis was outstanding in the Under 13 division, and was also champion athlete.

Other members to do well were: P. Bandy, M. C. Bennett, D. Gray, D. Haselhurst, P. Jackson, B. Strickland and the successful runners in the Under 16 and Under 14 relays.

The foundation for this House has been a good one; with the added numbers next year this must be built upon.

## Parry

*House Master:* Mr. G. N. Altorfer.

*House Captain:* J. T. Irvine.

*School Prefect:* J. T. Irvine.

*House Prefects:* M. J. MacDermott, G. K. Loughran.

---

1961 WAS THE FIRST YEAR in which there has been a Parry House at Hale School. The House was named after the late Bishop Parry, who about 1880 did his utmost to maintain the closest association of the Church and the School. All the boys were new to the House, and there was no tradition or history on which they could build. In fact all members of Parry House should be proud that they helped found Parry House..

At the first House meeting of the year Mr. Altorfer welcomed all new members of the School and outlined what was expected of them as members of Parry House.

This year there were only three Interhouse sporting competitions, mainly because of a lack of facilities. The first of these was the Swimming, and although we had several stars we had to lower our colours to the strong Riley House team. Michael

MacDermott is to be congratulated on being Open Champion, and also Tim Hantke for his record breaking swim in the Under 13 50 metres freestyle. Both these boys went on to win at the Inters., whilst others from the House who swam in the Inters. were Peter Gray and Don Mullaley.

The other House sport in first term was Rowing. Our only member of the 1st VIII was John Avery, and he, with Gordon Dunbar, Richard Yellin, Milan Bosich and Peter Leonhardt rowed for the House in the house competition. Although the crew finished only third we know that they gave of their best and beat several more fancied crews.

During second term there were weekly cross-country races. In this section of the Athletics the House fared very badly, mainly because of the poor attitude of most members of the House. I sincerely hope that never again will it be announced in Assembly that Parry House failed to score!! However, in the main section of the Athletics we did very much better, finishing second to Stirling House. The main point scorers for the House were Michael MacDermott, Richard Yellin, Milan Bosich, Ron Wilson, Peter Reader and Tim Hantke. All these boys represented the School in the Inters. MacDermott won his shot-put, whilst Yellin and Bosich between them won both divisions of the Under 17 440 yards, although Milan apparently thought he was in a fashion parade!!

The House also provided many other Interschool representatives in the other sports: Jock Irvine is to be congratulated on captaining the cricket team which won the Darlot Cup; Irvine, MacDermott, Wilson and Bosich were members of the First XVIII; Des Thomas and Haydn Lowe were in the Hockey team, whilst David Daniels and Peter Gray were members of the newly formed Rugby XV.

During first term the House was deeply sorry to learn of the death of one of its young members, Michael Fletcher, and the House offers its sympathy to Mr. and Mrs. Fletcher on their great loss.

So ends the first school year for Parry House. We must thank Mr. Altorfer and his prefects for the way they have helped set Parry House on its feet. To the boys returning to Parry House next year I say that whatever you do or whatever you do not do, you must always remember, and be proud, that you are a member of Parry House.

## Riley

*House Master:* Mr. A. Kruse

*House Captain:* 1st Term—D. K. Walker  
2nd and 3rd Term—K. W. Court

*School Captain:* W. M. Lilleyman

*House Prefects:* I. P. Evans and A. L. Leishman

---

### FIRST TERM

The House competition quickly got under way with the Inter-House Swimming and Riley started the year in fine fashion by running out comfortable winners from Parry House.

The win was due to a concerted House effort and supplemented by the always consistent, sometimes brilliant swimming of A. L. Leishman; the Under 15 equal champion R. E. Negus; P. McK. Clark, W. A. Wormald and M. J. Parry. Besides these individual efforts were wins in the Under 16 and Under 13 relays (the latter creating a record) and good places in most of the other events. All the abovementioned swimmers were in the School Team.

The House offers its congratulations to A. L. Leishman on his being appointed Captain of Swimming 1961 and Captain of Lifesaving.

Fresh from our success in the swimming we entered a strong combination in the House Fours Rowing with J. N. A. Wilkins (stroke), D. K. Walker (3), T. Sharp (2), A. D. McRae (bow) and T. K. Humphry (cox) and our crew defeated Buntine House Four. Members of Riley House in the 1st VIII were Walker, McRae and Wilkins.

We were sorry to hear near the end of this term that our Captain D. K. Walker was leaving us and we sincerely hope that he is successful in his 1st Year at University.

---

### SECOND TERM

---

At the beginning of this term K. W. Court was appointed as Captain of "Riley" and he soon became an integral part of the House.

The smallness of the houses prevented house competition in either Cricket, Football, Hockey or Rugby. However, Lilleyman was appointed Captain of the 1st XVIII and Wilkins, McRae, Wormald, Negus all played a number of games in that team.

In Rugby N. S. Humphry displayed great fortitude and talent as full-back.

Cross-country running was carried out competitively this year. We were not very strong in either open or under 16 age groups, Lilleyman gaining some good positions in the open, but our under 14 group ran extremely well and Parry was the cross-country champion for that age.

Not all our successes were confined to the fields however. The Debating competition came our way with the efforts of Court, Sharp and A. M. Trethowan.

Cpls. Wilkins and P. Mallabone passed their A.T.C. C.U.O.s course at Pearce, and Trethowan topped the N.C.O. course. LAC Sharp, Eyres and F. Mallabone also passed the N.C.O. course.

Our congratulations go to Warren Lilleyman, Anthony Trethowan, Ted Sharp, John Rosenthal, Alec Leishman and the rest of the cast, as well as Producer Mr. Kruse and Set Lighting Dudley Stow, on their mature Production of "The Caine Mutiny Court Martial."

Members of Riley House on the Dramatic Committee were Trethowan and Sharp; in the Debating Society Committee, Court, Trethowan, Sharp; and on the "Cygnet" Committee, Court, Evans and Sharp.

---

### THIRD TERM

---

Training for Athletics got under way seriously as soon as we arrived back at School. Riley appeared to have a chance of winning the Athletics, but on the day ended seven points behind Stirling House. This was due to the inclusion of Cross-country results, in which we had scored poorly. However, our members put some special effort into their Standard Trials and we scored many valuable points. Our final position was third.

Our representatives in the Interschool Athletics were: K. L. Dray, T. H. Sharp, P. McK. Clark, N. S. Humphry, G. J. Pedlar, T. Fyres and D. B. Stone.

Parry, a certainty for the Under 14 division events, was forced to withdraw because of an injury incurred during the Interhouse Athletics.

As this script goes to the Editor, Riley appear to be in an unassailable position to win the Cock House Cup. It could not have had a better beginning. It is now up to the boys in Sub-Leaving and under to carry on the good work and to further promote the honourable name of Riley, which is already steeped in tradition, and judging by our next year's senior form they should have little difficulty in doing just that.

# SWIMMING

CAPTAIN: A. L. LEISHMAN

---

THE ANNUAL SWIMMING SPORTS were held at Crawley Baths on Tuesday, the 28th of February. Conditions were satisfactory, even though the sky threatened some rain.

For the first time, the four newly formed houses—Haynes, Parry, Riley, Stirling—competed against the old three—Buntine, Faulkner and Wilson.

The smallness of the numbers in each house (between 60 and 70) did not prevent the sports from being keenly contested, and some good individual efforts were put forward.

*Those who broke records were:*

W. A. J. ILBERY (W)—50 Metres Under 16 Back-stroke (35.4 secs.).

W. A. J. ILBERY (W)—50 Metres Under 16 Freestyle (30.9 secs.).

P. B. SKINNER (F)—50 Metres Under 14 Freestyle (31.6 secs.).

P. B. SKINNER (F)—100 Metres Under 15 Freestyle (71.2 secs.).

T. R. HANTKE (P)—50 Metres Under 13 Freestyle (32.8 secs.).

RILEY HOUSE—Under 13 4 x 50 Metres Relay (2 min. 51 secs.).

STIRLING HOUSE—Under 14 4 x 50 Metres Relay (2 min. 32.9 secs.).

*Final House placings and points were:*

1. RILEY HOUSE	.. .. .	78
2. PARRY HOUSE	. . . . .	61
3. STIRLING HOUSE	.. .. .	49
4. WILSON HOUSE	.. .. .	44
5. BUNTINE HOUSE	.. .. .	41
6. FAULKNER HOUSE	.. .. .	30
7. HAYNES HOUSE	.. .. .	19

*Age Group Champions were:*

Under 13—T. R. Hantke.

Under 14—P. B. Skinner.

Under 15—R. E. Negus and G. E. Taylor.

Under 16—W. A. J. Ilbery.

Open—M. J. MacDermott.

In all, the elimination of the diving and handicap events from the programme led to a faster, smoother running sports, and good events were not broken up by the efforts of the "plodders". As long as the School can produce three to four good swimmers in every event there seems no reason for reverting to the old method of making everyone compete in at least one handicap event, much to the displeasure of the spectators.

*Results of the School Sports were:*

## OPEN

200 Metres Freestyle (Record: T. J. Davenport, 1958; 2 min. 25.9 secs.)—M. J. MacDermott (P), 1; A. L. Leishman (R), 2; P. B. Skinner (F), 3; P. J. Gray (P), 4. Time: 2 min. 29.7 secs.

100 Metres Freestyle (Record: T. J. Davenport, 1958; 62.8 secs.). M. J. MacDermott (P), 1; A. L. Leishman (R), 2; P. J. Gray (P), 3; G. K. Loughran (P), 4. Time: 66.7 secs.

50 Metres Freestyle (Record: T. J. Davenport, 1958; 28.0 secs.)—M. J. MacDermott (P), 1; A. L. Leishman (R), 2; G. K. Loughran (P), 3; J. G. Barker (S), 4. Time: 29.7 secs.

50 Metres Backstroke (Record: A. P. MacDermott, 1957; 32.2 secs.)—M. J. MacDermott (P), 1; J. T. Irvine (P), 2; P. J. Gray (P), 3; D. C. W. Milne (H), 4. Time: 37.7 secs.

50 Metres Breaststroke (Record: C. A. Dyas, 1944; 38.4 secs.)—J. G. Barker (S), 1; R. A. Smith (B), 2; W. J. Garland (S), 3; D. Gray (H), 4. Time: 41.7 secs.

## THE INTER-SCHOOL SWIMMING SPORTS

THE 1961 INTER-SCHOOL SWIMMING SPORTS were held on Saturday, 11th March, at Guildford Grammar School's Olympic Pool. The day was hot and a rather uncomfortable, though very enthusiastic, group of 370 Hale boys, trussed up in suits, watched their swimming team turn on a really fine effort.

With Captain A. L. Leishman and M. J. MacDermott coming a close fifth and a well won first respectively in the 100 Metres, the day started well compared with last year's effort. Soon after W. A. J. Ilbery swam well to be fourth in the 100 Metres Under 16 Freestyle.

G. E. Taylor won the 50 Metres Under 14 Freestyle in convincing fashion and the School was up with a roar when P. B. Skinner won the First Division of this event.

T. R. Hantke followed with a win in the Under 13 50 Metres Freestyle, and we were coming a good second.

Then disaster struck. Struggling to win a Breaststroke event after a number of dismal fifths and sixths, J. K. Ross was disqualified. Not knowing of his disqualification till after the race, Ross went on to a close win. Fifteen points slipped through our fingers with the nod of a referee.

P. B. Skinner redeemed the position by winning the 50 Metres Under 14 Breaststroke Second Division, but fifteen points had been lost.

The team was losing ground and Scotch and Christ Church had passed us. Then a second by W. A. J. Ilbery in the 50 Metres Under 16 Backstroke First Division, and a phenomenal first by the Under 13 Relay team of Hantke, Parry, Ainslie, Bedbrook, which was only .4 of a second outside the record, brought us up to third; ahead of Christ Church and  $27\frac{1}{2}$  points behind Scotch.

With a fourth in the Under 15 Relay we drew closer to Scotch (to within  $12\frac{1}{2}$  points), but a fifth in the Open Relay dropped us back to  $27\frac{1}{2}$  points behind. Then a second by the Under 14 Relay brought us back to within  $12\frac{1}{2}$  points of Scotch. Wesley and Christ Church, both 26 points behind us, scored a good win and third respectively in the Under 16 Relay and came within striking distance of the School.

It was now up to A. L. Leishman and M. J. MacDermott to stave off their advance and beat Scotch if possible. Both swam well to gain a fourth position each. Their efforts were fruitful in that Christ Church was held at bay, but Wesley managed to

pass us by 5 points to fill third position. Scotch remained second, only 10½ points ahead of us at the finish.

Fifteen points were lost. This now meant second place was filled by another School, and we were fourth—a close fourth and a hard fought fourth, but nevertheless, a fourth. .

This year we improved two positions on last year. Next year I feel we can improve by the same amount on this year. The material for all freestyle events is there, the material for breaststroke and backstroke events must be made at a cost. The cost? Training throughout the holidays and specialisation. It is the only way to come anywhere near Guildford before The School has a pool of its own.

Our thanks go to Mr. Harry Kelly and to Mr. Altorfer, and to all those who in any way helped to arrange the Inter-House and Inter-School swimming. Lastly, I would like to congratulate the swimming team as a whole. It was the best effort I have seen the team present in five years of watching and waiting. The waiting may be soon over. We congratulate Guildford on their easy victory. May it never be as easy again!

## *Life Saving*

---

CAPTAIN: A. L. LEISHMAN .

This year the Law Shield Competition was held on the 8th of April, and the winners—John Curtin High School—set a new record. In view of the adverse weather conditions this was a remarkable performance and John Curtin are to be congratulated on their fine effort.

Owing to a technical breach the Hale "A" team was disqualified in its heat, the disqualification coming at a time when the team was in front and swimming extremely well.

The Hale "B" team was third in its heat, and thus eliminated, although the boys swam very well and were not far behind the 1st and 2nd place-getters.

*The teams were:*

"A" TEAM: A. L. LEISHMAN (Captain), J. G. BARKER, R. A. SMITH and R. J. MONTGOMERY.

"B" TEAM: D. J. GRAY, P. McK. CLARK, J. K. ROSS and B. C. A. STRICKLAND.

Sincere thanks go once again to Mr. Altorfer for the time and patience that he put into the training of the teams.

Let us hope that next year, with the return of many of this year's life-savers, will see the return of the Law Shield to Hale School.

# CRICKET.

CAPTAIN: J. T. IRVINE

VICE-CAPTAIN: W. M. LILLEYMAN

THIRD SELECTOR: R. L. MACMILLAN

CRICKET PRACTICES BEGAN IMMEDIATELY we returned to School. As there were no practice wickets, the First XI had to practise on the central wicket on the main oval. As this oval was still very bare, it was soon cut up and practices had to be held at the King's Park Oval.

Very early in the season the following elections were made: Captain, J. T. Irvine, Vice-Captain, W. M. Lilleyman, Third Selector, R. L. Macmillan.

These three boys, with Mr. Shields and our new coach, Mr. L. Bandy, formed the Cricket Committee which was to select the teams, conduct practices and allot grounds.

On March 15th the annual games between two Incogniti teams and two Combined Schools teams were played at the W.A.C.A. The School's representatives in the games were Irvine, Lilleyman and Macmillan.

## DARLOT CUP MATCHES

### HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SCOTCH COLLEGE ON 3rd AND 4th MARCH, 1961

Hale captain, Jock Irvine, took advantage of stifling weather conditions by giving Hale first use of a perfect pitch.

After the loss of two early wickets, Irvine and Birkhead became associated in a valuable 90 minute stand producing 72 runs. However, when the third wicket fell, the remaining Hale batsmen offered little resistance to the Scotch spin attack.

