EDITORIAL

Australians have a national characteristic which entails a rather lackadaisical approach to life. So ours is a country relatively free from the elaborate social etiquette of some foreign nation, the tendency is for informality and the typical Australian feels that exaggerated politeness is obsequiousness and *savoir faire* is for the other chap to know. Australian society does, however, demand that common courtesy be instilled into the make-up of the individual, and people without some smattering of civility are very soon outcasts.

A sad feature of Australians might be the error that many make in assuming that good conduct and bearing are signs of affection and priggishness. Following the erring minority is too common in all levels of society and this attitude, especially amongst teenagers, contributes to the reputation we have for brashness. If, in adolescence—the formative period of life—one gets the idea that correctness is worthy of mockery, one has a hopelessly narrow view of life. No one denies that ruggedness and masculinity are qualities that every boy longs for, but vulgarity and gaucheness, masquerading as these qualities, are quickly detected by those who are manly. Courage is not bravado, nor genius commonsense; politeness is not effeminate.

Do the scoffers know that, by slinging off, they are, perhaps, showing the same signs of affectation and are resorting to the same humbug which they so loudly disclaim? Do they know, also, that great self-discipline is required to adhere to the principal of universal common courtesy and that, by their own boorishness in sniggering, they show a decided lack of it and an even greater scarcity of commonsense and personal integrity. The mocking will continue until people have been educated to appreciate courtesy; to understand the implications of the word and to observe the prominent place it occupies in the constitution of sound character.

This type of education begins with home life and continues in the school. Today both must work together in an effort to raise the present standard of social conduct; the home produces the raw material and the basic training; the school is the refinery. At school the boy becomes man; it is here that he will see life in its proper perspective; it is here that his character is moulded to face the world and it is from here that he learns to appreciate his place in society. He should leave school a Man. The prime ingredients of manliness are integrity, self discipline and courtesy.

Old Boys' Day

THIS YEAR OLD BOYS' DAY was on Monday, 2nd March.

About 190 Old Boys attended the roll call in the Memorial Hall, and, as usual, the day was a great success.

During the assembly, Dr. G. Lilburne and Mr. P. Atkins presented a portrait of Mr. Newbery to the Old Boys' Association.

Later in the day the traditional cricket match was played, the school defeating the Old Boys.

Howard Gwynne later received the bat for making the highest score against the Old Boys. There was also a most successful swimming meeting between the school and the Old Boys, with honours being about equally divided.

SCHOOL NOTES

FIRST TERM

SCHOOL BEGAN ON TUESDAY, 11TH FEBRUARY and at assembly the Headmaster welcomed all boys to the school. B. C. A. Strickland was announced Captain of the School and the following were announced as Prefects: G. E. Taylor, K. J. Minson, P. J. Pearson and R. L. Gray. A number of new masters were introduced to the school. The boys were sorry to learn of Mr. Marshall's illness and wished him a speedy recovery.

The first term sporting activities were soon commenced and the first cricket match of the season was played on February 19th against the Governor's XI and the first Darlot Cup match was played against Christ Church on the 29th.

The prefects were inducted by Mr. Stow. The following additional prefects were announced: R. W. Liddell, A. C. Watson, J. H. Gwynne, R. H. Rose and M. C. Bennett.

Old Boys' Day on March 2nd was well attended. Old Boys competed against the School in hockey, swimming, tennis and cricket. J. H. Gwynne won the cricket bat presented for the highest score against the Old Boys.

During the following week, the cricket team played the Incogniti and the Junior School Swimming Sports were held.

On the 7th March, Hale redeemed its cricketing reputation by greatly extending Aquinas. R. H. Rose scored a century for which Mr. Stow later presented him with a bat.

On the 14th March, Hale performed the unique feat of winning every cricket and tennis fixture against Scotch College. The Interschool Swimming was held at Beatty Park on the 14th. Hale came third—a most creditable performance.

The school was sorry to hear of Mr. Holmes's illness and welcomed a new master, Mr. Taylor.

The School Swimming Sports were held on the afternoon of the 25th March and were won by Buntine House.

On the 26th March, the school broke up for the Easter weekend. On the 4th April the Darlot Cup match against Wesley ended in an amazing tie. The Wesley Rowing Regatta was held in the morning. On the 7th April, Brian Booth on his way to England with the Australian Cricket Team spoke at assembly.

The House Cup final was won by Haynes House on the 8th April.

The school now turned its attention to Rowing. On the 17th April Mr. Little presented the megaphones to the coxswains. On the 18th, in bad conditions, the Hale crew gained fourth place.

On the nights of the 1st, 2nd and 4th of May, the Music Society presented "H.M.S. Pinafore" by Gilbert and Sullivan in the school hall. The performances were of high quality.

On the 6th, D. T. Irvine and G. A. Trinder were made prefects. At assembly the Junior and Leaving certificates were presented.

Term ended on the seventh and the school said goodbye to Mr. Drake who was going on leave and Mr. Milne who was leaving the school.

SECOND TERM

Second term began on the 26th May.

Second Term sporting activities were soon underway and the following sports captains were announced:
Football: J. F. Bandy; Hockey: R. L. Gray; Rugby: K. J. Minson.

On the 1st June, the 1st XVIII was defeated by a visiting team from Geelong Grammar School.

"CYGNET" COMMITTEE, 1964

BACK ROW (l. to r.)—R. I. Hartley, R. A. C. Cullen, G. E. Taylor, A. R. Johnson, W. L. Pittelkow, P. B. C. Harris.
 FRONT ROW (l. to r.)—R. L. Gray, D. T. Irvine (Editor), Mr. C. J. Ashman, G. J. Glover (Secretary), P. J. Pearson.

At Assembly on June 4th the school was addressed by Dr. Paul White, whose work in the primitive parts of Africa has earned him the name of "The Jungle Doctor."

The boys of the school were glad when Mr. E. R. Prince arrived from Kenya to join the science department at the school. His classes now settled down to some solid work.

On July 6th the school was honoured by the attendance at assembly of Mr. C. Veryard, an Old Boy of the school who had recently become Lord Mayor of Perth.

July the 8th was the date of the annual football and hockey matches between the Old Boys and the boys of the school. The 1st XI defeated the Old Boys.

Meanwhile, the Clubs and Societies period was proving to be quite a success. It occasioned the formation of many new clubs. The Music Society was making particular use of it by inviting artists to visit the school during this period and to give recitals for the boys.

The Prefects' Dance was held on 18th July and proved to be a great success.

Bruce Bennett, the Rhodes Scholar for 1963, was present at assembly on August 7th, the eve of his departure for England.

Hale was host school for the annual Interschool Music Society evening this year. It was held in the Memorial Hall on 7th August. Six schools took part.

The sporting teams were completing a successful season. The 1st XVIII finished strongly in third position. The 1st XI had shown signs of improvement. The Rugby team was successful in winning its competition. The Headmaster of Scotch College, Dr. Keys, presented the Rugby Cup to the 1st XV at assembly on August 13th.

The Naval Cadet camp commenced on the 15th and the Army Cadet camp on the 17th August. School broke up on the 20th for the August holidays.

THIRD TERM

Third term began on September 9, and Athletics training soon began.

The Cadet Passing Out Parade was held on Saturday, 19th September, in rainy weather. The units were inspected by Colonel Howard.

In the Athletics meeting against Scotch College, Hale distinguished itself, thus giving an indication of probable success in the Inters. At the School Athletics championships held on 17th October, the large number of records broken encouraged the team. The high spirit of the team and a number of good performances resulted in Hale's coming second at the Inters. on October 24. With the end of Athletics came the beginning of Cricket training. The First XI acquitted themselves well by drawing with the Incognito XI with the honours in their favour.

The school year ended on 7th December with Speech Day.

Institution of a Sixth Form

This year was the first that the Sixth Form became official. To the four sixth formers, John Brighton, Roger Gray, Peter Pearson and Tony Watson, it proved an outstanding success.

Success came from many facets of school life. Academically, we found in our repeat year we would lessen our weakness, and improve our abilities. Although schoolwork was much the same, under the Headmaster's guidance, we undertook some new subjects. This was partly to relieve boredom, but mainly to develop a wider background necessary for our University interests. We felt more confident with our schoolwork, and were able to spend more time in sport and other school activities.

Although we did reasonably well in last year's Leaving Certificate Examinations, the repeat year has been invaluable to us. We now feel much more confident in tackling University courses. We feel it is much safer to repeat a year and build a better background than waste a year at University by not being able to cope with the work. To the Sixth Formers, this year has been one of the most vital school years in our lives.

—A.J.B.

Staff Changes

The following members of the Teaching Staff left at the end of 1963: Mr. R. H. Farthing, Mr. and Mrs. D. S. Haskett, Mr. M. Haydock, Mr. R. N. D. Keet and Mr. W. F. Longley.

Those joining the staff at the beginning of 1964 were Mr. W. F. McEwan, who took over the teaching of woodwork from Mr. Haskett; Mr. J. E. Smart, who teaches maths. and science in first and second year; and Mr. J. O. Chivers, who was with us for first and second terms only and taught maths. and science. There were also two new masters in Junior School: Mr. D. J. Coney and Mr. R. Harrison. Another new staff member, Mr. G. N. Taylor, came towards the end of first term, and, during his stay until the end of second term, he taught social studies subjects in several classes.

At the end of first term, Mr. D. A. Milne, who had for many years been head of the science department, left. He was replaced by Mr. E. R. Prince, who arrived from Kenya a few weeks later. During second term we were also without Mr. L. Drake, who was on long service leave and had gone on a trip to Europe.

At the beginning of third term there were two new masters: Mr. B. B. Gidney, teaching economics and history; and Mr. P. Stocker, teaching maths. and science. We were also glad at the return of Mr. T. Hoar, whose experience during his year's stay at Charterhouse we are sure will benefit the school.

To the new members of staff we wish happiness during their stay, and to those who have left we wish success for their future.

Speech Night

SPEECH NIGHT, 1963 was held on the 9th December in the quadrangle before the Memorial Hall. The proceedings opened with the "National Anthem", followed by a prayer offered by the School Chaplain. The Captain of the School gave his report, after which came the Headmaster's Report. The prizes and trophies were presented by His Grace, The Archbishop of Perth. The formal proceedings were concluded with a vote of thanks and the Benediction. Afterwards, parents were invited to inspect displays of art and woodwork in the art room and the Memorial Hall.

Headmaster's Report

The Headmaster opened his report by welcoming His Grace, The Archbishop of Perth, Archbishop Appleton, to his first Hale School speech night, and hoped that his association with the school would be a long and happy one.

He continued by expressing his gratitude to Bishop Freeth for his tireless work during the years he had been on the Board. Bishop Freeth had resigned from the Board after a long service. The Headmaster announced the appointment of the Dean of Perth, the Very Reverend James Payne, to the Board to replace Bishop Freeth.

The school year had started "with a bang" when the new Junior School was opened on the first morning by Dr. G. G. Henn, the local M.L.A.

The benefits of having a separate Junior School had quickly made themselves felt. The enrolments had risen to 106 and the enrolments for the next year had exceeded this figure. The Headmaster announced that during the course of 1964 an extra classroom would be built and that the Junior School would be extended down to Grade I in 1965.

He then mentioned the staff changes which had taken place during the year and officially said farewell to Mr. and Mrs. Haskett.

PREFECTS, 1964

BACK ROW (l. to r.)—R. W. Liddell, K. J. Minson, A. C. Watson, D. T. Irvine, P. J. Pearson, G. A. Trinder.
 FRONT ROW (l. to r.)—M. C. Bennett, R. H. Rose, B. C. A. Strickland (Captain of School), The Headmaster, R. L. Gray (Vice-Capt.),
 G. E. Taylor, J. H. Gwynne.

He went on to say: "I must once again express my thanks for the all-round co-operation of a great many people in the school community." Among the examples he mentioned were the Honour Boards from the Old School, which had been erected in the Memorial Hall by the Old Boys and the furniture in the Clubs and Societies' Room which had been provided by the Parents and Friends' Association.

The Leaving Certificate results at the end of last year had been particularly gratifying, almost half of the candidates matriculating successfully.

Reference was made to the 4th Year Non-Academic Course which had been a great success. Projects had included the construction of a sheep pen, a fowl house, and a machinery shed to house the equipment for the motor maintenance section of the course.

Another innovation had been the Careers Evening, which was designed to help boys in the senior school to obtain information about their chosen career. The Headmaster drew attention to the extensive nature of the vocational guidance tests that are given at school and the information which is available concerning the aptitude of a boy.

He remarked on the growing practice among banks and Insurance companies of asking to see the reports of a boy who is applying for a job. He said that, instead, a summary of marks and a Certificate of Character would be provided by the school.

With regard to extra-curricular activities, the Headmaster praised the Cadet Units who had had a successful year. He referred to the growing number of Clubs and Societies and to the introduction into the school of the Duke of Edinburgh's Award Scheme, and outlined the policy of the school, to give every boy an opportunity of contributing something of value by allowing each boy to belong to a limited number of clubs only, and to take part in only one official sport in a term.

"Having spoken in this way at some length of our responsibility to the average boy, let me, however, hasten to say that we must not lose sight of the boy who can excel, nor would I support the all too common tendency of the day to bring everyone down to the lowest common denominator. The Rockefeller Report on Education speaks of 'The Pursuit of Excellence in the Context of Concern for All', and this seems to me to sum up very neatly the important balance a School needs to preserve between the two—"The Pursuit of Excellence in the Context of Concern for All'. One inescapable problem which arises out of this concern for *all* is the cost of the facilities required. The

Chairman has referred to the capital which has been invested in the School, and on the sheet enclosed with your Prize List you will see the way it has been spent. I have only one comment to add—In the breakdown of the way in which our School fees are used, there is only a small amount for Interest payments, and no provision at all for repayment of a capital outlay of over £1,000 per boy. Interest on this sum alone would add another £60 per annum to your fees bill, while repayment of the capital sum would make your fees at least £100 per annum greater than they now are."

The Headmaster went on to say that there are many parents who wish to send their children to Church schools, but are prevented from doing so by lack of finance. He realised that if State Aid was granted to such schools, there would be an increased demand for admission into Church schools. Furthermore, when the Government implemented its policy of providing 10,000 Scholarships for children in the final years of High School, there would be an increased pressure to admit boys at 4th Year level. He foresaw that this would endanger some of the things most valued in school life. He stated that he hoped that more Church schools would be built.

"Of course, there are those in the counsels of the various Protestant Churches who oppose the use of any further Church money for the foundation of Schools. They assert that the Christian influence of the Church Schools is negligible, because they have sold their souls to Education with barely a thin veneer of Christianity superimposed on it. Furthermore, they assert that for financial reasons much of the benefit from these Schools tends to go to non-Church members. One must admit that there is, unfortunately, some truth in this kind of statement. Often the impact of Christianity through a Church School has been slight compared with the emphasis placed on academic standard, discipline, sporting prowess and social prestige. But the solution is not perhaps as simple as it appears. As a Christian Headmaster, certainly I want a Christian School, but I find myself asking "What is a Christian School?" Some might answer that it is a place where there is a Chaplain to teach Christianity, and where Christian virtues reign and are encouraged; where honesty, purity, conscientiousness, courtesy and the rest are fostered, and those who do not conform to these standards are disciplined for their failure. And this is all good as far as it goes, but does it go far enough? Christianity, surely, is not merely a matter of behaviour or of classroom teaching; it involves also personal convictions, and the way in which convictions are developed is not simple. The life and influence of members of Staff, senior boys and the School community as a whole may be at least as important as any direct teaching which can be given.

"I, for one, believe that any School, which sets out to be a Christian School, cannot honour God if it is satisfied with anything less than the highest standards in everything—academic, sport, discipline and the rest. But also, I humbly suggest that as in this School we pursue excellence in these fields, we also have a concern to face each boy with the fact that these things alone do not make up the whole of life. The claims of the great Master, Christ, may be at first sight less tangible, but they are ignored at our peril, as perhaps we, in this age, are finding out. Finally, I suggest that if many outside the Church benefit from the School to the exclusion of some inside, perhaps we should accept a reminder from the Primate, who quoted William Temple as saying that 'the Church is the only Club in the world which exists for the benefit of non-Members'. Let us be glad for our School to serve all sorts and conditions of men."

Captain of School's Report

YOUR GRACE, GOVERNORS OF THE SCHOOL, HEADMASTER,
MEMBERS OF STAFF, LADIES AND GENTLEMEN AND BOYS OF HALE:

I feel it would be dishonest to report to you tonight how unfortunate the school was in not winning every sporting contest this year. Similarly I feel it would be dishonest to tell you that next year will see Hale School dominating the sporting arenas. However, I will prophesy that the next couple of years will see a marked improvement in Hale's position as a sporting school.

In fact, the School's achievements in sport in 1963 were only mediocre—with the one major exception, the Athletics. In this sport the team showed remarkable spirit and determination and much of the credit must go to the Captain and Vice-Captain of the team and to the coaches. Their example stood out amongst the reluctance and apathy of many of the other school teams.

In Rugby, Hockey, Football, Tennis, Cricket, Rowing and Swimming Hale finished fourth, fifth or sixth. The Swimmers showed marked improvement which is sure to continue in the next few years. The Hockey teams also continue to improve but a school boy prejudice about the manliness of this sport tends to stifle interest among many athletically-minded boys.

A lack of enthusiasm and dedication still prevails and I feel this comes from the school's failure to acquire the assistance of voluntary outside coaches and the deficiency in the emphasis placed on gaining a place in the school teams.

However, although triumphs were few in sport this year, the boys of the School achieved the most important benefit—they enjoyed their sport.

At this stage I would like to thank, on behalf of the school, one of the Masters who so effectively organised sport in the school that every boy was participating in organised sport every term. Mr. Shield's contribution to the efficient and comprehensive system of House and Interschool sport was a magnificent one.

Another aspect of school life which is just as important as sport was not mediocre.

The cultural life of the school has continued the expansion and progress begun since coming to Wembley Downs and 1963 has been a very successful year in this respect.

"His Excellency", the School play, the Junior School play, the School concert and the frequent interschool debates were all of a very high standard. The debates were an outstanding feature of the school life and were exceptionally well attended. Indeed on one occasion at a school with a larger enrolment than ours, our representatives out-numbered the hosts by about six to one.