**CRICKET, 1961 (Winners of Darlot Cup)**

BACK ROW : J. W. Bolton, R. S. Wilson, J. M. Williams, L. D. Weaver, P. L. Bandy, M. E. C. Eastman, J. B. Stawell,  
P. R. Simpson  
FRONT ROW : R. L. Macmillan, J. T. Irvine (Capt.), Mr. L. V. Shields, Mr. L. H. Bandy, G. K. Loughran (Scorer),  
W. M. Lilleyman (Vice-Capt.), J. A. Trinder.

Scotch replied with 168, owing mainly to a solid 60 by opener Bruse. With a lead of only 40 runs on the first innings, and over 3 hours of play remaining, Scotch by no means had the game safe.

The School's hope of outright victory faded with the unexpected return from the crease of five batsmen with only 14 on the second innings score book. Only a courageous 28 by "Bobby" Simpson in his first Cup match prevented Scotch's outright victory.

Requiring 39 runs for the four Darlot Cup points in the remaining half hour of play, the opposing batsmen were kept under constant pressure by accurate bowling and steady fielding. Hale won the exciting battle against the clock and so only lost on the first innings.

## HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD ON 17th AND 18th MARCH, 1961.

This match could be called the "morale booster" to the Hale side. Batting first, the School made 141 in slightly better than even time, being dismissed shortly after four o'clock. Macmillan's 68 was the highlight of an otherwise poor batting display.

The large afternoon tea supplied by the Hale mothers appeared to be too much for the Guildford batsmen, five of whom lost their wickets before stumps.

When Hale commenced their second innings late Saturday morning, with a 54 run lead, the spectators were treated to a brilliant batting display by Irvine and Birkhead, the latter remaining not out at 60 when the School declared, leaving Guildford three hours to score 167 runs.

Guildford's second innings was a sensation, wickets tumbling right from the outset. At tea, after 90 minutes at the crease, they had lost 9 for 43, and within minutes of the tea break were all out, without addition to this total. Irvine's deceptive medium pace bowling had the opposing batsmen in confusion at all times, as his figures of 9 wickets for 8 runs indicates. Included in this was a hat-trick, a feat rarely performed in any grade of cricket. This excellent bowling by the School's captain inspired the members of the team to even greater heights in the matches which followed.

## HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT WESLEY ON 24th AND 25th MARCH, 1961.

For the third successive time, Hale had first use of the wicket, which was dry and showed signs of crumbling.

The opening batsmen gave the School a sound start, but it was the second wicket partnership which paved the way to a large total. Simpson and Irvine carried the score to 110 (made in 100 minutes) before the former was bowled. Irvine, then 48,

continued on his way to a match winning century which included nineteen "boundaries". Many Hale supporters recalled his 92 against Scotch in last year's Darlot Cup series, and were glad to see this accomplished batsman reach his evasive goal.

Wesley had lost 2 for 14 at stumps and all throughout the Saturday morning never looked like exceeding the Hale total. Nevertheless Graham and Calder batted well and it was to their credit the School's fielding became ragged, several catches being dropped.

Hale declared its second innings closed at 4 for 75, giving Wesley a faint hope of clinching victory. However, the School's bowlers, mainly Irvine, quickly gained the upperhand, and with the home team 5 for 50, the Hale eleven went to tea with their spirit at an all-time high. The remaining batsmen were disposed of in another 45 minutes play, Irvine once again the destroyer, taking 8 wickets at a cost of 34 runs.

Hale now had 9 Darlot Cup points, Christ Church 10, and Aquinas 9.

## HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

PLAYED AT CHRIST CHURCH ON 7th AND 8th APRIL, 1961

Winning the toss on a perfect wicket, Christ Church began well and at 2 for 79 they seemed set for a big score. However, accurate bowling from Birkhead caused them to slump to 6 for

90. Christ Church were finally all out for 151, just after tea. However, rain had fallen during the tea interval, making the pitch very unpleasant for the Hale batsmen.

Hale began disastrously, being 4 for 16 after six overs. However, a good stand from Irvine and Lilleyman added 43 runs. Next morning determined batting from the tail-enders, particularly Weaver, enabled Hale's total to creep up until we were dismissed only 20 runs short of the Christ Church score.

Christ Church's second innings on a sticky wicket, was a triumph for the Hale bowlers. Backed up by keen fielding, they dismissed Christ Church for only 64 runs, leaving Hale 85 runs to make in 130 minutes for outright victory.

Steady batting in the second innings enabled Hale to score the necessary runs with 5 wickets to spare.

Hale won this match because of its spirit and determined team effort in fighting back after trailing on the first innings. We looked forward to the deciding game against Aquinas.

## HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT AQUINAS ON 14th AND 15th APRIL, 1961

Forced to bat first on a sticky wicket, Hale again began badly. However, a determined innings from Simpson helped

Hale to the moderate total of 118. Owing to frequent rain delays, the Hale innings did not end until well into Saturday morning.

The Aquinas batsmen, with the exception of Rigg, never looked like mastering the Hale bowlers, and they were dismissed shortly after lunch 38 runs in arrears. Williams with 4 for 17 was the best of our bowlers.

Hale, batting a second time, realised that they had only to play out time to win the Darlot Cup. However, excellent bowling from Rigg on the very responsive pitch dismissed Hale for a meagre 65 runs.

Aquinas, in a last desperate effort, sent in their big hitters to try to score 104 in 45 minutes to win. However, Hale restricted their scoring to only 33 for the loss of 4 wickets and hence won on the first innings.

Immediately after the match the Headmaster of Scotch College, Dr. Maxwell Keys, presented the Darlot Cup for 1961 to the Captain of the Hale team, Jock Irvine.

# ROWING

CAPTAIN: K. W. COURT

THIRD TERM, 1960

SEVERAL OF OUR ROWERS had gained valuable experience from rowing with the rowing clubs over the winter months. Thus after the Interschool Athletic Sports the school was in a very favourable position with a solid body of rowers to work on.

Hale did not compete in the Aquinas regatta this year, but spent the rest of third term settling down and boating tentative crews for first term, 1961.

FIRST TERM, 1961

The first eight coach, Mr. Pat Trouchet, had an eight boated during the first week of school, and although many changes were later to be made, the crew settled down to some hard rowing, and a very smooth swing and steadiness soon showed that the crew could work together as a team. However, at this stage it was quite obvious that the crew needed much more fitness.

Two weeks later a very keen although extremely light second eight was also boated and this crew later proved to be very fast and flexible and caused many upsets with the first eight. The second eight was coached by Mr. R. Little.

The School Regatta was held in Crawley Bay on Saturday, March the 25th, conditions being ideal with calm water.

The final of the Championship Pairs was won by J. Wilkins, (str.), J. Avery (bow), M. Stone (cox), who convincingly defeated T. Sharp (str.), N. Staines (bow), T. Humphrey (cox).

The Championship Pairs this year was keenly contested, and the winning crew must be congratulated, the winning distance being one length.

The final of the House Fours was also won quite convincingly by Riley House, a length from Buntine. The Riley House crew was J. A. Wilkins (str.), D. K. Walker (3), T. H. Sharp (2), A. D. McRae (bow), T. K. Humphrey (cox).

**ROWING, 1961**

J. A. Avery (bow), I. N. Wilkins (2), R. Stewart (3), W. J. Garland (4), A. D. McRae (5), J. E. Little (6), D. K. Walker (7),  
K. W. Court (str.), M. Stone (cox).

There were also two Interschool Invitation races on the programme, and these added to a very interesting morning's racing. All schools were present and the first eight's race especially was very close, Aquinas coming out victorious from Scotch.

The Second Eight race was won by Guildford, Hale finishing fourth.

After the Regatta the mothers of the Rowers provided a much appreciated morning tea, which concluded a very keen morning's racing. The School would like to thank the mothers very much for their assistance.

After the Regatta training really commenced in earnest, with the first eight using a new method of interval training and pace work with the State Eight, who gave us valuable racing experience. The second eight was also training hard and with both crews training six days a week, a higher standard was steadily being achieved.

By this time three fours had also been boated. They were the third four, coached by Mr. Wilkins, the fourth four, coached by our Rowing Master, Mr. P. Davies (a relatively new hand at the coaching game, and also, as he later proved, a very successful one). And this year there was also a reserve four coached by Mr. Bill Shaw.

Our second eight showed great promise at the Wesley Regatta, coming home victorious from Guildford and Wesley. The two fours came third and second respectively.

Unfortunately, during the Easter break, our crews started to suffer from illnesses which caused considerable upsets in the crews. The first eight stroke, Ken Court, went down with 'flu and John Little had to take over the stroke seat, thus upsetting the whole seating of the crew. It took the first eight several weeks to recover from this and other setbacks, and valuable training time was lost.

However, luck we thought had swung our way only a week before the race. Here again we were disillusioned, for a break in the weather had caused strong westerly winds, giving following breezes for the mile course which was to be used for the Head of the River Race, and even on the eve of the race the unsettled weather was interpreted by the critics (of whom there is always a plentiful supply) to mean fast, following conditions for the race. This suited our crews, which had been rowing very well in the rough water.

However, on the day of the race, there was a slight head breeze (which dumbfounded the critics) with light showers and generally heavy conditions which suited the heavier crews.

The traditional Rowers' Assembly was held on the Friday before the rowing. The first eight coach, Mr. Trouchet, outlined the programme of training which the crews had gone through and gave the School a stirring talk, praising the rowers for their co-operation and spirit. The coaches then presented the Coxswains with their megaphones.

First Eight: K. W. Court (str.), D. K. Walker (7), J. E. Little (6), A. D. McRae (5), W. J. Garland (4), R. Stewart (3), I. N. Wilkins (2), J. A. Avery (bow), M. Stone (cox).

Second Eight: I. W. Dunstan (str.), N. M. Staines (7), R. A. Berg (6), A. L. Wall (5), I. P. Evans (4), G. J. Dunbar (3), T. H. Sharp (2), J. S. Readhead (bow), P. J. Leonhardt (cox).

Third Crew: G. J. Pedlar (str.), D. C. Milne (3), J. Contos (2), N. S. Humphrey (bow), T. K. Humphrey (cox).

Fourth Crew: M. E. Bosich (str.), H. A. Cowan (3), R. H. Yelland (2), G. L. Thompson (bow), G. E. Robinson (cox).

The first Eight finished fifth to Christ Church, Scotch, Aquinas and Guildford, with Wesley following. Time: 5 min. 18 sec.

The Second Eight dead-heated for fourth place with Christ Church. Guildford won by three quarters of a length from Scotch, Aquinas a canvas away third. Wesley finished in last place. Time: 4 min. 12½ sec.

The Third Crew finished fifth, with Christ Church (1), half a length to Guildford (2), half a length to Scotch (3) and three feet to Aquinas (4). Time: 2 min. 59 sec.

The Fourth Crew finished third, with Guildford (1), half a length to Christ Church (2) then Hale a length back, third.

Old Boys dead-heated third with Aquinas.

## HEAD OF THE RIVER

### *By "Stroke"*

Conditions were overcast, with light showers of rain as the crews lined up for the start of the 1961 Head of the River race. Unfortunately, Wesley had been delayed. Thus the start was held up for over 20 minutes.

As I have said, conditions were heavy and favoured the heavy crews but the lighter crews, Hale and Scotch, were relying on fast starts and early leads. However, this did not eventuate as the long wait before the start had slowed the crews up and the first quarter of a mile was very slow, with Scotch gaining only about half a length from the other crews. At this stage

the heavier crews started to use their power and Christ Church, Aquinas and Guildford went out to the front. Here the second accident of the day occurred. Guildford had lost their stabilising fin and were steering erratically, thus blocking the way for our sprint at the half mile, as well as costing Guildford several lengths and may be the race.

By the  $\frac{3}{4}$  mile mark, Christ Church had worn down Aquinas and Scotch and went home to win convincingly. We used everything at our disposal over the last  $\frac{1}{4}$  mile to wear down Guildford's lead, but we could not breach the gap. We finished about three lengths behind the winners, Christ Church.

### THE ROWERS' DANCE

The Rowers' Dance always concludes the rowing season on a happy note, this year being no exception.

The mothers of the crews showed their fine team work and co-operation by providing a splendid supper, for which all present were extremely grateful.

The first eight presented Mr. Trouchet with an underwater glass and the second eight presented Mr. Little with a travelling bag. These presents were in sincere appreciation of the time and effort the coaches had spent with the crews. Both coaches replied that they had enjoyed the year's coaching, and thanked the rowers for their co-operation.

Thanks again to the mothers, and especially to Mrs. Court for supplying the traditional rowers' cake and organising the supper. Thanks must also go to the Captain, Ken Court, for his part in the organisation of the dance and for the execution of his duties generally as Captain of rowing during the year.

SCOTCH, A POWERFUL COMBINATION, were generally considered pre-season favourites for the 1961 Alcock Cup. The Hale team, however, promised to be stronger than in previous years and with Mr. Mill as the new coach, high hopes were held by all of downing the Scotch eighteen. Early form was sound when the side convincingly defeated C.B.C. Perth in poor conditions.

## HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

*Played at Hale School, Saturday, 10th June, 1961*

In the opening round of the Alcock Cup series for 1961, Hale was drawn to play at the new school oval, which, although very sandy, provided a fairly good surface for the game.

Robbins, the Guildford captain, won the toss and elected to take first use of a strong breeze, which favoured the southern end of the ground. However, Hale was the first side into attack and using powerful systematic play kicked 6 goals to Guildford's 2 in the first quarter.

First Quarter: Hale, 6.3; Guildford, 2.2.

Throughout the second term Hale remained in ascendancy. With Lilleyman giving his side great drive from the centre and the forward line functioning smoothly, goals came easily. The Hale ruck had command and with Trinder and Stawell roving skilfully the School was producing a brand of football which had not been seen for several years.

Second Quarter: Hale, 11.7; Guildford, 2.2.

Third Quarter: Hale, 15.8; Guildford, 5.5.

#### FOOTBALL, 1961

BACK ROW : R. S. Wilson, P. L. Bandy, A. D. McRae, R. A. Smith, A. L. Wall, J. M. Williams, N. M. Staines, R. G. Little.

CENTRE ROW : J. R. F. Broadhurst, P. McC. Clark, R. E. Negus, M. E. Bosich, J. N. A. Wilkins, W. G. Worrnald, D. C. Allen, P. Viska, R. A. Pearce.

FRONT ROW : W. E. J. Groom, B. J. Jackson, J. T. Irvine, W. M. Lilleyman (Capt.), Mr. M. W. Mill, J. A. Trinder (Vice-Capt.), M. J. MacDermott, R. L. Macmillan, J. B. Stawell.

The final quarter found both sides very tired owing to the heavy ground, and consequently the play became scrumbly and crowded. A pleasing feature of the game was the spirit shown by the XVIII, while MacDermott's 8 goals was a fine achievement in his first game at full forward.

Final Scores: Hale, 19.10; Guildford, 6.7.

Goal Scorers: MacDermott 8; Trinder, Irvine, 4; Wormald, 3.

Best Players: Lilleyman, Trinder, MacDermott, Irvine, Stawell, Macmillan.

### HALE SCHOOL v. WESLEY COLLEGE

*Played at Wesley College, Saturday, 17th June, 1961*

Hale won the toss and kicking with a stiff breeze immediately scored a goal through Bandy. Wesley soon retaliated with two goals against the wind. It was near the end of the quarter before MacDermott, then Macmillan, kicked goals to give Hale a slight lead at quarter time.

First Quarter: Hale, 3.1; Wesley, 2.1.

Wesley were in attack for most of this quarter but their goal front inaccuracy and the excellent defence of Allan, kept Hale in the game. On the few occasions when Hale attacked we could score only behinds. The standard of football from both teams was very poor during this quarter.

Second Quarter: Hale, 3.4; Wesley, 4.5.

Again Hale could not score freely. We were fumbling the ball very badly and not kicking to our men nor backing one another up. At this stage Hale were a team of individuals. Our only two goals for the quarter were kicked by MacDermott. A 2-point lead at three-quarter time did not seem enough.

Third Quarter: Hale, 5.4; Wesley, 4.8.

Several positional changes seemed to give Hale new life and we fought back strongly to outscore Wesley against the breeze. Lilleyman continually drove the ball forward and Macmillan began to overpower the Wesley ruckmen. When Wesley went forward they again found Allan extremely hard to pass. Hale finally won a low-scoring game by 10 points, although we had played systematic football for only one quarter.

Final Scores: Hale, 7.7; Wesley, 5.9.

*Goal-Scorers:* MacDermott, 5; Bandy, 1; Macmillan, 1.

*Best Players:* Allan, Lilleyman, MacDermott, Macmillan, Wilson.

## HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

*Played at Hale School, Saturday, 24th June, 1961*

Hale, having won the toss, capitalised on a strong wind early in the first quarter by scoring 3 goals before Christ Church crossed their centre line. The School once again was winning in the ruck and across the centre with Macmillan and Lilleyman both playing well.

First Quarter: Hale, 5.3; Christ Church, 0.1.

During the second quarter the combined score of both teams was only 1 goal 5 behinds, and play was, as this suggests, scrumbly and congested, with forwards given no opportunity to play good football. The oval, even at this early stage of the season, was beginning to show signs of wear, and often large clouds of dust obscured the play from the spectators.

Second Quarter: Hale, 5.5; Christ Church, 1.4.

Play continued in this congested manner and Hale, although kicking towards the scoring end, found goals almost impossible. Wormald was the first to bring up two flags with a snap shot from an acute angle. Bandy, who was playing his half-forward flank to perfection, followed suit soon after, and, when Trinder sent a bullet-like drop kick through the middle, Hale had opened up a comfortable 7 goal lead at the third change over.

Third Quarter: Hale, 8.7; Christ Church, 1.4.

The final quarter was an extremely disappointing one from the Hale viewpoint. Several of the side seemed content to rest on their laurels, and showed little of the fighting spirit which had been evident in the Guildford and Wesley games.

Final Scores: Hale, 9.9; Christ Church, 3.8.

*Goal-scorers:* Smith, Stawell, Wormald, 2; MacDermott, Bandy, Trinder, 1.

*Best Players:* Macmillan, Lilleyman, Clarke, Broadhurst, Stawell, Bandy.

## HALE SCHOOL v. AQUINAS COLLEGE

*Played at Aquinas College, Saturday, 1st July, 1961*

This match was played in a strong, blustery wind, while a heavy shower of rain just before the game made the ground and the ball very greasy. Hale began well with the wind but very poor forward work limited our scoring. Numerous opportunities were provided by ruckman Macmillan and centreman Lilleyman. However, very poor kicking was responsible for our scoring only one goal for the quarter.

First Quarter: Hale, 1.2; Aquinas, 0.1.

When it was Aquinas' turn to use the wind they showed how goal-scoring can be made easy by an open, fast-moving forward area. They scored 2 goals in the first three minutes before the Hale backs, led by Allan and Irvine, fought back and held Aquinas. Then, just before the end of the quarter, Aquinas broke through again for 3 more goals. During the whole of the quarter the ball had not been in Hale's scoring area.

Second Quarter: Aquinas, 5.4; Hale, 1.2.

The third quarter saw a great fight-back by Hale. Goals to Wormald, Groom and Stawell left Hale only 5 points behind. Aquinas could score only one behind for the quarter. However, Hale should have been in front because several easy shots for goal were kicked out of bounds or did not reach the goal.

Third Quarter: Aquinas, 5.5; Hale, 4.6.

Hale was first into attack and scored the first goal for the quarter, kicked by Stawell. However, that proved to be the end of the Hale's fight, for we did not score again, while Aquinas kicked 3 goals for the quarter. At this stage Allan and Irvine were the only Hale players who could match the very confident Aquinas players.

In this match we were shown the value of accurate kicking, especially for goal.

Final Scores: Aquinas, 8.5; Hale, 5.6.

*Goal-scorers:* Stawell, 2; Wormald, Groom, Macmillan, 1.

*Best Players:* Allan, Irvine, Macmillan, Little, Jackson, Lilleyman.

---

## HALE SCHOOL v. SCOTCH COLLEGE

*Played at Hale School, Saturday, 15th July, 1961*

After about five minutes of continual attacking Scotch goal-ed. Hale then forced the ball into their forward line, where MacDermott marked well but kicked inaccurately. Irvine and Weaver were defending strongly and saved the School on numerous occasions, although the opposing ruck and rover divisions were already taking charge.

First Quarter: Scotch, 4.3; Hale, 1.1.

When favoured by a strong breeze in the second quarter Hale used ridiculously short kicks, which went astray too often. This allowed the opposition many chances to score, and it was not until late in the term that good teamwork by Lilleyman and Macmillan gave Hale a much needed goal.

Second Quarter: Scotch, 6.5; Hale, 2.3.

The third term was all Scotch, and but for Irvine, who was showing his true brilliance at centre-half-back, and the support given him by Weaver, Hale would have been completely over-powered. Hazelhurst, the Scotch ruckman, and Doncon, his rover, ran riot in the ruck, and although Smith in particular, battled gamely, Hale were outclassed at most bounce downs.

Third Quarter: Scotch, 9.10; Hale, 2.3.

The School played its best football for the match in the last quarter. The forward line, led by MacDermott, played a little more purposefully than previously, but still several easy scoring shots were thrown away.

This match was the first time for the season Hale had played without its regular full-back, Birkhead. This player, who has been a member of the side since 1959, left school after the Aquinas game, and the school was fortunate in finding a most capable replacement for him in Jackson.

Final Scores: Scotch, 10.11; Hale, 3.6.

*Goal-scorers:* Staines, Clarke, Macmillan, 1.

*Best Players:* Irvine, Weaver, MacDermott, Smith, Macmillan.

## HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

*Played at Guildford Grammar School, Saturday, 22nd July 1961*

This match was played in a very strong, blustery wind which blew into a deep pocket at the southern end of the ground.

With first advantage of the breeze, Hale were soon into attack and the first goal was scored very early. Then Guildford surprised by attacking strongly into the breeze but their scoring was restricted to two behinds. Then late in the quarter Hale attacked again for two quick goals. However, with a three goal lead at the first change, Hale had not made full use of the strong wind.

First Quarter: Hale, 3.2; Guildford, 0.2.

When Guildford had their turn with the wind they too frittered away opportunities by kicking into the "dead" pocket. For the first time in the match Hale showed the value of co-ordinated team work by scoring a valuable goal against the wind. Then the Guildford forwards swarmed through and scored four goals, leaving the scores level at half-time.

Second Quarter: Hale, 4.4 ; Guildford, 4.4.

The third quarter followed much the same pattern as the first. Hale continually wasted opportunities by kicking into the "dead" pocket, whilst Guildford found the wind far too strong to score against it. Our four goal lead at three-quarter time seemed large enough if the Hale backs played with all their skill and determination.

Third Quarter: Hale, 8.6; Guildford, 4.6.

The final term opened with Irvine playing a loose game in the back-line. Guildford scored a goal in the first minute of the quarter but then good defence kept them at bay until nearly the end of the quarter. Then a lapse in concentration by Hale let them in to give Guildford a two-point lead. Hale attacked desperately but there was no further score.

Final Scores: Guildford, 8.8; Hale, 8.6.

*Goal-scorers:* Irvine, Lilleyman, 2; MacDermott, Trinder, Groom, 1.

*Best Players:* Jackson, Irvine, Lilleyman, Trinder, Macmillan, MacDermott.

### HALE SCHOOL v. WESLEY COLLEGE

*Played at Hale School, Saturday, 29th July, 1961*

After their defeat at the hands of Guildford, the Hale XVIII was determined to prove that this loss of form was only temporary. The side, notorious for their rugged style of football, started the game perhaps a little more concerned with infusing vigour into the play than making the ball the objective at all times.

First Quarter: Hale, 2.2; Wesley, 1.0.

Throughout the second and third quarters Hale added 9 goals 3 behinds to Wesley's 2 goals 6 behinds. The School played its best football for several weeks and completely non-plussed their opponents with fast, play-on football. Trinder in the centre moved well and had the game well under command by continually driving his side into attack. The usual goal front inaccuracy was forgotten and goals came from all angles. The back line allowed their men no latitude with Jackson, Allen and Staines knitting themselves into an almost impassable last line of defence.

Second Quarter: Hale, 5.2; Wesley, 2.3.

Third Quarter: Hale, 11.5; Wesley, 3.6.

The final term can be credited as the worst eighteen minutes of football Hale played for the season. Many of the team decided that the game was over and they began to ease up. Wesley, taking advantage of this, gradually bridged the 8 goal gap, but fortunately time was against the visitors as the bell rang with the scoreboard reading:

Final Scores: Hale, 12.8; Wesley, 9.10.

*Goal-scorers:* MacDermott, Lilleyman, 3; Macmillan, Wall, 2; Groom, Trinder, 1.

*Best Players:* Trinder, Macmillan, Lilleyman, MacDermott, Wall, Groom, Irvine.

## HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

*Played at Christ Church Grammar School, Saturday, 5th August, 1961*

After their excellent form of the previous week the Hale XVIII ran on to the ground expecting to defeat Christ Church comfortably. However, for the first quarter Christ Church completely surprised Hale with their excellent attacking football. Only superlative marking by Jackson kept their lead at the first change-over down to seven points.

First Quarter: Christ Church, 2.3; Hale, 1.2.

In the second quarter, and for the remainder of the match, Hale showed the football they were capable of playing. MacDermott, at centre-half-forward played his best football of the season and combined with new full-forward Groom. Macmillan took charge in the ruck and he was well supported by rovers Lilleyman and Stawell. The back-line, led by Jackson and Irvine, were able to get on top of the opposing forwards and during the

second and third quarters Christ Church scored only one goal. Trinder also continued his excellent form of the previous week, some of his foot-passes being perfect.

Although Christ Church rallied in the final term, they were no match for the Hale team, which thoroughly deserved its handsome win.

Second Quarter: Hale, 6.8; Christ Church, 2.3.

Third Quarter: Hale, 11.9; Christ Church, 3.6.

Final Scores: Hale, 14.15; Christ Church, 7.7.

*Goal-scorers:* Groom, MacDermott, 4; Wall, 2; Stawell, Staines, Bandy, Lilleyman, 1.

*Best Players:* Groom, Jackson, Macmillan, MacDermott, Trinder, Irvine, Lilleyman, Stawell.

---

### HALE SCHOOL v. AQUINAS COLLEGE

*Played at Hale School, Saturday, 12th August, 1961*

First Quarter: Aquinas, 4.1; Hale, nil.

Second Quarter: Aquinas, 6.3; Hale, 1.5.

Third Quarter: Aquinas, 10.5; Hale, 2.7.

Poor kicking in front of goal by Hale forwards and first class football by the Aquinas ruck and centre line accounted for the visitors commanding position at "lemons". The school's standard of football had been far below that of which it was capable, as it showed in the final quarter with Hale outscoring its opponents for the first time in the game.

Trinder, who had been playing soundly all day, was now outstanding, and MacDermott, although quiet earlier, began to play his best football for the season. Irvine was playing ruggedly at centre half back, while Negus, Jackson and Broadhurst all displayed flashes of good football. After his outstanding performance against Christ Church, Groom's form was disappointing in this game and it was not until late in the final term that he posted his first "major".

Lilleyman, one of the most consistent players throughout the season, was receiving his share of kicks, but his disposal was often erratic and not effective. Stawell, with speed his main attribute, turned in a sound performance despite the fact that the crowded nature of the play was not to his liking.

In general, the team was sluggish and hence outclassed for three quarters but their style of play improved considerably when they were 8 goals down and the game was lost.

Final Scores: Aquinas, 11.8; Hale, 4.11.

Goal-scorers: Trinder, MacDermott, Lilleyman, Groom.

Best Players: Irvine, Trinder, Broadhurst, Lilleyman, MacDermott, Wilkins.

### HALE SCHOOL v. SCOTCH COLLEGE

*Played at Scotch College, Saturday, 19th August, 1961*

This, the final match of the season, was played in a strong cross wind on a wet ground which made the ball very hard to handle. Hale, with first use of the breeze, scored the first goal but for the remainder of the term Scotch showed the value of systematic play when kicking against the wind.

First Quarter: Scotch, 3.2; Hale, 1.3.

In the second quarter the Scotch team completely over-ran Hale and we were held scoreless for the term while Scotch scored a further three goals. At this stage the game was still rather scrumbly, mainly because of the strong cross-wind.

Second Quarter: Scotch, 6.8; Hale, 1.3.

The third term began with Hale immediately in attack. MacDermott, at centre-half-forward, led the fight back and he kicked three of the team's four goals for the quarter. Irvine, quiet earlier, now began to have his share of the play, and this seemed to inspire the Hale team who did outplay Scotch in this quarter. However, we were still two goals behind at three quarter time.

Third Quarter: Scotch, 7.9; Hale, 5.6.

The final quarter again saw Scotch take charge until at the end of the match it appeared as if they had no opposition at all. However, Negus in his second Cup match showed some fight and proved that he could be a star of the future. Generally, however, the Hale team were badly outplayed. At this stage we would like to congratulate the Scotch team on being undefeated for the second successive year.

Final Scores: Scotch, 13.15; Hale, 6.7.

Goal-scorers: MacDermott, 4; Macmillan, Stawell, 1.

Best Players: MacDermott, Irvine, Stawell, Negus, Jackson, Lilleyman.

At the conclusion of the final match, the Headmaster presented the Alcock Cup to the Scotch captain, Doncon, congratulating his side on their fine team effort and all-round strength. Without a doubt they had proved themselves the best side in the competition and their third successive Cup victory was well deserved.

From a Hale viewpoint several matches throughout the season would best be forgotten as quickly as possible. There were, of course, occasions when the XVIII showed their true capabilities, but these were only spasmodic. Perhaps a generally better attitude towards training may have helped, although a little more determination was needed. Nevertheless, if those who return next year remember the courage shown by the team in the last match against Scotch College, Hale could cause an upset in the 1962 round of fixtures.

*The final placing in the 1961 Alcock Cup competition were:*

Scotch	..	..	..	..	..	..	40 points
Aquinas	..	..	..	..	..	..	28 points
Hale	..	..	..	..	..	..	20 points
Wesley	..	..	..	..	..	..	20 points
Guildford	.	..	..	..	..	..	8 points
Christ Church	.	..	..	..	..	..	4 points

## OTHER RESULTS

### FIRST XVIII

- v. Christian Brothers College: Won. 12.13 to 3.12. (Best Players—Jackson, McDermott, Trinder. Goal-kicker: McDermott,7).

### SECOND XVIII

Captain: J. G. Barker

Vice-Captain: J. Wilkins

Coach: Mr. D. A. Milne

- v. Guildford Grammar School: Lost. 3.4 to 6.9.  
 v. Wesley College: Lost. 3.3 to 9.9.  
 v. Christ Church Grammar School. Lost. 1.3 to 4.8.  
 v. Aquinas College: Lost. 3.6 to 5.4.  
 v. Scotch College: Draw. 3.8 to 3.8.  
 v. Guildford Grammar School: Lost. 1.5 to 7.13.  
 v. Wesley College: Won. 6.9 to 5.1.  
 v. Christ Church Grammar School. Lost. 5.16 to 7.7.

v. Aquinas College: Won. 8.12 to 7.7.

v. Scotch College: Lost. 5.10 to 8.6.