The introduction of a comprehensive and interesting range of new clubs and societies has brought within the grasp of the pupils many new interests and hobbies. Now boys can participate in aero-modelling, archery, stamp collecting, chess and many other activities during a special period set aside for these things.

A new Gilbert and Sullivan Opera has begun rehearsing for next year and the great interest shown in music is a hopeful sign for both the school and the community.

The Army and Navy Cadet Units were of a very high standard and at their camps and passing out parades brought great credit upon the school as well as winning awards.

Another very encouraging sign was the magnificent way in which the boys contributed to charity this year. The total contribution of over £400 was an achievement just as important as any sporting victory.

I feel I must make special mention of the boarders for, as is so often the case, their morale and support were very noticeable. Perhaps the whole school relies a little too much upon the boarders and takes their loyalty and hard-work too often for granted.

Personally I leave Hale School with two feelings in my heart. Firstly, sorrow at having to leave this place where I spent so much of my time and where I have been so happy, and then disappointment. Disappointment because so many of the boys of the school, and parents, spend more time in criticising and complaining about our school than they ever do in praising or supporting it.

Boys and parents say there is no school spirit; they come to the sporting fixtures and talk about how weak we are at sport. Not enough people connected with the school, and especially the boys, take a lead from many staff members and Old Boys and give every support and encouragement to the school. Not enough boys are proud of their school and are willing to wear the uniform properly; too many would rather run the place down than build it up. I'm told by much more experienced people than myself that this is a common characteristic of big institutions. If this is so, then we can only hope to achieve great school spirit and pride when everyone—Boys, Staff, Parents, Old Boys, and Friends—begins to give all possible support and encouragement to the school.

House Notes

Faulkner House

House Master: Mr. D. A. MILNE (1st Term), Mr. D. F. POAKE

House Captain: K. J. MINSON

School Prefect: K. J. MINSON

House Prefects: W. R. DREWE, M. J. BORGWARD, M. J. COUSIN,
G. C. K. PEARSE

FIRST TERM

On February 9th, most of last year's boarders returned to the House. They were joined by twenty-four new boys. On the first Sunday night back three new Prefects were appointed: Malcolm Borgward, Gordon Pearse and Malcolm Cousin. (Bill Drewe was appointed in second term last year). Kev Minson was named a School Prefect in the first week. A new master, Mr. Bruce Bennett, last year's Rhodes Scholar, came into the House to replace Mr. G. Bennett, who left the House at the end of last year, after having been two years with us.

Sports training commenced soon after the start of school and in the Interschool Swimming Sports, held on Saturday, 14th March, at Beatty Park Aquatic Centre, Faulkner House boys who did well were: Mel Wheat, who won the "A" Division Under 13 Freestyle and 55 Yards Backstroke; and Greg Jolly, who won the "B" Division Under 13 55 Yards Freestyle. Other boys who competed were: Mike Warren, Malcolm Cousin, Ted Young, and Terry Barr. Congratulations to all these boys who helped bring Hale to third position in the swimming, our best position for many years.

In the Inter-boarding House Swimming, Faulkner won the great majority of races to go on to a runaway victory over Wilson House, scoring double Wilson's number of points.

In the Inter-boarding House Cricket, Faulkner was unlucky to lose the services of Alan Hindley, who had just had his appendix out. The final scores were Buntine 109 and Faulkner 103 points. The day after the swimming, most of the boys went home for Easter.

The Interhouse Tennis resulted in a second placing for the Faulkner open team, who were defeated by a strong Buntine house team with three of the first four tennis players in it, including Geoff. Hodsdon, the Captain of Tennis for this year. Our Under 16 team came third in their competition.

We were all sorry to hear that our Housemaster, Mr. David Milne, was to leave us at the end of the term. He was advised to do this by his doctor, due to the heavy load placed on him as Senior Science Master in the school. Mr. Poake, at present Housemaster in Wilson House, will succeed him.

The opera, "H.M.S. Pinafore", was performed towards the end of term and our congratulations go to the boys of this house who were in it, or who did the lighting for it and helped to make it a great success.

In the Minor Sports competition, our team gained only a minor place.

Our representative in Rowing was Malcolm Borgward, who helped the 1st VIII to come fourth on Head of the River Day, in adverse conditions, especially for the light Hale crew.

The term ended on Thursday, 7th May, when the House went home for a well-earned two weeks' holiday.

SECOND TERM

Second term began on Tuesday, 26th May. We welcomed our new Housemaster, Mr. D. F. Poake, who is taking over the house in place of Mr. Milne and also Tim Hantke, who comes to us from Parry House. We wish them both the best during their stay here.

The House soon settled down to the usual winter sports training programmes, with House matches for football and hockey players during the week and interschool matches at the end of the week. Early on in the term the Captain of Rugby for this year, Kev Minson, our House Captain, was announced. Our congratulations go to Kev on his appointment in one of the strongest Hale rugby teams for many years.

The weekend before mid-term we had our inter-boarding house football and hockey matches against Wilson House. The hockey team played well to draw their match, and the footballers won theirs to give us a one point lead over Wilson in the Cup series.

On Friday, 10th July, most of the House went home for the annual mid-term weekend.

In the interhouse football, the Senior team went through the season undefeated and the Junior team won enough matches to win us the competition. The hockey teams did not do as well as last year, but the Senior team was unlucky to lose to Parry House 3-2, which became our only defeat for the season. The Junior team did not do so well; the final positions were 2nd in the Senior team; 5th in the Junior team.

Our representative in the first XVIII football team was M. H. Warren; W. R. Drewe played in the 1st XI hockey and K. J. Minson, J. G. Scott, S. W. Hazlett and R. A. Forbes were all regular members of the rugby team which won the P.S.A. competition for the first time. Congratulations to John Scott for gaining selection in the W.A. Schoolboys' rugby team.

During the last week of term, most of the third and fourth year members of the House went into cadet camp, either at Northam or Garden Island. The remainder of the House went home on Thursday, 20th August, to complete a very successful term.

THIRD TERM

Third term began on Monday, 7th September for the boarders. House athletics training was soon begun, and we hope to do as well in this sphere as we have done in previous years. We welcome Ayudth into the house.

On the first Thursday house assembly of term, two new house prefects, Mike Warren and Rick Cullen were inducted by Mr. Poake. Our congratulations go to them on their appointment.

In the Inter-House athletics, conducted on Saturday, 17th October, Faulkner ran out clear winners. This win included our cross-country championship points from last term, when Faulkner won four out of the five races held. Congratulations to Mel Wheat (Under 14 champion), Bill Drewe (Open runner-up) and Steven Hazlett (Under 17 runner-up).

Faulkner House boys who represented Hale in the Inters were: M. H. Warren, W. R. Drewe, J. G. Scott, P. R. Fitzgibbon, S. W. Hazlett, B. R. Sanderson, A. G. Cousin, K. J. de Gruchy, M. N. Wheat, W. J. Barnes, E. F. O'Halloran, G. L. McPhee, K. P. James.

In the Inter-Boarding House Cup, Faulkner defeated Wilson in the athletics, thereby clinching victory, even though Wilson had won the table tennis. We won by one point.

Kev Minson represented us in the shooting, where Hale came second in the overall state-wide competition and first out of all six public schools.

At the moment, as we go to press, the Inter-house tennis is incomplete but Faulkner, with a strong Under 14 team, has every chance of winning. All the same, it has been a fine year in every way. We extend our best wishes to all those members of the house who will be leaving at the end of the year.

Wilson House

House Master: Mr. POAKE

House Captain: R. H. ROSE

School Prefect: R. H. ROSE

House Prefects: G. D. NORRISH, W. L. PITTELKOW, D. J. STICKLAND

FIRST TERM

At the beginning of first term, Mr. Poake appointed two prefects and a house captain. Later in the same week, another was appointed, making a total of four prefects for first term.

As in previous years, Wilson had few strong swimmers and so again finished in last position in the swimming, in spite of the success of the Under 14 relay team, who set a record for their event, and W. T. J. Valli, who gained the majority of our points. Valli and L. M. Webster (back-stroke) were the only ones from this House to gain selection for the Interschool swimming competition.

As if vengeful for their loss, Wilson won the Interhouse rowing by eight lengths from Haynes with Faulkner filling the third place. The House IV was made up of L. Underdown (stroke), G. Want (3), B. Nielsen (2), V. Wright (1) and P. Stone (cox).

L. Underdown (1st VIII); J. Draper, Nielsen, Stone, Want and V. Wright (2nd VIII); B. A. R. Doncon (1st IV); and G. Wright (2nd IV) were the members of the House who represented the School in the Head of the River.

R. Rose, G. Norrish and D. Jefferis played in the 1st XI cricket while W. Pittelkow gained a place in the 2nd tennis team.

In the Interhouse cricket the Junior team came first and the Senior team fourth, making the combined result a tie between Haynes and Wilson. The Under 16 tennis team played very well and managed to win comfortably.

The minor sports team played well and tied with Stirling for second position.

In the Inter-Boardinghouse competition, Wilson, following the pattern set the previous year, won the cricket and rowing, and was defeated in the swimming and tennis.

On the whole we had a rather mediocre term in relation to sport successes, but the fighting spirit displayed by our teams justified all the wins we had.

SECOND TERM

From the beginning of second term, Mr. Macmillan took control of the house as Housemaster and did an excellent job throughout the term.

As in previous years, the Interhouse hockey and football competitions were played this term and Wilson House was fairly well supplied with good players for all sports. This year senior football was reinstated as an official competition and the points gained went towards the Cock House Cup.

In junior hockey, the team played extremely well against better teams to come a close second to Parry, while the senior team, playing an average game, ended third following Parry and Faulkner. This placed our hockey teams in second position overall. In football, the junior team went through unbeaten and the senior team came fourth, the combined results placing Wilson third on the list.

The Inter-Boardinghouse fixtures of hockey and football resulted in a narrow defeat of the football team and a draw in the hockey, which was a rather disappointing result, because we hoped to win both matches.

Those who made the respective first team matches were:

Football : G. D. Norrish, R. H. Rose and A. E. Shipway.

Rugby : F. S. W. Kuhn, D. J. Stickland, G. G. Want, G. G. Wright and L. M. Webster.

Hockey : W. Kwan.

On top of this we were very pleased to see that F. S. W. Kuhn and D. J. Stickland made the State rugby team to go to Canberra on tour this year.

Congratulations to them both!

This year the Cross Country was held in second term and members of the House who gained prominent places in the races were :

R. J. Fitzgerald—Second in the Open Division.

B. Contos—Third in the Under 15 Division.

W. T. J. Valli—Second in the Under 14 Division.

D. K. Miles—Second in the Under 13 Division.

Overall the House came second; a very good effort.

This term we were sorry to lose S. F. Hatch and A. E. Shipway, when they left the school about midway through the term; and near the end of the term, G. Moss, who returned from whence he came—to the day boy houses.

THIRD TERM

The boys of the house were welcomed back this term by Mr. Hoar, who had returned from England, where he had been gaining experience in mathematics, to again become senior house-master of Wilson. A very welcome addition to Wilson House indeed!

The house also extended a welcome to B. J. Casson and R. P. Over.

As in previous years, attention was focussed on the athletics this term and although all competitors tried hard, we only managed to fill fifth position on Sports Day.

Event winners were:

G. D. Norrish—Under 17, 220 Yards.

I. Anderson—Under 17, Hurdles.

W. T. J. Valli—Under 14, High Jump.

Although Faulkner House took first place with ease, the enthusiastic efforts of the boys in the competition for those not in the Inters. squad pulled us up to third place.

Members of the house who gained a position in the School athletic team were:

G. D. Norrish; I. Anderson; C. J. Ritchie and W. T. J. Valli.

The sympathies of the House lie with R. J. Fitzgerald who had trained hard throughout the year and was certain to gain a place in the team, but for a broken foot which put paid to his efforts.

Wilson lost the V. S. Murphy House Masters' Cup to Faulkner House who managed to win the football and draw the hockey which gave them a point advantage.

However, in spite of the fact that Wilson also lost the Cock House Cup, it was a reasonable last term for 1964, and most members of the house co-operated to their fullest extent.

Stirling

House Master: Mr. B. MASSEY

House Captain: P. J. PEARSON

School Prefects: P. J. PEARSON, G. E. TAYLOR, G. A. TRINDER

House Prefect: C. J. FALLICK

FIRST TERM

The term began with the appointment of P. J. Pearson and G. E. Taylor as School Prefects. C. J. Fallick and G. A. Trainer were appointed House Prefects.

The first Interhouse sport was Cricket with both Senior and Junior teams competing. The Senior team managed to improve on last year and finished fifth. The Junior team finished sixth.

In the Interhouse Swimming, which was held later in the term, the House finished fourth. Congratulations to G. E. Taylor, who was Open Champion and managed to gain points in most open events.

Those who represented the House in School teams were: in the Cricket 1st XI, G. A. Trinder and R. C. Zimbulis; and in the Swimming, G. E. Taylor (Vice-Captain), D. R. Little and B. M. Shenn.

During the term Junior and Senior Minor Sports competitions were conducted and the House finished fifth after combination of points.

This year the tennis was played in First Term and once again the House lacked players of talent. Despite this, the Open team

finished fifth as did the Under 16 team. More is expected of the Under 14 team which will compete later in the year.

Earlier in the term, P. J. Pearson and G. E. Taylor were appointed Sub-Lieutenants in the Navy and G. A. Trinder a C.U.O. in the Army.

The term ended with the appointment of G. A. Trinder as a School Prefect.

SECOND TERM

As usual, the Interhouse Football and Hockey competitions were conducted. This year the Senior competition was again included after being dropped the previous year.

On the Football scene the House finished fourth and the Junior team managed third, a good effort, as they had lost many of last year's winning team.

In the Hockey, the teams tried hard, the Senior team finishing fourth, and the Junior team, seventh.

Those representing the School were: in Football 1st XVIII, J. C. Bishop, D. J. Mill and G. A. Trinder; in the Hockey 1st XI, C. J. Prosser, A. D. Self, G. E. Taylor; and in the Rugby 1st XV, P. J. Pearson (Vice-Captain).

THIRD TERM

The School Championship Athletic competition was held on Saturday, 17th October. The House came fourth and with the Inter-house Sports yet to be run, the House is confident that the final position will be an improvement on this.

Those who ran well in the sports were as follows: D. Mill, who set records in the Under 16 440, 880 and Mile, and was equal Under 16 champion; J. Viska, who won the Under 16 Hurdles, 100 Yds. and 220 Yds; A. L. Chiew, Under 14 High Jump; J. Turnbull, Under 17 100 Yds.; B. Shenn, Under 15 Shot.

Once again the Prefects and members of the House thank most sincerely Mr. Massey, for the way he ran the House during the year and for his inspiration to the boys.

Buntine

House Masters: 1st Term—Mr. L. DRAKE

2nd and 3rd Terms—Mr. B. TOWERS

House Captain: J. H. GWYNNE

House Prefects: G. J. WILLIAMS, J. W. BIRD (2nd Term)

FIRST TERM

School began on the 11th February and it was on this morning that we had our first house meeting, where Mr. L. Drake welcomed all new boys and welcomed back those returning. We were later to learn that this was to be Mr. Drake's last term as House Master and that Mr. B. Towers was going to take over when Mr. Drake went on long service leave. We would all like to thank Mr. Drake most sincerely for the efficient manner in which he controlled the House.

In regard to the House's sporting functions, we are placed fourth in the Cock House Cup. We started off on the right foot when we won the swimming, due to fine performances from P. Skinner, I. Smith, D. Bedbrook, G. Jones and A. Peppercorn. These boys also represented the School in the Interschool Swimming Sports.

The senior cricket team was placed fourth but this was a fine effort considering the inexperience of the team. The juniors were placed seventh. The House was represented by H. Gwynne, G. Williams, K. Campbell and G. Moss in the Darlot Cup competition.

In the tennis competition, the senior team won, ably led by the captain of the School Tennis team, G. Hodsdon. Other House members to represent the School in the 1st IV were R. Tarik and N. Trotter. The junior team was placed fourth in their competition.

Unfortunately, Buntine was unable to boat a crew in the Interhouse Regatta and we could not manage any better than seventh in the minor sports competition.

However, at the close of first term, House spirit was running high and it was with keen anticipation that we looked forward to the remaining terms of the year.

SECOND TERM

The House wishes to extend a hearty welcome to Mr. Towers who is taking over the position of House Master from Mr. Drake and also to congratulate John Bird on being appointed a house prefect.

On the sports field Buntine representatives figured prominently in the 1st XVIII, which finished third in the Interschool competition. The senior House team must also be congratulated for its win in the Interhouse competition. Unfortunately, the junior team did not meet with the same success. The 1st XVIII representatives were: G. Williams, J. Bird, G. Hodsdon, K. Campbell, R. Tarik, N. Rose and P. Skinner.

Buntine's 1st XI hockey representatives, H. Gwynne and L. Smith, gave of their best, but unfortunately could not lift the senior House hockey team from the bottom of the ladder. We hope to be able to do better next year.

Our congratulations must go to W. James, a member of the 1st XV Rugby team, which won the Interschool competition.

THIRD TERM

Once again Buntine proved itself to be a very strong House as far as Athletics are concerned. Although we were unable to equal Faulkner's all-round ability, we were ably represented by A. E. Peppercorn, the Under 15 champion, W. G. Hodsdon, equal Under 16 champion with D. Mill of Stirling, and twelve others who carried our total into second position.

Buntine was represented in the Inters by D. Bedbrook, S. Bosich, G. Hodsdon, W. James, J. Kempin, A. Peppercorn, S. Scott, P. Skinner, I. Smith and R. Tarik. The House wishes to convey its special congratulations to G. Hodsdon and R. Tarik, who provided two of Hale's five victories at the Inters—Hodsdon the 1st Division of the Under 16 long jump and Tarik the 2nd Division of the Under 17 long jump—not to forget their coach, Mr. B. Towers, who is also our House Master of two terms duration. We all wish Mr. B. Towers every success in the future as House Master of Buntine, and we also hope that he can turn out a few more long jump champions.

Haynes

House Master: Mr. J. D. BAMBACH

House Captain: M. C. BENNETT

School Captain: B. C. A. STRICKLAND

School Prefects: M. C. BENNETT, B. C. A. STRICKLAND

House Prefects: J. BANDY, J. BRIGHTON, A. R. JOHNSON

FIRST TERM

The year started well for Haynes with the appointment of a member of the House as Captain of the School, and this good start was continued by the fine sporting performances in the House teams.

We won the House Cricket Competition for the second time, which is a commendable achievement for a House just four years old. In the 1st XI were John Bandy (Captain), Colin Bennett and Nick Smith.

In the House Swimming we finished third. Among those who swam well for the House were Chris Prince, who won the Under 16 Butterfly, John Brighton, who won the Open Breast-stroke, and our Open Relay Team which won in record time.

House members who represented the School in swimming were Bruce Strickland (Captain), Chris Prince, John Brighton, Peter Brighton, P. T. Evan and C. B. Boulton.

Haynes had the distinction this year of providing half the 1st VIII. These were Michael Bennett (Stroke), Rodney Harris, Greg Jamieson and Andrew Johnson. This crew came second in the House rowing competition.

On the other side Haynes supplied several members of the Opera Cast (and the Producer).

This term established Haynes as one of the strongest Houses in sport and House spirit.

SECOND TERM

This was not such a good term in sport as the previous one, with our teams finishing sixth in football and fifth in hockey.

Haynes did, however, have quite a few members in "Firsts" teams. J. Bandy (Captain), B. Strickland, and I. Collins played

in the 1st XVIII. H. Leys and J. P. S. Milne played in the 1st XI. Five members of the House played in the victorious 1st XV, these being M. Bennett, J. Brighton, P. Brighton, A. Johnson and C. Prince.

It was generally a happy and well-run term, with the new boys accepting their responsibilities more fully than before and the rest of the House helping them to settle in as solid House members.

THIRD TERM

The main activity of this term was Athletics.

In the House Sports B. Strickland was Open Champion. G. Harris won the Under 15 mile, in record time, the Under 15 880 and the Cross Country. C. Bennett, I. Collins, N. Smith and R. Wallman all got seconds.

The House finished fourth in the Athletics.

B. Strickland (Capt.), C. Bennett, J. Brighton, P. Brighton, I. Collins, G. Harris, J. Ingram, G. Kennedy, J. Kowal, N. Smith, N. Utting and R. Wallman, who won the Under 14 High Jump, represented Haynes in the Inters.

This climaxed a year in which Haynes was well represented, and often successful, in all phases of school life. The House is gaining traditions and stature in the School, and with co-operation from all members its future prospects are full of promise.

Riley

House Master: Mr. H. C. WHEELER

House Captain: R. W. LIDDELL

School Prefects: R. W. LIDDELL, A. C. WATSON

House Prefects: P. J. EAKINS, E. D. FETHERS, R. S. NICHOLAS

FIRST TERM

The term started with a new feeling in Riley House, one of anticipation and house spirit. In this spirit Riley entered with enthusiasm on the Inter-house competitions.

Tony Watson was elected captain of the senior house cricket team, and was the only member of the house to gain a place in the First XI. The senior team, despite the fact that it had few really outstanding players, was able through pure determination, to come second to Haynes in a very exciting final. Unfortunately the Junior House team, captained by Jim Bowdler, managed to finish only fourth, and this lowered our average, so that we were placed third in the whole competition. But still a great effort by these teams, and congratulations to them both.

On the subject of rowing, once again we did not have enough rowers for an entry in the Inter-house competition. However, the following boys represented the School at the Head of the River Regatta: David Saleeba (in the 2nd VIII), Ian Nicholas (in the 2nd IV) and Tim Humphry (in the 3rd IV).

The Swimming sports took place near the end of term, and in spite of a good representation by the house, and some gallant efforts, we were only able to finish fifth. Congratulations to Don Wormald on becoming the Under 15 swimming champion, by winning the Under 15 110 yards freestyle, and the Under 15 55 yards butterfly. The following boys from Riley represented the School at the Inter-School Swimming Sports: Craig Coulson, Eric Isaachsen, Ed Fethers, Leon Pericles and Don Wormald.

SECOND TERM

On returning for second term, the house was delighted to find that Peter Eakins was elected vice-captain of the First XVIII with Doug Gerloff, Ross Nicholas, Ian Nicholas, Tony Watson, Don Wormald and Robert Liddell also making the team. Unfortunately, those in the First XVIII could not play in the House competition, and Tony Watson, who was at this stage

captain of the Second XVIII, was elected captain of the senior house team, with Mike Blizzard captain of the junior house football team.

One would think that with so many older boys in the First XVIII, we would have a very weak senior team, but despite this drain our senior team performed excellently, showing true house spirit in all being present at the matches, and each player giving of his best to the house. It is to this fact alone that we can contribute our terrific effort to finish second. The house junior team did not do as well as the senior team again, and were only able to finish fourth. However on the whole competition, the house managed to finish second—a great effort.

In the hockey, E. D. Fethers was elected captain of the senior team and also represented the school in the First XI. His brother Allen was elected captain of the junior hockey team, which finished sixth in the competition, this being largely due to an acute shortage of Under 15 hockey players. The senior team also suffered from a deficiency in numbers and despite a lot of determination, finished sixth. This gave us an overall position of sixth, but we look forward hopefully to the younger players coming on.

THIRD TERM

The beginning of third term saw the boys of the house hard at athletics training, either in the house training sessions or in the Inters squad. The school sports did not prove as successful as we had hoped, and we finished in fifth place. In spite of this we had some very good performances, and congratulations to Peter Eakins, and Philip Blizzard for winning the Open high jump and Under 17 880 respectively, also to the Open relay team of Tony Watson, Doug. Gerloff, E. D. Fethers and Peter Eakins, for winning the Open relay event.

Looking back on the year we have no cause for complaint; the house has participated well in Inter-house competition, and if the spirit which has been prevalent this year continues, the house should have even more success in the years to come.

Parry

House Master: Mr. G. N. ALTORFER

House Captain: R. L. GRAY

School Vice-Captain: R. L. GRAY

School Prefects: R. L. GRAY, D. T. IRVINE

House Prefects: G. J. GLOVER, P. B. READER

FIRST TERM

Roger Gray was appointed Captain of the House, and Graham Glover, David Irvine, and Peter Reader were made House Prefects at the first House meeting, on February 11th.

The House swimming team, ably coached by Mr. Altorfer, again owed much of its success to its captain. Although the House did not score a large number of points in the swimming carnival, it did better than expected.

Led by 1st XI players Roger Gray and David Irvine, the senior cricket team had a mediocre season, whilst the juniors fared better to finish equal first in their competition.

The 1st VIII contained two House members in Bob Darling and Andrew Lenton with Geoff. Gray stroking the 2nd VIII. Experiencing ill luck in its heat, the House IV was placed equal third. Captained by Peter Reader, our senior minor sports team won its competition.

The term finished on a fine note with the House being very well represented in the Music Society's production of "H.M.S. Pinafore". The House provided no fewer than five of the sixteen principals, besides a large proportion of the choruses.

Finally, on the last week of term, Roger Gray received the honour of being appointed Vice-Captain of the School, and David Irvine was deservedly made a School prefect.

SECOND TERM

During second term keen interest was shown in the Inter-house football and hockey competitions. Although we were out-classed in both divisions at football, we showed our overall strength as a hockey house by winning the junior and senior competitions. The spirit displayed by our hockey teams was shared among all players and only all-round team efforts ensured our victory.

Besides leading our senior hockey team, Roger Gray also captained the 1st XI. Our other representatives in this team were Geoff. Gray and David Irvine. Completing their second year in the 1st XVIII were Peter Reader and Ian Wickens, whilst Bob Darling and Graham Glover were two of a comparatively small group who struggled through all of the first XV's fixtures.

THIRD TERM

With the onset of third term, the House took an active interest in the preparation for the Athletics competition. Whilst a small group trained with the Inters. squad, the bulk of the House participated in house training twice a week. Although the spirit and keenness displayed by the House during training reaped little reward in the School Championships and Interhouse Competition, we achieved great success in the cross country events, by outscoring all the other houses in this particular division. Most instrumental in this success were: P. J. Dyson, P. E. Thomson, W. L. Wallis, P. M. Clifton and J. S. Doyle. David Irvine, Tim Hantke and J. C. Mills represented the House in the Inters. team.

In the sporting field there is little doubt that the House's achievements bettered any previous year. This represented well the spirit of the House, for it was team-spirit and not reliance upon individuals which shaped the House's successes.

CAPTAIN: K. J. MINSON

VICE-CAPTAIN: P. J. PEARSON

The 1964 Season provided the greatest accomplishment yet attained by any Hale School rugby team. The 1st XV won the Brother Redmond Cup, which is the trophy given to the winning 1st Division team in the Interschool competition.

Co-incidental to this accomplishment was the fact that this is the first year in which Interschool Rugby has been an official P.S.A. sport.

There were only three State representatives from Hale School this year, as compared with five last year, thus indicating that the co-ordinated functioning of a team is the main contributing factor to success, and not individuals. The three representatives were: F. Kuhn, J. Scott and D. Stickland.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

Played at Christ Church Grammar School, 6th June, 1964

The first half resulted in the scores being level at half-time. However, during the second half Christ Church capitalized on silly mistakes made by Hale and consequently just edged Hale out to win by two points.

This was the only defeat registered against Hale this season.

Scores: Hale, 14; Christ Church, 16.

Try Scorers: Kuhn, Minson, Webster, 1.

Seconds—Hale, 3; Christ Church, 3.

HALE SCHOOL v. AQUINAS COLLEGE

Played at Butler's Reserve, 13th June, 1964

In the initial stages of the game the big Aquinas team looked like holding the Hale team, until the Hale backs broke

through and scored. After this first break Aquinas couldn't stop Hale's constant attacks and were held scoreless for the remainder of the game.

Scores: Hale, 22; Aquinas, 0.

Try Scorers: Minson, 4; Scott, 1.

Seconds—Hale, 3; Aquinas, 15.

HALE SCHOOL v. SCOTCH COLLEGE

Played at Butler's Reserve, 20th June, 1964

This was a very important match for Hale as the Scotch team had been tipped to go through the season undefeated.

The game proved to be a contest in supremacy of back lines, with Hale gaining victory due to our backs' aggressive tackling and forwards' cover defence.

Try Scorers: Hazlett, Pearson, 1.

Seconds—Hale, 5; Scotch, 13.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

Played at Butler's Reserve, 27th June, 1964

Throughout the game Hale's forwards had difficulty in countering the large Guildford pack, but the Guildford backs could not exploit the possession given them by their forwards. This enabled the Hale backline to dominate play and subsequently outscore Guildford.

Scores: Hale, 17; Guildford, 9.

Try Scorers: Brighton, Minson, Want, 1.

Seconds—Hale, 11; Guildford, 16.

HALE SCHOOL v. WESLEY COLLEGE

Played at Butler's Reserve, 4th July, 1964

Wesley had no answer to the speed and teamwork of Hale. Within five minutes Hale had scored 15 points. Then Hale settled back and scored solidly for the remainder of the match, notching up the greatest winning margin yet attained by Hale.

Scores: Hale, 43; Wesley, 0.

Try Scorers: Minson, Scott, Stickland, 2; Brighton, Forbes, 1.

Seconds—Hale, 15; Wesley, 8.

 FRONT ROW (l. to r.)—R. C. Darling, M. C. Bennett, A. J. Brighton, K. J. Minson (Capt.), Rev. R. E. Davis, P. J. Pearson (Vice-Capt.), D. J. Stickland, J. G. Scott, F. S. W. Kuhn.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

Played at Butler's Reserve, 18th July, 1964

The Hale team ran out onto the field confident of revenging their first round defeat by Christ Church. This end was achieved after an exhibition of precision co-ordination between Hale's forwards and backs. At no stage of the game was defeat imminent.

Scores: Hale, 17; Christ Church, 3.

Try Scorers: Brighton, Minson, Stickland, 1.

Seconds—Hale, 0; Christ Church, 9.

HALE SCHOOL v. AQUINAS COLLEGE

Played at Aquinas College, 25th July, 1964

Conditions were bad; Aquinas quickly took advantage of the Hale backs' mishandling of the wet ball and scored two unconverted tries. However, the Hale backs quickly accustomed themselves to the wet weather conditions and convincingly outscored their opponents.

Scores: Hale, 22; Aquinas, 6.

Try Scorers: Minson, 3; Brighton, Scott, 1.

Seconds—Hale, 8; Aquinas, 4.

HALE SCHOOL v. SCOTCH COLLEGE

Played at Nedlands, 1st August, 1964

The winner of this match would almost certainly be the team to win the competition. Unfortunately Hale's match-winning backline combination was broken, with Scott (five-eighth) and Brighton (inside-centre) unavailable, owing to injuries. Regardless of this, Hale defeated Scotch in a hard fought match, gaining the lead in the last few seconds from a penalty kick.

Scores: Hale, 6; Scotch, 3.

Scorer: Kuhn (2 penalties).

Seconds—Hale, 11; Scotch, 33.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

Played at Butler's Reserve, 8th August, 1964

Hale were wary of Guildford after the latter had recently drawn with Scotch and been narrowly defeated by Christ Church. However, Hale's cautiousness was unwarranted as both

forwards and backs cut through Guildford's defences and scored, holding Guildford scoreless until the final whistle.

Scores: Hale, 33; Guildford, 0.

Try Scorers: Minson, Scott, Stickland, 2.

Seconds—Hale, 11; Guildford, 3.

HALE SCHOOL v. WESLEY COLLEGE

Played at Windsor Park, 15th August, 1964

Wesley, with little prospect of winning, set out to rattle the Hale team. These tactics succeeded and Hale's standard of play was not up to scratch. Hale, however, ran out easy winners, thus securing the first position in the 1964 Interschool Rugby Competition.

Scores: Hale, 17; Wesley, 0.

Try Scorers: Minson, 5.

Seconds—Hale, 18; Wesley, 3.

COACH'S RESUME

Perhaps the most remarkable feature of Hale's Cup victory was the manner in which the team was able to defeat others with far more talent and size. They did this through teamwork, relentless effort and intelligent opportunism.

The forward pack made life very difficult for their opponents. Swarming all over the field in cover defence and all over any luckless opponent who happened to be caught with the ball, they succeeded in making it almost impossible for the opposition to score. After the first miserable game Hale had only 24 points scored against them in 9 games. The backs played their part with hard low tackling.

In attack the backline always looked dangerous. Any one of them had the ability to make a break and score, and they had the sense to vary their tactics so much that their opponents could not predict just where the break was going to come and how to counter it.

In line-outs and scrums the forwards did not excel, but no team could match them in loose play. Many tries were scored from an "up-and-under" kick and I pitied the opponent who caught the ball when our boys came crashing through.

The team worked hard at training and executed rehearsed manoeuvres during the matches with all the aplomb of veterans. It was a most satisfying season in every way.

ATHLETICS

Although Athletics is an individual sport, each member of the team must always work for the benefit of his team. The cross-country running in second term saw the emergence of a strong middle-distance group who were to become the backbone of Hale's "Inter." team. They gained good experience from the State and School cross-country championships. The results of these championships showed that Hale was a strength to be reckoned with on the middle distance track.

At the State cross-country relays (4 x 1 mile) we entered Under 14, Under 16 and Open teams. This was held on the 11th July and the Under 14 team finished fifth, with an average mile time of 6 min. 23.5 secs., the Under 16 team finished third, with the average mile time of 5 min. 34 secs., and the Open team finished second with the average mile time of 5 min. 20 secs. S. Hazlett ran the fastest time of all Under 16 runners and Bill Drewe ran the fastest Open mile of the day. The conditions at Perry Lakes for this meeting were very slushy and the extremely powerful winds did little to help the runners.

A month later the teams and individual cross-country State Championships were held; again at Perry Lakes. In the Under 16 division Hale came fourth with 42 points. Mel Wheat was the best Hale runner in this division. Hale finished second in the Under 16 division with 47 points. Harris and Hazlett ran well in coming third and seventh respectively. Again Hale came second in the Open division with 21 points and again Bill Drewe proved himself the best Open runner.

The School Cross-country Championships were held on the Hale track on the 28th July in wet and blowing conditions. The results were:—

Generally the first competition day of athletics is a poor guide to ability, potential, etc., as there are many factors to overcome. But, despite the strong wind blowing against the sprinters, and the soft track, there was no denying our early form and fitness. Moreover, with further training and competition it was not unlikely that the very good performances of the athletes would be bettered.

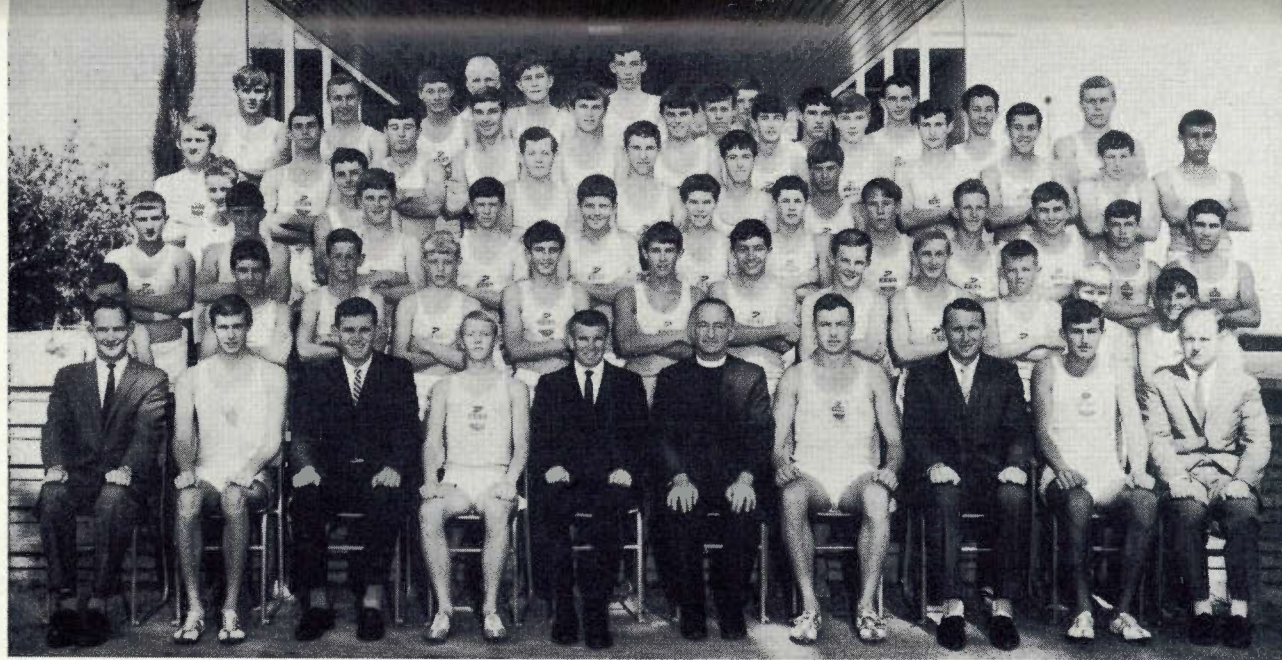

ATHLETIC MEETING

HELD AT HALE SCHOOL, ON FRIDAY, 9th OCTOBER, 1964.