Although the Second XVIII did not win many matches, they showed a great fighting spirit which was lacking from the First XVIII. The team surprisingly upset the the best sides in the competition.

The team showed great enthusiasm at training throughout the season and this typified their fighting qualities.

The forward line let down the side on many occasions because of their poor kicking for goals.

The most consistent players were Barker, Wilkins, Court, MacRae and Bolton.

#### THIRD XVIII

Captain: R. G. Johnson

Vice-Captain: J. W. Offer

Coaches: Mr. Marshall and Mr. Adams

v. Guildford Grammar School: Lost. 0.2 to 10.19.

v. Christ Church Grammar School: Won. 6.12 to 1.2.

v. Aquinas College: Won. 2.5 to 1.2.

v. Scotch College: Lost. 2.7 to 4.3.

v. Guildford Grammar School: Lost. 1.4 to 10.6.

v. Aquinas College: Won. 5.7 to 2.5.

v. Scotch College: Lost. 4.5 to 5.3.

The Third XVIII did not play as well as was expected. They seemed to shirk the physical clashes which are inevitable in football and which must be taken if the player is to successfully get and deliver the ball. Team work was lacking in most of the side's games, with the exception of the Aquinas matches. Greater enthusiasm at training would have put the team in better shape to win more games.

The most consistent throughout the season were Webster, Rumble, Male, Offer, Hungerford, Johnson and Stone.

#### UNDER 16A XVIII

Captain: M. Bosich

Vice-Captain: N. M. Staines

Coach: Mr. A. J. Macmillan

v. Guildford Grammar School: Lost. 4.4 to 7.4.

v. Wesley College: Lost. 1.3 to 5.6.

v. Christ Church Grammar School: Lost. 1.5 to 5.14.

v. Aquinas College: Lost. 3.2 to 4.4.

v. Scotch College: Lost. 8.9 to 1.2.

v. Guildford Grammar School: Won. 7.4 to 5.6.

v. Wesley College: Lost. 2.2 to 8.8.

- v. Christ Church Grammar School: Won. 6.4 to 2.8.
- v. Aquinas College: Lost. 0.0 to 8.14.
- v. Scotch College: Lost. 3.3 to 6.8.

## UNDER 16B XVIII

Captain: G. G. Lake

Vice-Captain: B. C. A. Strickland

Coach: Mr. G. Wager

- v. Guildford Grammar School: Lost. 2.3 to 4.3.
- v. Wesley College: Lost. 1.5 to 5.9.
- v. Christ Church Grammar School: Won. 8.9 to 3.6.
- v. Aquinas College: Lost. 1.2 to 3.9.
- v. Scotch College: Lost. 1.3 to 11.12.
- v. Guildford Grammar School: Lost. 4.6 to 7.12.
- v. Wesley College: Lost. 4.6 to 10.13.
- v. Christ Church Grammar School: Lost. 3.3 to 6.6.
- v. Aquinas College: Lost. 0.2 to 28.9.
- v. Scotch College: Lost. 1.3 to 12.7.

Judged on results alone this was not an impressive year. After a slow start, though, the team had the satisfaction of a steady improvement culminating in a fine win over Christ Church Grammar School, a team that had thrashed us in the first round. The fact that nine under 16's played in the First XVIII seriously weakened the team, although the players were always keen and optimistic about their chances. Viska, Flood, Negus and Wall were the team's most consistent players, with all other players at times displaying real football ability. Players must learn to play well more often than just "at times" if they are to develop into a good team. A group of players only becomes a good team when it receives the full benefit from all its players, who in their turn must have become as proficient individually as they possibly can.

## UNDER 15A XVIII

Captain: G. A. Trinder

Vice-Captain: P. B. Reader

Coach: Mr. Haydock

- v. Guildford Grammar School: Lost. 2.7 to 5.2.
- v. Wesley College: Won. 9.8 to 3.3.
- v. Christ Church Grammar School: Lost. 7.3 to 11.6.
- v. Aquinas College: Lost. 0.1 to 5.9.
- v. Scotch College: Lost. 1.5 to 8.4.
- v. Guildford Grammar School: Won. 8.7 to 4.3.
- v. Wesley College: Won. 7.5 to 4.6.
- v. Christ Church Grammar School: Lost. 3.7 to 4.6.
- v. Aquinas College: Lost. 1.5 to 7.6.
- v. Scotch College: Lost. 4.7. to 4.8.

The team won only three matches but could have won several more.

The standard of play was mostly not consistent—too many players have not got the will to win. The team was served well by Vaughan at full back, Randell in the back pocket, Reader in the ruck, and Jefferies who roved.

Trinder did an excellent job of captaining the side and tried hard at all times. Other consistent triers were Nicholas, Greenwood, Eakins and Candy.

#### UNDER 14A XVIII

Captain: W. J. Lochting

Vice-Captain: D. M. Gerloff

Coach: Mr. T. Hoar

- v. Guildford Grammar School: Won. 5.12 to 0.2.
- v. Wesley College: Won. 7.4 to 5.2.
- v. Christ Church Grammar School: Won. 14.13 to 1.6.
- v. Aquinas College: Lost. 2.4 to 6.3.
- v. Scotch College: Won. 3.6 to 1.2.
- v. Guildford Grammar School: Won. 1.1 to 0.0.
- v. Wesley College: Won. 4.9 to 0.5.
- v. Christ Church Grammar School: Won. 5.8 to 0.1.
- v. Aquinas College: Lost. 0.4 to 4.9.
- v. Scotch College: Lost. 2.4 to 6.8.

The team as a whole played well throughout the season. They won seven matches and many of the players showed promise of developing into outstanding footballers in a few years. An enthusiastic will to win characterised the team's matches, although they seemed to tire towards the end of the season.

The forward line, which lacked height, played hard but were often beaten because of lack of system. The rucks and rovers were seldom beaten, while the back line played consistent football.

The best players were Skinner, Parry, Lochting, Fallick, Cugley, Davies and Hantke.

The Under 13A XVIII had a fair season with five victories and five defeats, finishing fourth in the competition. The team trained and played well together and showed some considerable skill. Brother Wilson, coach of Aquinas Under 13A XVIII, remarked on the spectacular high marking. However, the weakness lay in the slow disposal of the ball and inaccurate kicking.

The most consistent players were Tarik, Smith, Lenton, Lummis, Price, Dixon and Pearson. Du Feu showed promise as a rover at the end of the season, and Tomkinson was rucking well until he was forced to retire through illness. We were greatly assisted by advice from Mr. Lenton, a former Subiaco ruckman, at training and in the matches, and we would like to express our gratitude to him for giving so much of his valuable time to assist us.

CAPTAIN: D. C. MILNE

VICE-CAPTAIN: J. S. MALE

THE 1961 SEASON started on a better footing than in previous years with the use of a good ground at Butler's Reserve. Half-way through the season goals from Kings Park were transferred there and for the first time Hale played their home matches on their own ground. The ground and the goals proved a great asset to the faltering team, which played three inspiring matches against the top three teams in the closing matches of the season.

D. C. Milne was appointed Captain of Hockey and at an early meeting J. S. Male was elected Vice-Captain for 1961.

The masters-in-charge of Hockey this year were: Mr. A. Fletcher, 1st XI; Mr. A. Kruse, 2nd XI; Mr. A. Fletcher, 3rd XI; Mr. A. Veth, 4th XI; Mr. S. Braga, 2nd Year "A" and "B"; Mr. N. Rickert, 1st Year "A" and "B."

This year, owing to a large increase in the game's popularity, the number of players was swollen to the extent of several more teams, which were entered in the competition. These were the first and second year teams.

Generally speaking, the team which began the season was younger and less experienced than the team last year. It included only three players who had played previously in the team. As the season went on there were some bad defeats which could have discouraged the team from any further effort. This was not the case and training became harder and matches, too. The general feeling at the end of the season was a new one—the impression left by the determination shown in the last three matches. Next year will see a more experienced team, older, and with greater ideas on the courage and effort required to overcome strong opposition.

## FIRST ROUND

## GUILDFORD GRAMMAR SCHOOL v. HALE SCHOOL

*Played at Guildford Grammar School, Saturday, 10th June, 1961.*

On a damp ground and with warm weather Hale made a determined start and with fast play opened up an advantage over Guildford with an early goal. With a half-time score of Guildford 2, Hale 1, the game seemed to lag slightly and Guildford, driving forward, went on to score 5 more goals. Rallying towards the end Hale Scored again and ended the match with the feeling that they could have been a lot closer to Guildford.

Results—Guildford, 7 defeated Hale, 2.

*Best Players*—Male, Sherwood and Thomas.

*Goalscorers*—Thomas and Male.

---

## HALE SCHOOL v. WESLEY COLLEGE

*Played at Wesley College, Saturday, 17th June, 1961.*

Again with warm weather Hale started the match with courageous back play and thanks to the efforts of Little and the remainder of the back line, the high scoring Wesley team was pinned down to only 2 goals, while the forward line missed a few good opportunities to score. It was after this cheering exhibition that the team began to feel that the slump was ended. Wesley found it hard to score and this was due to hard, determined tactics by the back line.

*Result*—Wesley, 2 defeated Hale, 0.

*Best Players*—Little, Sherwood and Male.

---

## HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

*Played at Guildford Grammar School, Saturday, 24th June, 1961.*

Perhaps somewhat discouraged by Christ Church's fast opening, the team took a while to find their feet and although the ground was good Hale didn't move as fast as they had previously. Christ Church increased a handy lead and went on to win by 8 goals.

*Result*—Christ Church, 8 defeated Hale, 0.

*Best Players*—Sherwood, Ilbery and Male.

## HALE SCHOOL v. AQUINAS COLLEGE

*Played at Aquinas College, Saturday, 1st July, 1961.*

This match should perhaps have taught us a lesson in that we went out and were defeated badly by a team who had already been beaten earlier by hard tackling and forceful play. Our backline was no match for the elusive forwards and accurate passing of Aquinas.

At half-time they were 8 goals to our 1. Thomas, with clever passing and ball control, was rewarded with a goal. This showed that the weakness of the Aquinas side lay in the back line and we needed to be more forceful in our forward play, which lacked driving power. However, Aquinas, cleverly leaving our backs standing still, continued to score freely.

*Result*—Aquinas, 13 defeated Hale, 1.

*Best Players*—Little, Male and Sherwood.

*Goalscorer*—Thomas.

---

## HALE SCHOOL v. SCOTCH COLLEGE

*Played at Butler's Reserve, Saturday, 8th July, 1961.*

Again in warm weather Hale entered on a hard match against a side very similar to their opponents of the previous week. However, better judgment and more courage in our over-worked back line started to slow Scotch down and Hale scored well through Thomas. Though not the better team, we seemed to have improved greatly after the disgrace at Aquinas.

*Result*—Scotch, 8 defeated Hale, 1.

*Best Players*—Little and Ilbery.

*Goalscorer*—Thomas.

---

## HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

*Played at Guildford Grammar School, Saturday, 25th July, 1961.*

This match should have been our chance to redeem ourselves. Guildford were low on the list and had been beaten by most teams. However, the match seemed to lack spirit and though we were almost on even terms at half-time, Guildford's strength wore down our backline and they scored quite easily towards the end of the match. It was a disappointment that Hale

could not come closer to a team which had not proved itself to be good.

*Result*—Guildford, 5 defeated Hale, 1.

*Best Players*—Male, Little and Thomas.

*Goalscorer*—Thomas.

---

### HALE SCHOOL v. WESLEY COLLEGE

*Played at Butler's Reserve, Saturday, 29th July, 1961.*

This match was played in the morning because of visits by teams from India and New Zealand. To enable players to benefit by watching these teams the fixtures were changed to the morning for two weeks.

Hale started slowly and Wesley wasted no time in opening a handy lead, scoring frequently. At half-time the scores were: Wesley, 9 and Hale, 0.

Though we improved during the latter half our backs failed to reproduce their previous form against Wesley, who scored freely.

It is fair to note that the forward line seemed to lack cohesion and penetration in the circle.

*Result*—Wesley, 15 defeated Hale, 0.

*Best Players*—Male, Sherwood and Montgomery.

---

### HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

*Played at Butler's Reserve, Saturday, 5th August, 1961.*

Also played in the morning, this match showed a complete reversal of form.

Beginning hard and playing a fast game after the disaster of the previous week, Hale caught a very strong Christ Church side off balance and kept most of the play in their possession. The forward line, working very well, threw the Church Church backs out of coordination and a pass from Thomas enabled Gill to score.

At half-time Christ Church held a narrow advantage of one goal and Hale went back into the match without any visible slackening up. Thomas and Dunstan both scored well and the game was fought right to the last minute.

*Result*—Christ Church, 6 defeated Hale, 3.

*Best Players*—Gill, Dunstan and Male.

*Goalscorers*—Gill, Thomas and Dunstan.

---

### HALE SCHOOL v. AQUINAS COLLEGE

*Played at Butler's Reserve, Saturday, 12th August, 1961*

With renewed vigour and spirits the team again began the match with fast hard play and put Aquinas off balance. With more penetration in the Hale forward line goals could have been scored.

At half-time Hale, only 2 goals down, returned to the field with no sign of the slackening up seen earlier in the season. Aquinas, passing well, scored twice but with Little saving brilliantly and the backs playing a very tight game, Hale completely changed the impressions of their first match against Aquinas.

*Result*—Aquinas, 4 defeated Hale, 0.

*Best Players*—Little, Male and Sherwood.

---

### HALE SCHOOL v. SCOTCH COLLEGE

*Played at Scotch College, Saturday, 19th August, 1961.*

This match was a further confirmation of the promise made by the team in its last two matches.

Good hard hockey and continued speeding up of the game prevented Scotch from showing much of the ability they showed they had in winning the competition.

The Hale School team were present after the match when the winning Scotch side were presented with the cup, held so long by Wesley.

*Result*—Scotch, 5 defeated Hale, 0.

*Best Players*—Milne, Male and Montgomery.

Fielding four new teams, we found difficulty in getting sufficient coaches. Thanks must be extended to Dr. Lindsay Gray, who gave considerable time in coaching and advising more than one team.

This problem will still be serious next year and we shall greatly appreciate the aid of any interested Parents, friends or Old Boys during the 1962 season.

# Rugby

---

COACH: REV. R. DAVIS

CAPTAIN: G. DUDGEON

1961 SAW RUGBY UNION played in a P.S.A. competition for the first time. Hale entered a team which was by far the lightest and youngest in the competition, but which brought credit to the School by its fair, open play and, generally speaking its courage and determination.

Practically all the 1961 Rugby squad will be at school again next year and they are now all enthusiastic and experienced Rugby players. Hale's future in Rugby looks bright. Much of this healthy state of affairs we must attribute to the splendid coaching of the Rev. R. Davis.

## FIRST MATCH

Hale v. Guildford

In the first half Hale more than held their own in the forwards and Guildford was unable to counter the speed and penetration of our backs. Two tries (from Daniels) resulted from pace and team work.

The second half was evenly contested. Hale's hard tackling kept out Guildford's improved attack. Le Page gave an outstanding performance in his first game, but the whole team tried hard.

*Final Scores:*

HALE, 6; GUILDFORD, 0.

Seconds—Hale, 0; Governor Stirling, 12.

Thirds—Hale, 3; Mt. Lawley, 9.