Participants: Hale School, Scotch College.

 Mile Open—Drewe. Time: 4 min. 31 secs.
 Mile, Under 16—Harris. Time: 4 min. 47 secs.

The conditions were over-cast and the track was still soft after rain the previous evening and during the morning. A strong breeze from the south eased up in the afternoon.

Without a doubt this was our best pre-Inters. meet against Scotch considering that some of the competitors were racing over their particular distances for the first time this year. The team did not comprise our best competitors in each event and in some cases athletes were competing in events out of their age group.

Everything pointed to a strong Hale contingent at the Inter-school Sports, then only a fortnight distant.

SCHOOL SPORTS

HELD ON SATURDAY, 17th OCTOBER, 1964.

CROSS-COUNTRY RUNNERS IN TRAINING

COACH'S REPORT

And so we came second at the Inters. This is a cold statistical position that yields no personality, no moments of drama or moments of humour, no moments of understanding, of the days of competition and comradeship, of the times when hard work seemed so futile and afterwards the feeling of well-being and the sense of responsibility and duty. Athletics is the pulse of the School; it is a personality and that personality has as many facets as there are individuals in the school.

Brave souls. At the beginning of second term — marrow chilling, finger-freezing conditions. Later, the onslaught of gale-driven rains. This was the lot accepted by those training for cross-country and middle-distance, in the mornings between 6 and 7. The conditions were particularly adverse, but directly proportional was the increase in toughness, hardiness and determination. I really admire these "men" of athletics — their approach displays maturity and a sense of 'getting on with the job.'

Fitness, fitness for athletics was our quest; team spirit was our aim. Thus began the Athletics camp at the National Fitness area, Point Peron. Parents were splendidly co-operative in driving the boys to and from the camp. From Friday afternoon, 11th September to Sunday, 13th September it was a particularly pleasant combination of hard training, team games, food sampling, camp chores and 'spine-bashing' The camp organisers, Mr. Shields and myself, and our assistants, R. B. Gill, D. E. Barton (both Old Boys) and J. Skillen, were wonderfully surprised by the leadership, hard work and organisation displayed by the senior boys. These same qualities were often displayed during later training sessions at school. We achieved our camp aims. It could not have been otherwise when there was so much co-operation and comradeship. There must be more Athletics camps. But so much depends on the weather, and of the highest importance, the attitude of the senior boys.

How did we do it? Only five wins, yet we managed to amass our highest total under the present programme and finish second in the competition. The reasons were quite simple. More boys were supporting their school, creating a high level of competitiveness within the school. When there are three or more boys of the same ability competing for positions on the Hale team it does wonders for the over-all standard. The strength and team spirit of the school team is indicated by the depth and value of the team's reserves. This year we had the best of both. Altogether there were ten changes in the team on the Saturday. The most noticeable and unfortunate changes occurred when K. J. Minson could not compete.

The attitude of the school towards all phases of Athletics reflects most highly on the senior boys. Probably a good deal of the credit belongs to those of the previous year. However, there could not be any detracting from the value of the work and leadership of the Athletics captains—Bruce Strickland and Bill Drewe. To you both, sincere thanks—a fine job.

Highlights of season: The polish and competitive ability of the cross-country runners in State championship events; the ruthless 880's of P. S. Blizzard, and the flowing smoothness of the lap-time calculating S. W. Hazlett; the sheer strength of D. J. Mill's middle-distance events; the vastly improved performances through hard work of M. H. Warren, A. C. Watson, E. D. Fethers and G. W. Harris; B. C. A. Strickland finishing only one point behind the Inters. champion boy (T. Brown, of Scotch); the forward surge in field events, particularly by the following: P. B. Skinner, W. G. Hodsdon, L. B. Craig, B. M. Shenn (all shot put), C. Ritchie, S. A. Bosich (both high jump) and R. Tarik (long jump). Consistency. Twenty-four second places at the Inters., then later at the Schoolboys and Schoolgirls championships on 7th November, the following: I. McPharlin, first in the Under 12 75 Yards; S. G. Scott, second in the Under 14 100 Yards and 220 Yards; D. J. Mill, second in the Under 16 440 Yards; M. H. Warren, second in the Under 18 440 Yards; and P. S. Blizzard, second in the Under 18 880 Yards.

There is a remarkable quantity of athletic talent in the School, and boys possessing the necessary physical capability must be prepared to give of their best for the school. The team will need considerable re-building next year as there will be many vacancies created by boys leaving school. We could still give a good account of ourselves at future Inters., provided there is keen competition for team places. Every effort and contribution that you can give will be appreciated.

—G.E.A.

This season, because the Interschool Sports were held early in first term, it was found necessary to begin training at the end of third term, 1963. A sizeable squad, training under the keen supervision of Mr. Poake, accomplished many miles of basic training before the end of third term. Training was resumed five weeks before the end of the holidays, and it was noticed that many boys who gave up their afternoons to train during the holidays were rewarded later in the season.

Even at this early stage of the squad's preparation, it was evident from their enthusiasm that they would be a force to be reckoned with at the far-off Interschool Sports.

B. C. A. Strickland was elected captain of swimming, and G. E. Taylor was elected vice-captain.

SCOTCH MEETING

Date : 3rd March.

Venue : Hale School Pool.

The best swimmers from the first and second years of the two schools were pitted against each other. The result was an overwhelming victory for Hale School. The young Hale swimmers won all but one race and by doing so raised the morale of the squad considerably. Their success was largely due to Mr. Poake, who had worked untiringly with the younger swimmers.

AQUINAS MEETING

Date : 7th March.

Venue : Hale School Pool.

The Hale swimmers compared badly with their better-trained Aquinas counterparts, and managed to win only about one-third of the events. The Hale team did not realise that their effort against the future winners of the 1964 Interschool Sports was a highly commendable one, and the false sense of security existing after the Scotch meeting was pushed aside.

MODERN SCHOOL MEETING

Date : 10th March

Venue : Hale School Pool.

The Hale swimmers swam well to defeat a rather weak Modern School team, and won almost all the events. P. Skinner broke the Open 55 Yards Butterfly record to swim the distance in 34.8 sec.

INTERSCHOOL SWIMMING SPORTS, 1964

Date : 14th March.

Venue : Beatty Park Aquatic Centre—7 p.m.

Conditions were good, and 17 records were broken. Our congratulations must go to the Scotch swimmer, I. MacWilliam, who became the first Western Australian Schoolboy to break the minute for the 110 Yards Freestyle, when he swam the distance in 59.9 sec.

The final scores of the "Inters." were as follows:—

FINAL POINTS:

1st	AQUINAS . .	390 pts.	4th	SCOTCH . . .	224½ pts.
2nd	GUILDFORD	325 pts.	5th	CHRIST	
3rd	HALE	301½ pts.		CHURCH . .	157½ pts.
			6th	WESLEY . . .	118½ pts.

Those who gave outstanding performances for Hale were: M. Wheat in the Under 13 55 Yds. Freestyle, which he won in the record time of 31.3 sec. and the 55 Yds. Under 13 Backstroke which he won in the record time of 37.6 sec., chopping 3.5 sec. off the old record.

T. Hantke, I. Smith, P. Brighton and D. Bedbrook, the Under 16 Relay team, which set a new record of 1 min. 57.8 sec.

M. Wheat, G. Jolly, C. Coulson and D. Little, the Under 13 Relay team, which won in a fast time.

The Under 13 division continued its domination when G. Jolly won the second division of the 55 Yds. Freestyle, and E. Isaachsen won the second division of the 55 Yds. Backstroke.

PROSPECTS FOR NEXT YEAR'S "INTERs."

Hale School's chances of winning the 1965 "Inters." are excellent. Calculations based on the 1964 results show that Aquinas should win by about 10 points from Hale, with Guildford a distant third. However, Hale has several promising swimmers coming up from the Junior School. Furthermore, in 1965 Hale will have an extremely strong Open Division. If the weaker age-groups can be improved, then Hale should have little trouble in winning the 1965 Interschool Swimming Sports.

HOUSE SWIMMING

The School Swimming Sports were held in the Hale Pool on the 25th March. The water was extremely cold, and this hampered swimmers. However, eleven records were broken.

FINAL HOUSE PLACINGS:

BUNTINE	109 pts.	RILEY	66 pts.
FAULKNER	103 pts.	PARRY	53 pts.
HAYNES	93 pts.	WILSON	51 pts.
STIRLING	76 pts.		

Age-group Champions were :

Under 13—M. WHEAT.

Under 15—D. WORMALD.

Under 14—M. VALLI.

Under 16—T. HANTKE.

Open—G. TAYLOR.

Life Saving

THE LIFE-SAVING OF 1964 has proven to be of a reasonable level and strength. For the first time since Hale School won the Law Shield in 1957, all teams have shown a tremendous improvement.

Since the new method of a continuous relay has been adopted, the school seems to have slipped back a little in this event. But this year, again under the experienced guidance of Mr. Altorfer, the teams have done well. The boys worked well under the climatic conditions and the "A" team, consisting of B. C. A. Strickland, M. H. Warren, H. J. Leys and W. A. James, managed to reach the finals of the Law Shield, after an excellent swim in the heat. In the final, the team could manage only sixth position, but were not disgraced by their efforts.

The "B" team, consisting of W. R. Drewe, E. D. Fethers, M. J. Cousin and L. M. Webster, were unfortunate in not reaching the finals of the Blue Ribbon event.

G. K. Jones, D. C. Wormald, B. R. Sanderson and T. M. Barr won their heat of the MacFarlane Cup and backed up their win with a third in the final. This team has shown that they will be a serious threat to the opposition in next year's Law Shield.

From these results, it can be seen that the standard of Hale School Life-Saving is reaching its old form.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL
PLAYED AT CHRIST CHURCH'S JAMES BATTYE OVAL ON
28th and 29th FEBRUARY, 1964.

Christ Church won the toss and batted. The captain, D. Ryan, built on a good start and, in an excellent innings, was unconquered at 110. Bandy and Wilson were the best bowlers for Hale and Smith proved himself an economical medium pacer. Christ Church were finally all out for 211 early on Saturday morning.

Hale did not begin well and lost five wickets for 22. A fifty partnership between Gray and Irvine did not relieve the situation and the school was dismissed for an ignominious 80. Once again Ryan distinguished himself by taking 4 for 21.

The school was forced to follow on and fared little better. This time we scored 103 and so lost our first match by an innings and 28 runs.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT HALE SCHOOL ON 6th and 7th MARCH, 1964.

Hale batted and were soon in difficulty on an easy pitch; two wickets for 26. Captain Bandy, however and vice-captain Rose came to the rescue and saved Hale from further collapse. The pair broke up the tight fielding and when Bandy got out for a matchless 85 the score was 146. Rose then continued to attack the bowling and managed to get his century on the Saturday morning. The rest of the team did little, however, to build on his fine example and we were all out for 272.

Congratulations to R. Langer who took a hat-trick.

Aquinas opened quickly and by lunch had lost only one wicket for 61. Opener Lodge and Captain Langer then featured in a 144 partnership which broke the Hale fielding side. Three quick wickets could not save the situation and Aquinas were all out for 278, a mere six runs past our own score.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT HALE SCHOOL ON 13th and 14th MARCH, 1964.

Hale batted and the onlookers saw some fine batting from Gwynne and newcomer Noble, who made 53. Bandy, once again proved his ability with a fine 62. The school closed with 214 runs.

Scotch College lost their first wicket with the score at 0 and 29 runs later their second fell. Bandy, proving his all-round ability got six well-earned wickets and was the main factor in Hale's lead of 109 on the first innings.

Scotch batted again and this time played the bowling and lost 9 wickets for 228. Bandy again distinguished himself by taking 4 wickets.

Hale won on the first innings by 109 runs.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL
PLAYED AT GUILDFORD GRAMMAR SCHOOL ON 20th and 21st
MARCH, 1964.

Guildford opened and got away to an excellent start which was built upon by the subsequent batsmen. Hale's fielding was poor and only five wickets from the dependable Bandy saved the school from having to chase more than 194 runs.

The school batted but failed to reach the opposition's total and were all out for 116.

Guildford batted again and declared at 3 for 104, setting the school 184 runs to get in 105 minutes. The task was near impossible although Bandy, in attacking style, scored 84 runs. At stumps Hale was 4 for 121.

HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT HALE SCHOOL ON 3rd and 4th APRIL, 1964.

Hale went into the game with high spirits but a soggy and difficult pitch soon dampened their enthusiasm. The recognised batsmen were unable to handle the pitch and the unorthodox ones scored 76 runs. The team was all out for 142.

Wesley batted and lost 4 wickets for 10. They lost another 4 for 75 and with the score at 8 for 85 our chances were good. Poor fielding, however, caused us to lose the advantage and the ninth wicket was not lost until the score stood at 141, which was one run behind our own total. A bye was scored and the scores were evened. Then Bandy took the last wicket and the result was a tie on the first innings.

COACH'S COMMENTS

The 1st XI had a better season than the previous year, but suffered from poor fielding at crucial moments and from being too much a one-man team—for Bandy was outstanding in all spheres of the game. Our very deep thanks must go to Mr. L. R. Bandy, who once again, most generously gave of his valuable time and experience as coach. I am very sorry I was unable to see most of the matches and was forced to throw yet more work upon Mr. Shields.

In future, I believe, more time and effort must be put into hard, fast and efficient fielding practices and there is a good chance that next year, the experience gained by Bennett, Campbell, Noble, Jefferis, Zimbulis, Smith and Bosich will bear fruit and we shall have a well balanced and promising team.

ROWING

Captain: M. C. BENNETT

A usual, rowing commenced in third term last year and a prospective First VIII was boated almost immediately. The lack of experienced oarsmen meant that many boys had to be taught to row, and the bulk of this work was undertaken by Mr. Stallard, an ex-Cambridge oarsman. He went on to coach the Second VIII and did much to raise the standard and spirit of Hale's rowing this season.

At the beginning of first term the VIII, based on the prospective Crew, but with several changes, started training six days a week with Mr. Little. A Second VIII and Three IV's were formed from the remaining boys. John Little, Bill Shaw and H. Davis coached the IV's. Mr. Drake looked after the sheds, and did his usual efficient job.

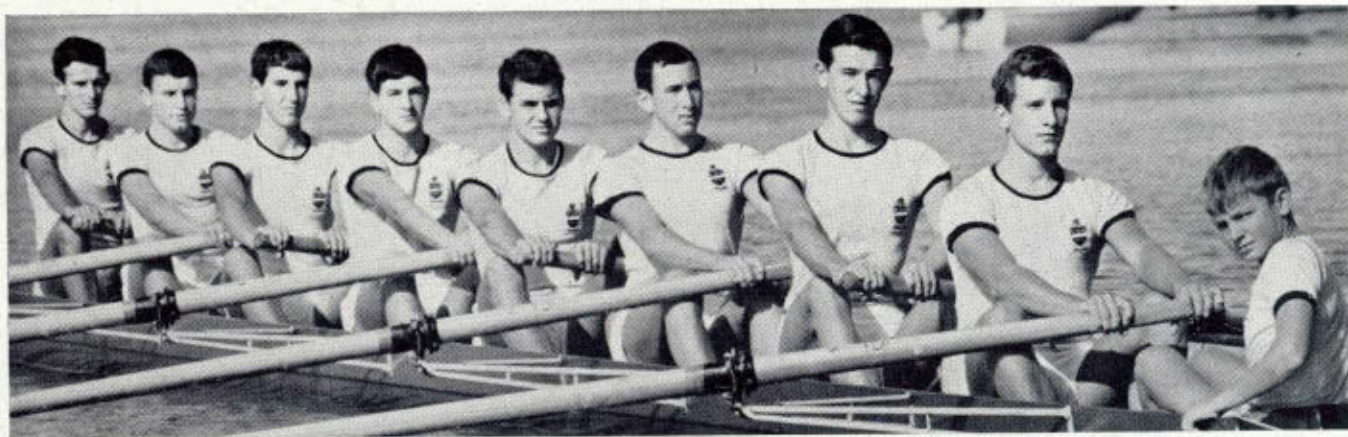

The *V.S. Murphy* was used by the First VIII to train in for the first few weeks. We then moved into the faster *Lee-Steere* so as to make the transition to the *Little* easier. The subsequent sinking a few days later of the *Lee-Steere* on one of our more interesting training rows caused the *Murphy* to be brought back into service again. We later changed to the *Little*, our racing shell.

Our Hale School Regatta was rowed in conditions only equalled on Head of the River Day. Hale's Second VIII, Second IV and Third IV gained second, fourth and fourth placings respectively. Wilson House is to be congratulated on the tremendous win they had over a Haynes House Crew drawn entirely from the First VIII. The Championship Pairs were won by R. Darling (stroke) and A. Johnson (bow), coxed by C. G. Johnson.

The First VIII, First IV and Third IV raced at Wesley Regatta in ideal conditions, and finished fourth, sixth and sixth respectively.

Only two weeks now remained to the big day. The members of the VIII had been running before school, and now started doing PT work at recess as well, in an attempt to reach the peak of physical condition. In these last days of training, distances were cut down to full-pressure sprints over the mile and three-quarter mile courses. Among the times that we turned in was a sub-five minute mile.

On the last Sunday John Rosser came to watch the crew train and afterwards he spoke to us, stressing the determination

and dedication needed for success. This talk spurred the crew on, and it went into the final week of training determined to do the best it was capable of. For this attitude we must also pay credit to our coach, Mr. Little. He accepted nothing but the best and urged us on to our ultimate. Thank you, Mr. Little, Hale School rowing would not be the same without you.

HEAD OF THE RIVER

This year the Head of the River was held on Saturday, 18th April, a date which the crew had been looking forward to for many months. This year the crew was comparatively young and on the race morning there was an air of nervousness in the shed. Conditions were far from what was expected. However, this did not affect the tremendous amount of enthusiasm shown by the crew to do well.

After a considerable delay of the starting times, we finally found ourselves at the starting line. It was a rushed start, but all crews seemed to get away with the minimum of fuss. The first half mile was one of hectic, hard rowing for us. All crews were taking a lot of water and the only thought in our minds was to get into calmer water as quickly as possible.

At the half-way mark Christ Church was leading with Aquinas close behind. We found ourselves slightly behind Scotch, with Wesley and Guildford a long way back. This was the order in which the rest of the race was to be rowed.

Christ Church finally ran out winners by a comfortable margin from Aquinas, with Scotch just keeping us from getting third place. Wesley and Guildford were never a danger, and finished well behind us in that order.

Congratulations must once again go to Christ Church. However, because there are a number of young boys in this year's crew, I hope that next year may see an upset in the Head of the River.

Football

COACH'S REPORT

1964 WAS A YEAR OF MORE — more skill, more spirit, more success and more and more rain. Hale produced their best effort in some years in finishing a good third to joint Alcock winners, Scotch and Aquinas. Shocking weather conditions marred many games especially spoiling the efforts of the bigger players who showed their worth at the end when the fine weather arrived. This was a very even team, an extremely difficult one to choose, and one that displayed some stylish football. Quite often run-on football, based on backing up, unselfishness and the desire to help a team mate, was witnessed, but it was not always maintained. After playing brilliantly in the first half against Geelong, we altered our game, refusing to play on, and in some cases relaxing the pressure. The realisation that we can beat anyone, the desire to play our way of football, and refusal to give up remain our general needs.

Christ Church were outplayed by a fast systematic Hale in the first half and, following their sound win, the Hale players prepared for Aquinas. Hale's first half was superb: the determination and combination enabling Hale to lead by 7 points at half time. Aquinas certainly improved, but some of the Hale boys eased up slightly. Did we realise that we could win? Scotch kicked with a gale behind them and won comfortably against a lack-lustre Hale team. The slump continued to the next week when Hale lost narrowly to Guildford Grammar. Although we fought back, there was no excuse for the poor first half nor was Guildford's soft ground a reason for failure. The following week Hale overcame a determined Wesley team at Hale.

The second round games against Christ Church and Aquinas were played under atrocious conditions. Displaying a good brand of team football, Hale overpowered Christ Church in a game where the cross wind was gale force. Hale's loss by ten points to Aquinas the following week was a high spot of the season.

FOOTBALL, 1964

BACK ROW (l. to r.)—K. N. Rose, J. W. Bird, J. C. Bishop, A. C. Watson, S. A. Bosich, R. Tarik, D. J. Mill, T. R. Hantke (Trainer),
 MIDDLE ROW (l. to r.)—G. A. Trinder, R. W. Liddell, P. B. Skinner, W. G. Hodsdon, G. R. Norrish, D. C. Wormald, D. M. Gerloff,
 K. J. Campbell, I. W. Smith.
 FRONT ROW (l. to r.)—B. C. A. Strickland, M. H. Warren, P. B. Reader, J. F. Bandy (Cpt.), Mr. A. J. Macmillan, P. Eakins (Vice-
 Capt.), R. S. Nicholas, G. J. Williams, I. V. Wickens.

The game was wonderfully hard-fought and in some of the heaviest rain I have ever seen Hale had their chances to win. For three quarters Aquinas were too good but in the final term Hale fought back splendidly.

Then came the beautiful weather and a great climax to the season. Needing to defeat Guildford to finish a clear third, Hale played their best football of the season in completely outclassing their opposition. In the final game the grand form was continued when the team scored their biggest win for thirty-seven years and kicked their highest score since 1940.

There were many fine players in the team but pride of place goes to Vice-Captain Peter Eakins, whose football at half back was a highlight. John Bandy, the captain, roved tirelessly and often brilliantly. Special praise should also go to the lion-hearted Peter Reader, shrewd rover Ross Nicholas and ruggedly consistent Gavin Williams. Don Wormald was a very solid half back, Mick Warren a most improved ruckman but all players had their good days. Choosing best players over a game or a season is difficult and all players had their successes. We will win that Alcock Cup when all players aim to show skill and general teamwork at the same time.

I would like to sincerely thank Bandy and Eakins for their valuable help in selection, Mr. Towers for his help throughout the season, Tim Hantke for his efforts as Ambulance man and the numerous lads who braved the elements to run the boundaries.

In congratulating them, I say that the 1964 team could have finished equal first. I offer no excuses, but I believe that with more of a 'hate losing approach' we could have beaten both Aquinas and Scotch at least once. Our team work was at times striking but did we all believe we could win? Was our attitude invincible? I think not; when it becomes so, we shall win the Cup. At the end of a happy and successful season I wish all members of the team good luck for the future, wherever they may be.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

Played at Christ Church, Saturday, 6th June, 1964

The opening game for Hale School in the 1964 "Alcock Cup" season was played in overcast conditions on Christ Church's new oval.

In the first half of play, Hale played attacking play-on football with some very good handball being used. However, after half-time Hale relaxed considerably and Christ Church, realising

this, played improved football and the result may have been very different had it not been for defenders Skinner, Wormald and Reader.

Final Scores : Hale, 13.13; Christ Church, 8.11.

Goal Scorers : Mill, 4; Strickland, Hodsdon, Norrish, 2.

Best Players : Skinner, Nicholas, Wormald, Reader, Tarik and Strickland.

HALE SCHOOL v. AQUINAS COLLEGE

Played at Hale School, Saturday, 13th June, 1964

After the previous week's victory, Hale was confident that they could defeat Aquinas for the first time since 1960 and for only the second time since 1947.

During the first half Hale played far superior football to that of Aquinas and were unfortunate to be only three points ahead at half time. In the first minutes of the third quarter, however, Aquinas scored two quick goals. At three-quarter time Aquinas held only a slight lead, but they drew away in the last quarter to win by a margin which did not indicate the closeness of the game.

Final Scores : Hale, 6.10; Aquinas, 11.9.

Goal Scorers : Bandy, 4; Norrish, 2.

Best Players : Bandy, Eakins, Reader, Williams, Mill and Gerloff.

HALE SCHOOL v. SCOTCH COLLEGE

Played at Hale School, Saturday, 20th June, 1964

Scotch started the game magnificently with three goals in as many minutes. Hale appeared to be very lethargic and had no real determination in their efforts to win the ball. Eakins and Bandy were two exceptions; if more of the Hale boys had taken a "leaf from their books", the result could have been very much different. In the last quarter Hale tried to make up the lost ground but, through a congested forward line, had little success.

Final Scores : Hale, 3.8; Scotch, 12.11.

Goals Scorer : Bandy, 3.

Best Players : Eakins, Bandy, Williams, Wickens, Wormald and Reader.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

Played at Guildford Grammar School, Saturday, 27th June, 1964

In preparation for this match, Hale trained almost entirely in the mud-patch at Hale, on the Thursday before.

From the beginning Guildford were the faster, more determined team, and Hale appeared to dislike the mud. Even though Hale were winning handsomely on both wings, many Hale attacks were turned back by the Guildford defence.

In the latter half of the third quarter, however, Hale's forward line functioned more smoothly, so that at three-quarter time we held a slender lead.

The final quarter was a tense slogging affair. Guildford hit the front with a long goal. Hale had many chances to recapture the lead, but poor kicking and stupid infringements lost whatever chance we had of winning the game.

Final Scores : Hale, 4.11; Guildford, 4.13.

Goal Scorers : Bandy, Bishop, Nicholas and Strickland.

Best Players : Wickens, Trinder, Reader, Bird, Bandy and Mill.

HALE SCHOOL v. WESLEY COLLEGE

Played at Hale School, Saturday, 11th July, 1964

In the first half, Hale did not play as a team, and Wesley capitalized on their opportunities. Not until the second half did our Hale side open up their game and play good play-on football. Although Wesley tried hard in the first half, they were unable to match the all-round strength of the Hale team. Players like Nicholas on the ball and Bird on the half forward flank were unchecked by the Wesley backs. Warren and Bandy also gave added strength to the ruck division.

Final Scores : Hale, 12.9; Wesley, 7.7.

Goal Scorers : Mill, 3; Bandy, Tarik, 2; Norrish, Warren, Williams and Hodsdon.

Best Players : Nicholas, Bird, Bandy, Warren, Mill and Hodsdon.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

Played at Hale School, Saturday, 18th July, 1964

Hale, playing a flow-on style of football, was first into attack, but goal-front inaccuracy, due largely to a difficult cross-wind,

restricted our lead. Play was not of a high standard in the strong wind and sudden squalls of rain.

Bandy was proving a great asset in the forward line; his four goals were well deserved and laid the foundations for a solid 27-point win by Hale.

Final Scores : Hale, 6.13; Christ Church, 3.4.

Goal Scorers : Bandy, 4; Nicholas, 2.

Best Players : Bandy, Williams, Hodsdon, Eakins, Skinner and Warren.

HALE SCHOOL v. AQUINAS COLLEGE

Played at Aquinas College, Saturday, 25th July, 1964

An added incentive to defeat Aquinas was given by Coach MacMillan, who offered a trophy to the best Hale player.

The first quarter saw Aquinas kicking with the breeze, but solid defence, particularly by Bishop and Eakins, kept them down to one goal in this quarter. Hale's first goal came in the second quarter, but soon after Aquinas replied. At half-time Aquinas held a narrow lead.

A very determined Hale team took the field in the second half, realising that they had an excellent opportunity to defeat Aquinas. The back-line again played superbly, aided by blinding rain, and at three quarter time Hale, with a slight breeze in the last quarter, looked as if they could win. The last quarter was a tense affair with Nicholas soccering a valuable goal, but this was the only one for the quarter. Aquinas ran out victors by 14 points in a low-scoring game.

Eakins deservedly was awarded the trophy for a magnificent effort in the back line.

Final Scores : Hale, 2.6; Aquinas, 3.14.

Goal Scorers : Nicholas, Williams, 1.

Best Players : Eakins, Bishop, Wormald and Williams.

HALE SCHOOL v. SCOTCH COLLEGE

Played at Scotch College, Saturday, 1st August, 1964

As in previous matches, Hale started very slowly and Scotch quickly seized the initiative. Hale's forwards had limited opportunities because the centre-line was not playing well. Hale lack-

ed the determination and drive which had characterised their display a week earlier. After three-quarter time, however, a revitalised Hale led Scotch a merry dance and goal-scoring seemed easy, but then time ran out with Scotch 28 points ahead.

Final Scores : Hale, 7.3; Scotch, 10.13.

Goal Scorers : Nicholas, 2; Bandy, Strickland, Wickens, Smith and Warren.

Best Players : Eakins, Nicholas,, Warren, Bandy, Strickland and Williams.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

Played at Hale School, Saturday, 8th August, 1964

Mr. Macmillan was in Adelaide coaching the State Amateur team so Mr. Towers took over. The importance of this match was realised by every player in the team. If Hale should win we would occupy third position on the Premiership Table for the first time in about eight years.

Hale started well and goals came easily. Handball was used to advantage to keep the play open and flowing on. The rucks were dominating the play and this made the rovers' job easy. Campbell, making his debut in Cup football, was giving the forward line added "bite" in the forward pocket.

As the game continued, Hale's lead increased and at the end of the game Hale had a resounding 91 points win.

HALE SCHOOL v. WESLEY COLLEGE

Played at Wesley College, Saturday, 15th August, 1964

Wesley opened the game with a quick goal, but from then on Hale dominated the play. Bandy was roving well and his eight goals for the match were well-deserved. As the match progressed so did Hale's lead. At three-quarter time the only interest left in the game was whether Hale could score 20 goals in the match, a feat they had not performed for many years. Even though this was not achieved, the score proved to be the highest score by a Hale team since 1940 and the winning margin the highest since 1927.

Final Scores : Hale, 19.14; Wesley, 3.5.

Goal Scorers : Bandy, 8; Campbell, 3; Nicholas, Warren, 2; Hodsdon, Bird, Wickens, Tarik.

Best Players : Bandy, Eakins, Warren, Rose, Bird and Hodsdon.

HOCKEY

1964 was the most successful year yet in Hale School hockey, the highlight of the season being the first P.S.A. win by the first eleven. Other teams to do well were the 2nd Year "B's" and the 1st Year "B's".

The masters in charge of the various teams were: 1st and 2nd XI, Mr. Poake; 3rd XI, Mr. McMath; 4th XI, Mr. Veth; 2nd Year, Mr. Aitken; 1st Year, Mr. Bennett.

Early in second term it was announced that R. L. Gray would be captain and W. R. Drewe vice-captain of hockey for 1964.

The condition of the hockey fields this year was improved greatly by the addition of sawdust to the surface and for the first time in the last few years training and playing conditions were satisfactory.

Training began towards the end of first term and was also held during the May holidays. The first eleven this year was one of fairly experienced players and these combined into a team stronger in all departments of the game than previous teams. A rock-like defence and a fast co-ordinated forward line were the main features of the team.

During the season David Self became the first Hale boy to be selected in the State Schoolboys Hockey team and congratulations go to him for this achievement.

Thanks once again are due to Mr. Sherwood for his support and his assistance in compiling records of the season's games.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL PLAYED AT CHRIST CHURCH ON 6th JUNE, 1964.

On a fairly bumpy ground at Christ Church Hale did well to contain a slightly stronger side and were unlucky not to win as several easy scoring opportunities were missed. The determin-

ed resistance shown by the Hale defence was a feature of the match and proved to be a feature of the whole season.

Result—Christ Church 2 defeated Hale 1.

Best Players—Leys, Taylor, Drewe.

Goal Scorer—Self.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT HALE SCHOOL ON 13th JUNE, 1964.

The Hale forwards were definitely outclassed in this match and the ball was very seldom in our forward line. It was therefore a credit to the Hale defence that at half-time Aquinas had scored only one goal. However, in the second half the Aquinas forwards proved their worth by adding another five goals.

Result—Aquinas 6 defeated Hale 0.

Best Players—Leys, Self, Milne.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT HALE SCHOOL ON 20th JUNE, 1964.

The ambition of the first eleven to win a match was nearly realised in this game. For the first time in the season the Hale forward line began to function with the result that we were one goal ahead at half-time. Ten minutes from the end the score had not changed. Scotch, however, scored a goal and then, a few minutes from the end, another and the Hale team left the field feeling that they could easily have won.

Result—Scotch 3 defeated Hale 2.

Best Players—Gray R, Gwynne, Self.

Goal Scorers—Gray, R., Self.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT GUILDFORD GRAMMAR SCHOOL ON 27th JUNE, 1964.

The wet, muddy conditions under which this game was played favoured the Guildford team and the school eleven was outclassed but not disgraced by a team whose stickwork was superior to ours.

Result—Guildford 6 defeated Hale 0.

Best Players—Leys, Drewe.

HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT HALE SCHOOL ON 4th JULY, 1964.

This game was fairly even except for the first ten minutes when Wesley scored three goals. After this third goal had been scored the Hale defence tightened up and our forward line began to function. The result of the remainder of the game, one all, was a pleasing one considering Wesley was the top team.

Result—Wesley 4 defeated Hale 1.

Best Players—Drewe, Self, Gray.

Goal Scorer—Gwynne.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

PLAYED AT HALE SCHOOL ON 18th JULY, 1964.

The second round began with the first eleven winning its first match ever in convincing style. With a 2--nil lead at half-time, the Hale forwards went on to score another four goals. Christ Church never once looked as though they would get into the game and were soundly beaten by a jubilant Hale side.

Result—Hale 6 defeated Christ Church 0.

Best Players—Gray R., Self.

Goal Scorers: Fethers 2, Gwynne 2, Self, Gray, R.

HALE SCHOOL v. AQUINAS COLLEGE

PLAYED AT AQUINAS COLLEGE ON 25th JULY, 1964.

After their success of the previous week the Hale team fared badly and never really got going. A solitary goal in the second half failed to improve a disappointing performance.

Result—Aquinas 7 defeated Hale 1.

Best Players—Self, Drewe, Gray, G.

Goal Scorer: Gray, R.

HALE SCHOOL v. SCOTCH COLLEGE

PLAYED AT SCOTCH COLLEGE ON 1st AUGUST, 1964.

In what was probably the best game of the season, Hale started badly and at half-time were down 4--1. The second-half, however, saw Hale add three goals to Scotch's one and, in an exciting finish, just failed to catch Scotch's score.

Result—Scotch 5 defeated Hale 4.

Best Players—Gray, R., Self, Drewe.

Goal Scorers: Self 2, Gray, R. 2.

HALE SCHOOL v. GUILDFORD GRAMMAR SCHOOL

PLAYED AT HALE SCHOOL ON 8th AUGUST, 1964.

After their defeat at the hands of Guildford in the first round, Hale surprised the opposition with a fast, open brand of hockey and were unlucky not to score before half-time. In the second half, Guildford slowed the game right down and used their superior stick to advantage, thus enabling them to score four goals and to win the match.

Result—Guildford 4 defeated Hale 0.

Best Players—Gray, G., Drewe, Self.

HALE SCHOOL v. WESLEY COLLEGE

PLAYED AT WESLEY COLLEGE ON 15th AUGUST, 1964.

Wesley consolidated their position as the top team by soundly beating the school. The Hale team, which was not at full strength, attacked often, but could only manage one goal. After the match, the Hale headmaster presented the Wesley captain with the hockey cup and our congratulations go to Wesley for once again proving themselves the top hockey school.

Result—Wesley 8 defeated Hale 1.

Best Players—Drewe, Self.

Goal Scorer—Drewe.

 Hale 2 d Wesley 0. A good team effort!