---

## SECOND MATCH

Hale v. Wesley

Wesley's huge forwards and fast aggressive backs overawed the lighter Hale team and we wilted badly. Within the first ten minutes Wesley had scored three tries and kicked three goals.

Hale then pulled themselves together and after a bustling burst of forward play, Gray scored a try and Stewart converted.

*Half Time Scores:*

Wesley, 15; Hale, 5.

In the second half Hale showed considerable ability, covering up their weight disadvantage by out-manoeuvring the Wesley pack. The bustling tactics of the break-aways prevented any positive movements from the Wesley back-line. Daniels scored a try but Wesley replied with a try and a conversion. Gray was the best forward on the field and Ward and Dudgeon worked well.

*Final Scores:*

WESLEY, 20; HALE, 8.

Seconds—Hale, 12; John Curtin, 8.

Thirds—Hale, 3; Tuart Hill High School, 15.

---

THIRD MATCH

Hale v. Christ Church

Christ Church team was big and experienced, and the game provided a great display of fast, open Rugby. Hale worked hard and tackled valiantly, but was unable to counter the teamwork of Christ Church. Hale's light forwards, well led by Joel, surprised by winning the ball repeatedly.

Christ Church's great tackling allowed Hale only one breakthrough, which resulted in Humphry scoring a try after a good dribbling run. Some positional changes succeeded but the class of the opposition revealed some very weak links in Hale's defence.

The best performances were from Berg, Davis and Dudgeon.

*Final Scores:*

C.C.G.S., 23; HALE, 5.

Seconds—Hale, 11; Modern School, 0.

Thirds—Kingsley College, 22; Hale, 11.

---

FOURTH MATCH

Hale v. Aquinas

Against a team no bigger and with no more experience, Hale failed badly. All credit to Aquinas, who were the better

team, Hale's display being lethargic and lacking in purpose and courage. In Rugby there is no place for the faint-hearted or for players who are not prepared to run themselves into the ground for the sake of the team.

*Final Scores:*

AQUINAS, 8; HALE, 3.

---

#### FIFTH MATCH

Hale v. Scotch College

Although showing improved form on the previous week, Hale was convincingly beaten by a very good side.

Hale obviously had neither the size nor the individual talent to match the other P.S.A. schools and consequently could only hope to win games by team work and aggression.

*Final Scores:*

SCOTCH, 25; HALE, 0.

---

#### SIXTH MATCH

Hale v. Guildford

Having defeated Guildford in the first game of the season, Hale took the field with some measure of confidence. This confidence was short-lived. Guildford dictated the type of play and their forwards gave a creditable display of power rugby. Hale allowed themselves to be hustled out of the game.

*Final Scores:*

GUILDFORD, 9; HALE, 0.

---

#### SEVENTH MATCH

Hale v. Wesley

Realising that they could not expect to match Wesley's giant forwards, Hale concentrated, with some success, on bustling the opposition's backline and capitalising on their errors. Midway through the last half Wesley was leading by only 3 points. The scores then were 9 to 6 and at no time had Wesley looked like breaking away.

Full-back Humphry was a devastating tackler and no one was able to pass him. With the whole team playing with tigerish

WESLEY, 18; HALE, 6.

#### EIGHTH MATCH

Hale v. C.C.G.S.

The less said the better. Hale was compelled to take the field five men short and played a most dispirited, listless game.

*Final Scores:*

C.C.G.S., 32; HALE, 0.

---

#### NINTH MATCH

Hale v. Aquinas

Six boys from the Seconds team took their places in the Hale side with the result that Hale gave one of their best performances of the season, playing fast, open rugby convincingly to beat the Aquinas team. At last the forwards woke up to the fact that they *must* run practically non-stop for an hour.

Daniels, having been shifted to break-away, found form and played a great game. The six juniors, Xanthis, McDaniel, Barker, Stickland, Benson and Minson, acquitted themselves well and gave the side an inspiring lift.

*Final Scores:*

HALE, 18; AQUINAS, 6.

#### TENTH MATCH

Hale v. Scotch

In this final game of the competition, Hale at least made the outstanding Scotch team fight every inch of the way and scored a try against a team which boasted that its line had been crossed only once in the season.

*Final Scores:*

SCOTCH, 21; HALE, 5.

# ATHLETICS

## *School Sports*

---

THE SCHOOL SPORTS were held at the W.A.C.A. ground on Friday, 6th October. The School was disappointed that the sports could not be held on the new cinders track at Wembley Downs. This was not possible because of two soft spots around the bends.

Athletes had to run against a strong westerly wind throughout the meeting, which made good times very difficult. Despite these trying conditions and a soft track, six records were broken. Walter Groom broke records in the Open 440 Yards, which he covered in 51.8 secs., and the Open 120 Yards Hurdles in 15.9 secs. Another open record breaker was Ross Smith. He threw the shot 39 ft. 8 ins.

Robert Pearce broke the Under 17 record in two events, running the 880 Yards in 2 mins. 10 secs. and the Under 17 Mile in 5 mins. 4.6 secs.

J. Bird won the Under 15 75 Yards Hurdles in a record time of 11.8 secs.

*The Champion athletes in each age group were:*

Open: W. GROOM and R. GILL (equal).

Under 17: K. DRAY.

Under 16: M. BOSICH.

Under 15: K. MINSON.

Under 14: T. HANTKE.

Under 13: P. LUMMIS.

## INTER SCHOOL MEETINGS

THIS YEAR IT WAS DECIDED to hold athletic meetings on the Saturdays preceding the Interschool Sports.

On Saturday, 14th October, the school competed in a meeting against Scotch College and Christian Brothers' College (Perth) at Scotch. There were no points awarded at this meeting, but performances of our athletes were not a true indication of our all round strength. Unfortunately several members of our team were unable to compete because of injuries.

The following Saturday, 21st October, we held a meeting against a combined C.B.C. team at Hale. A strong wind favoured runners in the sprint races and several fast times were recorded. Athletes were pleasantly surprised by the condition of the new cinder track, which stood up to the meeting very well. Once again there were no points awarded, but our younger athletes showed considerable improvement.

It is to be hoped that these meetings will help to prepare the younger athletes for the Interschool Sports. This extra competition should be invaluable in both the mental and physical preparation of our athletes.

## *Interschool Sports*

THE 1961 INTERSCHOOL ATHLETIC SPORTS were held at the W.A.C.A. Ground on Saturday, 28th October.

Walter Groom was appointed Captain of the team, which trained enthusiastically in the weeks preceding the "Inters". The team trained at Floreat Park Oval up to Saturday, 21st and then moved to the School Oval. Training for most of the Squad finished on Wednesday, 25th October. Sincere thanks from the Squad are extended to Mr. Haydock, who was in charge of the whole team, but specialised in coaching the sprinters; Mr. Shields, who coached the shot putters; Mr. Longley, who gave up valuable time in training the high jumpers; Mr. Bamback, who relieved Mr. Milne of the hurdle squad this year and gave a lot of time in forming them into a formidable group; and Mr. Poake, who coached the long jumpers.

Conditions at the Inters. were unfavourable for good times, as the runners had to contend with a strong headwind and a soft track. It was remarkable that twelve records were broken and one equalled under the poor conditions.

For most of the day Aquinas and Wesley were battling for the lead, with Scotch close behind, followed by Hale, Christ Church and Guildford Grammar. Late in the afternoon Scotch, who had strong relay teams, took the lead and won convincingly from Aquinas, who finished one point ahead of Wesley.

The highlight of the day was the performance of Scotch's Captain, Keith Wheeler, who won four events. His time of 49.6 sec. for the 440 Yards broke the previous record by 0.9 sec.

Hale finished the day on a good note when the Open Relay (Groom, Stawell, Macmillan, Gill) broke the record in winning their race. Other good performances by our boys were: Gill and Stawell in the Open Sprint, Stawell running the fastest 100 yards of the day in 10.3 secs.; Groom in Open Hurdles and 440 Yards; MacDermott in Open 880 Yards and Shotput; Macmillan in Open 880 Yards.

Under 17 sprinters Dray and Yellin ran well as did the Under 16 Sprint pair Bosich and Pedler. Drew ran brilliantly in the Under 16 880 Yards.

Ritchie won the Under 14 High Jump and Viska the Under 13 100 Yards. Others who performed well were Minson, Reader, Wall.

*Final Point Scores:*

Scotch College . . . . .	483
Aquinas College . . . . .	430
Wesley College . . . . .	429
Hale School . . . . .	346
Christ Church Grammar School . . .	316
Guildford Grammar School . . . .	305

Congratulations to the well balanced Scotch Team, who proved to be very strong in a closely contested Inters.

The most pleasing feature of Hale's performance was the great improvement of the Middle Distance runners and Hurdlers. The team, led capably by Groom, showed a remarkable team spirit and each member deserves congratulations for his contribution.

UNDER 15 DOUBLES: H. Hunt and P. Sewell.

UNDER 13 SINGLES: G. Donovan.

**UNDER 15 TENNIS (Winners of Herbert Edwards Cup)**

P. R. Sewell, Mr. M. W. Mill, J. F. P. Bandy, A. L. Wall, N. L. Hunt, P. Vaughan.

DURING THE LATTER PART OF JANUARY and early February the camps for potential N.C.O.s and C.U.O.s were held at Northam.

Cpl. J. B. Stawell, S/Sgt. W. J. Garland and Cadets J. A. Trinder and W. M. Lilleyman were those chosen to become Under Officers.

As a result of the N.C.O.s camp the following promotions were made:—

Cdt. R. A. Smith to Sgt.; Cdt. R. L. Macmillan to Sgt.; Cdt. J. T. Irvine to Sgt.; Cdt. J. G. Barker to Sgt.; Cdt. D. C. W. Milne to Sgt.; Cdt. J. S. Readhead to Sgt.; Cdt. K. A. Birkhead to Sgt.; Sgt. J. E. Little returned; Cdt. F. T. House to Cpl.; Cdt. D. J. Gray to Cpl.; Cdt. N. M. Staines to Cpl.; Cdt. J. M. Williams to Cpl.

Because of a shortness of "experienced rank" from the previous year, attempts were made not to allow this to repeat itself next year.

Cdt. D. C. Allan was thus made a Cpl. during the year. Other promotions were:—

Cdt. P. Viska to L/Cpl.; Cdt. J. R. F. Broadhurst to L/Cpl.; Cdt. M. E. C. Eastman to L/Cpl.; Cdt. R. G. Little to L/Cpl.; Cdt. E. J. Sewell to L/Cpl.; Cdt. B. D. Cadd to L/Cpl.; Cdt. P. G. Wills to L/Cpl.; Cdt. N. S. Humphry to L/Cpl.; Cdt. D. I. Freedman to L/Cpl.

The Company comprised three platoons with Specialists Platoon making up a fourth in First Term.

The Annual May Camp at Northam ended Army activities for First Term, giving Cadets a space of three weeks before returning to the rigours of Army life.

---

## SECOND TERM

---

The Platoons were "cut" in size and four platoons evolved with fewer men and more rank. With all N.C.O.s fallen out, the effect was a "flock" and a good number of "sheep dogs." It was decided in future to leave these in the ranks unless it was absolutely necessary to do otherwise.

As the Term proceeded the site of the Parade Ground was changed to the main Oval, and it was this general unsureness and experimental work which characterised the Cadets in Second Term.

---

## THIRD TERM

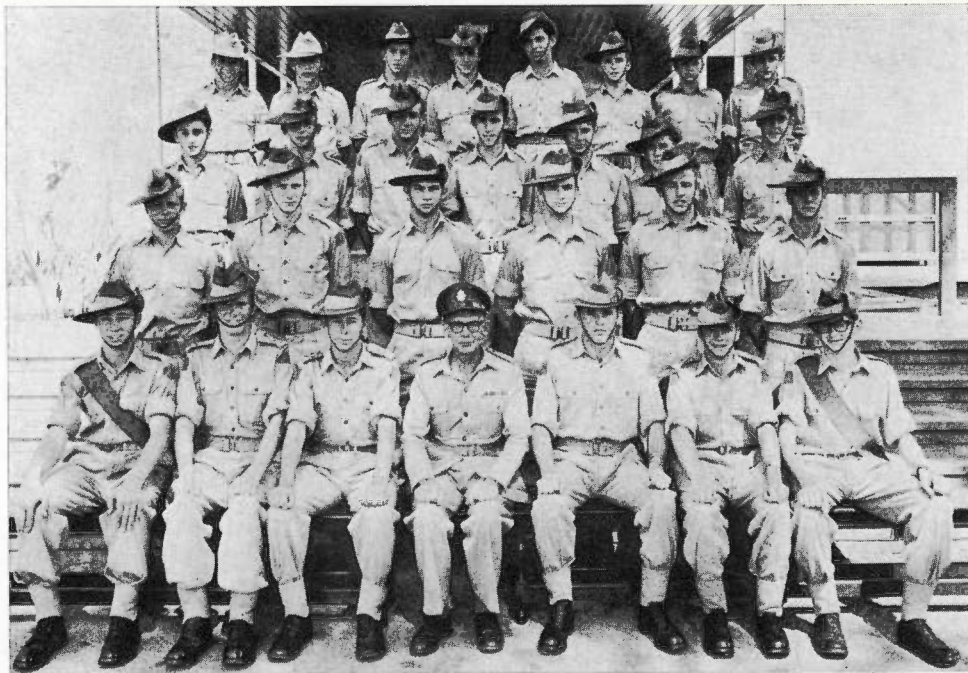

---

Cadets had been originally intended to carry on throughout Third Term, but other school activities prevented parades being held.

However, during this period the Cadets were taken one Saturday morning to Swanbourne to shoot on the "Open" and "Mini" Ranges. From the results on the Open Range the School's Shooting Team was picked, and these competed the following Saturday against other Schools for the "Shooting Cup," "A" division.

The Annual Interschool Rifle Shoot was held this year on the 30th of September, at Swanbourne.

Conditions for shooting were good to begin with, but with the temperature rising as the morning progressed, heat waves from the ground caused a haze to develop in front of the target. This resulted in some remarkably inaccurate shooting and each member was thoroughly disgusted with his efforts. After having shot well in wet and windy conditions the previous day in their trial shoot, they were a little offset by this sudden change in conditions.

**ARMY OFFICERS AND N.C.O.s, 1961**

BACK ROW : L/Cpl. P. Viska, L/Cpl. R. J. F. Broadhurst, L/Cpl. J. W. Bolton, L/Cpl. N. S. Humphry,  
L/Cpl. D. B. Daniels, L/Cpl. P. G. Wills, L/Cpl. L. Sewell, L/Cpl. B. D. Cadd

THIRD ROW : Sgt. D. C. W. Milne, Cpl. N. M. Staines, Cpl. D. J. G. Gray, Cpl. J. M. Williams, Cpl.  
D. C. Allen, Cpl. F. T. House, L/Cpl. N. E. C. Eastman.

SECOND ROW : Sgt. J. S. Readhead, Sgt. R. L. Macmillan, Sgt. J. T. Irvine, Sgt. J. E. Little, Sgt. R.  
A. Smith, Sgt. J. G. Barker.

FRONT ROW : C.S.M. R. J. Montgomery, W/O W. J. Garland, W/O J. A. Trinder, Capt. L. Drake,  
U/O W. M. Lilleyman, U/O J. B. Stawell, S/Sgt. D. R. Stow.

Our congratulations go to Albany High on their win. Narrogin High School came second, with Scotch College third. Our own team finished 12th, and, because of this, must forfeit their place in the "A" division and must next year shoot in the "B" division.

Individual scores were:

	200yds.	300yds.	500yds.
Sgt. Barker . . . . .	16	13	19
Sgt. Smith . . . . .	18	14	5
L/Cpl. Eastman . . . . .	20	18	15
Cdt. Dyer . . . . .	19	14	12
Cdt. Stewart . . . . .	19	18	12

out of a possible 75.

For the Marching Out Parade at the end of Third Term, a concentrated two weeks of training helped to bring the Cadets up to an efficient standard, and loosen the rusted lungs of the Cadet Officers and arouse the bawling Sergeants.

The Parade itself was held on a Saturday morning this year, and a good number of people watched the entire manoeuvre from 10 a.m. to 12 o'clock. Some rather unexpected orders were issued, but the Troops did not allow this to upset them and followed without hesitation the orders of their Parade Commander.

The individual platoon competition was held and C.U.O. Stawell and Sgt. Readhead with No. 4 Platoon carried off the cup.

W.O.2 Montgomery was awarded the Tobruk Trophy for being the most efficient cadet, this decision being unanimous.

Brigadier H. B. Norman, M.C., D.S.O., who reviewed the Parade, made the various presentations and addressed the Cadets.

The Mortars and Vickers sections of Specialists Platoon put on their usual display and several near misses were recorded by the Mortar teams.

So ended the 1961 Cadet Training year.

*"Per Ardua Ad Astra"*

THIS YEAR AT HALE SCHOOL, however, for the C.U.O.s and N.C.O.s the stars looked a very long way away. Our main trouble was the lack of a parade ground, we having to make do with a bitumen road on which to teach drill. This seriously handicapped the instructors taking the Junior recruits for drill. They managed the seemingly impossible task of teaching the recruits basic stage drill—by perseverance and ice cold tempers.

This year 30 cadets were enlisted into our Flight, making the total number of cadets 88, which is one of the largest in the State, excluding the town Flights.

The ranks held in the Flight this year were as follows:

Cadet Under Officers: Rees, A. W., Male, J. S. and Dunstan, I. W.

Warrant Officer: Pearce, R. A.

Flight Sergeant: Gill, R. B.

Sergeants: Ward, D. H., Yellin, R. H., McLean, I. A.

Corporals: Wilkins, J. N. A., Mallabone, P., Dunbar, G. J., Thomas, D.S., Evans, I. P.; A/Cpl.: Offer, J. W.

This year Pilot Officer L. V. Shields was appointed Flight Adjutant, relieving some of the burden of the flight from the shoulders of our Flight Commander Flight-Lieutenant T. D. Hoar.

## MAY CAMP AT PEARCE

This was enjoyed by all the Cadets because all but the last two days was held in school time. The highlight of the Camp was a bivouac, held in the Chittering Valley. Here the Flight was split into two; the cadets who had done the basic stage ground defence the year before; and the new cadets who hadn't.

The latter were taught the basic stage while at bivouac, which includes concealment, observation and a few lectures on explosives and flares.

The advanced group was split up into sections of about seven men, including one N.C.O. Each section was issued with rifles, side arms and one Bren gun. The course for this group consisted of section patrolling, a night exercise, a mock battle using blanks and a reconnaissance patrol to observe a supposed enemy emplacement.

THE N.C.O., C.U.O. SCHOOL, AUGUST

Hale School again got very creditable results at this year's C.U.O., N.C.O. School held at Pearce R.A.A.F. Station. The results were as follows:—

C.U.O. School: Cpl. Mallabone, P. (Distinction Pass); Sgt. Ward, D. H. (Pass); Cpl. Wilkins, J. N. A. (Credit).

N.C.O. School: LAC Trethowan, A. M. (Top of N.C.O. School); LAC Sharp, T. H. (Distinction—equal 3rd, N.C.O. School); LAC Bandy, P. L. (Credit Pass); LAC Bosich, M. E. (Credit Pass); LAC Wilson, R. S. (Credit Pass); LAC Wall, A. L. (Credit Pass); LAC Mallabone, F. J. (Pass); LAC Eyres, T. (Pass); LAC Wheatley, C. (Pass); LAC Strickland, B. C. A. (Pass, Junior N.C.O. School).

## FIRST TERM

This year found the strength of the unit again at 30 cadets, and the 8 vacancies resulting from boys having left school were filled from 64 applications received.

A training camp had been held during the holidays at Garden Island, and there were new resultant promotions and postings.

The unit consisted of three divisions:—

### *Special Division: Logistics*

Lieutenant Davies (C.O. and Captain of *TS Cygnet*).

#### Engineers—

Chief Petty Officer Leishman (Engineer).

Leading Seaman Hoile (Engineer).

Leading Seaman Nathan, C. (Engineer).

#### Supply—

Petty Officer Writer Harris (Admin. and Stores).

Leading Writer Rosenthal (Accounts).

#### Medical—

Leading Sick Berth Attendant Longley.

Assistant Sick Berth Attendant Ryan.

### *Seamen Division: 2nd year cadets (Navigation, Communications).*

Sub-Lieutenant Court (Divisional Officer).

Petty Officer Marsden (Yeoman).

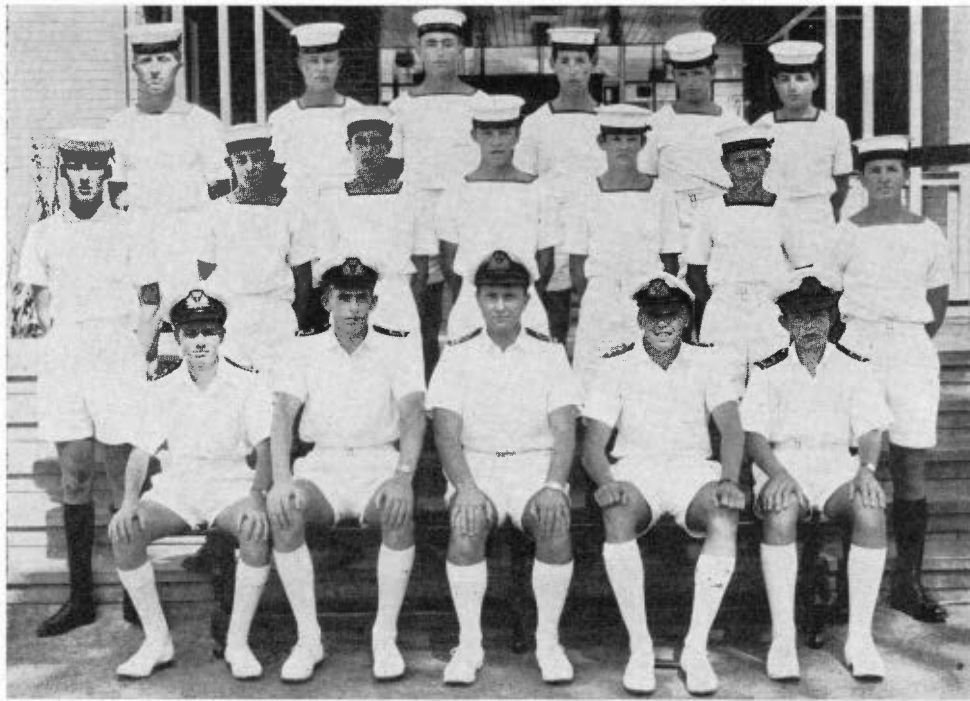

Leading Seaman Negus.

### *Recruit Division: New entry cadets.*

Sub-Lieutenant MacDermott (Divisional Officer).

Petty Officer Crabbe.

Able Seaman Nathan. F.

**NAVAL CADET CORPS — OFFICERS AND N.C.O.s**

**BACK ROW :** P/O J. S. Marsden, L/S P. J. Pearson, P/O R. E. Negus, P/O J. G. Rosenthal, L/S C. J. Nathan, L/S P. J. Leonhardt.

**MIDDLE ROW :** P/O G. J. Crabbe, L/S F. G. Nathan, L/S M. Ryan, L/S G. J. Glover, L/S J. F. Longley, L/S G. E. Taylor, CPO A. L. Leishman.

**FRONT ROW :** Sub-Lieut. J. R. Harris, Sub-Lieut. K. W. Court, Lieut. P. Davies, Sub-Lieut. M. J. MacDermott, Sub-Lieut. R. A. Hoile.

The Unit is designed to be completely self-supporting, giving the cadets the maximum amount of experience in running the various sub-divisions—a factor which was very much in evidence during camp.

The training for first term was held at School, and as there was no opportunity for boatwork, the syllabus covered theoretical work in the various branches and general drill. The Recruit Division were particularly keen and under the instruction of Sub-Lieutenant MacDermott, who has drawn public praise for his bearing and drill, made rapid progress. The communications section were plagued by battery trouble, but a 12 Volt battery "borrowed" from a car owned by the Commanding Officer's mother (why won't that car start?) helped to alleviate the situation.

### CAMP

The camp horizon looked very bleak at the end of term, when the Navy informed us that there would be no room at *HMAS Leeuwin*; but the Commanding Officer persisted in his quest and finally, through the kind co-operation of Commander Clark, RAN, it was arranged that the Navy should supply us with a Camp at Garden Island again. However, they were unable to supply a cook, and the Officers, with fond memories of the training camp held at the island, where they spent 80 per cent. of the time in the galley, suggested that the unit should club together to hire a cook, and this was done under the careful guidance of the unit's "Rosenthal-Davies" team of financial wizardry (what would the unit have done without them?) As the Navy could provide only one instructor, Mr. Kruse consented to accompany us to the camp to help keep an eye on the members. He was accordingly granted the ethereal rank of Honorary Acting Sub-Lieutenant (On Probation).

Preliminary to leaving for Garden Island, the Narembeen and speed boat were taken down river from Crawley. To the question why the unit needed three engineers, the answer rapidly became obvious: with the temperamental Simplex, leaking fuel lines, a fuel cock which automatically turned itself off with the vibration of the motor, and the constant need for mixing 2-stroke fuel, the Engineers were the most hard worked of the lot.

With a swell broadside, the Narembeen, speed boat, and two 27 ft. whalers were towed in solemn procession behind a Navy work boat and reached the island at 1200. While the cook

set up the galley, the members made themselves at home in the specially provided tents: much to everyone's amazement, the Officers also moved into a tent, but after a very suspicious accident this domicile collapsed and the Officers (all 4) moved inside the camp buildings. (Leading Writer (Accounts) Rosenthal, returning from a late card party swears, but of course he is incorrect, that this forced move was engineered in the dead of night by an Officer wearing 2 very wavy stripes, who surreptitiously slipped sharp steel (poetic alliteration—eh!) under the tent stays. As it turned out the Officers' move was auspicious, as five nights later this same Officer was awoken suddenly when a violent wind blew his window in on top of his bed. Staggering to his feet to inspect the row of tents—via the recently vacated window aperture—he was more than amazed to find not one single tent standing. Against the hinterground pattern of storm tossed trees offset by the eternal, nauseating Kwinana flame, was a sad, sodden procession of pyjama-clad boys carrying belongings to one of the buildings.

Such was symbolic of the whole camp—balmy days spent before the winds with sails full and crews confident, nights spent battling the elements or fighting to the finish on precipitous sandy slopes to the accompaniment of screams which would have done justice to "Lord of the Flies" . . . these events are still discussed where battle-scarred *Cygnets* sailors gather.

Now take the Nathan, C. Disappearance business. For some obscure but impressive Naval reason two cadets were left on board the work boat each night, moored  $\frac{1}{4}$  mile offshore. Kay! Well, on the night of the big storm, the Petty Officer and his chosen good buddy Leading Engineer Nathan, C. decided to row out to the work boat . . . as all power boats were unable to face the chop. Complete with blankets and regulation life-jackets, the brave men set out, with a torch flickering in the blackness. The anxious watchers on shore, eyes fixed on the light, suddenly saw the light start to move in a northerly direction out into the bay and Cockburn Sound, much faster in fact than any Hale rower would ever dream of rowing . . . clearly the wind had taken over . . . the light was now moving with increasing velocity . . . here was an emergency. The communications section set up the Aldis Lamp and flashed MAYDAY to the small dinghy, which must have been scant consolation to the two occupants, whose blankets—white, wool, sleeping (on charge) . . . 3—had by now, parted company with the parent craft. The Commanding Officer sprang into his staff car (one bicycle ex K. W. Court) and set off north at 2 o'clock in the morning. However, his daring ride was totally terminated by a fallen tree across the track. Sub-Lieutenant Kruse (obviously

anxious to reach substantive rank) ran  $\frac{3}{4}$  of a mile up the beach to the headland and with the aid of a portable signalling torch, guided the dinghy into the lee shore, and single handed helped the survivors to land. (The U.S. Navy has awarded the purple heart for less).

Or take again the case of another member in the Trap Business! A certain cadet (could it have been one of the Sickberth people?) dug a man-sized trap for an exercise, climbed out, placed his spade carefully against a tree, turned round and promptly plunged back into his hole.

Or the Secret Business! Could it have been another Sickberth Attendant who was the possessor of valuable 'secrets', and was knocked cold and carried off to a waiting cutter by a certain black-faced Sub-Lieutenant?

These incidents and many others provided the climaxes and the memories of the highly successful camp, which began with elementary tactics and boatwork and progressed to the practical applications of these in mammoth exercises at day and night. The concert in the old canteen, with its mock assembly (Get rid of that cat); the Commanding Officer walking the plank; Sub-Lieutenant Kruse claiming diplomatic immunity (from a suddenly self-appointed commission in the Peruvian Navy) when an enemy whaler rammed his own during a fierce sea battle, and being rewarded for his eloquent protestations against violence by a sound blow across the bridge of the nose with a boat hook . . . these and many more emerge, and are chronicled here for the memory of those valiant souls who were there. At last the day came to return and so began the same slow procession; same order; reverse direction; five small boats filled now with a tinge of regret rather than the previous anticipation . . . bound for home port and liberty.

## SECOND AND THIRD TERMS

Second Term again saw training at School, and the purchase of a new cupboard by the Rosenthal-Davies financiers. In September, the Unit was officially inspected by Commander Clark and congratulated on its morale, and upon being the best turned out unit. In particular Petty Officer Writer Harris was commended for his excellent handling of over £2,000 worth of equipment. In his quiet but efficient way Petty Officer Harris has been a tower of strength to Lieutenant Davies, the C.O. in the logistics division.

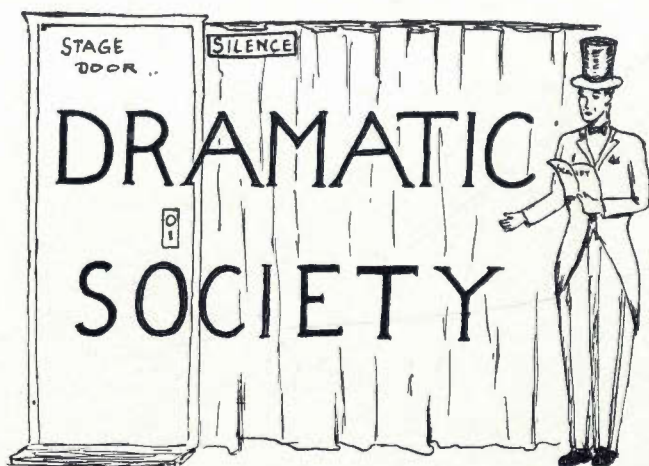

In conclusion, to the Commanding Officer, Lieutenant Davies and his confederate Mr. (Sub-Lieut.) Kruse, who are returning to civilian life in the cruel wide world,—we say thank you and all the best 'ashore'.

### **"THE CAINE MUTINY COURT-MARTIAL"**

THIS YEAR'S PLAY was another outstanding production, a wonderfully successful attempt to produce a school play in what may be termed "modern theatre." "The Caine Mutiny Court-Martial," was well suited to performance in "Theatre in the Round," as was clearly shown on the 21st, 22nd, and 23rd of August this year.