Tennis for 1964 opened with the announcement that Mr. Max Bonner, who has been coaching professionally at this school for many years, was to coach the teams on two afternoons a week. This year the school was represented by two senior teams, a First and Second Year team. During the latter half of the season, the grass courts were opened for the first time for training and these proved of great help to players, as all our matches were on grass courts.

The first match of the year was against Christ Church, with the First IV playing at Christ Church and Second IV at Hale.

HALE SCHOOL v. CHRIST CHURCH GRAMMAR SCHOOL

W. R. Corr Competition, 1st IV, played on Saturday, 28th February:

Hale, 1 rubber 3 sets 51 games lost to Christ Church, 5 rubbers 11 sets 76 games.

TENNIS, 1964

N. L. Totter, Mr. G. M. Bennett, W. G. Hodsdon, I. B. Collins, R. Tarik.

In the Mursell Shield, the number one team (the First IV) won its way through to the final where it was defeated by a very strong C.B.C., Fremantle team. The number two team, after defeating St. Louis No. 2, lost to Mt. Lawley High School.

In the Herbert Edwards Cup, the number one team won through to the semi-final, where it was defeated by Northam High School. The number two team lost its first match.

The senior number two team and the first year team were both unlucky in that they lost to Wesley by one set. Had they won, the first year team would have been first and the senior number two second in their respective competitions.

At the end of the term symbols were awarded in tennis to Geoff. Hodsdon, Ian Collins, Nigel Trotter and Ray Tarik.

The captain of tennis for 1964, Geoff. Hodsdon, was announced early in the season.

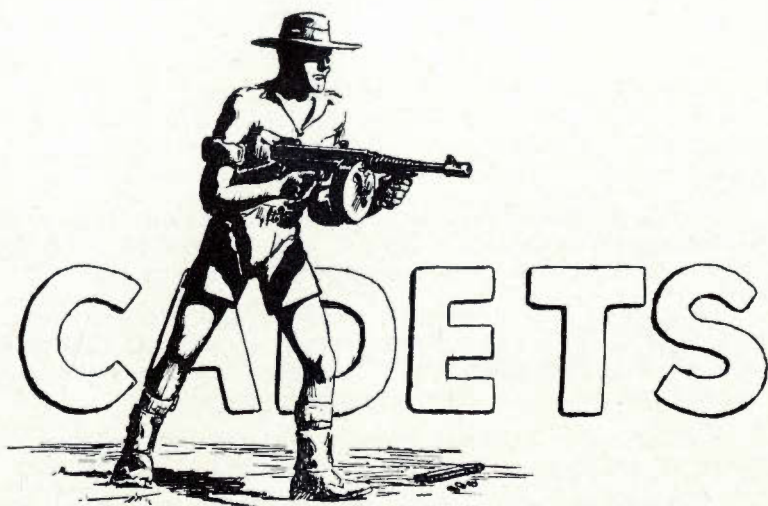

Our thanks for the season go to Mr. Bonner and Mr. Bennett, both of whom put in much of their valuable time to coach the teams and to run them to and from the matches. We look to an even better season next year.

FIRST TERM

The Cadet Year started as usual, with various promotions following Camps at Northam.

To Under Officers: W.O. II Stickland, Sgt. Trinder, Sgt. Bennett, Sgt. Minson. H. Gwynne, already holding the rank of C.U.O., was made Senior Under Officer.

To W.O. II: Cpl. Reader.

To C.Q.M.S.: Cpl. Nicholas.

To Sergeants: Cpl. Williams, Cpl. Irvine, Cpl. Liddell, L/Cpl. Fethers.

To Corporal: L/Cpl. Hantke, Cadets Prince, Johnson, Young.

After the May Specialists' Camp, Cpl. Leys to Mortar Sgt., Cpl. Scott to Intelligence Sgt., Cpl. Roberts to Signals Sgt., Sgt. Court to Band-Major, and Cpl. Darling to Band-Sgt.

This year the Unit was again composed mainly of recruits. Three first-year Platoons were formed, which, with the Band Specialists' Platoon and a Second-Year Platoon, comprised the Company.

The Company was supervised by Lieuts. MacMillan and Lovelady, and commanded by Capt. Wheeler. W.O. II Peterson was welcomed back by those cadets who knew him from the previous year, remembering how his good-natured efficiency had done much to make the Company what it was in 1963.

The Company Band was considerably enlarged this year. A Unit is judged to quite a large extent on its Band, and, now

that Hale's matches those of the other colleges in size, it is to be hoped that its quality will create a good impression for Hale among outsiders.

The First Year Platoons had a shoot on the Mini-Range during the term, and on the last Tuesday of term the whole Company shot, the First Years at Bushmead on a Mini-Range, and the Second Years and N.C.O.s on the open range at Swanbourne. The overall standard of shooting was not particularly high although some good scores were achieved.

SECOND TERM

Parades were held this term as usual, and, by end of term when the Company was due to go into camp, the standard of drill had reached a level necessary to maintain the good reputation that the Unit had built up in the previous year.

A most successful bivouac for the first year cadets was held in July and both cadets and the N.C.O.s who accompanied them acquitted themselves well.

CAMP

Camp is the most important part of the cadet year because it gives the members of the unit a chance to live together under Army conditions and to undertake intensive training.

This camp was made memorable by the fact that several things happened to distinguish it from preceding ones. These included the firing of the Bren by every cadet in the unit instead of the usual .303, the participation of a Platoon in the Legacy Day March, and the fortitude shown by Number One Platoon when faced with a compass march much longer and harder than expected.

In addition, the routine work of Camp, comprising drill, fieldcraft, specialist-training and weapon-training, was carried out well. Mock battles, compass marches and lantern stalks were all used to give a change to the normal routine, and also to give the cadets an opportunity to put their theory into practice. There were, unfortunately, no specialist competitions for Mortar and Signals Sections this year, so we shall just have to take the Specialists' word for it that they were the best in Camp. The Band, however, was being compared with those of other units whenever it played outside Hale lines, and it was fortunate that it reached a standard equal to, if not better than, that held by much longer-established bands.

A very successful Camp was terminated by a Marching-Out Parade in which the standard of Hale's bearing was such that it was an honour to march as a member of the Unit. The Company turned on its best and this exhibition did not go unnoticed.

PASSING OUT PARADE

This being the final and most important parade of the year, every effort was made to give as perfect a display of drill, bearing and general "Barrack square" efficiency as possible.

On the Wednesday and Friday prior to the Parade the Company, in conjunction with the Naval Cadet Unit, went through several complete rehearsals of the movements comprising the Parade. At Northam Marching-Out Parade this year the March Past was performed with the troops in Line, and it was decided that this manoeuvre should be used at this Parade.

There is no finer sight than a large number of well-trained troops on parade with the band playing and the sun shining down upon the scene. The sun, however, did not play its part. Both of our rehearsals had been carried out in magnificent weather but the 'powers that be' decided that we had had our share of sunshine and let us march on to parade with dark storm clouds overhead. This had a certain dampening effect on the spirits, but did not deter cadets, who, having been named the best at Northam, were determined to prove their ability at home. Even a shower of heavy rain could not shake their resolution to succeed, and the Company's bearing remained faultless.

The two Units were inspected by Colonel Howard, who praised the drill and bearing and also pointed out the responsibilities that came with training. He presented the Tobruk Trophy to Band-Major Court, a most popular award.

The Band lived up to its new-won reputation by putting on an exemplary display, and it should be noted that the cadets comprising the Band are founding a tradition, which, in years to come, will be viewed by Haleians with pride.

A generally good year was thus rounded off with a display that made the year's work worthwhile.

In conclusion, on behalf of the Company, we must thank WO2 Peterson, who has won our respect and affection by his hard work and patience, these being the most necessary attributes for any one who has control of cadets.

SHOOTING, 1964.

BACK ROW (l. to r.)—B. W. May, L. A. Underdown, A. R. Johnson, R. H. Bromfield.
FRONT ROW (l. to r.)—D. A. Saleeba, D. J. Stickland, Mr. A. J. Macmillan, K. J. Minson, H. J. Leys.

Shooting

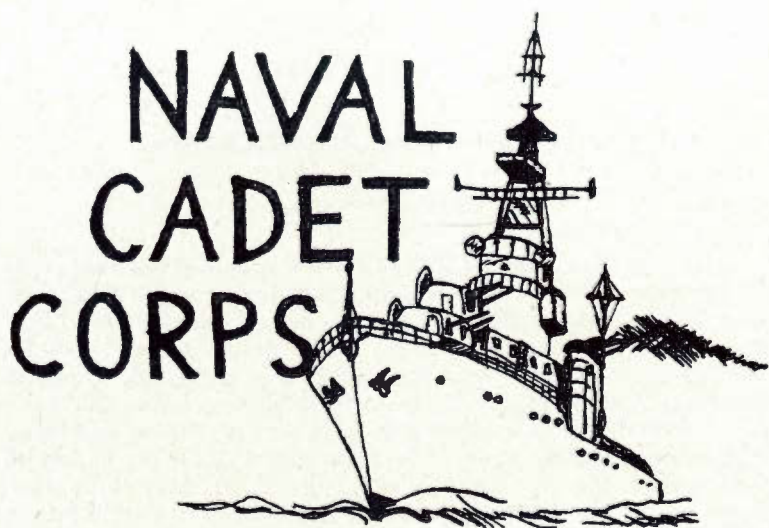

CAPTAIN OF SHOOTING: D. STICKLAND •

AT THE BEGINNING OF THIRD TERM a squad of the best shots in the Army Cadet Unit was selected to train for the Challenge Cup Shoot. Most of this training was done at the School's Mini-Range, using Morris tube rifles. The practice and a certain amount of coaching helped the standard of the whole group to rise to a high level, and the team to shoot was only picked the day before the actual competition from scores attained in a practice shoot at Swanbourne. The team was C.U.O. D. Stickland, C.U.O. K. J. Minson, Sgt. H. Leys, Cdts. B. W. May, L. Underdown and R. H. Bromfield with reserves Cpls. A. Johnson and D. Saleeba.

The organisation of the competition was changed this year in that all shooting was done over 300 yards. The targets consisted of different types of silhouette.

A cross-wind of intermittent strength made accurate shooting difficult, but some rather good scores were obtained. Sgt. H. Leys shot best for Hale and received second prize for the overall competition. The general standard was high and Hale was placed second.

The team must be congratulated on this success, and also we must acknowledge the help of various members of the staff who gave up time to supervise and train the squad. With a large Cadet Unit, a Shooting Club and our own Range, it is to be hoped that the Challenge Cup is soon in Hale's keeping.

FIRST TERM

T.S. CYGNET began the year with Lieutenant-Commander R. G. Harris (S.P.) R.A.N.R. as Commanding Officer. Lieut. B. McEwan, ex Royal Australian Navy, a new member to the staff, was appointed Executive Officer. As a result of the Officers' Indoctrination Course held in the Christmas holidays at H.M.A.S. Leeuwin, Petty Officers G. E. Taylor and W. A. James were appointed Sub-Lieutenants. Sub-Lieutenant P. J. Pearson, who returned to the unit after spending last year in the officers' ranks, brought the total of Cadet Sub-Lieutenants to three.

During both the Christmas and May holidays Cadets were given the opportunity of sailing in the Unit's 27 ft. Whaler or its 14 ft. Dinghy. Almost all the Cadets in the Unit have sailed in these boats at some time during their naval careers.

First term activities consisted of a rifle shoot on the mini-range, rifle drill, theoretical and practical seamanship, and parade drill.

On the 1st March, seventeen members of the unit took part in the 1964 Colours Ceremony and Presentation of Trophies at H.M.A.S. Leeuwin. The unit received the trophy for the Most Improved Unit. Comments were passed on the exceptional bearing of the T.S. Cygnet Cadets at this parade.

Towards the end of the term, T.S. Cygnet moved its store from the old cramped store in the change rooms block to the larger room under the lecture theatre.

McEwan, Sub-Lieut. P. J. Pearson, P/O G. B. Gray, P/O N. R. Wylie.

SECOND TERM

During second term much emphasis was placed on parade ground training. A large amount of the class work was accomplished by the use of films loaned to the Unit by H.M.A.S. Leeuwin.

On 29th June the Unit visited the "H.M.A.S. Sydney", and stayed aboard for about an hour. The next day, the 1st July, Lieutenant B. McEwan assumed the position of C.O. from Lieutenant Commander R. G. Harris.

The annual inspection of the boatshed and unit headquarters was carried out on the dates of the 5th August and the 12th August, respectively. T. S. Cygnet was competing with four other units for the State Colours. The Inspecting Officer, Commander G. Beange, commented on the bearing and practical seamanship of the unit.

CAMP

The annual camp was conducted this year at Garden Island from Saturday, 15th August to Friday, 21st August. The main function of the camp was to instill as much practical seamanship in all cadets as possible. Two whalers were placed at our disposal, as well as a 45 ft. "workboat" from H.M.A.S. Leeuwin.

The weather was fine for most of the camp's duration, and considerable sailing, rowing, and other practical aspects of naval life were taught.

A night exercise was held on the Tuesday night, and because of the quick, disciplined action of the N.C.O.'s, Red Division won by a margin of a few seconds. A second exercise was to have been held the following night, but owing to a heavy fall of rain, it was abandoned. As an alternative, an exercise based on the deciphering of codes was conducted indoors.

During the Camp many friendships were made between the cadets of T.S. Cygnet and the members of the Royal Australian Naval Reserve.

THIRD TERM

Naval activities in third term began with a visit by ten cadets to the British Aircraft Carrier, "H.M.S. Victorious." The cadets sailed with the "H.M.S. Victorious" from Fremantle to a position about a mile from the Harbour. They were then returned to the Harbour by the Pilot Boat, owing to operational

requirements of the carrier. The original intention had been to proceed to a point about 50 miles off the coast and to disembark the cadets by Wessex helicopters.

The only other activity in third term was the Marching Out Parade, which was conducted this year by the Army. T.S. Cygnet maintained a high standard of efficiency throughout the Parade, in spite of drizzling rain.

During the parade, three trophies were presented to Naval Cadets. They were:

- (1) The Vickridge Trophy presented to Leading Seaman Leonhardt.
- (2) The Garden Island Trophy presented to Leading Seaman Dixon.
- (3) The Douglas Brown Trophy presented to Able Seaman Roberts.

At the beginning of third term, the Unit was advised of the results of the Annual Inspection of Boats and Unit Headquarters. In the competition for the State Colours, T.S. Cygnet was placed second; one point behind T.S. Creswell, an Open Unit. Trophies for Practical Seamanship and for the Most Improved Unit were awarded to T.S. Cygnet.

Naturally, the news that T.S. Cygnet had been beaten by one point in the State Colours competition was a considerable disappointment. However, the Unit should pride itself on the fact that never before has it come so close to winning. Next year, with the continued interest of the Parents and Friends' Committee, and the advantage of having recently received new issues, T.S. Cygnet should have an excellent opportunity of winning the 1965 Colours.

CADETS ABOARD H.M.S. "VICTORIOUS"

Mr. Hoar's visit to Charterhouse

In August, 1963, Mr. T. D. Hoar left for the United Kingdom, accompanied by Mrs. Hoar and their four children.

So called "modern mathematics" is being introduced in the United Kingdom through the School Mathematics Project under Prof. Bryan Thwaites of the Southampton University. Texts on the new syllabus have been developed as the result of the collaboration of eight schools in the U.K. Senior mathematics staff in these schools are given time off to introduce the new material, train their staff and write texts. They continue to be paid by their own governing bodies and mathematicians are brought in from outside to do their work within the school. These people are paid by the Southampton University on a scholarship basis. Mr. Hoar's scholarship meant that he was allotted to Charterhouse at Godalming.

The new mathematics, Mr. Hoar said, proved to be interesting and valuable. Generally speaking, it is designed to make mathematics more realistic and places emphasis on the practical mathematics and the understanding of the basis of mathematics. The language and content are different from those of our traditional courses. Great emphasis is placed on the language of sets; much time is spent on the theory and use of the slide rule and Geometry is now learned through Transformations. Importance is placed on the Binary Number System and on Linear programming as an introduction to computing. The latter is the practical use of simultaneous equations and inequations. Statistics, probability and three dimensional geometry add to the usefulness of the course.

Hale will feel the benefit of Mr. Hoar's experience when the new mathematics course, which includes work on sets and inequalities, is introduced in the near future.

Charterhouse is situated some 35 miles from London and was founded in 1611. Today it has 600 boys (all boarders, who live in eleven self-contained houses) and a highly qualified staff of sixty. There is a wide variety of activities within the school; all of which go on at the same time so that each boy is engaged in some activity and the gifted boys do not do everything. The sports include soccer, rugby, hockey, cricket, tennis, fives, squash, fencing, athletics and sailing. Four musicians conduct classes in all spheres of music and there are two full-time art-masters. An active film society is in operation and every week guest speakers of world renown talk to the sixth forms on a variety of subjects. The sixth form (boys of 18-19 years) have their own club at which beer is served. The cadet corps is a combined unit under

the charge of a Lieutenant-Colonel and there are three army personnel working full-time at the school. They have their own equipment which includes two lorries, assault boats, and camping equipment sufficient for the whole unit.

Mr. Hoar was most impressed by the traditions and standards of Charterhouse. He commented on the excellent relationship between Masters and boys; friendly yet respectful. The numerous activities are interesting. Fifty mile hikes, trips to Wales and even to the Continent to see the Grand Prix were not uncommon. Adventure courses and social service groups provided some of the essentials of education.

The experience of the year was most valuable. Apart from attending the S.M.P. courses and instruction in the Cuisenaire method of teaching mathematics to primary children, Mr. Hoar visited many famous schools and universities. During the holiday periods, which were much more generous than our own, he and his family were able to see much of England, Scotland and Wales as well as part of the Continent. The hospitality and the friendliness of the people never ceased to amaze. Mr. Hoar expressed gratitude for the wonderful opportunity that came his way.

Chess Club

President: G. E. TAYLOR

Secretary: R. I. HARTLEY

Treasurer: C. M. SMITH

This year saw a general improvement in the standard of Chess in the school, although there was lack of interest in the club.