The play is a rather intriguing one from the aspect that it combines into one play the attributes of both a war story and a court drama. Even with these advantages, the writer still had to contend with the fact that the majority of the play was set in a military court, the epitome of austerity, even if it was American.

The interest was kept possibly by the writer's introduction of "The Human Interest Angle," a cross-section of American Life. In bringing to the stand such characters as the seaman

Urban, and the psychiatrist Dr. Forrest Lundeen he introduced to the audience both buffoons and intellectuals.

However, apart from a few idiosyncrasies of some of the witnesses, for example, the rolling of small objects together, they were all fairly normal for members of the U.S. Navy, or any navy for that matter. One felt right from the beginning there was something slightly fishy about Lieut. Steve Maryk. Perhaps, however, this may be put down to his pre-war occupation. This feeling was soon forgotten as, during his long speeches, Steve Maryk brought out the paternal or maternal feelings—which ever the case may be—of the audience. One couldn't help being reminded of Greenwald's words of Maryk, "You're nothing but a big, dumb fisherman," as one sat and listened to him tell the court the way in which he had mutinied against Queeg. One could have found the ending of the play somewhat of an anticlimax, as Maryk was neither hanged nor shot nor drawn 'n' quartered, but the happy ending seemed to make up, for the most part, for this. One left with the same feeling of complete satisfaction as one does from all good drama.

Mr. Kruse, the Producer, also introduced to the actors the elementary ideas of the Stanaslavski Technique of character personalities of Queeg and Greenwald. The Committee wish to acknowledge the work of Mr. Davies, who aided greatly the development of the cast's American accents and the atmosphere of the stage. Congratulations must also be given to the lighting and sound technicians, Stow, Readhead and Little, for the effective use to which they put their media.

The cast was not a group of individual actors but a team of artists working, and we mean working, with a desire to perform a play to as near perfection as possible. The characterisation of Queeg by Tony Rees could be justly envied by any amateur actor, and Robert Macmillan's performance of the bitter, disillusioned Jewish lawyer, Greenwald, left you feeling almost as sorry for him as for poor, broken Queeg.

In the last scene of the play, even Steve Maryk (Warren Lilleyman) realized how foolish he had been to be pushed into mutiny by the selfish writer Thomas Keefer (Richard Gill) and that it was he, Maryk, who had really ruined Queeg.

The play was not only sadness and melancholia, there was a lighter side to it. This was provided by the replies to the questioning of the Judge Advocate, Commander Challee (David Addenbrooke) from a certain seaman Urban (Robert Pearce) of slightly sub-normal intellect; and by the remarks of two Naval Psychiatrists, Dr. Bird (Richard Haynes), and the pompous

condescension of a rather flamboyant Dr. Lundeen (John Rosenthal).

The two most sincere witnesses, one felt, were Willie Keith (Ian Dunstan), the young junior officer of the "Caine," and Captain Southard (John Trinder), a ship-handling expert called to testify as to the advisability of the "Caine's" turning north into the centre of the typhoon. Perhaps at times the audience was a little in doubt as to whether the old judge (Tony Trethowan) was supposed to be comical or serious. There was no doubt at all about the members of the court, Peter Bandy, Ted Sharp, John Marsden, Eric Wheatley, Peter Viska, and Michael Eastman, even if they were more than slightly incongruous in appearance.

We wonder if some of the masters who saw the performance didn't marvel at the realism with which Robert Vallis, Alec Leishman, Richard Hoile, Milan Bosich and John Longley portrayed the roles of "the drunks of the "Caine".

## *Interschool Christian Fellowship*

---

THE MEETINGS AT BHE SCHOOL are only a part of the network of activities of the Interschool Christian Fellowship. Other group activities are Drawing Room meetings, held in homes around the metropolitan area; King's Park barbecues in the Christmas holidays, bicycle hikes, Parents' nights, and camps at Albany, to climb the Stirlings; Bunbury, a holiday on the Estuary; Shark Bay, a gruelling car expedition for the tough ones, and the traditional camp at Point Peron.

This year, at School, after a slow start, the meetings have taken on a definite character. In the beginning the emphasis was on Bible studies. These meetings were held in one of the classrooms of the main block, but it was felt that in many ways this arrangement was unsatisfactory, and near the end of second term we moved to the more accessible Lecture Theatre. Mr. Braga, Mr. Wager and Mr. Bambach conducted the meetings.

Two Interschool camps were held in the August holidays (Shark Bay and Point Peron) and boys from the school went to each. These boys formed the nucleus of an Organisers' meeting which is now held each first Sunday in the month.

We are looking forward in the future to a greater participation of the group members, a greater interest shown by those outside the group, and hence a greater impact on the School.

## Chapel Notes

---

For the first time in its history Hale School has this year been completely independent of other schools or churches in its chapel services. Having to stand on its own feet, the School very soon realized that it has a long way to go before it can develop a tradition of worship similar to the great Church Schools of England.

This year we have become familiar with the Prayer Book services and have greatly extended our repertoire of hymns. Towards the end of the year we even graduated to singing the versicles and responses at Evensong. The standard of singing improved vastly and this, combined with a keen participation in the spoken parts, has made our chapel worship a warm and happy affair.

The lack of proper facilities for worship has meant much furniture moving. At 8 a.m. each Sunday, Holy Communion has been held in one of the Boarding House common rooms. At 7.30 p.m. Evensong has been held in the Dining Hall. At 9.30 a.m. three times each term we have had Mattins in the Dining Hall, while each other Sunday the Chaplain has conducted a Sunday School for the Junior boarders. The boys have been most co-operative in all the manual labour involved, and the atmosphere of worship at the services has gone a long way towards helping us see beyond our immediate environment.

Attendance at Communion has been completely voluntary and has averaged about thirty—quite good, but it could be improved upon.

Next year arrangements for church services will be greatly simplified by the fact that the Memorial Hall will be available. It will be possible then to have mid-week services on greater feast days and for major school events. We naturally look forward to the day when our own Chapel will be built.

On 1st October the School had its first "internal" Confirmation Service, at which His Grace the Archbishop laid hands upon twenty-five boys who had completed a period of instruction of some three months or so. A large number of parents and friends of the candidates attended and were entertained at supper afterwards.

Hale's first school baptism was held this year when Andrew Lawrence Hoar, the baby son of the Housemaster of Wilson House, was baptized.

We must express our gratitude to Mrs. Nottage, Mr. Hewitt, and Mr. Fletcher, who have played at the piano at Evensong and to our visiting preachers, the Reverend J. C. Watts, the Rev. H. Hyde, Mr. A. M. McCutcheon, Archdeacon T. B. McDonald, Canon K. B. Halley, Bishop R. E. Freeth, and His Grace Archbishop R. H. W. Moline.

## *Library Notes*

---

"AUSTRALIA, OR NEW HOLLAND . . ." So begins the article on Australia in the *Encyclopaedia Britannica* at present in the library. After having been in a strait-jacket for so long, in terms of both space and finance, the library is at last able to breathe freely in its infinitely more spacious building at Wembley Downs.

It has been thrilling to see the extensive use made of facilities hitherto unavailable; to many boys a new world full of interest has been unfolded. To encourage the development of this spirit of discovery, an extremely liberal policy has been adopted regarding opening hours and borrowing. The library is open before school, remains open throughout the day, and is available to boarders in the evenings and during the week-end. Any book may be borrowed except units of a multi-volume set and large books which might be damaged in transit.

A school library has a variety of allied aims to fulfil, and each aim must be catered for at every age level within the school. Primarily, the library is the broadest educational tool at the disposal of the School, as it caters for an unlimited curriculum of academic disciplines, each of which in turn has a syllabus limited only by the scope of the library's collection. Secondly, the library is the handmaid of the classroom in that it enriches the material covered in a textbook and provides an avenue of further enquiry or illustration. Lastly, the library must cater for every type of recreation, not only for sport and hobbies, but for literature, for the fine arts, and for those who are curious about other people and places. It must teach its users to appreciate what is strange, what is new and, above all, what is beautiful. To at-

tempt all this is a colossal task, but that is the policy of this and every library.

Such a policy would be quite out of the question were it not for the assistance of very many friends during the year. It would be quite impossible to name all those who have given money or books, but the achievement of the Parents and Friends' Association must be mentioned. At the beginning of the year, the Association set itself a target of £500 to set the new library on its feet. Mrs. D. D. Gray undertook the task of organising a series of "Novel Teas," by means of which this sum was actually raised by the beginning of 3rd term. Mrs. L. E. Fethers, Mrs. L. P. Gray and Mrs. A. E. Massey have given invaluable assistance in preparing the flood of new books for the shelves and in rebinding old ones. Mr. Marshall Clifton willingly agreed to design a new book-plate, which has now been placed in most of the books.

In the actual running of the library, there has been a large team of "assistant librarians" (4th and 5th year boys) and "junior librarians" (1st to 3rd year boys). They have guided the library through its initial growing pains. In a very real sense, it is *their* library.

Much, of course, remains to be done. There is a discouragingly large number of books waiting repair, and a pile of periodicals to be bound. As yet, no books have been catalogued and not all have been classified (the Dewey Decimal Classification scheme being the one used). Until this is completed, the usefulness of the library is greatly impaired. But even this is not the major problem.

Authors stopped using the term "gentle reader" at about the same time as school libraries became widespread. Schoolboys appear to have implicit faith in the indestructibility of a book. Too often, a book is something handy to fiddle with, so that the limits of craftsmanship in the printing and binding trades are soon revealed. Furthermore, some boys have not yet learned that a library is not simply a convenient place to eat their lunch and chatter.

Perhaps the most valuable contribution that parents and friends can make is in their own homes, by fostering a love of good and tastefully printed books, and by teaching their children to regard a good book as a treasure to be handled with respect.

# Debating Society

---

AT A GENERAL MEETING in the beginning of the year, it was decided by the Debating Society to replace the existing, cumbersome committee of eleven, by a three-man committee. This committee would assume the responsibility of organizing internal and inter-school debates, as well as carrying out other society business. The members elected to this committee were: R. L. Macmillan, K. W. Court and A. W. Rees (Secretary).

It was decided at this meeting to invite a guest adjudicator to adjudicate a debate presented by the school's top debaters, and afterwards give a talk on the art of debating. This evening was being looked forward to with great enthusiasm by the Society, but it unfortunately had to be cancelled at the last minute, owing to unforeseen circumstances. It was an unlucky start to the year.

Many more House and internal debates have been held this year than last. Among the more junior members of the Society, there are some who show great promise as debaters, such as D. Irvine, R. L. Gray, J. R. Harris and I. M. Vallis, who is a very forceful speaker. The thanks of the Society must go to Mr. R. G. Harris who has given up his time to come along and adjudicate a number of our debates.

The Interhouse debating was won this year by Riley House, in a very close final debate with Faulkner House. The teams were: Riley House, Court, Sharp and Trethowan; Faulkner House, Offer, Stewart and Macmillan.

Unfortunately Hale School has not fared too well in Inter-school Debates this year, the difficulty being in providing transport for visitors to reach the school. A highlight of one of our Interschool debates, was the adjudication of the debate by a panel of two boys and two girls. This gave the debaters a chance to find faults in other debaters. In doing this, it is hoped that they will correct their own faults when next they speak.

Next year, it is hoped to hold lunch-time meetings of the Society, during which guest speakers will be invited to speak on how to debate. It is now only a matter of solving the transport problem, to assure the debating society a bright and successful future.

*Art of Speech*

ART OF SPEECH was taken by boys of all grades, some including University exams in their year's programme.

Results since the last "Cygnet" was published are:—

A. Watson, Honours in 4th grade practical, and F. Nathan, Credit in 4th grade practical, both as part of their Junior Examination.

Other results are:—

D. Irvine, Honours in 3rd grade; H. Leys, Credit in 3rd grade; M. Cowin, Credit in 2nd grade; J. Debney, Honours in 1st grade.

These good results were again achieved under the guidance of Mrs. H. L. Nottage.

---

*Music*

IN APRIL ABOUT 70 BOYS attended a schools' orchestral concert at Scotch College, organised by the Education Department and the A.B.C.

The students of Mrs. Nottage cover a wide age group, some taking Music as part of their Junior course, while others "tinkle away" in Junior School.

M. Venemore obtained a Pass in 4th grade practical and M. Brown, a credit in 3rd grade theory, as part of their Junior Examinations.

Other results are:—

G. Cugley, a Pass in 2nd grade; D. Kessly and P. Boyatzis, 85 per cent. and 90 per cent. respectively, in preliminary grades.

*Science Notes*

---

THE SCIENCE MASTERS FOR 1961 were Messrs. Milne, Haydock and Massey (Chemistry and Physics) Mr. Prince (Physics) and Mr. Tually (Biology).

The appointment of a Laboratory Technician, Mr. Saveliev, dispensed with the need for Laboratory Cadets, and besides carrying out their former job of setting up apparatus, Mr. Saveliev also manufactured quite an amount of experimental apparatus throughout the year.

The newly developed Science Library, containing both Physics and Chemistry reference books, functioned extremely well and the pool of books on which boys could draw was greatly appreciated and made good use of.

The Laboratories fulfilled their requirements with the maximum of convenience. The gas supply was improved and facilities for experiments, electrical and chemical experiments particularly, were first class. No longer need "prac" periods be a waste of time and effort to boys and masters alike.

## LOWER SCHOOL SWIMMING

The Combined Junior School Swimming Sports were held at Crawley Baths on Tuesday, March 7th.

Schools competing were Christ Church, Guildford Grammar, St. Louis, Scotch College and Hale.

The standard of swimming of the Hale boys was lower than usual, partly because of the increased distance between the New School and Crawley Baths and the consequent loss of training time. However, all boys swam to the best of their ability, the most successful being G. Jones, B. Craig and T. Mill.

No points were awarded.

## LOWER SCHOOL ATHLETICS

The Junior Schools' Athletic Meeting was held at Leederville Oval, on Tuesday, 24th October.

Against very strong competition the Hale athletes performed very well, gaining four firsts in the following events:

50 Yards Under 9 (B); 100 Yards Under 12 (B); 100 Yards Under 12 (A) High Jump Under 12.

Two equal firsts in:

Broad Jump Under 13; 60 Yards Hurdles Under 11 (B).

Four seconds in the following events:

High Jump Under 13; Broad Jump Under 12; 60 Yards Hurdles Under 13 (B); 60 Yards Hurdles Under 13 (A).

*Four thirds in:*

Relay, 4 x 50 Yards Under 9 (A); 50 Yards Under 10 (A); 60 Yards Hurdles Under 12 (A); Relay, 4 x 110 Yards Under 13 (B).

### INTER-COLOUR ATHLETICS

Inter-Colour Athletic Sports were held on the School main Oval on Tuesday, 10th October.

We thank the Fathers who officiated in various capacities and without whose help the sports would have been difficult to hold.

Mothers provided a delicious and ample afternoon tea, which was greatly appreciated by visitors, the staff and, eventually, the boys.

The Sports were won by Blue (193 points) followed by Gold (185½ points), Green (172½ points), Red (134 points).

For the first time prizes were presented immediately after the Sports, the presentations being made by Mrs. Prince.

Winners and runners up in each age group were:

Under 9: 1, Donaldson; 2, Stein.

Under 10: 1, Hassell; 2, Hoar.

Under 11: 1, Ibbs; 2, Mack.

Under 12: 1, Evans, P. B.; 2, Mills.

Under 13: 1, Debney; 2, Nairn.

*Other results were as follows:*

50 Yards Under 9—1st, Lilburne; 2nd, Stein; 3rd, Donaldson.

50 Yards Under 10—1st, Hassell; equal 2nd, Hoar, Stockden.

50 Yards Under 11—1st, Mack; 2nd, R. Syme; 3rd, Ibbs.

75 Yards Under 12—1st, P. B. Evans; 2nd, Kowal; 3rd, Treadgold.

75 Yards Under 13A—1st, Debney; 2nd, Nairn; 3rd, D. Mill.

75 Yards Under 13B—Equal 1st, Campbell and Jones; 3rd, P. Syme.

Sack Race, Under 11—1st, Mitchell; 2nd, Lucas; 3rd, R. Syme.

Sack Race, 11 and Over—1st, Campbell; 2nd, Bevan; 3rd, Jones.

75 Yards, Under 9—1st, Stein; 2nd, Donaldson; 3rd, Lilburne.

75 Yards Under 10—1st, Hassell; 2nd, Hoar; 3rd, P. B. Evans.

75 Yards Under 11—1st, Mack; equal 2nd, R. Syme and Ibbs.

- 100 Yards Under 12—1st, P. C. Evans; 2nd, Bevan; 3rd, Kowal.

The Lower School is losing two valued members of Staff at the end of the year.

Mrs. U. de Rouffignac is retiring from School teaching after thirteen years at Hale.

Hale boys, past and present, who have been taught by Mrs. de Rouffignac will feel saddened to hear this but, we feel sure, will join the Lower School staff in wishing her the best of luck and a long and happy retirement.

Mr. A. Fletcher is leaving to undertake Missionary and Educational work in New Guinea.

We wish him every success in what promises to be an arduous but rewarding experience.

### DESOLATION

Dark in the streets stretch  
Patches of light,  
Bleak and streaked.

Shadowy writhings in  
Whirlpools and windwhirls,  
Howling then cowering.

Diffused and diversified  
Sheets of rain.  
Desolate, dissolute.

Twistings and turnings  
Infantile lurchings  
Backwards, forwards.

A drunk wends his weary way  
homeward bound on a rickshaw of alcoholic stupor.

—Will Blore.

## THOUGHTS AT A FUNERAL

*You see the wooden box pass by,  
And know that some time you must die.  
They'll put you six feet in the ground,  
While friends and foes stand sadly round,  
And think, "There goes another sinner,  
To give the worms their Christmas dinner."*

—C.C. L6.

## STORM

The thunder rolled, and the clouds scurried across the sky. Lightning flashed occasionally, sending out illuminating fingers of light.

Lizards retreated to the shelter of a rock, while rabbits scampered to their burrows. The stream, which for the summer had been a chain of muddy pools, became a raging torrent.

It rained on and on through the night and the wind tore mighty branches off the trees, while the stream burst its banks, flooding the surrounding areas.

Many frogs began their monotonous croaking as the night wore on. The birds had their heads tucked under their wings and found it hard to balance on the twigs which swung perilously from side to side.

The leaves glittered like diamonds as the sun shone through them. A magpie warbled while hunting for its breakfast.

Already a splash of green here and there marked the germination of some native grasses. There was a splash in the nearby stream as two platypuses swam round and round in the search of gilgies, dragonfly nymphs and worms.

The storm had ended.

## HUMANITY?

*A fountain pen. Ashes of  
Skeletons burning  
Bring back to me  
The seat of my yearning —  
That fire slowly burning.*

*Parched spinifex. Corpses of  
Ewes in lamb dying  
Sending me back  
Watching millions there trying  
To putrid sprawl dying.*

*Parched humanity. Same as the  
Beasts of profit I say  
May as well be  
Dry as they. Some day  
Will show you the truth of my say.*

*But light in the dark,  
Drought it is dying,  
And soon comes the rain  
To flood us again  
Drowning for dying.*

*Dead bodies. Souls gone to  
Rest with their predecessors.  
Little they know  
The fly-struck maggot-spewn messes  
Their bodies — souls with predecessors.*

*Callous they say: 'What of the  
Losses?' Would that they lay  
Like the sheep —  
Dead, fly-got, lost parched all day  
Instead of the central pool hall where they lay.*

*That it were, would I well  
Draw from the fountain of life,  
And give it not  
To owner and wife  
But to simple dumb sheep, painful in life.*

*Comfort in death: I am told  
Of sublime lack of pain.  
Somehow, this will  
Help sheep on the plain —  
Rotting and stinking and swathed in pain.*

*What could I do? My task was  
One of the tender sins:  
Pity for animals —  
I sell them in tins  
The most profitable end to atone for my sins.*

—Will Blore.

## THE BEAR FAMILY

*Once upon a time a bear,  
Soft with furry fluffy hair  
Sleeping in his winter cave,  
Made his baby cubs behave.*

*Baby cubs and mother too,  
Father, brothers, sisters who,  
Cuddled in their mother's fur,  
Fell asleep and did not stir.*

 N A N O T

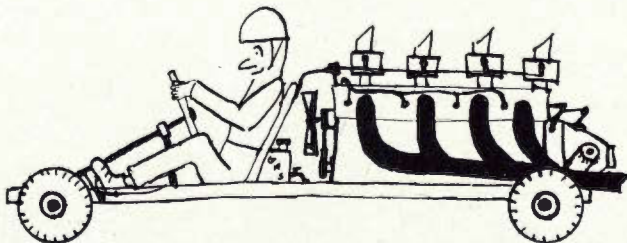

*Now we come,  
And now we go —  
No more to see*

*Soft, sweet, and supporting  
A passing parade of sound and song,  
Nestling softly in a sphere of right, and wrong . . .  
Doomed are we: steeped in sin.  
Onerous, dread Gargantuan!  
Must you evil forge within?*

## THE UNIVERSE

Saturn has nine moons,  
 Mercury has none,  
 Mars and Neptune both have two,  
 But Earth has only one.

Jupiter is freezing,  
 Mercury is boiling,  
 It makes you wonder why these planets'  
 Axles need no oiling.

Mercury and Venus,  
 Earth its moon and Mars,  
 Jupiter and Saturn,  
 Uranus and the stars.

That leaves us only Pluto,  
 On its distant freezing run,  
 To join the other planets,  
 As they whirl around our Sun.

 DEAR THOUGHTS FROM A-SLEEP

*Oh to be in Russia now the Hell Bomb's there.  
 And to see the fleeing Moscovites passing the Red Square.  
 To see the Mushroom cloud in the Cosmos tall,  
 And every red brick of the Kremlin fall.*

*Oh what a sight, Oh what a vision,  
 Just to see the end of Kruschev's Communism.*

 "SO WHAT FOR THE CARD SYSTEM"

*Reading comics under desks  
 Gets a master very vexed.  
 Caught firing pellets round the room  
 That can spell the culprit's doom.  
 Eating apples during class  
 Usually means that you won't pass.  
 But what is so very hard:  
 "Boy, come here, bring me your Card."*

HALE PAYS TRIBUTE TO  
NAPOLEON

**"LURID THOUGHTS ON A PEACEFUL THEME"**

"Then, after they had feasted they began to make their way back." Men and boys were seen wending their way through the maze of buildings. Many knew not where they were going nor cared; but some, a select few from the throng, had a definite object in mind.

They had arrived there now, and were streaming into the one small room; they were in a hurry; fighting and pushing; but strangely, there was no talking.

Those who had arrived first quickly used the scanty seating accommodation; others, forced in by those behind, stood quietly.

All was quiet now; there was very little movement, and all seemed intent on absorbing the knowledge that floated on the very air of that small place.

These actions were a front; for what?

All were listening; waiting for that imminent sound. The minutes ticked by.

Now and then one less strong-willed than the others broke down; he talked, seeking to find relief from the tension. He was ushered out by stern-faced custodians of that silence.

The tension mounted, and then on the silence a sound grew. Those by the door heard it first. The slow measured beat, carrying authority in its steadfastness, drew nearer; and then, through the portals, moved the commander of that sacred place.

He stopped and looked; his audience cringed. Then he opened his mouth to speak; but the words had already been heard.

The audience quivered; hating the words that would be spoken, and yet knowing that they would come. Then shattering the deathly stillness was heard, "All books on the front shelves, please."

Another recess in the library drew to a close.

**LABOUR DAY**

Going to school on a holiday is not really fun,  
Thinking of my boy friends swimming in the sun.  
It's not that I'm complaining of doing work and sums,  
But I'd like on this particular day to swap curriculums.

## TRAGEDY ON HALE ROAD

Not a bell was rung, not a horn was blown;  
With his corpse to the roadside I tottered.  
Not a ging discharged its farewell stone  
O'er the place where our hero was clobbered.

Slowly and sadly I laid him down.  
By this time he was cold as an icicle.  
I carved not a line, and I raised not a stone,  
But I left him alone with his bicycle.

## COBB ST. OVAL

Out of the shifting, whispering sand  
The posts of Cobb St. Oval stand;  
Remote and desolate, stony in patches,  
That's where the Seconds play their matches.

And here, after rain has come,  
The grass may grow, in patches;  
This region in the wilderness  
Is where the Seconds play their matches.

## *Hale Parents and Friends' Association*

---

FOLLOWING THE ANNUAL GENERAL MEETING, which was held on 27th February, the Committee which had been elected for the ensuing year formed sub-committees to deal with matters such as Finance, Working Parties, Swap Shop (clothing exchange), Catering, Membership and Fete (Liaison with Old Haleians' Association).

These sub-committees have been active in their particular fields. Several successful "Swap Shops" have been held, the last one being combined with an American Morning Tea on the Bring-a-Gift and Buy-a-Gift basis. The clothing exchange scheme has now become a regular feature of our activities and the next one is scheduled for Friday, 2nd February, 1962.

Early in the year Committee member Mrs. David Gray was authorised by the Committee to organise a series of Afternoon Teas with a view to raising funds for the Library. This was a most successful venture and resulted in a total of £441-3-0 being raised. A cheque for £500 as a donation to the library fund was presented to the Headmaster by Mrs. Gray at the general meeting on 25th September.

Guest speakers have been invited to general meetings whenever possible. At the Annual General Meeting Professor E. J. Underwood spoke on "Science, the Future and Your Boy" and at the general meeting in September the Director of the Child Welfare Department, Mr. J. A. McCall, dealt with the subject of "Adolescents." At a meeting in June Parents were asked to fill in a questionnaire on subject choices in order to assist the school in the arrangement of the curriculum.

The constitution of the Association has been amended to provide for ten Committee members, and to preserve continuity only half the Committee will in future retire annually. The annual general meeting and election of office bearers will be held on Monday, 26th February, 1962.

The Committee is hopeful that parents of boys who are leaving school this year will continue to support the Association by retaining their membership and attending meetings and other Association functions.

*Office Bearers and Committee for the year ending February, 1962:*

Chairman: Dr. H. Macmillan.

Vice-Chairman: Mr. R. G. Harris.

Headmaster (ex officio): Mr. J. R. Prince.

Hon. Secretary: Mr. J. B. Roberts.

Hon. Treasurer: Mr. B. O. Ryan.

Hon. Auditor: Mr. E. H. Wheatley.

Committee: Mr. I. A. Wilkins (Old Haleians' Association),  
Mr. M. Haydock (School Staff), Mr. E. J. Negus, Mrs.  
L. Gray, Mrs. J. M. Officer, Mrs. E. L. Barrett, Capt.  
C. N. Kleinig, Mr. R. B. Drewe, Mr. T. A. James, Mrs.  
D. Gray, Mr. G. H. Gwynne, Mr. W. Holywell.

## PRESIDENT'S REPORT

---

Gentlemen,

For your information and approval, I present to you the Annual Report of the Association for the year 1961.

The year has been a full one. Details are given under the following customary headings:—

*Committee:*

The Committee has held the usual monthly meetings and they have been exceptionally well attended. It is indeed pleasing to note the presence at many of these meetings of past presidents of the Association. This attendance is not only an encouragement to the Committee but on many occasions valuable, as they are able to give the benefit of their experience. Furthermore it is always pleasant to keep contact with those who have been active in the affairs of the Old Boys in the past.

I thank the Committee for its support during my term of office. I am able to report that all members of the Committee too have been very co-operative and have carried out the various tasks allotted.

The usual sub-committees were appointed early in the year and these carried out their specific duties skilfully.

The Committee now meets at the Headmaster's house and our thanks go to Mr. and Mrs. Prince for this convenience, together with the pleasant arrangements for supper made at the conclusion of each meeting.

Acknowledgement must also be made of the attendance of Mr. Prince at all our meetings, thus allowing many items to be quickly dealt with as the Committee can receive information and advice.

*Finance:*

The Association has investments totalling £3,100 (at the time of writing) and it is proposed to invest this sum in the construction of the new School swimming pool. The detailed financial report will be presented by the Treasurer at the Annual General Meeting. Subscriptions received during the year, though not yet final, are very satisfactory—particularly the life memberships. This increase was due in no small part to the activity of our Secretary, Mr. Robert Gregson.

*"Cygnet":*

As usual several hundred "Cygnets" were issued by the Association during the year to members, and only a token amount was paid to the School towards the cost of publishing. I appeal to Old Boys to remember this when paying their subscriptions and to include some amount towards the cost. The "Cygnet", which is sent to all members, cannot be sent to those whose subscriptions are in arrears by two years or more.

*Hale Old Boys' Memorial Hall:*

The successful completion of the Appeal for £75,000 to build the Old Boys' Memorial Hall was the source of much rejoicing and mutual congratulations. The Committee wishes to thank all those who took part in the Appeal. The building is now well under way and will be opened at a ceremony to be held on the 4th February, 1962. All Old Boys and friends of Hale School are welcome.

*The Board of Governors:*

During the year Mr. Justice Virtue retired and his place was taken by Dr. Lindsay Gray after election by the Association selection committee. Earlier in the year Mr. Justice Hale also retired and Mr. George Simpson, Manager of the Reserve Bank in W.A., was nominated by the Church of England to fill the vacancy.

Mr. Q. Stowe was reappointed for a further four years by the Committee to the Board of Governors.

*Social Activities:*

This year the Annual General Meeting was held in conjunction with Old Boys' Day at the new school and, with perfect weather, both events were a great success.

The Annual Golf Match with a Buffet Dinner and Social, the Annual Dinner, Divine Service, Football Match, Rowing Day Launch, Country Dinner were held as usual. This year the

Country Dinner was held at Busselton and was very successfully arranged by Mr. Bill Minchin. The Social Sub-Committee have worked long hours to make this year one of a series of successful functions.

### *The Old Haleian:*

Again our magazine has been highly successful during the year. At no cost to the Association a good deal of information is circularised to members and has, I believe, kept many Old Boys in touch who would have otherwise have found it difficult. It provides a ready means of giving notice of future and past activities and of receiving information from our widespread members. The Sub-Committee responsible for its publication and distribution, are to be commended.

### *"Cygnet" Hall:*

Cygnet Hall is a large financial concern to the Association. The results of its trading in any year affect very greatly the finances of the Association. There is considerable overhead cost in maintaining Cygnet Hall; and the competition for hiring of halls is considerable.

In spite of this an improvement during the past year has been shown and the Cygnet Hall sub-committee are doing much to improve matters further.

The co-operation of members is sought in using the Hall whenever possible and recommending its use to others. Since it was completed Cygnet Hall has been renovated and improved in many ways and I commend it to your attention as a most suitable place for any social gathering.

### *Endowment Fund:*

During the year the Old Hale School Endowment Fund has been rejuvenated and a new committee elected. A proposal was put that the Endowment Fund should receive loans and build an Olympic Swimming Pool on the grounds of the School, loans to be repaid by the School during a period of from five to ten years. Work has commenced on the pool and it is expected to be completed in February, 1962.

The Association is doing everything possible to co-operate with the fund in this matter.

R. V. GARLAND,

President.