In the State Junior Chess Championships held in May, Hale was represented by C. Naylor, L. Prosser, G. Campbell and R. Hartley. L. Prosser finished a very commendable third in the Under 14 division and G. Campbell won the prize for the best played game in the Under 16 division. The team finished second overall in the teams' championship.

L. N. Prosser won the junior section of the school tournament; the senior division has yet to be decided between G. Campbell and R. Hartley. Stirling House were the winners of the House Chess Cup.

Unfortunately, there were no inter-school matches this year.

Music Society

COMMITTEE 1964/65

Chairman: R. I. Hartley

Committee Members: D. C. Atkinson, S. E. Dean,
R. M. Dimond, D. B. Herd, D. T. Irvine, R. A. Ledingham,
K. G. McWaters, G. J. Riley, T K. Waldron.

During first term the Music Society was occupied almost entirely with the production of the opera "H.M.S. Pinafore". Those members of the society not in the opera were engaged in such activities as the formation of a jazz band and of a Cadet Drum and Fife Band, both of which were affiliated with the Society.

At the beginning of Second Term, a new committee was elected. Activities during the Societies' hour in Second Term included a concert by *The Travellers*, a folk singing group at that time visiting Perth. On normal Society days the boys were divided into different groups including a Classical Music Group, a folk-singing group and a part-singing group.

Mr. G. M. Bennett, the master in charge of the society, and R. I. Hartley, a member, are to be congratulated on their success in the W.A. Music Festival held in July. They won the Men's Operatic Solo and the Boys' Solo respectively.

Hale School was the host school for the Inter-school Music Society evening this year, held in the Memorial Hall on the 7th August. Items were contributed by a large number of Schools. The standard of the items was very high. Those contributed by Hale School were the Junior School Band, The Jazz Band and a piano solo by S. Kessly. David Irvine acted as host for the evening.

In all, it has been a successful year for the Society, the interest of most members being sustained throughout the year. The year has seen great improvements in the standard of music in the school, especially that of the Cadet Band, and has helped to enhance the reputation of Hale School as a musical school.

THE OPERA

On May the 1st, 2nd and 4th, Hale School's second opera, *H.M.S. Pinafore*, was performed in the Memorial Hall. The opera involved 130 boys and many parents, friends and Old Boys.

Particular thanks must go to Mrs. J. R. Prince, Mr. W. B. McEwans, D. J. Stickland and the boys of 4S for many hours of labour. The further development of the Opera tradition in the school was reflected in the good spirit of the cast. The huge audiences of 2,650 over three nights, spoke for the success of the Opera.

Other "Props"—We are very thankful to the following who lent articles for the production: Dr. P. W. Atkins, Messrs. C. G. Cain, J. H. Hanson, K. S. Jones, R. H. Liddell, J. B. Roberts, E. A. Taylor, H. Thomson, Rev. L. W. Riley and Mrs. V. M. Thompson.

Special Acknowledgments—The Hale School Music Society wishes to express its deep appreciation to Mrs. G. M. Speller for her most capable and untiring assistance as our accompanist at all major rehearsals; to the C.T.A. Orchestra, who gave so willingly of their time and talents; and to Mr. S. Brown for his generosity in making available his grand piano for our production.

The success of the production was largely due to the tremendous efforts of the producer, Mr. J. D. Bambach, and the musical director, Mr. G. M. Bennett. These two men worked in perfect harmony with the cast and blended the raw talent into a fine opera cast. We cannot thank these gentlemen enough. Their efforts were beyond praise; their contribution was priceless.

CRITIQUE

The singing and acting of both principals and chorus reached a high standard. There was evident in the performances a delightful sparkle, and a polish that reflected the hard work cast members had put in over several months of rehearsal.

G. J. Glover (Sir Joseph Porter, K.C.B.) showed himself to be a "natural" G. and S. artist in a most mature and convincing performance. D. T. Irvine (Captain Corcoran) had a fine stage presence and, through accomplished acting, exposed many of Gilbert's subtleties. G. H. Gwynne sang and acted with a great deal of sensitivity as Ralph Rackstraw. D. H. Haselhurst (as the misanthrope, Dick Deadeye) and R. I. Hartley (as Sir Joseph's favourite cousin, Hebe) showed the benefit of their previous experience as G. and S. principals (in "Pirates of Penzance", 1962) with clever character portrayal and clear, confident singing. The

fair Josephine, played by D. C. Atkinson, caught many an eye and delighted many an ear; in a word "Beautiful"! M. C. Bennett was a brisk, robust Boatswain, with a rich baritone voice. G. R. Cain, playing the most difficult part of Buttercup, handled the part courageously.

The so-called minor principals also performed most commendably. They were the two splendid mates to the Boatswain, R. W. Liddell and S. E. Dean; the Sergeant of Marines, G. E. Taylor (whose efficient, lusty orders nearly brought the house down!) Midshipmite W. L. Wallis (a pat on the back "for you little man"), and that quartette of ravishing beauties who won many a heart, T. K. Waldron (Agatha), A. T. Irvine (Catherine), R. A. Ledingham (Margaret) and G. J. Riley (Prudence).

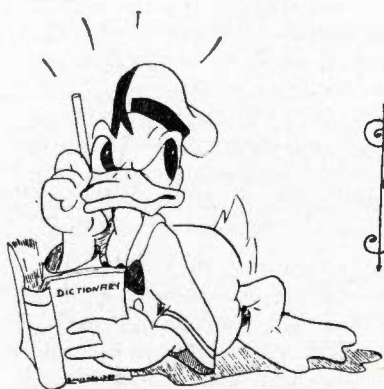

The members of the male chorus moulded themselves into an imposing group of hearty, proud British tars who sang and acted with life and gusto. The "female" chorus, the sisters, cousins and aunts of Sir Joseph, looked really "rapturous" and sang "sweetly". Each "girl" wore a wig and dress which were styled and made to fit each individual's Victorian personality. The three marines, G. E. Taylor, D. J. Stickland and I. V. Wickens, were excellent in bearing and drill.

Charities Contributions

Following last year's large sum of donations raised for charity, this year's total proved rather disappointing. Having no element of inter-house rivalry, the weekly contributions of most day-boy houses compared unfavourably with last year's figures. It is to be hoped that in the future the school will not rely upon the two boarding houses to provide the greater part of the annual total.

The £280 raised this year was distributed as follows:—

Red Cross Appeal, £30; R.S.L. Appeal, £10; Save the Children Fund, £50; Flower Day Appeal, £10; "Daily News" Orphans' Appeal, £25; Slow Learners', £15; Spastics Association, £15; Blind Association, £15; Allawah Grove, £5; Bush Church Aid, £20; Paraplegics Association, £10; Deaf and Dumb Society, £10; Parkerville Homes, £5; St. John Ambulance, £5; Underprivileged Children, £5; Protestant Missions, £50; Total, £280.

Debating Society.

THE FIRST MEETING OF THE DEBATING SOCIETY, at which Mr. C. J. Ashman, the Master-in-Charge of Debating, presided, heralded the election of the Debating Committee, viz.:

President: P. J. Pearson; Secretary: R. L. Gray.

At once the members of the Society began exploiting the allotted hour given each week, by involving themselves in lively discussions on a wide range of topics.

From week to week the attendance at the Society meetings increased as word spread around that controversial and correspondingly very interesting topics were being scrutinized by the Society.

Unfortunately, the school could only participate in two Interscholar debates; the first being against Methodist Ladies' College, at which the honours were shared, and the second being against St. Mary's. The latter (a Sub-Leaving debate) showed that the quality of debating at this school next year will be of a high standard. The second half of the evening at this debate consisted of a combined Hale-St. Mary's panel which discussed topics provided by the audience.

This year there were not enough Interscholar debates but the "Societies" period discussions compensated for the lack of competition.

Library Notes

MASTER-IN-CHARGE: Mr. R. G. QUADE-SMITH

LIBRARIAN: Mrs. E. STUIVER

A lot of new books have been put into the library this year, but it's hard to take them out. A book-card, as well as a reader's card must now be filled in before a book is legally borrowed. Some fear that this is a double-check on who has what (which it is), but the big advantage is the time saved by the librarian when recording loans.

English (including fiction), Geography and History and Economics sections have been well filled out. All other subjects have had some additions, not forgetting "outside" interests, but Science and Maths still need much building up. The Science block libraries for Physics and Chemistry have been catalogued, classified and book-carded, with the help of Mr. Saveliev. He now controls borrowing there.

A library prefect, A. C. Watson, was appointed, but no committee was chosen this year. Boys have, however, been co-erced into helping with such forbidding work as sticking a book-pocket in every book in the library and cutting plastic covers.

The school library aims to tell everyone what he wants to know, but more than this: to surprise him with valuable unexpected "finds".

Encouraging signs are :

- The windows display of new book jackets has attracted a big variety of comments and many enquiries.
- Many more boys are learning their way around the reference section, especially the Encyclopaedias and the Dictionaries of Biography.
- Most forms have some period in the library, usually for English, History or Economics.
- Almost all boys have borrowed books.
- Both boys and masters have suggested new books and periodicals.
- The library is often crowded at lunch-hour.

—The periodicals are very popular.

—Some boys have made good use of the library for private study, especially after school.

We are very grateful to Mrs. C. A. Flood and Mrs. M. C. Bolton for the many plastic book covers they have made and to the member of staff who built a library trolley. Thanks are also due to those who have donated books and magazines: Mr. E. Barrett, Mr. P. Holmes, Mr. W. Holywell, Dr. G. Lilburne, B. Nathan, Mr. J. R. Prince, Mr. B. Simpson, Mrs. I. I. Walker, and the "Old Boys".

Chapel Notes

The year began with a subdued atmosphere in our Chapel Services. We missed the leadership in singing and in attendance at Communion of the senior boys who left at the end of 1963.

Gradually things improved and the third term saw our worship somewhere near the high standard of last year. The only disappointing feature remaining was the fact that many senior boys were not providing the example of attendance at Communion we have come to expect.

With Mr. Bennett no longer a resident housemaster, the provision of a pianist for Evensong posed a real difficulty until Sister Green volunteered. We were most grateful for her really competent accompaniment—despite her self-doubts. Mr. Bennett returned to us for most of the third term. We will miss both these good friends at our services next year, and will be remembering them in our prayers.

At the Confirmation, Archbishop Appleton laid hands on twenty candidates. A fine crowd of parents and friends were present and of course we are always delighted to welcome visitors to our services.

A number of visiting preachers addressed us this year—Father Mark Haynes, S.S.M., the Reverend J. Mills, Archdeacon F. Guest, the Reverend David Martin, the Reverend Jeremy Harrold, the Reverend Normal Hall, the Reverend L. McIntyre, Canon K. Halley and the Reverend F. Eccleston. To them and to our Headmaster we are most grateful.

Owing to our accompanist difficulties little progress was made in our Chapel music, but we are working towards a Carol

Service on the last Sunday of the third term and this is to be our most ambitious undertaking in church music.

The collections at Evensong were not good. Our expenses are not great and so this is not serious, but the boys could afford to be far more generous. From collections, £5/5/- was given to the Wollaston College Chapel Fund and £10/10/- to Hale School Chapel Building Fund. Thirty new kneelers were purchased.

Attendances at Communion continued at about the same level as last year, averaging thirty per service. Early in the year every Communion saw a few boys unable to see the service through. It was decided to shorten the service and to supply the boys beforehand with milk and biscuits to keep them going. These measures succeeded and will be continued. It is months since anyone has had to go out during the service and numbers attending have increased.

Language Camps

The Modern Language Teachers' Association French and German camps were held at Point Peron during the August holidays. The aims of the camps were to promote interest in the spoken language and to give students from metropolitan and country high schools practice in oral work. Activities included films, plays, sport and conversation. Hale School was represented by B. C. Donaldson at the German camp and by D. T. Irvine, R. I. Hartley and B. C. Donaldson at the French camp.

GERMAN (D.A.S.) EXAM. RESULTS

Again this year, the D.A.S. (Deutsch-Australischer Sprachverein) conducted oral and written German exams. for all age groups and once again Hale was well represented.

Prizewinners were :

- i. S. P. Saunders (3L).
- ii. D. C. Atkinson (2L).

Distinctions were gained by :

B. C. Donaldson (4A), R. I. Hartley (4A), C. J. Prosser (4A), J. B. Massey (3L), G. A. van Hazel (3L), H. J. Rance (2L) and L. J. Sharp (2L).

Passes for :

R. A. C. Cullen (5A), J. A. Bougher (1L) and P. M. Clifton.

Junior School Notes

The Junior School has completed another successful year. A new classroom has recently been added and will accommodate Grades 1, 2 and 3 in 1965.

Our thanks are extended to the ladies of the Tuckshop Committee who have worked tirelessly to provide excellent lunches on all school days.

From the profits of the tuckshop a T.V. receiver was purchased last year, and this year a Bell and Howell sound projector has been ordered. These will be used as teaching aids in all grades.

JUNIOR SCHOOL INTER-HOUSE SWIMMING SPORTS

At 1.45 p.m. on Thursday, the 5th of March, the swimming sports were held at our modern pool. It was a very pleasant day and the swimmers were encouraged by the cheering of their respective teams. It was very pleasing to see so many adults and we hope to see as many next year.

Following are the successful swimmers:

- Under 13, 50 Yds. Freestyle—G. Knight 1, J. Boxhorn 2, G. Cadd 3, G. Woods 4. Time, 39 sec.
- Under 12, 50 Yds. Backstroke—A. Yates 1, I. Sandover 2, J. Blackman 3, M. Young 4. Time, 43.5 sec.
- Under 11, 25 Yds. Breaststroke—D. Lilburne 1, G. Draper 2, P. Wainwright 3, C. Harper 4. Time, 28 sec.
- Under 10, 25 Yds. Freestyle—T. Davis 1, G. Sandover 2, A. Pursell 3, M. Prince 4. Time, 17 sec.
- Under 9, 25 Yds. Breaststroke—R. Sandover 1, A. Gollow 2, R. Wolozney 3, R. McCallum 4. Time, 31 sec.
- Under 13, 50 Yds. Backstroke—J. Boxhorn 1, G. Knight 2, G. Cadd 3, G. Woods 4. Time, 49 sec.

- Under 10, 25 Yds. Backstroke—T. Davis 1, G. Sandover 2, M. Prince 3, A. Pursell 4. Time, 24 sec.
- Under 9, 25 Yds. Freestyle—R. Sandover 1, A. Gollow 2, R. Wolozney 3, R. McCallum 4. Time, 20.4 sec.
- Under 13, 50 Yds. Breaststroke—G. Knight 1, P. Evans 2, S. O'Neil 3, D. Freebairn 4. Time, 57.2 sec.
- Under 12, 50 Yds. Freestyle—J. Blackman 1, A. Yates 2, G. Watson 3, I. Sandover 4. Time, 38 sec.

Under 11, 25 Yds. Backstroke—D. Lilburne 1, C. Harper 2, D. Caldwell 3, I. Gollow 4. Time, 21.6 sec.
 Under 10, 25 Yds. Breaststroke—A. Pursell 1, S. Mack 2, T. Davis 3, I. Beeson 4. Time, 26.2 sec.
 Under 9, 25 Yds. Backstroke—R. Sandover 1, A. Gollow 2, R. Wolozoney 3, R. McCallum 4. Time, 27 sec.
 Under 11 Dive—G. Sandover 1, D. Caldwell 2, C. Lankester 3, C. Harper 4.
 Open Relay (turn and back)—Green 1, Red 2, Blue 3, Gold 4. Time, 2 min. 36 sec.
 Under 11 Relay—Blue 1, Green 2, Red 3, Gold 4. Time, 1 min. 26 sec.
 Under 10 Relay—Green 1, Gold 2, Blue 3, Red 4. Time, 1 min. 31 sec.
 Open 100 Yds. Freestyle—T. Davis 1, I. Sandover 2, A. Yates 3, G. Knight 4. Time, 1 min. 30 sec.
 Over 11 Dive—G. Cadd 1, S. O'Neil 2, P. Evans 3, G. Dungey 4.
 Under 11 Paddlesteamer—A. Pursell 1, T. Davis 2, C. Naylor 3, I. Morrison 4.
 Over 11 Paddlesteamer—G. Woods 1, J. Blackman 2, M. Davis 3, G. Kailis 4.
 Under 11 Underwater—D. Lilburne 1, D. Caldwell 2, I. Gollow 3, I. Anderson 4.
 Over 11 Underwater—I. Sandover 1, S. O'Neil 2, G. Cadd 3, J. Blackman 4.
 Beginners—L. Craig 1, R. McCallum 2, I. Beeson 3, J. Wright 4.
 Over 11 Butterfly—A. Yates 1, G. Watson 2, J. Blackman 3, M. Davis 4.
 Under 11 Butterfly—T. Davis 1, G. Sandover 2, M. Prince 3, A. Pursell 4.
 Over 11 Life-Saving Pairs—P. Evans and G. Dungey 1, G. Woods and S. O'Neil 2, I. Sandover and J. Blackman 3, M. Young and T. Clarke 4.
 Under 11 Life-Saving Pairs—J. Telfer and D. Lilburne 1, A. Pursell and G. Sandover 2, T. Davis and P. Wainwright 3, D. Caldwell and T. Morgan 4.
 Medley—Green 1, Gold 2, Blue 3, Red 4.

CHAMPIONS:

Under 13—G. KNIGHT; runner-up, J. BOXHORN.
 Under 12 (equal)—A. YATES and I. SANDOVER.
 Under 11—D. LILBURNE; runner-up, C. HARPER.
 Under 10—T. DAVIS; runner-up, G. SANDOVER.
 Under 9—R. SANDOVER; runner-up, A. GOLLOW.

FINAL POINTS:

1. GREEN	..	265 pts.	3. RED	..	117 pts.
2. BLUE	..	156 pts.	4. GOLD	..	74 pts.

We were very pleased to include two new events: the Under 11 and Over 11 Butterfly and Life-Saving pairs. The trophies were presented by Australia's swimming captain, David Dickson.

JUNIOR INTER-SCHOOL SWIMMING SPORTS

On Thursday, the 12th of March, at 1.40 p.m., the Junior Inter-School Swimming Sports were held at Guildford on a very warm day; the competition was enjoyed by spectators and com-

petitors alike. The Hale boys were greatly improved and gained eleven 1sts, nine 2nds and six 3rds. We were very pleased to see so many supporters. Our thanks go to all parents who provided transport.

ARBOR DAY

On Wednesday, 1st July, Hale Junior School celebrated Arbor Day.

This year it was rather more special than usual, as one of the trees planted was a memorial to a class mate of ours who died last September.

The service, attended by all the boys of the Junior School and some parents, was conducted by our chaplain, Mr. Davis. At the conclusion of the service the choir sang “The Lord is My Shepherd.”

After the service everyone gathered around a spot chosen for the planting of the tree in memory of Ross Pinner. This spot will overlook a future playing field. George Kailis, a close friend of Ross, planted the tree and a beautifully engraved plaque was placed by the tree.

Other trees were planted, including one for Mr. Mills’ grandson, Seane Martin, and the other for Mr. Lovelady’s son, Mark.

In years to come we will always remember Arbor Day and Ross Pinner.

THE DESTRUCTION OF PERTH

In the city everything is normal, peaceful, the inhabitants unaware of the fate that awaits them.

Suddenly, from the distant hills, arises a huge tidal wave. As though it was the will of God, this mighty power rushes down upon the city dwellers to destroy them all. The people dash about everywhere like ants fleeing from a human's clumsy feet. The wave steadily envelops them. The Swan River develops from its normal calmness to a mass of rolling surf and flying spray. An old oak tree appears to be weeping, as though it has neither the strength nor courage to get up and flee from this holocaust.

The wave passes, leaving everything in total ruins. The birds sing a melancholy, but sad tune, as though to stress their gratitude for being the sole survivors, and also to mourn the loss of their human associates. "And the eyes of the sleepers waxed deadly and chill, their hearts but once heaved and forever grew still."

—Robertson. 1 S,

The stark staccato of gun and stone
 Renders chessmen to scarlet bone
 And mingles the blood of races.
 This black and white traces
 A pathetic path of violent hate
 That leads to nought but stalemate,
 For a pawn is white or a pawn is black.
 What part of one does the other lack?

HUNTING

Into the jungle
 The grave hunters go,
 A man with a rifle,
 Or arrow and bow.

They hunt for the deer,
 The fox and the buck,
 Even though sometimes
 They don't have much luck.

A DOSE OF PHYSIC

Physics is a ghastly dream,
This subject is most dreary,
With Archimedes' principle,
And much-learned Pascal's theory.
There's mass and weight and force and power
And co-efficient friction;
And Joule and erg and moment's work
I'll have to learn my diction!
There's lots of watts of energy
Kinetic and Potential;
There's miles per hour and feet per sec.
This knowledge is essential.
Acceleration, dyne and poundal
And, of course, velocity;
There's Newton's law and Boyle's law
And measured coal porosity.
There's absolute and centigrade
And lots of others too,
But so you won't get too confused
I've mentioned just a few.
Of laws and calculations I
Am sure there are a myriad,
And I will have to learn them *all*
"Cos Physics is next period!

ROTTNEST: WEST END

With rush and windy wail
It sprays its salt on firm, safe ground,
Crashing at tempest force, this gale
Goes smashing in with shivering sound.

Advancing mountains of froth,
White horses, prancing, trident spurred,
And thundering legions of wrath
Drowning mortals' every word.

The Sea-King venting Anger's strife
On land and life, with methodical plan
To lash land's end with watery knife
And undermine the very base of man.

LAND OF CAANAN

We hear a sudden cry of pain,
The smell of blood flows through the air,
Now we hear the cry again,
And we're sure we know from where.

And we're sure we know from where
Someone calls for aid,
Whimpering on the frightened air,
Making all the pupils afraid.

Making every pupil afraid,
Wrinkling up his little face,
As he cries again for aid,
And we're sure we know the place.

And we're sure we know the place.
Where the victim gets the cuts,
And the tears fall from his face
At such a quickening pace.

SNAKES AND LADDERS

I learned to play the game of Snakes and Ladders before I could read. It is a simple game where you struggle to rise up the ladders to reach your goal, and then, when you make a mistake, you slip back down along the scaly wet back of a leering snake. If the mistake is not bad the snake, and hence the fall, is small, but, if the mistake is big, so is the snake. I enjoyed the game for it was fun for a simple mind.

To my amazement I discovered that I started playing this game when I was born and I will never end it until the goal is reached. But what is the goal? Is it death? Or is it a complete sense of achievement?

Life is a maze of snakes and ladders with people climbing and slipping. I know when I am climbing. I also know when I am slipping and I always land with a plonk. Perhaps I will know when I get "home" to that goal; perhaps not. I hope it is a complete sense of achievement and not death, because, if I have gained what I wanted, then facing death is easy because there would be no more ladders; only a straight even path.

HIS PRESENCE - A Plea for Simple Faith

The Muse has filled to Nature's brim
 The lustre and the love of Him
 To flow o'er us, who cannot see,
 But by reflection, what is meant by Thee.

For Thou art love and lasting joy
 Who, in His wisdom, does employ
 Thine own hand mirror, Nature dear,
 To thus reflect Thy presence near.

When evidence around us does abound,
 Then here the simplest faith is found,
 And surely God, Thou wilt allow
 That "Thou art here, we know not how."

 NEW ZEALAND

Where volcanos blow their top,
 And the hotpools bubble and steam,
 Where the geysers never stop,
 It's truly a tourist's dream.

 And in the valleys down below,
 The rushing rivers lie.

The natives and their families,
 Form the happy Maori band;
 That help to make the beauty—

ONE NIGHT

The wind doth blow,
The fire doth glow.
A little boy sleeps in his bed in a lovely homestead,
The moon is bright,

As Dad takes off his boots,
Out goes the light,
Out goes the light, goodnight.

Preparing to fly the nest,
Needing a mate to join him,

To-day they lay their hands on me,
To-morrow it may be you!

“ . . . WILL WE, OR WHAT?”

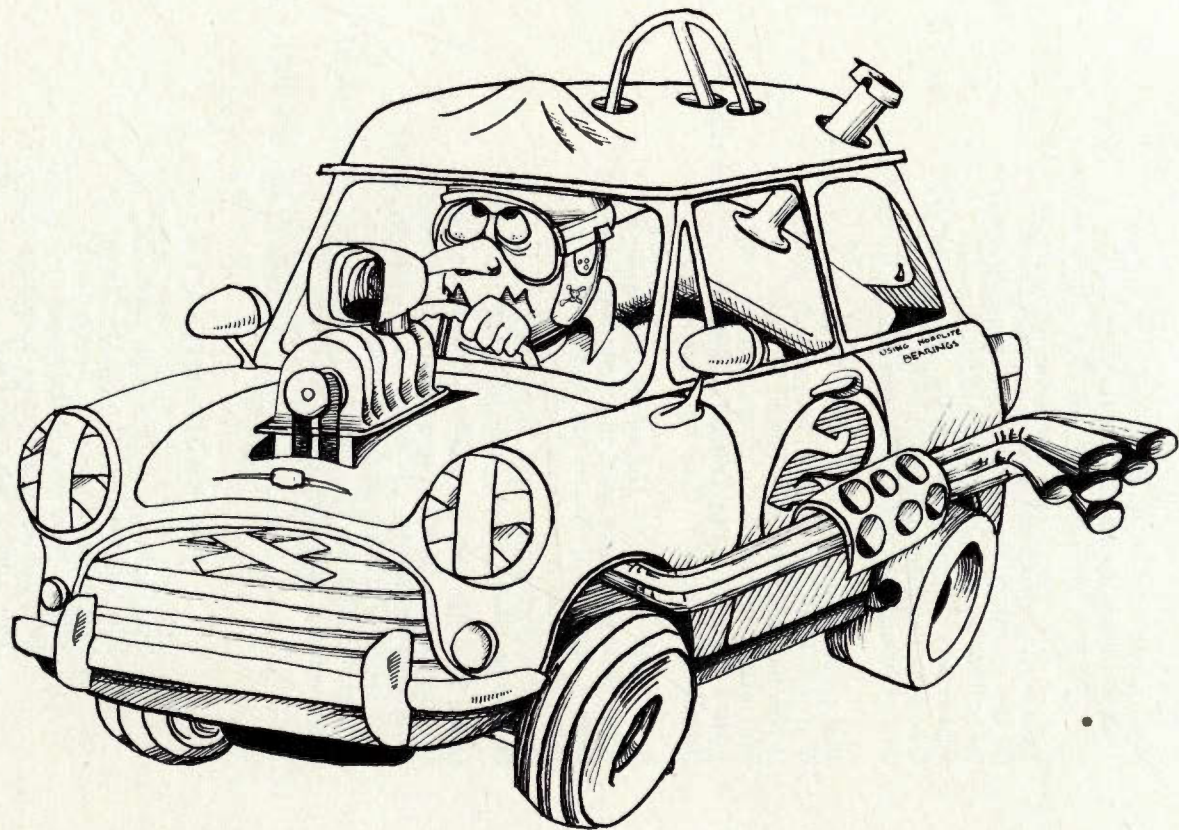

He faced the team with a serious air:
 “I’ll weep for joy if you beat them there,
 So scorch over the earth to get that ball,
 And don’t ever get beaten, will you, at all!!
 The alarming rapidity with which they clear a ball
 Makes our speed completely farcical.
 To be ferocious we’ll develop new tricks
 To get that ball between those sticks.
 I’m not particularly concerned with acting like mothers—
 Will you pay attention, Eakins and others!
 When you get near that goal, don’t forget to have a shot,
 And all of us are fit, are we, or what? HMM!”

The great day arrived and the sky stayed blue,
 The team was so fit it just wasn’t true.
 He then called the roll and cried “Great Dickens!
 Hey - you - Joe - quick, fetch Wickens!”
 At last he came and he jumped for joy,
 He patted his back and said “You’re a King my boy!”
 They ran to the field and entered the fray,
 This was to him his glorious day.
 He stopped a fight and said, “Now, boys, no fuss,
 And soon the game will fall out around us.
 It’s all in the mind,” and so, in a flash,
 “Togetherness” prevailed and they won the match.
 He then epitomised and said without shame
 “To use an expression I shouldn’t — great game!”

A BAD COMPLAINT

Sitting in his rocking chair
 Mr Toad in bleak despair
 Decided he would eat a pear
 But having bad teeth with which to eat
 A pair of falsies would be a treat.
 So off he set the next fine day,
 To a nearby town called Mandalay,
 He went to his dentist, Mr Kent
 Who told him that his teeth were bent,
 So with a pair of pliers and lots of pain
 Mr Toad can now eat again.
 So children remember when you’re young,
 Don’t eat lollies and make your teeth bung.

THE GEOGRAPHER

WHERE IS IT? WHAT IS IT? WHY IS IT THERE?

With places you know of, how does it compare?

Take Bristol in England, take Perth in W.A.,

Compare and contrast them, for that's the best way.

Take a river perennial, take a seasonal creek,

Of the source of the Nile, do you sensibly speak?

Its latitude's low and its altitude high,

Which way does it flow? *Up* the map to the sky?

Do rivers flow upwards, for North's at the top!

Or northwards perchance *downstream* as they drop?

This country you speak of! What lands lie next door?

Is it rich in its minerals or exceedingly poor?

Is rice its main crop or is cotton or cane?

Will wheat ripen quickly or spoil in the rain?

What's the temperature range? What's the rainfall regime?

How hot is it really? How hot does it seem?

Is it bigger in area — the whole conurbation?

What boundaries are used to assess population?

Does it stand on a river, a hill, or a lake?

What ores does it smelt and what does it make?

Or is it a port with a vast hinterland?

Or placed where routes meet by air or by land?

Is the land flat or hilly and how can you tell?

Do the contour lines tell you and if so, how well?

Does your knowledge all vivid, geographically glow?

How much of this place do you vividly know?

Is your WHERE IS IT? WHAT IS IT? WHY IS IT? clear?

If so, we've a very fine geographer here.

NUTS

The elephant, gigantic beast,
 Stands over ten feet tall.
 On peanuts does this mammal feast;
 Millions are thrown in his stall.
 Humans, however, eat very few,
 The elephant eats them all.

 Is make the elephant small.
 If he was made four inches high,
 Less peanuts would him satisfy.
 So you can see that there would be
 More nuts for you and me.

THE TIMBER MAN

The timberman was wakened by the scratching on the door
 Of his faithful canine kelpie, who with his punctual paw
 Had come to rouse his master, as he'd always done before.
 Another day had dawned, a hard day's work ahead,
 He liked his timber cutting, but much preferred his bed.
 He grasps his axe with knotted hand
 And sets off for the timber land.
 He trudged the track and crossed the creek
 While the birds above fluttered and shrieked.
 He arrived at length at the timber tall
 Held firm his axe and swung with all
 His mighty strength.
 Unceasing were the cutting blows
 Till the forest rang with loud echoes
 Of "Timber! There she goes!"
 All day he toiled as timbermen must,
 Felling giants, bringing down to the dust
 Nature's sacred edifice.
 The day passes on as the sun sinks low,
 'Tis time to cease toil and homeward go
 To his well-earned rest, by the fireside's glow.
 But the morrow will bring more blisters to hand.
 Yes, life is hard for the timberman.

OFFICE BEARERS, 1964

President: Dr. J. T. IRVINE

Vice-President: E. V. BLACKMAN

Treasurer: J. S. CUMPSTON

Secretary: J. N. FERGUSON

Committee:

J. Deykin, J. Wilkins, T. H. Sharp, R. B. Gregson, A. Wall,
H. Wheatley.

PRESIDENT'S REPORT

Gentlemen,

I would like to present the Annual Report of the Old Haleians' Association for 1964.

The Office Bearers and Committee were as shown above. The only alteration occurring during the year was the election of E. V. Blackman to replace T. A. O'Keefe as Vice-President.

The Committee has met regularly at the Old Boys' Room in Cygnet Hall, and all meetings have been very well attended.

At the first meeting of the year, sub-committees were formed to handle the various activities of the Association. I will make further reference to these later.

Finance

The Finances of the Association have prospered during the year, and despite slightly heavy commitments with Scholarships, etc., we have been able to transfer more moneys to Life Membership Investments; and the Committee has approved the investment of these moneys in the Home Building Society. I will leave the financial details to the Treasurer, who will, no doubt, explain them more fully.

There is still a lag in the payment of subscriptions. Some members apparently feel embarrassed because they have allowed themselves to come into arrears. This can easily be overcome by the payment of a Life Membership, which saves the member the problem of repeatedly forwarding his subscription, and the Treasurer the even greater problem of arranging its collection. It is pleasing to note that an increasing number of Old Boys are using this method, and that in response to a letter to the parents of boys leaving school, a number have enrolled their sons as Life Members as a final school "payment".

It is hoped the day will arise when the interest from these accumulated funds will be sufficient for the financing of the Association, and allow more generous scholarship awards.

Membership.

During the year, nine members transferred to Life Membership, and ten new members joined initially as Life Members. However, I feel that there are still too many Old Haleians who are not members of the Association, and it behoves every one of us to encourage these old boys to renew their closer ties with the official body, The Old Haleians' Association.

Social Activities.

Under the Committee headed by K. S. Jones, the Social Committee worked extremely well in organising the usual functions. Despite this work, their efforts were only rewarded with moderate success. The launch at the Head of the River was unfortunately only filled to half capacity; however, those who did attend all agreed that it was a most enjoyable day. We must see that there is a better response next year.

The Public Schools Association Ball was again a success. However, our own main functions, the Golf Day and the Annual Dinner were not as well attended as in previous years. This was most disappointing, as the Committee had had to overcome more than the usual number of difficulties before the fixtures could be arranged.

The Country Dinner held at Wongan Hills was well attended, and a most delightful weekend was had. Much credit must be given to the Robinsons, father and son, who combined so well with the Social Committee in the organisation.

Sport.

The Old Boys added to their excellent record in the sporting field by again winning the Old Boys' race at the Head of the River, and the Old Boys' Relay at the Inters.; as well as the Golf Shield for Combined W.A. Old Boys.

Cygnets Hall.

The Cygnets Hall Committee this year, under the direction of R. Newman, faced up to an extremely difficult situation. The development of Stomp type of dancing has caused such problems that they have had to refuse bookings of the Hall for this type of entertainment; and after consultation with the Board of Governors, who generously agreed to waive rents, it was decided that the Hall should not be let for regular public dances of any sort. From the financial point of view, this is most unfortunate, but essential for the good name of the School and of the Hall. It is to be hoped that Old Boys will remember this excellent facility when they are arranging either entertainment or business meetings.

"The Cygnets".

You will all have received a copy of "The Cygnets", and I am sure you will ask me to convey to the school our congratulations on its production, and to thank them for their very generous treatment of the Old Boys in regard to its supply.

"The Old Haleian".

Four copies of the Magazine have been produced this year, and John Deykin and his Committee are to be congratulated on maintaining the standard which has been set. Old Boys should remember that, although this publication has a limited circulation, it may well be an excellent medium for their advertising.

Scholarship.

The Headmaster has reported very favourably on the student to whom the Old Boys' Scholarship was awarded.

The Board of Governors.

During the year, the Old Boys' Selection Committee re-appointed L. E. Fethers for a further four years to the Board of Governors.

War Memorial Association.

The active work of this Association should now have ceased; but, as there are still a number of promises that have not yet been honoured, the members have continued to serve. During the year, further additions to the Hall—Honour Boards and an upstairs carpet to deaden the noise—were supplied. The seats which were purchased last year, having been re-covered and painted by the boys of the school, were in use at this year's very excellent production of *H.M.S. Pinafore*.

There are several matters to which I would like to draw your attention. South Australia has almost formed its own "charter" of Old Haleians. These members meet regularly and show an interest in the School and Association that would be a credit to many who are more favourably situated geographically. I would personally like to congratulate these members, and hope that they may prove an inspiration to some of our other members who are marooned away from home.

It was pleasing to us all to see one who was so interested in the Association for so long elected to the highest civil office. We all congratulate the Lord Mayor, Charles Veryard, on his appointment.

Finally, I wish to thank all members of the Committee for the excellent work they have done throughout the year, and especially those past Presidents who regularly attend meetings and add their wealth of experience to the deliberations.

Gentlemen, I thank you all for the opportunity of serving as your President. It has been a most interesting and rewarding experience.

J. T. IRVINE,

President.
